<p>We are a male lineage society in the United States, each Son of the American Revolution can document themselves directly to one/or more Patriot Ancestor/s who supported the cause of American Independence. We are made up from the ancestors of Revolutionary Patriots from the melting pot of colors, races, and sexes that we still see in the fabric of today's American society. We support financial opportunities for students. We recognize the selfless efforts of our local law enforcement, fire, and EMS personnel. The "Finding the Maryland 400" project is a partnership with the Maryland State Archives to document the lives of the Marylanders who fought at the Battle of Brooklyn in 1776. We strive "to perpetuate the memory of the men who, by their services or sacrifices during the war of the American Revolution, achieved the independence of the American people."</p>

28. Comments	
---------------------	--

The original vision of this project was once site selection and acquisition was complete and the historical story to be told completed, to enlist Maryland Universities in a design competition. Once a design selection was made from the competing submissions, then release the design for construction bids. Construction would commence with a goal of completion and dedication during our nations 250th Anniversary.

We intend to continue to raise funds for this memorial with a goal of at least \$1,000,000 by the time construction begins.

We also want to remember our guiding light for this memorial by having the memorial dedicated to the late Maryland Senator Doug J.J. Peters.
