<b>9. Description and Purpose of Grantee Organization</b>		
The Sandy Spring Museum has a mission and purpose to preserve, exhibit and make accessible the history of the greater Sandy Spring Community. This is accomplished through the Museum's work in collecting, managing and exhibiting books, maps, manuscripts, objects, art, documents, artifacts, structures, textiles and other materials that represent and illustrate the history and heritage of the greater Sandy Spring community. Additionally, the Museum's programs promote the preservation of the rich heritage of one of Maryland's premiere historical areas. The Library and Archives will be a natural extension in enhancing the goals of the Museum.		
<b>10. Description and Purpose of Project</b>		
The proposed Library and Archives project will add approximately 4,100 square feet of space to the Museums existing 12,000 square foot facility. It will contain a reading room for research, a climate controlled archival storage area, an artifacts receiving area and work area, restrooms and other associated spaces. The library in the Museum is used as a reference source by residents throughout the state. The existing archives storage areas are very crowded and inadequate. The proposed project offers the opportunity to store, protect and expand the Museum's collection in a "safer" environment. Also, many of the other community groups now do not have a place to store their historical records, and this facility will afford them the opportunity to have a permanent home for their documents. We have already received materials from the Town of Brookeville, the Montgomery Mutual Insurance Company, the Neighbors organization, the Sandy Spring Bank, and other community groups. The facility will add one position to the Museum's existing staff.		
<i>Round all amounts to the nearest \$1,000. The totals in Items 11 (Estimated Capital Costs) and 12 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.</i>

<b>28. Comments:</b>			

A State Bond Bill was instrumental in the Museum's new building in 1995. We are hopeful that we can count on this help again to add a much needed community facility to the Museum's campus.
