4. Jurisdiction (County or Baltimore City)		re City)	5. Requested Amount	
Montgomery County			\$1,300,000.00	
(D (C D !!!				

6. Purpose of Bill

Authorizing the creation of a State debt, the proceeds to serve as a grant to the County Executive and County Council of Montgomery County for the construction and capital equipping of a multiuse performing arts center and educational facility on the grounds of Strathmore Hall, located in Bethesda.

7. Matching Fund Requirements

Prior to the payment of any funds, the grantee shall provide and expend a matching fund. No part of the fund may consist of real property or in kind contributions. The fund may consist of funds expended prior to the effective date of this Act.

8. Special Provisions

None.

9. Description and Purpose of Grantee Organization

Montgomery County is a local government. It is the owner of the facility, and will maintain it.

10. Description and Purpose of Project

The proposed Strathmore Hall Performing Arts Center will be a multi-disciplinary education and performance center on the grounds of Strathmore Hall in North Bethesda. The arts education component of the facility will house multiple non-profit arts organizations selected for their ability to provide a full range of complementary educational services for children and adults. The education component will combine studio, classroom, and performance space that will also be used by the professional musicians using the main hall. For example, classrooms will also be used for concert warm-ups. The main performance hall will be capable of supporting large scale (up to 2,000 seats) musical presentations including, but not limited to, major choral, orchestral, and popular entertainers. It is envisioned that the Baltimore Symphony Orchestra will have a strong year-round presence at this fully conditioned symphony hall. The concert hall will be situated on a slope adjacent to the existing Strathmore mansion. The exterior of the hall will accentuate the surrounding park-like grounds. There is broad agreement that a major performing arts venue is needed in Montgomery County. This facility will not only address this need but also provide the BSO with a base in the Washington area, thereby fostering a unique statewide partnership in arts programming. A feasibility study prepared by Wolf, Keens, and Co. (4/98) verified strong audience demand for this facility.

Round all amounts to the nearest \$1,000. The totals in Items 11 (Estimated Capital Costs) and 12 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.
