10. Description and Purpose of Project (3000 characters maximum)

ASCI has submitted a proposal to the State in request of one million, five hundred thousand dollars (\$1,500,000) to complete construction of the Adventure Sports Center International complex. If granted, the State's funding will be used for critical function of completing the project within the approved scope of our additional funding agencies.

The Adventure Sports Center, Inc. (ASCI) is a private, non-profit organization registered with the State of Maryland currently developing a re-circulating whitewater course, adventure sports center complex and International Whitewater Hall of Fame in McHenry, Garrett County. The project includes the construction of the whitewater course, community amphitheater, and ASCI operations building on the top of Marsh Mountain.

The ASCI whitewater course is a 1,600-foot long re-circulating course that contains multiple variable hydraulic features. This design allows ASCI to serve a multitude of paddling interests and skill levels. The uniqueness of these design features allow for the course to completely varied to match the skill and interests of the participants. This greatly increases the accessibility and reliability of whitewater activities to a broader segment of the population. Targeted uses include: public rafting programs, training and paddling competitions, youth service programs, outdoor safety and swift water rescue programs, paddling skills clinics, and adaptive paddling for physical therapy patients.

Accompanying the course is a 500-seat amphitheater designed to be utilized for competitions and special events at ASCI. This amphitheater facility is also a community asset and will be utilized to host multiple community events and performances throughout the season.

The ASCI operations building is a 11,743 GSF / 8,674 facility housing our operations staff, equipment, customer service areas, and outdoor recreation retail center. In the winter months, this building is the headquarters for the ASCI backcountry and Nordic ski programs. Through a definitive agreement with Deep Creek Development (owners of Wisp ski resort), ASCI will operate all backcountry and Nordic ski programs for the resort. This multi-use building will also feature temporary exhibits for the International Whitewater Hall of Fame, until further funds can be raised to complete an independent facility.

Round all amounts to the nearest \$1,000. The totals in Items 11 (Estimated Capital Costs) and 12 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.

11. Estimated Capital Costs

Acquisition	0
Design	1,400,000
Construction	19,048,000
Equipment	250,000
Total	20,698,000
