<p>The mission of the Havre de Grace Maritime Museum is to collect, document, preserve and interpret the unique maritime heritage of the Susquehanna River and Chesapeake Bay through dynamic exhibits, hands-on classes, preservation and restoration programs, and by providing research resources to both students and the general public. To fulfill its vision of becoming a leading maritime educational center at the headwaters of the Chesapeake, "Where Bay Life Begins" the museum must complete its facilities to include an interactive Exhibit Gallery and Discovery Room, Preservation Center, Wooden Boat School, Library and Resource Center, Nautical Art Gallery, Environmental Classroom and Outdoor Exhibit and Green Roof Event Pavilion. Once complete, the Havre de Grace Maritime Museum will further help Harford County and the State of Maryland to promote and increase our tourism economy, provide unique educational opportunities, and protect our heritage and environment, while keeping pace with our expanding region.</p>				
11. Description and Purpose of Project (3000 characters maximum)				
<p>To meet the demands of the growing public and its important mission of preservation through education, the HdG Maritime Museum must finish its original building plans. These plans include two important features. 1)The Exhibit/Event Pavilion is incorporating green design - by using a Green Roof, which will serve as a positive role model for sustainable design in Harford County, as well as serving as an attraction in itself. 2)To recognize the Quadracentennial Anniversary in 2008 of John Smith's exploration of the Upper Bay, we will open our Special Exhibit with linked curriculum package for K-12, entitled "Beyond Jamestown, Life 400 Years Ago". Further, once the museum facility is complete, and in an effort to become self sufficient, the museum plans to match its operational expenses through admission and educational program fees, membership and annual fund fees, museum store revenue, facility rental fees and special program grants.</p>
