4 FOR the purpose of allowing certain vehicles that are registered as farm vehicles or $\mathbf{5}$ that are carrying certain farm products, and that are loaded in a certain 6 location, a certain gross weight limit tolerance under certain circumstances; and 7 generally relating to gross weight limits for farm vehicles and vehicles carrying 8 farm products.

- 9 BY repealing and reenacting, with amendments,
- 10 Article – Transportation

- SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF 14 15MARYLAND, That the Laws of Maryland read as follows:
- 16 **Article – Transportation** 24 - 109.17 In this section the following words have the meanings indicated. 18 (a) (1)19"Single axle weight" means the total weight transmitted by all (2)20wheels whose centers may be included between 2 parallel transverse vertical planes 40 inches apart extending across the full width of the vehicle. 2122"Tandem axle weight" means the total weight transmitted to the (3)
- 23road by 2 or more consecutive axles whose centers may be included between parallel

EXPLANATION: CAPITALS INDICATE MATTER ADDED TO EXISTING LAW. [Brackets] indicate matter deleted from existing law.

vertical planes spaced more than 40 inches apart but not more than 96 inches apartextending across the full width of the vehicle.

3 (b) Notwithstanding any other provisions of this title, the overall gross 4 weight on a group of 2 or more consecutive axles may not exceed an amount produced 5 by application of the following formula:

6		(LN)
7	W = 500	(+	12N	+	36)
8		(N-1)

9 where "W" = overall gross weight on any group of 2 or more consecutive axles to the nearest 500 pounds, "L" = distance in feet measured horizontally between the vertical 10 centerlines of the extreme of any group of 2 or more consecutive axles, and "N" = 11 number of axles in group under consideration, except that 2 consecutive sets of tandem 1213axles may carry a gross load of 34,000 pounds each providing the overall distance 14between the first and last axles of such consecutive sets of tandem axles is 36 feet or more; provided, that such overall gross weight may not exceed eighty thousand 15(80,000) pounds, including any enforcement or statutory tolerances. 16

17 (c) The following table indicates the permissible overall gross weights based 18 upon the above formula:
