~~Strike-out~~ indicates matter stricken from the bill by amendment or deleted from the law by amendment.

1 (i) has been graduated from a college or university on  
2 completion of at least a 4-year curriculum in engineering, or its equivalent, that the  
3 Board approves;

4 (ii) subject to paragraph (2) of this subsection, has at least 4  
5 years of work experience in engineering that is satisfactory to the Board and that  
6 indicates to the Board that the applicant may be competent to practice engineering;

7 (iii) has passed [an 8-hour written] **THE** examination in the  
8 fundamentals of engineering given by the Board under this subtitle; and

9 (iv) after passing the examination in fundamentals, has passed  
10 [an 8-hour written] **THE** examination in the principles and practice of engineering  
11 given by the Board under this subtitle.

12 (2) If an applicant has completed graduate study in engineering that  
13 is satisfactory to the Board, it may allow the applicant up to a 1-year credit toward  
14 the experience requirement of paragraph (1)(ii) of this subsection.

15 (c) An applicant qualifies under this section if the applicant:

16 (1) has been graduated from a college or university on completion of at  
17 least a 4-year curriculum in engineering, or its equivalent, that the Board has not  
18 approved;

19 (2) has at least 8 years of work experience in engineering that is  
20 satisfactory to the Board and that indicates to the Board that the applicant may be  
21 competent to practice engineering;

22 (3) has passed [an 8-hour written] **THE** examination in the  
23 fundamentals of engineering given by the Board under this subtitle; and

24 (4) after passing the examination in fundamentals, has passed [an  
25 8-hour written] **THE** examination in the principles and practice of engineering given  
26 by the Board under this subtitle.

27 (d) (1) An applicant qualifies under this section if the applicant:

28 (i) subject to paragraph (2) of this subsection, has at least 12  
29 years of work experience in engineering that is satisfactory to the Board, in at least 5  
30 years of which the applicant has been in responsible charge, if the collective  
31 experience indicates to the Board that the applicant may be competent to practice  
32 engineering; and

33 (ii) has passed [an 8-hour written] **THE** examination in the  
34 principles and practice of engineering given by the Board under this subtitle.

1           (2) If an applicant has completed 1 or more years of a college or  
 2 university curriculum in engineering that the Board approves, it may allow, for each of  
 3 those years, a 1-year credit towards the experience requirement of paragraph (1)(i) of  
 4 this subsection.

5           (3) If an applicant has completed 1 or more years of a college or  
 6 university curriculum in engineering that has not been approved by the Board, the  
 7 Board may allow, for each of those years, a credit of up to 6 months towards the  
 8 experience requirement under paragraph (1)(i) of this subsection.

9 14-307.

10           (d) (1) As provided under § 14-305 of this subtitle, the Board shall give  
 11 the following 2 separate examinations:

12                           (i) [an 8-hour written] **THE** examination in the fundamentals  
 13 of engineering; and

14                           (ii) [an 8-hour written] **THE** examination in the principles and  
 15 practice of engineering.

16           (2) The Board shall determine the subjects, scope, and form of and  
 17 method of grading and passing scores for examinations given under this subtitle.

18           (3) The Board shall structure the examinations to test the ability of an  
 19 applicant to design, plan, and direct engineering works in order to ensure the safety of  
 20 life, health, and property.

21           SECTION 2. AND BE IT FURTHER ENACTED, That this Act shall take effect  
 22 October 1, 2011.
