FISCAL AND POLICY NOTE

House Bill 883
Economic Matters

(Delegate Norman, *et al.*)

Business Occupations and Professions - State Board of Plumbing - Membership

This bill alters the membership requirements of the State Board of Plumbing by requiring that – of the board’s nine members – one member must be from Carroll or Howard counties and one member must be from Cecil or Harford counties.

Fiscal Summary

State Effect: None. The change is procedural in nature and does not directly affect governmental finances.

Local Effect: None.

Small Business Effect: None.

Analysis

Current Law/Background: The State Board of Plumbing consists of seven members from the plumbing industry and two consumer members. Board members representing the industry must each reside in specific geographic areas of the State. Currently, two industry members must be from Carroll, Cecil, Harford, or Howard counties; thus, the bill applies greater statutory specification of the geographic requirements.

The State Board of Plumbing is housed within the Department of Labor, Licensing, and Regulation’s (DLLR) Division of Occupational and Professional Licensing. Maryland statute sets out three purposes for the board (1) to protect the integrity of the potable water supply; (2) to provide for the efficient and safe discharge of storm drainage and

sanitary drainage; and (3) to ensure that qualified individuals carry out the board's charge.

Over the last 20 years, each of the affected counties has grown significantly, as depicted in **Exhibit 1**. Over the same two decades, by comparison, the State's population has increased by 21%, from about 4.8 million in 1990 to about 5.8 million in 2010. Under current law, the two members may both reside in the same county, which may result in a large number of Marylanders without a board member from their county or a neighboring county. DLLR advises that this is currently the case, as both members representing the four counties reside in Howard County.

Additional Comments: Given that the affected board member positions are currently filled, Legislative Services anticipates that, if the bill is enacted, the altered membership requirements take effect after the next scheduled term expiration of one of the Howard County members.
