35 Preamble

36 WHEREAS, In March 2012, President Obama announced plans to create the
37 National Network for Manufacturing Innovation to revitalize the manufacturing base
38 in the United States by establishing up to 15 centers for manufacturing innovation
39 throughout the country; and

1 WHEREAS, In March 2013, the pilot project, the National Additive
2 Manufacturing Innovation Institute, awarded funding totaling \$4,500,000 for seven
3 applied research and development partnership projects and, in January 2014, awarded
4 another \$9,000,000 toward 15 projects that will provide \$10,300,000 in matching cost
5 share; and

6 WHEREAS, Legislation has been introduced in the United States Senate and
7 House of Representatives to establish the Network for Manufacturing Innovation
8 Program, with an appropriation of \$600,000,000, for up to 45 centers that are
9 envisioned as regional consortia of businesses, educational institutions, and
10 government agencies that will share existing resources and work together to pilot new
11 products and manufacturing processes, attract jobs, and encourage investment and
12 production in the United States; and

13 WHEREAS, Manufacturing plays a vital role in the economy and has a strong
14 multiplier effect, with each manufacturing job estimated to create nearly three
15 additional jobs in other sectors; and

16 WHEREAS, Additive manufacturing processes, including 3D printing, are
17 already used in a variety of industries and have the potential for use in unlimited
18 additional areas, including defense contracting, biomedical research and patient care,
19 apparel design, and pharmaceutical production; and

20 WHEREAS, The northeastern region of Maryland has significant additive
21 manufacturing technical expertise and infrastructure, including an additive
22 manufacturing facility at Aberdeen Proving Ground, known as the Rapid Technologies
23 and Inspection Branch, which has been used to design, build, test, and advance new
24 technologies quickly, as well as for training students in science, technology,
25 engineering, and mathematics (STEM) fields; and

26 WHEREAS, the northeastern region of the State has leading educational
27 institutions at all levels, including Towson University, Harford Community College,
28 Cecil College, and the Cecil County and Harford County public school systems; and

29 WHEREAS, there is a need to improve the accessibility of and connections
30 between the existing infrastructure, expertise, and educational resources in the region
31 for entrepreneurs, innovators, and small businesses in the developing and growing
32 area of additive manufacturing; now, therefore,
