Analysis

Bill Summary: Chapter 396 of 2011 (the fiscal 2012 capital budget) authorized up to \$75,000 in matching funds to the Board of Trustees of The Charles Carroll House of Annapolis, Inc. for the acquisition, planning, design, construction, repair, reconstruction, and capital equipping of the Charles Carroll House project, located in Annapolis. The grantee had until June 1, 2013, to present evidence that matching funds would be provided. Matching funds may consist of in-kind contributions or funds expended prior to the June 1, 2011 effective date of Chapter 396. Matching funds may not consist of real property. The proceeds of the loan must be expended or encumbered by the Board of

Public Works by December 1, 2014. If any funds authorized remain unexpended or unencumbered after December 1, 2014, the amount of unexpended or unencumbered authorizations must be cancelled.

Current Law: The Charles Carroll House of Annapolis, Inc. is a nonprofit organization whose mission is preserving, restoring, and maintaining the Charles Carroll House. In addition, the organization hosts educational events and provides the public with greater access to the Charles Carroll House. The original 2011 bond bill was for the purpose of rehabilitating and restoring the façade of the Charles Carroll House, as well as certain renovations to the interior of the building.

The organization advises that the project was delayed due to damage to the building as a result of the August 2011 earthquake and then Hurricane Sandy in October 2012. The damage sustained from the earthquake and hurricane had to be addressed prior to the rehabilitation, restoration, and renovation of the building. The organization further advises that it is ready to immediately proceed with the project but requests an extension of the termination date to ensure that the funds will not be forfeited.
