10. Description and Purpose of Grantee Organization (Limit Length to Visible area)				
<p>Since its founding in 1976 at Glen Echo Park in Bethesda, The Writer's Center has conducted thousands of writing workshops in various genres for both adults and children. We host nearly 80 literary events per year (most of them free and open to the public), offer a congenial meeting place for writing groups, and have a 185-seat theatre that is used by local theatre companies. In 1987 The Writer's Center became the publisher of Poet Lore, established in 1889 and the oldest continuously published poetry journal in the USA. The mission of The Writer's Center is to cultivate the creation, publication, presentation and dissemination of literary work; in other words, we help people tell their stories and find the best ways to write them. We are rooted in a dynamic local community of writers and believe the craft of writing is open to people of all backgrounds and ages. Our engagement of the local community has included providing programmatic support for a writing program funded by the NEA for combat veterans being treated for post-traumatic stress and traumatic brain injury at Walter Reed National Military Medical Center. Prior to that, we held free writing workshops for members of the military and their families.</p>				

11. Description and Purpose of Project (Limit Length to Visible area)

Our project is to continue upgrading our Walsh Street facility, which was built by the County in 1961. Phase 1 of the project included: waterproofing the building by installing French drains and three sump pumps; abating mold that developed over the years; upgrading some rest rooms in compliance with ADA requirements; and removing several non-bearing walls in the basement to a) bring in more light from the set of windows that goes along the alleyway connecting Walsh and Stanford Streets and b) create a small writer's studio that can accommodate 12-16 library-style carrels that writers can rent for a quiet, but not isolated, space in which to do their work and also providing an additional source of income to the Center.

Phase 2 of the project involves: removing the current roof and adding the shell of a second floor that will eventually (in Phase 3) contain additional classrooms, offices, and restrooms, including a seminar room (tentatively called The Veterans Writing Studio) dedicated to active-duty or retired members of the military who are aspire to be published authors; installing a 3-stop elevator to connect all three floors of the Center; and rebuilding the main (Walsh St.) entrance to accommodate an ADA-compliant ramp that will facilitate handicapped access.

Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.

28. Comments: (Limit Length to Visible area)

Launching a renovation and expansion project at The Writers Center comes after two years of hard, focused work by several board members who participated in the TWC Facilities task force, as well as numerous advisers to and friends of the Center, including architect Mark McInturff, Clark Construction (phasing, pricing), David Dise and Cynthia Brenneman of Montgomery County, Bonnie Fogel of Imagination Stage and our District 18 State Senator, Richard Madaleno. The original goal of the task force was to address multiple physical plant issues and the long-term stability of TWC's home at 4508 Walsh Street. Over the past two years, we have focused on a) finding cost-effective solutions to improving and expanding a deteriorating physical plant and, b) securing the location as a permanent home for The Writers Center. The task force considered many alternatives to achieving these goals, including the possibility of purchasing the property and placing a mortgage on it to finance repairs and improvements. It was agreed that TWC had a significant vested interest in the site, its home since 1992. Given that its occupancy of the building, and its partnership with Montgomery County, will continue through at least 2028, the Board of Directors approved the Committee's recommendation to develop and adopt a plan to raise the necessary funds to improve the Center's current physical condition. Plan: Our plan, in Phase 1, was to address the more significant deferred maintenance issues we face. Already, the Board of Directors of the Center has committed over \$100,000 to this endeavor. Our case for additional fundraising will emphasize the health and safety of our members and others while they are in our building; the contributions the Center has made to the County as a driver of the local economy; the efforts we've made to engage under-served members of the community such as military veterans and their families, various ethnic groups, and teens from local high schools who discover they have a deep interest in creative writing; and the importance of writing and literature as an integral part of the cultural life of the metro DC region. The capital reinvestments will contribute to The Writer's Center's stability for decades to come, as well as house our organization in an expanded and safe environment in which we all can take great pride. We are proud of our ability to have withstood vicissitudes in the economy over the past 38 years, including the latest fiscal downturn when both our earned and contributed income enabled us to retain an excellent staff and not lay off a single employee. Our Board of Trustees is grateful to Senator Madaleno and Del. Waldstreicher for their strong support of The Writer's Center and its future.
