§21-422.

(a) The raw milk that a milk producer sells shall be raw milk that:

- (1) Is obtained by the complete milking of a healthy cow or goat;
- (2) Is unadulterated, whole, and unadjusted; and
- (3) Is practically free of colostrum.

(b) The pasteurized milk products that a distributor, bobtailer, or milk processor sells shall:

- (1) Be pasteurized; and
- (2) Meet all definitions and standards of identity established by federal law and regulation.
