§6.5–202.

(a) Within 10 working days after receiving an application, the appropriate regulating entity shall:

(1) publish notice of the application in the most widely circulated newspapers that are part of a nonprofit health entity's service area; and

(2) notify by first-class mail any person that has requested in writing notice of the filing of an application.

(b) The notice under subsection (a) of this section shall:

(1) state that an application has been received;

(2) state the names of the parties to the acquisition;

(3) describe the contents of the application;

(4) state the date by which a person must submit written comments on the application; and

(5) provide the date, time, and place of the public hearing on the acquisition.

(c) The applicant shall bear the cost of the notice required under this section.
