§9-506.

- (a) The Trust shall retain an architect as a consultant.
- (b) The consultant must:
 - (1) be registered by the State Board of Architects;
 - (2) be familiar with all phases of 18th century architecture; and
 - (3) have the professional experience that is needed to restore the State House in a way that befits its majestic history and its current role as the Capitol.
- (c) The consultant is entitled to the compensation provided in the State budget.
- (d) The consultant shall:
 - (1) prepare measured drawings of the State House;
 - (2) publish the drawings and a descriptive text;
 - (3) send copies of the drawings to the National Trust for Historic Preservation; and
 - (4) subject to § 2-1246 of this article, submit to the General Assembly a report on the drawings.
