§5–301.2.

(a) The Board of Public Works shall adopt regulations that require the design development documents for the construction or major renovation of school buildings submitted by a county board to the Interagency Committee to include:

(1) An evaluation of the use of solar technologies, including photovoltaic or solar water heating, based on life cycle costs; and

(2) If an evaluation determines that solar technologies are not appropriate for a construction or major renovation project, a report that explains why the use of the technology is not appropriate.

(b) On or before December 31 of each year, the Interagency Committee shall submit a report on the number of public school construction and major renovation projects in each jurisdiction that use solar technologies to the Governor and, in accordance with § 2–1246 of the State Government Article, the General Assembly.
