#### Preamble

WHEREAS, Section 14(c) of the Fair Labor Standards Act of 1938 authorizes the United States Secretary of Labor to grant special wage certificates to certain entities, which may then pay special minimum wages less than the federal minimum wage to workers who have disabilities; and

WHEREAS, These Section 14(c) certificates also allow the payment of wages that are less than the prevailing wage to workers who have disabilities for work being performed on contracts subject to the McNamara–O'Hara Service Contract Act and the Walsh–Healey Public Contracts Act; and

1 WHEREAS, During 2015, 3,589 Maryland residents were employed under Section 2 14(c) certificates; and

WHEREAS, 20% of individuals with developmental disabilities in Maryland work in
facility-based settings where, for a 2-week period, the mean number of hours worked is 17
hours and the mean income is \$66; and

6 WHEREAS, The practice of paying workers with disabilities less than the federal 7 minimum wage dates back to the 1930s, a time of virtually no employment opportunities 8 for disabled workers in the mainstream workforce; and

9 WHEREAS, Advancements in vocational rehabilitation, technology, and training 10 now provide workers with disabilities with greater opportunities; and

11 WHEREAS, Employees with disabilities have rarely been able to transition from 12 Section 14(c) programs to obtain integrated employment at competitive wages; now, 13 therefore,
