## §5–101.

- (a) In this subtitle the following words have the meanings indicated.
- (b) "Board" means the State Board of Dietetic Practice.
- (c) "Certified nutrition specialist" means an individual certified by the Certification Board for Nutrition Specialists, the accrediting body of the American College of Nutrition.
- (d) "Dietitian-nutritionist" means, unless the context requires otherwise, an individual who is licensed by the Board to practice dietetics.
- (e) "License" means, unless the context requires otherwise, a license issued by the Board to practice dietetics.
- (f) (1) "Medical device" means a health care product used in the diagnosis, treatment, or prevention of disease.
  - (2) "Medical device" does not mean:
    - (i) A drug;
    - (ii) A surgical or dental instrument;
    - (iii) Physical therapy equipment;
    - (iv) X-ray apparatus; or
- (v) A component part or accessory of any of the items listed in this paragraph.
- (g) "Medical nutrition" means the nutritional advice or counsel provided to an individual by a licensee in their professional capacity that is designed for an individual to alleviate a specific physiological complaint, condition, or symptom.
- (h) (1) "Practice dietetics" means to apply the principles derived from integrating knowledge of food, biochemistry, physiology, management science, behavioral science, and social science to human nutrition.
  - (2) "Practice dietetics" includes:
- (i) Assessing individual and community food practices and nutritional status using anthropometric, biochemical, clinical, dietary, and demographic data, for clinical, research, and program planning purposes;

- (ii) Developing, establishing, and evaluating nutritional care plans that establish priorities, goals, and objectives for meeting nutrient needs for individuals or groups;
- (iii) Nutrition counseling and education as a part of preventive or restorative health care throughout the life cycle;
- (iv) Determining, applying, and evaluating standards for food and nutrition services; and
- (v) Applying scientific research to the role of food in the maintenance of health and the treatment of disease.
- (i) "Registered dietitian" means an individual registered with the Commission on Dietetic Registration, the accrediting body of the Academy of Nutrition and Dietetics.
- (j) "Supervision" means the management of an individual who aids in the practice of dietetics by a licensed dietitian-nutritionist who may or may not be on the premises.
