5 SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND,
6 That the Laws of Maryland read as follows:

7 **Article – Public Utilities**

8 7–304.1.

9 (a) In this section, “master meter” means a meter used to measure, for billing
10 purposes, the total amount of electricity or natural gas used in a building by a heating,
11 ventilation, and air conditioning system, including the combined use from all individually
12 leased or owned units and all common areas.

13 (b) **[The] EXCEPT AS PROVIDED IN SUBSECTION (D) OF THIS SECTION, THE**
14 Commission may authorize the use of a master meter in a residential multiple occupancy
15 building for heating, ventilation, and air conditioning services without requiring individual
16 metering or submetering for heating, ventilation, and air conditioning services as provided
17 under § 7–303 or § 7–304 of this subtitle if:

18 (1) the utility bill for heating, ventilation, and air conditioning services for
19 each individually leased or owned occupancy unit is included in the rent for that unit;

20 (2) the Commission is satisfied that the use of the master meter for
21 heating, ventilation, and air conditioning services will result in a net savings of energy over
22 the energy savings that would result from individual metering or submetering for heating,
23 ventilation, and air conditioning services; and

24 (3) each individually leased or owned occupancy unit:

25 (i) has individual metered service for other energy services; and

26 (ii) directly receives the utility bill for the other energy services.

27 (c) Before authorizing the use of a master meter for heating, ventilation, and air
28 conditioning services, the Commission may review the proposed allocation of heating,
29 ventilation, and air conditioning system expenses among individual units and common
30 areas served by the master meter.

31 (d) **(1) THIS SUBSECTION APPLIES ONLY IN PRINCE GEORGE’S COUNTY.**

32 **(2) THE COMMISSION MAY NOT AUTHORIZE THE USE OF A MASTER**

5 (3) IN THE CASE OF A RESIDENTIAL MULTIPLE OCCUPANCY BUILDING
6 IN WHICH THE COMMISSION HAS PREVIOUSLY AUTHORIZED THE USE OF A MASTER
7 METER IN ACCORDANCE WITH SUBSECTION (B) OF THIS SECTION, AND THAT IS
8 INTENDED TO BE CONVERTED TO CONDOMINIUM OR COOPERATIVE OWNERSHIP,
9 THE CONVERSION OF OWNERSHIP MAY NOT TAKE EFFECT UNTIL INDIVIDUAL
10 METERS HAVE BEEN INSTALLED FOR EACH INDIVIDUAL DWELLING UNIT AND FOR
11 THE COMMON AREAS OF THE BUILDING.

12 (E) In accordance with § 7–301 of this subtitle, an electric company or a gas
13 company may inspect and test a master meter authorized for use by the Commission under
14 this section.

19 (2) The service connection shall be constructed by and at the expense of the
20 Commission and shall be paid for in accordance with this division.

22 notice, every abutting property owner may hook up spigots, hydrants, toilets, and waste
23 drains with the water main or sewer, as appropriate, within the time set by the
24 Commission.

25 (2) If the fixtures described in paragraph (1) of this subsection do not exist
26 or if the Commission determines that they are improper or inadequate, the property owner
27 shall install satisfactory equipment.

29 to health shall be abandoned and left in a way that it cannot be used or pose a risk to the
30 public health.

32 (d) (1) After the construction or acquisition of a water main or sewer, the
33 Commission may order a property owner or occupant who refuses to connect to the water
34 main or sewer to hook up to the water main or sewer if:

1 (i) a condition exists that appears to be a menace to the health of
2 the occupants of the property or the occupants of a nearby or adjoining property;

3 (ii) the property on which the condition exists abuts the water main
4 or sewer;

5 (iii) the Commission gives the owner or occupant 10 days' notice and
6 an opportunity to be heard; and

7 (iv) the Commission determines the condition to be a menace to the
8 health of the occupants of the property or the occupants of a nearby or adjoining property.

9 (2) (i) If the Commission determines that a condition exists as provided
10 in paragraph (1) of this subsection, the Commission shall pass an order that requires that
11 the property hookup be made in not less than 30 days or more than 90 days of the issuance
12 of the order.

13 (ii) The property owner or occupant may not refuse to comply with
14 the order or violate any of the other provisions of this section.
