10. Description and Purpose of Organization (Limit length to visible area)		
<p>Prince George's County Public Schools (PGCPS), one of the nation's 25 largest school districts, has 208 schools and centers, more than 130,000 students and nearly 19,000 employees. The school system serves a diverse student population from urban, suburban and rural communities located in the Washington, DC suburbs. PGCPS is nationally recognized for innovative programs and initiatives that provide students with unique learning opportunities, including arts integration, environmental and financial literacy, and language immersion. The Board of Education works to advance student achievement through community engagement, sound policy governance, accountability and fiscal responsibility. The school system's highest priority is to prepare students to meet the demands of college and careers</p>		

11. Description and Purpose of Project (Limit length to visible area)

Outdoor digital school signs provide a dynamic communication platform that allows administrators to easily keep students, parents and the community informed about a broad range of programs and activities. The software that comes with LED signs makes it possible to share immediate and relevant information as basic as a schedule change or as complex as emergency lockdown instructions. This project would furnish, design, permit and install three LED signs at Crossland High School, Potomac High School, and Thurgood Marshall Middle School.
