(d) The tax levied and imposed by this section is irrevocably pledged to the payment of the principal of and interest on consolidated transportation bonds as they become due and payable, and no part of the tax or other funds applicable to debt service on the bonds may be repealed, diminished, or applied to any other purpose until:

(1) The bonds and the interest on them have become due and fully paid; or

(2) Adequate and complete provision for payment of the principal and interest has been made.

(e) (1) In this subsection “government obligations” means direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by the United States of America.

(2) Adequate and complete provision for payment of the principal and interest of any issue or series of consolidated transportation bonds may be made by the Secretary and the State Treasurer by making a transfer of government obligations from the Transportation Trust Fund to the State Treasurer or to a bank or trust company as escrow fund agent in an amount which, together with the income due thereon, will be sufficient to pay in full when due the maturing principal of and interest on the consolidated transportation bonds.

(3) To the extent that adequate and complete provision has been made for the payment of consolidated transportation bonds under this title those bonds shall no longer be deemed to be outstanding and unpaid under this title.

§3–216.

(a) There is a Transportation Trust Fund for the Department.

(b) (1) Except as otherwise expressly provided by statute and paragraph (2) of this subsection, there shall be credited to the Transportation Trust Fund for the account of the Department all taxes, fees, charges, and revenues collected or received by or paid, appropriated, or credited to the account of the Department or any of its units in the exercise of their rights, powers, duties, or obligations, including the cash proceeds of the sale of consolidated transportation bonds, notes, or other evidences of obligation issued by the Department, any General Fund appropriations, and the proceeds of any State loan or federal grant made for transportation purposes.

(2) Any revenues from an information technology agreement involving resource sharing that are collected or received by or paid, appropriated, or credited to the account of the Department or any of its units shall be distributed to the Major Information Technology Development Project Fund established under § 3A–309 of the State Finance and Procurement Article.

(c) (1) There shall be maintained in the Transportation Trust Fund one or more sinking fund accounts to which shall be credited and from which shall be paid, from the proceeds of the taxes levied and imposed for that purpose or from any other funds of the Department, amounts sufficient at all times to meet the debt service on all bonds of prior issues and consolidated transportation bonds from time to time outstanding and unpaid.

(2) (i) The Gasoline and Motor Vehicle Revenue Account, the Driver Education Account, and the Motorcycle Safety Program Account shall be maintained in the Transportation Trust Fund.

(ii) In each fiscal year, the Department shall budget from federal funds available to the Department, other funds in the Transportation Trust Fund, and any other funds available to the Department, an amount sufficient to fund projects and programs determined by the Secretary to be necessary to achieve the bicycle and pedestrian transportation goals identified for the fiscal year under Title 2, Subtitle 6 of this article.

(d) (1) After meeting its debt service requirements, the Department may use the funds in the Transportation Trust Fund for any lawful purpose related to the exercise of its rights, powers, duties, and obligations.

(2) Expenditures under this subsection shall be made in accordance with any appropriation provided for in any applicable budget bill or supplementary appropriation bill. However, an appropriation proposed to be made to any unit in the Department or proposed to be made for any designated transportation activity, function, or undertaking that has been reduced by the General Assembly may not be restored, for the same purpose as originally proposed, except in an emergency, by the budget amendment procedure of § 7–209 of the State Finance and Procurement Article, or otherwise if the General Assembly in striking or reducing the appropriation, prohibited its restoration. However, except for emergency capital projects, if the General Assembly explicitly reduces in the budget bill an appropriation proposed for a major capital project as defined in § 2–103.1(a)(4) of this article, the appropriation may not be restored for the same purpose as originally proposed by the budget amendment procedure of § 7–209 of the State Finance and Procurement Article or otherwise unless the General Assembly, in striking or reducing the appropriation, expressly authorized its restoration.

(3) For each fiscal year, the Department shall use the funds in the Transportation Trust Fund for the purposes specified in subsection (c)(2)(ii) of this section, which may include construction and maintenance of:

- (i) Public bicycle areas as defined in § 21–101(o) of this article;

Department shall report to the General Assembly, in accordance with § 2-1257 of the State Government Article, on:

(i) The expenditures made toward the attainment of the bicycle and pedestrian transportation goals during the preceding fiscal year under Title 2, Subtitle 6 of this article; and

(ii) The progress made toward attainment of the bicycle and pedestrian transportation goals identified for the fiscal year under Title 2, Subtitle 6 of this article.

(e) (1) Except as otherwise provided in this subsection, this section is effective notwithstanding any other provision of law.

(2) Nothing in this section may adversely affect in any way the security of any of the following bonds while they are outstanding and unpaid:

(i) State highway construction bonds, second issue;

(ii) State highway construction bonds, third issue;

(iii) County highway construction bonds; or

(iv) County highway construction bonds, second issue.

(3) It is the intent of the General Assembly that, as long as any of the bonds listed in paragraph (2) of this subsection are outstanding and unpaid:

(i) The sinking fund requirements established for the payment of the principal of and interest on those bonds shall remain unchanged, as if this section had not been enacted; and

(ii) The taxes and revenues pledged to the payment of the principal of and interest on those bonds as they become due and payable may not be repealed, diminished, or applied to any other purpose until:

1. The bonds and the interest on them have become due and fully paid; or

2. Adequate and complete provision for payment of the principal and interest has been made.

(f) (1) Except as provided in paragraphs (3) and (6) of this subsection, no part of the Transportation Trust Fund may be transferred or diverted to the

General Fund of the State unless approved by the General Assembly through legislation passed by a three-fifths majority vote of the full standing committee assigned the legislation in each of the two Houses of the General Assembly and enacted into law.

(2) Except as provided in paragraphs (3) and (6) of this subsection, no part of the Transportation Trust Fund may be transferred or diverted to a special fund of the State, unless approved by the General Assembly through legislation passed by a three-fifths majority vote of the full standing committee assigned the legislation in each of the two Houses of the General Assembly and enacted into law. No part of the Transportation Trust Fund may be transferred or diverted to a special fund of the State pursuant to the provisions of § 7-209(e)(2) of the State Finance and Procurement Article, unless the requirements of this paragraph have been satisfied.

(3) Funds in the Transportation Trust Fund may be used for defense or relief purposes only if:

(i) The State is invaded by land, sea, or air or a major catastrophe occurs; and

(ii) The Governor:

1. Proclaims a State of Emergency; and

2. Declares that the use of the funds for defense or relief purposes is necessary for the immediate preservation of the public health or safety.

(4) Before the enactment of legislation under paragraph (1) or (2) of this subsection or the issuance of an emergency declaration under paragraph (3) of this subsection to transfer or divert funds from the Transportation Trust Fund to the General Fund or a special fund, the Treasurer shall advise the Governor and the General Assembly of the potential impact of the transfer or diversion on the credit rating of bonds or other debt instruments issued by the Department.

(5) (i) Before the enactment of legislation under paragraph (1) or (2) of this subsection or the issuance of an emergency declaration under paragraph (3) of this subsection to transfer or divert funds from the Transportation Trust Fund to the General Fund or a special fund, a determination shall be made of the potential impact of the transfer or diversion on the additional bonds test set forth in the Secretary's resolution and the credit rating of bonds or other debt instruments issued by the Department.

(ii) A transfer or diversion may not occur if it is determined that the transfer or diversion would:

1. Cause the Department to fail the additional bonds test; or

2. Result in a downgrade of the Department's bonds.

(6) This subsection does not apply to a distribution of highway user revenues to counties, municipalities, and Baltimore City under § 8–403 of this article.

(g) (1) This subsection applies only to a bill or an amendment that would:

(i) Reduce any tax or fee that otherwise would be credited to the Transportation Trust Fund; or

(ii) Increase transportation aid to local governments by using funds from the Transportation Trust Fund.

(2) When submitting a proposed bill or amendment for introduction in the General Assembly on behalf of the Administration, an executive department, or any other unit of State government, the Governor shall provide to the General Assembly, in accordance with § 2–1257 of the State Government Article, a detailed analysis of the effect the proposed bill or amendment will have on the Transportation Trust Fund and the funding of projects specified in the Consolidated Transportation Program, including an analysis of whether the reduction of available funds will result in the elimination of any project or the alteration of the scope, design, or scheduling of any project.

§3–217.

(a) Any funds in the Transportation Trust Fund transferred or diverted from that Fund to the General Fund or a special fund shall be repaid within 5 years after the transfer or diversion as follows:

(1) At least 10 percent of a transfer or diversion in a fiscal year shall be repaid in the first fiscal year after the transfer or diversion;

(2) A cumulative total of at least 30 percent of a transfer or diversion in a fiscal year shall be repaid within 2 fiscal years after the transfer or diversion;

(3) A cumulative total of at least 55 percent of a transfer or diversion in a fiscal year shall be repaid within 3 fiscal years after the transfer or diversion;

(4) A cumulative total of at least 80 percent of a transfer or diversion in a fiscal year shall be repaid within 4 fiscal years after the transfer or diversion; and

(5) A cumulative total of 100 percent of a transfer or diversion in a fiscal year shall be repaid within 5 fiscal years after the transfer or diversion.

(b) This section does not apply to a distribution of highway user revenues to counties, municipalities, and Baltimore City under § 8-403 of this article.

§3-301.

(a) In this subtitle the following words have the meanings indicated.

(b) “Bonds” means bonds issued under this subtitle.

(c) “Highway user revenues” has the meaning stated in § 8-401 of this article.

§3-302.

The purposes of this subtitle are to enable the counties of this State to:

(1) Accelerate programs of road construction and reconstruction;

(2) Provide local participating funds for federally aided transportation projects;

(3) Make major road repairs as necessary to eliminate damage caused to county roads by severe and unforeseen weather conditions; and

(4) Generally finance the capital cost of transportation facilities.

§3-303.

(a) Subject to the limitations of this subtitle, the Department from time to time may:

(1) Borrow money and evidence the borrowing by the issuance and sale of its bonds in substantially the form and manner and subject to the same general provisions and tax exemption applicable to consolidated transportation bonds under §§ 3-203 through 3-207, 3-212, and 3-213 of this title;

(2) Disburse the proceeds of the borrowing pursuant to agreements with participating counties; and

(3) Pay the principal of and interest on the bonds.

(b) The bonds shall be known as “Department of Transportation -- County Transportation Bonds -- First Issue”.

§3-304.

(a) Subject to the provisions of § 3-307 of this subtitle, any county in this State may participate in the proceeds of the sale of bonds issued under this subtitle.

(b) On the date designated by the Department, a county that desires to participate shall notify the Department of:

(1) Its desire to participate in the proceeds of the next series of bonds to be issued by the Department; and

(2) The proposed amount of its participation.

(c) The Department may extend the date for notification when appropriate.

§3-305.

(a) After notification by the county, the Department shall determine the total proceeds of the highway user revenues allocable to the county under Title 8, Subtitle 4 of this article, exclusive of any amounts distributed to any municipalities in the county.

(b) The Department next shall determine the total amount of bonds that it could issue under this subtitle on behalf of the county, with adequate annual debt service coverage, from the annual amount of the highway user revenues so allocated to the county after providing for the debt service on all outstanding and unpaid bonds that have been previously issued on behalf of the county and to which its share of the highway user revenues has been pledged.

(c) After making all necessary determinations, the Department shall notify the county of the amount of bonds of the next series that the Department will issue on behalf of the county. The Department then shall issue and sell that amount of its bonds under this subtitle as a part of the next series of bonds and shall disburse the net proceeds of that amount of the bonds pursuant to an agreement with the county, after deducting the county’s proportionate share of the cost of the issuance of the bonds.

§3-306.

(a) The Department may not issue bonds on behalf of a county if the county's share of highway user revenues for the latest fiscal year is less than twice its annual debt service on county highway construction bonds and county transportation bonds.

(b) Subject to annual recomputation, the maximum amount of the bonds that the Department may issue on behalf of a county, as computed under this section and § 3-304 of this subtitle, is the limit of participation for the county.

(c) In its discretion, the Department may limit the participation of any county in any series of bonds. In determining the amount of participation of a county, the Department shall consider the highway maintenance and other transportation needs of the county and any other factors that the Department considers appropriate.

§3-307.

(a) Before it sells any bonds, the Department and the county shall enter into an agreement as required by this section.

(b) The agreement shall specify that:

(1) The bonds to be issued on behalf of the county will be repaid, with interest, within 15 years after their date of issue;

(2) Each issue of bonds on behalf of the county shall be approved by resolution of the Board of Public Works before they are issued;

(3) Unless the county elects to deposit the amount with the State Comptroller under item (4) of this subsection, and except as provided in § 3-104 of this title, the State Comptroller may withhold and deposit money to the credit of a sinking fund maintained to pay the principal of and interest on the bonds from funds allocable to the county under Title 8, Subtitle 4 of this article, after first providing for sinking fund requirements on outstanding and unpaid county highway construction bonds issued pursuant to Chapter 657 of the Laws of 1953, until an amount equal to the debt service payable in the current fiscal year and the next succeeding fiscal year is accumulated and, thereafter, an amount equal to debt service on the bonds in the succeeding fiscal year, but no part of the funds that have been previously pledged for debt service on outstanding and unpaid bonds of the county, as provided in Title 8, Subtitle 4, may be withheld;

(4) In any year in which any bonds covered by the agreement are outstanding and unpaid, the county may make an annual levy on its taxable basis in the rate and amount sufficient to provide a sum equal to the amount to be withheld by the State Comptroller, as provided in item (3) of this subsection, in which event the State Comptroller may not withhold any more of the highway user revenues of the county than necessary to assure payment of the principal of and interest on the bonds in the current fiscal year and the next succeeding fiscal year;

(5) At regular intervals, the State Comptroller shall pay from the sinking fund to the Department amounts sufficient to pay the principal of and interest on the bonds; and

(6) The county shall use and invest its share of the proceeds of the bonds within the parameters established by the Department and take, or refrain from taking, such other and further actions as may be required of it by the Department to maintain the exemption from federal income taxation of interest on the bonds.

(c) If a county violates its agreement with the Department in a manner that causes the bonds to lose their tax-exempt status, the Department may prohibit the county from participating in the Department's county bond program for 3 years from the date the violation is discovered.

§3-308.

In any fiscal year, if the county fails to levy the tax authorized in its agreement with the Department and if the county's share of highway user revenues is insufficient to meet the debt service on bonds in that year, the State Comptroller, notwithstanding the provisions of Title 8, Subtitle 4 of this article on the distribution of highway user revenues, may withhold from the share of highway user revenues payable to municipalities in the county an amount sufficient to pay the debt service on the bonds in that year.

§3-309.

Bonds issued under this subtitle are the obligations of the Department and may not be considered to constitute a debt of the county for the purpose of determining its debt limitations.

§3-310.

(a) In this section, "government obligations" means direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by the United States of America.

(b) Adequate and complete provision for payment of the principal and interest of any issue or series of county transportation bonds may be made by the Secretary and the State Treasurer by making a transfer of government obligations from the Transportation Trust Fund to the State Treasurer or to a bank or trust company as escrow fund agent in an amount which, together with the income due thereon, will be sufficient to pay in full when due the maturing principal of and interest on the county transportation bonds.

(c) To the extent that adequate and complete provision has been made for the payment of county transportation bonds under this title, those bonds shall no longer be deemed to be outstanding and unpaid under this title.

§3-503.

(a) Subject to the limitations of this subtitle, the Department from time to time may:

(3) Provide for the payment of the principal of and interest on the bonds solely from the revenues pledged for that purpose by the counties participating in an issue of bonds under this subtitle.

(b) The bonds shall be known as “County Transportation Revenue Bonds”.

(c) Bonds issued under this subtitle are not “County Transportation Bonds” under Subtitle 3 of this title.

§3-504.

(a) A resolution authorizing the issuance of bonds under this subtitle shall determine and specify:

(9) Any other matter relating to the form, terms, conditions, issuance, sale, and delivery of the bonds.

(b) (1) The resolution may provide that the Secretary may postpone the time for receipt of proposals for the bonds without republishing the form of advertisement for the bonds.

(2) (i) The Secretary shall provide notice of the new date and time of sale not less than 24 hours prior to the time proposals are to be submitted, which date may not be more than 30 days after the originally scheduled date of sale.

(ii) The notice may be given by Munifacts News Service or a similar service or such other method as the Secretary deems appropriate.

(c) (1) Bonds shall be executed by the manual or facsimile signature of the Secretary.

(2) Other signatures on the bonds may be either manual or facsimile.

(d) If an individual whose manual or facsimile signature appears on any bond or coupon ceases to serve in an authorized capacity before the delivery of the bond, the signature nevertheless is as valid and sufficient for all purposes as if the individual had remained in that capacity until delivery of the bond.

§3-505.

Notwithstanding any other provision of law or any recitals in the instruments, bonds issued under this subtitle are investment securities under the laws of this State.

(c) The issuance of bond anticipation notes, the details of their issuance, the rights of their holders, and the rights, duties, and obligations of the Department with respect to them are governed by the provisions of this subtitle relating to the issuance of the bonds in anticipation of the sale of which the notes are issued, insofar as those provisions may be applicable.

§3-509.

Bonds issued under this subtitle, their transfer, the interest payable on them, and any income derived from them, including any profit realized in their sale or exchange, shall be exempt at all times from every kind and nature of taxation by this State or by any of its political subdivisions, municipal corporations, or public agencies of any kind.

§3-511.

The Department may issue bonds under this subtitle:

(1) Without obtaining the consent of any instrumentality, agency, or unit of this State; and

(b) (1) After making all necessary determinations, the Department shall notify the counties of the amount of bonds of the next series that the Department will issue on behalf of the counties.

(2) The Department shall then issue and sell that amount of bonds under this subtitle as a part of the next series of bonds and shall disburse the net proceeds of that amount of the bonds pursuant to appropriate agreements with the

Upon the execution of this modification of the trust agreement, and after the cost of obtaining this modification has been recouped by the State through the accumulated revenues produced by the ramp tolls on the Kennedy Highway in Harford County and Cecil County, the Authority shall eliminate the ramp tolls on the Kennedy Highway in Harford County and Cecil County and may not thereafter charge or collect tolls at these ramps.

§4-313.

(3) The lien of the pledge is valid and binding as against all parties having any claims of any kind in tort, contract, or otherwise against the Authority, whether or not these parties have notice of the pledge.

(4) Notwithstanding any law to the contrary, neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded other than in the records of the Authority.

(c) (1) Any amount set aside in the Transportation Authority Fund that is not needed to provide for the payment of the items specified in subsections (a)(2) and (b) of this section may be transferred, upon the recommendation of the Secretary and after the approval of the Board of Public Works, to the Transportation Trust Fund to be used as appropriated by the General Assembly unless prohibited by any applicable resolution or trust agreement.

(2) The use and disposition of money to the credit of the Transportation Authority Fund is subject to the provision of the applicable bond authorizing resolution or trust agreement.

However, the general zoning regulations may not limit the effectiveness or scope of any regulation adopted under this subtitle.

§5-605.

(a) (1) By appropriate action of their respective governing bodies, any two or more political subdivisions may agree to create a joint board and delegate to it the power granted by this subtitle to adopt and enforce airport zoning regulations for any airport located wholly or partly in any one or more of the political subdivisions.

(2) If a joint board is created under this section, it may exercise the powers granted by this subtitle to a political subdivision or its legislative body to the extent that these powers have been delegated to it by the political subdivision and subject to the rules, restrictions, guides, and standards established by the governing bodies of the political subdivisions that created it.

(3) Each joint board shall keep minutes of its proceedings, showing the absence, vote, or failure to vote of each member on each question, and records of its examinations and other official actions. These minutes and records shall be filed immediately in the office of the joint board and shall be a public record.

(e) (1) At a meeting of a joint board, the chairman or, in his absence, the acting chairman may administer oaths and issue subpoenas and orders for the attendance of witnesses and the production of papers, books, and documents.

(2) If a person fails to comply with any subpoena or order issued under this subsection, the chairman or acting chairman may invoke the aid of a court of competent jurisdiction. The court may order that person to obey the subpoena or order or to give evidence about the matter in question.

§5-606.

(a) Regulations adopted under this subtitle shall divide the area surrounding the airport to which they apply into districts of the number, shape, and size that the political subdivision considers best suited for the purposes of this subtitle. Within each district, the political subdivision may regulate and restrict the height of structures and trees or other vegetation and the purposes for which land may be used.

(b) All regulations shall be uniform throughout the district to which they apply. However, regulations in one district may differ from those for other districts.

(c) As to each airport, in the establishment of districts or in the adoption or amendment of its airport zoning regulations, the political subdivision shall consider, among other things, to the extent that they affect and in order to promote the public health, safety, order, or security, the following:

(1) The character of the flying operations conducted or expected to be conducted at the airport;

(2) The surrounding terrain;

(3) The height of existing structures and trees or other vegetation in the vicinity;

(4) The feasibility of lowering or removing existing structures or trees or other vegetation in the vicinity;

(5) As to the aerial approaches necessary for safe flying operations at the airport, the opinion of the federal agency charged with fostering civil aeronautics;

(6) The risks associated with aerial traffic at the airport;

(7) The type, size, weight, and load capacity of aircraft that use or might use the airport;

(8) The weather conditions generally prevailing in the vicinity;

(9) The size and layout of the landing area of the airport; and

(10) The present and future needs of the inhabitants of this State with reference to the use of the airport for public transportation.

(d) An airport zoning regulation adopted under this subtitle may not:

(1) Require the removal or alteration of any structure that, as it existed when the regulation was adopted, did not conform to the regulation; or

(2) Otherwise interfere with the continuance of any nonconforming use.

§5-607.

(a) Subject to the provisions of this subtitle, the legislative body of a political subdivision shall provide for the manner in which airport zoning regulations and

boundaries of airport zoning districts are to be adopted, amended, enforced, and repealed.

(b) (1) Airport zoning regulations and boundaries of airport zoning districts are not effective until there has been a public hearing at which interested parties and the public have an opportunity to be heard.

(2) At least 15 days' notice of the time and place of the hearing shall be published in a newspaper of general circulation in each of the political subdivisions in which the airport is or will be located.

(c) (1) Any regulation and boundary may be amended or repealed from time to time. However, if the owners of at least 20 percent of the area included in a proposed change sign a protest against the change, the change is not effective unless approved by two thirds of all the members of the joint board or of the legislative body of the political subdivision, as the case may be.

(2) Subsection (b) of this section on public hearings and notices applies to all changes made under this subsection, and, if the change is in a boundary of any airport zoning district, notice of the hearing also shall be posted within that district, at the place that the zoning authorities designate.

§5-608.

(a) (1) For purposes of this subtitle, the legislative body of the political subdivision shall appoint an airport zoning commission to recommend the boundaries of the various original districts and appropriate regulations to be enforced.

(2) A zoning board of appeals of the political subdivision may be designated as the airport zoning commission.

(b) The commission shall make a preliminary report and hold a public hearing on it before submitting its final report. The legislative body may not hold its public hearings or take any action until it receives the final report of the commission.

§5-609.

(a) If an airport owned by a political subdivision is located wholly or partly outside of the political subdivision, the adoption of airport zoning regulations under this subtitle is subject to this section.

(b) Before any airport zoning regulation or amendment adopted under this section is effective, it shall be submitted to and approved by:

(1) The governing body of each other political subdivision in which any part of the airport is located; or

(2) If one is created under § 5-605 of this subtitle, a joint board of the political subdivisions in which any part of the airport is located.

(c) (1) Within 60 days after a regulation is submitted to it under this section, the joint board or governing body shall either:

(i) Approve the regulation; or

(ii) By written notice specifying its reasons, disapprove the regulation.

(2) If a joint board or governing body fails to disapprove a regulation as provided in paragraph (1) of this subsection, the regulation is deemed to be approved by it. The approval or disapproval of a joint board or governing body, as the case may be, is final and binding.

(3) A regulation is effective only if approved by the joint board or governing body of each political subdivision in which any part of the airport is located.

(d) If an airport zoning regulation adopted by a political subdivision under this section conflicts with any airport zoning or other regulation of any other political subdivision, the regulation adopted under this section governs.

§5-610.

(a) The legislative body of a political subdivision that adopts airport zoning regulations under this subtitle may:

(1) Delegate the duty of administering and enforcing the regulations to any administrative agency under its jurisdiction; or

(2) Create a new administrative agency to perform this duty.

(b) The duties of the administrative agency include receiving applications for and deciding whether or not to issue permits applied for under § 5-611 of this subtitle.

(c) The administrative agency may not be or include any member of the board of appeals, and it may not exercise any of the powers delegated to the board of appeals.

§5-611.

(a) To facilitate the enforcement of airport zoning regulations adopted under this subtitle, a political subdivision may establish a system and adopt rules and regulations for the granting of permits to:

- (1) Establish or construct any new structure;
- (2) Make any new use of any existing structure or land;
- (3) Substantially alter any existing structure or use of land; or
- (4) As to any tree or other vegetation:
 - (i) Plant or replant any of such a height as to be an airport hazard;
 - (ii) Allow any to grow to such a height as to be an airport hazard; or
 - (iii) Even if it is nonconforming, allow any that is an existing airport hazard to grow any higher.

(b) (1) Whether or not a permit system is established under subsection (a) of this section, before any work is started to substantially alter any nonconforming structure and before any growth described in subsection (a) of this section is allowed of a tree or other vegetation, a permit shall be obtained from the administrative agency authorized to administer and enforce the zoning regulations.

(2) The administrative agency shall issue a permit as a matter of right for the replacement or alteration of a nonconforming use or structure, except that the agency may not issue any permit that will allow a structure or tree or other vegetation to be higher than or to be a greater hazard to air navigation than it was when the applicable airport zoning regulation was adopted.

(c) If the administrative agency grants a permit under this section that does not have to be issued as a matter of right, it may condition the permit so as to require the owner of the land or structure to which the permit applies to install, operate, and maintain at his expense the markers and lights necessary to indicate to aircraft the presence of an airport hazard.

§5-612.

(a) Airport zoning regulations adopted under this subtitle shall provide for a board of appeals with the power:

(1) To hear and decide appeals in all cases in which it is alleged that there is error in any decision of the administrative agency in the enforcement of this subtitle or of any ordinance or other legislation adopted under this subtitle;

(2) If required by an ordinance or other legislation adopted under this subtitle, to hear and decide special exceptions to the terms of the ordinance or other legislation; and

(3) To hear, decide, and, in proper cases, grant specific variances from the zoning regulations adopted under this subtitle, subject to the rules, regulations, restrictions, guides, and standards established under this subtitle.

(b) A zoning board of appeals of the political subdivision may be designated as the board of appeals. In all other cases, subsection (c) of this section applies.

(c) (1) Except as provided in subsection (b) of this section, the board of appeals shall consist of five appointed members.

(2) Each member of the board of appeals serves for a term of 4 years and until his successor is appointed and qualifies. However, of the original appointees, one is to serve a 1-year term, one is to serve a 2-year term, one is to serve a 3-year term, and two are to serve a 4-year term.

(2) If a person fails to comply with any subpoena or order issued under this subsection, the chairman or acting chairman may invoke the aid of a court of competent jurisdiction. The court may order that person to obey the subpoena or order or to give evidence about the matter in question.

(f) The concurring vote of a majority of the members of the board is sufficient to exercise any of its powers under this subtitle.

§5-613.

(a) (1) Appeals to the board of appeals may be taken by any aggrieved person or by any officer or agency of the political subdivision affected by any decision of the administrative agency.

(2) An appeal shall be taken within 30 days of the decision by filing, with the administrative agency from which the appeal is taken and with the board, a notice of appeal specifying the grounds for the appeal. The agency immediately shall send to the board the papers that constitute the record on which the action appealed from was taken.

(b) (1) An appeal stays all proceedings in furtherance of the action appealed from, unless the administrative agency certifies to the board that, because of the facts stated in the certificate, a stay in its opinion would cause imminent peril to life or property.

(2) If the agency certifies as provided in paragraph (1) of this subsection, the proceedings may not be stayed other than by a restraining order granted by the board of appeals or by a court of record. On application and notice to the administrative agency, a restraining order may be granted for good cause shown.

(c) (1) The board shall:

- (i) Set a reasonable time for hearing the appeal;
- (ii) Give public notice of the hearing;
- (iii) Give notice to the parties in interest; and

§5-614.

(a) The legislative body of a political subdivision may authorize the board of appeals in cases of practical difficulty or unnecessary hardship to grant specific variances from the airport zoning regulations adopted under this subtitle, subject to the rules, regulations, restrictions, guides, and standards established by the legislative body.

(b) If the board is authorized to grant variances, any person who desires to use his property in a manner prohibited by an airport zoning regulation adopted under this subtitle may apply to the board for a variance from the regulation.

(c) The board may condition any variance so as to require the owner of the land or structure to which the variance applies to install, operate, and maintain at his expense the markers and lights necessary to indicate to aircraft the presence of an airport hazard.

§5-615.

(a) Any aggrieved person or any officer or agency of the political subdivision may appeal from a decision of the board of appeals to a court of competent jurisdiction.

(b) If, at the hearing, it appears to the court that testimony is necessary for the proper disposition of the matter, the court may take evidence or appoint a commissioner to take the evidence that the court directs and report to the court with his findings of fact and conclusions of law. These findings and conclusions constitute a part of the proceedings on which the determination of the court shall be made.

(c) The court may:

- (1) Reverse, affirm, or modify the decision brought up for review; and
- (2) If necessary, order further proceedings by the board of appeals.

(d) It is not necessary to join the board of appeals as a party.

(f) An appeal may be taken to the Court of Special Appeals from any decision of the court of record reviewing the decision of the board of appeals.

§5-616.

(a) A political subdivision that owns, controls, or operates an airport may acquire, by purchase, grant, lease, or condemnation, any property, including any air right or interest, needed to eliminate an airport hazard, to protect the aerial approaches to the airport, or to effectuate the purpose of this subtitle, if:

(1) A nonconforming use, structure, or tree or other vegetation is an airport hazard, and it is necessary or desirable to remove, lower, or otherwise terminate it;

(2) Because of constitutional limitations, the aerial approaches to the airport cannot be made or kept safe by airport zoning regulations adopted under this subtitle;

(3) It is advantageous to make and keep aerial approaches to the airport safe by the acquisition of property rather than by airport zoning regulations; or

(4) Any zoning regulation or any action of a zoning authority interferes with the use or enjoyment of private property or otherwise infringes on private property rights so much that it would be taking of private property without the just compensation required by the Constitution of the United States or the Maryland Constitution.

(b) Any condemnation of property under this section shall be under the law by which the political subdivision may condemn property for public purposes other than street purposes or, if it has no such law, under Title 12 of the Real Property Article.

§5-617.

(a) (1) Each political subdivision, by action of its legislative body, may provide for the enforcement of this subtitle and of any rule, regulation, or ordinance or other legislation adopted under it.

(2) In addition to any other remedy, the political subdivision or its proper agency may institute or cause to be instituted any appropriate legal, equitable, or criminal action to enforce any provision of this subtitle or of any rule, regulation, or ordinance or other legislation adopted under this subtitle.

(b) Any person who violates any provision of this subtitle or of any rule, regulation, or ordinance or other legislation adopted by a political subdivision under this subtitle is guilty of a misdemeanor and on conviction:

§5-701.

(a) An obstruction to air navigation:

(1) Interferes with the public right of freedom of transit in air commerce;

(2) Endangers the lives and property of those using the airspace for transportation; and

(3) Endangers the lives and property of the occupants of land in this State.

(b) The public health, safety, and welfare require regulation of the erection and maintenance of obstructions to air navigation.

§5-702.

(a) The Administration shall adopt rules and regulations to govern the erection and maintenance of obstructions to air navigation.

(b) These rules and regulations shall incorporate the Federal Aviation Administration obstruction standards except to the extent that, after public hearing,

the Executive Director finds any part of the federal standards to be detrimental to the general public safety, the safety of persons operating, using, or traveling in aircraft, or the safety of persons and property on land or water.

§5-703.

Except as provided in § 5-704 of this subtitle, a person may not build any structure, permit any structure to be built, or permit any object to grow to a height that, in violation of any rule or regulation adopted under this subtitle, constitutes an obstruction to air navigation at or near any licensed public use airport, as that term is defined in § 5-301 of this title.

§5-704.

(a) Except as to the land area subject to jurisdiction of the Board of Airport Zoning Appeals as established under Subtitle 5 of this title, a political subdivision or a joint board established under Subtitle 6 of this title may grant any variance to a rule or regulation adopted under this subtitle, if the variance will not endanger the public health, safety, and welfare.

(b) Unless the legislative body of the political subdivision or the joint board provides otherwise, any person who desires a maximum height variance may apply for the variance in accordance with the local procedure for requesting a variance to the comprehensive zoning regulations of the political subdivision.

(c) If an application for a variance is made, the political subdivision or joint board shall notify the Administration of the application at least 10 days before any hearing is held on it.

§5-705.

The Administration, political subdivision, or joint board may require the owner of any structure or other object that exceeds the height limitations permitted by the rules and regulations adopted under this subtitle to install, operate, and maintain at his expense the markers and lights necessary to indicate to aircraft the presence of the obstruction.

§5-705.1.

(a) In this section, “governing body of a political subdivision” means the Baltimore County Council or the County Commissioners of Carroll County.

(b) If a tower located in Baltimore County or Carroll County is equipped with a fully operational replacement obstruction lighting system that meets

applicable State and federal aviation regulations, the governing body of that political subdivision may order the owner of a television or radio transmitting tower that is equipped with a pulsating high intensity white light system, as defined in Federal Communications Commission regulations, to cease nighttime operation of the pulsating high intensity white light system.

(c) A governing body of a political subdivision may issue an order described under subsection (b) of this section only after a public hearing conducted by the governing body.

(d) A governing body that conducts a public hearing under this section shall:

(1) Provide reasonable advance notice of the time, place, and subject matter of the hearing;

(2) Provide a reasonable opportunity for all interested persons to present oral and written comments; and

(3) Notify the Administration at least 10 days before any hearing is held.

(e) The governing body of a political subdivision or a joint board established under Subtitle 6 of this title, shall hold a public hearing under subsection (b) of this section on the petition of at least 50 individuals who:

(1) Reside within the political subdivision and within a 3-mile radius of a television or radio transmitting tower or other structure that is equipped with a pulsating high intensity white light system; and

(2) Claim that the nighttime operation of the pulsating high intensity white light system interferes with the quiet enjoyment of their property.

(f) A political subdivision may grant to an owner who is required to cease operation of a pulsating high intensity white light system under this section, not more than 180 days to convert the pulsating high intensity white light system to a system utilizing red aviation obstruction lights or a dual lighting system as defined in Federal Communications Commission regulations, and which are consistent with other applicable State and federal aviation regulations.

(g) The owner of a pulsating high intensity white light system shall pay the costs of the conversion to a red aviation obstruction or a dual lighting system under this section.

§5-706.

This subtitle does not require any change in the height or location of any structure or other object in existence or any structure under construction before July 1, 1976.

§5-707.

If there is any conflict between any regulation adopted under this subtitle with any other regulation applicable to the same area, the more stringent limitation or requirement governs.

§5-801.

- (a) In this subtitle the following words have the meanings indicated.
- (b) “Airport” means any airport licensed by the Administration.
- (c) “Cumulative noise exposure” means a calculated or measured value for the exposure to aircraft noise in a 24-hour period at a given location.
- (d) “Impacted land use area” means an area within a noise zone occupied by a land use with a limit for cumulative noise exposure that is less than the actual cumulative noise exposure in that area.
- (e) “Limit for cumulative noise exposure” means the maximum cumulative noise exposure for a given land use that is compatible with that land use.
- (f) “Noise zone” means an area of land surrounding an airport within which the cumulative noise exposure is equal to or greater than the lowest limit for cumulative noise exposure established by the Executive Director.
- (g) “Substantially alter” includes reconstruct, rebuild, replace, or substantially change or repair.

§5-802.

The purpose of this subtitle is to:

- (1) Provide a positive basis for abatement of existing noise problems in communities near airports and to prevent new noise problems; and
- (2) Protect the health and general welfare of the occupants of land near airports.

§5-804.

(a) With the endorsement of the Secretary and the Secretary of the Environment and after a public hearing following 60 days' notice, the Executive Director shall adopt regulations that establish limits for cumulative noise exposure for residential and other land uses on the basis of the noise sensitivity of a given land use.

(b) In adopting limits under this section, the Executive Director shall:

(1) Consider:

(i) The general health and welfare;

(ii) The rights of property owners;

(iii) Accepted scientific and professional standards; and

(iv) The recommendations of the Federal Aviation Administration and Environmental Protection Agency; and

(2) Set the limits at the most restrictive level that, through the application of the best available technology at a reasonable cost and without impairing the safety of flight, is consistent with attaining the environmental noise standards adopted by the Maryland Department of Health.

§5-805.

(a) (1) Each airport operator, including each person intending to operate a proposed airport, shall assess the noise environment created by the operation and projected future use of the airport.

(2) The assessment method shall follow the procedures that the Executive Director establishes for calculating or measuring cumulative noise exposure.

(3) The assessment shall delineate any noise zone and identify any impacted land use area.

(b) (1) If an impacted land use area exists within a noise zone, the airport operator shall develop a noise abatement plan to reduce the size of or eliminate the impacted land use area by altering the coverage of the noise zone through the application of the best available technology, at a reasonable cost and without impairing safety of flight.

- (2) The plan may include:
- (i) A development of runway and flight path use to reduce adverse noise impact;
 - (ii) Establishment of noise abatement glide slopes;
 - (iii) Establishment of noise abatement flight and ground procedures;
 - (iv) Restrictions on operations of noisy aircraft;
 - (v) Restrictions on noisy maintenance operations;
 - (vi) Relocation of runways; and
 - (vii) Acquisition of property to reduce the size of or eliminate an impacted land use area.

(c) (1) Unless required earlier as part of an environmental impact study or by the Executive Director, an assessment of the noise environment for each airport and any noise abatement plan required by this section shall be submitted to the Executive Director for approval by July 1 of each fifth year after July, 1976.

(2) Before the Executive Director approves any assessment or plan, the Executive Director shall furnish it to the chief executive officer and the zoning board of any affected political subdivision and give them an opportunity to comment.

§5-806.

(a) (1) As to each noise abatement plan the Executive Director approves, the airport operator shall:

(i) Begin to carry out the plan within 6 months of its approval;
and

(ii) Except as provided in paragraph (2) of this subsection, fully carry out the plan within 18 months of its approval.

(2) The Executive Director may grant a delay of up to 2 years to carry out the plan fully if the Executive Director finds that, despite the good faith efforts of the operator, the operator cannot comply with the schedule required by this subsection.

(b) After notice and a public hearing, the Executive Director shall certify and publish, as a noise zone for purposes of Parts III and IV of this subtitle, any noise zone that results from an approved assessment or an approved plan.

(c) On application by the airport operator or an affected political subdivision, the Executive Director shall consider any adjustment to an approved plan or noise zone that is needed to reflect potential operational changes, changes in adjoining land uses, or other factors. Adjustments may be made only by recertification of the noise zone by the Executive Director, after notice and a public hearing.

(d) Before any hearing under this section, the Executive Director shall give the chief executive officer and zoning board of any affected political subdivision an opportunity to comment. After certification of a noise zone, the Administration shall notify them of the certified noise zone.

(e) The Executive Director may adopt rules and regulations for monitoring compliance with approved plans.

§5-807.

The Executive Director may help to develop and carry out any noise abatement plan required by this subtitle. His help may include technical and financial aid.

§5-810.

(a) For airports not owned by this State, within 180 days after the Executive Director certifies and publishes a noise zone under Part II of this subtitle, each political subdivision that has a noise zone wholly or partly within its jurisdiction shall adopt, under its police power, noise zone regulations establishing local noise zones. These noise zones may not be less restrictive than the noise zone certified by the Executive Director.

(b) The political subdivision shall identify the noise zones established under this section on each zoning map, comprehensive plan, and other appropriate document.

(c) (1) If a political subdivision has or adopts a general zoning ordinance, any noise zone regulations adopted under this section for all or a part of the same area may be made a part of the general zoning regulations and administered and enforced with them.

(2) The legislative body of a political subdivision that adopts noise zone regulations under this section may delegate the duty of administering and enforcing the regulations to any administrative agency under its jurisdiction. However, the administrative agency may not be or include any member of the board of appeals.

§5-811.

(a) If a political subdivision fails to adopt noise zone regulations as required by this part, the Administration shall adopt, administer, and enforce appropriate regulations for any noise zone wholly or partly within the jurisdiction of the subdivision.

(b) An appeal from a decision of the Administration may be made in the manner provided in §§ 5-814 and 5-816 of this subtitle.

§5-812.

(a) Unless a person has an appropriate permit issued by the political subdivision, the person may not, in a noise zone established under this part:

- (1) Establish or construct any new structure;
- (2) Make any new use of any existing structure or land; or
- (3) Substantially alter any existing structure or use of land.

(b) A political subdivision may not grant a permit if the proposed action would enlarge the size of or create an impacted land use area.

(c) Before a political subdivision acts on any permit application, the political subdivision shall notify the Administration of the application and give the Administration an opportunity to comment.

§5-813.

(a) The legislative body of a political subdivision may provide for a board of appeals with the power:

(1) To hear and decide appeals in all cases in which it is alleged that there is error in any decision of the political subdivision or its administrative agency in the enforcement of this part or of any ordinance or other legislation adopted under this part; and

(2) To hear, decide, and, in proper cases, grant specific variances from noise zone regulations adopted under this part, subject to § 5-815 of this subtitle.

(b) A zoning board of appeals of the political subdivision may be designated as the board of appeals. In all other cases, subsection (c) of this section applies.

(c) (1) Except as provided in subsection (b) of this section, the board of appeals shall consist of five appointed members.

(2) Each member of the board of appeals serves for a term of 4 years and until his successor is appointed and qualifies. However, of the original appointees, one is to serve a 1-year term, one is to serve a 2-year term, one is to serve a 3-year term, and two are to serve a 4-year term.

(3) On written charges and after a public hearing, the respective appointing authority may remove any member of the board of appeals for cause.

(2) If a person fails to comply with any subpoena or order issued under this subsection, the chairman or acting chairman may invoke the aid of a court of competent jurisdiction. The court may order that person to obey the subpoena or order or to give evidence about the matter in question.

(f) The concurring vote of a majority of the members of the board is sufficient to exercise any of its powers under this part.

§5-814.

(a) (1) Appeals to the board of appeals may be taken by the Administration, by any aggrieved person, or by any officer or agency of the political subdivision affected by any decision of the administrative agency.

(2) An appeal shall be taken within 30 days of the decision by filing, with the administrative agency from which the appeal is taken and with the board, a notice of appeal specifying the grounds for the appeal. The agency immediately shall send to the board the papers that constitute the record on which the action appealed from was taken.

(3) Before the hearing, the agency also shall send a copy of the decision to the Administration and give it an opportunity to comment.

(b) (1) An appeal stays all proceedings in furtherance of the action appealed from, unless the administrative agency certifies to the board that, because of the facts stated in the certificate, a stay in its opinion would cause imminent peril to life or property.

(2) If the agency certifies as provided in paragraph (1) of this subsection, the proceedings may not be stayed other than by a restraining order granted by the board of appeals or by a court of record. On application and notice to the administrative agency, a restraining order may be granted for good cause shown.

(c) (1) The board shall:

- (i) Set a reasonable time for hearing the appeal;
- (ii) Give public notice of the hearing;
- (iii) Give notice to the parties in interest; and
- (iv) Decide the appeal within a reasonable time.

- (2) For this purpose:

(i) May make any order, requirement, decision, or determination that it considers proper; and

(ii) Has all the powers of the administrative agency from which the appeal is taken.

§5–815.

(a) Subject to the provisions of this subtitle, the board of appeals may grant specific variances from noise zone regulations adopted under this part, if the design of a proposed structure or the repair, replacement, or change of a structure or use of land provides for sound insulation adequate to insure that interior noise levels resulting from airport operations will not exceed those levels that would occur if the structure or land use were outside of the noise zone.

(b) Any person who desires to use his property in a manner prohibited by a noise zone regulation adopted under this part may apply to the board for a variance from the regulation.

(c) The board may condition any variance so as to require the owner of any structure or land use to which the variance applies to construct the proposed structure or to repair, replace, or change the structure or use of land at his expense in a way that meets the requirements of subsection (a) of this section.

(d) When reviewing a request for a variance under the airport noise zone regulations, the board shall consider any facts and circumstances relevant to the request for variance, including any testimony or evidence presented regarding possible impacts on the surrounding community of the grant or denial of the proposed variance.

§5–816.

(e) “Board” means the Board of Airport Zoning Appeals established under Subtitle 5 of this title.

(f) “Cumulative noise exposure” means a calculated or measured value for the exposure to aircraft noise in a 24-hour period, using the annual day-night (average) sound level (LDN) methodology.

(g) “Homeowner” means an owner of residentially used real property situated within the airport noise zone.

(h) “Noise zone” means an area of land surrounding the airport within which the cumulative noise exposure is equal to or greater than the lowest limit for cumulative noise exposure established by the Executive Director, under Subtitle 8 of this title.

(b) The General Assembly further finds that, in the interest of public health, safety, and welfare, the Administration should be authorized to develop and implement noise assistance programs to address incompatible land uses surrounding the airport.

§5-1203.

(a) Subject to the provisions of this subtitle, the Administration shall establish a voluntary land acquisition program under which it shall purchase residentially occupied real property subject to a cumulative noise exposure of 70 LDN or greater, as identified by the most recently adopted airport noise zone, if the owner of the real property volunteers to sell the real property to the Administration.

(b) Local governments are encouraged, in the exercise of their police powers, to cooperate with Administration efforts to create a land use buffer zone

composed of noise compatible commercial, industrial, and other nonresidential uses in areas contiguous to the airport.

(c) The Secretary is directed to request full funding for the program as part of the 1989 fiscal year budget and subsequent departmental budget requests.

§5-1204.

(a) (1) Subject to the provisions of this subtitle, the Administration shall establish a homeowners assistance pilot program for existing residentially occupied real property in those communities and neighborhoods identified by the Administration as being situated entirely or in part within the 65 LDN noise contour as established by the most recently adopted airport noise zone.

(2) The pilot program established under this subsection shall provide at least 2 homeowner assistance options including:

(b) The Board may not grant any variance under Subtitle 8 of this title from noise zone regulations for any proposed residential or educational use of real property during the period that the pilot program established by § 5-1204 of this subtitle is in operation.

§6-101.

(a) In this title the following words have the meanings indicated.

(2) Every kind of terminal or storage structure or facility useful or designed for use in handling, storing, loading, or unloading freight or passengers at marine terminals;

(3) Every kind of transportation facility useful or designed for use in connection with any of these; and

(4) An international trade center constituting a facility of commerce and consisting of one or more buildings, structures, improvements, and areas that the Department considers necessary, convenient, or desirable for the centralized accommodation of functions, activities, and services for or incidental to the transportation of persons by water, the exchange, buying, selling, and transportation of commodities and other property in international and national waterborne trade and commerce, the promotion and protection of this trade and commerce, and governmental services related to them and other federal, state, and municipal agencies and services, including foreign trade zones, offices, marketing and exhibition facilities, terminal and transportation facilities, customhouses, custom stores, inspection and appraisal facilities, parking areas, commodity and security exchanges, and, in the case of buildings, structures, improvements, and areas in which such accommodation is afforded, all the buildings, structures, improvements, and areas, although other parts of the buildings, structures, improvements, and areas might not be devoted to purposes of the international trade center other than the production of incidental revenue available for the expenses and financial obligations of the Department in connection with the international trade center and although other parts of the buildings, structures, improvements, and areas might be rented or leased for the use or occupancy of departments, bureaus, units, or agencies of the United States, this State, or any political subdivision of this State.

(f) “Project” means any port facility acquired, constructed, controlled, or operated by the Administration, including all property acquired for the construction or operation of the port facility.

§6–102.

(a) The General Assembly of Maryland makes the following declarations of its intent in the enactment of this title.

(b) The ports and harbors of this State are assets of value to the entire State. The residents of all parts of this State benefit directly from the waterborne commerce that they attract and service. Any improvement to these ports and harbors that increases their export and import commerce will benefit the people of the entire State.

(c) (1) The purpose of this title is to increase the waterborne commerce of the ports in this State and, by doing so, benefit the people of this State.

(2) Commerce may be attracted to these areas by:

(i) Developing existing facilities to provide quicker, cheaper, and better handling of cargoes; and

(ii) Effectively advertising and promoting the facilities and the use of the several port areas.

(d) (1) Since existing port and terminal facilities of Baltimore and other port areas have been provided mostly by private enterprise, the General Assembly seeks primarily to improve the facilities and strengthen the workings of the private operators.

(2) However, the private operators in the port areas have a public responsibility to provide modern port and harbor facilities suited to the needs of the public that they serve. Therefore, the Administration should have power to obtain information about the rates and practices of private operators, and, while it should assist and encourage the extension and improvement of privately operated port facilities, it also should have the power, if private facilities are inadequate or inadequately operated at any time, to construct and, if necessary, to operate any supplementary public facilities that it considers to be required in the public interest.

(e) The development of ports able to attract increasing amounts of waterborne commerce will require the construction of additional modern facilities and installations. A public port authority, using public funds, will be able to construct and, if necessary, operate these facilities and installations if the immediate financial returns are not sufficient to attract private capital.

(f) In order to meet increased competition from other states' ports that are operated with public funds either directly as state agencies or indirectly as private operating companies, the Administration should have the authority, subject to approval of the Commission, to operate public port facilities either directly or indirectly in the form and manner that the Commission deems necessary.

- (9) At the second sale, if there is no bidder for the land, if all bids are rejected and the sale canceled as provided in paragraph (6) of this subsection, or if

the Administrator considers all bids inadequate, the Administrator may negotiate a sale of the land. If the Board of Public Works approves the negotiated sale and the deed, the Administrator may execute a deed conveying the land to the buyer.

(d) As to any land from a completed project, if the Administration considers the land to be too small or otherwise unsuitable for private use or development, the Administration shall establish a plan of disposal for that land. If the Board of Public Works approves the plan and the deed, the Administrator may execute a deed conveying the land under the plan.

(e) (1) Notwithstanding any other provision of this section, the Administration may convey land from an abandoned or completed transportation project by exchanging the land for privately or publicly owned land of substantially equal value when the land to be acquired by the exchange is needed for a current State highway purpose that has been identified within the current consolidated transportation program as approved by the General Assembly, or has otherwise received prior legislative approval for planning.

(2) In the case of an abandoned or completed project, the person from whom the land was acquired, or the successor in interest of that person, shall have the first right of refusal to reacquire the land, except that the offer and acceptance shall be as follows:

(4) In the case of a completed project or an abandoned project for which the right of first refusal was waived, the procedure for the exchange shall be as follows:

1. Notify by registered mail any affected county or municipality of the offer for an exchange of a parcel;

2. Allow 60 days after notification for any affected county or municipality to make a request to acquire the parcel or part of the parcel located within the borders of the county or municipality and for the Administration to consider any such request; and

3. If any affected county or municipality makes an offer to acquire the parcel, or part thereof within that jurisdiction's borders, that is equal to or greater than, or includes land of an equal or greater value than, the appraised value of the parcel or applicable portion thereof, the Administration shall accept that offer;

(ii) Before making an exchange under this subsection, the exchange must be approved by the Board of Public Works; and

(i) As all or part of the consideration for a right-of-way transaction; or

(ii) If the Administration believes that public auction of the surplus land will affect adversely the value or use of the surplus land, on a negotiated sale with a price based on the appraised value of the land.

(2) If the Administration believes that any land proposed for sale under this subsection has a value of more than \$25,000, the land shall be appraised by at least one independent, qualified real estate appraiser.

(3) Prior to conveying land in accordance with paragraph (2) of this subsection, the Administration shall notify the former owner of that person's right to reacquire the land.

(4) Within 45 days after the notice to the former owner by the Administration that the land is not needed and is available for reacquisition, the former owner may notify the Administration of its intent to exercise the right to reacquire the land in accordance with this subsection.

(5) Within 45 days of the notice to the county or municipal corporation by the Administration that the land is not needed and is available for purchase, the county or municipal corporation in which the property is located may notify the Administration of its interest in purchasing the land.

(6) The right of a former owner to reacquire land under this subsection:

(ii) In determining the consideration to be paid for the land, the Administration shall consider:

The population figures for each county and senatorial district shall be taken from the preceding U.S. Census Report. However, if a Senator representing more than one county is voting to approve or disapprove a project in his senatorial district, he shall have the same voting authority as the Senator representing the largest percentage of the population in that county. (a) (1) By written order, the Administration may lay out, establish, and construct any State highway as a parkway or a freeway.

(2) If a written order of the Administration states that a proposed highway is to be constructed as a parkway or a freeway, the order is conclusive evidence that, when the highway is constructed, it is a parkway or a freeway, as the case may be, with all the characteristics and incidents specified in this subtitle.

(b) If property is acquired for a freeway, the Administration shall inform each property owner of the use and restrictions that are or may be imposed on the property under this subtitle.

(c) (1) If a highway is constructed as a parkway or a freeway, no person, including an owner of property abutting the highway, has the right of access to or from the abutting land to or from the highway.

2. Not less than 30 days after the public informational meeting, shall hold a public hearing on the proposed designation to afford interested parties an opportunity to submit oral testimony and written comments.

(3) The Administration shall publish notice of the proposed designation of a State highway as an expressway and the time and place of the public

informational meeting and the public hearing in at least one newspaper of general circulation in the areas affected by the proposed designation at least 2 weeks before the:

(i) Public informational meeting required under paragraph (2)(ii)1 of this subsection; and

(ii) Public hearing required under paragraph (2)(ii)2 of this subsection.

(4) The requirements of this subsection may be satisfied through the public notice provided, and the public informational meetings and public hearings held, as part of the project planning phase as defined in § 8-610 of this subtitle.

(c) (1) If an existing highway is designated as an expressway and a property abutting the expressway is not served by any other reasonable access to another public road, the Administration may acquire the right of any owner of the property to access to or from the abutting land to or from the expressway by:

(i) Closing any existing access; or

(ii) Limiting the right of the owner to construct any new access or to enlarge or extend any existing access.

(2) If an existing highway is designated as an expressway and a property abutting the expressway has reasonable access to another public road, the Administration may:

(i) Acquire the right of any owner of that property abutting the expressway to continue to use an existing access to or from the abutting land to or from the expressway by closing any existing access; and

(ii) In its own discretion, prohibit new access to or from the abutting land to or from the expressway by limiting the right of the owner to construct any new access.

(3) An owner denied new access under paragraph (2)(ii) of this subsection is not entitled to any compensation for the denial of access if reasonable access to another public road is available at the time of the denial of access.

(4) The Administration, in its discretion, may designate points at which access will be permitted and may specify the terms and conditions of that access.

§8-621.

If any highway is constructed as a parkway or is constructed or designated as a freeway, the Administration may:

(1) Regulate, restrict, or prohibit any specific access to the parkway or freeway from any other highway, if reasonable access to the parkway or freeway from the other highway otherwise is provided;

(2) Regulate, restrict, or prohibit the use of the parkway or freeway by any class of vehicles or traffic, if an alternate route is provided for the restricted or prohibited classes; and

(3) Maintain, discontinue, abandon, close, and exercise any other powers over the parkway or freeway to the same extent and in the same manner as in the case of any other highway.

(c) Access provided under this section may not be used in connection with any roadside business.

§8-625.

(a) For purposes of this section, average daily traffic volume shall be determined over a 1-year period by the procedures that the Administration uses to establish traffic density.

(b) (1) Except in accordance with a permit issued by the Administration, a person may not make any entrance from any commercial or industrial property to any State highway that carries an average traffic volume of more than 2,000 vehicles a day.

(2) The Administration may apply to the circuit court in the subdivision in which the violation occurred or is threatened for appropriate injunctive relief.

(c) (1) To promote highway safety, the Administration may limit the width of existing entrances and exits and determine the locations of access points that may be used by any commercial or industrial property owner or user into any existing section of a State highway that carries an average traffic volume of more than 2,000 vehicles a day.

(2) If the Administration finds it expedient for traffic safety, the Administration may:

(i) Limit the width and location of access points by any method that it considers desirable; and

(ii) Deny an abutting property owner all new access along any primary State highway if reasonable access to another public road is available to and from the property.

(3) Denial of access under paragraph (2)(ii) of this subsection is an exercise of the police power and does not require the payment of compensation.

(d) (1) This subsection does not apply to an expressway, freeway, interstate highway, or parkway.

(2) Notwithstanding subsection (c)(2)(ii) of this section, the Administration may not deny an owner of property abutting a State highway all access to the highway if the abutment is within the boundaries of a municipal corporation unless:

(i) The property abuts another public road to which reasonable access can be granted;

(ii) The denial is based on an access management plan that has been agreed to by the Administration and the municipal corporation; or

(iii) The Administration pays just compensation to the property owner as part of the exercise of eminent domain powers.

(a) (1) Subject to this section and with the advice and approval of the Administration, the legislative body of any county or municipal corporation in this State may designate an industrial crossing across any State highway located within the county or municipal corporation.

(2) An industrial crossing may not be designated if it will endanger traffic on the highway.

(b) (1) Any person who desires an industrial crossing across a State highway shall apply for designation of the crossing to the legislative body of the county or municipal corporation where the highway is located.

(2) An industrial crossing may not be designated unless the applicant pays or agrees to pay for:

(i) The costs of any improvement required to strengthen or modify the highway for use as an industrial crossing;

(ii) Any damage to the highway that results from its use as an industrial crossing; and

(iii) The costs of making, installing, and maintaining any signs, markers, or signal devices that the legislative body, with the approval of the Administration, requires to designate the crossing.

(c) If an industrial crossing is designated under this section, the applicant has the exclusive right to use the industrial crossing, subject to any conditions of use that the Administration requires. When using the crossing, the vehicles of the applicant are exempt from all weight limitations and registration requirements imposed by the Maryland Vehicle Law.

(d) The designation of any industrial crossing continues as long as the applicant actually uses the crossing. However, after notice and hearing, the Administration, the Department of State Police, or the police department of the county or municipal corporation where the crossing is located may terminate the use of the crossing on the ground that the crossing has become a danger to traffic because of increased traffic or for any other good reason.

(d) On receiving the petition, the highway authority shall:

(1) Set a hearing date; and

(2) Provide notice of the hearing at least 7 days before the hearing by publication in a newspaper of general circulation in the political subdivision where the property is located.

(e) (1) After the hearing, the highway authority may by order close or reasonably restrict the use of a public highway if the highway authority determines that the public safety and the safety of the property require the closure or restriction.

(2) The highway authority shall conspicuously post a notice in letters at least 3 inches high at each end of a highway that the highway authority closes or restricts.

(f) The highway authority may issue a written permit to persons to travel on a closed or restricted highway under conditions that the highway authority establishes.

(2) The construction of these sidewalks shall meet the conditions specified in entrance permits and the standards adopted by the Administration or the local government.

(b) Sidewalks may not be required under this section if the Administration determines that:

(1) The establishment of sidewalks would be contrary to public safety;

(2) The cost of establishing the sidewalks would be too great considering the need for them or their probable use; or

(3) The sparsity of population, the existence of other available ways, or any other factor indicates that there is no need for the sidewalks.

(c) After sidewalks are constructed under this section, they shall be maintained and repaired by the political subdivision in which they are located.

§8-630.

(a) (1) In this section the following words have the meanings indicated.

3. Located within urban boundaries as defined by the U.S. Census Bureau; or

4. Located within the boundaries of a municipal corporation; and

(ii) Part of the State highway system.

(b) (1) Sidewalks shall be constructed at the time of construction or reconstruction of an urban highway, or in response to the request of a local government unless:

(ii) The local government indicates that there is no need for sidewalks.

(2) Sidewalks constructed under this section shall be consistent with area master plans and transportation plans adopted by the local planning commission.

(c) (1) If sidewalks or bicycle pathways are constructed or reconstructed as part of a roadway construction or reconstruction project, the Administration shall fund the sidewalk or bicycle pathway construction or reconstruction as a part of the cost of the roadway project.

(2) Except as provided in paragraphs (3) and (4) of this subsection, if sidewalks or bicycle pathways are constructed or reconstructed in response to a request from a local government and the adjacent roadway is not being concurrently constructed or reconstructed, the cost to construct or reconstruct the sidewalk or bicycle pathway shall be shared equally between the State and local governments.

(3) If sidewalks or bicycle pathways within a sustainable community as defined in § 6–301 of the Housing and Community Development Article are constructed or reconstructed in response to a request from a local government and the adjacent roadway is not being concurrently constructed or reconstructed, the cost to construct or reconstruct the sidewalk or bicycle pathway may be funded entirely by the State.

(4) (i) This paragraph does not apply to a priority funding area that is a sustainable community as defined in § 6–301 of the Housing and Community Development Article.

(ii) If sidewalks or bicycle pathways within an area designated as a priority funding area under § 5–7B–02 of the State Finance and Procurement Article are constructed or reconstructed in response to a request from a local government and the adjacent roadway is not being concurrently constructed or reconstructed, and if the Administration determines that construction would not occur under this section due to insufficient contribution of funds by the local government, the cost to construct or reconstruct the sidewalk or bicycle pathway shall be shared between the State and local government as follows:

- and
2. 25 percent of the cost shall be funded by the local government.

(iii) If sidewalks or bicycle pathways within an area designated as a priority funding area under § 5–7B–02 of the State Finance and Procurement Article are constructed or reconstructed based on a determination by the Administration that a substantial public safety risk or significant impediment to pedestrian access exists and the adjacent roadway is not being concurrently constructed or reconstructed, then:

1. The Administration shall categorize the sidewalk or bicycle pathway construction project as “system preservation” and give corresponding funding priority to the project; and

2. The cost to construct or reconstruct the sidewalk or bicycle pathway may be funded entirely by the State.

(5) If sidewalks or bicycle pathways are being constructed or reconstructed in response to a request from a local government and the adjacent roadway is not being concurrently constructed or reconstructed, the local government shall:

The provisions of this Compact are in addition to and not in derogation of any power existing in the county commissions and municipal corporations herein named under any constitutional, statutory, or charter provisions which they or any of them may now have or may hereafter acquire or adopt.

Article X

1. If a provision of this Act or its application to any person or circumstance is held invalid in a court of competent jurisdiction, the invalidity does not affect other provisions or any other application of this Act which can be given effect without the invalid provision or application, and for this purpose the provisions of this Act are declared severable.

2. In accordance with the ordinary rules for construction of interstate compacts, this Act shall be liberally construed to effectuate its purposes.

TITLE II

Compact Regulatory Provisions

Article XI

1. This Act shall apply to the transportation for hire by any carrier of persons between any points in the Metropolitan District, including but not limited to:

General duties of carriers

5. Each authorized carrier shall:

(a) Provide safe and adequate transportation service, equipment, and facilities; and

(b) Observe and enforce Commission regulations established under this Act.

Certificates of authority

6. (a) A person may not engage in transportation subject to this Act unless there is in force a “certificate of authority” issued by the Commission authorizing the person to engage in that transportation.

(b) On the effective date of this Act a person engaged in transportation subject to this Act under an existing “certificate of public convenience and necessity” or order issued by the Commission shall be issued a new “certificate of authority” within 120 days after the effective date of this amendment.

(c) (i) Pending issuance of the new certificate of authority, the continuance of operations shall be permitted under an existing certificate or order issued by the Commission which will continue in effect on the effective date of this Act.

(ii) The operations described in paragraph (i) of this subsection shall be performed according to the rates, regulations, and practices of the certificate holder on file with the Commission on the effective date of this Act.

7. (a) When an application is made under this section for a certificate of authority, the Commission shall issue a certificate to any qualified applicant, authorizing all or any part of the transportation covered by the application, if it finds that:

(i) The applicant is fit, willing, and able to perform that transportation properly, conform to the provisions of this Act, and conform to the rules, regulations, and requirements of the Commission; and

(ii) That the transportation is consistent with the public interest.

(b) If the Commission finds that the requirements of subsection (a) of this section have not been met, the application shall be denied by the Commission.

(c) The Commission shall act upon applications under this Act as soon as possible.

(d) The Commission may attach to the issuance of a certificate and to the exercise of the rights granted under it any term, condition, or limitation that is consistent with the public interest.

(e) A term, condition, or limitation imposed by the Commission may not restrict the right of a carrier to add to equipment and facilities over the routes or within the territory specified in the certificate, as business development and public demand may require.

(f) A person applying for or holding a certificate of authority shall comply with Commission regulations regarding maintenance of a surety bond, insurance policy, self-insurance qualification, or other security or agreement in an amount that the Commission may require to pay any final judgment against a carrier for bodily injury or death of a person, or for loss or damage to property of another, resulting from the operation, maintenance, or use of a motor vehicle or other equipment in performing transportation subject to this Act.

(g) A certificate of authority is not valid unless the holder is in compliance with the insurance requirements of the Commission.

8. Application to the Commission for a certificate under this Act shall be:

(a) Made in writing;

(b) Verified; and

(c) In the form and with the information that the Commission regulations require.

9. (a) A certificate of authority issued by the Commission shall specify the route over which a regularly scheduled commuter service or other regular-route service will operate.

(b) A certificate issued by the Commission authorizing irregular-route service shall be coextensive with the Metropolitan District.

(c) A carrier subject to this Act may not provide any passenger transportation for hire on an individual fare paying basis in competition with an existing, scheduled, regular-route, passenger transportation service performed by, or under a contract with, the federal government, a signatory to the Compact, a political subdivision of a signatory, or the Washington Metropolitan Area Transit Authority, notwithstanding any "certificate of authority".

(d) A certificate for the transportation of passengers may include authority to transport newspapers, passenger baggage, express, or mail in the same vehicle, or to transport passenger baggage in a separate vehicle.

10. (a) Certificates shall be effective from the date specified on them and shall remain in effect until amended, suspended, or terminated.

(b) Upon application by the holder of a certificate, the Commission may suspend, amend, or terminate the certificate of authority.

(c) Upon complaint or the Commission's own initiative, the Commission, after notice and hearing, may suspend or revoke all or part of any certificate of authority for willful failure to comply with:

(i) A provision of this Act;

(ii) An order, rule, or regulation of the Commission; or

(iii) A term, condition, or limitation of the certificate.

(d) The Commission may direct that a carrier cease an operation conducted under a certificate if the Commission finds the operation, after notice and hearing, to be inconsistent with the public interest.

11. (a) A person may not transfer a certificate of authority unless the Commission approves the transfer as consistent with the public interest.

(b) A person other than the person to whom an operating authority is issued by the Commission may not lease, rent, or otherwise use that operating authority.

12. (a) A carrier may not abandon any scheduled commuter service operated under a certificate of authority issued to the carrier under this Act, unless the Commission authorizes the carrier to do so by a Commission order.

(b) Upon application by a carrier, the Commission shall issue an order, after notice and hearing, if it finds that abandonment of the route is consistent with the public interest.

(c) The Commission, by regulation or otherwise, may authorize the temporary suspension of a route if it is consistent with the public interest.

(d) As long as the carrier has an opportunity to earn a reasonable return in all its operations, the fact that a carrier is operating a service at a loss will not, of itself, determine the question of whether abandonment of service is consistent with the public interest.

13. (a) When the Commission finds that there is an immediate need for service that is not available, the Commission may grant temporary authority for that service without a hearing or other proceeding up to a maximum of 180 consecutive days, unless suspended or revoked for good cause.

(b) A grant of temporary authority does not create any presumption that permanent authority will be granted at a later date.

Rates and tariffs

14. (a) Each carrier shall file with the Commission, publish, and keep available for public inspection tariffs showing:

(i) Fixed-rates and fixed-fares for transportation subject to this Act; and

(ii) Practices and regulations, including those affecting rates and fares, required by the Commission.

(b) Each effective tariff shall:

(i) Remain in effect for at least 60 days from its effective date, unless the Commission orders otherwise; and

(ii) Be published and kept available for public inspection in the form and manner prescribed by the Commission.

(c) A carrier may not charge a rate or fare for transportation subject to this Act other than the applicable rate or fare specified in a tariff filed by the carrier under this Act and in effect at the time.

15. (a) A carrier proposing to change a rate, fare, regulation, or practice specified in an effective tariff shall file a tariff showing the change in the form and manner, and with the information, justification, notice, and supporting material prescribed by the Commission.

(b) Each tariff filed under subsection (a) of this section shall state a date on which the tariff shall take effect, which shall be at least 7 calendar days after the date on which the tariff is filed, unless the Commission orders an earlier effective date or rejects the tariff.

(c) (i) A tariff filed for approval with the Commission may be refused acceptance for filing if it is not consistent with this Act and Commission regulations; and

(ii) A tariff refused for filing shall be void.

16. (a) The Commission may hold a hearing upon complaint or upon the Commission's own initiative after reasonable notice to determine whether a rate, fare, regulation, or practice relating to a tariff is unjust, unreasonable, unduly discriminatory, or unduly preferential between classes of riders or between locations within the Metropolitan District.

(b) Within 120 days of the hearing, the Commission shall pass an order prescribing the lawful rate, fare, regulation, or practice, or affirming the tariff.

Through routes, joint fares

17. With the approval of the Commission, any carrier subject to this Act may establish through routes and joint fares with any other lawfully authorized carrier.

Taxicab fares

18. (a) The Commission shall prescribe reasonable rates for transportation by taxicab, only when:

(i) The trip is between a point in the jurisdiction of one signatory and a point in the jurisdiction of another signatory; and

(ii) Both points are within the Metropolitan District.

(b) The fare or charge for taxicab transportation may be calculated on a mileage basis, a zone basis, or on any other basis approved by the Commission.

(c) The Commission may not require the installation of a taximeter in any taxicab when a taximeter is not permitted or required by the jurisdiction licensing and otherwise regulating the operation and service of the taxicab.

(d) A person licensed by a signatory to own or operate a taxicab shall comply with Commission regulations regarding maintenance of a surety bond, insurance policy, self-insurance qualification, or other security or agreement in an amount that the Commission may require to pay a final judgment for bodily injury or death of a person, or for loss or damage to property of another, resulting from the operation, maintenance, or use of a taxicab in performing transportation subject to this Act.

Article XII

(iii) Provide a detailed answer to any question about which the Commission requires information;

(iv) Submit reports and answers under oath; and

(v) Keep accounts, records, and memoranda of its activity, including movement of traffic and receipt and expenditure of money in a form and for a period required by the Commission.

(b) The Commission shall have access at all times to the accounts, records, memoranda, lands, buildings, and equipment of any carrier for inspection purposes.

(c) This section shall apply to any person controlling, controlled by, or under common control with a carrier subject to this Act, whether or not that person otherwise is subject to this Act.

(d) A carrier that has its principal office outside of the Metropolitan District and operates both inside and outside of the Metropolitan District may keep all accounts, records, and memoranda at its principal office, but the carrier shall produce those materials before the Commission when directed by the Commission.

(e) This section does not relieve a carrier from recordkeeping or reporting obligations imposed by a state or federal agency or regulatory commission for transportation service rendered outside the Metropolitan District.

Issuance of securities

2. This Act does not impair any authority of the federal government and the signatories to regulate the issuance of securities by a carrier.

Consolidations, mergers, and acquisition of control

3. (a) A carrier or any person controlling, controlled by, or under common control with a carrier shall obtain Commission approval to:

(i) Consolidate or merge any part of the ownership, management, or operation of its property or franchise with a carrier that operates in the Metropolitan District;

(ii) Purchase, lease, or contract to operate a substantial part of the property or franchise of another carrier that operates in the Metropolitan District;
or

(a) The Authority is authorized to acquire by purchase, lease or grant or in any manner other than condemnation, from the federal government, or any agency thereof, from the District of Columbia, Maryland or Virginia, or any political subdivision or agency thereof, any transit and related facilities, including real and personal property and all other assets, located within the zone, whether in operation or under construction. Such acquisition shall be made upon such terms and conditions as may be agreed upon and subject to such authorization or approval by the Congress and the governing body of the District of Columbia, as may be required; provided, however, that if such acquisition imposes or may impose any further or additional obligation or liability upon the Washington Suburban Transit District, the Northern Virginia Transportation District, or any component government thereof, under any contract with the Authority, the Authority shall not make such acquisition until any such affected contract has been appropriately amended.

(b) For such purpose, the Authority is authorized to assume all liabilities and contracts relating thereto, to assume responsibility as primary obligor, endorser or guarantor on any outstanding revenue bonds, equipment trust certificates or other form of indebtedness authorized in this title issued by such predecessor agency or agencies and, in connection therewith, to become a party to, and assume the obligations of, any indenture or loan agreement underlying or issued in connection with any outstanding securities or debts.

21.

The board may borrow, in anticipation of receipts, from any signatory, the Washington Suburban Transit District, the Northern Virginia Transportation District or any component government thereof, or from any lending institution for

any purposes of this title, including administrative expenses. Such loans shall be for a term not to exceed two years and at such rates of interest as shall be acceptable to the board. The signatories and any such political subdivision or agency may, in its discretion, make such loans from any available money.

22.

The board shall not construct or acquire any of the transit facilities specified in a mass transit plan adopted pursuant to the provisions of Article VI of this title, or in any alteration, revision or amendment thereof, nor make any commitments or incur any obligations with respect thereto until funds are available therefor.

Article VIII

Budget

23.

The board shall annually adopt a capital budget, including all capital projects it proposes to undertake or continue during the budget period, containing a statement of the estimated cost of each project and the method of financing thereof.

24.

The board shall annually adopt a current expense budget for each fiscal year. Such budget shall include the board's estimated expenditures for administration, operation, maintenance and repairs, debt service requirements and payments to be made into any funds required to be maintained. The total of such expenses shall be balanced by the board's estimated revenues and receipts from all sources, excluding funds included in the capital budget or otherwise earmarked for other purposes.

25.

(a) Following the adoption by the board of annual capital and current expense budgets, the general manager shall transmit certified copies of such budgets to the principal budget officer of the federal government, the District of Columbia, the Washington Suburban Transit District and of the component governments of the Northern Virginia Transportation Commission at such time and in such manner as may be required under the respective budgetary procedures.

(b) Each budget shall indicate the amounts, if any, required from the federal government, the government of the District of Columbia, the Washington Suburban Transit District and the component governments of the Northern Virginia

Transportation District, determined in accordance with the commitments made pursuant to Article VII, § 18 of this title, to balance each of said budgets.

26.

Subject to such review and approval as may be required by their budgetary or other applicable processes, the federal government, the government of the District of Columbia, the Washington Suburban Transit District and the component governments of the Northern Virginia Transportation District shall include in their respective budgets next to be adopted and appropriate or otherwise provide the amounts certified to each of them as set forth in the budgets.

Article IX

Revenue Bonds

27.

The Authority may borrow money for any of the purposes of this title, may issue its negotiable bonds and other evidences of indebtedness in respect thereto and may mortgage or pledge its properties, revenues and contracts as security therefor.

All such bonds and evidences of indebtedness shall be payable solely out of the properties and revenues of the Authority. The bonds and other obligations of the Authority, except as may be otherwise provided in the indenture under which they were issued, shall be direct and general obligations of the Authority and the full faith and credit of the Authority are hereby pledged for the prompt payment of the debt service thereon and for the fulfillment of all other undertakings of the Authority assumed by it to or for the benefit of the holders thereof.

28.

The purposes of this title shall include, without limitation, all costs of any project or facility or any part thereof, including interest during a period of construction and for a period not to exceed two years thereafter and any incidental expenses (legal, engineering, fiscal, financial, consultant and other expenses) connected with issuing and disposing of the bonds; all amounts required for the creation of an operating fund, construction fund, reserve fund, sinking fund, or other special fund; all other expenses connected with administration, the planning, design, acquisition, construction, completion, improvement or reconstruction of any facility or any part thereof; and reimbursement of advances by the board or by others for such purposes and for working capital.

29.

The board shall have no power to pledge the credit of any signatory party, political subdivision or agency thereof, or to impose any obligation for payment of the bonds upon any signatory party, political subdivision or agency thereof, but may pledge the contracts of such governments and agencies; provided, however, that the bonds may be underwritten in whole or in part as to principal and interest by the United States, or by any political subdivision or agency of any signatory; provided, further, that any bonds underwritten in whole or in part as to principal and interest by the United States shall not be issued without approval of the Secretary of the Treasury. Neither the directors nor any person executing the bonds shall be liable personally on the bonds of the Authority or be subject to any personal liability or accountability by reason of the issuance thereof.

30.

Whenever the board deems it expedient, it may fund and refund the bonds and other obligations of the Authority whether or not such bonds and obligations have matured. It may provide for the issuance, sale or exchange of refunding bonds for the purpose of redeeming or retiring any bonds (including the payment of any premium, duplicate interest or cash adjustment required in connection therewith) issued by the Authority or issued by any other issuing body, the proceeds of the sale of which have been applied to any facility acquired by the Authority or which are payable out of the revenues of any facility acquired by the Authority. Bonds may be issued partly to refund bonds and other obligations then outstanding, and partly for any other purpose of the Authority. All provisions of this title applicable to the issuance of bonds are applicable to refunding bonds and to the issuance, sale or exchange thereof.

31.

Bonds and other indebtedness of the Authority shall be authorized by resolution of the board. The validity of the authorization and issuance of any bonds by the Authority shall not be dependent upon nor affected in any way by: (i) the disposition of bond proceeds by the board or by contract, commitment or action taken with respect to such proceeds; or (ii) the failure to complete any part of the project for which bonds are authorized to be issued. The Authority may issue bonds in one or more series and may provide for one or more consolidated bond issues, in such principal amounts and with such terms and provisions as the board may deem necessary. The bonds may be secured by a pledge of all or any part of the property, revenues and franchises under its control. Bonds may be issued by the Authority in such amount, with such maturities and in such denominations and form or forms, whether coupon or registered, as to principal alone or as to both principal and interest, as may be determined by the board. The board may provide for redemption of bonds prior to maturity on such notice and at such time or times and with such redemption provisions, including premiums, as the board may determine.

32.

The board may determine and enter into indentures or adopt resolutions providing for the principal amount, date or dates, maturities, interest rate, or rates, denominations, form, registration, transfer, interchange and other provisions of the bonds and coupons and the terms and conditions upon which the same shall be executed, issued, secured, sold, paid, redeemed, funded and refunded. The resolution of the board authorizing any bond or any indenture so authorized under which the bonds are issued may include all such covenants and other provisions not inconsistent with the provisions of this title, other than any restriction on the regulatory powers vested in the board by this title, as the board may deem necessary or desirable for the issue, payment, security, protection or marketing of the bonds, including without limitation covenants and other provisions as to the rates or amounts of fees, rents and other charges to be charged or made for use of the facilities; the use, pledge, custody, securing, application and disposition of such revenues, of the proceeds of the bonds, and of any other moneys or contracts of the Authority; the operation, maintenance, repair and reconstruction of the facilities and the amounts which may be expended therefor; the sale, lease or other disposition of the facilities; the insuring of the facilities and of the revenues derived therefrom; the construction or other acquisition of other facilities; the issuance of additional bonds or other indebtedness; the rights of the bondholders and of any trustee for the bondholders upon default by the Authority or otherwise; and the modification of the provisions of the indenture and of the bonds. Reference on the face of the bonds to such resolution or indenture by its date of adoption or the apparent date on the face thereof is sufficient to incorporate all of the provisions thereof and of this title into the body of the bonds and their appurtenant coupons. Each taker and subsequent holder of the bonds or coupons, whether the coupons are attached to or detached from the bonds, has recourse to all of the provisions of the indenture and of this title and is bound thereby.

33.

No bond or its terms shall mature in more than fifty years from its own date and in the event any authorized issue is divided into two or more series or divisions, the maximum maturity date herein authorized shall be calculated from the date on the face of each bond separately, irrespective of the fact that different dates may be prescribed for the bonds of each separate series or division of any authorized issue.

34.

All bonds and all other evidences of debt issued by the Authority under the provisions of this title and the interest thereon shall at all times be free and exempt from all taxation by or under authority of any signatory parties, except for transfer, inheritance and estate taxes.

35.

Bonds shall bear interest at such rate or rates as may be determined by the board, payable annually or semiannually.

36.

The board may provide for the payment of the principal and interest of bonds at any place or places within or without the signatory states, and in any specified lawful coin or currency of the United States of America.

37.

The board may provide for the execution and authentication of bonds by the manual, lithographed or printed facsimile signature of members of the board, and by additional authentication by a trustee or fiscal agent appointed by the board; provided, however, that one of such signatures shall be manual; and provided, further, that no such additional authentication or manual signatures need be required in the case of bonds guaranteed by the United States of America. If any of the members whose signatures or countersignatures appear upon the bonds or coupons cease to be members before the delivery of the bonds or coupons, their signatures or countersignatures are nevertheless valid and of the same force and effect as if the members had remained in office until the delivery of the bonds and coupons.

38.

The board shall have power out of any funds available therefor to purchase its bonds and may hold, cancel or resell such bonds.

39.

The board may fix terms and conditions for the sale or other disposition of any authorized issue of bonds. The board may sell bonds at less than their par or face value but no issue of bonds may be sold at an aggregate price below the par or face value thereof if such sale would result in a net interest cost to the Authority calculated upon the entire issue so sold in excess of the applicable rate determined by the board, payable semiannually, computed with relation to the absolute maturity of the bonds according to standard tables of bond values, deducting the amount of any premium to be paid on the redemption of any bonds prior to maturity. All bonds issued and sold pursuant to this title may be sold in such manner, either at public or private sale, as the board shall determine.

40.

All bonds issued under the provisions of this title are negotiable instruments.

41.

Bonds issued under the provisions of this title are hereby made securities in which all public officers and public agencies of the signatories and their political subdivisions and all banks, trust companies, savings and loan associations, investment companies and others carrying on a banking business, all insurance companies and insurance associations and others carrying on an insurance business, all administrators, executors, guardians, trustees and other fiduciaries, and all other persons may legally and properly invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any officer of any signatory, or of any agency or political subdivision of any signatory, for any purpose for which the deposit of bonds or other obligations of such signatory is now or may hereafter be authorized by law.

42.

Prior to the issuance of any bonds, the board may institute a special proceeding to determine the legality of proceedings to issue the bonds and their validity under the laws of any of the signatory parties. Such proceeding shall be instituted and prosecuted in rem and the final judgment rendered therein shall be conclusive against all persons whomsoever and against each of the signatory parties.

43.

No indenture need be recorded or filed in any public office, other than the office of the board. The pledge of revenues provided in any indenture shall take effect forthwith as provided therein and irrespective of the date of receipt of such revenues by the board or the indenture trustee. Such pledge shall be effective as provided in the indenture without physical delivery of the revenues to the board or to the indenture trustee.

44.

Bond redemption and interest payments shall, to the extent provided in the resolution or indenture, constitute a first, direct and exclusive charge and lien on all revenues received from the use and operation of the facility, and on any sinking or other funds created therefrom. All such revenues, together with interest thereon, shall constitute a trust fund for the security and payment of such bonds and except as and to the extent provided in the indenture with respect to the payment therefrom

of expenses for other purposes including administration, operation, maintenance, improvements or extensions of the facilities or other purposes shall not be used or pledged for any other purpose so long as such bonds, or any of them, are outstanding and unpaid.

45.

The holder of any bond may for the equal benefit and protection of all holders of bonds similarly situated: (1) by mandamus or other appropriate proceedings require and compel the performance of any of the duties imposed upon the board or assumed by it, its officers, agents or employees under the provisions of any indenture, in connection with the acquisition, construction, operation, maintenance, repair, reconstruction or insurance of the facilities, or in connection with the collection, deposit, investment, application and disbursement of the revenues derived from the operation and use of the facilities, or in connection with the deposit, investment and disbursement of the proceeds received from the sale of bonds; or (2) by action or suit in a court of competent jurisdiction of any signatory party require the Authority to account as if it were the trustee of an express trust, or enjoin any acts or things which may be unlawful or in violation of the rights of the holders of the bonds. The enumeration of such rights and remedies does not, however, exclude the exercise or prosecution of any other rights or remedies available to the holders of bonds.

Article X

Equipment Trust Certificates

46.

The board shall have power to execute agreements, leases and equipment trust certificates with respect to the purchase of facilities or equipment such as cars, trolley buses and motor buses, or other craft, in the form customarily used in such cases and appropriate to effect such purchase, and may dispose of such equipment trust certificates in such manner as it may determine to be for the best interests of the Authority. Each vehicle covered by an equipment trust certificate shall have the name of the owner and lessor plainly marked upon both sides thereof, followed by the words "owner and lessor."

47.

All monies required to be paid by the Authority under the provisions of such agreements, leases and equipment trust certificates shall be payable solely from the revenue to be derived from the operation of the transit system or from such grants, loans, appropriations or other revenues, as may be available to the board under the provisions of this title. Payment for such facilities or equipment, or rentals thereof,

may be made in installments, and the deferred installments may be evidenced by equipment trust certificates as aforesaid, and title to such facilities or equipment may not vest in the Authority until the equipment trust certificates are paid.

48.

The agreement to purchase facilities or equipment by the board may direct the vendor to sell and assign the equipment to a bank or trust company, duly authorized to transact business in any of the signatory states, or to the Housing and Home Finance Administrator, as trustee, lessor or vendor, for the benefit and security of the equipment trust certificates and may direct the trustee to deliver the facilities and equipment to one or more designated officers of the board and may authorize the trustee simultaneously therewith to execute and deliver a lease of the facilities or equipment to the board.

49.

The agreements and leases shall be duly acknowledged before some person authorized by law to take acknowledgments of deeds and in the form required for acknowledgment of deeds and such agreements, leases, and equipment trust certificates shall be authorized by resolution of the board and shall contain such covenants, conditions and provisions as may be deemed necessary or appropriate to insure the payment of the equipment trust certificates from the revenues to be derived from the operation of the transit system and other funds.

The covenants, conditions and provisions of the agreements, leases and equipment trust certificates shall not conflict with any of the provisions of any resolution or trust agreement securing the payment of bonds or other obligations of the Authority then outstanding or conflict with or be in derogation of the rights of the holders of any such bonds or other obligations.

50.

The equipment trust certificates issued hereunder shall be governed by laws of the District of Columbia and for this purpose the chief place of business of the Authority shall be considered to be the District of Columbia. The filing of any documents required or permitted to be filed shall be governed by the laws of the District of Columbia.

Article XI

Operation of Facilities

51.

Any facilities and properties owned or controlled by the Authority may be operated by the Authority directly or by others pursuant to contract or lease as the board may determine.

52.

Without limitation upon the right of the board to prescribe such additional terms and provisions as it may deem necessary and appropriate, the operating contract shall:

- (a) Specify the services and functions to be performed by the contractor;
- (b) Provide that the contractor shall hire, supervise and control all personnel required to perform the services and functions assumed by it under the operating contract and that all such personnel shall be employees of the contractor and not of the Authority;
- (c) Require the contractor to assume the obligations of the labor contract or contracts of any transit company which may be acquired by the Authority and assume the pension obligations of any such transit company;
- (d) Require the contractor to comply in all respects with the labor policy set forth in Article XIV of this title;
- (e) Provide that no transfer of ownership of the capital stock, securities or interests in any contractor, whose principal business is the operating contract, shall be made without written approval of the board and the certificates or other instruments representing such stock, securities or interests shall contain a statement of this restriction;
- (f) Provide that the board shall have the sole authority to determine the rates or fares to be charged, the routes to be operated and the service to be furnished;
- (g) Specify the obligations and liabilities which are to be assumed by the contractor and those which are to be the responsibility of the Authority;
- (h) Provide for an annual audit of the books and accounts of the contractor by an independent certified public accountant to be selected by the board and for such other audits, examinations and investigations of the books and records, procedures and affairs of the contractor at such times and in such manner as the board shall require, the cost of such audits, examinations and investigations to be borne as agreed by the parties in the operating contract; and

(i) Provide that no operating contract shall be entered into for a term in excess of five years; provided, that any such contract may be renewed for successive terms, each of which shall not exceed five years. Any such operating contract shall be subject to termination by the board for cause only.

53.

Compensation to the contractor under the operating contract may, in the discretion of the board, be in the form of (1) a fee paid by the board to the contractor for services, (2) a payment by the contractor to the board for the right to operate the system, or (3) such other arrangement as the board may prescribe; provided, however, that the compensation shall bear a reasonable relationship to the benefits to the Authority and to the estimated costs the Authority would incur in directly performing the functions and duties delegated under the operating contract; and provided, further, that no such contract shall create any right in the contractor (1) to make or change any rate or fare or alter or change the service specified in the contract to be provided or (2) to seek judicial relief by any form of original action, review or other proceedings from any rate or fare or service prescribed by the board. Any assertion, or attempted assertion, by the contractor of the right to make or change any rate or fare or service prescribed by the board shall constitute cause for termination of the operating contract. The operating contract may provide incentives for efficient and economical management.

54.

The board shall enter into an operating contract only after formal advertisement and negotiations with all interested and qualified parties, including private transit companies rendering transit service within the zone; provided, however, that, if the Authority acquires transit facilities from any agency of the federal or District of Columbia governments, in accordance with the provisions of Article VII, § 19 of this title, the Authority shall assume the obligations of any operating contract which the transferor agency may have entered into.

Article XII

Coordination of Private and Public Facilities

55.

It is hereby declared that the interest of the public in efficient and economical transit service and in the financial well-being of the Authority and of the private transit companies requires that the public and private segments of the regional transit system be operated, to the fullest extent possible, as a coordinated system without unnecessary duplicating service.

56.

In order to carry out the legislative policy set forth in § 55 of this Article XII –

(a) The Authority —

(1) Except as herein provided, shall not, directly or through a contractor, perform transit service by bus or similar motor vehicles;

(2) Shall, in cooperation with the private carriers and WMATC, coordinate to the fullest extent practicable, the schedules for service performed by its facilities with the schedules for service performed by private carriers; and

(3) Shall enter into agreements with the private carriers to establish and maintain, subject to approval by WMATC, through routes and joint fares and provide for the division thereof, or, in the absence of such agreements, establish and maintain through routes and joint fares in accordance with orders issued by WMATC directed to the private carriers when the terms and conditions for such through service and joint fares are acceptable to it.

(b) The WMATC, upon application, complaint, or upon its own motion, shall

(1) Direct private carriers to coordinate their schedules for service with the schedules for service performed by facilities owned or controlled by the Authority;

(2) Direct private carriers to improve or extend any existing services or provide additional service over additional routes;

(3) Authorize a private carrier, pursuant to agreement between said carrier and the Authority, to establish and maintain through routes and joint fares for transportation to be rendered with facilities owned or controlled by the Authority if, after hearing held upon reasonable notice, WMATC finds that such through routes and joint fares are required by the public interest; and

(4) In the absence of such an agreement with the Authority, direct a private carrier to establish and maintain through routes and joint fares with the Authority, if, after hearing held upon reasonable notice, WMATC finds that such through service and joint fares are required by the public interest; provided, however, that no such order, rule or regulation of WMATC shall be construed to require the Authority to establish and maintain any through route and joint fare.

(c) WMATC shall not authorize or require a private carrier to render any service, including the establishment or continuation of a joint fare for a through-route service with the Authority which is based on a division thereof between the Authority and private carrier which does not provide a reasonable return to the private carrier, unless the carrier is currently earning a reasonable return on its operation as a whole in performing transportation subject to the jurisdiction of WMATC. In determining the issue of reasonable return, WMATC shall take into account any income attributable to the carrier, or to any corporation, firm or association owned in whole or in part by the carrier, from the Authority whether by way of payment for services or otherwise.

(d) If the WMATC is unable, through the exercise of its regulatory powers over the private carriers granted in paragraph (b) hereof or otherwise, to bring about the requisite coordination of operations and service between the private carriers and the Authority, the Authority may in the situations specified in paragraph (b) hereof, cause such transit service to be rendered by its contractor by bus or other motor vehicle, as it shall deem necessary to effectuate the policy set forth in § 55 hereof. In any such situation, the Authority, in order to encourage private carriers to render bus service to the fullest extent practicable, may, pursuant to agreement, make reasonable subsidy payments to any private carrier.

(e) The Authority may acquire the capital stock or the transit facilities of any private transit company and may perform transit service, including service by bus or similar motor vehicle, with transit facilities so acquired or with transit facilities acquired pursuant to Article VII, § 20. Upon acquisition of the capital stock or the transit facilities of any private transit company, the Authority shall undertake the acquisition, as soon as possible, of the capital stock or the transit facilities of each of the other private transit companies within the zone requesting such acquisition. Lack of such request, however, shall not be construed to preclude the Authority from acquiring the capital stock or the transit facilities of any such company pursuant to § 82 of Article XVI.

57.

Nothing in this title shall restrict or limit such rights and remedies, if any, that any private carrier may have against the Authority arising out of acts done or actions taken by the Authority hereunder. In the event any court of competent jurisdiction shall determine that the Authority has unlawfully infringed any rights of any private carrier or otherwise caused or permitted any private carrier to suffer legally cognizable injury, damages or harm and shall award a judgment therefor, such judgment shall constitute a lien against any and all of the assets and properties of the Authority.

58.

(a) The board may accept grants from and enter into loan agreements with the Housing and Home Finance Administrator, pursuant to the provisions of the Urban Mass Transportation Act of 1964 (78 Stat. 302), or with any successor agency or under any law of similar purport, for the purpose of rendering financial assistance to private carriers.

(b) An application by the board for any such grant or loan shall be based on and supported by a report from WMATC setting forth for each private carrier to be assisted (1) the equipment and facilities to be acquired, constructed, reconstructed, or improved, (2) the service proposed to be rendered by such equipment and facilities, (3) the improvement in service expected from such facilities and equipment, (4) how the use of such facilities and equipment will be coordinated with the transit facilities owned by the Authority, (5) the ability of the affected private carrier to repay any such loans or grants and (6) recommended terms for any such loans or grants.

(c) Any equipment or facilities acquired, constructed, reconstructed or improved with the proceeds of such grants or loans shall be owned by the Authority and may be made available to private carriers only by lease or other agreement which contain provisions acceptable to the Housing and Home Finance Administrator assuring that the Authority will have satisfactory continuing control over the use of such facilities and equipment.

Article XIII

Jurisdiction, Rates, and Service

59.

Except as provided herein, this title shall not affect the functions and jurisdiction of WMATC, as granted by Titles I and II of this compact, over the transportation therein specified and the persons engaged therein and the Authority shall have no jurisdiction with respect thereto.

60.

Service performed by transit facilities owned or controlled by the Authority, and the rates and fares to be charged for such service, shall be subject to the sole and exclusive jurisdiction of the board and, notwithstanding any other provision in this compact contained, WMATC shall have no authority with respect thereto, or with respect to any contractor in connection with the operation by it of transit facilities owned or controlled by the Authority. The determinations of the board with respect

to such matters shall not be subject to judicial review nor to the processes of any court.

61.

Insofar as practicable, and consistent with the provision of adequate service at reasonable fares, the rates and fares and service shall be fixed by the board so as to result in revenues which will:

(a) Pay the operating expenses and provide for repairs, maintenance and depreciation of the transit system owned or controlled by the Authority;

(b) Provide for payment of all principal and interest on outstanding revenue bonds and other obligations and for payment of all amounts to sinking funds and other funds as may be required by the terms of any indenture or loan agreement;

(c) Provide for the purchase, lease or acquisition of rolling stock, including provisions for interest, sinking funds, reserve funds, or other funds required for the payment of any obligations incurred by the Authority for the acquisition of rolling stock; and

(d) Provide funds for any purpose the board deems necessary and desirable to carry out the purposes of this title.

62.

(a) The Board shall not raise any fare or rate, nor implement a major service reduction, except after holding a public hearing with respect thereto.

(b) Any Signatory, any political subdivision thereof, any agency of the federal government and any person, firm or association served by or using the transit facilities of the Authority and any private carrier may file a request with the Board for a hearing with respect to any rates or charges made by the Board or any service rendered with the facilities owned or controlled by the Authority. Such request shall be in writing, shall state the matter on which a hearing is requested and shall set forth clearly the matters and things on which the request relies. As promptly as possible after such a request is filed, the Board, or such officer or employee as it may designate, shall confer with the protestant with respect to the matters complained of. After such conference, the Board, if it deems the matter meritorious and of general significance, may call a hearing with respect to such request.

(c) The Board shall give at least fifteen days' notice for all public hearings. The notice shall be given by publication in a newspaper of daily circulation throughout the Transit Zone and such notice shall be published once a week for two

successive weeks. The notice period shall start with the first day of publication. Notices of public hearings shall be posted in accordance with regulations promulgated by the Board.

(d) Prior to calling a hearing on any matter specified in this section, the Board shall prepare and file at its main office and keep open for public inspection its report relating to the proposed action to be considered at such hearing. Upon receipt by the Board of any report submitted by WMATC, in connection with a matter set for hearing, pursuant to the provisions of § 63 of this Article XIII, the Board shall file such report at its main office and make it available for public inspection. For hearings called by the Board pursuant to paragraph (b), above, the Board also shall cause to be lodged and kept open for public inspection the written request upon which the hearing is granted and all documents filed in support thereof.

63.

To facilitate the attainment of the public policy objectives for operation of the publicly and privately owned or controlled transit facilities as stated in Article XII, § 55, prior to the hearings provided for by § 62 hereof —

(a) The board shall refer to WMATC for its consideration and recommendations, any matter which the board considers may affect the operation of the publicly and privately owned or controlled transit facilities as a coordinated regional transit system and any matter for which the board has called a hearing, pursuant to § 62 of this Article XIII, except that temporary or emergency changes in matters affecting service shall not be referred; and

(b) WMATC, upon such reference of any matter to it, shall give the referred matter preference over any other matters pending before it and shall, as expeditiously as practicable, prepare and transmit its report thereon to the board. The board may request WMATC to reconsider any part of its report or to make any supplemental reports it deems necessary. All of such reports shall be advisory only.

(c) Any report submitted by WMATC to the board shall consider, without limitation, the probable effect of the matter or proposal upon the operation of the publicly and privately owned or controlled transit facilities as a coordinated regional system, passenger movements, fare structures, service and the impact on the revenues of both the public and private facilities.

Article XIV

Labor Policy

64.

The board shall take such action as may be necessary to insure that all laborers and mechanics employed by contractors or subcontractors in the construction, alteration or repair, including painting and decorating, of projects, buildings and works which are undertaken by the Authority or are financially assisted by it, shall be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Davis–Bacon Act, as amended (40 U.S.C. 276A–276A–5), and every such employee shall receive compensation at a rate not less than one and one–half times his basic rate of pay for all hours worked in any workweek in excess of eight hours in any workday or forty hours in any workweek, as the case may be. A provision stating the minimum wages thus determined and the requirement that overtime be paid as above provided shall be set out in each project advertisement for bids and in each bid proposal form and shall be made a part of the contract covering the project, which contract shall be deemed to be a contract of the character specified in § 103 of the Contract Work Hours Standards Act (76 Stat. 357), as now or as may hereafter be in effect. The Secretary of Labor shall have, with respect to the administration and enforcement of the labor standards specified in this provision, the supervisory, investigatory and other authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F.R. 3176, 64 Stat. 1267, 5 U.S.C. 133z–15), and § 2 of the Act of June 13, 1934, as amended (48 Stat. 948, as amended; 40 U.S.C. 276 (c)). The requirements of this section shall also be applicable with respect to the employment of laborers and mechanics in the construction, alteration, or repair, including painting and decorating, of the transit facilities owned or controlled by the Authority where such activities are performed by a contractor pursuant to agreement with the operator of such facilities.

65.

Contracts for the manufacture or furnishing of materials, supplies, articles and equipment shall be subject to the provisions of the Walsh–Healey Public Contracts Act (41 U.S.C. 35 et seq.), as now or as may hereafter be in effect.

66.

(a) The rights, benefits, and other employee protective conditions and remedies of § 13(c) of the Urban Mass Transportation Act of 1964, as amended (49 U.S.C. 1609(c)), as determined by the Secretary of Labor, shall apply to the operation by the Washington Metropolitan Area Transit Authority of any mass transit facilities owned or controlled by it and to any contract or other arrangement for the operation of transit facilities. Whenever the Authority shall operate any transit facility or enter into any contractual or other arrangements for the operation of such transit facility the Authority shall extend to employees of affected mass transportation systems first opportunity for transfer and appointment as employees of the Authority in

accordance with seniority, in any nonsupervisory job in respect to such operations for which they can qualify after a reasonable training period. Such employment shall not result in any worsening of the employee's position in his former employment nor any loss of wages, hours, working conditions, seniority, fringe benefits and rights and privileges pertaining thereto.

(b) The Authority shall deal with and enter into written contracts with employees as defined in § 152 of Title 29, United States Code, through accredited representatives of such employees or representatives of any labor organization authorized to act for such employees concerning wages, salaries, hours, working conditions, and pension or retirement provisions.

(c) In case of any labor dispute involving the Authority and such employees where collective bargaining does not result in agreement, the Authority shall submit such dispute to arbitration by a board composed of three persons, one appointed by the Authority, one appointed by the labor organization representing the employees, and a third member to be agreed upon by the labor organization and the Authority. The member agreed upon by the labor organization and the Authority shall act as chairman of the board. The determination of the majority of the board of arbitration, thus established shall be final and binding on all matters in dispute. If after a period of ten days from the date of the appointment of the two arbitrators representing the Authority and the labor organization, the third arbitrator has not been selected, then either arbitrator may request the Federal Mediation and Conciliation Service to furnish a list of five persons from which the third arbitrator shall be selected. The arbitrators appointed by the Authority and the labor organization, promptly after the receipt of such list shall determine by lot the order of elimination, and thereafter each shall in that order alternately eliminate one name until only one name remains. The remaining person on the list shall be the third arbitrator. The term "labor dispute" shall be broadly construed and shall include any controversy concerning wages, salaries, hours, working conditions, or benefits including health and welfare, sick leave, insurance or pension or retirement provisions but not limited thereto, and including any controversy concerning any differences or questions that may arise between the parties including but not limited to the making or maintaining of collective bargaining agreements, the terms to be included in such agreements, and the interpretation or application of such collective bargaining agreements and any grievance that may arise and questions concerning representation. Each party shall pay one half of the expenses of such arbitration.

(d) The Authority is hereby authorized and empowered to establish and maintain a system of pensions and retirement benefits for such officers and employees of the Authority as may be designated or described by resolution of the Authority; to fix the terms of and restrictions on admission to such system and the classifications therein; to provide that persons eligible for admission in such pension system shall not be eligible for admission to, or receive any benefits from, any other

pension system (except Social Security benefits), which is financed or funded, in whole or in part, directly or indirectly by funds paid or appropriated by the Authority to such other pension system, and to provide in connection with such pension system, a system of benefits payable to the beneficiaries and dependents of any participant in such pension system after the death of such participant (whether accidental or otherwise, whether occurring in the actual performance of duty or otherwise, or both) subject to such exceptions, conditions, restrictions and classifications as may be provided by resolution of the Authority. Such pension system shall be financed or funded by such means and in such manner as may be determined by the Authority to be economically feasible. Unless the Authority shall otherwise determine, no officer or employee of the Authority and no beneficiary or dependent of any such officer or employee shall be eligible to receive any pension or retirement or other benefits both from or under any such pension system and from or under any pension or retirement system established by an acquired transportation system or established or provided for, by or under the provisions of any collective bargaining agreement between the Authority and the representatives of its employees.

(e) Whenever the Authority acquires existing transit facilities from a public or privately owned utility either in proceeding by eminent domain or otherwise, the Authority shall assume and observe all existing labor contracts and pension obligations. When the Authority acquires an existing transportation system, all employees (except executive officers) who are necessary for the operation thereof by the Authority shall be transferred to and appointed as employees of the Authority, subject to all the rights and benefits of this title. These employees shall be given seniority credit and sick leave, vacation, insurance and pension credits in accordance with the records or labor agreements from the acquired transportation system. Members and beneficiaries of any pension or retirement system or other benefits established by the acquired transportation system shall continue to have rights, privileges, benefits, obligations and status with respect to such established system. The Authority shall assume the obligations of any transportation system acquired by it with regard to wages, salaries, hours, working conditions, sick leave, health and welfare and pension or retirement provisions for employees. It shall assume the provisions of any collective bargaining agreement between such acquired transportation system and the representatives of its employees. The Authority and the employees, through their representatives for collective bargaining purposes, shall take whatever action may be necessary to have pension trust funds presently under the joint control of the acquired transportation system and the participating employees through their representative transferred to the trust fund to be established, maintained and administered jointly by the Authority and the participating employees through their representatives. No employee of any acquired transportation system who is transferred to a position with the Authority shall by reason of such transfer be placed in any worse position with respect to workmen's compensation, pension, seniority, wages, sick leave, vacation, health and welfare

insurance or any other benefits, than he enjoyed as an employee of such acquired transportation system.

Article XV

Relocation Assistance

67.

Section 7 of the Urban Mass Transportation Act of 1964, and as the same may from time to time be amended, and all regulations promulgated thereunder, are hereby made applicable to individuals, families, business concerns and non-profit organizations displaced from real property by actions of the Authority without regard to whether financial assistance is sought by or extended to the Authority under any provision of that act; provided, however, that in the event real property is acquired for the Authority by an agency of the federal government, or by a state or local agency or instrumentality, the Authority is authorized to reimburse the acquiring agency for relocation payments made by it.

68.

Notwithstanding the provisions of § 67 of this Article XV, any highway or other public facility or any facilities of a public utility company which will be dislocated by reason of a project deemed necessary by the board to effectuate the authorized purposes of this title shall be relocated if such facilities are devoted to a public use, and the reasonable cost of relocation, if substitute facilities are necessary, shall be paid by the board from any of its moneys.

Article XVI

General Provisions

69.

(a) The board may provide for the creation and administration of such funds as may be required. The funds shall be disbursed in accordance with rules established by the board and all payments from any fund shall be reported to the board. Moneys in such funds and other moneys of the Authority shall be deposited, as directed by the board, in any branch or subsidiary of any state or national bank which has operations within the zone, and having a total paid-in capital of at least one million dollars (\$1,000,000). The trust department of any such state or national bank may be designated as a depository to receive any securities acquired or owned by the Authority. The restriction with respect to paid-in capital may be waived for any such bank which agrees to pledge federal securities to protect the funds and securities of

the Authority in such amounts and pursuant to such arrangements as may be acceptable to the board.

(b) Any moneys of the Authority may, in the discretion of the board and subject to any agreement or covenant between the Authority and the holders of any of its obligations limiting or restricting classes of investments, be invested in:

(1) Direct obligations of or obligations guaranteed by the United States of America;

(2) Bonds, debentures, notes or other evidences of indebtedness issued by agencies of the United States of America, including but not limited to the following: Bank for Cooperatives; Federal Intermediate Credit Banks; Federal Home Loan Bank System; Export–Import Bank of the United States; Federal Land Banks; Federal National Mortgage Association; Student Loan Marketing Association; Government National Mortgage Association; Tennessee Valley Authority; or United States Postal Service;

(3) Securities that qualify as lawful investments and may be accepted as security for fiduciary, trust and public funds under the control of the United States or any officer or officers thereof, or securities eligible as collateral for deposits of moneys of the United States, including United States Treasury tax and loan accounts;

(4) Domestic and Eurodollar certificates of deposit; and

(5) Bonds, debentures, notes or other evidences of indebtedness issued by a domestic corporation, such as a corporation organized under the laws of one of the states of the United States, provided that such obligations are nonconvertible and at the time of their purchase are rated in the highest rating categories by a nationally recognized bond rating agency.

70.

(a) As soon as practical after the closing of the fiscal year, an audit shall be made of the financial accounts of the Authority. The audit shall be made by qualified certified public accountants selected by the board, who shall have no personal interest direct or indirect in the financial affairs of the Authority or any of its officers or employees. The report of audit shall be prepared in accordance with generally accepted auditing principles and shall be filed with the chairman and other officers as the board shall direct. Copies of the report shall be distributed to each director, to the Congress, to the Mayor and Council of the District of Columbia, to the Governors of Virginia and Maryland, to the Washington Suburban Transit Commission, to the Northern Virginia Transportation Commission and to the governing bodies of the

political subdivisions located within the zone which are parties to commitments for participation in the financing of the Authority and shall be made available for public distribution.

(b) The financial transactions of the board shall be subject to audit by the United States General Accounting Office in accordance with the principles and procedures applicable to commercial corporate transactions and under such rules and regulations as may be prescribed by the Comptroller General of the United States. The audit shall be conducted at the place or places where the accounts of the board are kept.

(c) Any director, officer or employee who shall refuse to give all required assistance and information to the accountants selected by the board or who shall refuse to submit to them for examination such books, documents, records, files, accounts, papers, things or property as may be requested shall, in the discretion of the board, forfeit his office.

71.

The board shall make and publish an annual report on its programs, operations and finances, which shall be distributed in the same manner provided by § 70 of this Article XVI for the report of annual audit. It may also prepare, publish and distribute such other public reports and informational materials as it may deem necessary or desirable.

72.

The board may self-insure or purchase insurance and pay the premiums therefor against loss or damage to any of its properties; against liability for injury to persons or property; and against loss of revenue from any cause whatsoever. Such insurance coverage shall be in such form and amount as the board may determine, subject to the requirements of any agreement arising out of issuance of bonds or other obligations by the Authority.

73.

(a) (1) Except as provided in subsections (b), (c), and (f) of this section and except in the case of procurement procedures otherwise expressly authorized by statute, the Authority in conducting a procurement of property, services, or construction shall:

(i) Obtain full and open competition through the use of competitive procedures in accordance with the requirements of this section; and

(ii) Use the competitive procedure or combination of competitive procedures that is best suited under the circumstances of the procurement.

(2) In determining the competitive procedure appropriate under the circumstances, the Authority shall:

(i) Solicit sealed bids if:

1. Time permits the solicitation, submission, and evaluation of sealed bids;
2. The award will be made on the basis of price and other price-related factors;
3. It is not necessary to conduct discussions with the responding sources about their bids; and
4. There is a reasonable expectation of receiving more than one sealed bid; or

(ii) Request competitive proposals if sealed bids are not appropriate under item (i) of this paragraph.

(b) The Authority may provide for the procurement of property, services, or construction covered by this section using competitive procedures but excluding a particular source in order to establish or maintain an alternative source or sources of supply for that property, service, or construction if the Authority determines that excluding the source would increase or maintain competition and would likely result in reduced overall costs for procurement of property, services, or construction.

(c) The Authority may use procedures other than competitive procedures if:

(1) The property, services, or construction needed by the Authority is available from only one responsible source, and no other type of property, services or construction will satisfy the needs of the Authority; or

(2) The Authority's need for the property, services, or construction is of such an unusual and compelling urgency that the Authority would be seriously injured unless the Authority limits the number of sources from which it solicits bids or proposals; or

(3) The Authority determines that it is necessary in the public interest to use procedures other than competitive procedures in the particular procurement; or

(4) The property or services needed can be obtained through federal or other governmental sources at reasonable prices.

(d) For the purpose of applying subsection (c)(1) of this section:

(1) In the case of a contract for property, services, or construction to be awarded on the basis of acceptance of an unsolicited proposal, the property, services, or construction shall be deemed to be available from only one responsible source if the source has submitted an unsolicited proposal that demonstrates a concept:

(i) That is unique and innovative or, in the case of a service, for which the source demonstrates a unique capability to provide the service; and

(ii) The substance of which is not otherwise available to the Authority and does not resemble the substance of a pending competitive procurement.

(2) In the case of a follow-on contract for the continued development or production of a major system or highly specialized equipment or the continued provision of highly specialized services, the property, services, or construction may be deemed to be available from only the original source and may be procured through procedures other than competitive procedures if it is likely that award to a source other than the original source would result in:

(i) Substantial duplication of cost to the Authority that is not expected to be recovered through competition; or

(ii) Unacceptable delays in fulfilling the Authority's needs.

(e) If the Authority uses procedures other than competitive procedures to procure property, services or construction under subsection (c)(2) of this section, the Authority shall request offers from as many potential sources as is practicable under the circumstances.

(f) (1) To promote efficiency and economy in contracting, the Authority may use simplified acquisition procedures for purchases of property, services, and construction.

(2) For the purposes of this subsection, simplified acquisition procedures may be used for purchases for an amount that does not exceed the simplified acquisition threshold adopted by the federal government.

(3) A proposed purchase or contract for an amount above the simplified acquisition threshold may not be divided into several purchases or contracts for lesser amounts in order to use the procedures under paragraph (1) of this subsection.

(4) In using simplified acquisition procedures, the Authority shall promote competition to the maximum extent practicable.

(g) The board shall adopt policies and procedures to implement this section. The policies and procedures shall provide for publication of notice of procurements and other actions designed to secure competition where competitive procedures are used.

(h) The Authority in its discretion may reject any and all bids or proposals received in response to a solicitation.

74.

The board is authorized to locate, construct and maintain any of its transit and related facilities in, upon, over, under or across any streets, highways, freeways, bridges and any other vehicular facilities, subject to the applicable laws governing such use of such facilities by public agencies. In the absence of such laws, such use of such facilities by the board shall be subject to such reasonable conditions as the highway department or other affected agency of a signatory party may require; provided, however, that the board shall not construct or operate transit or related facilities upon, over, or across any parkways or park lands without the consent of, and except upon the terms and conditions required by, the agency having jurisdiction with respect to such parkways and park lands, but may construct or operate such facilities in a subway under such parkways or park lands upon such reasonable terms and conditions as may be specified by the agency having jurisdiction with respect thereto.

75.

The board shall comply with all laws, ordinances and regulations of the signatories and political subdivisions and agencies thereof with respect to use of streets, highways and all other vehicular facilities, traffic control and regulation, zoning, signs and buildings.

76.

(a) The Authority is authorized to establish and maintain a regular police force, to be known as the metro transit police, to provide protection for its patrons, personnel, and transit facilities. The metro transit police shall have the powers and duties and shall be subject to the limitations set forth in this section. It shall be composed of both uniformed and plainclothes personnel and shall be charged with the duty of enforcing the laws of the signatories, and the laws, ordinances and regulations of the political subdivisions thereof in the transit zone, and the rules and regulations of the Authority. The jurisdiction of the metro transit police shall be limited to all the transit facilities (including bus stops) owned, controlled or operated by the Authority, but this restriction shall not limit the power of the metro transit police to make arrests in the transit zone for violations committed upon, to or against such transit facilities committed from within or outside such transit facilities, while in hot or close pursuit or to execute traffic citations and criminal process in accordance with subsection (c) below. The members of the metro transit police shall have concurrent jurisdiction in the performance of their duties with the duly constituted law enforcement agencies of the signatories and of the political subdivisions thereof in which any transit facility of the Authority is located or in which the Authority operates any transit service. Nothing contained in this section shall either relieve any signatory or political subdivision or agency thereof from its duty to provide police, fire and other public safety service and protection, or limit, restrict or interfere with the jurisdiction of or the performance of duties by the existing police, fire and other public safety agencies. For purposes of this section, "bus stop" means that area within 150 feet of a metrobus bus stop sign, excluding the interior of any building not owned, controlled, or operated by the Washington Metropolitan Area Transit Authority.

(b) A member of the metro transit police shall have the same powers, including the power of arrest, and shall be subject to the same limitations, including regulatory limitations, in the performance of his duties as a member of the duly constituted police force of the political subdivision in which the metro transit police member is engaged in the performance of his duties. A member of the metro transit police is authorized to carry and use only such weapons, including handguns, as are issued by the Authority. A member of the metro transit police is subject to such additional limitations in the use of weapons as are imposed on the duly constituted police force for the political subdivision in which he is engaged in the performance of his duties.

(c) Members of the metro transit police shall have power to execute on the transit facilities owned, controlled, or operated by the Authority any traffic citation or any criminal process issued by any court of any signatory or of any political subdivision of a signatory, for any felony, misdemeanor or other offense against laws, ordinances, rules, or regulations of the Authority, or of the signatory or its political subdivision as specified in subsection (a). With respect to offenses committed upon, to, or against the transit facilities owned, controlled or operated by the Authority, the

metro transit police shall have power to execute criminal process within the transit zone.

(d) Upon the apprehension or arrest of any person by a member of the metro transit police pursuant to the provisions of subsection (b), the arresting officer, as required by the law of the place of arrest, shall either issue a summons or a citation against the person, or book or deliver the person to the duly constituted judicial officer of the signatory or political subdivision where the arrest is made, for disposition as required by law.

(e) The Authority shall have the power to adopt rules and regulations for the safe, convenient and orderly use of the transit facilities owned, controlled, or operated by the Authority, including the payment and the manner of the payment of fares or charges therefor, the protection of the transit facilities, the control of traffic and parking upon the transit facilities, and the safety and protection of the riding public. In the event that any such rules and regulations contravene the laws, ordinances, rules, or regulations of a signatory or any political subdivision thereof which are existing or subsequently enacted, these laws, ordinances, rules, or regulations of the signatory or the political subdivision shall apply and the conflicting rule or regulation, or portion thereof, of the Authority shall be void within the jurisdiction of that signatory or political subdivision. In all other respects, the rules and regulations of the Authority shall be uniform throughout the transit zone. The rules or regulations established under this subsection shall be adopted by the Board following public hearings held in accordance with Section 62(c) and (d) of this Compact. The final regulation shall be published in a newspaper of general circulation within the zone at least 15 days before its effective date. Any person violating any rule or regulation of the Authority shall be subject to arrest and, upon conviction by a court of competent jurisdiction, shall pay a fine of not more than \$250 and costs. Criminal violations of any rule or regulation of the Authority shall be prosecuted by the signatory or political subdivision in which the violation occurred, in the same manner by which violations of law, ordinances, rules, and regulations of the signatory or political subdivisions are prosecuted.

(f) With respect to members of the metro transit police, the Authority shall

(1) Establish classifications based on the nature and scope of duties, and fix and provide for their qualifications, appointment, removal, tenure, term, compensation, pension and retirement benefits;

(2) Provide for their training and, for this purpose, the Authority may enter into contracts or agreements with any public or private organization engaged in police training, and this training and the qualifications of the uniformed and plainclothes personnel shall at least equal the requirements of each signatory and of

the political subdivisions therein in the transit zone for their personnel performing comparable duties; and

(3) Prescribe distinctive uniforms to be worn.

(g) The Authority shall have the power to enter into agreements with the signatories, the political subdivisions thereof in the transit zone and public safety agencies located therein, including those of the federal government, for the delineation of the functions and responsibilities of the metro transit police and other duly constituted police, fire and other public safety agencies, and for mutual assistance.

(h) Before entering upon the duties of office, each member of the metro transit police shall take or subscribe to an oath or affirmation, before a person authorized to administer oaths, faithfully to perform the duties of that office.

77.

Except as otherwise provided in this title, any transit service rendered by transit facilities owned or controlled by the Authority and the Authority or any corporation, firm or association performing such transit service pursuant to an operating contract with the Authority, shall, in connection with the performance of such service, be exempt from all laws, rules, regulations and orders of the signatories and of the United States otherwise applicable to such transit service and persons, except that laws, rules, regulations and orders relating to inspection of equipment and facilities, safety and testing shall remain in force and effect; provided, however, that the board may promulgate regulations for the safety of the public and employees not inconsistent with the applicable laws, rules, regulations or orders of the signatories and of the United States.

78.

It is hereby declared that the creation of the Authority and the carrying out of the corporate purposes of the Authority is in all respects for the benefit of the people of the signatory states and is for a public purpose and that the Authority and the board will be performing an essential governmental function, including, without limitation, proprietary, governmental and other functions, in the exercise of the powers conferred by this title. Accordingly, the Authority and the board shall not be required to pay taxes or assessments upon any of the property acquired by it or under its jurisdiction, control, possession or supervision or upon its activities in the operation and maintenance of any transit facilities or upon any revenues therefrom and the property and income derived therefrom shall be exempt from all federal, state, District of Columbia, municipal and local taxation. This exemption shall

include, without limitation, all motor vehicle license fees, sales taxes and motor fuel taxes.

79.

The District of Columbia, the Northern Virginia Transportation District, the Washington Suburban Transit District and the component governments thereof may enter into contracts or agreements with the Authority to make equitable payments for fares lower than those established by the Authority pursuant to the provisions of Article XIII hereof for any specified class or category of riders.

80.

The Authority shall be liable for its contracts and for its torts and those of its directors, officers, employees and agents committed in the conduct of any proprietary function, in accordance with the law of the applicable signatory (including rules on conflict of laws), but shall not be liable for any torts occurring in the performance of a governmental function. The exclusive remedy for such breach of contracts and torts for which the Authority shall be liable, as herein provided, shall be by suit against the Authority. Nothing contained in this title shall be construed as a waiver by the District of Columbia, Maryland, Virginia and the counties and cities within the zone of any immunity from suit.

81.

The United States District Courts shall have original jurisdiction, concurrent with the courts of Maryland, Virginia and the District of Columbia, of all actions brought by or against the Authority and to enforce subpoenas issued under this title. Any such action initiated in a State or District of Columbia court shall be removable to the appropriate United States District Court in the manner provided by Act of June 25, 1948, as amended (28 U.S.C. 1446).

82.

(a) The Authority shall have the power to acquire by condemnation, whenever in its opinion it is necessary or advantageous to the Authority to do so, any real or personal property, or any interest therein, necessary or useful for the transit system authorized herein, except property owned by the United States, by a signatory, or any political subdivision thereof, whenever such property cannot be acquired by negotiated purchase at a price satisfactory to the Authority.

(b) Proceedings for the condemnation of property in the District of Columbia, shall be instituted and maintained under the Act of December 23, 1963 (77 Stat. 577-581, D.C. Code 1961, Supp. IV, §§ 1351-1368). Proceedings for the

condemnation of property located elsewhere within the zone shall be instituted and maintained, if applicable, pursuant to the provisions of the Act of August 1, 1888, as amended (25 Stat. 357, 40 D.S.C. 257) and the Act of June 25, 1948 (62 Stat. 935 and 937, 28 U.S.C. 1358 and 1403) or any other applicable act; provided, however, that if there is no applicable federal law, condemnation proceedings shall be in accordance with the provisions of the state law of the signatory in which the property is located governing condemnation by the highway agency of such state. Whenever the words “real property,” “realty,” “land,” “easement,” “right-of-way,” or words of similar meaning are used in any applicable federal or state law relating to procedure, jurisdiction and venue, they shall be deemed, for the purposes of this title, to include any personal property authorized to be acquired hereunder.

(c) Any award or compensation for the taking of property pursuant to this title shall be paid by the Authority, and none of the signatory parties nor any other agency, instrumentality or political subdivision thereof shall be liable for such award of compensation.

83.

(a) When advised in writing by the Northern Virginia Transportation Commission or the Washington Suburban Transit Commission that the geographical area embraced therein has been enlarged, the board, upon such terms and conditions as it may deem appropriate, shall by resolution enlarge the zone to embrace the additional area.

(b) The duration of this title shall be perpetual but any signatory thereto may withdraw therefrom upon two years’ written notice to the board.

(c) The withdrawal of any signatory shall not relieve such signatory, any transportation district, county or city or other political subdivision thereof from any obligation to the Authority, or inuring to the benefit of the Authority, created by contract or otherwise.

84.

Amendments and supplements to this title to implement the purposes thereof may be adopted by legislative action of any of the Signatory parties concurred in by all of the others. When one Signatory adopts an amendment or supplement to an existing section of the Compact, that amendment or supplement shall not be immediately effective, and the previously enacted provision or provisions shall remain in effect in each jurisdiction until the amendment or supplement is approved by the other Signatories and is consented to by Congress.

85.

The provisions of this title and of the agreements thereunder shall be severable and if any phrase, clause, sentence or provision of this title or any such agreement is declared to be unconstitutional or the applicability thereof to any signatory party, political subdivision or agency thereof is held invalid, the constitutionality of the remainder of this title or any such agreement and the applicability thereof to any other signatory party, political subdivision or agency thereof or circumstance shall not be affected thereby. It is the legislative intent that the provisions of this title be reasonably and liberally construed.

86.

This title shall be adopted by the Signatories in the manner provided by law therefor and shall be signed and sealed in four duplicate original copies. One such copy shall be filed with the Secretary of State of each of the Signatory parties or in accordance with the laws of the state in which the filing is made, and one copy shall be filed and retained in the archives of the Authority upon its organization. This title shall become effective ninety days after the enactment of concurring legislation by or on behalf of the District of Columbia, Maryland and Virginia and consent thereto by the Congress and all other acts or actions have been taken, including the signing and execution of the title by the Governors of Maryland and Virginia and the Mayor and Council of the District of Columbia.

§10–205.

(a) In accordance with and subject to the principle that, if there is substantial State financial support for the planned rapid rail mass transit system in one metropolitan area of this State, there should be substantial State financial support for the planned rapid rail mass transit system in the other metropolitan area of this State, and subject to the appropriation requirements and budgetary provisions of § 3–216(d) of this article, the Department shall provide for grants to the Washington Suburban Transit District in an amount equal to the current expenditures required of the Washington Suburban Transit District in accordance with capital contributions agreements between the Washington Metropolitan Area Transit Authority, the Washington Suburban Transit District, and other participating jurisdictions. The Washington Suburban Transit District shall consult with the Secretary of Transportation prior to the execution of any capital contributions agreement.

(b) (1) Subject to the appropriation requirements and budgetary provisions of § 3–216(d) of this article and upon receipt of an approval of a grant application in such form and detail as the Secretary shall reasonably require, the Department shall provide for annual grants to the Washington Suburban Transit

District for a share of the operating deficits of the regional transit system for which the District is responsible. "Operating deficit" means operating costs less:

(i) The greater of operating revenues or 50 percent of the operating costs; and

(ii) All federal operating assistance.

(2) The Department's share shall equal 100 percent of the operating deficit.

(3) (i) For any fiscal year in which the total Maryland operating assistance provided in the approved Washington Metropolitan Area Transit Authority budget increases by more than 3% over the total operating assistance provided in the prior fiscal year's approved Washington Metropolitan Area Transit Authority budget, the Secretary shall withhold an amount equal to 35% of the funds available under paragraphs (1) and (2) of this subsection.

(ii) For purposes of calculating a budget increase under subparagraph (i) of this paragraph, the following items may not be included:

1. The cost of any service, equipment, or facility that is required by law;

2. A capital project approved by the board of directors of the Washington Metropolitan Area Transit Authority; and

3. Any payments or obligations arising from or related to legal disputes or proceedings between or among the Washington Metropolitan Area Transit Authority and any other person.

(c) Subject to the appropriation requirements and budgetary provision of § 3-216(d) of this article, the Department shall provide for grants to the Washington Suburban Transit District in an amount equal to 75 percent of the net debt service assigned to the Washington Suburban Transit District on bonds issued by the Washington Metropolitan Area Transit Authority. In no event shall the amount of net debt service, including the refinancing of any debt, required of the Washington Suburban Transit District exceed the amount presently assigned on a year by year basis to the Washington Suburban Transit District, and payable through the year 2014. Nothing in this article shall preclude the use of bond proceeds for capital improvements and replacements of the "Adopted Regional System – 1968" revised as of January 1, 1992.

(d) (1) In accordance with and subject to the principle that, if there is substantial State financial support for rapid rail and bus transit capital replacement costs in one metropolitan area of this State, there should be substantial State financial support for the costs of similar needs in the other metropolitan area of this State, and in recognition of the fact that timely replacement of capital facilities and equipment is essential to safe and reliable transit service, the Department shall provide grants to fully fund the Washington Suburban Transit District's share of the Washington Metropolitan Area Transit Authority's capital equipment replacement programs.

(2) The grants under this subsection:

(i) Shall be made subject to the appropriation and budgetary provisions of § 3-216(d) of this article;

(ii) Shall be included in the State budget beginning in fiscal year 2000;

(iii) Notwithstanding any other provision of law, may be funded with revenues derived from:

1. Any State-enacted transportation fees or taxes; or

2. Federal transportation grants available to the State to fund transit capital equipment replacement; and

(iv) Shall be contingent on the receipt of a request by the District to the Department, based on annual capital improvements programs adopted by the Washington Metropolitan Area Transit Authority.

(e) Subject to the appropriation requirements and budgetary provisions of § 3-216(d) of this article, the Department shall provide grants from amounts derived from the Transportation Trust Fund to the Washington Suburban Transit District for the purpose of funding Maryland's required share of local funds for the Washington Metropolitan Area Transit Authority to match any federal funds appropriated in any given year authorized under Title VI, § 601, P.L. 110-432.

(f) (1) Except as provided in paragraph (2) of this subsection, the Governor shall include an appropriation in the annual budget of at least the amount specified in paragraph (4) of this subsection for the sole purpose of providing grants to the Washington Suburban Transit District to pay the capital costs of the Washington Metropolitan Area Transit Authority.

(2) (i) The Governor is not required to make the appropriation under paragraph (1) of this subsection in a fiscal year unless the Department certifies to the Governor in writing before the beginning of the immediately preceding fiscal year that the Washington Metropolitan Area Transit Authority has submitted to the Department:

1. Performance and condition assessments and reports regarding:

A. The safety and reliability of rapid heavy rail and bus systems;

B. The financial performance of the Washington Metropolitan Area Transit Authority as it relates to rail and bus operations, including fare box recovery, service per rider, and cost per service hour;

C. The monthly ridership of rail and bus systems broken down by Metrorail station, Metrorail line, bus stop, and bus line;

D. Strategies to reduce costs and improve the Washington Metropolitan Area Transit Authority's operational efficiency; and

E. The comparison of annual capital investments and approved budgets; and

2. The Washington Metropolitan Area Transit Authority's:

A. Annual budget;

B. Annual independent financial audit;

C. Annual National Transit Database profile; and

D. Individual audit reports.

38. The Commission may also prepare, publish, and distribute such other public reports and informational materials as it deems necessary or desirable.

C. Annual Independent Audit.

39. An independent annual audit shall be made of the financial accounts of the Commission. The audit shall be made by qualified certified public accountants selected by the Board, who shall have no personal interest, direct or indirect, in the financial affairs of the Commission or any of its officers or employees. The report of audit shall be prepared in accordance with generally accepted auditing principles and shall be distributed in the same manner provided by section 35. Members, employees, agents, and contractors of the Commission shall provide access to information necessary or desirable for the conduct of the annual audit.

D. Financing.

40. The Commission's operations shall be funded, independently of WMATA, by the Signatory jurisdictions and, when available, by federal funds. The Commission shall have no authority to levy taxes.

41. The Signatories shall unanimously agree on adequate funding levels for the Commission and make equal contributions of such funding, subject to annual appropriation, to cover the portion of Commission operations not funded by federal funds.

42. The Commission may borrow up to 5% of its last annual appropriations budget in anticipation of receipts, or as otherwise set forth in the appropriations budget approved by all of the Signatories, from any lawful lending institution for any purpose of this MSC Compact, including, without limitation, for administrative expenses. Such loans shall be for a term not to exceed 2 years, or at such longer term approved by each Signatory pursuant to its laws as evidenced by the written authorization by the Mayor of the District of Columbia and the Governors of Maryland and Virginia, and at such rates of interest as shall be acceptable to the Commission.

43. With respect to the District of Columbia, the commitment or obligation to render financial assistance to the Commission shall be created, by appropriation or in such other manner, or by such other legislation, as the District of Columbia shall determine; provided, that any such commitment or obligation shall be approved by Congress pursuant to the District of Columbia Home Rule Act, approved December 24, 1973 (87 Stat. 774; D.C. Official Code §§ 47–105 and 47–355.01 to 355.08 (collectively, the “Anti-Deficiency Acts”), the District cannot obligate itself to any financial commitment in any present or future year unless the necessary funds to pay that commitment have been appropriated and are lawfully available for the purpose committed. Thus, pursuant to the Anti-Deficiency Acts, nothing in the MSC Compact creates an obligation of the District in anticipation of an appropriation for such purpose, and the District’s legal liability for the payment of any amount under this MSC Compact does not and may not arise or obtain in advance of the lawful availability of appropriated funds for the applicable fiscal year.

E. Tax Exemption.

45. 47. Consistent with section 16, the filing of a petition for reconsideration shall not act as a stay upon the execution of a Commission order, or any part of it, unless the Commission orders otherwise. WMATA may appeal any adverse action on a petition for reconsideration as set forth in section 48.

G. Judicial Matters.

48. The United States District Court for the Eastern District of Virginia, Alexandria Division, the United States District Court for the District of Maryland, Southern Division, and the United States District Court for the District of Columbia shall have exclusive and original jurisdiction of all actions brought by or against the Commission and to enforce subpoenas under this MSC Compact.

H. Liability and Indemnification.

50. The Commission and its Members, Alternate Members, officers, agents, employees, or representatives shall not be liable for suit or action or for any judgment or decree for damages, loss, or injury resulting from action taken within the scope of their employment or duties under this MSC Compact, nor required in any case arising or any appeal taken under this MSC Compact to give a supersedeas bond or security for damages. Nothing in this section shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

51. The Commission shall be liable for its contracts and for its torts and those of its Members, Alternate Members, officers, agents, employees, and representatives committed in the conduct of any proprietary function, in accordance with the law of the applicable Signatory (including, without limitation, rules on conflict of laws) but shall not be liable for any torts occurring in the performance of a governmental function. The exclusive remedy for such breach of contract or tort for which the Commission shall be liable, as herein provided, shall be by suit against the Commission. Nothing contained in this MSC Compact shall be construed as a waiver by the District of Columbia, the Commonwealth of Virginia, or the State of Maryland of any immunity from suit.

K. Withdrawal and Termination.

54. Any Signatory may withdraw from this MSC Compact, which action shall constitute a termination of this MSC Compact.

55. (b) Under the terms, conditions, or restrictions that the Administrator considers proper, these agreements may provide:

(b) In the judgment of the Administrator, the benefits, privileges, and exemptions to be declared under this section shall be in the best interest of and fair and equitable to this State and its citizens, as determined on the basis and recognition of the benefits that accrue to the economy of this State from the uninterrupted flow of commerce.

§12-408.

An agreement, arrangement, or declaration made under this subtitle may contain provisions, terms, and conditions under which a leased vehicle registered by its lessor may be entitled to the exemptions, benefits, and privileges extended by the agreement, arrangement, or declaration.

§12-409.

If, as to any other jurisdiction, an agreement, arrangement, or declaration is not in effect as authorized by this subtitle, any vehicle registered or licensed in that other jurisdiction and for which evidence of compliance is supplied, shall receive, while operated in this State, the same benefits, privileges, and exemptions granted by the other jurisdiction to vehicles registered in this State. Reciprocity extended under this section applies only to vehicles that are engaged exclusively in interstate operations.

§12-410.

The provisions of this subtitle relating to proportional registration of fleet vehicles do not require any vehicle to be registered proportionally if it is otherwise registered in this State for the operation in which it is engaged, including regular registration, temporary registration, or trip permit.

§12-411.

Any agreement, arrangement, or declaration made under this subtitle may authorize the Administration to suspend or cancel the benefits, privileges, or exemptions granted under it to a person who violates any of its conditions or terms or who violates the vehicle laws or regulations of this State.

§12-412.

(a) Each agreement, arrangement, and declaration made under this subtitle and each amendment to an agreement, arrangement, or declaration:

The Administration shall provide copies of these documents for public distribution on request.

§12-413.

Every reciprocity and proportional registration agreement, arrangement, and declaration relating to vehicles and in force and effect on July 1, 1971, continues in force and effect until specifically amended or revoked as provided by law or by the agreement, arrangement, or declaration.

(ii) As a condition to issuing and delivering a certificate of title, require the applicant to execute and file with the Administration a bond in the form that the Administration approves, either accompanied by a deposit of cash with the Administration or executed also by a person authorized to conduct a surety business in this State.

(2) If a bond is required by the Administration under this subsection, the bond shall be in an amount equal to one and one-half times the value of the vehicle, as determined by the Administration, and conditioned to indemnify any former owner or person with a security interest in the vehicle and any subsequent buyer or person acquiring any security interest in the vehicle, and their respective successors in interest, against any expense, loss, or damage, including reasonable attorney's fees, by reason of the issuance of the certificate of title of the vehicle or by reason of any defect in or undisclosed security interest in the right, title, and interest of the applicant in and to the vehicle. Each of these interested persons has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of any surety to all persons may not exceed the amount of the bond. Unless the Administration has been notified that an action to recover on the bond is pending, the bond and any deposit accompanying it shall be returned either at the end of 3

years or, if the vehicle is no longer registered in this State, on the earlier request of the owner and the surrender to the Administration of the certificate of title of the vehicle.

(b) If a person has obtained a used vehicle outside of this State and, except for the fact that a certificate of inspection has not been obtained for the vehicle as required by Title 23 of this article, is entitled to register the vehicle and receive a certificate of title for it in this State, the person may apply for a certificate of title and for temporary registration of the vehicle as provided in § 23-107(b) of this article.

(c) If a certificate of title has been issued by another state for a vehicle engaged in interstate operation or if a vehicle engaged in interstate operation is registered in another state, the Administration, if it determines that it is necessary or desirable to do so, may register the vehicle in this State, without delivering a certificate of title, on submission to the Administration of the documents and supporting statements that the Administration reasonably requires and on payment of the required fees.

(iii) That the vehicle does not comply with Title 2, Subtitle 11 of the Environment Article or any regulation adopted under that subtitle.

§13-111.

(a) If a certificate of title is lost, the owner or the legal representative of the owner named in the certificate, as shown by the records of the Administration, promptly shall apply for and, after furnishing information satisfactory to the Administration and payment of the required fee, obtain a duplicate certificate of title.

§13-114.

(a) Except as otherwise provided in this section, if the interest of an owner in a vehicle for which a certificate of title has been issued passes to another person other than by voluntary transfer, the transferee shall present to the Administration the last certificate of title for the vehicle, if available.

(b) Except as otherwise provided in this section, if the interest of an owner in a vehicle for which a certificate of title has been issued passes to another person other than by voluntary transfer, the transferee shall apply for a new certificate of title.

(c) (1) The application for a new certificate of title under subsection (b) of this section shall be accompanied by such instruments or documents of authority or certified copies of them as are sufficient in law or required by law to evidence or effect a transfer of title or interest in or to chattels in such case.

(2) A written assignment of title or interest is not required if the prior owner's title or interest has passed to the transferee as a result of a judicial decree, order, or proceeding.

(d) (1) If the interest of an owner in a vehicle for which a certificate of title has been issued passes to a legatee or distributee as a result of testamentary disposition or intestate devolution:

(i) An application for a new certificate of title need not be made until the expiration of the last annual registration in the name of the deceased owner; and

(ii) The certificate of title need not be submitted to the Administration until the application for a new certificate of title is made.

(2) If title is assigned properly by the personal representative of the deceased owner, a certificate of letters testamentary or of administration issued by a court of competent jurisdiction in this State is sufficient authority for the Administration to transfer the title of the vehicle of a deceased owner.

(e) (1) The Administration may transfer on its records the ownership of a vehicle that has been repossessed by a secured party, if the secured party submits to the Administration a certification that states:

(i) That the secured party has a security interest in the vehicle;

(ii) That, on the basis of the security agreement or other lawful basis, the secured party has a right to the possession of and title to the vehicle;

(iii) That the secured party has possession of the vehicle; and

(iv) Any other information that the Administration requires.

(2) On submission of the certification to it, the Administration may issue a new certificate of title if it is satisfied that the secured party is entitled to one.

(f) In the case of a vehicle for which a certificate of title has been issued to married individuals as joint owners, if the interest in the vehicle of one of the joint owners who has died passes by operation of law to the surviving spouse:

(1) An application for a new certificate of title need not be made until the expiration of the last registration in the name of the joint owners; and

(2) The certificate of title need not be submitted to the Administration until the application for a new certificate of title is made.

§13-115.

(a) An individual who is the sole owner of a motor vehicle may apply to the Administration to designate a beneficiary to take ownership of the motor vehicle on the death of the owner.

(b) The designation of a beneficiary may be shown by the words “transfer-on-death” or the abbreviation “TOD” after the name of the registered owner on a certificate of title.

(c) (1) The designation of a beneficiary for a motor vehicle does not affect the ownership of the motor vehicle until the death of the owner of the motor vehicle.

(2) The owner of a motor vehicle may cancel or change the designation of a beneficiary at any time without the consent of the beneficiary by applying to the Administration.

(d) The designation of a beneficiary is not required to be supported by consideration, and the certificate of title of the motor vehicle for which the designation is made is not required to be delivered to the beneficiary in order for the designation to be effective.

(e) On the death of the owner of a motor vehicle who has designated a beneficiary, ownership of a motor vehicle shall pass to the beneficiary if the beneficiary survives the owner.

(f) (1) A designated beneficiary who survives the owner shall apply to the Administration for a new certificate of title for the motor vehicle.

(2) An application for a certificate of title by a beneficiary following the death of the owner shall include:

- (i) The original certificate of title designating the beneficiary;
- (ii) A death certificate for the deceased owner;
- (iii) Proof of the identity of the beneficiary; and
- (iv) Any applicable taxes or fees.

(g) If a designated beneficiary does not survive the death of the owner, the motor vehicle is part of the estate of the deceased owner.

(h) This section does not limit the rights of creditors of motor vehicle owners against beneficiaries and other transferees under other laws of this State.

(i) The Administration may charge a fee, not to exceed its costs, for issuing a certificate of title under this section.

(j) The Administration may adopt regulations to carry out this section.

§13–116.

(a) On receipt of a properly assigned certificate of title, an application for a new certificate of title, the required fee, and any other documents and information required by law, the Administration shall issue a new certificate of title in the name of the transferee as owner and mail it to him.

(b) The Administration shall:

- (1) File each surrendered certificate of title; and

(2) Maintain the file to permit the tracing of title of any vehicle designated in it.

§13-117.

(a) If the vehicle information is changed from that set forth in its certificate of title, the owner of the vehicle immediately shall notify the Administration of the change on the form that the Administration requires.

(b) If the vehicle information is changed from that set forth in the certificate of title for the vehicle, the owner of the vehicle immediately shall apply for a corrected certificate of title on the form that the Administration requires and pay any required fee.

(c) On receipt of the application, the Administration may issue a corrected certificate of title.

(d) The Administration may adopt regulations necessary to govern the issuance of corrected certificates of title.

§13-118.

(a) If the name of any individual who has applied for or obtained a certificate of title is later changed by marriage or by court order, or if the name of any other person who has applied for or obtained a certificate of title is later changed as provided by law, the person shall, within 30 days of the change, notify the Administration of the former name and the new name on the form that the Administration requires.

(b) If the name of any individual who has applied for or obtained a certificate of title is later changed by marriage or court order, or if the name of any other person who has applied for or obtained a certificate of title is later changed as provided by law, the person shall, within 30 days of the change, apply for a corrected certificate of title on the form that the Administration requires.

(c) On receipt of the application, the Administration shall issue a corrected certificate of title for a fee established by the Administration.

§13-119.

An exclusion or modification from implied warranties of a motor vehicle under § 2-316.1(4) of the Commercial Law Article shall be on a form provided by the Administration.

§13–201.

(a) In this subtitle, “perfected”, as used in reference to a security interest, means that it is valid against third parties generally, subject only to specific statutory exceptions.

(b) This subtitle does not apply to or affect:

(1) Any lien given by statute or rule of law to a supplier of services or materials for a vehicle;

(2) Any lien given by statute to the United States, this State, or any political subdivision of this State;

(3) Any security interest in a vehicle during any period in which the vehicle is inventory held for sale or lease by a person or leased by that person as lessor and that person is in the business of selling vehicles;

(4) Any lien arising out of an attachment of a vehicle;

(5) Any security interest claimed on proceeds, as that term is defined in Title 9 of the Commercial Law Article (Maryland Uniform Commercial Code -- Secured Transactions), if the original security interest did not have to be noted on the certificate of title in order to be perfected; or

(6) Any vehicle for which a certificate of title is not required under this title.

§13–202.

(a) Unless excepted by § 13-201 of this subtitle, a security interest in a vehicle is not valid against any creditor of the owner or any subsequent transferee or secured party unless the security interest is perfected as provided in this subtitle.

(b) (1) A security interest is perfected by:

(i) Delivery to the Administration of every existing certificate of title of the vehicle and an application for certificate of title on the form and containing the information about the security interest that the Administration requires; and

(ii) Payment of a filing fee established by the Administration, which is in addition to any other fees that apply under the Maryland Vehicle Law.

(2) The security interest is perfected at the time of the delivery and payment.

(c) (1) If a vehicle already is subject to a security interest when brought into this State, the validity of that security interest in this State is determined by the law (including the conflict of law rules) of the jurisdiction where the vehicle was located when the security interest attached, subject to the provisions of this subsection.

(2) If, at the time the security interest attached, the parties to the transaction understood that the vehicle would be kept in this State, and if, within 30 days after the security interest attached, the vehicle was brought into this State for purposes other than transportation through this State, the validity of the security interest in this State is determined by the laws of this State.

(3) If, before the vehicle was brought into this State, the security interest already was perfected under the laws of the jurisdiction where the vehicle was located when the security interest attached, the following rules apply:

(i) If the name of the secured party is shown on an existing certificate of title issued by that jurisdiction, the security interest continues perfected in this State; and

(ii) If the name of the secured party is not shown on an existing certificate of title issued by that jurisdiction and if the law of that jurisdiction does not provide for certificates of title disclosing security interests, the security interest continues perfected in this State for 4 months and thereafter if, within the 4-month period, it is perfected in this State, but this security interest also may be perfected in this State after the expiration of the 4-month period, in which case perfection dates from the time of perfection in this State.

(4) If, before the vehicle was brought into this State, the security interest was not perfected under the law of the jurisdiction in which the vehicle was located when the security interest attached, it may be perfected in this State, in which case perfection dates from the time of perfection in this State.

(d) A secured party under this subtitle may obtain from the Administration a duplicate of the security interest filing as provided in § 13-953 of this title.

(e) Priority of a security interest in a vehicle perfected as provided under this section is governed by Title 9 of the Commercial Law Article, including § 9-317(e).

§13–203.

(a) If an owner creates a security interest in a vehicle, the provisions of this section apply.

(b) The owner immediately shall execute the application in the space provided for this purpose on the certificate of title or on the separate form that the Administration otherwise requires, naming the secured party on the certificate of title and showing the name and address of the secured party, the amount of the security interest, and the date of his security agreement.

(c) The owner immediately shall deliver the certificate of title and application to the Administration.

(d) (1) At the time of delivery of the documents required by this section to the Administration, the secured party shall pay to the Administration the same filing fee as is required for perfection of the security interest under § 13-202 of this subtitle.

(2) The security interest is perfected at the time of its creation, if the delivery and payment to the Administration are completed within 10 days of the date of its creation. Otherwise, the security interest is perfected at the time of the delivery and payment.

(e) On receipt of the certificate of title, the application, and the required filing fee, the Administration shall:

(1) Endorse the existing certificate of title or a new certificate issued by it with the name and address of each secured party; and

(2) Deliver the endorsed certificate of title to the owner named on it.

§13-204.

(a) A secured party may assign, absolutely or otherwise, any part of his security interest in a vehicle to a person other than its owner, without affecting the interest of the owner or the validity of the security interest. However, any person without notice of the assignment is protected in dealing with the secured party as the holder of the security interest, and the secured party remains liable for any obligations as secured party until the assignee is named as secured party on the certificate of title.

(b) (1) The assignee shall deliver to the Administration the certificate of title, if available, and an assignment by the secured party named in the certificate of

title in the form that the Administration requires, accompanied by the same filing fee as is required for perfection of the security interest under § 13-202 of this subtitle.

(2) The assignee's security interest is perfected at the time of its creation, if the delivery and payment to the Administration are completed within 10 days of the date of its creation. Otherwise, the security interest is perfected at the time of the delivery and payment.

§13-205.

(a) When a security interest in a vehicle is satisfied, the secured party shall execute a release of the security interest on the form that the Administration requires.

(b) When a security interest in a vehicle is satisfied, the secured party shall immediately deliver copies of the release to:

- (1) The owner;
- (2) The Administration; and

(3) A dealer licensed under Title 15, Subtitle 3 of this article who, on behalf of the owner, pays off the security interest if the owner authorizes the secured party in writing to deliver a copy of the release to the dealer.

(c) After it receives a release and the certificate of title, the Administration shall release the secured party's right on the certificate of title or issue a new certificate of title.

(d) (1) If, after notice to all interested parties and a hearing, the Administration determines that an indebtedness does not constitute a security interest, it shall:

- (i) Release the indebtedness on the certificate of title; or
- (ii) Issue a new certificate of title and deliver the certificate to

the owner.

(2) Any person aggrieved by the decision of the Administration may appeal in accordance with the provisions of the Administrative Procedure Act.

§13-206.

On written request of the vehicle owner, a secured party named in a certificate of title shall disclose any pertinent information as to the security agreement and the indebtedness secured, as provided in § 9-208 of the Commercial Law Article.

§13-207.

The method provided in this subtitle of perfecting and giving notice of security interests is exclusive.

§13-209.

(a) The Administration shall maintain an Assurance Fund and deposit in it the filing fees collected under this subtitle.

(b) When the Assurance Fund reaches \$25,000, any money in excess of that amount shall be transferred to the Transportation Trust Fund.

§13-210.

(a) (1) If an omission or error in the filing, recording, or indexing of a security interest has been made by an employee of the Administration in the course of employment and, as a result of the omission or error, any interested person has sustained loss or damage, the person may file a claim with the Administration for payment of the loss or damage out of the Assurance Fund maintained under § 13-209 of this subtitle. The claim for payment shall include a request for a hearing on the matter and shall be made in the manner and on the form that the Administration requires.

(2) A claim for payment under this section may not be made unless it is filed with the Administration within 3 years from the date the cause of action arose.

(3) The amount of payment made for a claim under this section may not exceed \$100,000.

(4) Payment for a single claim may not be made from both the Assurance Fund and from the State Insurance Trust Fund under § 12-104 of the State Government Article.

(b) After notice to all interested parties and a hearing on the claim, the Administration may:

(1) Order that any loss or damage sustained by the claimant be paid out of the Assurance Fund, subject to the limitations set forth in this section; or

(2) Order that the claim be dismissed and deny payment of the claim.

(c) (1) Any aggrieved party to a hearing under this section may appeal from the decision of the Administration as follows:

(i) To the circuit court for the county in which the party resides or has his principal place of business; or

(ii) If the party does not reside or have a principal place of business in this State, to the Circuit Court for Anne Arundel County.

(2) The circuit court to which an appeal is made under this section has jurisdiction to examine the facts of the case and to determine if the claimant is entitled under this section to recover for any loss or damage. The Administration shall pay the amount of any judgment recovered against the Assurance Fund up to the amount of the security interest to which the claim relates.

(d) The Assurance Fund is not liable under any circumstances for:

(1) Any loss or damage that exceeds the amount of the security interest to which the claim relates; or

(2) Any loss or damage that results from:

(i) The claimant's breach of any trust, whether expressed, implied, or constructive;

(ii) The improper use of the seal of any corporation to deal with the property or interest involved or to execute or take the benefit of the instrument recorded; or

(iii) The recording of an instrument executed by a person under legal disability, unless the fact of the disability is disclosed on the instrument.

(e) If, in an appeal against the Administration, judgment is given in favor of the Administration or the appeal is dismissed at the request of the claimant, the claimant shall pay the full costs of the appeal.

§13-211.

(a) In this section, "terminal rental adjustment clause" means a provision in a contract permitting or requiring the rental price of a motor vehicle or trailer to

be adjusted either upward or downward by reference to the amount realized upon sale or other disposition of the motor vehicle or trailer.

(b) Nothing in this section exempts a motor vehicle or trailer from the payment of any fees or taxes required at the time of titling a vehicle under the Maryland Vehicle Law.

(c) Notwithstanding any other provision of law, in the case of a motor vehicle or trailer that is not leased, or used, primarily for personal, family, or household purposes, a transaction does not create a sale or security interest merely because the contract on which the transaction is based contains a terminal rental adjustment clause.

§13-401.

(b) (1) If a vehicle is not registered, a person may not drive the vehicle on a highway in this State.

(i) Public alley, street, or highway; or

(ii) Private property used by the public in general, including parking lots of shopping centers, condominiums, apartments, or town house developments.

(3) The provisions of paragraph (2) of this subsection do not apply to a motor vehicle that is exempt from registration under this section or § 13-402.1 of this subtitle.

(b) Except as otherwise expressly authorized in this title, the Administration may not register or renew the registration of a vehicle unless the Administration has issued to the owner a certificate of title of the vehicle or has received an application for the certificate of title.

(c) Registration under this subtitle is not required for:

(1) A vehicle that is driven on a highway:

(i) The vehicle is being used as an incidental part of harvesting operations within a distance of not more than 35 miles from the source of the crop; and

(ii) The owner of the vehicle has obtained an exemption permit for the vehicle, as provided in this subsection.

(c) A manufacturer, distributor, or factory branch, whether directly or through an agent, employee, affiliate, or representative, may not coerce any dealer to order or accept delivery of any vehicle, any equipment, parts, or accessories for a vehicle, or any other commodity that is not required by law or by the dealer’s franchise or that was not ordered voluntarily by the dealer.

(d) A manufacturer, distributor, or factory branch, whether directly or through an agent, employee, affiliate, or representative, may not require or coerce a dealer, by franchise agreement or otherwise, or as a condition to the renewal or continuation of a franchise agreement, to:

(1) Exclude from the use of the dealer's facilities a dealership for which the dealer has a franchise agreement to utilize the facilities; or

- B. Geographic characteristics, such as natural boundaries, road conditions, and terrain, that affect car and truck shopping patterns.

(ii) A dealer that claims that the assignment of a market area or application of a performance standard, sales objective, or program for measuring dealership performance is unfair or unreasonable due to the manufacturer, distributor, or factory branch failing to reasonably consider demographic characteristics of the population in the dealer's assigned market area, including car and truck preferences of consumers, or due to the geographic characteristics, such as natural boundaries, road conditions, and terrain, that affect car and truck shopping patterns in the dealer's assigned marketing area, may file a claim in a court of

competent jurisdiction to determine whether the design of the assigned market area or the application of the performance standard, sales objective, or program is unfair or unreasonable under this paragraph.

(iii) A manufacturer, distributor, or factory branch has the burden of proving that the design of the assigned market area, or the performance standard, sales objective, or program for measuring dealership performance is fair and reasonable under this paragraph.

(ii) Approval of the individual may not be withheld by the manufacturer, distributor, or factory branch unless the individual is unfit due to lack of good moral character or fails to meet reasonable general business experience requirements.

(2) A dealer shall have a reasonable amount of time to:

(i) Designate a representative or a successor if a change is required for any reason; and

(ii) Obtain approval of the representative or successor designated under item (i) of this paragraph, including time for a hearing, in the event of any objection by the manufacturer, distributor, or factory branch.

(3) At a hearing resulting from an objection to the approval of the designated individual, the manufacturer, distributor, or factory branch has the burden of proving that the designated individual is not of good moral character or fails to meet reasonable general business experience requirements.

(h) (1) (i) Any consumer rebates, dealer incentives, price or interest rate reductions, or finance terms that a manufacturer, distributor, or factory branch offers or advertises, or allows its dealers to offer or advertise, shall be offered to all dealers of the same line make.

(ii) Any manufacturer, distributor, or factory branch that denies the benefit of any consumer rebates, dealer incentives, price or interest rate reductions, or finance terms to a dealer on the basis that the dealer failed to comply with performance standards has the burden of proving that the performance standards comply with the provisions of this section.

(2) Unless a dealer violates a State or local law intended to protect the public, a manufacturer, distributor, or factory branch may not:

(i) Require a dealer to alter or replace an existing dealership facility; or

(ii) Deny, or threaten to deny, any benefit generally available to all dealers for a dealer's failure to alter or replace an existing dealership facility.

(iii) Participate in a floor plan or other financing arrangement.

(i) A manufacturer, distributor, or factory branch may offer rebates, cash incentives, or other promotional items for the sale of a vehicle by its dealers if:

(1) The same rebate, cash incentive, or promotion is offered to all of its dealers of the same line make; and

(2) Any rebate, cash incentive, or promotion that is based on the sale of an individual vehicle is not increased for meeting a performance standard unless the standard is reasonable considering all existing circumstances.

(j) A manufacturer, distributor, or factory branch may not discriminate among its dealers in any program that provides assistance to its dealers, including Internet listings, sales leads, warranty policy adjustments, marketing programs, and dealer recognition programs.

(k) (1) This subsection does not apply to:

from a vendor that is selected, identified, or designated by the manufacturer, distributor, factory branch, or one of its affiliates.

(ii) A manufacturer, distributor, factory branch, or one of its affiliates may offer a dealer the option to obtain goods or services under this subsection of substantially similar quality and design from a vendor chosen by the dealer subject to the advanced approval of the manufacturer, distributor, factory branch, or one of its affiliates.

(3) A manufacturer, distributor, factory branch, or one of its affiliates may not unreasonably withhold the approval required under paragraph (2) of this subsection.

(4) Nothing in this subsection may be construed to allow a dealer or vendor to:

(i) Directly or indirectly eliminate or impair in any way a manufacturer's intellectual property, trademark, or trade dress rights; or

(ii) Erect or maintain signs that do not conform to the intellectual property usage guidelines of the manufacturer, distributor, factory branch, or one of its affiliates.

(3) (i) An applicant for approval of a sale, assignment, or transfer of ownership of a dealership or an existing dealer denied the sale, assignment, or transfer may institute an action for damages in the circuit court for the county in which the dealer's principal place of business is located, if:

1. The existing dealer does not request a hearing by the Administrator; and

2. The action taken in violation of this section to deny the sale, assignment, or transfer of ownership or the change in executive management or the condition imposed on the sale, assignment, or transfer is the proximate cause of the failure of the contract for the sale, assignment, or transfer of ownership of the dealership.

(ii) An action for damages under this section must be instituted within 2 years of the violation of this section.

(c) If a manufacturer, distributor, or factory branch believes that good cause exists for refusing to honor the succession, the manufacturer, distributor, or factory branch may, within 60 days after receipt of the notice of the designated family member's intent to succeed the dealer or, if the manufacturer, distributor, or factory branch requested personal or financial data, within 60 days after the receipt of the

requested data, provide written notice to the designated family member of the manufacturer, distributor, or factory branch's refusal to approve the succession.

(d) The notice of the manufacturer, distributor, or factory branch provided in accordance with subsection (c) of this section shall state the specific grounds for the refusal to approve the succession and that discontinuance of the franchise agreement shall take effect not less than 90 days after the date the notice is provided.

(e) If written notice of refusal is not provided in accordance with subsection (c) of this section, the franchise agreement shall continue in effect and shall be subject to termination only as otherwise permitted by this title.

(f) This section does not preclude a dealer from designating any person as the dealer's successor by written instrument filed with the manufacturer, distributor, or factory branch. If a written instrument is filed, the instrument alone shall determine the succession rights to the management and operation of the dealership.

(g) (1) This section applies only to a dealer who is an individual.

(2) In the event of the incapacity or death of an individual designated to act as a representative of a dealer that is an entity under § 15-207(g) of this subtitle, the procedure for replacement of the individual shall be as provided in § 15-207(g) of this subtitle.

(iii) 1. A dealer may not make a submission under this subsection more than once in 1 year.

2. For purposes of subparagraph 1 of this subparagraph, a revision or supplement to a submission to correct or clarify the submission does not constitute a new submission.

- (i) Accessories;
- (ii) Repairs for manufacturer, distributor, or factory branch special events, promotions, or service campaigns;

(ii) The licensee shall approve or rebut the dealer's submission within 30 days of receipt.

(iii) If the licensee approves a dealer's submission, the licensee shall begin compensating the dealer under the schedule within 30 days after the date of approval.

(iv) In the absence of a timely rebuttal by the licensee, the schedule of compensation submitted by the dealer shall go into effect on the 31st day following the licensee's receipt of the schedule.

(v) Any rebuttal of the schedule of compensation by the licensee shall:

1. Be delivered to the dealer within 30 days of the licensee's receipt of the schedule; and

2. Consist of reasonable substantiating evidence that the declared rate is materially inaccurate.

(vi) In the event of a timely rebuttal, on resolution of the matter by agreement of the parties or by administrative, judicial, or other action, a licensee's payment obligations under the resulting schedule of compensation shall begin on the 31st day following a final order unless otherwise provided for by the fact finder.

(vii) 1. To the extent that any action commenced under subsection (d) of this section or § 15-213 or § 15-214 of this subtitle involves the application of paragraph (3) of this subsection, the issues shall be limited to whether the labor rate or parts mark-up percentage stated in the dealer's submission was materially inaccurate.

(vi) Advise the person of the administrative sanctions that shall be imposed in the event of failure to request a hearing, failure to attend a requested hearing, or upon an adverse finding by the hearing officer;

(vii) Inform the person that, if the person refuses a test or takes a test that indicates an alcohol concentration of 0.08 or more at the time of testing, the person may participate in the Ignition Interlock System Program under § 16–404.1 of this title instead of requesting a hearing under this paragraph, if the following conditions are met:

(vi) A disqualification imposed under subparagraph (ii) or (iii) of this paragraph shall be for a period of 1 year for a first offense, 3 years for a first offense which occurs while transporting hazardous material required to be placarded,

and life for a second or subsequent offense which occurs while operating or attempting to operate any commercial motor vehicle.

(vii) A disqualification of a commercial instructional permit or a commercial driver's license is not subject to any modifications, nor may a restricted commercial instructional permit or commercial driver's license be issued in lieu of a disqualification.

(viii) A disqualification for life may be reduced if permitted by § 16-812(d) of this title.

(g) Instead of requesting a hearing or on a suspension or revocation under subsection (f) of this section, a person may request to participate in the Ignition Interlock System Program under § 16-404.1 of this title if:

(1) The person's driver's license is not currently suspended, revoked, canceled, or refused; and

(2) Within the same time limits set forth in subsection (f) of this section, the person:

(i) Surrenders a valid Maryland driver's license or signs a statement certifying that the driver's license is no longer in the person's possession; and

(ii) Elects in writing to participate in the Ignition Interlock System Program for:

1. 180 days for an offense of a test result indicating an alcohol concentration of at least 0.08 but not more than 0.14;

2. 1 year for an offense of a test result indicating an alcohol concentration of 0.15 or more; or

3. 1 year for an offense of a test refusal.

(h) (1) An initial refusal to take a test that is withdrawn as provided in this subsection is not a refusal to take a test.

(2) A person who initially refuses to take a test may withdraw the initial refusal and subsequently consent to take the test if the subsequent consent:

(i) Is unequivocal;

(ii) Does not substantially interfere with the timely and efficacious administration of the test; and

(iii) Is given by the person:

1. Before the delay in testing would materially affect the outcome of the test; and

2. A. For the purpose of a test for determining alcohol concentration, within 2 hours of the person's apprehension; or

B. For the purpose of a test for determining the drug or controlled dangerous substance content of the person's blood, within 4 hours of the person's apprehension.

(3) In determining whether a person has withdrawn an initial refusal for the purposes of paragraph (1) of this subsection, among the factors that the Administration shall consider are the following:

(i) Whether the test would have been administered properly:

1. For the purpose of a test for determining alcohol concentration, within 2 hours of the person's apprehension; or

2. For the purpose of a test for determining the drug or controlled dangerous substance content of the person's blood, within 4 hours of the person's apprehension;

(ii) Whether a qualified person, as defined in § 10-304 of the Courts Article, to administer the test and testing equipment were readily available;

(iii) Whether the delay in testing would have interfered with the administration of a test to another person;

(iv) Whether the delay in testing would have interfered with the attention to other duties of the arresting officer or a qualified person, as defined in § 10-304 of the Courts Article;

(v) Whether the person's subsequent consent to take the test was made in good faith; and

(vi) Whether the consent after the initial refusal was while the person was still in police custody.

(4) In determining whether a person has withdrawn an initial refusal for the purposes of paragraph (1) of this subsection, the burden of proof rests with the person to establish by a preponderance of the evidence the requirements of paragraph (2) of this subsection.

(i) Notwithstanding any other provision of this section, if a driver's license is suspended based on multiple administrative offenses of refusal to take a test, or a test to determine alcohol concentration taken that indicated an alcohol concentration of 0.08 or more at the time of testing, or any combination of these administrative offenses committed at the same time, or arising out of circumstances simultaneous in time and place, or arising out of the same incident, the Administration:

(1) Shall suspend the driver's license for the administrative offense that results in the lengthiest period of suspension; and

(2) May not impose any additional periods of suspension for the remainder of the administrative offenses.

(j) Notwithstanding any other provision of this section, a test for drug or controlled dangerous substance content under this section:

(1) May not be requested as described under subsection (b) of this section, required as described under subsection (c) of this section, or directed as described under subsection (d) of this section, by a police officer unless the law enforcement agency of which the officer is a member has the capacity to have such tests conducted;

(2) May only be requested as described under subsection (b) of this section, required as described under subsection (c) of this section, or directed as described under subsection (d) of this section, by a police officer who is a trainee, has been trained, or is participating directly or indirectly in a program of training that is:

(i) Designed to train and certify police officers as drug recognition experts; and

(ii) Conducted by a law enforcement agency of the State, or any county, municipal, or other law enforcement agency in the State described in item (3)(i)1 through 12 of this subsection:

1. In conjunction with the National Highway Traffic Safety Administration; or

2. As a program of training of police officers as drug recognition experts that contains requirements for successful completion of the

training program that are the substantial equivalent of the requirements of the Drug Recognition Training Program developed by the National Highway Traffic Safety Administration; and

(3) May only be requested as described under subsection (b) of this section, required as described under subsection (c) of this section, or directed as described under subsection (d) of this section:

(i) In the case of a police officer who is a trainee, or who is participating directly or indirectly in a program of training described in item (2) of this subsection, if the police officer is a member of, and is designated as a trainee or a participant by the head of:

(k) If the Administration imposes a suspension, revocation, or disqualification after a hearing, the person whose license or privilege to drive has been suspended, revoked, or disqualified may appeal the final order of suspension or revocation as provided in Title 12, Subtitle 2 of this article.

(l) (1) Subject to § 16–812(p) of this title, this section does not prohibit the imposition of further administrative sanctions if the person is convicted for any violation of the Maryland Vehicle Law arising out of the same occurrence.

(2) This subsection may not be construed as limiting the provisions of § 16–404.1(m) of this title.

(m) (1) The determination of any facts by the Administration is independent of the determination of the same or similar facts in the adjudication of any criminal charges arising out of the same occurrence.

(2) The disposition of those criminal charges may not affect any suspension imposed under this section.

(n) (1) Except as otherwise provided in this subsection, a suspension imposed under this section may not be stayed by the Administration pending appeal.

(2) If the person files an appeal and requests in writing a stay of a suspension imposed under this section, the Director of the Division of Administrative Adjudication of the Administration may stay a suspension imposed under this section.

(o) (1) This subsection applies only to a licensee who takes a test that indicates an alcohol concentration of at least 0.08 but less than 0.15 and did not elect to participate in the Ignition Interlock System Program.

(2) The Administration may modify a suspension under this section or issue a restricted license if the Administration finds that:

(i) The licensee is required to drive a motor vehicle in the course of employment;

(v) The license is required for the purpose of attending a noncollegiate educational institution as defined in § 2-206(a) of the Education Article or a regular program at an institution of postsecondary education.

(p) (1) This subsection applies only to a licensee who:

(i) Refused to take a test; or

(ii) Took a test that indicated an alcohol concentration of 0.15 or more at the time of testing.

(2) The Administration may modify a suspension under this section or issue a restricted license only if the licensee participates in the Ignition Interlock System Program for 1 year.

(q) (1) If the Administration modifies a suspension under this section or issues a restricted license on condition that the licensee participate in the Ignition Interlock System Program and the licensee does not successfully complete the Program, the Administration shall suspend the licensee's driver's license or driving privilege for the full period of suspension specified in this section for the applicable violation.

(b) The police officer requesting the preliminary breath test shall advise the person to be tested that neither a refusal to take the test nor the taking of the test shall prevent or require a subsequent chemical test pursuant to § 16-205.1 of this subtitle.

(c) The results of the preliminary breath test shall be used as a guide for the police officer in deciding whether an arrest should be made and may not be used as evidence by the State in any court action. The results of the preliminary breath test may be used as evidence by a defendant in a court action. The taking of or refusal to submit to a preliminary breath test is not admissible in evidence in any court action. Any evidence pertaining to a preliminary breath test may not be used in a civil action.

(d) Refusal to submit to a preliminary breath test shall not constitute a violation of § 16-205.1 of this subtitle and the taking of a preliminary breath test shall not relieve the individual of the obligation to take the test required under § 16-205.1 of this subtitle if requested to do so by the police officer.

Article I

Findings and Declaration of Policy

(a) The party states find that:

(1) The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles.

(2) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.

(3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.

(b) It is the policy of each of the party states to:

(1) Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.

(2) Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

Article II

Definitions

As used in this Compact:

(a) "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(b) "Home state" means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.

(c) "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such

offense, and which conviction or forfeiture is required to be reported to the licensing authority.

Article III

Reports of Conviction

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond or other security; and shall include any special findings made in connection therewith.

Article IV

Effect of Conviction

(a) The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this Compact, as it would if such conduct had occurred in the home state, in the case of convictions for:

- (1) Manslaughter or negligent homicide resulting from the operation of a motor vehicle;
- (2) Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;
- (3) Any felony in the commission of which a motor vehicle is used;
- (4) Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

(b) As to any other convictions, reported pursuant to Article III, the licensing authority in the home state shall record the conviction on the individual's driving record, but may not assess points for the conviction.

(c) If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision (a) of this

article, such party state shall construe the denominations and descriptions appearing in subdivision (a) hereof as being applicable to and identifying those offenses or violations of a substantially similar nature, and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this article.

Article V

Applications for New Licenses

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

(1) The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.

(2) The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of 1 year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

(3) The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

Article VI

Applicability of Other Laws

Except as expressly required by provisions of this Compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a nonparty state.

Article VII

Compact Administrator and Interchange of Information

(a) The head of the licensing authority of each party state shall be the administrator of this Compact for his state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this Compact.

(a) This Compact shall enter into force and become effective as to any state when it has enacted the same into law.

(b) Any party state may withdraw from this Compact by enacting a statute repealing the same, but no such withdrawal shall take effect until 6 months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. (d) A person who is convicted of a violation of subsection (a) of this section is subject to a fine not to exceed \$25.

§22-202.

(a) Whenever a requirement is declared in this subtitle as to distance from which certain lamps and devices shall render objects visible or within which the lamps or devices shall be visible, the requirement applies during the times stated in § 22-201.1 of this subtitle in respect to a vehicle without a load when on a straight, level, unlighted highway under normal atmospheric conditions, unless a different time or condition is expressly stated.

(b) Whenever a requirement is declared in this subtitle as to the mounted height of lamps or devices, it means from the center of the lamp or device to the level ground on which the vehicle stands when the vehicle is without a load.

§22-203.

(a) In this section, the term “motorcycle” includes Class M (multipurpose) vehicles that are designated by the Administrator.

(b) Every motor vehicle, other than a motorcycle, shall be equipped with at least two headlamps with at least one on each side of the front of the motor vehicle, which headlamps shall emit white light and comply with the requirements and limitations set forth in this title.

(c) Every motorcycle shall be equipped with at least one and not more than two headlamps that comply with the requirements and limitations of this title.

(b) Every motor vehicle, trailer, semitrailer, and pole trailer, and any other vehicle that is being drawn at the end of a combination of vehicles, and that was manufactured or assembled before June 1, 1971, shall have at least 1 tail lamp mounted on the rear which, when lighted as required in § 22-201.1 of this subtitle, shall emit a red light plainly visible from a distance of at least 300 feet to the rear.

(c) On a combination of vehicles, only the tail lamps on the rearmost vehicle need actually be seen from the distance specified in subsections (a) and (b) of this section.

(d) On vehicles equipped with more than 1 tail lamp, the lamps shall be mounted on the same level and as widely spaced laterally as practicable.

(e) Every tail lamp on every vehicle shall be located at a height of not more than 72 inches nor less than 20 inches.

(f) Either a tail lamp or a separate lamp shall be constructed and placed to illuminate, with a white light, the rear registration plate and render it clearly legible from a distance of 50 feet to the rear. Any tail lamp or tail lamps, together with any separate lamp or lamps for illuminating the rear registration plate, shall be wired to be lighted whenever the head lamps or auxiliary driving lamps are lighted.

(g) Notwithstanding any provision of this section to the contrary, special mobile equipment that is being drawn at the end of a combination of vehicles is not required to be equipped with tail lamps unless:

(1) The special mobile equipment obstructs the tail lamps, stop lamps, turn signals, or, except for the registration plate lamp, any lamps of the towing vehicle required by law to be visible from the rear; or

(2) The special mobile equipment extends more than 12 feet from the rear of the towing vehicle.

§22-205.

(a) (1) After July 1, 1971, every motor vehicle, trailer, semitrailer, and pole trailer, and any special mobile equipment being towed, shall carry on the rear, either as part of the tail lamps or separately, two or more red reflectors meeting the requirements of this section, except that:

(i) Motorcycles shall carry at least one reflector; and

(ii) Vehicles of the types mentioned in § 22-208 of this subtitle shall be equipped with reflectors meeting the requirements of §§ 22-210 and 22-211(a) and (b) of this subtitle.

(2) Before this date every vehicle, trailer, or semitrailer, including devices moved by muscular power, shall carry on the rear at least one reflector, and after this date, every vehicle mentioned in this paragraph that is not mentioned in paragraph (1) of this subsection shall carry on the rear at least one reflector.

(b) Every reflector shall be mounted on the vehicle at a height of not more than 60 inches nor less than 15 inches and shall be of such size and characteristics and so mounted as to be visible at night from all distances within 600 feet to 100 feet from the vehicle when directly in front of lawful upper beams of headlamps, except that visibility from a greater distance is hereinafter required of reflectors on certain types of vehicles. When two reflectors are required they shall be as widely spaced laterally as practicable.

§22-206.

(a) Every motor vehicle, trailer, semitrailer, and pole trailer shall be equipped with at least one stop lamp meeting the requirements of § 22-219(a) of this subtitle, and the following vehicles shall meet the following additional requirements:

(1) Motorcycles need not be equipped with electric turn signal lamps; and

(2) The requirements of this section apply only to those trailers, semitrailers, and pole trailers that are registered in this State and sold as new vehicles on or after July 1, 1971.

(c) Any special mobile equipment that is being towed shall be equipped with at least 2 stop lamps that meet the requirements of § 22-219(a) of this subtitle and

electric turn signals that meet the requirements of § 22-219(b) of this subtitle if the special mobile equipment:

- (1) Obstructs the tail lamps, stop lamps, turn signals, or except for the registration plate lamp, any lamp of the towing vehicle required by law to be visible from the rear; or
- (2) Extends more than 12 feet from the rear of the towing vehicle.

§22-208.

(a) In addition to the other equipment required by this title, including §§ 22-203, 22-204, 22-205, and 22-206, the vehicles mentioned in this section, when operated on any highway, shall be equipped as stated in this section. All required lamp equipment shall be lighted at the times mentioned in § 22-201.1 of this subtitle. The reflectors elsewhere enumerated for these vehicles shall conform to the requirements of § 22-211(a) and (b) of this subtitle.

(b) (1) Buses and trucks 80 inches or more in overall width shall have:

(i) On the front, two clearance lamps, one at each side, and on those manufactured or assembled after June 1, 1971, three identification lamps meeting the specifications of subsection (c) of this section;

(iv) On each side, two reflectors, one at or near the front and one at or near the rear.

(3) Truck tractors shall have on the front, two cab clearance lamps, one at each side, and after June 1, 1971, all of these vehicles shall have in addition three identification lamps meeting the specifications of subsection (c) of this section.

(4) Motor vehicles, trailers, semitrailers, and pole trailers 30 feet or more in overall length shall have on each side, one amber side marker lamp and one amber reflector, centrally located with respect to the length of the vehicle.

(5) Pole trailers shall have:

(i) On each side, one amber side marker lamp at or near the front of the load;

(ii) One amber reflector at or near the front of the load; and

(iii) On the rearmost support for the load, one combination marker lamp showing amber to the front and red to the rear and side, mounted to indicate maximum width of the pole trailer.

(c) Whenever identification lamps are required or permitted by this title, they shall be grouped in a horizontal row, with lamp centers spaced not less than 6 nor more than 12 inches apart, and mounted on the permanent structure of the vehicle as close as practicable to the vertical centerline. However, where the cab of a vehicle is not more than 42 inches wide at the front roof line, a single identification lamp at the center of the cab complies with the requirements for front identification lamps.

§22-209.

(a) Front clearance lamps, identification lamps, and those marker lamps and reflectors mounted on the front or on the side near the front of a vehicle shall display or reflect an amber color.

(b) Rear clearance lamps, identification lamps, and those marker lamps and reflectors mounted on the rear or on the sides near the rear of a vehicle shall display or reflect a red color.

§22-210.

(a) Reflectors required by § 22-208 of this subtitle shall be mounted at a height of not more than 60 inches nor less than 15 inches above the ground on which the vehicle stands. However, if the highest part of the permanent structure of the vehicle is less than 15 inches, the reflector at that point shall be mounted as high as that part of the permanent structure will permit.

(b) The rear reflectors on a pole trailer may be mounted on each side of the bolster or load.

(c) Any required red reflector on the rear of a vehicle may be incorporated with the tail lamp, but the reflector shall meet all the other reflector requirements of this title.

(d) Clearance lamps shall be mounted so as to indicate the extreme width of the motor vehicle, not including mirrors, and as near the top of the vehicle as practicable.

(e) When rear identification lamps are mounted at the extreme height of the vehicle, rear clearance lamps may be mounted at an optional height.

(f) When mounting of front clearance lamps at the highest point of a trailer results in those lamps failing to mark the extreme width of the trailer, they may be mounted at an optional height, but must indicate the extreme width of the trailer.

(g) Clearance lamps on truck tractors shall be so located as to indicate the extreme width of the truck tractor cab.

(h) Clearance lamps and side marker lamps may be mounted in combination if illumination is given as required in this subtitle with reference to both. However, no clearance lamp may be combined with any tail lamp or identification lamp.

§22-211.

(a) Every reflector on any vehicle referred to in § 22-208 of this subtitle shall be of such size and characteristics and so maintained as to be readily visible at nighttime from all distances within 600 feet to 100 feet from the vehicle when directly in front of lawful upper beams of headlamps.

(b) Reflectors required to be mounted on the sides of the vehicle shall reflect the required color of light to the sides, and those mounted on the rear shall reflect a red color to the rear.

(d) Side marker lamps shall be capable of being seen and distinguished under normal atmospheric conditions, at the times lights are required, at all distances between 500 and 50 feet from the side of the vehicle on which they are mounted.

§22-212.

Whenever motor and other vehicles are operated in combination during the time that lights are required, any lamp (except tail lamps) that, by reason of its location on a vehicle of the combination, would be obscured by another vehicle of the combination, need not be lighted. However, this does not affect the requirement that lighted clearance lamps be displayed on the front of the foremost vehicle required to have clearance lamps, nor that all lights required on the rear of the rearmost vehicle of any combination be lighted.

§22-213.

(a) Any vehicle carrying a load that extends beyond the side or to the rear 4 or more feet beyond the bed or body of the vehicle shall be equipped with the lamps and reflectors required by this section, in addition to other required lamps, at the times specified in § 22-201.1 of this subtitle.

(c) Motor vehicles carrying loads that extend over 4 feet beyond the rear of the motor vehicle or that have tailboards or tailgates extending over 4 feet beyond the body shall have these projections marked:

(1) On each side of the projecting load, by one red lamp, visible from the side and located so as to indicate maximum overhang; and

(2) On the rear of the projecting load, by two red lamps, visible from the rear, one at each side, and two red reflectors, visible from the rear, one at each side, located so as to indicate maximum width.

(d) On any vehicle with a load that extends beyond either side more than 6 inches or beyond its rear more than 4 feet there shall be displayed at all times, at each point a lamp is required, red or orange-fluorescent warning flags, not less than 18 inches square, marking the extremities of the load.

(e) Every flag shall be so mounted or constructed that its full dimensions are visible at all times.

(f) This section in no way expands the provisions of § 24-103 of this article, or any other provision of law that prohibits certain extensions of loads on vehicles.

(g) This section does not apply to loads consisting of agricultural products, the nature of which would make installation of the required lights and reflectors impractical or unsafe.

§22-214.

(a) Every vehicle shall be equipped with one or more lamps that, when lighted, display a white or amber light visible from a distance of 1,000 feet to the front of the vehicle, and a red light visible from a distance of 1,000 feet to the rear of the vehicle. The location of the lamp or lamps shall always be such that at least one lamp or combination of lamps meeting the requirements of this section is installed as near as practicable to the side of the vehicle that is closest to passing traffic. This subsection does not apply to motorcycles.

(b) Whenever a vehicle is parked or stopped on a roadway, whether attended or unattended, when there is insufficient light to reveal any person or object within a distance of 1,000 feet on the highway, the vehicle so parked or stopped shall be equipped with and shall display lamps meeting the requirements of subsection (a) of this section, but it is not necessary to display the lamps on a vehicle that is lawfully parked on a part of a roadway that is ordinarily or customarily used for parking vehicles.

- (c) All lighted headlamps on a parked vehicle shall be depressed or dimmed.

§22-215.

(a) Every farm tractor and every self-propelled unit of farm equipment, at all times mentioned in § 22-201.1 of this subtitle, shall be equipped with two single-beam or multiple-beam headlamps meeting the requirements of § 22-222 or § 22-224 of this subtitle, respectively, or, as an alternative, § 22-225 of this subtitle, and at least two red lamps visible when lighted from a distance of not less than 1,000 feet to the rear; and at least two red reflectors visible from all distances within 600 feet to 100 feet to the rear when directly in front of lawful upper beams of headlamps.

(4) The combination also shall be equipped with a lamp displaying a white or amber light, or any shade of color between white and amber, visible when lighted from a distance of not less than 1,000 feet to the front. This lamp shall be so positioned to indicate, as nearly as practicable, the extreme left projection of the combination carrying it.

(c) The two red lamps and the two red reflectors required in this section on a self-propelled unit of farm equipment or combination of farm tractor and towed farm equipment shall be positioned to show from the rear as nearly as practicable the extreme width of the vehicle or combination carrying them.

§22-215.1.

Whenever a rollback vehicle, as defined in § 11-151.1 of this article, is being operated in combination with a vehicle being towed, the towed vehicle shall be equipped to display, in accordance with the provisions of § 22-201.1 of this subtitle:

(b) Any motor vehicle may be equipped with not to exceed two fog lamps mounted on the front at a height of not more than 30 inches nor less than 12 inches above the level surface on which the vehicle stands, and so aimed that, when the vehicle is not loaded, none of the high-intensity portion of the light to the left of the center of the vehicle shall, at a distance of 25 feet ahead, project higher than a level of 4 inches below the level of the center of the lamp from which it comes. Lighted fog lamps meeting these requirements may be used with lower headlamp beams as specified in § 22-222(a)(2) of this subtitle.

(c) Any motor vehicle may be equipped with not to exceed two auxiliary driving lamps mounted on the front at a height of not more than 42 inches nor less than 16 inches above the level surface on which the vehicle stands. (h) Turn signal lamps may, but need not, be incorporated in other lamps on the vehicle.

§22-221.

(a) Any motor vehicle may be equipped with not more than two side cowl or fender lamps that:

(1) Emit an amber or white light without glare; and

(2) Are located at or near the front of the vehicle.

(b) Any motor vehicle may be equipped on each side of the vehicle with not more than one running-board courtesy lamp that emits a white or amber light without glare.

(c) Any motor vehicle may be equipped with one or more backup lamps, either separately or in combination with other lamps, but any such backup lamp may not be lighted when the motor vehicle is in forward motion.

(d) Any vehicle may be equipped with lamps used for the purpose of warning the drivers of other vehicles of the presence of a vehicular traffic hazard requiring the exercise of unusual care in approaching, overtaking, or passing, and, when so equipped, may display the warning in addition to any other warning signals required by the Maryland Vehicle Law.

(e) The lamps used to display this warning to the front shall be mounted at the same level and as widely spaced laterally as practicable and shall display simultaneously flashing white or amber lights, or any shade of color between white and amber. The lamps used to display this warning to the rear shall be mounted at the same level and as widely spaced laterally as practicable and shall display simultaneously flashing amber or red lights, or any shade of color between amber and red.

(f) These warning lights shall be visible from a distance of not less than 1,500 feet under normal atmospheric conditions at night.

(g) Every motor vehicle that is registered in this State and that was manufactured or assembled after June 30, 1967, and designated as a 1968 or subsequent year model shall be equipped with these warning lamps by means of which the driver may cause both front and both rear turn signals to flash simultaneously as a vehicular traffic hazard warning.

(h) Any vehicle 80 inches or more in overall width, if not otherwise required by § 22-208 of this subtitle, may be equipped with not more than three identification lamps showing to the front, which emit an amber light without glare, and not more than three identification lamps showing to the rear, which emit a red light without glare.

(i) These lamps shall be mounted as specified in § 22–208(c) of this subtitle.

(j) Warning lamps may be used by the operator of any vehicle when the posted speed limit is in excess of 45 miles per hour and the vehicle is traveling at least 20 miles per hour under the posted speed limit, provided that the warning lamps shall be used when required by subsection (k) of this section.

(k) (1) The operator of any commercial motor vehicle as defined in § 9–201 of the Tax – General Article shall use warning lamps when the posted speed limit is in excess of 45 miles per hour and the vehicle is traveling at least 20 miles per hour under the posted speed limit.

(2) This subsection does not apply:

(i) Within any business or residential district;

(ii) Whenever a vehicle is slowing or stopping in lawful response to a traffic control device or in response to traffic conditions; or

(iii) To any vehicle which is not equipped with warning lamps.

(l) (1) Subject to paragraph (2) of this subsection, a motorcycle may be equipped with, and an operator of a motorcycle may use, the following auxiliary lighting:

(i) Blue dot illumination;

(ii) Standard bulb running lights; or

(iii) Light–emitting diode pods and strips added to protect the driver.

(2) (i) Lighting under this subsection shall be:

1. Nonblinking;

2. Nonflashing;

3. Nonoscillating; and

4. Directed toward the engine and the drive train of the motorcycle.

(ii) Lighting under this subsection may not:

1. Be attached to the wheels of the motorcycle; or
2. Emit a red or blue light.

(iii) Blue dot illumination:

1. May be located only on the rear of a motorcycle as part of or adjacent to the rear brake light; and
2. May not exceed three-quarters of an inch in diameter.

§22-222.

(a) Except as otherwise provided in the Maryland Vehicle Law, the headlamps or the auxiliary driving lamp or combination thereof on motor vehicles, other than motorcycles, shall be so arranged that the driver may select at will between distributions of light projected to different elevations, and the lamps, in addition, may be so arranged that the selection can be made automatically, subject to the following limitations:

(1) There shall be an uppermost distribution of light, or composite beam, so aimed and of intensity to reveal persons and vehicles at a distance of at least 450 feet ahead for all conditions of loading;

(2) There shall be a lowermost distribution of light, or composite beam, so aimed and of sufficient intensity to reveal persons and vehicles at a distance of at least 150 feet ahead; and

(3) On a straight level road under any condition of loading, none of the high-intensity portion of the beam may be directed to strike the eyes of an approaching driver.

(b) Every new motor vehicle, other than a motorcycle, registered in this State after January 1, 1955, which has multiple-beam road-lighting equipment shall be equipped with a beam indicator, which shall be lighted whenever the uppermost distribution of light from the headlamps is in use, and may not otherwise be lighted.

(c) The indicator shall be so designed and located that, when lighted, it will be readily visible without glare to the driver of the vehicle so equipped.

§22-223.

(a) Whenever a motor vehicle is being driven on a roadway or adjacent shoulder during the times specified in § 22-201.1 of this subtitle, the driver shall use a distribution of light, or composite beam, directed high enough and of sufficient intensity to reveal persons and vehicles at a safe distance in advance of the vehicle, subject to the requirements and limitations of this section.

(b) Whenever a driver of a vehicle approaches an oncoming vehicle within 500 feet, the driver shall use a distribution of light, or composite beam, so aimed that the glaring rays are not projected into the eyes of the oncoming driver. However, the lowermost distribution of light, or composite beam, specified in § 22-222(a)(2) of this subtitle, shall be deemed to avoid glare at all times, regardless of road contour and loading.

(c) Whenever the driver of a vehicle approaches another vehicle from the rear, within 300 feet, the driver shall use a distribution of light permissible under this title, other than the uppermost distribution of light specified in § 22-222(a)(1) of this subtitle.

§22-224.

Headlamp systems that provide only a single distribution of light shall be permitted on motor vehicles manufactured and sold before June 1, 1944, instead of the specified multiple-beam road-lighting equipment, if the single distribution of light complies with the following requirements and limitations:

(1) The headlamps are so aimed that, when the vehicle is not loaded, none of the high-intensity portion of the light at a distance of 25 feet ahead projects higher than a level of 5 inches below the level of the center of the lamp from which it comes and, in no case, higher than 42 inches above the level on which the vehicle stands at a distance of 75 feet ahead; and

(2) The intensity shall be sufficient to reveal persons and vehicles at a distance of at least 200 feet.

§22-224.1.

(a) In this section, “motorcycle” includes Class M (multipurpose) vehicles that are designated by the Administrator.

(b) The headlamp or headlamps on a motorcycle may be of the single-beam or multiple-beam type, but in either event shall comply with the following requirements and limitations:

(1) The headlamp or headlamps on a motorcycle shall be of sufficient intensity to reveal a person or a vehicle at a distance of:

(i) Not less than 100 feet, when the motorcycle is operated at any speed of less than 25 miles per hour;

(ii) Not less than 200 feet, when the motorcycle is operated at a speed of 25 to 34 miles per hour; and

(iii) Not less than 300 feet, when the motorcycle is operated at a speed of 35 miles per hour or more;

(2) If the motorcycle is equipped with a multiple-beam headlamp or headlamps, the upper beam shall meet the minimum requirements set forth above and may not exceed the limitations set forth in § 22-222(a)(1) of this subtitle, and the lowermost beam shall meet the requirements applicable to a lowermost distribution of light as set forth in § 22-222(a)(2) of this subtitle; and

(3) If the motorcycle is equipped with a single-beam lamp or lamps, the lamp or lamps shall be so aimed that, when the vehicle is loaded, none of the high-intensity portion of light, at a distance of 25 feet ahead, projects higher than the level of the center of the lamp from which it comes.

§22-225.

Any motor vehicle may be operated under the conditions specified in § 22-201.1 of this subtitle when equipped with two lighted lamps on its front capable of revealing persons and objects 75 feet ahead instead of lamps required in § 22-222 or § 22-224 of this subtitle, provided, however, that at no time may it be operated at a speed in excess of 20 miles per hour.

§22-226.

(a) At all times specified in § 22-201.1 of this subtitle, at least two lighted lamps shall be displayed, one on each side, at the front of every motor vehicle other than a motorcycle, except when the vehicle is parked subject to the regulations governing lights on parked vehicles.

(b) Whenever a motor vehicle equipped with required headlamps also is equipped with any auxiliary lamps or a spot lamp or any other lamp on its front projecting a beam of intensity greater than 300 candlepower, not more than four of these lamps on the front of a vehicle may be lighted at any one time when on a highway.

§22–227.

(a) During the times specified in § 22-201.1 of this subtitle, any lighted lamp or illuminating device on a motor vehicle (other than headlamps, spot lamps, auxiliary lamps, flashing turn signals, emergency vehicle and service vehicle warning lamps, and school vehicle warning lamps) that projects a beam of light of an intensity greater than 300 candlepower shall be so directed that no part of the high-intensity portion of the beam will strike the level of the roadway on which the vehicle stands at a distance of more than 75 feet from the vehicle.

(b) Except as required or permitted in § 22-218 of this subtitle or in the rules governing the operation of emergency vehicles and school vehicles, a person may not drive or move any vehicle or equipment on any highway with any lamp or device on it that displays a red or blue light visible from directly in front of its center.

(c) Flashing lights are prohibited except as required or permitted in the Maryland Vehicle Law.

(d) Except as authorized elsewhere in this subtitle, a person may not drive or move any vehicle or equipment on any highway with any lamp or device on it that displays a white light visible directly from its rear.

(e) Except as authorized elsewhere in this subtitle, a person may not drive or move any vehicle or equipment on any highway while the vehicle or equipment displays any flashing light.

(f) All lighting devices and reflectors mounted on the rear of any vehicle shall display or reflect a red color, except the stoplight or other signal device, which may be red, amber, or yellow, and except that the light illuminating the registration plate shall be white and the light emitted by a backup lamp shall be white or amber.

§22–228.

(a) (1) (i) The Administrator may adopt regulations for lighting equipment, special warning devices, markings, and identification to be used by school vehicles.

(ii) Regulations adopted under this paragraph shall be consistent with the provisions of the Maryland Vehicle Law.

(2) (i) A school vehicle registered in the State shall be equipped with an 8-light system of alternately flashing lights.

(ii) The 8-light safety system of alternately flashing lights shall meet the standards contained in the SAE (Society of Automotive Engineers) Standard J887 (May 1982), and shall consist of 2 amber lights and 2 red lights at the rear of the vehicle, and 2 amber lights and 2 red lights at the front of the vehicle.

(3) A school vehicle may be equipped with a white flashing light installed on the roof of the vehicle.

(4) School vehicles shall be marked and identified as provided in, and school vehicle lighting equipment and special warning devices shall conform with, the regulations adopted by the Administrator.

(b) Except as provided in subsection (e) of this section, a person may not operate any alternately flashing light on any school vehicle except when the school vehicle is stopping or stopped on a roadway for the purpose of receiving or discharging passengers.

(c) As to any school vehicle, whenever the vehicle is not being operated on a highway for the transportation of children, students, or teachers for educational purposes or in connection with a school activity:

(1) The alternately flashing lights shall be deactivated; and

(2) The words "school bus" at the front and rear of the vehicle shall be covered or otherwise concealed.

(d) Except as otherwise provided in this section, every school vehicle driver shall put in operation alternately flashing amber lights not less than 100 feet before bringing the vehicle to a full stop for the purpose of receiving or discharging passengers, and place into operation the alternately flashing red lights upon stopping.

(e) (1) This subsection applies only to a school vehicle being driven on the same roadway as another school vehicle in the act of loading or unloading passengers.

(2) Except as otherwise provided in this section, every school vehicle driver shall put in operation the alternately flashing lights when approaching from the rear or the front, within 100 feet of another school vehicle in the act of loading or unloading passengers on the roadway.

(f) (1) In this subsection, "loading zone" means an area:

(i) That is:

1. On a highway, but not on the roadway, for use in receiving or discharging passengers residing on the same side of the highway as the loading zone; or

2. Not on a highway; and

(ii) Whose location has been designated and approved by either the superintendent of schools in the local school system in which the loading zone is located, the Department of State Police, or the local police department, in cooperation with the State Highway Administration or local traffic engineering agency, as applicable.

(2) It is the policy of this State to encourage the establishment and use of loading zones for school vehicles.

(3) Where a loading zone is available, a school vehicle driver, unless otherwise required for safety, may not stop on the roadway for the purpose of receiving or discharging passengers, but shall use the loading zone for this purpose.

(g) Except as provided in subsection (f) of this section, a driver of a school vehicle shall stop on the roadway to:

(1) Receive passengers when transporting them to school; or

(2) Discharge passengers when transporting them from school.

§22-230.

(a) A person may not have for sale, sell, or offer for sale for use on or as a part of the equipment of a motor vehicle, trailer, semitrailer, or pole trailer any headlamp, auxiliary or fog lamp, rear lamp, signal lamp, or reflector, which reflector or lamp is required under this title, or parts of any of the foregoing, which tend to change the original design or performance.

(b) A person may not use on a motor vehicle, trailer, semitrailer, or pole trailer a headlamp, auxiliary or fog lamp, rear lamp, signal lamp, or reflector, which reflector or lamp is required under this title, or parts of any of the foregoing, which tend to change the original design or performance.

(c) A person may not use on any motor vehicle, trailer, semitrailer, or pole trailer any lamp or reflector that tends to change its original design or performance in violation of regulations adopted by the Administrator.

§22-232.

(a) When the Administrator has reason to believe that an approved device, as being sold commercially, does not comply with the requirements of this title, after giving 30 days' previous notice to the person holding the certificate of approval for the device in this State, he may conduct a hearing on the question of compliance of the approved device. After the hearing, the Administrator shall determine whether the approved device meets the requirements of this title. If the device does not meet the requirements of this title he shall give notice to the person holding the certificate of approval for the device in this State.

(b) If, at the expiration of 90 days after the notice, the person holding the certificate of approval for the device has failed to satisfy the Administrator that the approved device as thereafter to be sold meets the requirements of this title, the Administrator shall suspend or revoke the approval issued for the device until the device is resubmitted to and retested by an authorized testing agency and is found to meet the requirements of this title, and the Administrator may require that all the devices sold since the notification following the hearing be replaced with devices that do comply with the requirements of this title. The Administrator may, at the time of the retest, purchase in the open market and submit to the testing agency one or more sets of the approved devices, and, if the device on the retest fails to meet the requirements of this title, the Administrator may refuse to renew the certificate of approval of the device.

§22-301.

(a) "Driveaway or towaway operation" means any operation in which any motor vehicle, trailer, or semitrailer, singly or in combination, new or used, is the commodity being transported, when one set or more of wheels of the vehicle are on the roadway during the transportation, whether or not the vehicle furnishes the motive power.

(b) Every motor vehicle, trailer, semitrailer, and pole trailer, and any combination of these vehicles, while operating on a highway in this State, shall be equipped with brakes in compliance with the requirements of this title. All the vehicles and combinations of vehicles shall be equipped with service brakes complying with the performance requirements of § 22-302 of this subtitle and, except as provided in subsection (l) of this section, adequate to control the movement of and to stop and hold the vehicle under all conditions of loading, and on any grade incident to its operation.

(c) (1) All the vehicles and combinations of vehicles, except motorcycles, shall be equipped with parking brakes adequate to hold the vehicle on any grade on

which it is operated, under all conditions of loading, on a surface free from snow, ice, or loose material.

(2) The parking brakes shall be capable of being applied in conformance with the foregoing requirements by the driver's muscular effort or by spring action or by equivalent means. Their operation may be assisted by the service brakes or other source of power, provided that failure of the service brake actuation system or other power assisting mechanism will not prevent the parking brakes from being applied in conformance with the foregoing requirements.

(3) The parking brakes shall be so designed that when once applied they shall remain applied with the required effectiveness despite exhaustion of any source of energy or leakage of any kind.

(4) The same brake drums, brake shoes and lining assemblies, brake shoe anchors and mechanical brake shoe actuation mechanism normally associated with the wheel brake assemblies may be used for both the service brakes and the parking brakes. If the means of applying the parking brakes and the service brakes are connected in any way, they shall be so constructed that failure of any one part does not leave the vehicle without operative brakes.

(d) Every vehicle shall be equipped with brakes acting on all wheels, except:

(1) Trailers, semitrailers, or pole trailers of a registered gross weight not exceeding 3,000 pounds, provided that:

(i) The total weight on and including the wheels of the trailer or trailers does not exceed 40 percent of the gross weight of the towing vehicle when connected to the trailer or trailers; and

(ii) The combination of vehicles, consisting of the towing vehicle and its total towed load, is capable of complying with the performance requirements of § 22-302 of this subtitle;

(2) Trailers, semitrailers, or pole trailers of a registered gross weight exceeding 3,000 pounds and not exceeding 10,000 pounds that:

(i) Have 2 or more axles;

(ii) Are equipped with brakes acting on all wheels of at least 1 axle; and

(iii) As part of a combination of vehicles, consisting of the towing vehicle and the total load, is capable of complying with the performance requirements of § 22-302 of this subtitle;

(3) Any vehicle being towed in driveaway or towaway operations, provided that the combination of vehicles is capable of complying with the performance requirements of § 22-302 of this subtitle;

(4) Trucks, truck tractors, and special mobile equipment manufactured before July 24, 1980 with three or more axles need not have brakes on the front wheels. However, the trucks and truck tractors must be capable of complying with the performance requirements of § 22-302 of this subtitle;

(5) The wheel of a sidecar attached to a motorcycle or to a motor-driven cycle, or the front wheel of a motor-driven cycle need not be equipped with brakes, provided that the motorcycle or motor-driven cycle is capable of complying with the performance requirements of § 22-302 of this subtitle; and

(6) Any vehicle equipped with at least 2 steerable axles need not have brakes on the wheels of 1 of the axles. However, the vehicle must be capable of complying with the performance requirements of § 22-302 of this subtitle.

(e) (1) Every trailer, semitrailer, and pole trailer equipped with air or vacuum actuated brakes, and every trailer, semitrailer, and pole trailer with a registered gross weight in excess of 10,000 pounds, manufactured or assembled after June 1, 1970, shall be equipped with brakes acting on all wheels and of a character to be applied automatically and promptly, and remain applied for at least 15 minutes on breakaway from the towing vehicle.

(2) Every trailer, semitrailer, and pole trailer with a registered gross weight of more than 3,000 pounds and not more than 10,000 pounds, manufactured or assembled after June 1, 1970, shall be equipped with brakes acting on all wheels of at least 1 axle and of a character to be applied automatically and promptly, and remain applied for at least 15 minutes on breakaway from the towing vehicle.

(f) Every motor vehicle manufactured or assembled after June 1, 1970, and used to tow a trailer, semitrailer, or pole trailer equipped with brakes, shall be equipped with means for providing that, in case of breakaway of the towed vehicle, the towing vehicle will be capable of being stopped by the use of its service brakes.

(g) Air brake systems installed on trailers manufactured or assembled after June 1, 1970, shall be so designed that the supply reservoir used to provide air for the brakes is safeguarded against backflow of air from the reservoir through the supply line.

(h) (1) Air Brakes. After June 1, 1971, every towing vehicle, when used to tow another vehicle equipped with air controlled brakes, in other than driveaway or towaway operations, shall be equipped with two means for emergency application of the trailer brakes. One of these means shall apply the brakes automatically in the event of a reduction of the towing vehicle air supply to a fixed pressure, which shall be not lower than 20 pounds per square inch nor higher than 45 pounds per square inch. The other means shall be a manually controlled device for applying and releasing the brakes, readily operable by a person seated in the driving seat, and its emergency position or method of operation shall be clearly indicated. In no instance may the manual arrangement be arranged to permit its use to prevent operation of the automatic means. The automatic and the manual means required by this section may be, but are not required to be, separate.

(2) Vacuum Brakes. After June 1, 1970, every towing vehicle used to tow other vehicles equipped with vacuum brakes, in operations other than driveaway or towaway operations, shall have, in addition to the single control device required by subsection (i) of this section, a second control device that can be used to operate the brakes on towed vehicles in emergencies. The second control shall be independent of brake air, hydraulic, and other pressure, and independent of other controls, unless the braking system is so arranged that failure of the pressure on which the second control depends will cause the towed vehicle brakes to be applied automatically. The second control is not required to provide modulated braking.

(i) Except as provided in subsection (l) of this section, after June 1, 1971, every motor vehicle, trailer, semitrailer, and pole trailer, and every combination of these vehicles, except motorcycles, equipped with brakes shall have the braking system so arranged that one control device can be used to operate all service brakes. This requirement does not prohibit vehicles from being equipped with an additional control device to be used to operate brakes on the towed vehicles. This regulation does not apply to driveaway or towaway operations unless the brakes on the individual vehicles are designed to be operated by a single control on the towing vehicle, nor does it apply to the operation of electric trailer brakes.

(j) (1) Air Brakes. Every bus, truck, or truck tractor with air operated brakes shall be equipped with at least one reservoir sufficient to insure that, when fully charged to the maximum pressure as regulated by the air compressor governor cut-out setting, a full service brake application may be made without lowering the reservoir pressure by more than 20 percent. Each reservoir shall be provided with means for readily draining accumulated oil or water.

(2) Vacuum Brakes. After June 1, 1971, every truck with three or more axles equipped with vacuum assist type brakes and every truck tractor and truck used for towing a vehicle equipped with vacuum brakes shall be equipped with

a reserve capacity or a vacuum reservoir sufficient to insure that, with the reserve capacity or reservoir fully charged and with the engine stopped, a full service brake application may be made without depleting the vacuum supply by more than 40 percent.

(3) Reservoir Safeguarded. All motor vehicles, trailers, semitrailers, and pole trailers, when equipped with air or vacuum reservoirs or reserve capacity as required by this section, shall have reservoirs or reserve capacity so safeguarded by a check valve or equivalent device that, in the event of failure or leakage in its connection to the source of compressed air or vacuum, the stored air or vacuum is not depleted by the leak or failure.

(k) (1) Air Brakes. Every bus, truck, or truck tractor using compressed air for the operation of its own brakes or the brakes on any towed vehicle, shall be provided with a warning signal, other than a pressure gauge, readily audible or visible to the driver, which will operate at any time that the air reservoir pressure of the vehicle is below 50 percent of the air compressor governor cut-out pressure. In addition, the vehicle shall be equipped with a pressure gauge visible to the driver, which indicates in pounds per square inch the pressure available for braking.

(2) Vacuum Brakes. After June 1, 1971, every truck tractor and truck used for towing a vehicle equipped with vacuum operated brakes and every truck with three or more axles using vacuum in the operation of its brakes, except those in driveaway or towaway operations, shall be equipped with a warning signal, other than a gauge indicating vacuum, readily audible or visible to the driver, which will operate at any time the vacuum in the vehicle's supply reservoir or reserve capacity is less than 8 inches of mercury.

(3) Combination of Warning Devices. When a vehicle required to be equipped with a warning device is equipped with both air and vacuum power for the operation of its own brakes or the brakes on a towed vehicle, the warning devices may be, but are not required to be, combined into a single device that serves both purposes. A gauge or gauges indicating pressure or vacuum is not an adequate means of satisfying this requirement.

(l) (1) In this subsection, "surge brakes" means a braking system designed to activate the brakes of a vehicle being towed as a result of the forward pressure of the vehicle against the towing vehicle during deceleration.

(2) A trailer or semitrailer may be equipped with surge brakes if:

(i) The trailer or semitrailer has a manufacturer's gross vehicle weight rating, or registered weight, whichever is less, of 10,000 pounds or less;

(ii) The combined gross vehicle weight rating, combined registered weight, and the gross combination weight of the trailer or semitrailer and the towing vehicle is 26,000 pounds or less;

(iii) The vehicle or combination of vehicles is not designed or used to transport 16 or more passengers including the driver of the towing vehicle;

(iv) The actual gross weight of the trailer or semitrailer and load does not exceed the manufacturer's gross vehicle weight rating or registered weight, whichever is less;

(v) The actual gross weight of the towing vehicle and load does not exceed the manufacturer's gross vehicle weight rating or registered weight, whichever is less;

(vi) The trailer or semitrailer brakes are designed and connected in such a manner that in case of accidental breakaway of the towed vehicle, the brakes will apply automatically;

(vii) The vehicle or combination of vehicles is not used to transport hazardous materials of a type and quantity that requires placarding;

(viii) The vehicle or combination of vehicles is not used to transport liquids or gases contained in packaging that exceeds a capacity of 119 gallons;

(ix) The trailer or semitrailer has a gross weight rating, registered weight, or gross weight, whichever is greater, that is not more than one and one-half times the gross weight rating or registered weight, whichever is less, of the towing vehicle; and

(x) For vehicles used for commercial purposes, the trailer or semitrailer is used only in intrastate commerce.

§22-302.

(a) Every motor vehicle and combination of vehicles, at all times and under all conditions of loading, on application of the service brake, shall be capable of:

(1) Developing a braking force that is not less than the percentage of its gross weight tabulated in subsection (c) of this section for its classification;

(2) Decelerating to a stop from not more than 20 miles per hour at not less than the feet per second tabulated in subsection (c) of this section for its classification; and

(3) Stopping from a speed of 20 miles per hour in not more than the distance tabulated in subsection (c) of this section for its classification, this distance to be measured from the point at which movement of the service brake pedal or control begins.

(b) Tests for deceleration and stopping distance shall be made on a substantially level (not to exceed plus or minus 1 percent grade), dry, smooth, hard surface that is free from loose material.

(c) The following table sets forth the tabulations referred to in subsection (a) of this section:

	1	2	3	4
	Classification of vehicle	Braking force as a percentage of gross vehicle or combination weight	Deceleration in feet per second	Brake system application and braking distance in feet from an initial speed of 20 m.p.h.

C-4	All combinations of vehicles in driveaway-towaway combinations .	43.5%	14	40
D	All other vehicles and combinations of vehicles	43.5%	14	50

§22-303.

All brakes shall be maintained in good working order and shall be adjusted to operate as equally as practicable with respect to the wheels on opposite sides of the vehicle.

§22-304.

(a) The Administrator is authorized to require an inspection of the braking system on any motorcycle and to disapprove any braking system on a vehicle that he finds will not comply with the performance ability standard set forth in § 22-302 of this subtitle or that, in his opinion, is equipped with a braking system that is not so designed or constructed as to insure reasonable and reliable performance in actual use.

(b) The Administrator may refuse to register or may suspend or revoke the registration of any vehicle referred to in this section when he determines that the braking system on it does not comply with the provisions of this section.

(c) A person may not operate on any highway any vehicle referred to in this section if the Administrator has disapproved the braking system on the vehicle.

§22-305.

(a) In this section, "hydraulic brake fluid" means the liquid medium through which force is transmitted to the brakes in the hydraulic brake system of a vehicle.

(b) Hydraulic brake fluid shall be distributed and serviced with due regard for the safety of the occupants of the vehicle and the public.

(c) After public hearing following due notice, the Administrator shall adopt and enforce regulations for the administration of this section and shall adopt and publish standards and specifications for hydraulic brake fluid.

(d) A person may not distribute, have for sale, offer for sale, or sell any hydraulic brake fluid unless it complies with the requirements of this section.

§22-401.

(a) Every motor vehicle when operated on a highway shall be equipped with a horn in good working order and capable of emitting sound audible under normal conditions from a distance of not less than 200 feet, but no horn or other warning device may emit an unreasonably loud or harsh sound or a whistle.

(b) The driver of a motor vehicle shall, when reasonably necessary to insure safe operation, give audible warning with his horn, but may not otherwise use the horn when on a highway.

(c) No vehicle may be equipped with nor may any person use on a vehicle any siren, whistle, or bell, except as otherwise permitted in this section.

(vi) Within the Port of Baltimore for a distance not to exceed 1 mile, any vehicle carrying a load of loose material between a stockpile or storage facility and a vessel docked at the port.

(2) A vehicle carrying a load of loose material shall have its bed fully enclosed on the top by a canvas or other type cover approved by the Administration.

(3) Any cover required under this section shall be secured in a manner to prevent:

(i) Any part of the load from blowing, falling, or spilling out of the vehicle; and

(ii) The cover from blowing off the vehicle.

(f) (1) This subsection does not apply to any construction vehicle or mining equipment that:

(i) Is moving between construction barricades on a public works project; or

(g) (1) Upon application by the supervisor of a construction project of the Department, the Department may grant a reasonable extension of the 1-mile limitation established in subsection (e)(1)(iii) of this section if the Department determines that the extension request meets the criteria developed under paragraph (2) of this subsection and the provisions of paragraph (3) of this subsection.

(2) (i) The Department shall adopt regulations establishing criteria for granting an extension under this subsection.

(ii) In adopting regulations under this subsection, the Administration shall consider:

1. The size of the construction project;

2. The likely adverse impact that granting the extension will have on surrounding highways and motorist safety; and

3. The likely adverse impact of the cover requirement on construction costs and timely completion of the project.

(3) An extension granted under this subsection may not exceed the confines of the Department's construction project.

§24-106.2.

(a) The State Highway Administration may conduct appropriate studies to determine whether the safety and general welfare of a residential community are threatened by noise, vibration, or incidence of truck traffic on any State highway. In determining whether or not to conduct such a study, the Administration shall consider the number of complaints about truck traffic received, if any, from residents of an area.

(b) If the State Highway Administration determines that a threat exists and that the safety and general welfare of the residential community would be promoted by the adoption of restrictions on the use of the State highway by trucks, the Administration may establish routes, speed limits, time restrictions, weight restrictions, or other measures with respect to truck traffic on the State highway, which will minimize the adverse effects of that traffic on the residential area or cause that traffic to avoid the residential area entirely.

(c) Under this section, truck traffic may be prohibited entirely on any State highway or part of a State highway, if an adequately functional alternate route is available to carry the truck traffic, taking into consideration the amount of additional fuel that would be required over the alternate route and the economic impact on the citizens of this State caused by the alternate route.

(d) The provisions of this section:

Article I

Parties and Title

This agreement shall be known as the Potomac River Bridges Towing Compact and the parties to this agreement are the Commonwealth of Virginia, the State of Maryland, and the District of Columbia.

Article II

Findings and Purpose

The Woodrow Wilson Memorial Bridge, Rochambeau Memorial Bridge, George Mason Memorial Bridge, Theodore Roosevelt Memorial Bridge, Francis Scott Key Bridge, Chain Bridge and American Legion Bridge all pass through the territorial jurisdiction of two or more of the three parties. Experience has shown that traffic back ups often prevent state troopers, state police officers, or police officers of the appropriate jurisdiction from arriving at the scene of a disabled or abandoned vehicle to take corrective action. The purpose of this Compact is to facilitate the prompt and orderly removal of disabled and abandoned vehicles from the bridges by giving all three parties jurisdiction to exercise appropriate authority anywhere on the bridges.

Article III

Authority to Direct Traffic and Authorize Removal of Vehicle

The parties hereby give one another all necessary power and authority to have their respective state troopers, state police officers, or local law enforcement officers direct traffic and authorize the removal of disabled or abandoned vehicles, trailers, semitrailers, or the parts or contents thereof, from any part of the Potomac River bridges, to the same extent and in the same manner that such state troopers, state police officers, and law enforcement officers may exercise such authority in their own jurisdictions. However, no party, acting through its state troopers, state police officers, or local law enforcement officers, shall have the authority to direct or authorize the towing or removal of any vehicle or other thing to a destination outside its own jurisdiction, unless the consent of a state trooper, state police officer, or law enforcement officer of the destination jurisdiction has been first obtained.

Article IV

Disposition of Towed Vehicles

All vehicles and their contents towed or removed from the Potomac River bridges pursuant to this Compact shall be subject to the exclusive jurisdiction of the place to which such vehicle and its contents are taken, and the handling and disposition of such vehicle and its contents shall be governed by the laws and procedures of that jurisdiction.

Article V

No Agency Relationship

Each of the parties shall act solely on its own authority within the jurisdiction granted. This Compact shall not be construed as creating any agency relationship between the parties.

Article VI

Effective Date

The provisions of this Compact shall take effect thirty days after the legislative bodies of parties having jurisdiction over one or several of the bridges identified in Article II have enacted compacts substantially identical to this Compact.

Article VII

Termination

The Governor of the Commonwealth of Virginia or the State of Maryland, or the Mayor of the District of Columbia may withdraw from this Compact at any time upon thirty days written notice to the other parties.
