(3) “Electric bus” means a bus that is propelled solely by an
electric motor that draws electricity from a battery that is capable
of being recharged from an external source of electricity.

(3) “Zero–emission bus” means a motor vehicle that is:

(I) 1. Designed to carry more than 10 passengers
    and is used to carry passengers; or

2. Designed and used to carry passengers for
    compensation;

(II) A ZERO–EMISSION VEHICLE; AND

(III) NOT A TAXICAB.

(4) “Zero–emission vehicle” means:

(I) A fuel cell electric vehicle that:

1. Is a motor vehicle;

2. Is made by a manufacturer;

3. Is manufactured primarily for use on public
    streets, roads, and highways;

4. Has a maximum speed capability of at least 55
    miles per hour;
5. Is powered entirely by electricity, produced by combining hydrogen and oxygen, that runs the motor;

6. Has an operating range of at least 100 miles; and

7. Produces only water vapor and heat as by-products; or

(ii) A plug-in electric drive vehicle that:

1. Is a motor vehicle;

2. Is made by a manufacturer;

3. Has a maximum speed capability of at least 55 miles per hour; and

4. Is propelled to a significant extent by an electric motor that draws electricity from a battery that:

   A. Has a capacity of not less than 4 kilowatt-hours; and

   B. Is capable of being recharged from an external source of electricity.

(B) (1) This section applies to the Administration’s State transit bus fleet.

(2) This section does not apply to a bus that is part of a locally operated transit system.

(B) (C) Beginning in fiscal year 2022, the Administration may not enter into a contract to purchase buses for the Administration’s State transit bus fleet that are not electric buses zero-emission buses.

(C) (D) (1) On or before January 1, 2021, and each January 1 thereafter, the Administration shall, in accordance with § 2–1257 of the State Government Article, submit a report to the Senate Budget and Taxation Committee, the House Appropriations Committee, and the House Environment and Transportation Committee on the implementation of this section.
(2) The annual report shall include:

(I) A schedule for converting the administration’s state transit bus fleet to electric-buses zero-emission buses exclusively;

(II) An evaluation of the charging infrastructure needed for the administration to create and maintain a state transit bus fleet of electric-buses zero-emission buses exclusively;

(III) A plan for transitioning any state employees adversely affected by the conversion from a diesel-powered state transit bus fleet to an electric-powered a zero-emission state transit bus fleet to similar or other employment within the administration or department that has commensurate seniority, pay, and benefits;

(IV) In coordination with other appropriate state agencies, an estimate of the reduction in the amount of carbon dioxide emissions, measured in pounds, that will be obtained through the use of electric-buses zero-emission buses each year until the state transit bus fleet is converted to electric-buses zero-emission buses exclusively; and

(V) A financial analysis:

1. Of the projected cost of purchasing, maintaining, and providing charging infrastructure for the electric zero-emission state transit bus fleet each year until the fleet is converted to electric-buses zero-emission buses exclusively; and

2. Comparing the projected cost under item 1 of this item to the projected cost of continuing to operate a diesel-powered state transit bus fleet.

Section 2. And be it further enacted, That this Act shall take effect October 1, 2020.
