Maryland General Assembly 2020 Session

#### FISCAL AND POLICY NOTE First Reader

Senate Bill 631 Budget and Taxation (Senator Serafini)

#### **Income Tax Standard Deduction - Alteration and Cost of Living**

This bill increases the values of the standard deduction. The bill takes effect July 1, 2020, and applies to tax year 2020 and beyond.

#### **Fiscal Summary**

**State Effect:** General fund revenues decrease by \$366.0 million in FY 2021, reflecting the impact from one and one-half tax year. Future year estimates reflect annualization and the projected increase in the cost-of-living index. Minimal increase in general fund expenditures in FY 2021 due to computer programming expenses in the Comptroller's Office.

(\$ in millions)	FY 2021	FY 2022	FY 2023	FY 2024	FY 2025
GF Revenue	(\$366.0)	(\$253.3)	(\$259.6)	(\$266.0)	(\$272.6)
GF Expenditure	-	\$0	\$0	\$0	\$0
Net Effect	(\$366.0)	(\$253.3)	(\$259.6)	(\$266.0)	(\$272.6)

Note:() = decrease; GF = general funds; FF = federal funds; SF = special funds; - = indeterminate increase; (-) = indeterminate decrease

**Local Effect:** Local revenues decrease by \$240.2 million in FY 2021 and by \$178.9 million in FY 2025. Local expenditures are not affected.

Small Business Effect: Minimal.

## Analysis

**Bill Summary/Current Law:** For State income tax purposes, individuals, except fiduciaries, may elect to either take the standard deduction or, if the taxpayer itemized deductions for federal income tax purposes, itemize qualifying expenses. The value of the

standard deduction is equal to 15% of Maryland adjusted gross income, subject to minimum and maximum values depending on filing status as shown in **Exhibit 1**.

## Exhibit 1 State Income Tax Standard Deduction Current Law – Tax Year 2019

Single, Dependent Filer, Married Filing Separately		Joint, Head of Household, Widower		
MAGI	<b>Deduction</b>	MAGI	<b>Deduction</b>	
Under \$10,000	\$1,500	Under \$20,333	\$3,050	
\$10,000 - \$14,999	15%	\$20,333-\$30,332	15%	
\$15,000 and Over	\$2,250	\$30,333 & Over	\$4,550	

MAGI: Maryland adjusted gross income

Note: Estimated values based on projected cost-of-living index.

The maximum and minimum values of the standard deduction shown in Exhibit 1 are indexed based on the annual change in the cost of living. **Exhibit 2** shows the proposed values of the standard deduction beginning in tax year 2020. Beginning in tax year 2020, the standard deduction values will also be indexed for inflation.

## **Background:**

#### Federal Tax Cuts and Jobs Act of 2017

The federal Tax Cuts and Jobs Act of 2017 (Public Law 115-97) was signed into law on December 22, 2017, and enacted significant changes to federal taxes, including the personal income tax. The U.S. Congressional Budget Office estimates that the Act will increase the federal government budget deficit by \$1.9 trillion in federal fiscal years 2018 through 2028. About \$1.3 trillion of this total is due to a reduction in revenues and about \$600 billion reflects increased debt-service costs. These impacts are after accounting for the Act's estimated economic effects.

Several of the Act's provisions impact State income taxes. As a result of the increased value of the federal standard deduction, and that under current law only those taxpayers who itemize for federal income tax purposes can itemize on their State income tax return, the Act will also reduce the number of State taxpayers who itemize deductions (with a corresponding increase in the number who claim the standard deduction).

#### 2018 Legislation in Response to Federal Tax Act

In the 2018 session the General Assembly considered a number of bills that would have altered the personal income tax in light of the impacts of the federal legislation. The General Assembly passed legislation (Chapters 576 and 577 of 2018) increasing the value of the standard deduction by increasing its maximum value from \$2,000 to \$2,250 for single taxpayers and from \$4,000 to \$4,500 for taxpayers filing jointly. Prior to tax year 2018, the values of the standard deduction were not indexed. Chapters 576 and 577 indexed the minimum and maximum values of the standard deduction based on the annual change in the cost of living.

**State Revenues:** The bill increases the values of the standard deduction in tax year 2020. Beginning in tax year 2021, the increased values of the standard deduction will be indexed based on inflation. It is assumed that the proposed changes impact withholdings and estimated payments. As a result, general fund revenues decrease by \$366.0 million in fiscal 2021, which reflects the impact of tax year 2020 and about one-half of tax year 2021. **Exhibit 3** shows the projected State and local revenue loss from increasing and indexing the specified income tax components.

Projected State and Local Revenue Loss (\$ in Millions)					
	<u>FY 2021</u>	<u>FY 2022</u>	<u>FY 2023</u>	<u>FY 2024</u>	<u>FY 2025</u>
State	(\$366.0)	(\$253.3)	(\$259.6)	(\$266.0)	(\$272.6)
Local	(240.2)	(166.2)	(170.3)	(174.6)	(178.9)
Total	(\$606.2)	(\$419.5)	(\$429.9)	(\$440.6)	(\$451.5)

# Evhibit 3

This estimate also reflects the impact of recent federal legislation, which is projected to increase the number of individuals who take the standard deduction for federal and state income tax purposes.

State Expenditures: General fund expenditures for the Comptroller's Office may increase minimally in fiscal 2021 as a result of issuing new employer withholding tables and altering the personal income tax forms.

Local Revenues: Local income tax revenues decrease as a result of the increase in the standard deduction amounts specified by the bill. Local revenues will decrease by \$240.2 million in fiscal 2021 and by \$178.9 million in fiscal 2025, as shown in Exhibit 3.
