10. Description and Purpose of Organization (Limit length to visible area)		
<p>Founded in 1981, the Baltimore Museum of Industry (BMI) celebrates Maryland's industrial legacy and shows how innovation fuels ongoing progress. Through exhibitions, educational programs, and collections, the BMI engages visitors in the stories of the people who built Baltimore and shaped the region's future. Driven by the goal of providing the community with the best educational experience possible, the BMI has grown into a major cultural institution on Baltimore's Inner Harbor. Each year the museum serves more than 190,000 visitors, roughly half of whom are students, teachers, and chaperones who benefit from our award winning curriculum-based educational programs. Thousands of BMI visitors also take advantage of our rotating schedule of public programs, special events, and Maryland Engineering Challenges.</p>
