10 Description and Purpose of Organiza	tion (Limit lengt	h to visible area)		

Chesapeake Region Accessible Boating (CRAB) for the past 30-years has been providing the thrill, freedom, and therapeutic value of learning to sail on Chesapeake Bay to thousands of people with disabilities, wounded warriors, and children from underserved communities. The new Annapolis Adaptive Boating Center will allow CRAB to serve two to three times as many guests in the future.

11. Description and Purpose of Project (Limit length to visible area)

The project will fund the design and construction of three ADA accessible restrooms near the newly installed floating docks. The accessibility and close proximity of the restrooms is very important for guests in wheelchairs and with developmental disabilities who find lengthy distances challenging. CRAB guests are able to see the facilities and can easily access them while family members or caregivers are remain nearby.

Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.
