9           (a) [Except as provided in subsection (b) of this section, in accordance with  
10 guidelines established by the Secretary, each unit of State government shall develop and  
11 submit to the Secretary:

12                   (1) information technology policies and standards;

13                   (2) an information technology plan; and

14                   (3) an annual project plan outlining the status of efforts to make  
15 information and services available to the public over the Internet.

16           (b) (1) The governing boards of the public institutions of higher education shall  
17 develop and submit information technology policies and standards and an information  
18 technology plan for their respective institutions or systems to the Secretary.

19                   **[(2)] (B)** If the Secretary finds that the submissions required under this  
20 **[subsection] SECTION** are consistent with the master plan, the Secretary shall incorporate  
21 those submissions into the master plan.

22                   **[(3)] (C)** If the Secretary finds that the submissions required under this  
23 **[subsection] SECTION** are not consistent with the master plan:

24                           (i) the Secretary shall return the submissions to the governing

26                           (ii) the governing boards shall revise the submissions as appropriate  
27 and submit the revised policies, standards, and plans to the Secretary.

28 **[3.5–306.**

29 Information technology of each unit of State government shall be consistent with the  
30 master plan.]

31 **[3.5–307.] 3.5–306.**

1 (a) (1) [A unit of State government] **THE DEPARTMENT** may not purchase,  
2 lease, or rent information technology **ON BEHALF OF A UNIT OF STATE GOVERNMENT**  
3 unless consistent with the master plan.

4 (2) A unit of State government other than a public institution of higher  
5 education [may not make] **SHALL SUBMIT REQUESTS FOR** expenditures for major  
6 information technology development projects except as provided in [**§ 3A-308**] **§ 3.5-307**  
7 of this subtitle.

8 (b) [(1)] The Secretary may review any information technology project for  
9 consistency with the master plan.

10 [(2) Any information technology project selected for review may not be  
11 implemented without the approval of the Secretary.]

12 (c) (1) A unit of State government shall advise the Secretary of any  
13 information technology proposal involving resource sharing, the exchange of goods or  
14 services, or a gift, contribution, or grant of real or personal property.

15 (2) The Secretary shall determine if the value of the resources, services,  
16 and property to be obtained by the State under the terms of any proposal submitted in  
17 accordance with the provisions of paragraph (1) of this subsection equals or exceeds  
18 \$100,000.

19 (3) If the value of any proposal submitted in accordance with this  
20 subsection equals or exceeds \$100,000 and the Secretary and unit agree to proceed with the  
21 proposal, information on the proposal shall be:

22 (i) advertised for a period of at least 30 days in the eMaryland  
23 Marketplace; and

24 (ii) submitted, simultaneously with the advertisement, to the  
25 Legislative Policy Committee for a 60-day review and comment period, during which time  
26 the Committee may recommend that the proposal be treated as a procurement contract  
27 under Division II of this article.

28 (4) Following the period for review and comment by the Legislative Policy  
29 Committee under paragraph (3) of this subsection, the proposal is subject to approval by  
30 the Board of Public Works.

31 (5) This subsection may not be construed as authorizing an exception from  
32 the requirements of Division II of this article for any contract that otherwise would be  
33 subject to the State procurement process.

34 **[3.5-308.] 3.5-307.**

1 (a) This section does not apply to a public institution of higher education.

2 (b) In submitting its information technology project requests, a unit of State  
3 government shall designate projects which are major information technology development  
4 projects.

5 (c) In reviewing information technology project requests, the Secretary may  
6 change a unit's designation of a major information technology development project.

7 (d) The Secretary shall review and, with the advice of the Secretary of Budget and  
8 Management, approve major information technology development projects and  
9 specifications for consistency with all statewide plans, policies, and standards, including a  
10 systems development life cycle plan.

11 (e) The Secretary shall be responsible for overseeing the implementation of major  
12 information technology development projects[, regardless of fund source].

13 (f) With the advice of the Secretary of Budget and Management, expenditures for  
14 major information technology development projects shall be subject to the approval of the  
15 Secretary who shall approve expenditures only when those projects are consistent with  
16 statewide plans, policies, and standards.

17 (g) (1) The Secretary shall approve funding for major information technology  
18 development projects only when those projects are supported by an approved systems  
19 development life cycle plan.

20 (2) An approved systems development life cycle plan shall include  
21 submission of:

22 (i) a project planning request that details initial planning for the  
23 project, including:

24 1. the project title, appropriation code, and summary;

25 2. a description of:

26 A. the needs addressed by the project;

27 B. the potential risks associated with the project;

28 C. possible alternatives; and

29 D. the scope and complexity of the project; and

30 3. an estimate of:

- 1                   A.     the total costs required to complete through planning; and
- 2                   B.     the fund sources available to support planning costs; and
- 3                   (ii)    a project implementation request to begin full design,
- 4 development, and implementation of the project after the completion of planning, including:
- 5                   1.     the project title, appropriation code, and summary;
- 6                   2.     a description of:
- 7                   A.     the needs addressed by the project;
- 8                   B.     the potential risks associated with the project;
- 9                   C.     possible alternatives;
- 10                  D.     the scope and complexity of the project; and
- 11                  E.     how the project meets the goals of the statewide master
- 12 plan; and
- 13                  3.     an estimate of:
- 14                  A.     the total project cost; and
- 15                  B.     the fund sources available.

16                  (3)    The Secretary may approve funding incrementally, consistent with the

17 systems development life cycle plan.

18 **[3.5–309.] 3.5–308.**

19                  (a)    There is a Major Information Technology Development Project Fund.

20                  (b)    The purpose of the Fund is to support major information technology

21 development projects.

22                  (c)    The Secretary:

23                   (1)    shall administer the Fund in accordance with this section; and

24                   (2)    subject to the provisions of § 2–201 of this article and **[§ 3A–307] §**

25 **3.5–306** of this subtitle, may receive and accept contributions, grants, or gifts of money or

26 property.

1 (d) (1) The Fund is a special, nonlapsing fund that is not subject to § 7–302 of  
2 this article.

3 (2) The State Treasurer shall hold the Fund separately and the  
4 Comptroller shall account for the Fund.

5 (3) The State Treasurer shall invest and reinvest the money of the Fund in  
6 the same manner as other State money may be invested.

7 (4) Any investment earnings of the Fund shall be paid into the Fund.

8 (e) Except as provided in subsection (f) of this section, the Fund consists of:

9 (1) money appropriated in the State budget to the Fund;

10 (2) as approved by the Secretary, money received from:

11 (i) the sale, lease, or exchange of communication sites,  
12 communication facilities, or communication frequencies for information technology  
13 purposes; or

14 (ii) an information technology agreement involving resource  
15 sharing;

16 (3) that portion of money earned from pay phone commissions to the extent  
17 that the commission rates exceed those in effect in December 1993;

18 (4) money received and accepted as contributions, grants, or gifts as  
19 authorized under subsection (c) of this section;

20 (5) general funds appropriated for major information technology  
21 development projects of any unit of State government other than a public institution of  
22 higher education that:

23 (i) are unencumbered and unexpended at the end of a fiscal year;

24 (ii) have been abandoned; or

25 (iii) have been withheld by the General Assembly or the Secretary;

26 (6) any investment earnings; and

27 (7) any other money from any source accepted for the benefit of the Fund.

28 (f) The Fund does not include any money:

1 (1) received by the Department of Transportation, the Maryland  
2 Transportation Authority, Baltimore City Community College, or the Maryland Public  
3 Broadcasting Commission;

4 (2) received by the Judicial or Legislative branches of State government; or

5 (3) generated from pay phone commissions that are credited to other  
6 accounts or funds in accordance with other provisions of law or are authorized for other  
7 purposes in the State budget or through an approved budget amendment.

8 (g) The Governor shall submit with the State budget:

9 (1) a summary showing the unencumbered balance in the Fund as of the  
10 close of the prior fiscal year and a listing of any encumbrances;

11 (2) an estimate of projected revenue from each of the sources specified in  
12 subsection (e) of this section for the fiscal year for which the State budget is submitted; and

13 (3) a descriptive listing of projects reflecting projected costs for the fiscal  
14 year for which the State budget is submitted and any estimated future year costs.

15 (h) Expenditures from the Fund shall be made only:

16 (1) in accordance with an appropriation approved by the General Assembly  
17 in the annual State budget; or

18 (2) through an approved State budget amendment under Title 7, Subtitle  
19 2, Part II of this article, provided that a State budget amendment for any project not  
20 requested as part of the State budget submission or for any project for which the scope or  
21 cost has increased by more than 5% or \$250,000 shall be submitted to the budget  
22 committees allowing a 30-day period for their review and comment.

23 (i) The Fund may be used:

24 (1) for major information technology development projects;

25 (2) as provided in subsections (j) and (l) of this section; or

26 (3) notwithstanding [§ 3A-301(b)(2)] **§ 3.5-301(B)(2)** of this subtitle, for  
27 the costs of the first 12 months of operation and maintenance of a major information  
28 technology development project.

29 (j) Notwithstanding subsection (b) of this section and except for the cost incurred  
30 in administering the Fund, each fiscal year up to \$1,000,000 of this Fund may be used for:

31 (1) educationally related information technology projects;

1           (2) application service provider initiatives as provided for in Title 9,  
2 Subtitle 22 of the State Government Article; or

3           (3) information technology projects, including:

4                   (i) pilots; and

5                   (ii) prototypes.

6           (k) A unit of State government or local government may submit a request to the  
7 Secretary to support the cost of an information technology project with money under  
8 subsection (j) of this section.

9           (l) (1) Notwithstanding subsection (b) of this section and in accordance with  
10 paragraph (2) of this subsection, money paid into the Fund under subsection (e)(2) of this  
11 section shall be used to support:

12                   (i) the State telecommunication and computer network established  
13 under [~~§ 3A-404~~] **§ 3.5-404** of this title, including program development for these  
14 activities; and

15                   (ii) the Statewide Public Safety Interoperability Radio System, also  
16 known as Maryland First (first responder interoperable radio system team), under Title 1,  
17 Subtitle 5 of the Public Safety Article.

18           (2) The Secretary may determine the portion of the money paid into the  
19 Fund that shall be allocated to each program described in paragraph (1) of this subsection.

20           (m) (1) On or before November 1 of each year, the Secretary shall report to the  
21 Governor, the Secretary of Budget and Management, and to the budget committees of the  
22 General Assembly and submit a copy of the report to the General Assembly, in accordance  
23 with § 2-1257 of the State Government Article.

24           (2) The report shall include:

25                   (i) the financial status of the Fund and a summary of its operations  
26 for the preceding fiscal year;

27                   (ii) an accounting for the preceding fiscal year of all money from each  
28 of the revenue sources specified in subsection (e) of this section, including any expenditures  
29 made from the Fund; and

30                   (iii) for each project receiving money from the Fund in the preceding  
31 fiscal year and for each major information technology development project receiving  
32 funding from any source other than the Fund in the preceding fiscal year:

33                           1. the status of the project;

- 1                     2.       a comparison of estimated and actual costs of the project;
- 2                     3.       any known or anticipated changes in scope or costs of the  
3 project;
- 4                     4.       an evaluation of whether the project is using best  
5 practices; and
- 6                     5.       a summary of any monitoring and oversight of the project  
7 from outside the agency in which the project is being developed, including a description of  
8 any problems identified by any external review and any corrective actions taken.

9             (n)     On or before January 15 of each year, for each major information technology  
10 development project currently in development or for which operations and maintenance  
11 funding is being provided in accordance with subsection (i)(3) of this section, subject to §  
12 2–1257 of the State Government Article, the Secretary shall provide a summary report to  
13 the Department of Legislative Services with the most up-to-date project information  
14 including:

- 15                     (1)     project status;
- 16                     (2)     any schedule, cost, and scope changes since the last annual report;
- 17                     (3)     a risk assessment including any problems identified by any internal or  
18 external review and any corrective actions taken; and
- 19                     (4)     any change in the monitoring or oversight status.

20     **[3A–310.] 3.5–309.**

21             This subtitle may not be construed to give the Secretary authority over:

- 22                     (1)     the content of educational applications or curriculum at the State or  
23 local level; or
- 24                     (2)     the entities that may participate in such educational programs.

25     **[3.5–311.] 3.5–310.**

26             (a)     (1)     The Secretary or the Secretary’s designee, in consultation with other  
27 units of State government, and after public comment, shall develop a nonvisual access  
28 clause for use in the procurement of information technology and information technology  
29 services that specifies that the technology and services:

- 30                             (i)     must provide equivalent access for effective use by both visual  
31 and nonvisual means;

1 (ii) will present information, including prompts used for interactive  
2 communications, in formats intended for both visual and nonvisual use;

3 (iii) can be integrated into networks for obtaining, retrieving, and  
4 disseminating information used by individuals who are not blind or visually impaired; and

5 (iv) shall be obtained, whenever possible, without modification for  
6 compatibility with software and hardware for nonvisual access.

7 (2) On or after January 1, 2020, the nonvisual access clause developed in  
8 accordance with paragraph (1) of this subsection shall include a statement that:

9 (i) within 18 months after the award of the procurement, the  
10 Secretary, or the Secretary's designee, will determine whether the information technology  
11 meets the nonvisual access standards adopted in accordance with [~~§ 3A-303(b)~~] **§**  
12 **3.5-303(B)** of this subtitle;

13 (ii) if the information technology does not meet the nonvisual access  
14 standards, the Secretary, or the Secretary's designee, will notify the vendor in writing that  
15 the vendor, at the vendor's own expense, has 12 months after the date of the notification to  
16 modify the information technology in order to meet the nonvisual access standards; and

17 (iii) if the vendor fails to modify the information technology to meet  
18 the nonvisual access standards within 12 months after the date of the notification, the  
19 vendor:

20 1. may be subject to a civil penalty of:

21 A. for a first offense, a fine not exceeding \$5,000; and

22 B. for a subsequent offense, a fine not exceeding \$10,000; and

23 2. shall indemnify the State for liability resulting from the  
24 use of information technology that does not meet the nonvisual access standards.

25 (b) (1) Except as provided in paragraph (2) of this subsection, the nonvisual  
26 access clause required under subsection (a) of this section shall be included in each  
27 invitation for bids or request for proposals and in each procurement contract or modification  
28 or renewal of a contract issued under Title 13 of this article, without regard to the method  
29 chosen under Title 13, Subtitle 1 of this article for the purchase of new or upgraded  
30 information technology and information technology services.

31 (2) Except as provided in subsection (a)(4) of this section, the nonvisual  
32 access clause required under paragraph (1) of this subsection is not required if:

1 (i) the information technology is not available with nonvisual access  
2 because the essential elements of the information technology are visual and nonvisual  
3 equivalence cannot be developed; or

4 (ii) the cost of modifying the information technology for compatibility  
5 with software and hardware for nonvisual access would increase the price of the  
6 procurement by more than 15%.

7 **[3.5–312.] 3.5–311.**

8 The Secretary may delegate the duties set forth in this subtitle to carry out its  
9 purposes.

10 **[3.5–313.] 3.5–312.**

11 (a) (1) In this section the following words have the meanings indicated.

12 (2) “Agency” includes a unit of State government that receives funds that  
13 are not appropriated in the annual budget bill.

14 (3) (i) “Payee” means any party who receives from the State an  
15 aggregate payment of \$25,000 in a fiscal year.

16 (ii) “Payee” does not include:

17 1. a State employee with respect to the employee’s  
18 compensation; or

19 2. a State retiree with respect to the retiree’s retirement  
20 allowance.

21 (4) “Searchable website” means a website created in accordance with this  
22 section that displays and searches State payment data.

23 (b) (1) The Department shall develop and operate a single searchable website,  
24 accessible to the public at no cost through the Internet.

25 (2) On or before the 15th day of the month that follows the month in which  
26 an agency makes a payment to a payee, the Department shall update the payment data on  
27 the searchable website.

28 (c) The searchable website shall contain State payment data, including:

29 (1) the name of a payee receiving a payment;

30 (2) the location of a payee by postal zip code;

1 (3) the amount of a payment; and

2 (4) the name of an agency making a payment.

3 (d) The searchable website shall allow the user to:

4 (1) search data for fiscal year 2008 and each year thereafter; and

5 (2) search by the following data fields:

6 (i) a payee receiving a payment;

7 (ii) an agency making a payment; and

8 (iii) the zip code of a payee receiving a payment.

9 (e) State agencies shall provide appropriate assistance to the Secretary to ensure  
10 the existence and ongoing operation of the single website.

11 (f) This section may not be construed to require the disclosure of information that  
12 is confidential under State or federal law.

13 (g) This section shall be known and may be cited as the “Maryland Funding  
14 Accountability and Transparency Act”.

15 **[3.5–314.] 3.5–313.**

16 (a) In this section, “security–sensitive data” means information that is protected  
17 against unwarranted disclosure.

18 (b) In accordance with guidelines established by the Secretary, each unit of State  
19 government shall develop a plan to:

20 (1) identify unit personnel who handle security–sensitive data; and

21 (2) establish annual security overview training or refresher security  
22 training for each employee who handles security–sensitive data as part of the employee’s  
23 duties.

24 3.5–401.

25 (a) The Department shall:

26 (1) coordinate the development, procurement, management, and operation  
27 of telecommunication equipment, systems, and services by State government;

1           **(2) TO ADDRESS PREPAREDNESS AND RESPONSE CAPABILITIES OF**  
2 **LOCAL JURISDICTIONS, COORDINATE THE PROCUREMENT OF MANAGED**  
3 **CYBERSECURITY SERVICES PROCURED BY LOCAL GOVERNMENTS WITH STATE**  
4 **FUNDING;**

5           **[(2)] (3)** acquire and manage common user telecommunication  
6 equipment, systems, or services and charge units of State government for their  
7 proportionate share of the costs of installation, maintenance, and operation of the common  
8 user telecommunication equipment, systems, or services;

9           **[(3)] (4)** promote compatibility of telecommunication systems by  
10 developing policies, procedures, and standards for the [acquisition and] use of  
11 telecommunication equipment, systems, and services by units of State government;

12           **[(4)] (5)** coordinate State government telecommunication systems and  
13 services by reviewing requests by units of State government for, **AND ACQUIRING ON**  
14 **BEHALF OF UNITS OF STATE GOVERNMENT,** telecommunication equipment, systems, or  
15 services;

16           **[(5)] (6)** advise units of State government about [planning, acquisition,]  
17 **PLANNING** and operation of telecommunication equipment, systems, or services; and

18           **[(6)] (7)** provide radio frequency coordination for State and local  
19 governments in accordance with regulations of the Federal Communications Commission.

20           (b) The Department may make arrangement for a user other than a unit of State  
21 government to have access to and use of State telecommunication equipment, systems, and  
22 services and shall charge the user any appropriate amount to cover the cost of installation,  
23 maintenance, and operation of the telecommunication equipment, system, or service  
24 provided.

25           **(C) (1) THE DEPARTMENT SHALL DEVELOP AND REQUIRE BASIC**  
26 **SECURITY REQUIREMENTS TO BE INCLUDED IN A CONTRACT:**

27                   **(I) IN WHICH A THIRD-PARTY CONTRACTOR WILL HAVE ACCESS**  
28 **TO AND USE STATE TELECOMMUNICATION EQUIPMENT, SYSTEMS, OR SERVICES; OR**

2 **CERTIFICATION.**

3 3.5–404.

4 (a) The General Assembly declares that:

5 (1) it is the policy of the State to foster telecommunication and computer  
6 networking among State and local governments, their agencies, and educational  
7 institutions in the State;

8 (2) there is a need to improve access, especially in rural areas, to efficient  
9 telecommunication and computer network connections;

10 (3) improvement of telecommunication and computer networking for State  
11 and local governments and educational institutions promotes economic development,  
12 educational resource use and development, and efficiency in State and local administration;

13 (4) rates for the intrastate inter–LATA telephone communications needed  
14 for effective integration of telecommunication and computer resources are prohibitive for  
15 many smaller governments, agencies, and institutions; and

16 (5) the use of improved State telecommunication and computer networking  
17 under this section is intended not to compete with commercial access to advanced network  
18 technology, but rather to foster fundamental efficiencies in government and education for  
19 the public good.

20 (b) (1) The Department shall establish a telecommunication and computer  
21 network in the State.

22 (2) The network shall consist of:

23 (i) one or more connection facilities for telecommunication and  
24 computer connection in each local access transport area (LATA) in the State; and

25 (ii) facilities, auxiliary equipment, and services required to support  
26 the network in a reliable and secure manner.

27 (c) The network shall be accessible through direct connection and through local  
28 intra–LATA telecommunications to State and local governments and public and private  
29 educational institutions in the State.

3 12–107.

4           (b) Subject to the authority of the Board, jurisdiction over procurement is as  
5 follows:

6                   (2) the Department of General Services may:

7                           (i) engage in or control procurement of:

8                                   10. information processing equipment and associated  
9 services, as provided in Title [3A] 3.5, Subtitle 3 of this article; [and]

10                                   11. telecommunication equipment, systems, or services, as  
11 provided in Title [3A] 3.5, Subtitle 4 of this article; **AND**

12                                   **12. MANAGED CYBERSECURITY SERVICES, AS PROVIDED**  
13 **IN TITLE 3.5, SUBTITLE 3 OF THIS ARTICLE;**

14           SECTION 3. AND BE IT FURTHER ENACTED, That, as a key enabler of the  
15 Department of Information Technology’s cybersecurity risk management strategy, on or  
16 before December 31, 2022, the Department shall complete the implementation of a  
17 governance, risk, and compliance module across the Executive Branch of State government  
18 that:

19                   (1) has industry–standard capabilities;

20                   (2) is based on NIST, ISO, or other recognized security frameworks or  
21 standards; and

22                   (3) enables the Department to identify, monitor, and manage cybersecurity  
23 risk on a continuous basis.

24           SECTION 4. AND BE IT FURTHER ENACTED, That, on the effective date of this  
25 Act, the following shall be transferred to the Department of Information Technology:

26                   (1) all appropriations, including State and federal funds, held by a unit of  
27 the Executive Branch of State government for the purpose of information technology  
28 operations or cybersecurity for the unit on the effective date of this Act; and

29                   (2) all books and records (including electronic records), real and personal  
30 property, equipment, fixtures, assets, liabilities, obligations, credits, rights, and privileges  
31 held by a unit of the Executive Branch of State government for the purpose of information  
32 technology operations or cybersecurity for the unit on the effective date of this Act.

1           SECTION 5. AND BE IT FURTHER ENACTED, That all employees of a unit of the  
2 Executive Branch of State government who are assigned more than 50% of the time to a  
3 function related to information technology operations or cybersecurity for the unit on the  
4 effective date of this Act shall, on the effective date of this Act, report to the Secretary of  
5 Information Technology or the Secretary's designee.

6           SECTION 6. AND BE IT FURTHER ENACTED, That any transaction affected by  
7 the transfer of oversight of information technology operations or cybersecurity of a unit of  
8 the Executive Branch of State government and validly entered into before the effective date  
9 of this Act, and every right, duty, or interest flowing from it, remains valid after the  
10 effective date of this Act and may be terminated, completed, consummated, or enforced  
11 under the law.

12           SECTION 7. AND BE IT FURTHER ENACTED, That all existing laws, regulations,  
13 proposed regulations, standards and guidelines, policies, orders and other directives, forms,  
14 plans, memberships, contracts, property, investigations, administrative and judicial  
15 responsibilities, rights to sue and be sued, and all other duties and responsibilities  
16 associated with information technology operations or cybersecurity of a unit of the  
17 Executive Branch of State government prior to the effective date of this Act shall continue  
18 and, as appropriate, be legal and binding on the Department of Information Technology  
19 until completed, withdrawn, canceled, modified, or otherwise changed under the law.

20           SECTION 8. AND BE IT FURTHER ENACTED, That this Act shall take effect  
21 October 1, 2022.
