This data shall be made available on request and in a format subject to the 20concurrence of the Department of Legislative Services (DLS). Further, the expenditure of 21appropriations shall be reported and accounted for by the subobject classification in 22accordance with the instructions promulgated by the Comptroller of Maryland.

For the purpose of this count, contractual FTEs are defined as those individuals having an employee-employer relationship with the State. This count shall include those individuals in higher education institutions who meet this definition but are paid with additional assistance funds.

Further provided that DBM shall provide to DLS with the allowance for each department, unit, agency, office, and institution, a one-page organizational chart in Microsoft Word or Adobe PDF format that depicts the allocation of personnel across operational and administrative activities of the entity.

SECTION 30. AND BE IT FURTHER ENACTED, That: 1 $\mathbf{2}$ The Secretary of Health shall maintain the accounting systems (1)3 necessary to determine the extent to which funds appropriated for fiscal 2023 in program 4 M00Q01.03 Medical Care Provider Reimbursements and M00Q01.10 Medicaid Behavioral Health Provider Reimbursements have been disbursed for services provided in that fiscal $\mathbf{5}$ 6 year and shall prepare and submit the monthly reports by fund type required under this 7section for that program. 8 (2)The State Superintendent of Schools shall maintain the accounting 9 systems necessary to determine the extent to which funds appropriated for fiscal 2023 to 10 program R00A02.07 Students With Disabilities for nonpublic placements have been 11 disbursed for services provided in that fiscal year and to prepare monthly reports as 12required under this section for that program. 13(3)The Secretary of Human Services shall maintain the accounting 14systems necessary to determine the extent to which funds appropriated for fiscal 2023 in program N00G00.01 Foster Care Maintenance Payments have been disbursed for services 15provided in that fiscal year, including detail by placement type for the average monthly 1617caseload, average monthly cost per case, and the total expended for each foster care 18 program, and to prepare the monthly reports required under this section for that program. 19 For the programs specified, reports must indicate by fund type total (4)20appropriations for fiscal 2023 and total disbursements for services provided during that 21fiscal year up through the last day of the second month preceding the date on which the 22report is to be submitted and a comparison to data applicable to those periods in the 23preceding fiscal year. 24(5)Reports shall be submitted to the budget committees, the Department 25of Legislative Services, the Department of Budget and Management, and the Comptroller 26beginning August 15, 2023, and submitted on a monthly basis thereafter. 27It is the intent of the General Assembly that general funds appropriated (6)28for fiscal 2023 to the programs specified that have not been disbursed within a reasonable 29period, not to exceed 12 months from the end of the fiscal year, shall revert. 30 SECTION 31. AND BE IT FURTHER ENACTED, That, as the Infrastructure 31Investment and Jobs Act and the Inflation Reduction Act each make billions of dollars of 32federal grant funds available to states and other entities on a competitive basis, it is the intent of the General Assembly that State agencies aggressively pursue funding 33 opportunities that align with the goals of the State. The General Assembly notes that many 3435 of the grant opportunities require the commitment of State matching funds and asks that 36 agencies notify the budget committees at least 10 days prior to submitting the application 37 if the receipt of the grant will require the allocation of additional State resources to the 38 agency in fiscal 2024 or future years. The submission should include a brief description of

268

the opportunity, the amount of federal funds the State is seeking, and the required State
 <u>match.</u>

<u>Further provided that on a quarterly basis beginning July 1, 2023, the committees</u>

 <u>competitive grants the State has applied for, the status of the application, and any state</u>
 <u>match that is required by the grant.</u>

SECTION 32. AND BE IT FURTHER ENACTED, That no position identification
 number assigned to a position abolished in this budget may be reassigned to a job or
 function different from that to which it was assigned when the budget was submitted to the
 General Assembly. Incumbents in positions abolished may continue State employment in
 another position.

12SECTION 33. AND BE IT FURTHER ENACTED, That the General Accounting Division of the Comptroller of Maryland shall establish a subsidiary ledger control account 1314to debit all State agency funds budgeted under subobject 0175 (Workers' Compensation) 15and to credit all payments disbursed to the Injured Workers' Insurance Fund (IWIF) via 16 transmittal. The control account shall also record all funds withdrawn from IWIF and returned to the State and subsequently transferred to the General Fund. IWIF shall submit 1718monthly reports to the Department of Legislative Services concerning the status of the 19account.

20SECTION 34. AND BE IT FURTHER ENACTED, That the Board of Public Works 21(BPW), in exercising its authority to create additional positions pursuant to Section 7-236 22of the State Finance and Procurement Article, may authorize during the fiscal year no more 23than 100 positions in excess of the total number of authorized State positions on July 1, 242023, as determined by the Secretary of Budget and Management. Provided, however, that 25if the imposition of this ceiling causes undue hardship in any department, agency, board, 26or commission, additional positions may be created for that affected unit to the extent that 27an equal number of positions authorized by the General Assembly for the fiscal year are 28abolished in that unit or in other units of State government. It is further provided that the 29limit of 100 does not apply to any position that may be created in conformance with specific 30 manpower statutes that may be enacted by the State or federal government nor to any 31positions created to implement block grant actions or to implement a program reflecting 32fundamental changes in federal/State relationships. Notwithstanding anything contained 33 in this section, BPW may authorize additional positions to meet public emergencies 34resulting from an act of God and violent acts of man that are necessary to protect the health 35and safety of the people of Maryland.

BPW may authorize the creation of additional positions within the Executive Branch provided that 1.25 contractual full-time equivalents (FTE) are abolished for each regular position authorized and that there be no increase in agency funds in the current budget and the next two subsequent budgets as the result of this action. It is the intent of the General Assembly that priority is given to converting individuals that have been in contractual FTEs for at least 2 years. Any position created by this method may not be counted within the limitation of 100 under this section. The numerical limitation on the

$ \begin{array}{c} 1 \\ 2 \\ 3 \\ 4 \end{array} $	creation of positions by BPW established in this section may not apply to positions entirely supported by funds from federal or other non–State sources so long as both the appointing authority for the position and the Secretary of Budget and Management certify for each position created under this exception that:			
$5 \\ 6$	(1) <u>funds are available from non–State sources for each position</u> <u>established under this exception; and</u>			
$7\\ 8\\ 9\\ 10\\ 11$	(2) any positions created will be abolished in the event that non-State funds are no longer available. The Secretary of Budget and Management shall certify and report to the General Assembly by June 30, 2024, the status of positions created with non-State funding sources during fiscal 2021 through 2024 under this provision as remaining, authorized, or abolished due to the discontinuation of funds.

AND BE IT FURTHER ENACTED, That immediately following the close of fiscal 2023, the Secretary of Budget and Management shall determine the total number of full-time equivalent (FTE) positions that are authorized as of the last day of fiscal 2023 and on the first day of fiscal 2024. Authorized positions shall include all positions authorized by the General Assembly in the personnel detail of the budgets for fiscal 2023 and 2024, including nonbudgetary programs, the Maryland Transportation Authority, the University System of Maryland self-supported activities, and the Maryland Correctional Enterprises.
