SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND,  
 That the Laws of Maryland read as follows:

**Article – Land Use**

1–201.

**(A) (1) THE PLANNING PRINCIPLES UNDER SUBSECTION (B) OF THIS SECTION ARE COLLECTIVELY INTENDED TO CREATE SUSTAINABLE COMMUNITIES AND TO PROTECT THE ENVIRONMENT IN ORDER TO FOSTER A HIGH QUALITY OF LIFE FOR ALL RESIDENTS OF THE STATE.**

**(2) TO ACCOMPLISH THE GOALS UNDER PARAGRAPH (1) OF THIS SUBSECTION, RESIDENTS SHOULD BE ACTIVE PARTNERS IN THE PLANNING AND**

**IMPLEMENTATION OF COMMUNITY INITIATIVES AND SENSITIVE TO THEIR RESPONSIBILITIES AS STEWARDS IN BALANCING AND ACHIEVING COMMUNITY GOALS.**

**(B)** In addition to the requirements of § 3–201(a) and (b) of this article, a planning commission shall implement the following [visions] **PLANNING PRINCIPLES** through the comprehensive plan described in Title 3 of this article:

(1) quality of life and sustainability: a high quality of life is achieved through universal stewardship of the land, water, and air resulting in sustainable communities and protection of the environment;

(2) public participation: citizens are active partners in the planning and implementation of community initiatives and are sensitive to their responsibilities in achieving community goals;

(3) growth areas: growth is concentrated in existing population and business centers, growth areas adjacent to these centers, or strategically selected new centers;

(4) community design: compact, mixed–use, walkable design consistent with existing community character and located near available or planned transit options is encouraged to ensure efficient use of land and transportation resources and preservation and enhancement of natural systems, open spaces, recreational areas, and historical, cultural, and archaeological resources;

(5) infrastructure: growth areas have the water resources and infrastructure to accommodate population and business expansion in an orderly, efficient, and environmentally sustainable manner;

(6) transportation: a well–maintained, multimodal transportation system facilitates the safe, convenient, affordable, and efficient movement of people, goods, and services within and between population and business centers;

(7) housing: a range of housing densities, types, and sizes provides residential options for citizens of all ages and incomes;

(8) economic development: economic development and natural resource–based businesses that promote employment opportunities for all income levels within the capacity of the State’s natural resources, public services, and public facilities are encouraged;

(9) environmental protection: land and water resources, including the Chesapeake and coastal bays, are carefully managed to restore and maintain healthy air and water, natural systems, and living resources;

(10) resource conservation: waterways, forests, agricultural areas, open space, natural systems, and scenic areas are conserved;

(11) stewardship: government, business entities, and residents are responsible for the creation of sustainable communities by collaborating to balance efficient growth with resource protection; and

(12) implementation: strategies, policies, programs, and funding for growth and development, resource conservation, infrastructure, and transportation are integrated across the local, regional, State, and interstate levels to achieve these visions.]

(a) (3) The Board of Public Works may approve a transportation project under paragraph (1)(ii) of this subsection if the transportation project:

- (i) maintains the existing transportation system, if the Department of Transportation and the Department of Planning determine the project does not serve to significantly increase highway capacity;
- (ii) serves to connect priority funding areas, if:
  - 1. the Department of Transportation and the Department of Planning determine that adequate access control or other measures are in place to:
    - A. prevent development that is inconsistent with § [5-7A-01(1), (2), and (3)] ~~5-7A-01~~ of this title; and
    - B. maintain the viability of the project while concomitantly constraining development which potentially detracts from main street business areas; and
  - 2. the Department of Transportation and the Department of Planning have first determined whether alternative transportation modes, such as mass transit and transportation demand management, provide a reasonable alternative to the project and that no reasonable alternative exists;
- (iii) has the sole purpose of providing control of access by the Department of Transportation along an existing highway corridor; or
- (iv) due to its operational or physical characteristics, must be located away from other development.

SECTION 2. AND BE IT FURTHER ENACTED, That the publisher of the Annotated Code of Maryland, in consultation with and subject to the approval of the Department of Legislative Services, shall correct, with no further action required by the General Assembly, cross-references and terminology rendered incorrect by this Act. The publisher shall adequately describe any correction that is made in an editor's note following the section affected.

SECTION 3. AND BE IT FURTHER ENACTED, That this Act shall take effect October 1, 2025.
