House Bill 1513  
Appropriations

(Calvert County Delegation)

Budget and Taxation

---

**Calvert County - Public Facilities Bonds**

---

This bill authorizes the Calvert County Commissioners to issue up to \$81.0 million in general obligation (GO) bonds for the acquisition, construction, improvement, or renovation of public buildings, facilities, and public works projects. The date of maturity of the bonds cannot exceed 30 years. **The bill takes effect June 1, 2026.**

---

**Fiscal Summary**

**State Effect:** None.

**Local Effect:** Calvert County receives up to \$81.0 million in bond proceeds. County debt service expenditures increase by an estimated \$6.3 million annually.

**Small Business Effect:** None.

---

**Analysis**

**Current Law:** Commission counties do not have the legislative power to create debt; General Assembly authorization is required before any bonds can be sold. Calvert County is one of six counties that still operates under the commission form of government.

**Local Fiscal Effect:** Since 2015, Calvert County has received authorization by the General Assembly to issue up to \$240.5 million in GO bonds for public facilities, as shown in **Exhibit 1**. **Exhibit 2** shows the planned capital projects in Calvert County for fiscal 2027.

Calvert County revenues increase by up to \$81.0 million from bond proceeds. Annual debt service costs total approximately \$4.6 million for bonds issued with a 15-year term of maturity and \$1.7 million for bonds issued with a 25-year term of maturity. This estimate is based on a 3.23% interest rate and 4.15% interest rate, respectively. To the extent that the bond issuance, interest rates, or terms of maturity deviate from this assumption, debt service expenditures would adjust accordingly.

At the end of fiscal 2024, Calvert County had approximately \$193.6 million in total outstanding debt, which represents approximately 1.0% of the county's assessable base and \$2,042 on a per capita basis. The county currently has an AAA credit rating from Standard and Poor's, an Aaa credit rating from Moody's Investors Service, and an AAA credit rating from Fitch Ratings.
