

## **Site considerations for browsers with JavaScript disabled.**

There are a number of features on this site that will not work if your browser has been set to disallow JavaScript. To find out whether your browser supports Javascript, or to allow scripts to execute, see your browser's online help. To learn how to allow cookies, also see your browser's online help.

They are:

1. Viewing House Committee meetings
2. Viewing or listening to media clips of hearings for a particular piece of legislation.
3. Opening multiple PDF documents in new tabs/windows within the browser. You must close each PDF before opening another PDF document.
4. Navigating to links appearing within Floor Vote pages.
5. Viewing Redistricting maps.
6. Tracking bills from Synopsis document using pin icon.
7. 'Contact Legislator' and 'Find My Elected Officials' options
