Change
771,000

Authorization
771,000

Explanation: Federal funding was provided in fiscal 2016 to construct a new Easton Readiness Center; however, the project cannot begin until the funds to support the necessary 25% State match are made available. This action adds the general obligation bond funding necessary to support the State's portion of estimated design, demolition, and sitework expenses in fiscal 2017.

Authorization
-19,310,000
5,810,000

Explanation: To accommodate lower general obligation bond authorization levels, the Department of Budget and Management (DBM) has revised the staged build-out schedule and reduced funding for this project from what was previously scheduled. Increasing the authorization and keeping the project on schedule is projected to reduce total project costs by \$4 million. DBM advises that the system will “correct existing emergency communications deficiencies” and “thereby minimizing the loss of life and property.” ~~This provides an additional \$4 million, which along with \$9 million appropriated in the operating budget provides sufficient funding to keep this project on schedule and reduce total project costs.~~ *This action reduces the authorization to the level proposed by the Administration.*

Committee Narrative

~~Rosewood Memorandum of Understanding~~ and *Stevenson University Contract*: The committees are concerned about the status of the Rosewood property. There have been discussions between Stevenson University and the Department of Health and Mental Hygiene (DHMH) regarding the transfer of Parcel 1 of the property to Stevenson University. Stevenson University has been apprehensive to acquire the property due to concerns about abatement of the adjacent parcels. ~~The committees request the Department of Budget and Management (DBM), Stevenson University, and DHMH to develop a Memorandum of Understanding (MOU) related to the transfer of property to the university and the rights and responsibilities for the abatement. The committees request that the MOU be submitted to the budget committees within 30 days of execution.~~ *Should Stevenson University and the State enter into a contractual relationship related to the transfer of property to the university and the rights and responsibilities for the abatement, the committees request that the contract be submitted to the budget committees within 30 days of execution.*

Committee Narrative

Revising Research Space Guidelines: Public four-year institutions are required to annually submit their current space inventories through the Facilities Inventory Report to the Maryland Higher Education Commission (MHEC). This data is used as the basis to calculate the current and projected academic and research space needs of an institution. While the academic space standards were reevaluated and revised in fiscal 2009, the research space guidelines have not been reevaluated or revised since being developed in fiscal 1999 and, therefore, are not reflective of current research practices such as the increase in collaborative research between disciplines or do not account for the varying research space needs of programs, which can range from computer workstations to a large engineering laboratory. When comparing the results of Maryland's model to that used by other systems or institutions, the Maryland model greatly over estimates the needed research space. Therefore, the budget committees request that the University System of Maryland (USM), MHEC, the Department of Budget and Management (DBM), and Morgan State University (MSU) develop and recommend research space guidelines that more accurately reflect the space needs for researchers. The report should be submitted to the budget committees by December 15, 2016.

Committee Narrative

Capital Grant and Loan Awards Report: The committees are interested in unifying the reporting of the Department of Housing and Community Development's (DHCD) capital grant and loan programs. Consistent with the language in the Maryland Transparency Act, the committees request DHCD to provide a report on awards to for-profit and nonprofit entities for each of its 12 capital grant and loan programs, in compliance with State privacy laws and federal disclosure restrictions under the U.S. Securities and Exchange Act. The Maryland Public Information Act prohibits the disclosure of names and addresses of individuals who receive a benefit from the State based on income qualifications. The report should include the following information, to the extent permitted by law:

- **Baltimore Regional Neighborhoods Initiative:** the name of the program, the grantee or loan recipient, the jurisdiction of the project, the amount of the grant or loan, the amount of funding from all other sources, the total amount from all sources of the project being funded, and a measure of the impact of the project.
- **Community Development Block Grant Program:** the name of the program, the grantee or loan recipient, the jurisdiction of the project, the amount of the grant or loan, the amount of funding from all other sources, the total amount from all sources of the project being funded, and a measure of the impact of the project.

Explanation: Delete the Water Quality Revolving Loan Fund authorization of \$6,792,000 in general obligation bonds. This funding reflects the match to the federal capitalization funding. Consistent with the recommendation of the Spending Affordability Committee, the State should end the use of general obligation bonds to support programs that cannot be funded with tax-exempt financing and instead should use general funds. General funds for this purpose are withheld from the Board of Public Works allowance for higher education construction in Supplemental Budget No. 3.

<u>(A)</u>	<u>New Cumberland Barrack and Garage. Provide funds to design a new Cumberland Barrack and Garage (Allegany County)</u>	<u>550,000</u>
------------	-------------------------------------------------------------------------------------------------------------------------------	----------------

<u>Allowance</u> 0	<u>Change</u> 550,000	<u>Authorization</u> 550,000
------------------------------	---------------------------------	----------------------------------------

Explanation: Funding is added to begin design of a new Department of State Police barrack and garage facilities to replace the existing obsolete and deteriorating facilities in Cumberland. The project has been in the department's capital plan for nearly 15 years but has been deferred on multiple occasions for other competing budget priorities. The existing facility is 60 years old and poses significant health and life safety issues, in addition to violating State laws and regulations that require separation of adult and juvenile offenders. As such, the General Assembly recognizes the need for a new facility as a primary priority for the department.

Committee Narrative

Department of State Police Facilities Master Plan: Most capital construction results from the need to accommodate people, modernize or replace facilities, or provide space for services or programs. Therefore, facilities master plans are provided by State agencies every five years to the Department of Budget and Management (DBM) to present information on each of these subjects. The plans evaluate current conditions and projected needs, develop proposals for addressing deficiencies, and present a recommendation which will enable the State agency to meet its goals over the timeframe of the plan. DBM provides Guidelines for Submission of a Facilities Master Plan to State agencies. The Department of State Police (DSP) has not provided an updated facilities master plan to DBM per the five-year schedule. It is the intent of the General Assembly that the department provide an updated facilities master plan to DBM by June 1, 2017. The updated facilities master plan should be submitted to the budget committees.

Maryland Hospital Association

Committee Narrative

Maryland Hospital Association Grant Program Encumbrances and Expenditures: The past couple years have included de-authorizations of entire projects contained within the Maryland Hospital Association (MHA) Private Hospital Grant Program due to concerns surrounding the All-payer Model Contract and its effect on capital projects and priorities. Currently, the Department of Budget and Management does not include data on the amount of encumbrances and the amount expended to date for this grant and loan program in the capital worksheets, nor does MHA include this information in its annual submission requesting funds from the Governor. The budget committees request a report detailing the amounts encumbered, unencumbered, and expended to date of all MHA Private Hospital Grant Program projects. Further, the budget committees request that this data be included in the capital worksheets submitted in support of the Governor's annual capital budget.

Committee Narrative

Local Jails and Detention Centers Population Statistics Report: As overseer of the Local Jails and Detention Center Capital Improvement Program, the committees direct the Department of Public Safety and Correctional Services (DPSCS), on an annual basis, to coordinate the submission of local jail and detention center population statistics on behalf of the counties and provide that information in a report to the budget committees. At a minimum the report shall include:

- the operational capacity for each facility, making note of specialized population beds that cannot be used by general population inmates;
- the total average daily population for the fiscal year for total population and separated by male and female offenders;
- the number of days the population exceeded operational capacity;
- the most consecutive days the population exceeded capacity;
- the range in the number of inmates exceeding operational capacity;
- the average amount the population exceeded capacity; and
- the peak inmate population.

Receipt of this information for every county on an annual basis would allow the General Assembly, the Department of Budget and Management, DPSCS, and the counties to better assess local jail and detention center capital needs. The report shall be submitted to the budget committees no later than September 1, 2016, and annually thereafter.
