

Report of the Conference Committee on Senate Bill 190

The Budget Bill

March 29, 2016

Mr. President,
Ladies and Gentlemen of the Senate:

Mr. Speaker,
Ladies and Gentlemen of the House of Delegates:

The Conference Committee has reconciled the differences between the House and Senate versions of SB 190 and Supplemental Budgets No. 1, 2, and 3 in which the Senate made total reductions of \$39.4 million and the House made total reductions of \$50.8 million. The Conference Committee made total reductions of \$68.1 million.

The Senate adopted 124 amendments to the budget bill. The House subsequently adopted 58 amendments to the budget bill, as amended by the Senate. The Senate concurred in none of the House amendments. All of these amendments have been reconsidered, and actions taken are indicated in the attached *Report of the Conference Committee*.

The budget expands funding for core State services and priorities including public education, higher education, Medicaid, human services, public safety, and State employee compensation. At the same time, the budget meets the guidelines established by the Spending Affordability Committee (SAC) in December 2015.

The projected general fund balance at the close of fiscal 2017, given the legislative actions on the budget, is \$403.3 million. This is significantly above the SAC recommendation which sought an ending fund balance of at least \$100.0 million. The Rainy Day Fund balance exceeds \$1 billion, again more than meeting the SAC recommendation.

The budget is structurally balanced, with ongoing general fund revenue exceeding ongoing expenditures by \$139 million in fiscal 2017. Growth in total State spending, excluding reserve fund appropriations, is 4.55%. This growth is lower than the 4.85% growth guideline recommended by SAC.
