Fiscal 2017 Budget Budget Bill (SB 190) as Amended by the Conference Committee

- 1. Achieves Structural Balance with Budget Growth under Spending Affordability Guidelines Improving revenues and modest expenditure growth result in structural balance in fiscal 2016 and 2017. Ongoing general fund revenues exceed ongoing expenditures by \$139.0 million in fiscal 2017. Growth in total State spending, excluding reserve fund appropriations, is 4.6%. This budget growth is lower than the 4.85% growth guideline recommended by the Spending Affordability Committee and less than the average forecasted growth in Maryland's personal income across calendar 2016 and 2017.
- 2. Increases Cash Balances Budget actions result in a fiscal 2017 general fund balance of over \$400.0 million. The Rainy Day Fund balance exceeds \$1.0 billion. The combined balances are over 8.0% of general fund revenues. Current budget forecasts indicate that these cash balances are sufficient to balance the general fund budget through fiscal 2020 while maintaining a 5.0% Rainy Day Fund balance.
- 3. Maintains the State's Commitment to the Public Schools Under the committee's budget proposal, State support for the public schools will be over \$6.3 billion. Distributions to local school systems will increase an estimated \$147.0 million, or 2.7%. This increase reflects full funding of the mandated education formulas including the Geographic Cost of Education Index. The budget also includes \$19.4 million for five school systems that have lost enrollment and aid in recent years. An additional \$19.0 million in budgetary savings is restricted for grants to help school systems fund the increase in their share of teachers' retirement costs.
- 4. Funds All Statutory Requirements and Several Significant Initiatives The fiscal 2017 budget fully meets statutory requirements for funding. In addition, there is \$15.0 million to assist with the transition to a new Prince George's County Regional Medical System, \$21.5 million for strategic demolition neighborhood revitalization projects across the State, a significant increase in critical maintenance

funding to preserve State facilities, and \$2.0 million in new funding for the Rural Maryland Prosperity Investment Fund to support rural entrepreneurship and community development.

- 5. Provides Sufficient Funds to Keep Higher Education Tuition Increases Low State support for Maryland's colleges and universities increases about 6.0% allowing undergraduate tuition rates to increase a modest 2.0%. Community colleges will receive an additional \$14.0 million in aid an increase of 5.4% and aid for private colleges and universities increases \$8.0 million.
- 6. Continues to Provide Vital Health Care Services Total funding for the Medicaid program approaches \$10.0 billion, including \$346.0 million for rate increases for health care providers. In addition, the Conference Committee has restricted budgetary savings for moving physician rates closer to Medicare rates in an effort to strengthen the provider network. Expanded Medicaid coverage under the federal Affordable Care Act has resulted in about 1.2 million of our residents having access to health care through the program. Funding for the developmentally disabled grows by over \$63.0 million, including \$36.0 million for the required 3.5% community provider increase.
- 7. Focuses Resources on Substance Abuse Treatment and Opioid Addiction Spending on substance abuse disorders increases by \$12.1 million, including \$5.4 million for new and expanded services and treatment for individuals with a substance abuse disorder, \$3.7 million for initiatives recommended by the Governor's Heroin and Opioid Emergency Task Force, and \$3.0 million to increase the number of placements available for court commitments to treatment under Section 8-507 of the Health General Article. A rate increase of 2.0% is funded for all behavioral health providers.
- 8. Recognizes Efforts of State Workforce This year's budget includes funds for State employee merit increases. Sworn police officers will also receive a general salary increase and additional step increases for those officers employed during recent years, in which State employees did not receive step increases.
