**Committee Narrative**

**Assessment of State Facilities:** The committees are encouraged by the Administration’s commitment to increase support for facilities maintenance. Fiscal 2020 authorizations are increased to \$38 million, and the Department of General Services (DGS) has received funding and regular positions for a Statewide Facility Condition Assessment Unit. DGS should submit a facility assessment to the committees. This assessment should examine the condition of State buildings, prioritize facilities maintenance and facilities renewal by condition, estimate resources required to rehabilitate facilities, and develop a spending plan to address these needs. If needed, DGS may procure consulting services to support this assessment. The report should be completed by November 1, 2020.

**Explanation:** This action reduces the \$6,065,000 general obligation bond authorization for the Coastal Resiliency Program by \$3,980,000. This reflects the reduction of funding for projects scheduled to begin construction in April 2020. The five projects are as follows: Selsey Road – Shoreline Enhancements (\$1,000,000); St. Mary’s Church – Shoreline Enhancements (\$980,000); Oxford – Shoreline and Stormwater Enhancements (\$900,000); West River – Shoreline and Stormwater Enhancements (\$800,000); and Deale Beach – Shoreline Enhancements (\$300,000).

**Authorization**  
8,500,000

**Explanation:** This action reduces the authorization for the Maryland Agricultural Cost-Share Program by \$500,000 in general obligation bonds in order to level fund it with the fiscal 2019 authorization. The department should still be able to reach a \$9.0 million encumbrance level in fiscal 2020 using available recycled grant funds, which exceed \$1.0 million annually.

## Q00

# Department of Public Safety and Correctional Services

### Committee Narrative

**Report on the Therapeutic Treatment Center:** In recent years, the Department of Public Safety and Correctional Services (DPSCS) has stated that the Baltimore City jail complex needed more space and funding to offer the medical, mental health, and drug treatment options that its detainees required. While the new Therapeutic Treatment Center (TTC) is designed to address these concerns, there are a number of issues that need to be resolved, particularly the nature of the partnership between DPSCS and the Maryland Department of Health (MDH), and how services at TTC will be administered. Therefore, the committees request a report due November 15, 2019, containing the following information:

- **TTC Staffing and Security:** A complete annual operational impact statement, including the types and number of new DPSCS and MDH personnel needed to run the new facility and administer the various programs.
- **Housing:** An evaluation of how the additional TTC bed space will improve the department's management of the detainee and short-term sentenced populations, including, but not limited to, an evaluation of the number of offenders who are (1) housed outside of Baltimore City at Jessup Correctional Institution and (2) housed in dormitories at the Baltimore Central Booking and Intake Center and the Metropolitan Transition Center.
- **Medical:** A fully developed Memorandum of Understanding between DPSCS and MDH that establishes a well-articulated process based on best management evidence-based practices for evaluating, prioritizing, and managing the evaluation and care of detainees selected for health, mental health, and substance use disorder (SUD) treatment care and programming.
- **Aftercare:** Details on the departments' joint plan to ensure that detainees and short-term sentenced offenders are linked to medical, mental health, and SUD aftercare upon release into the community along with any potential partnerships it may offer (including, but not limited to, its current aftercare, rehabilitation, and re-entry service partners).
- **Interim Management:** Because the proposed facility is slated to open in fiscal 2025, details on how the new construction will affect the department's operations and detainee programs/services in the interim years.

Amend the following language:

(C) Senator James E. “Ed” DeGrange Nonpublic Aging Schools Program. Provide funds to be distributed as grants to nonpublic schools in Maryland for expenditures eligible under the Aging Schools Program established in § 5–206 of the Education Article, including school security improvements. Provided that grants may only be provided to nonpublic schools eligible to receive Aid to Non-Public Schools R00A03.04 (for the purchase of textbooks or computer hardware and software for loans to students in eligible nonpublic schools) or nonpublic schools that serve students with disabilities through the Nonpublic Placement Program R00A02.07 Subprogram 0762, excluding preschools in fiscal 2020, with a maximum amount of \$100,000 and a minimum amount of \$5,000 per eligible school.

Further provided that:

- (a) ~~An~~ Unless a school serves students through the Nonpublic Placement Program, an eligible school may apply and qualify for a grant as specified below based on the following criteria:
  - (1) At least 20% of the school’s students are eligible for free or reduced price meal programs;
  - (2) Tuition charged to students is less than the statewide average per pupil expenditure for public schools calculated by the Maryland State Department of Education; and
  - (3) The school has a facility with an average age of 50 years or more; and
- (b) If a school meets:
  - (1) All three of the criteria specified above, or serves students through

**RA07**

the Nonpublic Placement Program, the school may receive up to \$100,000;

- (2) Two of the three criteria specified above, the school may receive up to \$75,000; and
- (3) One of the three criteria specified above, the school may receive up to \$25,000.

Further provided that if more eligible schools apply and qualify for grants than the total authorizations, the Maryland State Department of Education shall prorate the grants based on the total authorization amount. Further provided that the funds shall be administered by the Maryland State Department of Education and the Interagency Commission on School Construction.

Further provided that grants made to nonpublic schools shall be expended within 3 years of the date that funding for the grants became available. Any funding for grants that is unexpended following 3 years of having become available shall be transferred to the Unreserved Statewide Contingency Account for public school construction.

Notwithstanding the requirements above, ~~\$942,000~~ \$1,042,000 of this authorization shall be provided as grants for the acquisition, planning, design, construction, repair, renovation, reconstruction, site improvement, and capital equipping of school facilities for the following recipients in the following amounts:

| (g) | <u>The Board of Directors of the Human Development<br/>Corporation (Anne Arundel County).....</u> | <u>100,000</u> |

**Explanation:** Currently, if funding made available for grants to nonpublic schools under the Senator James E. “Ed” DeGrange Nonpublic Aging Schools (DeGrange) Program is not expended by specified dates for reimbursement set by the Interagency Commission on School Construction, that unexpended funding does not have a specified purpose. This action requires that grants made under the DeGrange Program must be expended within three years of when they are made available and that any funding that has gone unexpended in the following three years must be transferred to the Unreserved Statewide Contingency Account to be made available for public school construction.

This action also allows nonpublic schools that serve students with disabilities through the Nonpublic Placement Program to participate in the DeGrange Program at the same level as nonpublic schools meeting three of the established DeGrange Program criteria and specifies that ~~\$942,000~~ \$1,042,000 in funding should be provided as grants to specific schools in specified amounts.

**Committee Narrative**

**Progress on a Revised Allocation Methodology:** The University System of Maryland’s (USM) current method of allocating capital facilities renewal funds does not reward or provide incentives to those institutions that have made efforts to increase spending on renewal projects. Beginning in fiscal 2022, funding for facilities renewal is expected to increase from \$17 million in previous years to \$32 million, giving USM an opportunity to develop and implement a new method for allocating funds that may more effectively address the backlog of deferred maintenance. Therefore, the committees request the University System of Maryland Office (USMO) to submit a report on the progress of developing and implementing a revised method for allocating capital facilities renewal funds among the institutions.

| 1,900,000        | -1,900,000    | 0                    |

**Explanation:** *Although the need for a new multiagency center to house the Baltimore City emergency services operations may exist, the proposed project has not been fully developed enough to warrant State support. Baltimore City has not committed to funding the project in fiscal 2020 despite the request of \$1.9 million in design funds from the State. The \$50 million total project cost is not based on any detailed cost estimate, and there is not identified funding split between the estimated State and local cost share. The funding schedule does assume an additional \$1.9 million in State funds in fiscal 2021, although the project is not reflected as a State commitment in the out-years of the 2019 Capital Improvement Program. Finally, Baltimore City does not have an identified site or capital program for the proposed project. State support for the project would be better suited after the project plan has been more fully developed.*
