26 (c) The easement must be in form, substance, and duration acceptable to

35 Public Works for the purposes provided in this Act no later than June 1, 2027. If any funds
36 authorized by this Act remain unexpended or unencumbered after June 1, 2027, the amount
37 of the unexpended or unencumbered authorization shall be canceled and be of no further
38 force and effect. If bonds have been issued for the loan, the amount of unexpended or

1 unencumbered bond proceeds shall be disposed of as provided in § 8–129 of the State
2 Finance and Procurement Article.

8 this Act, notwithstanding technical differences in:

9 (i) The name of the grantee or the description of the project, provided
10 that the proposed use of funds is consistent with the public purpose of the original
11 appropriation; or

12 (ii) The location of the project, provided that the proposed location is
13 within the county specified in the original appropriation.

14 (b) The Department of Budget and Management shall notify the Office of
15 Policy Analysis within the Department of Legislative Services in writing of:

16 (i) The technical differences between an appropriation in Section
17 1(3) Items ZA00 through ZB02 of this Act and the proposed use of the funds; and

18 (ii) The justification that the proposed use of the funds is consistent
19 with the public purpose of the appropriation.

20 (c) (i) The Office of Policy Analysis shall have 45 days to review and
21 comment on the proposed use of the funds.

22 (ii) If the Office of Policy Analysis does not submit written objections
23 within 45 days, the Department of Budget and Management shall provide certification in
24 writing to the Board of Public Works that the proposed use of funds may be approved
25 notwithstanding technical differences in the appropriation in Section 1(3) Items ZA00
