Committee Narrative

Report on Renovation of 2100 Guilford Avenue in Baltimore City: The 2021 Capital Improvement Plan provides \$38 million to renovate State building #3 at 2100 Guilford Avenue in Baltimore City. The budget committees are concerned about authorizing such a large sum of general obligation bonds when there is so much uncertainty regarding the State office needs in Baltimore City. To address this, the Department of General Services (DGS) should report to the budget committees on the status of State Center litigation, plans to move State agencies out of the State office buildings on West Preston Street as noted in a press release, State office needs in Baltimore City over the next decade, and the costs and benefits of other options instead of renovating this property. The report should include evaluating multiple options in addition to the renovation of State building #3. This report should be submitted to the budget committees by December 3, 2021.
