

May 16, 2014

To the Members of the General Assembly

Ladies and Gentlemen:

On May 16, 2014, the Honorable Martin O'Malley, Governor, vetoed the following piece of legislation passed by the General Assembly; the reason for the veto is indicated:

HB 1168
Policy

Southern Maryland Delegation

**ELECTRICITY – CERTIFICATE – WIND TURBINES –
LIMITATION**

Prohibiting the Public Service Commission from granting final approval for, and a person from undertaking, construction of a specified type of wind-powered generating station above specified heights within specified areas before July 1, 2015; providing that the Act may not be construed to affect any wind-powered generating station for which proceeds from a Maryland Water Quality Financing Administration loan have been paid to a manufacturer of wind-powered generating stations to initiate construction of the wind-powered generating station; etc.

EFFECTIVE JUNE 1, 2014

Sincerely,

Karl S. Aro
Executive Director
