#### Item 2A

Each member of the General Assembly, upon presentation of an expense voucher, shall be entitled to a per diem allowance for meals and reimbursed for expenses actually incurred for lodging due to (i) attendance at regular, extended, or extraordinary sessions of the General Assembly of Maryland or scheduled committee or subcommittee meetings thereof; (ii) attendance at meetings of the Legislative Policy Committee or scheduled committee or subcommittee meetings thereof, including legislative committees created by statute; (iii) attendance at scheduled meetings of a commission, committee, joint executive/legislative committee, or task force or subcommittee thereof to which the legislator has been appointed by the Governor, the President of the Senate, or the Speaker of the House of Delegates; (iv) attendance at bill signings; or (v) attendance at official functions in Annapolis or outside Annapolis directly related to duties as a member of the General Assembly as may be approved by the President of the Senate or the Speaker of the House of Delegates. The President of the Senate and the Speaker of the House of Delegates shall establish guidelines and procedures for the determination and payment of expenses for meals and lodging, in accordance with the following policies:

- (1) Requests for payment of the per diem meal allowance need not be supported by receipts;
- (2) Requests for reimbursement for expenses incurred for lodging must be supported by receipts or by a billing from the facility providing the lodging and payment may be made directly to the facility;

(3) In no event shall a member be paid for meal expenses that exceed the total amount for meal expenses per day as provided in the Standard Travel Regulations of the State of Maryland, as amended from time to time by the Board of Public Works; and

(4) In no event shall a member be reimbursed for lodging expenses that exceed the most current published federal General Services Administration daily per diem rates for lodging:

(i) In Annapolis, Maryland, if the lodging occurred in Annapolis, Maryland; or

(ii) At the appropriate local rate, if the lodging occurred outside Annapolis, Maryland.

Item 2B

Each member shall be reimbursed for expenses actually incurred in traveling between the member's home and the place of a session or meeting or function described in Item 2A at the rate provided in the Standard Travel Regulations of the State of Maryland, as amended from time to time by the Board of Public Works, if the travel is by automobile. If a member travels by other means, the member will be reimbursed for actual costs, but not exceeding the mileage rate provided by the Standard Travel Regulations of the State of Maryland.

Item 2C

Each legislator shall be paid a seven hundred fifty dollar (\$750) lump sum nonvouchered within district transportation allowance at the beginning of each calendar year of the term 2015, 2016, 2017, and 2018.

Item 2D

Each member who wishes to be reimbursed for expenses actually incurred for registration fees, meals, lodging and travel in attending a meeting, conference or other function outside the State that the member believes is directly related to, or will substantially enhance the performance of, the member's duties as a legislator shall request and obtain in writing the prior approval of the President of the Senate and the Speaker of the House of Delegates. The request for approval shall indicate

the basis for the request for reimbursement, the estimated amount of reimbursable expenses and such other information as may be reasonably necessary to determine the appropriateness of reimbursement. The President of the Senate and the Speaker of the House of Delegates shall develop guidelines for reimbursement of out-of-state travel and other expenses. In developing these guidelines the President of the Senate and the Speaker of the House of Delegates may utilize the provisions of the Standard Travel Regulations of the State of Maryland to the degree applicable, except that the following policies shall be observed:

(1) The amount of any reimbursement for registration fees, as well as attendance at the particular function, must be approved in advance by the President of the Senate and the Speaker of the House of Delegates;

(2) The maximum amount of reimbursement available for actual expenses incurred for meals and lodging on any trip shall be determined by the joint action of the President of the Senate and the Speaker of the House of Delegates in connection with approval of each request, provided that in no event shall a member be reimbursed for meals and lodging expenses combined that exceed the most current published federal General Services Administration daily per diem rates for meals and lodging; and

(3) Copies of all requests for approval, all written approvals and disapprovals, and all requests for actual reimbursement shall be maintained in a central file in the Finance and Administrative Services Office of the Department of Legislative Services and kept available for public inspection upon request for a period of at least five (5) years.

#### Item 2E

Participation in these programs shall be in the same manner as the participation of State employees. Additional benefits programs authorized for State employees during a legislative term of office may not be made available to legislators until the beginning of the next term, at which time they shall be fully available unless prohibited elsewhere in this Resolution. Legislators may not receive State employee death benefits, paid leave, or payroll deductions other than those associated with the items authorized by this Resolution. Legislators may not

participate in the State's unemployment insurance program, including those former legislators who have been unseated by the elective process.

(2) (i) A legislator who leaves the General Assembly before January 14, 2015, may continue to participate in the State health program until the former legislator declines to participate in the program, becomes eligible for health insurance coverage through another employer, or retires.

(ii) A legislator who leaves the General Assembly on or after January 14, 2015, may continue to participate in the State health program in the same manner as State employees, in accordance with the most current State of Maryland Health Benefits Guide.
