Senate Bill 296

AN ACT concerning

Carroll County – Public Facilities Bonds

FOR the purpose of authorizing and empowering the County Commissioners of Carroll County, from time to time, to borrow not more than \$31,000,000 in order to finance the construction, improvement, or development of certain public facilities in Carroll County, including water and sewer projects, to finance loans for fire or emergency-related equipment, buildings, and other facilities of volunteer fire departments in the County, and to effect such borrowing by the issuance and sale at public or private sale of its general obligation bonds in like ~~paramount~~ *par amount*; empowering the County to fix and determine, by resolution, the form, tenor, interest rate or rates or method of determining the same, terms, conditions, maturities, and all other details incident to the issuance and sale of the bonds; empowering the County to issue refunding bonds for the purchase or redemption of bonds in advance of maturity; providing that such borrowing may be undertaken by the County in the form of installment purchase obligations executed and delivered by the County for the purpose of acquiring agricultural land and woodland preservation easements; empowering and directing the County to levy, impose, and collect, annually, ad valorem taxes in rate and amount sufficient to provide funds for the payment of the maturing principal of and interest on the bonds; exempting the bonds and refunding bonds and the interest thereon and any income derived therefrom from all State, County, municipal, and other taxation in the State of Maryland; providing that nothing in this Act shall prevent the County from authorizing the issuance and sale of bonds the interest on which is not excludable from gross income for federal income tax purposes; and generally relating to the issuance and sale of such bonds.

SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND, That, as used herein, the term “County” means the body politic and corporate of the State of Maryland known as the County Commissioners of Carroll County, and the term “construction, improvement, or development of public facilities” means the acquisition, alteration, construction, reconstruction, enlargement, equipping, expansion, extension, improvement, rehabilitation, renovation, upgrading, and repair of public buildings and facilities and public works projects, including, but not limited to, public works projects such as roads, bridges and storm drains, public school buildings and facilities, landfills, Carroll Community College buildings and facilities, public operational buildings and facilities such as buildings and facilities for County administrative use, public safety, health and social services, libraries, refuse disposal buildings and facilities, water and sewer infrastructure facilities, easements or similar or related rights in land that restrict the use of agricultural land or woodland to maintain the character of the land as agricultural land or woodland, and parks and recreation buildings and facilities, together with the costs of acquiring land

or interests in land as well as any related architectural, financial, legal, planning, or engineering services.

SECTION 2. AND BE IT FURTHER ENACTED, That the County is hereby authorized to finance any part or all of the costs of the construction, improvements or development of public facilities described in Section 1 of this Act, to make loans to each and every volunteer fire department in the County upon such terms and conditions as may be determined by the County for the purpose of financing certain fire or emergency-related equipment, buildings, or other facilities of volunteer fire departments, and to borrow money and incur indebtedness for those purposes, at one time or from time to time, in an amount not exceeding, in the aggregate, \$31,000,000 and to evidence such borrowing by the issuance and sale upon its full faith and credit of general obligation bonds in like ~~paramount~~ *par amount*, which may be issued at one time or from time to time, in one or more groups or series, as the County may determine.

SECTION 3. AND BE IT FURTHER ENACTED, That the bonds shall be issued in accordance with a resolution of the County, which shall describe generally the construction, improvement, or development of public facilities, including water and sewer projects, the fire or emergency-related equipment, buildings, or other facilities of volunteer fire departments in the County for which the proceeds of the bond sale are intended and the amount needed for those purposes. The County shall have and is hereby granted full and complete authority and discretion in the resolution to fix and determine with respect to the bonds of any issue: the designation, date of issue, denomination or denominations, form or forms, and tenor of the bonds which, without limitation, may be issued in registered form within the meaning of § 19–204 of the Local Government Article, as amended; the rate or rates of interest payable thereon, or the method of determining the same, which may include a variable rate; the date or dates and amount or amounts of maturity, which need not be in equal par amounts or in consecutive annual installments, provided only that no bond of any issue shall mature later than 30 years from the date of its issue; the manner of selling the bonds, which may be at either public or private sale, for such price or prices as may be determined to be for the best interests of Carroll County; the manner of executing and sealing the bonds, which may be by facsimile; the terms and conditions of any loans made to volunteer fire departments; the terms and conditions, if any, under which bonds may be tendered for payment or purchase prior to their stated maturity; the terms or conditions, if any, under which bonds may or shall be redeemed prior to their stated maturity; the place or places of payment of the principal of and the interest on the bonds, which may be at any bank or trust company within or without the State of Maryland; covenants relating to compliance with applicable requirements of federal income tax law, including (without limitation) covenants regarding the payment of rebate or penalties in lieu of rebate; covenants relating to compliance with applicable requirements of federal or State securities laws; and generally all matters incident to the terms, conditions, issuance, sale, and delivery thereof.

The bonds may be made redeemable before maturity, at the option of the County, at such price or prices and under such terms and conditions as may be fixed by the County prior to the issuance of the bonds, either in the resolution or in subsequent resolutions. The bonds may be issued in registered form, and provision may be made for the registration of

the principal only. In case any officer whose signature appears on any bond ceases to be such officer before the delivery thereof, such signature shall nevertheless be valid and sufficient for all purposes as if the officer had remained in office until such delivery. The bonds and the issuance and sale thereof shall be exempt from the provisions of §§ 19–205 and 19–206 of the Local Government Article, as amended.

The borrowing authorized by this Act may also be undertaken by the County in the form of installment purchase obligations executed and delivered by the County for the purpose of acquiring easements or similar or related rights in land that restrict the use of agricultural land or woodland to maintain the character of the land as agricultural or woodland. The form of installment purchase obligations, the manner of accomplishing the acquisition of easements, which may be the direct exchange of installment purchase obligations for easement, and all matters incident to the execution and delivery of the installment purchase obligations and acquisition of the easements by the County shall be determined in the resolution. Except where the provisions of this Act would be inapplicable to installment purchase obligations, the term “bonds” used in this Act shall include installment purchase obligations and matters pertaining to the bonds under this Act, such as the security for the payment of the bonds, the exemption of the bonds from State, County, municipal, or other taxation, and authorization to issue refunding bonds and the limitation on the aggregate principal amount of bonds authorized for issuance, shall be applicable to installment purchase obligations.

The County may enter into agreements with agents, banks, fiduciaries, insurers, or others for the purpose of enhancing the marketability of any security for the bonds and for the purpose of securing any tender option that may be granted to holders of the bonds, all as may be determined and presented in the aforesaid resolution, which may (but need not) state as security for the performance by the County of any monetary obligations under such agreements the same security given by the County to bondholders for the performance by the County of its monetary obligations under the bonds.

If the County determines in the resolution to offer any of the bonds by solicitation of competitive bids at public sale, the resolution shall fix the terms and conditions of the public sale and shall adopt a form of notice of sale, which shall outline the terms and conditions, and a form of advertisement, which shall be published in one or more daily or weekly newspapers having a general circulation in the County and which may also be published in one or more journals having a circulation primarily among banks and investment bankers. At least one publication of the advertisement shall be made not less than 10 days before the sale of the bonds.

Upon delivery of any bonds to the purchaser or purchasers, payment therefor shall be made to the Comptroller of Carroll County or such other official of Carroll County as may be designated to receive such payment in a resolution passed by the County before such delivery.

SECTION 4. AND BE IT FURTHER ENACTED, That the net proceeds of the sale of bonds shall be used and applied exclusively and solely for the acquisition, construction, improvement, or development of public facilities, including water and sewer projects, to

make loans to volunteer fire departments for the financing of fire or emergency-related equipment, buildings, or other facilities of volunteer fire departments in the County for which the bonds are sold. If the amounts borrowed shall prove inadequate to finance the projects described in the resolution, the County may issue additional bonds with the limitations hereof for the purpose of evidencing the borrowing of additional funds for such financing, provided the resolution authorizing the sale of additional bonds shall so recite, but if the net proceeds of the sale of any issue of bonds exceed the amount needed to finance the projects described in the resolution, the excess funds so borrowed and not expended shall be applied to the payment of the next principal maturity of the bonds or to the redemption of any part of the bonds which have been made redeemable or to the purchase and cancellation of bonds, unless the County shall adopt a resolution allocating the excess funds to the acquisition, construction, improvement, or development of other public facilities, including water and sewer projects, or to the making of loans for fire or emergency-related equipment, buildings, or other facilities of volunteer fire departments in the County, as defined and within the limits set forth in this Act.

SECTION 5. AND BE IT FURTHER ENACTED, That the bonds hereby authorized shall constitute, and they shall so recite, an irrevocable pledge of the full faith and credit and unlimited taxing power of the County to the payment of the maturing principal of and interest on the bonds as and when they become payable. In each and every fiscal year that any of the bonds are outstanding, the County shall levy or cause to be levied ad valorem taxes upon all the assessable property within the corporate limits of the County in rate and amount sufficient to provide for or assure the payment, when due, of the principal of and interest on all the bonds maturing in each such fiscal year and, in the event the proceeds from the taxes so levied in any such fiscal year shall prove inadequate for such payment, additional taxes shall be levied in the succeeding fiscal year to make up any such deficiency. The County may apply to the payment of the principal of and interest on any bonds issued hereunder any funds received by it as loan repayments from volunteer fire departments and any funds received by it from the State of Maryland, the United States of America, any agency or instrumentality thereof, or from any other source, if such funds are granted for the purpose of assisting the County in financing the acquisition, construction, improvement, or development of the public facilities defined in this Act, including the water and sewer projects or the making of loans for the aforementioned fire or emergency-related equipment, buildings, or other facilities for volunteer fire departments in the County and, to the extent of any such funds received or receivable in any fiscal year, the taxes that are required to be levied may be reduced accordingly.

SECTION 6. AND BE IT FURTHER ENACTED, That the County is further authorized and empowered, at any time and from time to time, to issue its bonds in the manner herein above described for the purpose of refunding, by payment at maturity or upon purchase or redemption, any bonds issued hereunder. The validity of any such refunding bonds shall in no way be dependent upon or related to the validity or invalidity of the obligations so refunded. The powers herein granted with respect to the issuance of bonds shall be applicable to the issuance of refunding bonds. Such refunding bonds may be issued by the County for the purpose of providing it with funds to pay any of its outstanding bonds issued hereunder at maturity, for the purpose of providing it with funds to purchase in the open market any of its outstanding bonds issued hereunder, prior to the maturity

thereof, or for the purpose of providing it with funds for the redemption prior to maturity of any outstanding bonds issued hereunder which are, by their terms, redeemable, for the purpose of providing it with funds to pay interest on any outstanding bonds issued hereunder prior to their payment at maturity of purchase or redemption in advance of maturity, or for the purpose of providing it with funds to pay any redemption or purchase premium in connection with the refunding of any of its outstanding bonds issued hereunder. The proceeds of the sale of any such refunding bonds shall be segregated and set apart by the County as a separate trust fund to be used solely for the purpose of paying the purchase or redemption prices of the bonds to be refunded.

SECTION 7. AND BE IT FURTHER ENACTED, That the County may, prior to the preparation of definitive bonds, issue interim certificates or temporary bonds, exchangeable for definitive bonds when such bonds have been executed and are available for such delivery, provided, however, that any such interim certificates or temporary bonds shall be issued in all respects subject to the restrictions and requirements set forth in this Act. The County may, by appropriate resolution, provide for the replacement of any bonds issued hereunder which shall have become mutilated or lost or destroyed upon such conditions and after receiving such indemnity as the County may require.

SECTION 8. AND BE IT FURTHER ENACTED, That any and all obligations issued pursuant to the authority of this Act, their transfer, the interest payable thereon, and any income derived therefrom in the hands of the holders thereof from time to time (including any profit made in the sale thereof) shall be and are hereby declared to be at all times exempt from State, County, municipal, or other taxation of every kind and nature whatsoever within the State of Maryland. Nothing in this Act shall prevent the County from authorizing the issuance and sale of bonds the interest on which is not excludable from gross income for federal income tax purposes.

SECTION 9. AND BE IT FURTHER ENACTED, That the authority to borrow money and issue bonds conferred on the County by this Act shall be deemed to provide an additional and alternative authority for borrowing money and shall be regarded as supplemental and additional to powers conferred upon the County by other laws and shall not be regarded as in derogation of any power now existing; and all Acts of the General Assembly of Maryland heretofore passed authorizing the County to borrow money are hereby continued to the extent that the powers contained in such Acts have not been exercised, and nothing contained in this Act may be construed to impair, in any way, the validity of any bonds that may have been issued by the County under the authority of any said Acts, and the validity of the bonds is hereby ratified, confirmed, and approved. This Act, being necessary for the welfare of the inhabitants of Carroll County, shall be liberally construed to effect the purposes hereof. All Acts and parts of Acts inconsistent with the provisions of this Act are hereby repealed to the extent of such inconsistency.

SECTION 10. AND BE IT FURTHER ENACTED, That this Act shall take effect June 1, 2016.

The Honorable Thomas V. Mike Miller, Jr.
President of the Senate
H–107 State House
Annapolis, MD 21401

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 540 – *Morgan State University – Student Housing*.

Senate Bill 540 represents an improper and unwarranted interference by the State legislature into what is clearly a local zoning matter in Baltimore City. Local jurisdictions must be permitted to exert authority over zoning without the threat of reversal by members of the General Assembly, the vast majority of whom have little or no understanding of the interplay among community associations in Baltimore City.

This bill would prohibit the Board of Regents of Morgan State University from entering into any contract for student housing that is located in the 1500 block of Havenwood Road in Baltimore City unless the Hillen Road Improvement Association approves. The bill also specifies conditions that must be met if the Morgan State University Board of Regents enters into such a student housing contract.

Senate Bill 540 places artificial state legislative constraints over Baltimore City zoning authority. It would remove the ability of the local authorities to enforce zoning laws and would instead give undue and wholly improper influence to one specific community association to make a determination on whether a development project should move forward.

The proposed development at Havenwood Road is an innovative public–private partnership that offers the amenities of student housing, food stores, and shopping that could spur additional economic activity adjoining the campus of Morgan State University. It is not the role of the State to micromanage such local zoning and development issues nor should the State rescind zoning authority from the local government and place it in the hands of a few members of one third–party group. If allowed to take effect, Senate Bill 540 would have serious implications for the State as a whole by undermining the local authority of municipalities and counties.

For these reasons, I have vetoed Senate Bill 540.

Sincerely,

Governor Lawrence J. Hogan, Jr.

The Honorable Thomas V. Mike Miller
President of the Senate
State House
Annapolis, Maryland, 21401

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 907 – *Transportation – Harry W. Nice Memorial Potomac River Bridge – Replacement*.

The Harry W. Nice Memorial Potomac River Bridge is a high priority of this Administration and any claims to the contrary are simply untrue. Over \$61 million is allocated in Maryland's six-year Consolidated Transportation Plan for environmental studies, test borings, engineering, planning, right-of-way acquisition and replacement designs. To maintain the existing structure, annual inspections and prioritized repairs are accomplished to ensure safety of the bridge. As recently as last June 23, the Board of Public Works voted to approve a \$15 million design and engineering contract with a firm to perform preliminary design and engineering for the bridge's replacement.

Given this Administration's sizable investment in this facility, this legislation is entirely unnecessary.

In the context of numerous bills introduced over the past two sessions that erode the long-established powers of Maryland's Executive Branch, Senate Bill 907 intrudes on the Maryland Transportation Authority's (MDTA) statutory independence, creates an environment that encourages litigation by bondholders, and statutorily prioritizes certain MDTA projects over others. This legislation is every bit as regrettable as House Bill 1013 which the General Assembly passed in order to dictate which transportation projects get selected though a misguided and inept scoring matrix established by statute.

Instead of proceeding through the highly acclaimed professional process of MDTA to select a project of this magnitude, the General Assembly passed Senate Bill 907 which is likely the first of many bills attempting to push a transportation project to the head of the line by legislative "logrolling" – i.e. vote trading by Senators and Delegates to obtain passage of legislation provincial to each member. Since the early 20th century, Maryland has avoided the practice of logrolling in transportation projects and school construction by deferring to professional evaluations and nonpartisan processes in project selection. This bill foreshadows what will happen under House Bill 1013 whereby transportation projects with low scores are championed by powerful legislators who substitute raw political muscle instead of unbiased professional judgment for the selection of projects in Maryland's Consolidated Transportation Plan.

By substituting the judgment of the General Assembly for the rational and professional selection process of MDTA, Senate Bill 907 would mandate the appropriation of \$75 million of MDTA revenues into a fund starting in Fiscal Year 2018 solely for the Harry W. Nice Memorial Potomac River Bridge. The bill also mandates certain design elements such as the number of required lanes as well as mandating a construction and operational deadline of December 31, 2030.

Simply put, this bill is a de facto amendment to our trust agreement with bondholders and impacts MDTA's ability to fund the required and necessary maintenance of the MDTA system. The MDTA's General Account funds are used to facilitate the capital program on a pay-as-you-go basis. Mandating a \$75 million annual payment from the General Account to the Nice Bridge Replacement Fund puts the funding of the replacement project above all other MDTA capital projects, regardless of system needs. This may impact MDTA's ability to address other important needs at the William Preston Lane Jr. Memorial Bay Bridge and other facilities across the State.

Under the provisions of Senate Bill 907, the integrity of the MDTA's position with bond rating agencies is threatened. MDTA requires flexibility in meeting its required bond ratios and honoring its commitments to bondholders without legislative interference. The existing trust agreement places a priority on system maintenance and preservation and the diversion of funds required by the bill jeopardizes that agreement.

Moreover, Senate Bill 907 mandates the actual construction of a replacement Harry W. Nice Memorial Potomac River Bridge by a date certain without regard to the significant

funding gap within the legislation or compliance with the National Environmental Policy Act (NEPA) and other federal requirements. Such statutory requirements and the mandated funding under Senate Bill 907 presupposes an outcome that limits the MDTA for future options such as a public–private partnership. Doing so would be costly and would not be in the State’s best interests. Moreover, in an action contrary to Senate Bill 907’s proposed replacement costs of \$700 million to \$1 billion, the General Assembly passed the Budget Reconciliation and Financing Act of 2015 that limits MDTA borrowing authority by \$700 million until fiscal 2021.

Senate Bill 907 further violates the statutory independence of the MDTA and the terms of the Trust Agreement by requiring MDTA to seek approval from the Maryland General Assembly’s Legislative Policy Committee before reprioritizing funds in an emergency situation. Interjecting politics into this process and requiring the approval of a third party infringes on MDTA’s independent ability to address system emergencies expeditiously.

For these reasons, I have vetoed Senate Bill 907.

Sincerely,

Governor Lawrence J. Hogan, Jr.

Senate Bill 907

Section 4–322

Annotated Code of Maryland
(2015 Replacement Volume and 2015 Supplement)

Preamble

WHEREAS, The Maryland Transportation Authority (MdTA) received federal approval of a National Environmental Policy Act (NEPA) study in 2012 that supported the replacement of the Harry W. Nice Memorial Potomac River Bridge and the creation of a new crossing that provides for two lanes of traffic in each direction in order to match the existing highway facilities in Maryland and Virginia on each side of the Potomac River on U.S. 301; and

WHEREAS, The Nice Bridge is the only MdTA facility that forces users to drive on a highway or bridge without a barrier or median separation between opposing directions of traffic at all times; and

WHEREAS, In 2014 MdTA publicly stated that the 75-year-old Harry W. Nice Memorial Potomac River Bridge has a deck that will reach the end of its useful life by 2025 and will need replacement; and

WHEREAS, The Harry W. Nice Memorial Potomac River Bridge serves as a critical evacuation route in the event of a national disaster or security alert, links the region's military facilities, contractors, suppliers, and businesses, and provides the only direct, logical alternative to I-95 (the primary and increasingly burdened north-south thoroughfare that traverses all of the states along the East Coast of the United States) for travel between the Washington Metropolitan Area and Richmond, Virginia, in the event of a major incident or closure on I-95; and

WHEREAS, A project limited to the replacement of the deck of the Harry W. Nice Memorial Potomac River Bridge without the availability of an additional Potomac River crossing will place an undue hardship on vital U.S. Defense Department facilities in the area and on other users of the bridge and also could require detours for users of more than 100 miles; and

WHEREAS, MdTA already has committed \$53 million to the planning, designing, preliminary engineering, and right-of-way acquisition costs associated with a Harry W. Nice Memorial Potomac River Bridge replacement project; and

WHEREAS, In order to meet a target opening date of no later than December 31, 2030, for the replacement bridge for the Harry W. Nice Memorial Potomac River Bridge, it is imperative that MdTA include the project in its capital program in the near future so that planning and design work on the project may proceed and its subsequent construction commence in a timely manner; and

WHEREAS, The users of the Harry W. Nice Memorial Potomac River Bridge have waited patiently while the State has undertaken major system expansion and system preservation projects in every other region of the State served by MdTA; now, therefore,

May 27, 2016

The Honorable Thomas V. Mike Miller
President of the Senate
State House
Annapolis, Maryland, 21401

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 910 – *Maryland Education Development Collaborative – Established*.

In its current form, Senate Bill 910 violates the separation of powers of Article 8 of the Maryland Declaration of Rights which specifically precludes the General Assembly from appointing its members to a board or commission that performs executive functions. This bill would establish the Maryland Education Development Collaborative to advise the Maryland State Board of Education, the General Assembly, and local school systems regarding education policies. The proposed Collaborative would have a governing board of 18 members including one member of the Senate and one member of the House of Delegates, which directly violates the separation of powers clause. The Board members collectively are given the authority to hire an executive director and may retain any necessary professional help. In addition they can accept any loans, grants, or assistance from public and private entities and can enter into contracts and other legal negotiations.

With regard to the violation of Article 8 separation of powers, statutory legislative members serving on the governing board of the Collaborative would be decision-makers as a party entering into binding contracts on behalf of the State thus performing a core executive branch function that violates long-standing separation of powers between the Executive and Legislative branches.

In addition, Senate Bill 910 likely causes a violation of the prohibition against plural office holding found in Article III, §11 of the State Constitution. If Senate Bill 910 became law, legislators who are members of the Collaborative governing board will be members of an “office of trust” that is incompatible with simultaneous service in the Maryland General Assembly.

For these reasons, I have vetoed Senate Bill 910.

Sincerely,

Governor Lawrence J. Hogan, Jr.

Senate Bill 910

May 27, 2016

The Honorable Thomas V. Mike Miller, Jr.
President of the Senate
H-107 State House
Annapolis, MD 21401

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 921 – *Clean Energy Jobs – Renewable Energy Portfolio Standard Revisions*.

This legislation is a tax increase that will be levied upon every single electricity ratepayer in Maryland and, for that reason alone, I cannot allow it to become law. Specifically, Senate Bill 921 will impose a tax increase of between \$49 million to \$196 million by 2020 in order to fund the proposed increase in the State's Renewable Energy Portfolio Standard (RPS) compliance.

The goal of Senate Bill 921 to increase the State's Renewable Energy Portfolio Standard (RPS) to 25% by 2020 is laudable, but increasing taxes to achieve this goal is the wrong approach. In 2014, Maryland ratepayers already were assessed over \$104 million dollars for renewable energy credits (RECs) in 2014 (the last year for which data is available). As explained above, Senate Bill 921 would impose an additional burden on ratepayers.

Under the existing law, Maryland retains its status as a national leader in achieving RPS goals. Maryland's electric suppliers must meet the RPS by accumulating the equivalent amount of renewable energy credits (RECs) that equal the percentage of their respective total supply in the State. In 2016, suppliers must demonstrate they have accumulated RECs at a percentage of 15.9 of their total electric supply into Maryland. This includes 12.7% for Tier 1 renewables, 0.7% for Tier 1 solar, and 2.5% for Tier 2 hydroelectric. The current goal is for Maryland to reach 20% by 2020 with the inclusion of standards for solar (at least 2%) and offshore wind (no more than 2.5%) by 2022.

Electricity suppliers and consumers share an obligation to develop a minimum level of renewable resources in the electricity supply portfolio of the State. The State first adopted an RPS in 2004 and has subsequently revised it. Maryland's existing RPS has benefitted Maryland's clean energy industry. While I appreciate the economic benefit of Maryland's growing solar industry, there is also a corresponding cost which is borne by all citizens under Senate Bill 921. I believe the State should not add to this burden.

For these reasons, I have vetoed Senate Bill 921.

Sincerely,

Governor Lawrence J. Hogan, Jr.

Senate Bill 921

(2) establish a market for electricity from these resources in Maryland; and

(3) lower the cost to consumers of electricity produced from these resources.

(b) The General Assembly finds that:

(1) the benefits of electricity from renewable energy resources, including long-term decreased emissions, a healthier environment, increased energy security, and decreased reliance on and vulnerability from imported energy sources, accrue to the public at large; [and]

(2) electricity suppliers and consumers share an obligation to develop a minimum level of these resources in the electricity supply portfolio of the State; AND

~~(3) THE RENEWABLE ENERGY PORTFOLIO STANDARD IS AN ESSENTIAL CARBON REDUCING PROGRAM FOR THE STATE, AS IDENTIFIED IN THE STATE'S GREENHOUSE GAS REDUCTION PLAN DEVELOPED UNDER § 2-1205 OF THE ENVIRONMENT ARTICLE; AND~~

~~(4) ACHIEVING A RENEWABLE PORTFOLIO STANDARD OF 25% FROM TIER 1 RENEWABLE SOURCES BY 2020 WOULD, IF CONTINUED AT THE SAME RATE OF GROWTH, PUT THE STATE ON A TRAJECTORY TOWARDS CONSUMING AT LEAST~~

~~40% OF ITS ELECTRICITY FROM RENEWABLE ENERGY SOURCES BY 2025, KEEPING THE STATE'S EFFORTS CONSISTENT WITH INTERNATIONAL EFFORTS TO REACH CARBON REDUCTIONS IN ACCORDANCE WITH SCIENTIFIC DATA.~~

7-703.

(a) (2) A renewable energy portfolio standard may not apply to electricity sales at retail by any electricity supplier:

(i) at least [1.75%] **1.95%** derived from solar energy; and

(ii) an amount set by the Commission under § 7-704.2(a) of this subtitle, not to exceed 2.5%, derived from offshore wind energy; **AND**

(15) in 2020 **AND LATER**, [18%] **25%** from Tier 1 renewable sources, including:

- (i) at least [2.0%] **2.5%** derived from solar energy; and
 - (ii) an amount set by the Commission under § 7–704.2(a) of this subtitle, not to exceed 2.5%, derived from offshore wind energy[;
- (16) in 2021, 18.7% from Tier 1 renewable sources, including:

- (17) in 2022 and later, 20% from Tier 1 renewable sources, including:
- (i) at least 2% derived from solar energy; and
 - (ii) an amount set by the Commission under § 7–704.2(a) of this subtitle, not to exceed 2.5%, derived from offshore wind energy].

~~7–703.1.~~

~~(A) NOTWITHSTANDING § 7–510 OF THIS ARTICLE OR ANY REGULATION OR ORDER UNDER THIS TITLE, BEGINNING IN 2017, AN ELECTRIC COMPANY SHALL CONTRACT FOR RENEWABLE ENERGY CREDITS AND ELECTRICITY GENERATED FROM EMISSIONS-FREE NONSOLAR TIER 1 RENEWABLE SOURCES TO MEET A PORTION OF AN ELECTRICITY SUPPLIER'S RENEWABLE ENERGY PORTFOLIO STANDARD IN ACCORDANCE WITH SUBSECTION (C) OF THIS SECTION.~~

~~(B) (1) AN ELECTRIC COMPANY SHALL:~~

~~(I) SOLICIT BIDS FOR A CONTRACT UNDER SUBSECTION (A) OF THIS SECTION FROM RENEWABLE ENERGY FACILITIES THAT WILL BE PLACED INTO SERVICE WITHIN 3 YEARS AFTER THE DATE OF THE SOLICITATION; AND~~

7-705.

(b) (1) This subsection does not apply to a shortfall from the required Tier 1 renewable sources that is to be derived from offshore wind energy.

(2) If an electricity supplier fails to comply with the renewable energy portfolio standard for the applicable year, the electricity supplier shall pay into the Maryland Strategic Energy Investment Fund established under § 9-20B-05 of the State Government Article:

(i) except as provided in item (ii) of this paragraph, a compliance fee of:

(ii) the renewable energy portfolio standard for solar energy applicable to the electricity supplier under the delay is increased to the next scheduled percentage increase under § 7-703(b) of this subtitle for each year in which the actual or projected dollar-for-dollar costs incurred, or to be incurred, by the electricity supplier solely for the purchase of solar renewable energy credits is less than, or is anticipated to be less than, [1%] 2.5% of the electricity supplier's total annual retail electricity sales revenues in Maryland.

Annapolis, MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 84 – *State Government – Office of Legislative Audits – Alterations in Audit Requirements*.

This bill alters the time period during which the Office of Legislative Audits and the Legislative Auditor are required to audit specified State funds, programs, authorities, units, and a specified local liquor board and requires the audit of each unit of State government to be conducted at an interval ranging from 3 to 4 years unless the Legislative Auditor determines, on a per case basis, that more frequent audits are required.

Senate Bill 116, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 84.

Sincerely,

Governor Lawrence J. Hogan, Jr.

April 5, 2016

The Honorable Michael E. Busch
Speaker of the House
H-101 State House
Annapolis, MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 172 – *Anne Arundel County Board of Education and School Board Nominating Commission*.

On its face, House Bill 172 is unconstitutional because it only terminates the terms of the Governor’s members of the Anne Arundel County School Board Nominating Commission. This action by the Legislature violates the separation of powers doctrine as outlined by the Court of Appeals in *Schisler v. State*, 394 Md. 519 (2006). While the General Assembly may change the appointment method of prospective members of a governmental body, it cannot abrogate the Governor’s authority under Article II, Section 15 of the Maryland Constitution by terminating his current appointees prior to the expiration of the their terms.

In its current form, Section 3-110 of the Education Article of the Maryland Code provides that the Governor shall appoint five of the eleven members of the School Board Nominating Commission of Anne Arundel County, with each member serving a four-year term. Section 2 of House Bill 172, however, provides for premature termination, *i.e.*, removal, of the Governor’s incumbent members, an improper reconstitution of the Commission that the Court of Appeals has found to be an unconstitutional “usurpation of executive power in violation of Article II, [Sections] 1, 9 and 15 of the Maryland Constitution” and a “violation of Article 8 of the Declaration of Rights of Maryland.” *Schisler*, 394 Md. at 596. Ultimately, the Governor’s appointees must remain in office until the end of their terms, unless terminated earlier by the Governor pursuant to Article II, Section 15 of the Maryland Constitution.

In addition to the legal flaws with the bill, House Bill 172 also unnecessarily injects the politics of the General Assembly into a local school issue and significantly diminishes public accountability by adding commission members appointed by private advocacy organizations instead of elected officials. A recent *Baltimore Sun* editorial stated that House Bill 172 “goes too far to dilute public accountability” by skewing the membership of the Commission towards special interest groups instead of those who answer to the broader education community.

I am open to a dialog with the General Assembly on ways to improve the process for appointing school board members to ensure that they reflect the needs and values of Anne Arundel County, including legislation to provide for direct election of school board members by the voters or appointment by a local authority such as the County Executive.

House Bill 172 is not the appropriate vehicle to ensure public accountability of the nominating process for members of the Anne Arundel County Board of Education. For these reasons, I have vetoed House Bill 172.

Sincerely,

Governor Lawrence J. Hogan, Jr.

May 27, 2016

The Honorable Michael E. Busch
Speaker of the House
State House
Annapolis, Maryland 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 1010 – *Maryland Transit Administration Oversight and Planning Board*.

The proposed “oversight” provisions in House Bill 1010 represent a sophomoric attack on sound transportation policy by creating an unprecedented imposition of a politically–driven board to second–guess the authority of an executive branch agency. The board created by this bill does a disservice to the millions of taxpayers and visitors to Maryland that ride transit all over the State and continues the General Assembly’s attempts over the past two sessions to erode the long–established powers of Maryland’s Executive Branch.

House Bill 1010 would establish a Maryland Transit Administration (MTA) Oversight and Planning Board within the Maryland Department of Transportation (MDOT) with specific provisions related to membership, duties, and staffing of the board. MTA’s exercise of powers and duties would be subject to the authority of the board including reporting requirements on the MTA for any purpose when the board determines it is necessary to do so.

Perhaps the most alarming aspect of House Bill 1010 is its out and out rejection of the “One Maryland” principle in favor of a regional oversight board of a statewide agency. Specifically, the bill requires that 11 of 16 members of the oversight board come from just six jurisdictions in the State, to the exclusion of 19 other counties, representing over 3.25 million Marylanders who, through gas taxes and other measures, fund the MTA.

In short, more than half of the people in Maryland who will pay for the operation of MTA will have no say in its oversight, including the entire Eastern Shore, Western Maryland, Southern Maryland and the Washington D.C. suburbs, where the largest MTA project in a generation will soon begin. Simply put, that is a terrible idea. It is the equivalent of handing oversight of the Maryland Aviation Administration to Anne Arundel County, simply because that is where Baltimore/Washington International Thurgood Marshall Airport is located.

I have made statewide transit and transportation a top priority of my Administration, and MTA has several projects outside the Baltimore area. For example, the Administration in 2016 will begin the construction phase of the Purple Line, the largest transit project in Maryland history, exclusively in Montgomery and Prince George’s Counties. Additionally, increased attention to MARC train service in Montgomery and Frederick Counties as well

as commuter bus and other transit options in Southern Maryland will require the focus of the Administration in coming years.

Additionally, the MTA Oversight and Planning Board proposed to be established by House Bill 1010 would review and comment on the operations, plans, and services of all locally-operated transit systems in the state. MTA provides over \$100 million statewide each year to local jurisdictions in the State and provides essential operational support to local transit systems. Locally-operated transit systems (LOTS) provide over 39 million trips each year, and in some of Maryland's rural areas, LOTS and other nonprofit transit organizations supported by MTA are the only means of transportation for disabled and transit-dependent individuals. These areas are sure to be neglected by an oversight board whose concentration will be on planning and development in the Baltimore area alone.

The MTA currently has three existing advisory councils comprised of riders. The Citizens' Advisory Council (CAC), the Consumers Advisory Council for Accessible Transportation (CACAT), and the MARC Riders Advisory Council meet on a monthly basis and provide valuable feedback to the Administration. While House Bill 1010 codifies all of these advisory councils, this is unnecessary. The current structure allows for maximum flexibility and adaptability to MTA's changing needs and priorities, while also giving the public and stakeholders meaningful input into MTA plans, projects, and initiatives.

Finally, House Bill 1010 requires the Administration to produce several reports and surveys at a cost of \$7.3 million in FY 2017 alone. These funds would surely be better used to provide transit service to Maryland residents instead of supporting an unnecessary bureaucracy.

Under my Administration, we have focused our attention on improving a long-neglected agency and have obtained tangible results. The MTA is succeeding according to every measurable metric in its core service area, including on-time performance, safety, and customer service, while continuing to support local transit in other parts of the State.

Placing a politically-motivated regional oversight board at MTA at a time of tremendous improvement and progress is unnecessary, unwarranted, and unwise. The oversight board as structured in House Bill 1010 does not fit the organization of the MTA within state government and would serve to impede the Administration's statewide mission at significant cost to the taxpayer.

For these reasons, I have vetoed House Bill 1010.

Sincerely,

Governor Lawrence J. Hogan, Jr.

April 1, 2016

The Honorable Michael E. Busch
Speaker of the House
State House
Annapolis, Maryland 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 1013 – *Maryland Open Transportation Investment Decision Act of 2016*.

This regrettable legislation exemplifies the worst kind of policymaking and it is not in the best interest of Maryland taxpayers. House Bill 1013 represents the beginning of what could be a long term fundamental shift in how transportation decisions are made, with political forces and unaccountable special interests manipulating the legislative process to dictate what projects get built.

I have said repeatedly that every decision I make will be put to a simple test: Will this law or action make it easier for families and small businesses to stay in Maryland, and will it make more families and businesses want to come to Maryland? This bill miserably fails the simple test.

By establishing arbitrary new criteria to guide transportation decisions in Maryland, the bill may harm our State's competitiveness and could degrade the quality of life for Marylanders for decades to come. In a worrying preview of what could happen in future years, this bill was constructed in a secretive and haphazard manner with enormous input from political pressure groups but with no real thought and no meaningful input from the Department of Transportation.

The obvious intent of the legislation is to severely limit the decision making of local governments, to strip the Executive Branch of its authority over transportation decisions and to create new mechanisms to divert taxpayer dollars away from highway infrastructure. Vague and imprecise language as well as multiple technical problems associated with the implementation of this bill only further diminish the quality of what was already poorly conceived legislation. For these reasons, I cannot support the enactment of House Bill 1013.

My Administration has taken a balanced approach to transportation that includes an appropriate mix of major highway projects across Maryland, as well as important transit project like the Purple Line and Baltimore Link in densely populated regions. Conversely, by reshaping our State's transportation priorities and decision making processes, House Bill 1013 potentially puts at risk major road, bridge and transit investments in every Maryland county as well as in Baltimore City.

Under this bill, certain capital projects of the State Highway Administration or Maryland Transit Administration will be subjected to a new scoring and ranking system composed of nine specified goals of 100 points each (900 point scale). The Department must develop and adopt regulations on how to score each measure within each goal before January 1, 2017.

In the context of numerous bills considered this session to erode the long-established powers of Maryland's Executive Branch, House Bill 1013 infringes upon the Maryland Department of Transportation authority for identifying priorities in local jurisdictions throughout the State. The existing Consolidated Transportation Program is a well-established process for identifying transportation needs based upon extensive input from local stakeholders. The Department of Transportation opposed this bill during the hearings in the Senate and House of Delegates because the bill complicates the existing system which has been praised by State and local officials with new language that would

impose a contrived ranking process that was created by outside, unknown bill drafters without the inclusion of the expertise of the Department.

Put simply, this bill is just bad public policy. For example, safety is the most important consideration in all Maryland Department of Transportation's current review of transportation projects. Under House Bill 1013, however, safety scoring at 100 points caps the consideration of safety at 11% of the total. Thus the bill language equates a safety factor such as reduction in fatalities at the same level with the degree to which a project is projected to increase the use of walking, biking, and transit.

This bill also requires that all major capital projects be scored and ranked for inclusion in the draft and final Consolidated Transportation Program. This creates a practice by which local governments are incentivized to submit as many priorities as possible. For example, if Montgomery County had 50 transportation priorities, they would submit everything project (local prioritization would account for only 11% of the points) and most of these projects (transit and urban focused) would generally score higher than projects in other parts of the State because of the population multiplier required under the bill.

Lastly, the bill emasculates the Maryland Transportation Plan Advisory Committee, an inclusive and comprehensive committee that has been in place since 1971. This Committee is charged with setting the State's transportation goals and is left intact but the authority of this Committee is usurped by prescribing nine transportation goals for Maryland, each with an equal weight. It is unclear how the Committee and scoring system will function together or what role the Committee will play moving forward.

I was an outspoken critic of the transportation decisions made under the previous administration, including the wide scale cuts to local road funding and the syphoning of a billion dollars from the Transportation Trust Fund, which the legislature later put under lock and key to prevent future raids.

The previous Governor acknowledged that our highways were deteriorating and our bridges were crumbling but House Bill 1013 has the potential to once again put Maryland roads and highways on a path of neglect and underinvestment. I would be defaulting on my vow to Marylanders if I did not make every effort to resist the passage of this bill.

For these reasons, I have vetoed House Bill 1013.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

House Bill 1013

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 1095 – *Education – Prekindergarten Programs – Notification of Eligibility by Local Departments of Social Services*.

This bill requires specified local departments of social services and specified local health departments, under specified circumstances, to provide specified parents or guardians with an oral and written notice that their child may be eligible for publicly funded prekindergarten programs, and requires specified local departments of social services and specified local health departments to report annually to the General Assembly on the number of parents who were given a notification and who subsequently enrolled their child in the specified program.

Senate Bill 369, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 1095.

Sincerely,

Governor Lawrence J. Hogan, Jr.

The Honorable Michael E. Busch
Speaker of the House
State House
Annapolis, Maryland 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 1106 – *Clean Energy Jobs – Renewable Energy Portfolio Standard Revisions*.

This legislation is a tax increase that will be levied upon every single electricity ratepayer in Maryland and, for that reason alone, I cannot allow it to become law. Specifically, House Bill 1106 will impose a tax increase of between \$49 million to \$196 million by 2020 in order to fund the proposed increase in the State's Renewable Energy Portfolio Standard (RPS) compliance.

The goal of House Bill 1106 to increase the State's Renewable Energy Portfolio Standard (RPS) to 25% by 2020 is laudable, but increasing taxes to achieve this goal is the wrong approach. In 2014, Maryland ratepayers already were assessed over \$104 million dollars for renewable energy credits (RECs) in 2014 (the last year for which data is available). As explained above, House Bill 1106 would impose an additional burden on ratepayers.

Under the existing law, Maryland retains its status as a national leader in achieving RPS goals. Maryland's electric suppliers must meet the RPS by accumulating the equivalent amount of renewable energy credits (RECs) that equal the percentage of their respective total supply in the State. In 2016, suppliers must demonstrate they have accumulated RECs at a percentage of 15.9 of their total electric supply into Maryland. This includes 12.7% for Tier 1 renewables, 0.7% for Tier 1 solar, and 2.5% for Tier 2 hydroelectric. The current goal is for Maryland to reach 20% by 2020 with the inclusion of standards for solar (at least 2%) and offshore wind (no more than 2.5%) by 2022.

Electricity suppliers and consumers share an obligation to develop a minimum level of renewable resources in the electricity supply portfolio of the State. The State first adopted an RPS in 2004 and has subsequently revised it. Maryland's existing RPS has benefitted Maryland's clean energy industry. While I appreciate the economic benefit of Maryland's growing solar industry, there is also a corresponding cost which is borne by all citizens under House Bill 1106. I believe the State should not add to this burden.

For these reasons, I have vetoed House Bill 1106.

Sincerely,

Governor Lawrence J. Hogan, Jr.

SECTION 3. AND BE IT FURTHER ENACTED, That the bonds shall be issued in accordance with a resolution of the County, which shall describe generally the construction, improvement, or development of public facilities for which the proceeds of the bond sale are intended and the amount needed for those purposes. The County shall have and is hereby granted full and complete authority and discretion in the resolution to fix and determine with respect to the bonds of any issue: the designation, date of issue, denomination or denominations, form or forms, and tenor of the bonds which, without limitation, may be issued in registered form within the meaning of § 19–204 of the Local Government Article of the Annotated Code of Maryland, as amended; the rate or rates of interest payable thereon, or the method of determining the same, which may include a variable rate; the date or dates and amount or amounts of maturity, which need not be in equal par amounts or in consecutive annual installments, provided only that no bond of any issue shall mature later than 30 years from the date of its issue; the manner of selling the bonds, which may be at either public or private sale, for such price or prices as may be determined to be for the best interests of Calvert County; the manner of executing and sealing the bonds, which may be by facsimile; the terms and conditions, if any, under which bonds may be tendered for payment or purchase prior to their stated maturity; the terms or conditions, if any, under which bonds may or shall be redeemed prior to their stated maturity; the place or places of payment of the principal of and the interest on the bonds, which may be at any bank or trust company within or without the State of Maryland; covenants relating to compliance with applicable requirements of federal income tax law, including (without

limitation) covenants regarding the payment of rebate or penalties in lieu of rebate; covenants relating to compliance with applicable requirements of federal or state securities laws; and generally all matters incident to the terms, conditions, issuance, sale, and delivery thereof.

The bonds may be made redeemable before maturity, at the option of the County, at such price or prices and under such terms and conditions as may be fixed by the County prior to the issuance of the bonds, either in the resolution or in a bond order pursuant to the bond resolution. The bonds may be issued in registered form and provision may be made for the registration of the principal only. In case any officer whose signature appears on any bond ceases to be such officer before the delivery thereof, such signature shall nevertheless be valid and sufficient for all purposes as if he had remained in office until such delivery. The bonds and the issuance and sale thereof shall be exempt from the provisions of §§ 19–205 and 19–206 of the Local Government Article of the Annotated Code of Maryland, as amended.

The County may enter into agreements with agents, banks, fiduciaries, insurers, or others for the purpose of enhancing the marketability of any security for the bonds and for the purpose of securing any tender option that may be granted to holders of the bonds, all as may be determined and presented in the aforesaid resolution, which may (but need not) state as security for the performance by the County of any monetary obligations under such agreements the same security given by the County to bondholders for the performance by the County of its monetary obligations under the bonds.

If the County determines in the resolution to offer any of the bonds by solicitation of competitive bids at public sale, the resolution shall fix the terms and conditions of the public sale and shall adopt a form of notice of sale, which shall outline the terms and conditions, and a form of advertisement, which shall be published in one or more daily or weekly newspapers having a general circulation in the County and which may also be published in one or more journals having a circulation primarily among banks and investment bankers. At least one publication of the advertisement shall be made not less than 10 days before the sale of the bonds.

Upon delivery of any bonds to the purchaser or purchasers, payment therefor shall be made to the Treasurer of Calvert County or such other official of Calvert County as may be designated to receive such payment in a resolution passed by the County before such delivery.

SECTION 4. AND BE IT FURTHER ENACTED, That the net proceeds of the sale of bonds shall be used and applied exclusively and solely for the acquisition, construction, improvement, or development of public facilities for which the bonds are sold. If the amounts borrowed shall prove inadequate to finance the projects described in the resolution, the County may issue additional bonds with the limitations hereof for the purpose of evidencing the borrowing of additional funds for such financing, provided the resolution authorizing the sale of additional bonds shall so recite, but if the net proceeds of the sale of any issue of bonds exceed the amount needed to finance the projects described in the resolution, the excess funds so borrowed and not expended shall be applied to the

payment of the next principal maturity of the bonds or to the redemption of any part of the bonds which have been made redeemable or to the purchase and cancellation of bonds, unless the County shall adopt a resolution allocating the excess funds to the acquisition, construction, improvement, or development of other public facilities, as defined and within the limits set forth in this Act.

SECTION 5. AND BE IT FURTHER ENACTED, That the bonds hereby authorized shall constitute, and they shall so recite, an irrevocable pledge of the full faith and credit and unlimited taxing power of the County to the payment of the maturing principal of and interest on the bonds as and when they become payable. In each and every fiscal year that any of the bonds are outstanding, the County shall levy or cause to be levied ad valorem taxes upon all the assessable property within the corporate limits of the County in rate and amount sufficient to provide for or assure the payment, when due, of the principal of and interest on all the bonds maturing in each such fiscal year and, in the event the proceeds from the taxes so levied in any such fiscal year shall prove inadequate for such payment, additional taxes shall be levied in the succeeding fiscal year to make up any such deficiency. The County may apply to the payment of the principal of and interest on any bonds issued hereunder any funds received by it from the State of Maryland, the United States of America, any agency or instrumentality thereof, or from any other source, if such funds are granted for the purpose of assisting the County in financing the acquisition, construction, improvement, or development of the public facilities defined in this Act and, to the extent of any such funds received or receivable in any fiscal year, the taxes that are required to be levied may be reduced accordingly.

SECTION 6. AND BE IT FURTHER ENACTED, That the County is further authorized and empowered, at any time and from time to time, to issue its bonds in the manner hereinabove described for the purpose of refunding, by payment at maturity or upon purchase or redemption, any bonds issued hereunder. The validity of any such refunding bonds shall in no way be dependent upon or related to the validity or invalidity of the obligations so refunded. The powers herein granted with respect to the issuance of bonds shall be applicable to the issuance of refunding bonds. Such refunding bonds may be issued by the County in such an amount as shall be necessary for the purpose of providing it with funds to pay any of its outstanding bonds issued hereunder at maturity, for the purpose of providing it with funds to purchase in the open market any of its outstanding bonds issued hereunder, prior to the maturity thereof, or for the purpose of providing it with funds for the redemption prior to maturity of any outstanding bonds issued hereunder which are, by their terms, redeemable, for the purpose of providing it with funds to pay interest on any outstanding bonds issued hereunder prior to their payment at maturity of purchase or redemption in advance of maturity, or for the purpose of providing it with funds to pay any redemption or purchase premium in connection with the refunding of any of its outstanding bonds issued hereunder. The proceeds of the sale of any such refunding bonds shall be segregated and set apart by the County as a separate trust fund to be used solely for the purpose of paying the purchase or redemption prices of the bonds to be refunded.

SECTION 7. AND BE IT FURTHER ENACTED, That the County may, prior to the preparation of definitive bonds, issue interim certificates or temporary bonds, exchangeable for definitive bonds when such bonds have been executed and are available for such

delivery, provided, however, that any such interim certificates or temporary bonds shall be issued in all respects subject to the restrictions and requirements set forth in this Act. The County may, by appropriate resolution, provide for the replacement of any bonds issued hereunder which shall have become mutilated or lost or destroyed upon such conditions and after receiving such indemnity as the County may require.

SECTION 8. AND BE IT FURTHER ENACTED, That any and all obligations issued pursuant to the authority of this Act, their transfer, the interest payable thereon, and any income derived therefrom in the hands of the holders thereof from time to time (including any profit made in the sale thereof) shall be and are hereby declared to be at all times exempt from State, county, municipal, or other taxation of every kind and nature whatsoever within the State of Maryland. Nothing in this Act shall prevent the County from authorizing the issuance and sale of bonds the interest on which is not excludable from gross income for federal income tax purposes.

SECTION 9. AND BE IT FURTHER ENACTED, That the authority to borrow money and issue bonds conferred on the County by this Act shall be deemed to provide an additional and alternative authority for borrowing money and shall be regarded as supplemental and additional to powers conferred upon the County by other laws and shall not be regarded as in derogation of any power now existing; and all Acts of the General Assembly of Maryland heretofore passed authorizing the County to borrow money are hereby continued to the extent that the powers contained in such Acts have not been exercised, and nothing contained in this Act may be construed to impair, in any way, the validity of any bonds that may have been issued by the County under the authority of any said Acts, and the validity of the bonds is hereby ratified, confirmed, and approved. This Act, being necessary for the welfare of the inhabitants of Calvert County, shall be liberally construed to effect the purposes hereof. All Acts and parts of Acts inconsistent with the provisions of this Act are hereby repealed to the extent of such inconsistency.

SECTION 10. AND BE IT FURTHER ENACTED, That this Act shall take effect June 1, 2016.
