2015 Vetoed House Bills and Messages

May 12, 2015

The Honorable Michael E. Busch Speaker of the House H–101 State House Annapolis, MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 10 – Institutions of Higher Education – Fully Online Distance Education – Definition.

This bill alters the definition of "fully online distance education program" to mean a program, originating outside the State, offered by an out-of-state institution in which a student domiciled in Maryland enrolls, 51% or more of the program is offered through electronic distribution, and the Commission determines that the portion of the program offered at a location in the State, if any, does not require a specified certificate of approval.

Senate Bill 13, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 10.

Sincerely,

Governor Lawrence J. Hogan, Jr.

House Bill 10

AN ACT concerning

Institutions of Higher Education - Fully Online Distance Education - Definition

FOR the purpose of altering the definition of "fully online distance education program" as it relates to the registration of institutions of higher education that offer certain online distance education programs in the State; and generally relating to institutions of higher education and fully online distance education in the State.

BY repealing and reenacting, with amendments,

Article – Education Section 11–202.2 Annotated Code of Maryland (2014 Replacement Volume and 2014 Supplement) May 12, 2015

The Honorable Michael E. Busch Speaker of the House H–101 State House Annapolis, MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 12 – Workers' Compensation – Baltimore County Deputy Sheriff.

This bill alters a specified definition of "public safety employee" to include a deputy sheriff in Baltimore County when performing duties directly related to courthouse security, prisoner transportation, service of warrants, personnel management, or other administrative duties for purposes of providing for enhanced compensation benefits under the Workers' Compensation Law for a compensable permanent partial disability of less than a specified number of weeks under specified circumstances; and applies the Act prospectively.

Senate Bill 331, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 12.

Sincerely,

Governor Lawrence J. Hogan, Jr.

House Bill 12

AN ACT concerning

Workers' Compensation – Baltimore County Deputy Sheriff

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 48 – Clerks of the Circuit Courts – Collection of Appearance Fees.

This bill clarifies that if more than one stockholder, partner, member, or employee of a corporation, partnership, limited liability company or other entity engaged in practicing law enters an appearance in an action or a case, the clerk of the circuit court may collect only one appearance fee per entity; and clarifies that, if more than one employee of a specified governmental entity enters an appearance in an action or a case, the clerk of the circuit court may collect only one appearance fee per governmental entity.

Senate Bill 60, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 48.

Sincerely,

Governor Lawrence J. Hogan, Jr.

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 50 – Active Armed Forces Member – Exemption from Payment of Fees for Certain Court Records.

This bill requires a clerk of a court to provide without charge a copy of specified papers or records requested by an active armed forces member or by the United States government if the copy is to be used in connection with a claim of the member against the United States government; and requires a clerk of a court to provide without charge a copy of specified marriage records of an active armed forces member that are requested under specified circumstances.

Senate Bill 61, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 50.

Sincerely,

Governor Lawrence J. Hogan, Jr.

The Honorable Michael E. Busch Speaker of the House H–101 State House Annapolis, MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17, of the Maryland Constitution, I have today expressly disapproved and vetoed the following item in House Bill 71 – Creation of a State Debt – Maryland Consolidated Capital Bond Loan of 2015, et al.:

Item ZA00 (I) appearing on page 29 of the enrolled bill, lines 27 through 33:

"Maryland Hall for the Creative Arts. Provide a grant to the Board of Directors of Maryland Hall for the Creative Arts, Inc. to assist in funding the design, construction, and equipping of renovations to its facility to improve Maryland Hall for the Creative Arts gallery and theater spaces (Anne Arundel County)........2,000,000."

I am allowing the remainder of House Bill 71 – Creation of a State Debt – Maryland Consolidated Capital Bond Loan of 2015, et al. (MCCBL), to become law without my signature even though I have strong reservations as expressed below about the General Assembly's amendments that expand the State's capital program.

Maryland's Rapidly Escalating Debt Levels

Most significantly, the Legislature's actions to increase state debt authorizations put Maryland's finances on an unsustainable path that is inconsistent with sound financial stewardship. In total, the Legislature added \$50 million in general obligation bond authorizations above the \$995 million capital budget that I proposed in the original bill.

If the General Assembly had remained within the prudent spending level that I proposed, it would have insured the financial stability of the State's capital program by reducing expenses well within the debt management ratios. Moreover, it would have reduced the explosion of general funds needed for debt service in future years and thus improved Maryland's fiscal position for out—year structural deficits.

The State has increased its own debt affordability levels in six of the last eight years. These levels of debt authorizations, if continued, would bring the State to the brink of breaching its established limits of debt service as a percent of revenues. There is virtually no margin of error to account for fluctuating economic conditions or unexpected capital expenses.

The increased debt authorizations necessarily result in higher expenses for debt repayment in the future. Maryland's state property tax revenues are legally dedicated to pay debt service on State bonds. As a result, the increase in debt service costs is now out—stripping the growth in property tax revenues. I have no intention of increasing property tax rates to fund this debt service shortfall incurred by the prior Administration.

Over the past several years, the General Assembly budget practices of using debt service to fund general operating expenses has unfortunately positioned Maryland to where the fastest growing part of the State's general fund budget is debt service. In the Fiscal Year 2016 budget submitted in January, general fund debt service costs increased by 96% from \$140 million to \$274 million. In Fiscal Year 2017, these costs will exceed \$400 million and our debt service will cost more than the entire school construction program for Maryland.

By comparison, in Fiscal Year 2013, Maryland's general fund debt service cost was zero. Unfortunately, this rapidly escalating debt service will soon exceed \$500 million and, when combined with increased pension costs, will account for over 10% of the operating fund budget within five years. We must act quickly to rein in these growing costs and keep them

from crowding out our ability to fund new priorities for Maryland government instead of paying off the credit card of recent budgets approved by the General Assembly.

Bond Premiums Should Be Used Exclusively to Pay Debt Service

The Legislature ignored the sound advice of State Treasurer Nancy Kopp concerning the use of anticipated bond premiums over the next two fiscal years by appropriating over \$48 million in bond premium revenues for Program Open Space, Rural Legacy, and Agricultural Land Preservation in Section 15 of the MCCBL. In testimony before the General Assembly budget committees, Treasurer Kopp advised:

"Consistent with prior budget practices, the Governor's Budget estimates bond premium for the upcoming March sale. The March sale is completed before the budget is finalized so that actual bond premium is known and adjustments can be made if there is a shortfall in the estimated amount. The enacted budget thus includes a combination of known revenues sufficient to fund the appropriation. This is done to reduce the risk to the State of relying on a volatile and difficult to predict revenue source to fund debt service. This assures both the rating agencies and bond investors that funds to pay debt service are actually there and that the State is not potentially underfunding the ABF [Annuity Bond Fund] if bond premium is overestimated. . . . If the anticipated premiums are not realized, a deficiency appropriation would be required from the General Fund. This volatility and uncertainty could be mitigated by maintaining a larger balance in the ABF, however you could avoid the volatility all together by simply maintaining the State's conservative budgeting practices in regards to bond premium". (Testimony of State Treasurer Nancy K. Kopp to Senate Budget and Taxation Committee, February 17, 2015)

I agree with Treasurer Kopp that the bond premium is a "volatile and difficult to predict revenue source" and that assuming future bond premium revenue is not a good financial management practice. Furthermore, the General Assembly's actions this year to use anticipated bond premiums to fund capital expenditures establishes a troubling precedent.

I urge the General Assembly to refrain from this practice in the future and to abide by Treasurer Kopp's admonition to adhere to "the State's conservative budgeting practices" that all premiums from the sale of State bonds be used exclusively to pay debt service on the State's general obligation bonds, pursuant to Section 8–132 of the State Finance and Procurement Article.

If the General Assembly had followed this time-honored practice, the bond premium revenue that we realize in Fiscal Year 2016 would be applied directly to reduce the Fiscal Year 2017 debt service shortfall currently estimated at \$419 million (Appendix F–2, 2016 Budget Highlights).

Moreover, the Attorney General expressed a serious concern about the risks of violating federal law if the bond premiums as redirected by the General Assembly are not spent in a timely manner:

"Section 15 of the bill provides that \$48,393,337 in premiums from the sale of State bonds in fiscal years 2015 and 2016 shall remain in the State and Local Facilities Loan Fund or the Annuity Bond Fund and, with the approval of the Board of Public Works, may be expended for certain enumerated programs. In the recent past, pursuant to § 8–132 of the State Finance and Procurement Article, any premium from the sale of State bonds has been used exclusively to pay debt service on the State's general obligation bonds. By using bond premium for the payment of debt service, the State has been able to ensure that any bond premium is expended in sufficient time to meet certain tax—exempt bond requirements. We caution that the State could be required to rebate certain investment earnings to the Internal Revenue Service if the bond premium set—aside for the enumerated projects is not expended in time to meet the tax exempt bond requirements". (Letter to Governor Lawrence J. Hogan, Jr. on May 11, 2015)

In light of these warnings from the State Treasurer and the Attorney General, I urge the General Assembly to follow their advice and refrain from such risky practices in the future. Maryland taxpayers are best served by always following sound budget practices that protect the State's Triple—A bond rating.

Public School Construction Mandate

The Legislature added \$20 million in Fiscal Year 2016 General Obligation bond funds for school construction in five jurisdictions with "Significant Enrollment Growth or Relocatable Classrooms": Anne Arundel, Baltimore, Howard, Montgomery and Prince George's counties. The funding is contingent on the enactment of Senate Bill 490. The bill purports to establish a \$20 million mandate in the capital budget for the program in Fiscal Year 2016 and future years, to be "over and above" the appropriation for regular school construction.

This one item was a large part of the \$50 million in general obligation bond authorizations added by the Legislature. I am quite concerned that the General Assembly is disregarding the extensive analysis and review process administered by the Interagency Committee on School Construction (IAC) to prioritize the funding of public school construction projects. If the existing process is inadequate, the General Assembly should engage the IAC to improve the program. We should not add to the capital budget to meet these needs in a piecemeal and undisciplined fashion, benefiting a few powerful jurisdictions. Despite these reservations, I signed the legislation because I recognize the need for additional school building projects in all regions of Maryland.

Future Budgets

In conclusion, as I have emphasized above, I am committed to getting Maryland on the path to structural balance and fiscal responsibility. By reducing the level of State borrowing, we will reduce future debt service requirements, and help resolve Maryland's ongoing structural deficit. Accordingly, please expect to see significantly smaller capital budgets and five—year Capital Improvement Programs in the future.

Sincerely,

Governor Lawrence J. Hogan, Jr.

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 209 – *Howard County* – *Room Rental Tax* – *Room Rental Fee Ho. Co. 12–15*.

This bill clarifies that the Howard County hotel rental tax applies to the total charge for the rental of a room, including any room rental fee charged by a room rental intermediary but not including any tax. It is similar to the statewide bill, Senate Bill 190 – Sales and Use Tax – Taxable Price – Accommodations, that attempts to clarify the application of the State sales and use tax as it applies to the sale or use of a hotel room or other accommodation facilitated by a vendor (defined in the bill as an "accommodations intermediary"). Under current law, the taxable price is the amount paid by the consumer for the accommodation.

The interpretation of current law as to whether accommodations intermediaries are required to collect and remit sales taxes on the amount paid by the consumer is actively being litigated by the Comptroller of Maryland (Travelocity v. Comptroller). The General Assembly should respect the long-standing practice of not passing legislation that would directly affect matters being litigated in a pending court case. As long as the Maryland Tax Court rules in a timely manner, the General Assembly should at that time consider the Court's findings and determine whether a legislative remedy is necessary.

In addition, the County Executive of Howard County, Allan Kittleman, has requested a veto of this bill.

For these reasons, I have vetoed House Bill 209.

Sincerely,

Governor Lawrence J. Hogan, Jr.

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 469 – Public Utilities – Electricity – Construction of Overhead Transmission Lines.

This bill alters the scope of persons who may apply to begin construction of a new overhead transmission line for electricity under specified circumstances to include an electric company or a person who is or will be subject to regulation as a public utility by an officer or an agency of the United States; and prohibits the Public Service Commission from issuing a certificate of public convenience and necessity for the construction of a specified overhead transmission line to an applicant other than an electric company under specified circumstances.

Senate Bill 460, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 469.

Sincerely,

Governor Lawrence J. Hogan, Jr.

House Bill 469

AN ACT concerning

Public Utilities - Electricity - Construction of Overhead Transmission Lines

FOR the purpose of altering the scope of persons who may apply for a certificate of public convenience and necessity to begin construction of a certain new overhead transmission line for electricity under certain circumstances to include a person rather than only an electric company; an electric company or a person who is or will be subject to regulation as a public utility by an officer or an agency of the United States; prohibiting the Public Service Commission from issuing a certificate of public convenience and necessity for the construction of a certain overhead transmission line to an applicant other than an electric company under certain circumstances; requiring the Commission to require as an ongoing condition of the certificate of public convenience and necessity that a certain applicant complies with certain agreements related to the ongoing operation and maintenance of the overhead transmission line and all obligations imposed by certain entities related to the ongoing operation and maintenance of the overhead transmission line; prohibiting the Commission from authorizing, and prohibiting a certain person from undertaking, the construction of a certain new overhead transmission line that is within a certain distance of a public airport runway; providing that, as of a certain date and until the Commission adopts certain regulations, certain Commission rules, regulations, and requirements shall apply to certain persons who may apply to obtain a certificate of public convenience and necessity for the construction of an overhead transmission line; and generally relating to the construction of overhead transmission lines.

The Honorable Michael E. Busch Speaker of the House H–101 State House Annapolis, MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 592 – State Donor Registry – Information and Methods of Registration – Clerks of Circuit Courts, Registers of Wills, and Motor Vehicle Administration (Enhancing Organ Donation Rates Act).

This bill requires the clerks of the circuit courts and registers of wills to make available to the public information about registering with the State donor registry and requires the Motor Vehicle Administration to provide a method by which an individual doing business with the Administration can register as a donor with the State donor registry for a specified purpose and select to have a donor designation on the individual's driver's license or identification card.

Senate Bill 415, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 592.

Sincerely,

Governor Lawrence J. Hogan, Jr.

The Honorable Michael E. Busch Speaker of the House H–101 State House Annapolis, MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 602 – *University of Maryland School of Medicine* – *Workgroup to Study Issues Related to Uterine Fibroids*.

This bill requires the University of Maryland School of Medicine to convene a workgroup that includes representatives from the Department of Health and Mental Hygiene, specified experts, and interested stakeholders, to study issues related to the incidence of uterine fibroids in the State; requires the workgroup to examine specified issues; and requires, on or before June 30, 2016, the University of Maryland School of Medicine to report specified findings to specified committees of the General Assembly and former licensees who file for reinstatement under specified circumstances.

Senate Bill 320, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 602.

Sincerely,

Governor Lawrence J. Hogan, Jr.

clarifying the scope of certain provisions of law relating to the reserve requirements and opinions relating to the reserve requirements for certain policies, contracts, and benefit agreements required before the operative date of the valuation manual; requiring certain companies to submit annually a certain opinion relating to the reserves and related actuarial items held in support of certain policies and contracts; requiring the valuation manual to prescribe the contents of the opinion and certain other items; requiring certain companies to include with the opinion an additional opinion of a certain actuary, except under certain circumstances; requiring the obligations of a company under certain policies and contracts to include certain benefits and expenses; requiring a certain actuary to consider certain investment earnings and other consideration in reviewing certain assets held by a certain company; requiring a certain memorandum to be prepared to support a certain opinion; authorizing the Maryland Insurance Commissioner to engage a certain actuary at the expense of a certain company under certain circumstances; establishing certain requirements for certain opinions; limiting the liability for damages of certain actuaries under certain circumstances; requiring the Commissioner to adopt regulations to establish disciplinary action against a certain company or certain actuary that violates certain provisions of this Act; repealing certain provisions of law authorizing the Commissioner to certify the amount of certain reserves; altering the circumstances under which the Commissioner may accept a certain valuation; requiring the Commissioner to annually value or cause to be valued the reserves of certain policies and contracts issued by a company on or after the operative date of the valuation manual; establishing the minimum standard for valuation of the policies and contracts; specifying the manner in which the operative date of the valuation manual is determined; providing for the effective date of changes to the valuation manual; requiring the valuation manual to specify certain minimum valuation standards, the format for certain reports, certain other requirements, and certain data and the form of the data that must be submitted under a certain provision of this Act; authorizing a company, under certain circumstances, to comply with a minimum standard of valuation prescribed by the Commissioner by regulation; authorizing the Commissioner to rely on a certain opinion under certain circumstances; authorizing the Commissioner to require a company to change any assumption or method used by the company under certain circumstances; requiring a company to adjust the company's reserves as required by the Commissioner; requiring a company, for policies and contracts specified in the valuation manual, to establish reserves using a certain principle-based valuation; establishing certain requirements for a company that uses a principle-based valuation; requiring a company to submit certain information as prescribed in the valuation manual; providing that certain information of a company is confidential and privileged, is not subject to the Maryland Public Information Act, and is not subject to subpoena or discovery or admission in evidence in a certain civil action, subject to certain exceptions; authorizing the Commissioner to share and use certain confidential information under certain circumstances and to enter into agreements governing the sharing and use of the information; authorizing the Commissioner to receive certain documents, materials, data, and other information; providing that a certain privilege or claim of confidentiality in confidential information is not waived as a result of a certain disclosure or sharing of the confidential information; authorizing the Commissioner to exempt a specific product form or product line of a certain company under certain circumstances; authorizing the Commissioner to exempt a domestic company from certain reserve requirements and certain information submission requirements under certain circumstances; requiring a domestic company that meets the requirements for exemption to compute reserves in accordance with certain requirements and file a certain statement with the Commissioner before a certain date each year; authorizing the Commissioner to reject the statement before a certain date and require the domestic company to comply with the valuation manual requirements; specifying the mortality tables that may be substituted for certain other mortality tables to be used in determining the minimum nonforfeiture standard for certain policies issued on or after the operative date of the valuation manual; establishing the nonforfeiture interest rate for certain policies issued on or after the operative date of the valuation manual; altering the nonforfeiture interest rate for certain policies issued before the operative date of the valuation manual; providing for the resolution of any conflict between Maryland law and the valuation manual; making this Act subject to certain contingencies; requiring the Commissioner to give certain notice to the Department of Legislative Services; providing that this Act is null and void under certain circumstances; defining certain terms; making certain conforming and clarifying changes; and generally relating to the Maryland Standard Valuation Law and reserve and nonforfeiture requirements for insurance policies and contracts issued in the State.

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 926 – Baltimore City and Baltimore County – Police Behavioral Health Units – Pilot Program.

This bill requires on or before October 1, 2016 the Baltimore City and Baltimore County police departments to establish behavioral health units; requires a behavioral health unit to consist of at least six officers who are specially trained to understand the needs of individuals with mental health, substance use, or co—occurring mental health and substance use disorders and in cultural sensitivity and cultural competency; and establishes the purpose and goals of a behavioral health unit.

Senate Bill 321, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 926.

Sincerely,

Governor Lawrence J. Hogan, Jr.

The Honorable Michael E. Busch Speaker of the House H–101 State House Annapolis, MD 21401 Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill $980 - Election \ Law - Voting \ Rights - Ex-Felons$. This bill would allow a person convicted of a felony to register to vote when the individual is released from prison even if they are still subject to parole or probation.

In addition to criminal penalties that may be imposed at sentencing, there are many collateral consequences to felony convictions under Maryland law. Felony convictions result in the loss of certain voting privileges and the right to possess and own firearms. In addition, felony convictions limits one's ability to serve on a jury, enlist in the military, or obtain select employment and professional licenses.

The fact is that persons released from incarceration on parole or mandatory supervision are still serving their time as a debt to society for their actions. Section 7–308 of the Correctional Services Article of the Annotated Code of Maryland states that a "parolee remains in legal custody until the expiration of the parolee's full, undiminished term." Similarly, regarding mandatory supervision, Section 7–502 of that Article states that an "... individual on mandatory supervision remains in legal custody until the expiration of the individual's full term." In other words, parole and mandatory supervision are only conditional releases from incarceration because the released inmate must comply with the conditions of release imposed by the Parole Commission. Similarly, a felon on probation would likely be supervised and have conditions imposed, the violation of which may subject the individual to incarceration.

The Maryland General Assembly passed legislation in 2002 and 2007 to restore voting rights to those individuals convicted of a felony provided that the court—ordered sentence, including any terms of parole and probation, have been completed. The current law achieves the proper balance between the repayment of obligations to society for a felony conviction and the restoration of the various restricted rights as stated above.

For these reasons, I have vetoed House Bill 980.

Sincerely,

Governor Lawrence J. Hogan, Jr.

2015 Vetoed Senate Bills and Messages

May 22, 2015

The Honorable Thomas V. Mike Miller, Jr. President of the Senate H–107 State House Annapolis, MD 21401

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed Senate Bill 190 – Sales and Use Tax – Taxable Price – Accommodations.

Senate Bill 190 attempts to clarify the application of the State sales and use tax as it applies to the sale or use of a hotel room or other accommodation facilitated by a vendor (defined in the bill as an "accommodations intermediary"). Under current law, the taxable price is the amount paid by the consumer for the accommodation.

The interpretation of current law as to whether accommodations intermediaries are required to collect and remit sales taxes on the amount paid by the consumer is actively being litigated by the Comptroller of Maryland (Travelocity v. Comptroller). The General Assembly should respect the long-standing practice of not passing legislation that would directly affect matters being litigated in a pending court case. As long as the Maryland Tax Court rules in a timely manner, the General Assembly should at that time consider the Court's findings and determine whether a legislative remedy is necessary.

For this reason, I have vetoed Senate Bill 190.

Sincerely,

Governor Lawrence J. Hogan, Jr.

The Honorable Thomas V. Mike Miller, Jr. President of the Senate H–107 State House Annapolis, MD 21401

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed Senate Bill $340 - Election \ Law - Voting \ Rights - Ex-Felons$. This bill would allow a person convicted of a felony to register to vote when the individual is released from prison even if they are still subject to parole or probation.

In addition to criminal penalties that may be imposed at sentencing, there are many collateral consequences to felony convictions under Maryland law. Felony convictions result in the loss of certain voting privileges and the right to possess and own firearms. In addition, felony convictions limits one's ability to serve on a jury, enlist in the military, or obtain select employment and professional licenses.

The fact is that persons released from incarceration on parole or mandatory supervision are still serving their time as a debt to society for their actions. Section 7–308 of the Correctional Services Article of the Annotated Code of Maryland states that a "parolee remains in legal custody until the expiration of the parolee's full, undiminished term." Similarly, regarding mandatory supervision, Section 7–502 of that Article states that an ".

.. individual on mandatory supervision remains in legal custody until the expiration of the individual's full term." In other words, parole and mandatory supervision are only conditional releases from incarceration because the released inmate must comply with the conditions of release imposed by the Parole Commission. Similarly, a felon on probation would likely be supervised and have conditions imposed, the violation of which may subject the individual to incarceration.

The Maryland General Assembly passed legislation in 2002 and 2007 to restore voting rights to those individuals convicted of a felony provided that the court-ordered sentence, including any terms of parole and probation, have been completed. The current law achieves the proper balance between the repayment of obligations to society for a felony conviction and the restoration of the various restricted rights as stated above.

For these reasons, I have vetoed Senate Bill 340.

Sincerely,

Governor Lawrence J. Hogan, Jr.

The Honorable Thomas V. Mike Miller, Jr. President of the Senate H–107 State House Annapolis, MD 21401

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed Senate Bill 517 – Criminal Law – Use and Possession of Marijuana and Drug Paraphernalia. This bill establishes that smoking marijuana in a public place is a civil offense, punishable by a fine of up to \$500. The bill also legalizes the possession of marijuana—related paraphernalia by eliminating criminal penalties.

During the 2014 legislative session, the General Assembly enacted legislation that decriminalized the use and possession of less than 10 grams of marijuana, making this a civil offense subject to a fine not exceeding: (1) \$100 for a first offense; (2) \$250 for a second offense; and (3) \$500 for a third or subsequent offense.

With Senate Bill 517, the General Assembly attempts to correct the unintended consequences from last year's law but in doing so creates legal uncertainties including the elimination of criminal sanctions for the use of marijuana while operating a motor vehicle or in a public setting.

Smoking marijuana while driving is a serious threat to public safety. The National Highway Traffic Safety Administration states: "While alcohol is clearly the predominant drug in fatal crashes, marijuana is the next drug most frequently found in crash—involved drivers. . . . Marijuana, even in low to moderate doses, negatively affects driving performance in real situations."

If Senate Bill 517 became law, State and local law enforcement would be left with no authority to make a traffic stop if they see someone smoking marijuana while driving. Based upon this uncertainty, the Maryland State's Attorneys' Association, the Maryland Chiefs of Police Association, and the Maryland Sheriffs' Association have requested a veto of Senate Bill 517.

For these reasons, I have vetoed Senate Bill 517.

Sincerely,

Governor Lawrence J. Hogan, Jr.

The Honorable Thomas V. Mike Miller, Jr. President of the Senate H–107 State House Annapolis, MD 21401

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed Senate Bill 528 – *Criminal Procedure* – *Seizure and Forfeiture*. This bill establishes a \$300 threshold before money can be seized under most circumstances; eliminates presumptions and alters certain burdens related to forfeiture of money, weapons, and proceeds; requires notice to the owner of seized property; and prohibits the transfer of seized property to the federal government unless there is a federal criminal charge or the owner consents.

Senate Bill 528, as amended, would greatly inhibit local law enforcement agencies from pursuing asset forfeiture from drug dealers. In addition, the bill poses new restrictions that would interfere with joint federal and State task forces investigating drug crimes. For these reasons, the Maryland State's Attorneys' Association, the Maryland Chiefs of Police Association, and the Maryland Sheriffs' Association have requested a veto of Senate Bill 528.

Moreover, Maryland is currently facing a heroin epidemic. The individuals involved in the manufacture and sale of drugs are profiting from the deaths and ruined lives they are creating. The asset forfeiture law helps to ensure that these criminals do not reap any economic benefit from their crimes. Further, persons who deal in illegal drugs also frequently deal in illegal weapons and human trafficking. If this bill becomes law, it would detrimentally impact law enforcement efforts to deal with these crimes as well.

Asset forfeiture laws can be abused by those in charge of their implementation. For this reason, I am directing the Governor's Office of Crime Control and Prevention and the Police Training Commission to form a working group to include, at a minimum, the Department of State Police, local law enforcement, the Maryland State's Attorneys' Association, the Office of Attorney General, and the Office of the Public Defender. The working group will also invite its federal partners, who would otherwise have been adversely affected by Senate Bill 528, to participate. This working group will review the current forfeiture law and, if warranted, make any recommendations for changes that prevent abuses, provide protections for innocent persons, and ensure that law enforcement has the necessary enforcement tools to fight illegal drugs.

For these reasons, I have vetoed Senate Bill 528.

Sincerely,

Governor Lawrence J. Hogan, Jr.

The Honorable Michael E. Busch Speaker of the House of Delegates

Members of the General Assembly

Ladies and Gentlemen:

The House Health and Government Operations Committee (Committee) was appointed as the committee of jurisdiction to evaluate the State Board of Environmental Health Specialists (Board) in accordance with the Maryland Program Evaluation Act. The Committee has considered the recommendations made by the Department of Legislative Services (DLS) and hereby submits the report required by § 8-410 of the State Government Article.

At this time, the Committee concurs with the DLS recommendation that the Board be allowed to terminate. The Committee was persuaded that requiring environmental health specialists to obtain and maintain, as a condition of employment, a nationally-recognized credential based on comparable educational, experience, and examination prerequisites will ensure that practitioners meet minimum professional standards and sufficiently protect the public, even in the absence of a State-administered licensing program. However, the Committee reserves the right to alter the DLS recommendation following a public hearing that will be held later in the session. Attached please find legislation that will implement the termination of the Board.

On behalf of the committee, I would like to thank DLS and the Board for their fine work with handling program evaluation process.

Respectfully submitted,

Peter A./Hammen, Chair
Health and Government Operations Committee

RE:

Mayor and City Council of Baltimore Resolutions Authorizing Loans

Dear President Miller:

Pursuant to Article XI, Section 7 of the Constitution of Maryland, the Mayor and City Council of Baltimore is proposing the creation of debt or extension of credit in the form of four Resolutions authorizing the following loans:

1.	Batimore City Public Schools	\$34,000,000.00
2.	Community And Economic Development	\$45,000,000.00
3.	Affordable Housing	\$ 6,000,000.00
4	Recreation, Parks and Public Facilities	\$45,000,000,00

These Resolutions have been presented to and approved as evidenced by the signatures of a majority of the Members of the General Assembly representing Baltimore City.

Having complied with the requirements of Article XI, Section 7 of the Constitution, the Mayor and City Council of Baltimore respectfully requests that these Resolutions be journalized.

Sincerely,

Andrew Smullian Deputy Mayor

RESOLUTION

A RESOLUTION OF THE MEMBERS OF THE GENERAL ASSEMBLY OF MARYLAND REPRESENTING BALTIMORE CITY concerning

BALTIMORE CITY - SCHOOL BOND ISSUE

FOR the purpose of authorizing the Mayor and City Council of Baltimore to create a debt, and to issue and sell, at any time or from time to time and in one or more series its certificates of indebtedness as evidence thereof, proceeds not exceeding Thirty-Four Million (\$34,000,000.00) from the sale of such certificates of indebtedness to be used for the acquisition, by purchase, lease, condemnation, or any other legal means, of land or property, or any rights therein, in the City of Baltimore, and demolishing, constructing and erecting on said land or property, or on any land or property now or hereafter owned by the Baltimore City Board of School Commissioners and/or the Mayor and City Council of Baltimore, new school buildings, athletic and other auxiliary facilities including community health and recreation facilities, and for additions and improvements to, or for the modernization of reconstruction of, including the inspection, removal, encapsulation, management, containment and abatement of asbestos from existing facilities, and for equipment for any and all new or existing facilities authorized to be constructed, erected, added, improved, modernized reconstructed by the provisions hereof; the payment of any and all costs and expenses incurred for or in connection with doing any or all of the things herein mentioned, including, but not limited to, the costs and expenses of securing administrative, appraisal, economic analysis, engineering, planning, designing, architectural, surveying, other professional services, including, limitation, services relating to planning for future projects of the same general character which may be constructed out of future loans; and for doing any and all things necessary, proper or expedient in connection with or pertaining to any or all of the matters or things hereinbefore mentioned; authorizing the issuance refunding bonds; conferring certain powers upon Baltimore City Board of School Commissioners; certain conditions in connection with the expenditure of the proceeds derived from the sale of said certificates of indebtedness; authorizing the Mayor and City Council of Baltimore to submit an ordinance or ordinances for such purpose to the legal voters of Baltimore City, and providing generally for the issuance and sale of such certificates of indebtedness.

SECTION 1. BE IT RESOLVED BY THE MEMBERS OF THE GENERAL ASSEMBLY OF MARYLAND REPRESENTING BALTIMORE CITY, That:

- The Mayor and City Council of Baltimore be (a) and it is hereby authorized to create a debt, and to issue and sell, at any time or from time to time and in one or more series, its certificates of indebtedness (hereinafter called "bonds") as evidence thereof, and proceeds not exceeding Thirty-Four Million Dollars (\$34,000,000.00) from the sale thereof to be used for the purposes hereinafter mentioned, but such debt shall not be created and the bonds shall not be issued, in whole or in part, unless an ordinance or ordinances of the Mayor and City Council of Baltimore providing for the issuance thereof shall be first submitted to the legal voters of Baltimore City at such time and place as may be fixed by such ordinance or ordinances and be approved by a majority of the votes cast at such time and place, all as required by Section 7 of Article XI of the Constitution of Maryland; and the Mayor and City Council of Baltimore, in submitting any ordinance or ordinances for the issuance of the bonds, or any part thereof, to the legal voters of Baltimore City, may submit and resubmit the same at any municipal election or general election to be held in Baltimore City.
- (b) The Mayor and City Council of Baltimore may submit, by one ordinance, the whole of the debt authorized by this Resolution to the legal voters of Baltimore City at one time, or it may, by one or more separate ordinances, submit a part thereof to the legal voters of Baltimore City at different times; and any ordinance or ordinances, submitting the whole or any part of such debt to the legal voters of Baltimore City, shall provide for the expenditure of the proceeds thereof in accordance with the provisions of the Charter of the Mayor and City Council of Baltimore, and by the municipal agency designated in the annual Ordinances of Estimates of the Mayor and City Council of Baltimore.
- (c) Any bonds authorized to be issued and sold under the provisions of this Resolution may be issued to mature

on such dates and in such amounts as the Board of Finance may determine; provided that the entire principal amount represented thereby shall be discharged not more than forty (40) years from the date of their issuance.

- (d) Until all of the interest on and principal of any bonds issued pursuant to the provisions of this Resolution have been paid in full, the Mayor and City Council of Baltimore shall levy and impose an annual tax on each One Hundred Dollars (\$100.00) of assessable property in the City of Baltimore at a rate sufficient to produce revenue to pay all interest on and principal of all bonds theretofore issued and outstanding or authorized to be issued and outstanding, payable in the next succeeding year.
- (e) All premiums resulting from the sale of any of the bonds issued and sold pursuant to the provisions of this Resolution shall be applied as directed by the Board of Finance.
- (f) The debt authorized by the provisions of this Resolution, and the bonds issued and sold pursuant thereto and their transfer, and the principal and interest payable thereon (including any profit made in the sale thereof), shall be and remain exempt from any and all State, county and municipal taxation in the State of Maryland.
- (g) All bonds issued and sold pursuant to the provisions of this Resolution may be sold at public sale by the solicitation of competitive bids or at private (negotiated) sale without advertisement or solicitation of competitive bids, for a price or prices which may be at, above or below par value of the bonds, as determined by resolution of the Board of Finance of the Mayor and City Council of Baltimore.
- SECTION 2. AND BE IT FURTHER RESOLVED, That the Mayor and City Council of Baltimore be and it is hereby authorized, in the ordinance or ordinances to be submitted to the legal voters of Baltimore City, from time to time, (I) to determine and set forth any or all of the following or (ii) to empower a majority of the Board of Finance of said municipality to pass a resolution or resolutions, from time to time, to determine and set forth, any or all of the following:
- (a) The amount of the total debt, authorized by this Resolution and the ordinance submitted to the legal voters of Baltimore City, which shall be issued at any particular time;

- (b) The form or forms of the bonds representing the debt, or any part thereof, so authorized to be issued at any particular time;
- (c) The denomination or denominations of the bonds to be issued at any particular time and the place or places for the payment of principal and interest thereof to be determined by the Board of Finance;
- (d) The rate or rates of interest to be paid in connection with the bonds to be issued at any particular time, which rate or rates may be fixed or variable or as determined by a method approved by the Board of Finance, and such interest shall be payable at such time or times as may be determined by the Board of Finance;
- (e) Subject to the limitations set forth in Section 1 of the Resolution, the date of the bonds issued at any particular time and the maturity dates of said bonds, including the right of redemption by the City prior to maturity;
- If the bonds are to be sold at public sale, (f) the time, place, manner and medium of advertisement of the readiness of the Board of Finance to receive bids for the purchase of the bonds authorized to be issued hereunder, or any part thereof; the form, terms and conditions of such bids; the time, place and manner of awarding bonds so bid for, including the right whenever any of the bonds authorized by this Resolution are offered for sale and sold at the same time as other bonds of the City, to establish the conditions for bids and awards and to award all of said bonds on an all or none basis, and the time, place, terms and manner of settlement for the bonds so bid for; provided, however, that notwithstanding anything in this section, the Mayor and City Council of Baltimore, or the Board of Finance, as the case may be, shall have the right to reject any or all bids therefor for any reason.

The ordinance to be submitted to the legal voters of Baltimore City, or the resolution of the Board of Finance authorizing the issuance of the bonds, or any portion thereof, as the case may be, shall set forth in detail the dates when any of the bonds are to mature and the amount to mature upon such dates.

SECTION 3. AND BE IT FURTHER RESOLVED, That the actual cash proceeds derived from the sale of the bonds authorized to be

issued under the provisions of this Resolution shall be used exclusively for the following purposes:

- (a) So much thereof as may be necessary for the cost of issuance, including the expense of engraving, printing, advertising, attorneys' fees, and all other incidental expenses connected therewith (which may include the proportion of the compensation of employees and general administrative expenses of the Department of Finance reasonably allocated to the issuance of the bonds); and
- The remainder of such proceeds shall be used (b) for the acquisition, by purchase, lease, condemnation or any other legal means, of land or property, or any rights therein, in the City of Baltimore, and demolishing, constructing and erecting on said land or property, or on any land or property now or by the Baltimore City Board of owned hereafter School Commissioners and/or the Mayor and City Council of Baltimore, new buildings, athletic and other auxiliary facilities including community health and recreation facilities, and for additions and improvements to, or the modernization reconstruction of, including the inspection, encapsulation, management, containment and abatement of asbestos from existing school buildings or facilities, and for equipment for any and all new or existing facilities authorized to be constructed, erected, added to, improved, modernized reconstructed by the provisions hereof; the payment of any and all costs and expenses incurred for or in connection with doing any or all of the things herein mentioned, including, but not limited to, the costs and expenses of securing administrative, appraisal, economic analysis, engineering, planning, designing, and other professional services, architectural, surveying, including, without limitation, services relating to planning for future projects of the same general character which may be constructed out of future loans; and for or in connection with or pertaining to any or all of the matters or things hereinbefore mentioned.

SECTION 4. AND BE IT FURTHER RESOLVED, That:

(a) The Mayor and City Council of Baltimore, acting by and through the Board of Finance thereof, is hereby authorized and empowered to issue its bonds for the purpose of refunding any bonds authorized to be issued under the provisions of this Resolution by payment at maturity or the purchase or redemption of bonds in advance of maturity. The validity of any

refunding bonds shall in no way be dependent upon or related to the validity or invalidity of the bonds being refunded. Such refunding bonds may be issued by the Mayor and City Council of Baltimore, acting by and through the Board of Finance thereof, for the purpose of providing it with funds to pay any of its outstanding bonds authorized to be issued under the provisions of this Resolution at maturity, to purchase in the open market any of its outstanding bonds authorized to be issued under the provisions of this Resolution prior to their maturity, to redeem prior to their maturity any outstanding bonds which are, by their terms, redeemable, to pay interest on any outstanding bonds prior to their payment at maturity or purchase or redemption in advance of maturity, or to pay any redemption or purchase premium in connection with the refunding of any of its outstanding bonds authorized to be issued under the provisions of this Resolution.

- (b) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution may be issued for the public purpose of:
- (1) Realizing savings to Baltimore City in the aggregate cost of debt service on either a direct comparison or present value basis; or
 - (2) Debt restructuring that:
- (i) In the aggregate effects such a reduction in the cost of debt service; or
- (ii) Is determined by the Board of Finance of the Mayor and City Council of Baltimore to be in the best interests of Baltimore City, to be consistent with Baltimore City's long-term financial plan, and to realize a financial objective of Baltimore City including, improving the relationship of debt service to a source of payment such as taxes, assessments, or other charges.
- (c) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution may be issued in whatever principal amount shall be required to achieve the purpose for the issuance of the refunding bonds, which amount may be in excess of the principal amount of the bonds refunded or the maximum principal amount of bonds authorized to be issued under subsection (a) of Section 1 of this Resolution.
 - (d) Any refunding bonds authorized to be issued

and sold under the provisions of this Resolution may be issued to mature on such dates and in such amounts as the Board of Finance may determine; provided that the entire principal amount represented by the refunding bonds shall be discharged not more than forty (40) years from the date of issuance of the bonds being refunded.

- Any refunding bonds authorized to be issued and sold under the provisions of this Resolution may be sold at public sale by the solicitation of competitive bids or at private sale without advertisement or solicitation of (negotiated) competitive bids, for a price or prices which may be at, above or below the par value of the refunding bonds, as determined by resolution of the Board of Finance of the Mayor and City Council If the Board of Finance determines to sell the of Baltimore. refunding bonds at public sale, the refunding bonds shall be sold to the highest responsible bidder or bidders therefor after due notice of such sale, but the Mayor and City Council of Baltimore, acting by and through the Board of Finance thereof, shall have the right to reject any or all bids therefor for any reason.
- (f) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution shall bear interest at such rate or rates as may be determined by the Board of Finance of the Mayor and City Council of Baltimore, which rate or rates may be fixed or variable or as determined by a method approved by the Board of Finance, and such interest shall be payable at such time or times as may be determined by the Board of Finance.
- (g) The proceeds of the sale of any refunding bonds authorized to be issued and sold under the provisions of this Resolution, after the payment of issuance costs relating thereto, shall be set aside by the Mayor and City Council of Baltimore as a separate trust fund to be used solely for the purposes stated in this Section 4.
- (h) Except as otherwise provided in this Section 4, the powers granted in, the limitations and obligations imposed by, and the procedures specified in this Resolution with respect to the issuance of bonds shall be applicable to the issuance of refunding bonds.
- (i) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution shall not be subject to any debt policy limitation that may from time to time

be established by the Mayor and City Council of Baltimore.

- SECTION 5. AND BE IT FURTHER RESOLVED, that in the expenditure of the proceeds of sale of the bonds, the Mayor and City Council of Baltimore shall observe the following conditions:
- (a) Subject to the provisions of the Charter of Baltimore City relating to the Planning Commission, the Baltimore City Board of School Commissioners shall have the authority to select sites for the construction of the new school buildings hereby authorized;
- (b) All plans and specifications for the construction, reconstruction, renovation, additions, improvements to school buildings, to be financed out of the proceeds derived from the sale of the bonds herein authorized to be issued, shall be subject to the approval of the Baltimore City Board of School Commissioners prior to the final acceptance of the plans and specifications, and the endorsement of approval by the Board of the plans and specifications shall be made thereon, and shall also be recorded by the Board in its official minutes;
- (c) All changes in approved plans and specifications which may be found necessary and expedient shall also be subject to the approval of the Baltimore City Board of School Commissioners and shall also be recorded by the Board in its official minutes; and
- (d) No part of the proceeds derived from the sale of the bonds hereby authorized to be issued shall be expended without the approval of the Baltimore City Board of School Commissioners.

SECTION 6. AND BE IT FURTHER RESOLVED, That this Resolution, having been presented to and approved by a majority of the members of the General Assembly of Maryland representing Baltimore City no later than February 11, 2016, the 30th day of the regular 2016 session of the Maryland General Assembly, is enacted in accordance with Article XI, Section 7 of the Constitution of Maryland.

RESOLUTION

A RESOLUTION OF THE MEMBERS OF THE GENERAL ASSEMBLY OF MARYLAND REPRESENTING BALTIMORE CITY concerning

BALTIMORE CITY - COMMUNITY AND ECONOMIC DEVELOPMENT BOND ISSUE

FOR the purpose of authorizing the Mayor and City Council of Baltimore to create a debt, and to issue and sell, at any time or from time to time and in one or more series its certificates of indebtedness as evidence thereof, and proceeds not exceeding FORTY-FIVE Million Dollars (\$45,000,000.00) from the sale of such certificates of indebtedness to be used for or in connection with planning, developing, executing, and making operative the community, commercial and industrial economic development programs of the Mayor and City Council of Baltimore, including, but not limited to, the acquisition, by purchase, lease, condemnation or any other legal means, of land property, or any right, interest, franchise, easement or privilege therein, in the City of Baltimore; the payment of any and all costs and expenses incurred in connection with or incidental to the acquisition and management of said land or property, including any and all rights or interest therein hereinbefore mentioned; the payment of any and all costs and expenses incurred for or in connection with relocating and moving persons or other legal entities displaced by the acquisition of said land or property, or any of the rights or interest therein hereinbefore mentioned; the development, or redevelopment, including, but not limited to, the comprehensive renovation or rehabilitation of any land or property, or any rights or interests therein hereinbefore mentioned, in the City of Baltimore, and the disposition of land and property for such purposes; the elimination of unhealthful, unsanitary or unsafe conditions, lessening density, eliminating obsolete or other uses detrimental to the public welfare or otherwise removing or preventing the spread of blight or deterioration in the City of Baltimore; the creation of healthy, sanitary, and safe, and green conditions in the City of Baltimore; the demolition, removal, relocation, renovation or alteration of land, buildings, streets, highways, alleys, utilities or services, and other structures or improvements, and for the construction, reconstruction, installation, relocation or repair of buildings, streets, highways, alleys, utilities or services, and other structures or improvements; making loans and grants to various projects and programs related to improving the cultural life and promotion of tourism in Baltimore City, including but not limited to the Modell Lyric Foundation, Inc., The Maryland Zoo in Baltimore, Baltimore Heritage Area, Maryland Science Center, American Visionary Arts Museum, Creative Alliance and B&O Railroad Museum, Baltimore Museum of Art, the National Aquarium, Port Discovery, National Great Blacks in Wax, Reginald F. Lewis Museum, Star Spangled Flag House and the Walters Art Museum and the payment of any and all costs and expenses incurred for, or in connection with, doing any or all of the things herein mentioned, including, but limited to, the costs and expenses of administrative, appraisal, economic analysis, engineering, planning, designing, architectural, surveying, and other professional services; the lending or granting of funds to any person or other legal entity to be used for or in connection with the rehabilitation, renovation, redevelopment, improvement or construction of buildings and structures to be used or occupied for residential or commercial purposes and for doing any and all things necessary, proper or expedient in connection with or pertaining; authorizing the issuance of refunding bonds; authorizing the Mayor and City Council of Baltimore to submit an ordinance or ordinances for such purposes to the legal voters of Baltimore City, and providing generally for the issuance and sale of such certificates of indebtedness.

SECTION 1. BE IT RESOLVED BY THE MEMBERS OF THE GENERAL ASSEMBLY OF MARYLAND REPRESENTING BALTIMORE CITY, That:

(a) The Mayor and City Council of Baltimore be and it is hereby authorized to create a debt, and to issue and sell, at any time or from time to time and in one or more series, its certificates of indebtedness (hereinafter called "bonds") evidence thereof, and proceeds not exceeding Forty-Five Million Dollars (\$45,000,000.00) from the sale thereof to be used for the purposes hereinafter mentioned, but such debt shall not be created and the bonds shall not be issued, in whole or in part, unless an ordinance or ordinances of the Mayor and City Council of Baltimore providing for the issuance thereof shall be first submitted to the legal voters of Baltimore City at such time and place as may be fixed by such ordinance or ordinances and be approved by a majority of the votes cast at such time and place, all as required by Section 7 of Article XI of the Constitution of Maryland; and the Mayor and City Council of Baltimore, in submitting any ordinance or ordinances for the issuance of the bonds, or any part thereof, to the legal voters of Baltimore City, may submit and resubmit the same at any municipal election or general election to be held in Baltimore City.

(b) The Mayor and City Council of Baltimore may

submit, by one ordinance, the whole of the debt authorized by this Resolution to the legal voters of Baltimore City at one time, or it may, by one or more separate ordinances, submit a part thereof to the legal voters of Baltimore City at different times; and any ordinance or ordinances, submitting the whole or any part of such debt to the legal voters of Baltimore City, shall provide for the expenditure of the proceeds thereof in accordance with the provisions of the Charter of the Mayor and City Council of Baltimore, and by the municipal agency designated in the annual Ordinances of Estimates of the Mayor and City Council of Baltimore.

- (c) Any bonds authorized to be issued and sold under the provisions of this Resolution may be issued to mature on such dates and in such amounts as the Board of Finance may determine; provided that the entire principal amount represented thereby shall be discharged not more than forty (40) years from the date of their issuance.
- (d) Until all of the interest on and principal of any bonds issued pursuant to the provisions of this Resolution have been paid in full, the Mayor and City Council of Baltimore shall levy and impose an annual tax on each One Hundred Dollars (\$100.00) of assessable property in the City of Baltimore at a rate sufficient to produce revenue to pay all interest on and principal of all bonds theretofore issued and outstanding or authorized to be issued and outstanding, payable in the next succeeding year.
- (e) All premiums resulting from the sale of any of the bonds issued and sold pursuant to the provisions of this Resolution shall be applied as directed by the Board of Finance.
- (f) The debt authorized by the provisions of this Resolution, and the bonds issued and sold pursuant thereto and their transfer, and the principal and interest payable thereon (including any profit made in the sale thereof), shall be and remain exempt from any and all State, county and municipal taxation in the State of Maryland.
- (g) All bonds issued and sold pursuant to the provisions of this Resolution may be sold at public sale by the solicitation of competitive bids or at private (negotiated) sale without advertisement or solicitation of competitive bids, for a price or prices which may be at, above or below par value of the bonds, as determined by resolution of the Board of Finance of the Mayor and City Council of Baltimore.
 - SECTION 2. AND BE IT FURTHER RESOLVED, That the Mayor and

City Council of Baltimore be and it is hereby authorized, in the ordinance or ordinances to be submitted to the legal voters of Baltimore City, from time to time, (i) to determine and set forth any or all of the following or (ii) to empower a majority of the Board of Finance of said municipality to pass a resolution or resolutions, from time to time, to determine and set forth, any or all of the following:

- (a) The amount of the total debt, authorized by this Resolution and the ordinance submitted to the legal voters of Baltimore City, which shall be issued at any particular time;
- (b) The form or forms of the bonds representing the debt, or any part thereof, so authorized to be issued at any particular time;
- (c) The denomination or denominations of the bonds to be issued at any particular time and the place or places for the payment of principal and interest thereof to be determined by the Board of Finance;
- (d) The rate or rates of interest to be paid in connection with the bonds to be issued at any particular time, which rate or rates may be fixed or variable or as determined by a method approved by the Board of Finance, and such interest shall be payable at such time or times as may be determined by the Board of Finance;
- (e) Subject to the limitations set forth in Section 1 of the Resolution, the date of the bonds issued at any particular time and the maturity dates of said bonds, including the right of redemption by the City prior to maturity;
- (f) If the bonds are to be sold at public sale, the time, place, manner and medium of advertisement of the readiness of the Board of Finance to receive bids for the purchase of the bonds authorized to be issued hereunder, or any part thereof; the form, terms and conditions of such bids; the time, place and manner of awarding bonds so bid for, including the right whenever any of the bonds authorized by this Resolution are offered for sale and sold at the same time as other bonds of the City, to establish the conditions for bids and awards and to award all of said bonds on an all or none basis, and the time, place, terms and manner of settlement for the bonds so bid for; provided, however, that notwithstanding anything in this section, the Mayor and City Council of Baltimore, or the Board of Finance, as the case may be, shall have the right to reject any or all bids therefor for any reason.

The ordinance to be submitted to the legal voters of Baltimore City, or the resolution of the Board of Finance authorizing the issuance of the bonds, or any portion thereof, as the case may be, shall set forth in detail the dates when any of the bonds are to mature and the amount to mature upon such dates.

- SECTION 3. AND BE IT FURTHER RESOLVED, That the actual cash proceeds derived from the sale of the bonds authorized to be issued under the provisions of this Resolution shall be used exclusively for the following purposes:
- (a) So much thereof as may be necessary for the cost of issuance, including the expense of engraving, printing, advertising, attorneys' fees, and all other incidental expenses connected therewith (which may include the proportion of the compensation of employees and general administrative expenses of the Department of Finance reasonably allocated to the issuance of the bonds); and
- (b) The remainder of such proceeds shall be used for or in connection with planning, developing, executing and making operative the community, commercial and industrial economic development programs of the Mayor and City Council of Baltimore, including, but not limited to:
- (i) The acquisition, by purchase, lease, condemnation, or any other legal means, of land or property, or any right, interest, franchise, easement or privilege therein, in the City of Baltimore;
- (ii) The payment of any and all costs and expenses incurred in connection with or incidental to the acquisition and management of said land or property, including any and all rights or interests therein hereinbefore mentioned;
- (iii) The payment of any and all costs and expenses incurred for or in connection with relocating and moving persons or other legal entities displaced by the acquisition of said land or property, or any of the rights or interests therein hereinbefore mentioned;
- (iv) The development or redevelopment, including, but not limited to, the comprehensive renovation or rehabilitation of any land or property, or any rights or interests therein hereinbefore mentioned, in the City of Baltimore, and the disposition of land and property for such purposes;

- (v) The elimination of unhealthful, unsanitary, or unsafe conditions, lessening density, eliminating obsolete or other uses detrimental to the public welfare or otherwise removing or preventing the spread of blight or deterioration in the City of Baltimore and the creation of healthy, sanitary, and safe, and green conditions in the City of Baltimore;
- (vi) The demolition, removal, relocation, renovation or alteration of land, buildings, streets, highways, alleys, utilities or services, and other structures or improvements, and for the construction and reconstruction, installation, relocation or repair of buildings, streets, highways, alleys, utilities or services, and other structures or improvements;
- (vii) The payment of any and all costs and expenses incurred for or in connection with doing any or all of the things herein mentioned, including, but not limited to, the costs and expenses of securing administrative, appraisal, economic analysis, engineering, planning, designing, architectural, surveying, and other professional services; and
- (viii) The lending or granting of funds to any person or other legal entity to be used for or in connection with the rehabilitation, renovation, redevelopment, improvement, or construction, removal or demolition of buildings and structures located within the boundaries of Baltimore City, which buildings or structures are to be used or occupied for residential or commercial purposes;
- (ix) making loans and grants to various projects and programs related to improving the cultural life and promotion of tourism in Baltimore City, including but not limited to the Modell Lyric Foundation, Inc., The Maryland Zoo in Baltimore, Baltimore Heritage Area, Maryland Science Center, American Visionary Arts Museum, Creative Alliance and B&O Railroad Museum, Baltimore Museum of Art, the National Aquarium, Port Discovery, National Great Blacks in Wax, Reginald F. Lewis Museum, Star Spangled Flag House and the Walters Art Museum and
- (x) Doing any and all things necessary, proper or expedient in connection with or pertaining to any or all of the matters or things hereinbefore mentioned.
- All such land or property shall be acquired, developed, redeveloped, renovated, rehabilitated, altered, improved, held or disposed of, as provided by law.

SECTION 4. AND BE IT FURTHER RESOLVED, That:

- (a) The Mayor and City Council of Baltimore, acting by and through the Board of Finance thereof, is hereby authorized and empowered to issue its bonds for the purpose of refunding any bonds authorized to be issued under the provisions of this Resolution by payment at maturity or the purchase or redemption of bonds in advance of maturity. The validity of any refunding bonds shall in no way be dependent upon or related to the validity or invalidity of the bonds being refunded. Such refunding bonds may be issued by the Mayor and City Council of Baltimore, acting by and through the Board of Finance thereof, for the purpose of providing it with funds to pay any of its outstanding bonds authorized to be issued under the provisions of this Resolution at maturity, to purchase in the open market any of its outstanding bonds authorized to be issued under the provisions of this Resolution prior to their maturity, to redeem prior to their maturity any outstanding bonds which are, by their terms, redeemable, to pay interest on any outstanding bonds prior to their payment at maturity or purchase or redemption in advance of maturity, or to pay any redemption or purchase premium in connection with the refunding of any of its outstanding bonds authorized to be issued under the provisions of this Resolution.
- (b) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution may be issued for the public purpose of:
- (i) Realizing savings to Baltimore City in the aggregate cost of debt service on either a direct comparison or present value basis; or

(ii) Debt restructuring that:

- (1) In the aggregate effects such a reduction in the cost of debt service; or
- of the Mayor and City Council of Baltimore to be in the best interests of Baltimore City, to be consistent with Baltimore City's long-term financial plan, and to realize a financial objective of Baltimore City, including improving the relationship of debt service to a source of payment such as taxes, assessments, or other charges.
- (c) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution may be issued in whatever principal amount shall be required to achieve the purpose

for the issuance of the refunding bonds, which amount may be in excess of the principal amount of the bonds refunded or the maximum principal amount of bonds authorized to be issued under subsection (a) of Section 1 of this Resolution.

- (d) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution may be issued to mature on such dates and in such amounts as the Board of Finance may determine; provided that the entire principal amount represented by the refunding bonds shall be discharged not more than forty (40) years from the date of issuance of the bonds being refunded.
- (e) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution may be sold at public sale by the solicitation of competitive bids or at private (negotiated) sale without advertisement or solicitation of competitive bids, for a price or prices which may be at, above or below the par value of the refunding bonds, as determined by resolution of the Board of Finance of the Mayor and City Council of Baltimore. If the Board of Finance determines to sell the refunding bonds at public sale, the refunding bonds shall be sold to the highest responsible bidder or bidders therefor after due notice of such sale, but the Mayor and City Council of Baltimore, acting by and through the Board of Finance thereof, shall have the right to reject any or all bids therefor for any reason.
- (f) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution shall bear interest at such rate or rates as may be determined by the Board of Finance of the Mayor and City Council of Baltimore, which rate or rates may be fixed or variable or as determined by a method approved by the Board of Finance, and such interest shall be payable at such time or times as may be determined by the Board of Finance.
- (g) The proceeds of the sale of any refunding bonds authorized to be issued and sold under the provisions of this Resolution, after the payment of issuance costs relating thereto, shall be set aside by the Mayor and City Council of Baltimore as a separate trust fund to be used solely for the purposes stated in this Section 4.
- (h) Except as otherwise provided in this Section 4, the powers granted in, the limitations and obligations imposed by, and the procedures specified in this Resolution with respect to the issuance of bonds shall be applicable to the issuance of refunding bonds.

(i) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution shall not be subject to any debt policy limitation that may from time to time be established by the Mayor and City Council of Baltimore.

SECTION 5. AND BE IT FURTHER RESOLVED, That this Resolution, having been presented to and approved by a majority of the members of the General Assembly of Maryland representing Baltimore City no later than February 11, 2016, the 30th day of the regular 2016 session of the Maryland General Assembly, is enacted in accordance with Article XI, Section 7 of the Constitution of Maryland.

- The payment of any and all costs and expenses incurred for or in connection with doing any or all of the things herein mentioned, including, but not limited to, the and expenses of securing administrative, appraisal, engineering, economic analysis, planning, designing, architectural. surveying, and other professional relocation assistance, including but not be limited to rental payment and home purchase assistance, housing counseling and buyer education assistance, and activities to support the orderly sustainable planning, preservation, rehabilitation, development of economically diverse housing City neighborhoods; and
- (vii) Doing any and all things necessary, proper or expedient in connection with or pertaining to any or all of the matters or things hereinbefore mentioned.

All such land or property shall be acquired, developed, redeveloped, renovated, rehabilitated, altered, improved, held or disposed of, as provided by law.

SECTION 4. AND BE IT FURTHER RESOLVED, That:

(a) The Mayor and City Council of Baltimore, acting by and through the Board of Finance thereof, is hereby authorized and empowered to issue its bonds for the purpose of refunding any bonds authorized to be issued under the provisions of this Resolution by payment at maturity or the purchase or redemption of bonds in advance of maturity. The validity of any refunding bonds shall in no way be dependent upon or related to the validity or invalidity of the bonds being refunded. Such

refunding bonds may be issued by the Mayor and City Council of Baltimore, acting by and through the Board of Finance thereof, for the purpose of providing it with funds to pay any of its outstanding bonds authorized to be issued under the provisions of this Resolution at maturity, to purchase in the open market any of its outstanding bonds authorized to be issued under the provisions of this Resolution prior to their maturity, to redeem prior to their maturity any outstanding bonds which are, by their terms, redeemable, to pay interest on any outstanding bonds prior to their payment at maturity or purchase or redemption in advance of maturity, or to pay any redemption or purchase premium in connection with the refunding of any of its outstanding bonds authorized to be issued under the provisions of this Resolution.

- (b) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution may be issued for the public purpose of:
- (i) Realizing savings to Baltimore City in the aggregate cost of debt service on either a direct comparison or present value basis; or

(ii) Debt restructuring that:

- (1) In the aggregate effects such a reduction in the cost of debt service; or
- (2) Is determined by the Board of Finance of the Mayor and City Council of Baltimore to be in the best interests of Baltimore City, to be consistent with Baltimore City's long-term financial plan, and to realize a financial objective of Baltimore City, including improving the relationship of debt service to a source of payment such as taxes, assessments, or other charges.
- (c) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution may be issued in whatever principal amount shall be required to achieve the purpose for the issuance of the refunding bonds, which amount may be in excess of the principal amount of the bonds refunded or the maximum principal amount of bonds authorized to be issued under subsection (a) of Section 1 of this Resolution.
- (d) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution may be issued to

mature on such dates and in such amounts as the Board of Finance may determine; provided that the entire principal amount represented by the refunding bonds shall be discharged not more than forty (40) years from the date of issuance of the bonds being refunded.

- (e) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution may be sold at public sale by the solicitation of competitive bids or at private (negotiated) sale without advertisement or solicitation of competitive bids, for a price or prices which may be at, above or below the par value of the refunding bonds, as determined by resolution of the Board of Finance of the Mayor and City Council of Baltimore. If the Board of Finance determines to sell the refunding bonds at public sale, the refunding bonds shall be sold to the highest responsible bidder or bidders therefor after due notice of such sale, but the Mayor and City Council of Baltimore, acting by and through the Board of Finance thereof, shall have the right to reject any or all bids therefor for any reason.
- (f) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution shall bear interest at such rate or rates as may be determined by the Board of Finance of the Mayor and City Council of Baltimore, which rate or rates may be fixed or variable or as determined by a method approved by the Board of Finance, and such interest shall be payable at such time or times as may be determined by the Board of Finance.
- (g) The proceeds of the sale of any refunding bonds authorized to be issued and sold under the provisions of this Resolution, after the payment of issuance costs relating thereto, shall be set aside by the Mayor and City Council of Baltimore as a separate trust fund to be used solely for the purposes stated in this Section 4.
- (h) Except as otherwise provided in this Section 4, the powers granted in, the limitations and obligations imposed by, and the procedures specified in this Resolution with respect to the issuance of bonds shall be applicable to the issuance of refunding bonds.
- (i) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution shall not be subject to any debt policy limitation that may from time to time be established by the Mayor and City Council of Baltimore.

SECTION 5. AND BE IT FURTHER RESOLVED, That this Resolution, having been presented to and approved by a majority of the members of the General Assembly of Maryland representing Baltimore City, who have acknowledged their approval by affixing their signatures below, no later than February 11, 2016, the 30th day of the regular 2016 session of the Maryland General Assembly, is enacted in accordance with Article XI, Section 7 of the Constitution of Maryland.

RESOLUTION

A RESOLUTION OF THE MEMBERS OF THE GENERAL ASSEMBLY OF MARYLAND REPRESENTING BALTIMORE CITY concerning

BALTIMORE CITY -RECREATION, PARKS AND PUBLIC FACILITIES BOND ISSUE

FOR the purpose of authorizing the Mayor and City Council of Baltimore to create a debt, and to issue and sell its certificates of indebtedness as evidence thereof, Forty-Five proceeds exceeding Million Dollars not (\$45,000,000.00) from the sale of such certificates of indebtedness to be used for the development of the buildings and facilities owned or controlled by the Mayor and City Council of Baltimore and the Enoch Pratt Free Library, the development of public park and recreational land, property, buildings, structures or facilities, and for the acquisition installation of trees for tree planting programs including but not limited to, the acquisition by purchase, lease, condemnation or any other legal means, of land or property, or any rights therein, in the City of Baltimore, and constructing and erecting on said land or property, or on any land or property, new buildings, structures, and auxiliary facilities; and for the renovation, alteration, construction, reconstruction, installation, improvement and repair of existing buildings, structures or facilities, to be or now being used for or in connection with the operations, functions and activities of the Mayor and City Council of Baltimore and the Enoch Pratt Free Library, public parks and recreation and related property, buildings, structures orfacilities; the demolition, relocation, renovation or alteration of land, buildings, streets, highways, alleys, utilities or services, and other structures or improvements, and for the construction, reconstruction, installation, relocation or repair buildings, streets, highways, alleys, utilities or services, and other structures or improvements; for the acquisition and installation of trees for tree planting programs; and for the acquisition and installation of equipment fixtures for any and all facilities authorized to be constructed, erected, altered, reconstructed, renovated, reconstructed, installed or improved by the provisions

any part of such debt to the legal voters of Baltimore City shall provide for the expenditure of the proceeds thereof in accordance with the provisions of the Charter of the Mayor and City Council of Baltimore, and by the municipal agency designated in the annual Ordinances of Estimates of the Mayor and City Council of Baltimore.

- (c) Any bonds authorized to be issued and sold under the provisions of this Resolution may be issued to mature on such dates and in such amounts as the Board of Finance may determine; provided that the entire principal amount represented thereby shall be discharged not more than forty (40) years from the date of their issuance.
- (d) Until all of the interest on and principal of any bonds issued pursuant to the provisions of this Resolution have been paid in full, the Mayor and City Council of Baltimore shall levy and impose an annual tax on each One Hundred Dollars (\$100.00) of assessable property in the City of Baltimore at a rate sufficient to produce revenue to pay all interest on and principal of all bonds theretofore issued and outstanding or authorized to be issued and outstanding, payable in the next succeeding year.
- (e) All premiums resulting from the sale of any of the bonds issued and sold pursuant to the provisions of this Resolution shall be applied as directed by the Board of Finance.
- (f) The debt authorized by the provisions of this Resolution, and the bonds issued and sold pursuant thereto and their transfer, and the principal and interest payable thereon (including any profit made in the sale thereof), shall be and remain exempt from any and all State, county and municipal taxation in the State of Maryland.
- (g) All bonds issued and sold pursuant to the provisions of this Resolution may be sold at public sale by the solicitation of competitive bids or at private (negotiated) sale without advertisement or solicitation of competitive bids, for a price or prices which may be at, above or below par value of the bonds, as determined by resolution of the Board of Finance of the Mayor and City Council of Baltimore.
- SECTION 2. AND BE IT FURTHER RESOLVED, That the Mayor and City Council of Baltimore be and it is hereby authorized, in the

ordinance or ordinances to be submitted to the legal voters of Baltimore City, from time to time, (i) to determine and set forth any or all of the following or (ii) to empower a majority of the Board of Finance of said municipality to pass a resolution or resolutions, from time to time, to determine and set forth, any or all of the following:

- (a) The amount of the total debt, authorized by this Resolution and the ordinance submitted to the legal voters of Baltimore City, which shall be issued at any particular time;
- (b) The form or forms of the bonds representing the debt, or any part thereof, so authorized to be issued at any particular time;
- (c) The denomination or denominations of the bonds to be issued at any particular time and the place or places for the payment of principal and interest thereof to be determined by the Board of Finance;
- (d) The rate or rates of interest to be paid in connection with the bonds to be issued at any particular time, which rate or rates may be fixed or variable or as determined by a method approved by the Board of Finance, and such interest shall be payable at such time or times as may be determined by the Board of Finance;
- (e) Subject to the limitations set forth in Section 1 of the Resolution, the date of the bonds issued at any particular time and the maturity dates of said bonds, including the right of redemption by the City prior to maturity;
- (f) If the bonds are to be sold at public sale, the time, place, manner and medium of advertisement of the readiness of the Board of Finance to receive bids for the purchase of the bonds authorized to be issued hereunder, or any part thereof; the form, terms and conditions of such bids; the time, place and manner of awarding bonds so bid for, including the right whenever any of the bonds authorized by this Resolution are offered for sale and sold at the same time as other bonds of the City, to establish the conditions for bids and awards and to award all of said bonds on an all or none basis, and the time, place, terms and manner of settlement for the bonds so bid for; provided, however, that notwithstanding anything in this section, the Mayor and City Council of Baltimore, or the Board of Finance,

as the case may be, shall have the right to reject any or all bids therefor for any reason.

The ordinance to be submitted to the legal voters of Baltimore City, or the resolution of the Board of Finance authorizing the issuance of the bonds, or any portion thereof, as the case may be, shall set forth in detail the dates when any of the bonds are to mature and the amount to mature upon such dates.

SECTION 3. AND BE IT FURTHER RESOLVED, That the actual cash proceeds derived from the sale of the bonds authorized to be issued under the provisions of this Resolution shall be used exclusively for the following purposes:

(a) So much thereof as may be necessary for the cost of issuance, including the expense of engraving, printing, advertising, attorneys, fees, and all other incidental expenses connected therewith (which may include the proportion of the compensation of employees and general administrative expenses of the Department of Finance reasonably allocated to the issuance of the bonds); and

(b) for the development of the buildings owned or controlled by the Mayor and City Council of Baltimore, the Enoch Pratt Free Library, public park and recreational land, property, buildings, structures or facilities; for the acquisition and installation of trees for tree planting programs, including but not limited to, the acquisition by purchase, lease, condemnation or any other legal means, of land or property, or any rights therein, in the City of Baltimore, and constructing and erecting on said land or property, or on any land or property, new buildings, structures, and auxiliary facilities; and for the alteration, construction, reconstruction, renovation, installation, improvement and repair of existing buildings, structures or facilities, to be or now being used for or in connection with the operations, functions and activities of the Mayor and City Council of Baltimore and the Enoch Pratt Free Library, public parks and recreation and related land, buildings, structures or facilities; the demolition, removal, relocation, renovation or alteration of land, buildings, streets, highways, alleys, utilities orservices, and other structures for the construction, reconstruction, improvements, and relocation or repair of buildings, installation, highways, alleys, utilities or services, and other structures or improvements;

(c) for the acquisition of trees or tree planting and for equipment and fixtures for any facilities authorized to be constructed, erected, altered, reconstructed, renovated, reconstructed, installed or improved by the provisions hereof; the payment of any and all costs and expenses incurred for or in connection with doing any or all of the things herein mentioned, including but not limited to, the and expenses of securing administrative, appraisal, costs economic analysis, engineering, planning, designing, architectural, surveying and other professional services; and for doing any and all things necessary, proper or expedient in connection with or pertaining to any or all of the matters or things hereinbefore mentioned.

SECTION 4. AND BE IT FURTHER RESOLVED, That:

- The Mayor and City Council of Baltimore, acting by and through the Board of Finance thereof, is hereby authorized and empowered to issue its bonds for the purpose of refunding any bonds authorized to be issued under the provisions of this Resolution by payment at maturity or the purchase or redemption of bonds in advance of maturity. The validity of any refunding bonds shall in no way be dependent upon or related to the validity or invalidity of the bonds being refunded. Such refunding bonds may be issued by the Mayor and City Council of Baltimore, acting by and through the Board of Finance thereof, for the purpose of providing it with funds to pay any of its outstanding bonds authorized to be issued under the provisions of this Resolution at maturity, to purchase in the open market any of its outstanding bonds authorized to be issued under the provisions of this Resolution prior to their maturity, to redeem prior to their maturity any outstanding bonds which are, by their terms, redeemable, to pay interest on any outstanding bonds prior to their payment at maturity or purchase or redemption in advance of maturity, or to pay any redemption or purchase premium in connection with the refunding of any of its outstanding bonds authorized to be issued under the provisions of this Resolution.
- (b) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution may be issued for the public purpose of:
- (1) Realizing savings to Baltimore City in the aggregate cost of debt service on either a direct comparison or present value basis; or

(2) Debt restructuring that:

(i) In the aggregate effects such a reduction in the cost of debt service; or

(ii) Is determined by the Board of Finance of the Mayor and City Council of Baltimore to be in the best interests of Baltimore City, to be consistent with Baltimore City's long-term financial plan, and to realize a financial objective of Baltimore City, including improving the relationship of debt service to a source of payment such as taxes, assessments, or other charges.

- (c) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution may be issued in whatever principal amount shall be required to achieve the purpose for the issuance of the refunding bonds, which amount may be in excess of the principal amount of the bonds refunded or the maximum principal amount of bonds authorized to be issued under subsection (a) of Section 1 of this Resolution.
- (d) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution may be issued to mature on such dates and in such amounts as the Board of Finance may determine; provided that the entire principal amount represented by the refunding bonds shall be discharged not more than forty (40) years from the date of issuance of the bonds being refunded.
- Any refunding bonds authorized to be issued (e) and sold under the provisions of this Resolution may be sold at public sale by the solicitation of competitive bids or at private without advertisement or solicitation of (negotiated) sale competitive bids, for a price or prices which may be at, above or below the par value of the refunding bonds, as determined by resolution of the Board of Finance of the Mayor and City Council of Baltimore. If the Board of Finance determines to sell the refunding bonds at public sale, the refunding bonds shall be sold to the highest responsible bidder or bidders therefor after due notice of such sale, but the Mayor and City Council of Baltimore, acting by and through the Board of Finance thereof, shall have the right to reject any or all bids therefor for any reason.
 - (f) Any refunding bonds authorized to be issued

and sold under the provisions of this Resolution shall bear interest at such rate or rates as may be determined by the Board of Finance of the Mayor and City Council of Baltimore, which rate or rates may be fixed or variable or as determined by a method approved by the Board of Finance, and such interest shall be payable at such time or times as may be determined by the Board of Finance.

- (g) The proceeds of the sale of any refunding bonds authorized to be issued and sold under the provisions of this Resolution, after the payment of issuance costs relating thereto, shall be set aside by the Mayor and City Council of Baltimore as a separate trust fund to be used solely for the purposes stated in this Section 4.
- (h) Except as otherwise provided in this Section 4, the powers granted in, the limitations and obligations imposed by, and the procedures specified in this Resolution with respect to the issuance of bonds shall be applicable to the issuance of refunding bonds.
- (i) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution shall not be subject to any debt policy limitation that may from time to time be established by the Mayor and City Council of Baltimore.

SECTION 5. AND BE IT FURTHER RESOLVED, That this Resolution, having been presented to and approved by a majority of the members of the General Assembly of Maryland representing Baltimore City, no later than February 11, 2016, the 30th day of the regular 2016 session of the Maryland General Assembly, is enacted in accordance with Article XI, Section 7 of the Constitution of Maryland.

2016 State of the State Address

February 3, 2016

Speaker Busch, President Miller, members of the General Assembly, distinguished guests, fellow Marylanders:

A year ago I stood before you, confident in our collective ability to usher in a new era of cooperation and prosperity for Maryland, while mindful of the challenges facing us and the uncertainties that we shared.

In spite of political mindsets that might drive us apart, could we find middle ground?

Could the growing discord between our citizens and their government be repaired?

Would we as elected leaders choose serving the people over serving government?

Yet none of us could have foreseen just how much we would be asked to overcome:

The riots and lawlessness that threatened to tear Baltimore City apart;

For me personally, a life-altering diagnosis requiring me to publicly wage what is normally a very private battle;

And last week a historic winter storm that left a season's worth of snowfall in just two days.

Together, we have been tested.

But in the face of adversity, we were not Democrats or Republicans looking backward. We were Marylanders with our eyes fixed forward, working together for a better tomorrow.

By working together we have put Maryland on a new path, and we are changing Maryland for the better.

I want to extend my sincere thanks to your presiding officers, who have risen up to help us meet the challenges of the past year.

Speaker Busch, our state's longest serving Speaker, is a man who strongly believes in sound policy to achieve good government.

President Miller, the longest serving presiding officer in the nation, has spent a lifetime tirelessly working on behalf of all Marylanders.

Though there are sometimes points of disagreement, at the heart of each of us is a man fiercely proud of this state that we all love. Time and time again over the past year, we have chosen compromise over conflict, and for that I say thank you.

Thanks to every person in this chamber who knows the great potential and promise of this state.

Together we have spent the past year working toward that potential, and because of that I am pleased to report that the state of our state is now strong, and getting stronger every day.

Last year I challenged each of us to put aside partisanship and to work together on behalf of all Marylanders, and together we answered that call.

Because of it, we have made incredible progress, and we have the will and the support of the people solidly behind us.

Our first and most important task was to correct our state's fiscal course, and to get our economy back on track.

For the first time in nine years, working together we adopted a budget that did not include a single tax hike.

Not only did we not raise taxes, together we actually cut them.

In an unprecedented show of bipartisan cooperation, every single legislator in both houses who had previously voted for the Rain Tax mandate, changed their position and voted with us to repeal it — and the people of Maryland thank you.

In this year ahead, let's continue to make progress, and continue to move our state forward.

Marylanders are demanding relief from years of crippling tax and fee hikes. We are already delivering \$600 million back into the pockets of Maryland's taxpayers.

This year, let's work together to help even more struggling Marylanders throughout our state.

Let's find those areas where modest and reasonable tax cuts will have the biggest positive impact on our economy, and which will improve the lives of those who need it most: working families, retirees, and small business owners.

Last year, we introduced tax relief on retirement income for veterans, and with the support of this Assembly, we passed it.

This year, we ask all of you to work with us again, to extend this exact same tax relief to all Maryland's retirees.

For working families, let's deliver on a popular bipartisan issue and accelerate the Earned Income Tax Credit.

Most of the tax increases in recent years are regressive taxes that hit working families and retirees on fixed incomes the hardest.

They deserve and desperately need our help. Let's work together and finally give them that much-needed tax relief.

We have already reduced or eliminated 100 fees all across state government, saving taxpayers \$51 million.

Now, we ask you to join our efforts by reducing or eliminating another dozen fees that are set in statute, to save hardworking Marylanders another \$71 million.

Essential taxes and fees serve a purpose, but they have simply gone too far in recent years – overburdening our hardworking citizens and dampening our prospects for real economic growth.

Thanks to your help, Maryland is now open for business.

Businesses are returning to and expanding in our state once again.

Over the past 12 months, Maryland businesses had their best year in eight years, with some of our most important brands and employers – like Under Armour, McCormick, Northrup Grumman, FedEx, and Amazon – increasing their investment and growing jobs in our state.

Let's build on that progress, and continue to make Maryland a more competitive, and a more business-friendly state.

Let's begin by reducing taxes and making it easier for the smallest of Maryland businesses who have been struggling the most.

And let's renew Maryland's proud history in manufacturing and address chronic unemployment in the hardest-hit parts of our state by instituting the Manufacturing Jobs Initiative – enabling us to eliminate the corporate tax and to waive all state taxes on certain companies who commit to bringing jobs where unemployment is highest – places like Western Maryland, the lower Eastern Shore, and Baltimore City.

This is an innovative, bipartisan concept with a proven track record of success for attracting more businesses and more jobs to the places that desperately need them, and it will benefit the everyday lives of Maryland's working families.

Let's also continue to eliminate needless, burdensome regulations.

Our Regulatory Reform Commission has already been hard at work, conducting a top-to-bottom review of every single regulation in the state.

Let's reach across the aisle, and continue to do everything we can to help our state compete in the region and throughout the nation. Maryland's business community can and will be strong again.

Together, let's usher in a new era of ingenuity and entrepreneurial spirit in Maryland.

We have had several consecutive, robust quarters and an improving state economy over the past year.

In just 12 months, we have added more than 55,000 new jobs – the largest gain in the mid-Atlantic region – and we're adding jobs at one of the fastest rates in the entire country.

By improving our economy, creating jobs, standing up to special interest groups, holding the line on new spending, and belt-tightening all across state government, we have made tremendous progress toward solving our state's fiscal problems.

We have seen a jump in tax revenues, not because we raised taxes, but because we are growing our economy.

Revenues are now \$150 million higher, and we have already eliminated nearly 90% of the \$5.1 billion structural deficit that we were faced with at this time last year.

Fiscal discipline, combined with our improving business climate, means that this year we will achieve \$1.1 billion in the Rainy Day Fund and maintain a \$450 million cash balance.

This is incredible progress, and all of us can be proud of these results. It's easy to see why so many Marylanders are so optimistic about the direction of our state.

But as we look ahead, now is certainly not the time to abandon the fiscally responsible principles, which together we have instituted.

In addition to reining in spending, taxes, tolls and fees, let's rein in how much the state borrows.

Let's work together to reduce mandated spending increases in years when revenues don't keep pace.

This will ensure that future budgets continue to prioritize key expenditures – like education and health care – while also making sure that we have the flexibility to trim excessive cost increases in tough times.

Thanks to your collaboration – we have begun to clean up the problems of yesterday.

Now, let's come together once again to take care of today's challenges, and to provide for a brighter tomorrow.

In this new era of prosperity in Maryland, our economy can and will be strong. Let's continue to work together to make it even stronger.

At the heart of our state is an incredibly hardworking, resolute, and resilient people.

Our most sacred duty as elected leaders is to work tirelessly to improve the quality of life for those we serve.

This past year, we set aside our differences and delivered real results.

On education, we increased spending to historic, record-high levels, adding a total increased investment of \$830 million more in K-12 education.

Last year, I became the first Maryland governor ever to add any money into GCEI in his first year.

This year, we will break our historic record-high investment in public education from last year, and thanks to your help, I have become the first governor in Maryland history to ever fully fund GCEI in his second year.

Most importantly, per-pupil spending is increased in every single jurisdiction across the state.

These investments are important – but as we look to the year ahead, it's clear that more money alone will not close the performance gap we see impacting Maryland's children.

We owe it to them to think more creatively and to find new solutions.

We need to encourage innovative ideas that give parents better alternatives to prepare children for higher education and for the jobs of the future.

Let's set aside political gamesmanship, and work together for the sake of our children.

And as we strive to ensure a brighter future for our children, let us safeguard the natural beauty of our great state for the next generation.

Let 2016 be a year in which we continue to work together to protect our environment.

The Chesapeake Bay is our greatest and most important natural asset, and a national treasure.

Good people in this General Assembly, from both chambers and from both sides of the aisle, had worked for years to try and come up with solutions to the serious problem of phosphorous in the Bay.

Last year, we tackled the problem head-on.

We brought all the stakeholders together – farmers, community leaders, the poultry industry, and environmental groups – and we hammered out a compromise phosphorus management solution that everyone could live with.

It has been called the greatest environmental achievement to clean up the Bay in a generation, and it would not have happened without your help and cooperation.

This year, we are investing \$53 million for the Chesapeake and Atlantic Coastal Bays Trust Fund – the highest level of funding ever, since it was established.

This marks the first time in state history that funding dedicated specifically for restoration of the Chesapeake Bay is not being diverted to the General Fund.

Maryland should be leading the charge in protecting our environment.

Maryland's environment can and should be cleaner and healthier.

Let's continue to work together to make that happen.

And let's also come together in a spirit of bipartisanship, to protect that most fundamental right of every American citizen: the right to free and fair elections.

In Maryland, we have the unfortunate distinction of being the most gerrymandered state in the entire nation.

We created the Redistricting Reform Commission to fight for the nonpartisan drawing of district lines – something nearly all Marylanders are strongly in favor of.

We ask you today to join with us in that fight.

Help us defend that very foundation of American democracy, and set an example for the entire nation by finally making Maryland elections fair elections.

In the past year, we have taken important steps to address another problem that has impaired the quality of life of Marylanders all across our state: heroin and opioid addiction.

Please join me in thanking Lt. Governor Rutherford and the members of the Maryland Heroin and Opioid Emergency Task Force for their countless months of hard work.

Thanks to their efforts, we remain relentlessly focused on finding the best ideas and working toward solutions.

We also look forward to working closely with the General Assembly on the recommendations from the Justice Reinvestment Coordinating Council.

These reforms can help us break the cycle of incarceration, and create an environment of economic opportunity for every Marylander.

We cannot afford to leave anyone behind. Instead, we must commit to recognizing the fundamental human potential of all of our citizens.

As we partner this year to improve the lives of all Marylanders, transportation must also be a top priority.

We are investing an unprecedented \$2 billion into "shovel ready" infrastructure projects to fix every single structurally deficient bridge in the state, and to move us forward on the top-priority road projects in every single jurisdiction in the state.

We are moving forward with a more cost-effective version of the Purple Line, as well as a transformation of the transit system in Baltimore – long-term investments that will be important economic drivers for Maryland.

Moving forward, it should also be a priority to get funding for local roads back to their previous levels. This year, we have allocated an additional \$231 million in Highway User Revenues to local governments.

Our transportation infrastructure can and should be stronger. Working together, let's make this goal a reality.

Finally, our efforts on behalf of the people of this great state must address the challenges facing the city that is at the very heart of Maryland.

The entire country was witness to the events that shook Baltimore last April.

But when those dark days ended, and peace was restored, we knew that the work of healing and revitalizing Baltimore was just beginning.

Over the past few months, we launched school-to-career opportunities for Baltimore youth; improved educational options for college-bound students; invested an additional \$135 million to improve the City's transit system; finally closed down the notorious Baltimore City Jail; began the process of stopping urban blight with a plan to demolish abandoned, decaying buildings throughout the City; and we have been fostering improved economic development strategies, more redevelopment opportunities, and a pro-jobs economic climate.

We understand that some of you in this Chamber also have ideas to help us change Baltimore for the better.

While we do not have an unlimited amount of taxpayer money, we will always have an unlimited capacity to listen to worthwhile ideas and creative solutions that know no party bounds.

As we continue to tackle these problems, government will play an important role. But often the best answers come from those private citizens who take pride in their community. The renewal of Baltimore City, and the continued growth of our entire state, will require an environment of trust and cooperation – one in which the best ideas rise to the top based upon their merit, regardless of which side of the philosophical debate they come from.

As you may know by now, I'm a man who speaks candidly. It's the only way I know how.

Last year when I stood before you, I was very direct about the challenges that were facing us.

It's because I care so much about this state, its people, and our future – just like each and every person in this Chamber does.

This past year has been one of many milestones.

For me, none more extraordinary than when I had the honor of being blessed by Pope Francis on behalf of cancer patients around the world.

He is a holy man, who sets an example of truly selfless service to others.

Pope Francis challenged us to act "without prejudice, without superiority, and without condescension" – traits that can sometimes drag down even the most well-intentioned of us.

But that has not been our path.

This past year, we ushered in a new era of bipartisanship in Maryland.

One filled with hope and optimism.

We did not let the bitter and rancorous politics that divide our nation divide our state – and we put the people we serve first.

Now, our path is set and our eyes are clear.

Let us continue to blaze that new path for Maryland, with the full knowledge that the people of our great state stand strongly behind us.

Let's work together and come up with real, bipartisan, common-sense solutions.

And let's continue to embrace that middle temperament, which truly defines this great state of ours.

There is so much more that unites us, than that which divides us.

There is so much we can find agreement on.

In the days ahead, I extend my hand to you - in cooperation and in devotion to our duty - and I ask each of you, and all Marylanders, to seek that middle ground where we can all stand together.

Because together, we are stronger.

Together, we can continue on this bold new path.

And together, we can and we will change Maryland for the better.

Thank you, God bless you, and may God bless the great state of Maryland.

Further provided that the Governor is hereby authorized to transfer by approved budget amendment from State agencies to the F10 Department of Budget and Management-Office of Personnel Services and Benefits (DBM OPSB), positions and funding related to the Human Resources (HR) Shared Services initiative to be provided by DBM-OPSB in fiscal year 2017."

In line 12, after the word Section, strike "22" and replace with "23", and in line 18, strike "23" and replace with "24".

Adds language that authorizes the Governor to transfer funding and positions from State agencies to DBM for the HR shared services initiative and renumbers the Sections of the budget bill accordingly.

Budget Amendments

A15O00.01 Disparity Grants

Add the following language to the general fund appropriation:

provided that \$1,000,000 of this appropriation made for the purpose of a disparity grant to Baltimore City may not be expended until Baltimore City submits to the Department of Legislative Services the Uniform Financial Report and audit report for fiscal 2014, 2015, and 2016. Funds restricted pending receipt of these reports may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the reports are not submitted to the Department of Legislative Services.

Explanation: The language withholds \$1,000,000 of the disparity grant to Baltimore City until Baltimore City submits the Uniform Financial Report and audit report for fiscal 2014, 2015, and 2016 to the Department of Legislative Services. The fiscal 2014 and 2015 reports are already delinquent while the fiscal 2016 report will be due during fiscal 2017.

Add the following language to the general fund appropriation:

Further provided that \$1,500,000 of this appropriation made for the purpose of a disparity grant to Baltimore City may not be expended until Baltimore City submits a report demonstrating that the funding which Baltimore City received for the Maryland Center for Veterans Education and Training has been provided to the center. The report shall be submitted to the budget committees prior to the disbursement of funds, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the committees.

Explanation: The language requests a report from Baltimore City demonstrating that it has provided the funding which it received for the Maryland Center for Veterans Education and Training (MCVET) to MCVET.

Information Request	Author	Due Date

A15000

Amend the following language:

Further provided that \$10,000,000 \$5,000,000 of this appropriation for Baltimore City may not be distributed as a grant to Baltimore City until the Maryland State Department of Education (MSDE) certifies that Baltimore City has appropriated for fiscal 2017 an additional \$10,000,000 \$5,000,000 for the Baltimore City Public Schools over the fiscal 2016 appropriation. If MSDE does not certify that Baltimore City has appropriated an additional \$10,000,000 \$5,000,000 for the school system, then the funds may not be expended for this purpose or transferred for any other purpose, and shall revert to the General Fund at the end of the fiscal year.

Further provided that \$5,000,000 of this appropriation for Baltimore City may not be distributed as a grant to Baltimore City until Baltimore City and the Baltimore City Public Schools submit a joint report on the potential for cost efficiencies in shared costs and other financial arrangements, including other postemployment benefits, between the city and school system. The report shall be submitted to the budget committees by January 15, 2017, and the budget committees shall have 45 days to review and comment on the report.

Provided that the report is submitted by the due date, Baltimore City must appropriate, in addition to the \$5,000,000 required above, an additional \$5,000,000 for the Baltimore City Public Schools over the fiscal 2016 appropriation. If MSDE does not certify that Baltimore City has appropriated an additional \$5,000,000 for the school system, then \$5,000,000 of this appropriation may not be distributed as a grant to Baltimore City or transferred for any other purpose, and shall revert to the General Fund at the end of the fiscal year. If the report is not submitted by the due date, then \$5,000,000 of this appropriation may not be distributed as a grant to Baltimore City, and authority is hereby granted to transfer \$5,000,000 to R00A02.01 to be provided as a grant to Baltimore City Public Schools. If the funds are not transferred for this purpose, then they may not be expended or transferred for any other purpose and shall revert to the General Fund at the end of the fiscal year.

Explanation: This language restricts \$10 million \$5 million in disparity grant funding for Baltimore City contingent on Baltimore City appropriating for fiscal 2017 an additional \$10 million \$5 million for Baltimore City Public Schools over the fiscal 2016 local appropriation. An additional \$5 million in disparity grant funding is restricted pending submission of a joint report on shared costs by January 15, 2017. If the report is not submitted by the due date, authority is provided to transfer \$5 million of Baltimore City's disparity grant funding to R00A02.01 to be distributed as a grant to Baltimore City Public Schools. If the report is submitted by the due date, then Baltimore City must appropriate an additional \$5 million for Baltimore City Public Schools in order to receive \$5 million in disparity grant funding.

C00A Judiciary

Budget Amendments

Add the following language: •

Provided that 34 positions and \$3,786,876 in general funds are contingent upon the enactment of HB 74 or SB 117.

Explanation: This action makes the funding for these positions contingent upon the enactment of HB 74 or SB 117, which would create the judgeships that the funding and positions are intended to support. Included in the amount is 34 new positions, as well as 4 contractual bailiff full-time equivalents and supply costs.

Add the following language:

Further provided that the general fund appropriation shall be increased by \$322,691 and 3.0 new regular positions shall be created for a new circuit court judge in Baltimore City, a courtroom clerk, and law clerk, contingent upon enactment of HB 74 or SB 117. The Chief Judge shall allocate this increase and new positions across the Judicial Branch.

Explanation: This action increases the Judiciary's appropriation and provides additional regular positions to support a circuit court judgeship in Baltimore City that is created in HB 74 and SB 117, but was not included in the Judiciary's budget allowance. The action is contingent upon enactment of HB 74 or SB 117.

Amend the following language:

<u>Further provided that \$650,000 \$5,632,929 in general funds is eliminated and that turnover for employees is increased to 4.23% 6.0%.</u>

Explanation: This language increases the employee turnover rate to 4.23% 6.0% and thereby reduces the general fund appropriation by \$650,000 \$5,632,929 to reflect that increased turnover expectancy.

C00A

JUDICIARY

C00A00.04 District Court

Amend the following language:

, provided that \$10,000,000 of the general fund appropriation may be expended only for the purpose of providing attorneys for required representation at initial appearances before District Court commissioners consistent with the holding of the Court of Appeals in DeWolfe v. Richmond. Any funds not expended for this purpose shall revert to the General Fund. Further provided that the Chief Judge is authorized to process a budget amendment to transfer up to \$10,000,000 in general funds to the appropriate unit of State government upon the enactment of legislation designating that unit of government to assume responsibility for providing attorneys for required representation at initial appearances before District Court commissioners.

Further provided that, contingent upon enactment of SB 1134 obligating counties to pay the cost of this representation in excess of the amount restricted for this purpose in the State budget, any State funds to provide attorneys for required representation at initial appearances before District Court commissioners shall be distributed on the basis of the calendar 2015 distribution of initial appearances within each county. If the allotment for a specific county is expended before the end of the fiscal year, then any further costs shall be addressed first by reallocating any unspent amounts remaining from other county allotments at the end of the fiscal year, and any final unresolved amounts to be paid by that county.

Explanation: This language restricts the use of \$10 million of the Judiciary's general fund appropriation for the implementation of Richmond and authorizes the Chief Judge to transfer these funds, by budget amendment, to another agency if legislation provides an alternative to the Appointed Attorney Program. This language also directs the Judiciary to allocate the restricted funds by county based on the shares of calendar 2015 appearances contingent upon the passage of SB 1134 that obligates the counties to pay any costs for the program in excess of the restricted amount.

C00A

Amend the following language:

Further provided that \$340,000 of this appropriation made for operating expenditures is eliminated. The Chief Judge shall allocate the reduction across the District Court program.

Further provided that \$1,040,000 of this appropriation made for operating expenditures is eliminated. This reduction shall be allocated among the subdivisions according to the following Comptroller objects:

<u>0301 – Postage</u>	<u>\$150,000</u>
<u>0302 – Telephone</u>	<u>25,000</u>
<u>0804 – Printing and Reproduction</u>	<u>25,000</u>
0809 – Equipment Repair and Maintenance	<u>40,000</u>
0812 - Building/Road Repairs and Maintenance	<i>575,000</i>
<u>0902 – Office Supplies</u>	<u>165,000</u>
<u> 1115 – Office Equipment</u>	<u>60,000</u>

Explanation: This action reduces the District Court's fiscal 2017 general fund appropriation for operating expenditures. An 8% inflation rate over fiscal 2015 actual expenditures was applied to operating expenditures in this program. This action applies a 2% per year inflation rate to those objects and authorizes the Judiciary discretion to allocate the reduction within the program.

Explanation: This action reduces the Judiciary's fiscal 2017 budget for operating expenditures for the Clerks of the Circuit Court program. An 8% inflation rate over fiscal 2015 actual expenditures was applied to operating expenditures in this program. This action applies a 2% per year inflation rate to those objects and provides the Judiciary discretion to allocate the reduction within the program.

MARYLAND ENERGY ADMINISTRATION

D13A13.01 General Administration

Add the following language to the special fund appropriation:

, provided that \$100,000 of this appropriation made for the purpose of General Administration may not be expended until the Maryland Energy Administration submits program-specific performance measures in the fiscal 2018 Managing for Results (MFR) submission. The budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of the program-specific performance measures may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled if the measures are not included in the MFR submission.

Explanation: Committee narrative in the 2015 Joint Chairmen's Report requested that the Maryland Energy Administration (MEA) begin including program-specific performance measures in its fiscal 2017 MFR submission. MEA did not include these measures in the fiscal 2017 MFR submission. This language restricts funds in the agency until these measures are submitted in the fiscal 2018 submission.

Amend the following language:

Further provided that, contingent on the enactment of HB 705 or SB 726, \$2,300,000 \$3,300,000 of this appropriation made for the purpose of General Administration may not be expended for that purpose but instead may be used only for a grant to the Maryland Clean Energy Center for operating support and assistance. If either HB 705 or SB 726 are enacted, funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled. If both HB 705 and SB 726 fail, the restricted funds may be used by the Maryland Energy Administration for General Administration.

D13A13

Explanation: This language provides the fiscal 2017 amount of the an operational grant included in HB 705 and SB 726 for the Maryland Clean Energy Center contingent on the enactment of legislation (HB 705 and SB 726). The increased operational grant reflects an anticipated redistribution of a fiscal 2016 grant from the legislation. The legislation expresses intent that the funds be provided through unappropriated balances of the Strategic Energy Investment Fund (SEIF). The Maryland Energy Administration (MEA) could replace this funding with available SEIF administrative account fund balance, which would have the effect of fulfilling the legislative intent. The language also explains that MEA is able to use the funds if both HB 705 and SB 726 fail.

Positions

1. Increase turnover expectancy to 15.0% to better reflect recent experience. The fiscal 2017 allowance of the Maryland Energy Administration (MEA) includes a turnover expectancy of 5.0%. As of January 1, 2016, the MEA vacancy rate was 46.9%, or 15.0 positions. After accounting for 2.0 positions abolished in the fiscal 2017 allowance, the MEA vacancy rate would be 43.3%. A turnover expectancy of 15.0% would require 4.5 positions to be vacant.

2. Delete funds from the Environmental Trust Fund (ETF). Under Section 3-302 of the Natural Resources Article, the Maryland Energy Administration (MEA) receives funds from the ETF up to \$250,000 per year. The fiscal 2017 allowance includes these funds both in the budget of MEA and the Department of Natural Resources. These funds should not be budgeted as special funds in both agencies. In addition, legislation proposed by Governor Lawrence J. Hogan, Jr. (SB 389 and HB 459) removes the statutory authorization for MEA to receive these funds.

Managing for Results Performance Measure Objectives: The Governor's Office of Crime Control and Prevention (GOCCP) reports measurable data for its administrative functions in its Managing for Results (MFR) performance measures; however, the objectives lack clearly stated targets for evaluating whether the objective has been sufficiently met. The budget committees, therefore, request that GOCCP modify its future MFR submission, beginning in fiscal 2018, to include specific goals, such as an appropriate grant-to-monitor ratio or the ideal percent of grants closed in above average status. In developing the goals, GOCCP should research whether there are national benchmarks or norms for other state grant administering agencies to emulate.

Funding for Crime Victim Services: The Governor's Office of Crime Control and Prevention (GOCCP) is receiving a substantial increase in Victim of Crime Act (VOCA) grant funding in fiscal 2017. GOCCP has hired an independent consultant to conduct a needs assessment of crime victim services to help determine how grant awards should be allocated. Ensuring the appropriate level of services is provided to victims of crime is of great importance to the budget committees. As such, GOCCP should submit a copy of the needs assessment findings to the budget committees no later than September 1, 2016. In addition, the agency should submit a follow-up report no later than December 15, 2016, providing information on how VOCA funded grant awards address the needs identified in the independent consultant's report.

Add the following language:

Provided that funds appropriated for Program D15A05.24 Contract Appeals Resolution may be expended only for that purpose. No funds appropriated to this unit may be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund or be canceled.

Explanation: This language restricts funds provided to the Contract Appeals Resolution program within the Executive Department – Boards, Commissions, and Offices to only that unit. According to the State Finance and Procurement Article Section 15-206, the Appeals Board is an independent unit of the Executive Branch of the State government and, except by statute, may not be made part of another unit of the State government. In the fiscal 2017 allowance, the appropriation for this unit was moved under D15A05. This language restricts funding in order to ensure the independence of this unit.

Out-of-home Placements: To facilitate evaluation of Maryland's family preservation programs in stemming the flow of children from their homes, the Governor's Office for Children (GOC), on behalf of the Children's Cabinet, is requested to prepare and submit to the budget committees a report on out-of-home placements containing data on the total number of out-of-home placements and entries by jurisdiction over the previous three years and similar data on out-of-state placements. The report should also provide information on the costs associated with out-of-home placements, the reasons for new placements, and an evaluation of data derived from the application of the Maryland Family Risk Assessment. Data should also be collected concerning indicated findings of child abuse and neglect occurring while families are receiving family preservation services or within one year of case closure. Explanation: HB 186 creates the Bed Lease Special Fund. Appropriations from the fund are contingent upon the enactment of legislation establishing the fund.

Committee Narrative

Managing For Results Submission: In the annual Managing for Results (MFR) submissions, the Department of Veterans Affairs (MDVA) reports measures that compare the Charlotte Hall Veterans Home (CHVH) to the State average for nursing homes. There is some concern that the measures reported are not sufficient for a comparison of CHVH's performance. MDVA should consider additional measures in future MFR submissions. In considering new measures, MDVA should use available research for nursing home quality indicators as well as what measures are reported at nursing homes throughout the State.

Committee Narrative

Full and Complete Personnel Plan: The committees are concerned that this is the third consecutive year in which unspecified reductions in positions are made in the budget bill as introduced. This impedes transparency for citizens, legislators, and agency heads trying to determine the adequacy of each agency's personnel complement. In fiscal 2015, there was the Voluntary Separation Program, and fiscal 2016 included a 2% across-the-board reduction that abolished 278 positions. It is the intent of the committees that in the fiscal 2018 budget bill, the Administration should include a full and complete accounting of positions and that the Administration refrain from abolishing unspecified positions through across-the-board sections in the budget bill.

Revised Wellness Program: It is the intent of the budget committees that the Department of Budget and Management (DBM) submit a report to the committees by January 1, 2017, on the revised wellness program. The report should include the following information:

- revised program plan information, including requirements and surcharges;
- estimated costs and savings of the program for calendar 2016 and 2017;
- total cost of waived copays for individuals who completed requirements during calendar 2015 and the first nine months of calendar 2016;
- number of individuals who completed requirements by September 30, 2016;
- number of individuals identified for the disease management program by September 30, 2016; and
- a more detailed estimate of revenue lost due to waived surcharges in calendar 2016.

Hiring Freeze Policy Report: The committees are concerned that the State has been operating under varying degrees of a hiring freeze since 2004. Freezing substantial numbers of positions limits agencies, adds more time to recruit and fill vacant positions, and thus makes it more difficult to meet their responsibilities. During the Great Recession, the State had a structural deficit that exceeded \$2 billion. These were difficult years, and cost containment was a priority. Fiscal 2016 and 2017 have a structural surplus. It is no longer necessary to aggressively contain agencies operations to limit spending. The Department of Budget and Management (DBM) should submits a report to the committees on statewide hiring freeze policies. The report should discuss hiring freeze procedures, positions subject to the freeze, the rationale for maintaining the freeze during favorable economic times, and how long it takes to process vacant positions subject to the freeze. DBM should also develop managing for results indicators that measure how long it takes to process positions subject to the hiring freeze. The report should be submitted by September 2, 2016.

Employee and Retiree Health Insurance Account Closeout Report: As part of the baseline budget estimate of State expenditures for the Spending Affordability Committee, the Department of Legislative Services prepares an estimate of spending in the Employee and Retiree Health Insurance Account. So that the best and most recent data is available, DBM should prepare a fiscal 2016 close report. This report should include the (1) closing fiscal 2016 fund balance; (2) actual provider payments due in the fiscal year; (3) State employee and retiree contributions; (4) an accounting of rebates, recoveries, and other costs; and (5) any closeout transactions processed after the fiscal year ended. The report should be submitted to the committees by October 1, 2016.

Human Resources Shared Services Report: DBM is proposing a human resources (HR) shared services initiative. By fiscal 2017, DBM will be providing all HR services for approximately 1,000 employees in 17 agencies. The department should provide a status report on the progress made. The report should discuss which agencies are supported by DBM, the cost to DBM for supporting these agencies, costs saved or avoided, and how the quality of the support provided by DBM will be measured. This report should be submitted to the committees by January 1 2017.

Innovative Idea Awards Program: Section 10-203 of the State Personnel and Pensions Article creates an Innovative Idea Awards Program. The program provides cash rewards to employees whose ideas, if implemented, increase revenues, save money, or improve services delivered to the public. The program has not made any awards since 1998. The committees support the goals of the program and ask for a report on the future of the program under the current administration. The report should include how many awards have been made to date, how much has been awarded to date, savings generated from ideas, and the current composition of the panel. The report should be submitted to the committees by November 1, 2016.

Leap Year Pay: The budget committees are concerned that during a Leap Year, the pay of State Employees is reduced by one day. This is due to the fact that State employees are provided an annual salary in the budget. The committees direct the Department of Budget and Management to prepare a report on the alternatives to this pay cut for consideration that would prevent this pay cut in future leap years.

Prescription Drug Spending in the State Employee and Retiree Health Plans: The committees are interested in additional information on prescription drug expenditures in the State Employee and Retiree Health Plans to determine if the State could be yielding additional savings. The budget committees request the Department of Budget and Management (DBM) to submit a report discussing how the department evaluates pricing to be paid to the Pharmacy Benefits Manager for accuracy and value; how the department determines if the level of pharmacy rebates is as large as could be obtained; and if other states manage their prescription drug plans in ways that could yield additional savings and/or lower costs.

Maryland State Archives Funding: The Maryland State Archives (MSA) has in recent years received approximately \$5.0 million in special funds from the Land Records Improvement Fund housed in the Judiciary. Funding is intended to offset costs to MSA for preservation of, and public access to, land records. In recent years, there has been a dispute between MSA and the Judiciary about the appropriate level of funding that the Judiciary should provide. It is the intent of the budget committees that the Department of Budget and Management provide general funds for the operation of MSA to replace funds currently received from the Land Records Improvement Fund. Additional general fund support to replace funding from the Land Records Improvement Fund should occur incrementally as follows: \$3.0 million in fiscal 2018, \$4.0 million in fiscal 2019, and \$4.5 million in fiscal 2020 and thereafter.

Add the following language to the general fund appropriation:

, provided that \$500,000 of this appropriation made for the purpose of funding the State Chief of Information Technology may not be expended until the Department of Information Technology (DoIT) submits a report to the budget committees on its efforts to consolidate information technology services. The report should discuss which agencies are supported by DoIT, the cost to DoIT for supporting these agencies, costs saved or avoided, and how the quality of the support provided by DoIT will be measured. The report shall be submitted by January 1, 2017, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: The Administration is increasing the number of State agencies whose information technology (IT) services are supported by DoIT. The number of employees supported by DoIT is expected to increase from approximately 1,300 in fiscal 2015 to 10,900 in fiscal 2017. Eventually, 45,600 positions will be supported by DoIT. The department should provide a status report on the progress made. The report should discuss which agencies are supported by DoIT, the cost to DoIT for supporting these agencies, costs saved or avoided, and how the quality of the support provided by DoIT will be measured. Add the following language to the general fund appropriation:

Further provided that \$500,000 of this appropriation made for the purpose of the statewide Critical Maintenance Program may not be expended for that purpose but instead may be used only to establish a facilities conditions assessment program within the Office of Facilities Planning, Design and Construction. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund. Further provided it is the intent of the General Assembly that the Governor shall create an additional 7 new positions in the Office of Facilities Planning, Design and Construction through the Board of Public Works with these restricted funds.

Explanation: Inadequate self-assessments of facilities lead to poor maintenance of the State's assets. Eventually, the poor maintenance and deferment lead to an increase in emergency project requests, thereby increasing the State's facility maintenance cost.

Budget Amendments

Add the following language:

Provided that it is the intent of the General Assembly that projects and funding levels appropriated for capital projects, as well as total estimated project costs within the Consolidated Transportation Program, shall be expended in accordance with the plan approved during the legislative session. The department shall prepare a report to notify the budget committees of the proposed changes in the event that the department modifies the program to:

- add a new project to the construction program or development and evaluation program meeting the definition of a "major project" under Section 2-103.1 of the Transportation Article that was not previously contained within a plan reviewed in a prior year by the General Assembly and will result in the need to expend funds in the current budget year; or
- change the scope of a project in the construction program or development and evaluation program meeting the definition of a "major project" under Section 2-103.1 of the Transportation Article that will result in an increase of more than 10% or \$1,000,000, whichever is greater, in the total project costs as reviewed by the General Assembly during a prior session.

For each change, the report shall identify the project title, justification for adding the new project or modifying the scope of the existing project, current year funding levels, and the total project cost as approved by the General Assembly during the prior session compared with the proposed current year funding and total project cost estimate resulting from the project addition or change in scope.

Further provided that notification of project additions, as outlined in paragraph (1) above; changes in the scope of a project, as outlined in paragraph (2) above; or moving projects from the development and evaluation program to the construction program, shall be made to the General Assembly 45 days prior to the expenditure of funds or the submission of any contract for approval to the Board of Public Works.

Explanation: This annual budget bill language requires the department to notify the budget committees of proposed changes to the transportation capital program that will add a new project that was not in the fiscal 2016 through 2021 Consolidated Transportation Program (CTP) or will increase a total project's cost by more than 10%, or \$1 million, due to a change in scope. Reports are to be submitted with the draft and final versions of the CTP, with each using the 2016 session CTP as the basis for comparison. In addition, notification is required as needed throughout the budget year, if certain changes to projects are made.

Add the following language:

The Maryland Department of Transportation (MDOT) may not expend funds on any job or position of employment approved in this budget in excess of 9,258.5 positions and 40.7 contractual full-time equivalent (FTE) positions paid through special payments payroll (defined as the quotient of the sum of the hours worked by all such employees in the fiscal year divided by 2,080 hours) of the total authorized amount established in the budget for MDOT at any one time during fiscal 2017. The level of contractual FTE positions may be exceeded only if MDOT notifies the budget committees of the need and justification for additional contractual personnel due to:

- (1) <u>business growth at the Helen Delich Bentley Port of Baltimore or Baltimore/Washington International Thurgood Marshall Airport, which demands additional personnel; or</u>
- (2) emergency needs that must be met, such as transit security or highway maintenance.

The Secretary shall use the authority under Sections 2-101 and 2-102 of the Transportation Article to implement this provision. However, any authorized job or position to be filled above the regular position ceiling approved by the Board of Public Works shall count against the Rule of 100 imposed by the General Assembly. The establishment of new jobs or positions of employment not authorized in the fiscal 2017 budget shall be subject to Section 7-236 of the State Finance and Procurement Article and the Rule of 100.

Explanation: This annual budget bill language establishes a position ceiling for MDOT each year to limit growth in regular positions and contractual FTEs.

Committee Narrative

Transportation Trust Fund Forecast Assumptions: The committees are concerned that the 2.99% average annual increase in departmental operating expenses that the Maryland Department of Transportation (MDOT) used in its fiscal 2016 through 2021 Transportation Trust Fund (TTF) forecast understates the amount of operating expenses likely to be incurred over the forecast period and, as a consequent, leads to an overestimate of the level of funding that will be available during the forecast period to support the capital program. The committees note that in past 24 years that the 5-year average annual increase in departmental operating expenses has only dipped three times below 3.0% and those instances covered the years of the Great Recession. It is therefore the intent of the committees that the out-year estimates of departmental operating expenses that MDOT incorporates in TTF forecasts be inflated, at a minimum, by a rate equal to the 5-year average annual increase in operating expenses experienced during the period ending with the most recently completed fiscal year.

J00A01.02 Operating Grants-In-Aid

Add the following language to the special fund appropriation:

, provided that no more than \$3,989,395 of this appropriation may be expended for operating grants-in-aid, except for:

- (1) any additional special funds necessary to match unanticipated federal fund attainments; or
- (2) any proposed increase either to provide funds for a new grantee or to expand funds for an existing grantee.

Further provided that no expenditures in excess of \$3,989,395 may occur unless the department provides notification to the budget committees to justify the need for additional expenditures due to either item (1) or (2) above, and the committees provide review and comment or 45 days elapse from the date such notification is provided to the committees.

Explanation: This annual language caps the level of special funds provided for operating grants-in-aid. The cap may be increased to match unanticipated federal dollars or to provide new or expanded grant funding upon notification to the budget committees.

Further provided that no funds may be expended by the Secretary's Office for any system preservation or minor project with a total project cost in excess of \$500,000 that is not currently included in the fiscal 2016-2021 Consolidated Transportation Program except as outlined below:

J00A01

- (1) the Secretary shall notify the budget committees of any proposed system preservation or minor project with a total project cost in excess of \$500,000, including the need and justification for the project, and its total cost; and
- (2) the budget committees shall have 45 days to review and comment on the proposed system preservation or minor project.

Explanation: This language provides legislative oversight of grants exceeding \$500,000 that are not listed in the current Consolidated Transportation Program.

Amend the following language:

Further provided that \$53,593,537 of this appropriation made for the purpose of providing transportation grants to local governments may not be expended for that purpose but instead is authorized to be transferred by budget amendment to the operating program of the State Highway Administration Program J00B01.05 County and Municipality Funds to be distributed as a portion of the local share of Highway User Revenues. This authorization to transfer funds is contingent upon the enactment of legislation increasing the local share of Highway User Revenues. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled.

Further provided that, contingent upon the enactment of legislation increasing the local share of Highway User Revenues, \$53,593,537 of this appropriation made for the purpose of providing transportation grants to local governments may only be transferred by budget amendment to the operating program of the State Highway Administration Program J00B01.05 County and Municipality Funds to be distributed as a portion of the local share of Highway User Revenues.

Explanation: This language prohibits funds included for capital transportation grants to local governments from being expended for that purpose but authorizes the transfer to the State Highway Administration to be distributed to local governments contingent upon the enactment of legislation increasing the local share of Highway User Revenues. Enactment of legislation ensures that the policy issues related to local aid are considered by the General Assembly.

Contingent upon the enactment of legislation increasing the local share of Highway User Revenues, funding for capital transportation grants to local governments is transferred to the State Highway Administration to be distributed to local governments through the Highway User Revenue formula. If legislation increasing the local share of Highway User Revenues is not enacted, the funding will remain to be distributed as capital grants.

Coordinated Alternative to Paratransit Service Pilot Project Evaluation: The Maryland Department of Transportation (MDOT), in coordination with the Washington Metropolitan Area Transit Authority (WMATA) and various human service providers, has implemented a pilot project to test alternative service delivery models for customers of the WMATA MetroAccess paratransit services. The hope is that alternative transportation services can be provided at a lower cost for certain MetroAccess subset populations. The budget committees request that MDOT report the results of its evaluation of the pilot program including the service improvements realized and potential cost savings achieved. The report should also include a discussion of the broader paratransit policy challenges and what role, if any, a future alternative service could play in addressing the growth projections for MetroAccess services.

Budget Amendments

Add the following language:

Consolidated Transportation Bonds may be issued in any amount provided that the aggregate outstanding and unpaid balance of these bonds and bonds of prior issues may not exceed \$2,773,900,000 as of June 30, 2017. Further provided that the amount paid for debt service shall be reduced by any proceeds generated from net bond sale premiums, provided that those revenues are recognized by the department and reflected in the Transportation Trust Fund forecast. Further provided that the appropriation for debt service shall be reduced by any proceeds generated from net bond sale premiums. To achieve this reduction, the Maryland Department of Transportation (MDOT) may either use the proceeds from the net premium to reduce the size of the bond issuance and/or apply the proceeds from the net premium to eligible debt service.

Explanation: Section 3-202 of the Transportation Article requires the General Assembly to establish the maximum debt outstanding each year in the budget bill. The level will be based on outstanding debt as of June 30, 2016, plus projected debt issued during fiscal 2017 in support of the transportation capital program.

Add the following language:

MDOT shall submit with its annual September and January financial forecasts information on:

- (1) anticipated and actual nontraditional debt outstanding as of June 30 of each year; and
- (2) anticipated and actual debt service payments for each outstanding nontraditional debt issuance from fiscal 2016 through 2026.

Nontraditional debt is defined as any debt instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond; such debt includes, but is not limited to, Certificates of Participation, debt backed by customer facility charges, passenger facility charges, or other revenues, and debt issued by the Maryland Economic Development Corporation or any other third party on behalf of MDOT.

Explanation: The General Assembly is interested in monitoring the use of nontraditional debt by MDOT. The information requested provides the budget committees with additional information on the usage and annual costs of nontraditional debt.

Add the following language:

The total aggregate outstanding and unpaid principal balance of nontraditional debt, defined as any debt instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond issued by MDOT, may not exceed \$609,630,000 as of June 30, 2017. Provided, however, that in addition to the limit established under this provision, MDOT may increase the aggregate outstanding unpaid and principal balance of nontraditional debt so long as:

- MDOT provides notice to the Senate Budget and Taxation Committee and the House Appropriations Committee stating the specific reason for the additional issuance and providing specific information regarding the proposed issuance, including information specifying the total amount of nontraditional debt that would be outstanding on June 30, 2017, and the total amount by which the fiscal 2017 debt service payment for all nontraditional debt would increase following the additional issuance; and
- the Senate Budget and Taxation Committee and the House Appropriations Committee have 45 days to review and comment on the proposed additional issuance before the publication of a preliminary official statement. The Senate Budget and Taxation Committee and the House Appropriations Committee may hold a public hearing to discuss the proposed increase and shall signal their intent to hold a hearing within 45 days of receiving notice from MDOT.

Explanation: This language limits the amount of nontraditional debt outstanding at the end of fiscal 2017 to the total amount that is projected to be outstanding from all previous nontraditional debt issuances as of June 30, 2016. The language allows MDOT to increase the amount of nontraditional debt outstanding in fiscal 2017 by providing notification to the budget committees regarding the reason that the additional issuances are required. Any plan to issue debt for the State Center Project would require notification under this language.

DEBT SERVICE REQUIREMENTS

J00A04.01 Debt Service Requirements

Consolidated Transportation Bond Debt Affordability Criteria: The committees are concerned about the increasing share of Transportation Trust Fund (TTF) revenues being consumed by debt service payments on Consolidated Transportation Bond (CTB) debt. By fiscal 2021, the end of the current TTF forecast period, debt service is projected to require almost 11.0% of net TTF revenues. Furthermore, in fiscal 2021, the TTF forecast anticipates that debt service will equal an amount equivalent to over 90.0% of projected bond issuances. Given that CTB debt is part of total State tax-supported debt and total State tax-supported debt is approaching the State's affordability limits, it is desirable that CTB-specific affordability criteria be developed. The committees therefore request that the Maryland Department of Transportation (MDOT) work with the Capital Debt Affordability Committee (CDAC) to develop affordability criteria that may be used to ensure CTB debt remains affordable vis-à-vis TTF resources. MDOT should submit a report to the committees detailing the recommended affordability criteria developed through this effort by December 1, 2016.

Budget Amendments

Add the following language:

It is the intent of the General Assembly that the funding for transportation-related Watershed Implementation Plan projects mandated by Section 8-613.3 of the Transportation Article be provided through appropriation from the Transportation Trust Fund.

Explanation: The intent behind the funding mandate established through passage of the Transportation Infrastructure Investment Act of 2013 (Chapter 429) was to reduce the burden on the Transportation Trust Fund (TTF) of complying with the Environmental Protection Agency's Chesapeake Bay Total Maximum Daily Load (TMDL) requirements by the year 2025. This was done by providing a portion of the funding for State Highway Administration TMDL projects from either the General Fund or from general obligation bond proceeds at a time when the TTF was expected to fund a large expansion in the transportation capital program including two major light rail transit projects. Since the mandate was established, one of the light rail transit projects has been canceled and the Administration has indicated its desire that TMDL funding be the responsibility of the TTF. This language indicates that the General Assembly concurs with that statutory interpretation.

J00B01.01 State System Construction and Equipment

Add the following language to the special fund appropriation:

, provided that \$2,000,000 of this appropriation made for the purpose of constructing Safety. Congestion Relief and Community Enhancements projects may not be expended for that purpose but instead may be used only to provide grants to counties to construct sound barriers. The funds shall be allocated to each county based on the number of county road miles in each county as a percent of total county road miles in all counties. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled.

Explanation: Many communities are significantly impacted by traffic noise yet do not meet the eligibility criteria under the State Highway Administration sound barrier program. These funds will help counties provide relief to these communities.

Amendment No.

Add the following language to the special fund appropriation:

Further provided that \$22,000,000 of this appropriation made for the purpose of constructing Safety, Congestion Relief and Community Enhancements projects may not be expended for that purpose but may be used only to construct infrastructure improvements to the Greenbelt Metro Station site designed to make the site more attractive as a location for the Federal Bureau of Investigation. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled.

Explanation: The Greenbelt Metro Station site is one of three locations under consideration for construction of a new headquarters for the Federal Bureau of Investigation (FBI). Selection as the site of the new FBI headquarters will result in significant increases in employment and economic activity. This funding will help increase the likelihood that the Greenbelt Metro site is selected

Committee Narrative

Roadwork and Utility Work Coordination: The committees are concerned with prevalence of utility work that involves the destruction and repair of newly or recently paved roadways and sidewalks and are interested in ways to minimize the impacts of utility work on road and sidewalk quality. The State Highway Administration (SHA) is requested to provide a report to the budget committees by November 1, 2016, which includes the following:

- a description of how SHA coordinates its road construction/road repair activities with utility companies to reduce the incidence of newly paved roads and sidewalks being torn up by utility work;
- steps that could be taken to further reduce the incidence of newly paved roads and sidewalks being torn up by utility work; and
- impediments (if any) to improvements in this area that would require legislative action to address.

New Hampshire Avenue Corridor Economic Development Potential: The committees are interested in the potential for economic development in the New Hampshire Avenue (MD 650) Corridor in Prince George's and Montgomery counties between Piney Branch Road (MD 320) and the Washington, DC border. The Maryland Department of Commerce (Commerce), the State Highway Administration (SHA), and the Maryland Department of Planning (MDP) are therefore requested to submit a report to the budget committees by November 1, 2016, which includes:

- an estimate of the potential tax revenue to the State of Maryland and the potential increase in the number of jobs that would result from property redevelopment in the New Hampshire Avenue Corridor under current county zoning and sector plans, and the City of Takoma Park's New Hampshire Avenue Corridor Concept Plan if MD 650 right-of-way improvements are made as envisioned in the plans;
- a review of the cost of road, stormwater, and utility infrastructure needs within the MD 650 right-of-way to facilitate the redevelopment envisioned by the plans, including construction of the multi-way boulevard; and
- the status of planning for bus rapid transit in the corridor and its coordination with plans for the Purple Line light rail development.

Watkins Mill Interchange: The start of construction on the Watkins Mill Interchange project was moved from fiscal 2016 as scheduled in the 2015-2016 Consolidated Transportation Program (CTP) to fiscal 2017 in the 2016-2021 CTP, and the committees are concerned that this project may be further delayed through being linked to the I-270 Innovative Congestion Management Project. The State Highway Administration (SHA) is therefore requested to provide:

- a report to the budget committees by July 1, 2016, providing details on the current schedules for the Watkins Mill Interchange and the I-270 Innovative Congestion Management Project and the benefits to be derived from linking these two projects; and
- a report on the I-270 Innovative Congestion Management Project procurement to be submitted 30 days after the project award is made, which includes:

State Highway Engineering District Staffing: The committees are concerned about the adequacy of staffing in the State Highway Administration's (SHA) seven engineering districts. SHA is requested to provide a report to the budget committees by November 1, 2016, which details:

- the rationale behind the current structure of the engineering districts including:
 - a summary of the functions administered at the district level versus at the agency level and an explanation of why each function is so situated;
 - the metrics used to determine the district organization; and
 - the metrics used to determine the staffing of each district;
- the number of staff assigned, by class title, to each engineering district; and
- a plan to address the high level of employee turnover in the district offices including an evaluation of whether salaries paid by SHA are competitive with salaries paid for similar positions by local governments and the federal government.

J00B01.05 County and Municipality Funds

Add the following language to the special fund appropriation:

, provided that \$5,845 of this appropriation made for the purpose of providing transportation aid to the Town of Deer Park in Garrett County may not be expended until the town has submitted audit reports and Uniform Financial Reports as required under Sections 16-304 and 16-306 of the Local Government Article for fiscal 2013, 2014, and 2015. Funds restricted pending the receipt of these documents may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled.

Further provided that \$1,633 of this appropriation made for the purpose of providing transportation aid to Caroline County on behalf of Marydel may not be expended until the town has submitted audit reports and Uniform Financial Reports as required under Sections 16-304 and 16-306 of the Local Government Article for fiscal 2012, 2013, 2014, and 2015. Funds restricted pending the receipt of these documents may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled.

Explanation: This language restricts transportation aid to municipalities that have not submitted audit and financial reports required in statute until the required documents have been submitted for all delinquent years.

Committee Narrative

Pedestrian Collision Incident Reporting: Capital budgets for local jurisdictions include projects designed to enhance pedestrian safety. Local governments are increasingly turning to mapping software to prioritize which roads and communities to focus pedestrian safety efforts. Incident reports are gathered by local jurisdictions and analyzed for use by the State Highway Administration (SHA). Local jurisdictions would benefit by having the agency provide the information back to the local jurisdictions for use in their annual capital budget preparations. It is the intent of the committees that SHA make pedestrian collision data and high incident area analysis available on the State's Open Data Portal and/or sent electronically to the local county budget offices by August 1, 2016, and annually thereafter.

Economic Impact of the Port: The committees would like to express their support for the Helen Delich Bentley Port of Baltimore (Port) and highlight the importance of its economic impact on the State of Maryland. As noted by the Moody's Analytics report to the Maryland Economic Development and Business Climate Commission, the Port has large potential as one of the only ports on the East Coast deep enough to accommodate the large post-Panamax ships once improvements at the Panama Canal are complete. However, the report also noted a lack of infrastructure connecting to the Port that would allow it to take full advantage of its deep water access. The committees request that the Maryland Port Administration (MPA) submit a report detailing the economic benefits that would be gained from adding double-stack rail capacity to the Port, and listing the necessary infrastructure improvements and their costs for double-stack access:

As noted by the Moody's Analytics report to the Maryland Economic Development and Business Climate Commission, the Port has large potential as one of the only ports on the East Coast that is deep enough to accommodate the large post-Panamax ships that will begin shipping cargo once improvements in Panama are complete. Union Labor at Sparrows Point: The budget committees are concerned about the use of union labor at existing or new maritime terminals at Sparrows Point, which is being redeveloped by Tradepoint Atlantic. There is potential for State tax credits or other State support intended to support the redevelopment of the property. The committees intend that union labor, such as members of the International Longshoreman's Association, be considered for work at existing or new port terminals at Sparrows Point.

Flexible Approach Needed in Efforts to Improve Transit Service in the Baltimore Metropolitan Region: The committees support efforts to improve transit services in Baltimore City and the Baltimore metropolitan region and share the announced goals of the BaltimoreLink transit initiative of improving the safety and reliability of transit services, delivering a unified transit system, and improving access to transit. The committees are concerned, however, that many of the hoped for improvements in on-time service and service reliability depend on the conversion of general traffic lanes in Baltimore City to bus-only lanes. Studies of the impacts on nonbus traffic of converting lanes and/or entire streets to bus-only transitways were not conducted prior to the development of the BaltimoreLink initiative. Should these impacts prove too burdensome to implement fully, the committees expect the Maryland Transit Administration to work cooperatively with local jurisdictions in the Baltimore metropolitan region on alternative means of accomplishing these goals.

Key Bridge and Broening Highway Exit Toll: The committees are concerned about the interchange at Broening Highway and the Francis Scott Key Bridge. The configuration of the interchange directs motorists on Broening Highway who are heading north on Interstate 695 to go through the toll gantry despite not traveling over the main span of the Key Bridge. Truck and other traffic often use alternate routes, impacting nearby residential neighborhoods. The Maryland Transportation Authority (MDTA) should report to the budget committees by September 1, 2016, on possible alterations to the turnaround exit at Broening Highway and Interstate 695 east of the Key Bridge, including a complete redesign and construction of the interchange, a partial reconfiguration of the interchange, the addition of a toll gantry on Authority Drive in order to provide a toll credit, and any other possible long-term or short-term alterations that could reduce traffic in nearby residential neighborhoods. The report should also include the estimated costs of those alterations.

Improving Park Accessibility and Addressing Population Growth: The committees are concerned that park visitation has increased from 11.2 million in 2014 to over 12.0 million in 2015, which appears to have strained the park system given that during summer 2015, 15 State parks filled to capacity 122 times, and campground and cabin inventory was sold out. Therefore, the committees request that the Department of Natural Resources (DNR) submit a report that updates its Five-Year Strategic Plan completed on January 2013. The report should comment on how DNR is planning for future park accessibility needs by targeting properties for purchase and development that are adjacent to existing parks. The report should also comment on how DNR is planning on keeping up with population growth in terms of providing a consistently high quality experience for park visitors. The report should be submitted by September 1, 2016.

K00A11.02 Waterway Improvement Capital Projects

Add the following language to the special fund appropriation:

, provided that \$250,000 of this appropriation made for the purpose of Waterway Improvement Program capital projects may not be expended for waterway improvement projects submitted by the Administration but may be used only for the purpose of dredging projects specified by the Department of Natural Resources at Deep Creek Lake.

K00A

Explanation: Fiscal 2016 budget bill language restricted \$250,000 for dredging Deep Creek Lake and allowed the Department of Natural Resources (DNR) to use the restricted funding for other projects if funding for Deep Creek Lake dredging projects has not been encumbered by April 1, 2016, but in that case required the Deep Creek Lake dredging projects to be included on the priority list for fiscal 2017 funding. DNR indicated that it will spend \$88,610 of the \$250,000 in restricted fiscal 2016 funding for a one-year sediment study titled "Deep Creek Lake Monitoring of Sediment Impacts on Boating Channels." This action restricts Waterway Improvement Program fiscal 2017 funding again for Deep Creek Lake dredging projects. If the Deep Creek Lake dredging projects are funded in fiscal 2017, then the department is authorized to increase its special fund appropriation by budget amendment supported by available fund balance in order to restore funding to the projects that are currently programmed to receive fiscal 2017 funding but would not otherwise as a result of this action.

RESOURCE ASSESSMENT SERVICE

K00A12.05 Power Plant Assessment Program

Add the following language to the special fund appropriation:

, provided that \$250,000 of this appropriation made for the purposes of providing funding to the Maryland Energy Administration (MEA) for administrative and fiscal support for studies relating to the conservation or production of electric energy shall be reduced contingent upon the enactment of SB 389 or HB 459 repealing the requirement to provide support to MEA.

Explanation: SB 389 and HB 459 (Fee, Surcharge, and Tax Reduction Act of 2016) have been introduced in the 2016 legislative session to, among other actions, repeal the requirement that MEA receive annual funding from the Environmental Trust Fund (ETF) – up to \$250,000 – for studies relating to the conservation or production of electric energy. This action reduces the funding the Power Plant Research Program provides MEA from the ETF contingent on the enactment of SB 389 or HB 459 repealing the requirement to provide the specified support to MEA.

Local Stormwater Remediation Funding: The committees are concerned that the July 2015 report "Maryland's Chesapeake Bay Restoration Financing Strategy Final Report" written by the University of Maryland, College Park, Environmental Finance Center (EFC) reflects a stormwater remediation financing gap of \$4.2 billion for Chesapeake Bay restoration. The committees acknowledge that Prince George's County has entered into the Clean Water Partnership – a public-private partnership or P3 – with the private firm Corvias Solutions in order to remediate 2,000 or more acres of urban street over a three-year period for \$100 million. Therefore, the committees request that the Department of Natural Resources (DNR), in coordination with the Maryland Department of the Environment (MDE), Department of Budget and Management (DBM), and EFC, provide a report on how the other nine phase I municipal separate storm sewer system jurisdictions are meeting their stormwater requirements; and the costs and benefits of the other nine jurisdictions partnering either individually or collectively with a P3 for stormwater remediation financing.

Rural Maryland Prosperity Investment Fund Allocation: The fiscal 2017 allowance includes a \$2,000,000 general fund appropriation to the Rural Maryland Prosperity Investment Fund. Chapter 469 of 2014 (Rural Maryland Prosperity Investment Fund – Revisions and Extension of Termination Date) specifies how the funding is to be allocated, but this is a substantial amount of new funding for the fund and it would be helpful to understand how the \$375,000 received by each of the Rural Maryland Council, and Maryland Agricultural Education and Rural Development Assistance Fund will be used. Therefore, the committees request that the Maryland Department of Agriculture (MDA) provide a report on July 1, 2016, on the criteria and rationale for the allocation of the Rural Maryland Prosperity Investment Fund funding and a report on January 1, 2017, specifying the actual allocation of funding.

OFFICE OF RESOURCE CONSERVATION

L00A15.01 Office of the Assistant Secretary

Report on Soil Conservation District Personnel and Funding: The committees are concerned about the long-term funding stability for the field staff of the 24 soil conservation district offices around the State. These staff undertake important functions in assisting farmers in the preparation and implementation of various plans including water quality and soil conservation plans; the review and approval of sediment and erosion plans for development and redevelopment projects; and other functions established by law.

L00A

Agriculture Article Section 8-405 requires the Governor to include certain sums in annual proposed budgets over four fiscal years to provide adequate funding. These funding levels ranged from a fiscal 2008 amount of \$8,800,000 up to a fiscal 2011 amount of \$10,000,000 and each fiscal year thereafter. While finding that the sums appropriated in the fiscal 2017 budget are adequate to provide the necessary staff, the budget committees desire to have the agencies and offices listed below undertake an assessment and report of both the recent history of staffing levels and budgeted amounts and a longer term plan to ensure adequate staffing for the districts. Further, the budget committees recognize the significant and increasing contribution the Chesapeake and Atlantic Coastal Bays 2010 Trust Fund makes to support district staff. In the proposed fiscal 2017 budget, the amount of this support has increased to \$3,290,000 for approximately 50 staff. The budget committees caution that any additional support from the Chesapeake and Atlantic Coastal Bays 2010 Trust Fund may erode the purpose of the fund, which is to focus on funding the most cost-effective nonpoint source best management practices in areas targeted geographically or by practice.

Therefore, the budget committees request the Maryland Department of Agriculture (MDA), as the primary and lead agency responsible for funding assistance to the districts, in active consultation with the Department of Budget and Management (DBM) and the Department of Natural Resources (DNR), to undertake the following assessment and report to the committees and the Governor by September 1, 2016:

- the identification of the approved annual funding levels for soil conservation district staffing, the number and types of staff funded and the funding sources used in each fiscal year from fiscal 2008 through 2016, including an explanation of the reasons for annual changes in the amounts and sources of funding for each fiscal year and to what extent these annual appropriations vary from those amounts established under Agriculture Article Section 8-405 and the reasons for any variations;
- a projected budget plan for fiscal 2018 through 2022, which describes (1) the demand for any additional staff by area and type based on projected workload; and (2) the amounts and sources of funding to support any additional staff along with projected salary and benefit increases; and
- any other pertinent information the agencies believe would be important to include in the report.

Add the following language to the general fund appropriation:

, provided that \$100,000 of this appropriation made for the purpose of administration may not be expended until the Department of Health and Mental Hygiene submits a report to the budget committees outlining the recommendations made by the department's security review of the State-operated psychiatric hospitals, how the department will implement those recommendations, and what barriers to implementation exist, including those of a legislative, regulatory, or resource-based nature. The report shall be submitted by July 1, 2016, and the committees shall have 45 days to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted.

Explanation: The budget committees are concerned that psychiatric hospitals operated by the Department of Health and Mental Hygiene (DHMH) with forensic individuals face new issues regarding the care and treatment of patients, and in particular, with individuals who are determined to be a "danger to themselves or others" carrying the status of Incompetent to Stand Trial or Not Criminally Responsible. During the budget hearings, DHMH referenced that it is currently undertaking a security review, and that this review should be completed shortly. Further provided that \$100,000 of this appropriation made for provider reimbursements may not be made for that purpose and instead may be expended only on an independent review of the organization of eligibility determination entry points for health and social services in other states to serve as a potential model for Maryland in order to (1) maximize access to those services; (2) reduce duplication, inefficiency, and costs; and (3) maximize federal fund participation. The review, together with a joint response to that review from the Department of Health and Mental Hygiene, the Department of Human Resources, the Maryland Health Benefit Exchange, and any other interested State agencies, shall be submitted to the budget committees by December 15, 2016, and the committees shall have 45 days to review and comment. To assist in the review, on request of the independent reviewer, State agencies that currently serve as an entry point for health and social services shall submit how many individuals they currently enroll or reenroll, the mechanism by which those individuals enroll or reenroll, outreach and enrollment strategies, the number of personnel directly involved in enrollment or reenrollment activities, funding to support those personnel or any other contract related to enrollment or reenrollment activities, and any other relevant requested information. The independent review shall be solicited by the Department of Budget and Management. Funds restricted for the purpose of conducting the review may not be expended or transferred to any other purpose and shall revert to the General Fund if the review is not undertaken.

Impact of Federal Managed Care Organization (MCO) Regulatory Changes on HealthChoice: The federal government recently proposed a major overhaul of its regulatory framework governing Medicaid MCOs. Collaborative Care Initiative: Managed Care Organizations (MCO) operating in the HealthChoice program are required to deliver primary behavioral health services to treat mild to moderate symptoms of depression and other common behavioral disorders, while specialty behavioral health services for more severe illnesses are treated through the public behavioral health system. The committees are interested in the development of a collaborative care model for the delivery of primary behavioral health services through the HealthChoice program. Mild to moderate behavioral disorders can still be disabling and are often linked to higher overall somatic health care costs as well as lost productivity. Collaborative care means an evidence-based approach for integrating physical and behavioral health services in primary care settings that includes: (1) care coordination and management; (2) regular, proactive outcome monitoring and treatment using validated clinical rating scale, and (3) regular, systematic psychiatric caseload reviews and consultation for patients who do not show clinical improvement. Implementation of a collaborative care model in various settings has demonstrated both improved outcomes and lower overall health care costs. The committees request that the Department of Health and Mental Hygiene (DHMH) report by November December 15, 2016, on: (1) the extent of primary behavioral health services currently delivered by MCOs; (2) the evidence-based practices including the collaborative care model as defined above, or other clinical models that are used by MCOs to treat individuals with mild to moderate forms of depression and other common behavioral disorders and associated outcome data from these practices or models; (3) a financial estimate to implement a collaborative care model throughout HealthChoice including any projected cost savings; and, (4) the possibility of developing pilot collaborative care programs within HealthChoice.

Substance Use Disorder Services Carve-out: On January 1, 2015, the Department of Health and Mental Hygiene (DHMH) carved Medicaid-eligible substance use disorder (SUD) services out of the HealthChoice program. Those services are now provided on a fee-for-service basis and administered through an administrative services organization together with specialty mental health services. The committees are interested in an assessment after the first full year of the carve-out on (1) the impact of the carve-out on access, quality, and efficiency of care in the HealthChoice Program; (2) if the carve-out has resulted in specific issues in any particular jurisdiction; (3) the specific impact on enrollees who require treatment for chronic conditions and substance use disorders and/or mental health illness; and (3) (4) an evaluation of the costs associated with the carve-out. DHMH shall submit the assessment by December 1, 2016.

M00Q01.10 Medicaid Behavioral Health Provider Reimbursements

Add the following language:

All appropriations for Program M00Q01.10 Medicaid Behavioral Health Provider Reimbursements are to be used for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose except that funding may be transferred to Programs M00L01.02 Community Services and M00L01.03 Community Services for Medicaid State Fund Recipients, to cover shortfalls in fee-for-service community behavioral health funding for Medicaid-ineligible services or services to the uninsured.

Explanation: The language restricts the use of Medicaid behavioral health provider reimbursements to that purpose with limited exceptions.

Add the following language to the general fund appropriation:

, provided that \$2,130,000 of this appropriation made for provider reimbursements may not be spent for that purpose and instead may only be transferred as follows:

- (1) \$1,200,000 to Program M00L08.01 Springfield Hospital Center to restore the positions and operational expenses reduced due to the privatization of the dietary function;
- (2) \$530,000 to Program M00L11.01 John L. Gildner Regional Institute for Children and Adolescents to restore the positions and operational expenses reduced due to the privatization of the dietary function; and
- (3) \$400,000 to Program M00L05.01 Regional Institute for Children and Adolescents –
 Baltimore to restore the positions and operational expenses reduced due to a reduction in the number of beds at the facility.

<u>Funds</u> restricted for these purposes may not be transferred by budget amendment or otherwise to any other purpose and if not expended for these purposes shall revert to the General Fund.

Explanation: This language restricts funding in order to restore the positions and operational funding reduced at the Springfield Hospital Center and the John L. Gildner Regional Institute for Children and Adolescents (RICA) due to the privatization of the dietary functions at those facilities and to restore positions and operational expenses at RICA – Baltimore due to a bed reduction.

Status of Hospital Partnerships with Community Behavioral Health Providers: The budget committees remain concerned about the impact that individuals with behavioral health issues are having upon the hospitals within the State as hospitals and the Health Services Cost Review Commission (HSCRC) continue to implement the All-payer Model Contract. In previous years, the General Assembly has authorized additional funding to help hospitals form partnerships with community behavioral health providers, but it is unclear what outcomes those partnerships have produced. The budget committees request a report on the status of hospital partnerships with community behavioral health organizations, including the existence of any contracts between hospitals and non-hospital owned community behavioral health organizations funded through HSCRC implementation grants, and the total amount of implementation grant funding used by hospitals to contract with non-hospital owned community behavioral health organizations. The report shall be submitted by August 1, 2016.

N00A01.01 Office of the Secretary

Add the following language to the general fund appropriation:

, provided that since the Department of Human Resources (DHR) Local Department Operations Unit has had four or more repeat audit findings in the most recent fiscal compliance audit issued by the Office of Legislative Audits (OLA), \$100,000 of this agency's administrative appropriation may not be expended unless:

- (1) DHR has reported the corrective action taken with respect to all repeat findings on or before January 1, 2017; and
- a report is submitted to the budget committees by OLA listing each repeat finding along with an assessment of the corrective action taken by DHR for each repeat finding. The budget committees shall have 45 days to review and comment to allow funds to be released prior to the end of fiscal 2017.

Explanation: The Joint Audit Committee has requested that budget bill language be added for each unit of State government that has four or more repeat audit findings in its most recent fiscal compliance audit. Each such agency is to have a portion of its administrative budget withheld pending the adoption of corrective action by the agency and a determination by OLA that each finding was corrected. Due to the nature of the Local Department Operation Unit audit and the volume of findings to be corrected by the Local Departments of Social Services, an alteration to the standard language is prudent. This language requires DHR to report on corrective actions and have OLA assess the corrective actions taken by DHR rather than having the findings resolved.

N00A01.04 Maryland Legal Services Program

Add the following language to the general fund appropriation:

, provided that \$12,170,861 of this appropriation made for the purpose of the Maryland Legal Services Program may be expended only for that purpose. Funds not used for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: The language restricts the general fund appropriation of the Maryland Legal Services Program (MLSP) to that purpose, and if it is not needed for that purpose requires that the funds revert to the General Fund. During the fiscal 2013 closeout process, the Department of Human Resources recorded an unprovided-for payable in the MLSP. This was the second consecutive year an unprovided-for payable was recorded and the fourth since fiscal 2007. Given the important function of the MLSP, it remains necessary to ensure the program is adequately funded. Similar language has been adopted in the last three fiscal years.

N00G00.01 Foster Care Maintenance Payments

Add the following language to the general fund appropriation:

<u>Further provided that these funds are to be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose. Funds not expended shall revert to the General Fund.</u>

Explanation: This language restricts general funds appropriated for foster care payments to that use only. This language is similar to language added in recent years except that transfers to N00G00.03 (Child Welfare Services) are not allowed. This restriction prevents a transfer of general funds to other programs that might create or increase a deficit in spending in the Foster Care Maintenance Payments Program (N00G00.01).

Committee Narrative

Caseload Estimates for Out-of-home Placements: During the 2016 session, the Department of Human Resources (DHR) and Department of Budget and Management (DBM) presented two sets of estimates at two separate times for caseload assumptions and payments estimates for foster care, subsidized adoptions, and subsidized guardianship in fiscal 2017. Neither appear to be based on current trends, but rather based on the funding in the allowance. Given that out-of-home placements costs are entitlements, the forecast of caseloads and payment estimates should drive the budget. The committees request that DHR and DBM present by placement type and flexible funding services (e.g. daycare, education, child care offset, promoting safe and stable families, ancillary and emergency services, local education agency funding, and Title IV-E Waiver intervention services), the caseload estimates, payment estimates, and expenditures for fiscal 2016 actuals, and estimates for fiscal 2017 and 2018 that were used in fiscal 2018 budget development. For flexible funding services, only the total estimated expenditures by type is required. The information should also include the amount of any provider rate change and the share of the charges claimed to regular Title IV-E assumed in the fiscal 2018 allowance.

N00G00.03 Child Welfare Services

Add the following language to the general fund appropriation:

, provided that these funds are to be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose except that funds may be transferred to program N00G00.01 Foster Care Maintenance Payments. Funds not expended or transferred shall revert to the General Fund.

Explanation: This language restricts general funds appropriated for local child welfare services to that use only or for transfer to N00G00.01 Foster Care Maintenance Payments.

Committee Narrative

Child Welfare Caseload Data: The committees believe that maintaining an adequate child welfare workforce is essential to improving outcomes for children entering the State's care. Therefore, in order to maintain oversight of this important issue, the committees request that the Department of Human Resources (DHR), on November 15, 2016, report to the committees on the actual and annual average number of cases and filled positions assigned, by jurisdiction, for the following caseload types using 12 months of data through August 2016:

- Intake Screening;
- Child Protective Investigation;
- Consolidated Home Services;
- Interagency Family Preservation Services;
- Services to Families with Children Intake;
- Foster Care:
- Kinship Care;
- Family Foster Homes Recruitment/New Applications;
- Family Foster Home Ongoing and Licensing;

- Adoption;
- Interstate Compact for the Placement of Children; and
- Caseworker Supervisors.

N00G00.08 Assistance Payments

Able-bodied Adults without Dependents Time Limit: The Supplemental Nutrition Assistance Program, known in Maryland as the Food Supplement Program (FSP), has a requirement that limits receipt of benefits for able-bodied adults without dependents (ABAWD) to 3 months in a 36 month time period, unless the individual complies with certain work requirements. Statewide waivers were available in many states during and after the recent recession. Maryland's statewide waiver ended December 31, 2015. The committees are concerned about the impact of this transition on this vulnerable population. The committees request that the Department of Human Resources (DHR) report on the number of individuals removed from FSP benefits by month and jurisdiction from January 2016 through November 2016, and the number by month and jurisdiction who were able to return to the program after complying with work requirements. The department should include a discussion of the impact of the end of the waiver on ABAWD individuals and the agency.

Temporary Cash Assistance Eligibility and Benefit Amounts: The Welfare Innovation Act of 1996 included language requiring the Governor to provide sufficient funds to ensure that the value of Temporary Cash Assistance (TCA) benefits when combined with the Food Supplement Program (FSP) benefit is a minimum of 61% of the Maryland minimum living level. The committees are concerned about whether 61% of the Maryland minimum living level provides an adequate benefit for these programs. The committees request that the Department of Human Resources (DHR) conduct an analysis to determine the feasibility of incrementally increasing the percent of the Maryland minimum living level that must be met over the next 10 years by 1% per year. The analysis should include the expected cost, the impact on the caseload (including whether this change impacts the number of eligible households), and the impact of the projected increase on other benefits that TCA recipients receive and for which they are eligible. DHR should also include information on the feasibility of altering eligibility criteria to increase the number of eligible cases including providing options for altering eligibility criteria.

Add the following language to the general fund appropriation:

Further provided that \$250,000 of this appropriation may not be expended until the Department of Human Resources (DHR) submits a report including the results of a weighted caseload analysis to the budget committees. The weighted caseload analysis shall consider (1) the number of public assistance cases; (2) the type of public assistance cases; and (3) the time and effort each type of public assistance case requires. The analysis shall be conducted for each jurisdiction. The report should also discuss whether the planned information technology modernization would allow DHR to conduct these types of analyses in the future. The report on the results of the analysis shall be submitted by May 15, 2017, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted. It is the intent of the General Assembly that the Executive Director of the Family Investment Administration (FIA) and Secretary of DHR use the results of the analysis to allocate personnel to efficiently and effectively carry out the public assistance programs of FIA.

Explanation: This language restricts funds until DHR submits the results of a weighted caseload analysis to the budget committees. The weighted caseload analysis is to consider each type of public assistance case and factor in the amount of time and effort each type of public assistance case requires. The language also expresses the intent that the results of the analysis be used to allocate personnel within FIA.

Committee Narrative

Child Support Pass-through and Disregard for Temporary Cash Assistance Recipients: The federal Deficit Reduction Act of 2005 provided states with the option to pass-through a portion of child support payments received on behalf of Temporary Cash Assistance (TCA) recipients to families and disregard the portion passed through when calculating TCA benefits. If the State chooses this option, the federal government waives its share of the child support collection. Maryland has not chosen to implement this option. The committees request that Department of Human Resources (DHR) conduct an analysis to determine whether it would be beneficial to TCA customers and the State to choose this option to pass-through a portion of payments and disregard the amount passed through. The analysis should consider for fiscal 2013 through 2016:

N00I00

- the number and percent of TCA recipients with a support order;
- the number and percent of TCA-related child support cases for which a payment was received;
- the average amount of child support payments collected by the State on behalf of families receiving TCA;
- the average frequency of child support payment receipt by the State on behalf of families receiving TCA;
- the number of TCA-related cases that were closed due to the receipt of a child support payment that exceeded the TCA grant in one month but were subsequently reopened because the amount of child support payments was less than the grant in the subsequent month;
- experiences of other states in implementing a child support pass-through and disregard policy specifically related to changes in payment frequency and dollar amount, impact on arrearages, and impact on parental involvement by the noncustodial parent; and
- potential for implementing the change in policy as part of an information technology (IT) modernization project or under the existing IT system.

Energy Assistance Application Processing Times: The committees are interested in continuing to monitor the progress of the local administering agencies (LAA) of the Office of Home Energy Programs in improving energy assistance application processing timeliness. Although progress is evident to date in fiscal 2016, some LAAs have experienced worsening performance. The committees request that the Department of Human Resources (DHR) provide by LAA (1) the number of applications received; (2) the average number of days to process applications; (3) the number and percent of applications processed within 30 days, 55 days, and longer than 60 days; and (4) the date of the data.

Outreach Plans: The percent of eligible households receiving energy assistance has declined recently and was 30.8% in fiscal 2015. The percent of eligible households with a child under the age of 1 receiving benefits was 33.0%. The percent of eligible households with an individual over the age of 60 or an individual with disabilities receiving benefits was less than 30.0% in fiscal 2015. The committees are concerned that eligible households are not receiving energy assistance and may be vulnerable to problems associated with lack of heat or electricity. The Office of Home Energy Programs (OHEP) has taken steps during fiscal 2016 to improve outreach by local administering agencies (LAA). The committees request that OHEP report on the outreach efforts undertaken by the State and LAAs in fiscal 2016 and plans to further improve outreach in fiscal 2017 to increase the percent of eligible households receiving benefits.

Planned Program Changes: In response to committee narrative in the 2015 Joint Chairmen's Report, the Department of Human Resources (DHR) indicated that the Office of Home Energy Programs plans to develop a Policy Reform Plan by early fiscal 2017, following work to develop these plans during fiscal 2016. The plans are expected to focus on incentivizing energy conservation, education, and case management to reduce customer dependency on energy assistance and providing incremental arrearage forgiveness contingent on customer co-payments to increase customer accountability for on-time bill payment. The committees request that DHR submit a plan on the planned program changes, including information on anticipated legislative changes that result from the Policy Reform Plan or generally from the ongoing work in the agency's program review.

Cold Weather Deaths: The committees are concerned about whether there is adequate reporting of cold weather-related deaths for individuals experiencing homelessness. The committees are interested in opportunities for improved reporting. It is the intent of the budget committees that the Office of the Chief Medical Examiner, the Department of Health and Mental Hygiene, and the Department of Human Resources collaborate to create a reporting system for cold weather deaths of people experiencing homelessness.

Cold Weather Planning: The committees are concerned about the adequacy of local cold weather shelter planning processes. The committees request that the Interagency Council on Homelessness (ICH) submit a report:

- *detailing local cold weather shelter planning processes;*
- identifying gaps in services and funding in local cold weather shelter plans;
- establishing standards for local cold weather shelter planning; and

The committees are also interested in other programs that could be developed to assist individuals in obtaining housing. It is the intent of the budget committees that during the 2016 interim, the Joint Committee on Ending Homelessness, with the cooperation of DHR and DHCD, study housing counselor programs, including available funding as well as the feasibility of developing of a revolving loan fund to assist individuals in paying security deposits.

Adult Education: The committees request the Department of Labor, Licensing and Regulation (DLLR) submit a report on the Adult Education program including an overview of the GED test preparation program, the recent changes to the test, why the number of test takers has fallen, recruitment strategies, why the funding has decreased, and what coordinated efforts within the agency are used to connect GED students to other programs like EARN grant recipients and Apprenticeship providers. The committees also request DLLR to report on the feasibility and cost of producing a centralized, searchable database to be accessed on the Internet by the public that lists adult education and workforce training opportunities including GED preparation, employability skills, trade-specific skills, remedial education, and other categories of available opportunities. For each program included in the database, to the extent possible, the database should include appropriate metrics that measure the success rates of the program including job placement rates, length of employment, and program completion rates.

Administration may not be expended until the Department of Public Safety and Correctional Services submits monthly inmate banking account reconciliation reports, including indication of corrective actions to be taken for any identified differences, to the budget committees. Monthly reports shall be submitted by the first of each month, beginning on July 1, 2016, and ending May 1, 2017. Funds may not be released until all 11 reports have been received. The budget committees shall have 45 days from receipt of the final report to review and comment. Funds restricted pending the receipt of the reports may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the reports are not submitted to the budget committees.

Explanation: The Department of Public Safety and Correctional Services (DPSCS) has had a history of audit findings relating to unreconciled inmate banking accounts, most recently documented in the May through October 2015 Office of Legislative Audits reports for regional DPSCS operations. This language restricts administrative funds pending receipt of monthly reconciliation reports in order to verify that DPSCS reconciles accounts on a regular basis.

Division of Parole and Probation

Department of Public Safety and Correctional Services

Committee Narrative

General Supervision Caseload Size: Identifying the appropriate caseload for parole and probation agents has been an area of ongoing concern. Review of Division of Parole and Probation (DPP) caseload data indicates that Maryland's average general caseload size of 116 is well above the national average of 82. It is the intent of the General Assembly that DPP reduces the average general caseload size to the national average of 82.

Drug Testing Contract: The budget committees are concerned that the current urinalysis vendor does not provide technicians to testify regarding urinalysis testing results, as required under the current contract. The current urinalysis contract ends at the close of September 2016. It is therefore the intent of the General Assembly that the Department of Public Safety and Correctional Services (DPSCS) consider implementing an enforcement mechanism, such as a penalty, in an effort to ensure technicians can be available to testify at revocation hearings. A provision expressing this preference should be added to the forthcoming drug testing procurement request. The budget committees also request that DPSCS submit the final drug testing procurement request.

Information Request	Author	Due Date

Funding for Urinalysis Testing Kits: The budget committees are concerned that there is not enough funding to purchase a sufficient amount of urinalysis testing kits for all Division of Parole and Probation jurisdictions. It is therefore the intent of the budget committees that a sufficient level of funding be provided in future fiscal years for urinalysis testing kits.

Supervision Fee and Restitution Collection: The budget committees are concerned that fee and restitution collection is more appropriately handled by the Central Collection Unit (CCU) within the Department of Budget and Management, rather than by offender supervision agents. It is therefore the intent of the budget committees that the Department of Public Safety and Correctional Services submit legislation during the 2017 session transferring the authority for collections from the Division of Parole and Probation to CCU.

Q00C02

Kiosk Program and Supervision Reporting Options: The Division of Parole and Probation's (DPP) kiosk system is intended to reduce the number of personal interactions between supervision agents and low-risk offenders and to provide off-site reporting capability for offenders during nonbusiness hours. However, a December 2015 DPP supervision agent focus group study indicates that the program may not be meeting these goals. The budget committees, therefore, request that DPP submit an analysis of the value and utility of the kiosk system and alternative supervision reporting options. The report should include annual costs associated with operating the kiosk program and offender kiosk reporting statistics. The report should also consider the feasibility and utility of implementing other electronic reporting systems, such as web-based or mobile systems.

Remote Access to Electronic Records and Databases: A December 2015 Division of Parole and Probation (DPP) focus group study indicates that supervision agents do not have remote access to the Offender Case Management System (OCMS) and other electronic databases while in the field. When an agent wants to access electronic information in the field, they must go to a field office or call back to the office in order to do so. In its efforts to address this issue, DPP has piloted a mobile tablet program to provide remote access to databases for one field office. The budget committees therefore request that DPP submit a report summarizing the outcome of the pilot program and analyzing the feasibility of providing remote access to the OCMS and other electronic databases for supervision agents through expansion of the tablet program or the provision of laptops. The submitted report should include any estimated costs associated with providing laptops or other mobile electronic devices to agents, as well as adjustments that may need to be made to the OCMS to allow for remote access.

Remote Access to Electronic Records and Databases: A December 2015 Division of Parole and Probation (DPP) focus group study indicates that supervision agents and Warrant Apprehension Unit (WAU) officers do not have remote access to the Offender Case Management System (OCMS) and other electronic databases while in the field. When an agent or officer wants to access electronic information in the field, they must go to a field office or call back to the office in order to do so. The budget committees are concerned that this process creates inefficiencies. The budget committees, therefore, request that DPP submit a report analyzing the feasibility of providing remote access to the OCMS and other electronic databases for supervision agents and WAU officers to facilitate field work capabilities. The submitted report should include any estimated costs associated with providing laptops or other mobile electronic devices to agents and officers, as well as adjustment that may need to be made to the OCMS to allow for remote access.

Relocating the Guilford Avenue Field Office: The Division of Parole and Probation (DPP) operates seven field offices in Baltimore City. The field office located at 2100 Guilford Avenue suffers from a variety of physical deficiencies. Although general obligation bond funding was provided in fiscal 2003 through 2006 to expand and renovate the office, the project was halted after only part of the office space was renovated. Additionally, there are concerns about the office's proximity to an elementary school, as well as the accessibility of the location for reporting offenders. The Department of Public Safety and Correctional Services (DPSCS) previously released a Request for Proposals (RFP) to relocate the Guilford Avenue DPP field office to a new leased space but did not receive any bids. DPSCS has indicated that it intends to continue efforts to relocate the office and will release a new RFP. The budget committees, therefore, request that DPSCS submit a report on the status of relocating the Guilford Avenue field office.

Strike the following language:

, provided that \$100,000 of this appropriation made for the purpose of General Administration may not be expended until the Department of Public Safety and Correctional Services submits a report outlining a plan for complying with the final settlement agreement in Jerome Duvall, et al. v. Lawrence Hogan, Jr., et al., including any associated costs, to the budget committees. The report shall be submitted by December 31, 2016. The budget committees shall have 45 days from receipt of the final report to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: The Department of Public Safety and Correctional Services (DPSCS) announced in November 2015 that a settlement agreement had been reached in Jerome Duvall, et al. v. Lawrence Hogan, Jr., et al., but the agreement has not yet been signed by the judge. This language restricts administrative funds pending receipt of a report indicating a plan and any anticipated costs for complying with the terms of the final settlement agreement.

Q00T04

Add the following language to the general fund appropriation:

, provided that \$500,000 of this appropriation made for the purpose of General Administration may not be expended until the Department of Public Safety and Correctional Services submits a staffing analysis report for the Baltimore City detention facilities, including explanation of any changes in staffing levels from prior staffing analyses. The report shall be submitted by October 1, 2016. The budget committees shall have 45 days from receipt of the final report to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: Providing proper staffing can have an impact on the amount of overtime used by the custodial agencies as well as the safety and security of staff and inmates. Conducting regular staffing analyses should assist the department and the General Assembly in monitoring the staffing and overtime situation in the State's correctional and detention facilities. Department of Public Safety and Correctional Services (DPSCS) submitted its most recent post-by-post staffing analysis to the budget committees in December 2015 but indicated in that report that, with technical assistance from the National Institute of Corrections and consultation of relevant labor unions, it is in the process of reevaluating the staffing plan at Baltimore City detention facilities following the closure of the Baltimore City Men's Detention Center in August 2015. This action restricts funds until DPSCS submits the final Baltimore City detention staffing analysis report to the budget committees, explaining the need for any changes in staffing levels from prior staffing analyses.

Baltimore City Staffing Analysis: Providing proper staffing can have an impact on the amount of overtime used by the custodial agencies as well as the safety and security of staff and inmates. Conducting regular staffing analyses should assist the department and the General Assembly in monitoring the staffing and overtime situation in the State's correctional and detention facilities. The Department of Public Safety and Correctional Services (DPSCS) submitted its most recent post-by-post staffing analysis to the budget committees in December 2015, but indicated in that report that, with technical assistance from the National Institute of Corrections and consultation of relevant labor unions, it is in the process of re-evaluating the staffing plan at Baltimore City detention facilities following the closure of the Baltimore City Men's Detention Center in August 2015. The committees therefore request that DPSCS submit a summary report of the final Baltimore City detention staffing analysis to the budget committees no later than October 1, 2016, explaining the need for any changes in staffing levels from prior staffing analyses.

Plan for Complying with Final Jerome Duvall, et al. v. Lawrence Hogan, Jr., et al. Settlement Agreement: The Department of Public Safety and Correctional Services (DPSCS) announced in November 2015 that a settlement agreement had been reached in Jerome Duvall, et al. v. Lawrence Hogan, Jr., et al., but the agreement has not yet been signed by the judge. The budget committees, therefore, request that DPSCS submit bimonthly updates on the status of the case for the duration of the litigation, beginning July 15, 2016. Upon finalization of a settlement agreement, DPSCS should submit to the budget committees a report outlining a plan for complying with the final settlement agreement in Jerome Duvall, et al. v. Budget Amendments

Add the following language:

Provided that it is the intent of the General Assembly that no individual loaned educator be engaged by the Maryland State Department of Education (MSDE) for more than six years. For loaned educators engaged in fiscal 2010, the time already served at MSDE may not be counted toward the six-year limit.

<u>Further provided that it is the intent of the General Assembly that all loaned educators submit annual financial disclosure statements, as is required for State employees in similar positions.</u>

Further provided that MSDE shall provide an annual census report on the number of loaned educator contracts and any conversion of these personnel to regular positions to the General Assembly by December 15, 2016, and every year thereafter. The annual report shall include job function, title, salary, fund source(s) for the contract, the first year of the contract, the number of years that the loaned educator has been employed by the State, and whether the educator files a financial disclosure statement. MSDE shall also provide a report to the budget committees prior to entering into any new loaned educator contract to provide temporary assistance to the State. The budget committees shall have 45 days to review and comment from the date of receipt of any report on new contracts.

Explanation: This annual language on loaned educators expresses legislative intent that loaned educators should not be engaged for more than six years, educators should submit annual financial disclosure statements as appropriate, and reports on the loaned educator program should be submitted. The loaned educator program at MSDE allows local employees to work for MSDE on special projects.

R00A01.15 Juvenile Services Education Program

Add the following language to the general fund appropriation:

, provided that it is the intent of the General Assembly that a portion of this appropriation shall be used to provide incentives to recruit and retain highly effective teachers and principals in the Juvenile Services Education Program. Further provided that the Maryland State Department of Education shall report to the budget committees on a plan outlining how much of the appropriation will be used for incentives and how these incentives will be implemented. The report shall be submitted by July 1, 2016.

Explanation: This language requires that a portion of the money provided to the Juvenile Services Education (JSE) Program be used to provide incentives to recruit and retain highly effective teachers, as doing so has presented significant challenges for JSE. It also requires the submission of a report on how much of the appropriation is used for these incentives, and how they will be implemented. This report is due to the budget committees no later than July 1, 2016.

AID TO EDUCATION

R00A02.01 State Share of Foundation Program

College and Career Counseling: The role of school counselors in public schools has been a topic of much discussion, including the number of school counselors needed for schools and the amount of time necessary for counselors to provide direct services to students that provide students with adequate support. The committees have specific concerns about students in the State's public middle schools and high schools having access to school counselors for purposes of college and career counseling. One potential way to provide more targeted assistance to students would be to implement specific certification for college and career counseling specialists. Requirements for such certification could be informed by the Southern Regional Education Board's Go Alliance Academy. The committees request the Maryland State Department of Education (MSDE), in consultation with the local school systems, examine whether and how a new certification in the State for college and career counseling specialists could be implemented. MSDE shall report on the findings of the study and include recommendations, including the estimated cost to implement the recommendations. This report shall be submitted no later than November 1, 2016.

Conduct of Police in Baltimore City Public Schools: Due to concerns raised about policing in Baltimore City Public Schools (BCPS), it is the intent of the budget committees that BCPS will report on the following actions. First, the Baltimore City Board of School Commissioners (board) shall certify in writing to the budget committees that an integrated data system is in place and that arrests, referrals, and other relevant data, (including transportation, arrest, or referral of students with psychological needs), are being recorded into that system. Second, the board shall certify in writing to the budget committees that it has created a formal committee of the board to address school discipline issues. The board's certification should specify the membership of the committee, its goals, tasks, and best practices that have been identified and put into place regarding school disciplinary issues and training of school police. The submitted certifications in writing shall include the reports that the committee has been tasked to create, and shall be submitted no later than November 1, 2016.

R00A02.07 Students With Disabilities

Add the following language to the general fund appropriation:

, provided that \$100,000 of this appropriation made for the purpose of funding the Infants and Toddlers Program may not be expended until the Maryland State Department of Education provides the budget committees with a report on data from local education agencies that specifies all local, State, and federal funds, including transportation funds, spent for prekindergarten children with disabilities ages three through five in fiscal 2015 and 2016. This report shall also provide analysis on how funds are targeted to support:

- (1) the provision of special education services in public and private early childhood programs and settings where children with disabilities learn alongside nondisabled peers; and
- (2) meaningful access to early childhood curricula in public and private general education early childhood programs for children with disabilities.

This report shall also include a description of the relationship of both (1) and (2) as outlined above to improved results for prekindergarten children with disabilities.

This report shall be submitted to the budget committees on or before November 1, 2016. The budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: The committees understand that the State provides funding for special education prekindergarten children in the Aid to Education budget. Part of the funding is through the Infants and Toddlers Program (R00A02.07), which is reported as its own line in the budget. Another part of the funding is through the Bridge to Excellence formula for compensatory education (R00A02.02). The Bridge to Excellence in Public Schools Act of 2002 requires school systems to make prekindergarten available to all economically disadvantaged four-year-old children. A portion of the compensatory education formula provides State funds for this requirement. Some four-year olds funded by the formula may be designated as special education children. However, the amount that supports special education (or other) prekindergarten children cannot be determined with data that is currently available.

FUNDING FOR EDUCATIONAL ORGANIZATIONS

R00A03.04 Aid to Non-Public Schools

Add the following language to the special fund appropriation:

Further provided that a nonpublic school participating in the Aid to Non-Public Schools Program R00A03.04 shall certify compliance with Title 20, Subtitle 6 of the State Government Article. A nonpublic school participating in the program may not discriminate in student admissions on the basis of race, color, national origin, or sexual orientation. Nothing herein shall require any school or institution to adopt any rule, regulation, or policy that conflicts with its religious or moral teachings. However, all participating schools must agree that they will not discriminate in student admissions on the basis of race, color, national origin, or sexual orientation. The sole legal remedy for violation of these provisions is ineligibility for participating in the Aid to Non-Public Schools Program.

Explanation: This action requires a nonpublic school participating in the Aid to Nonpublic Schools Program to certify compliance with Title 20, Subtitle 6 of the State Government Article. It also specifies that a participating school may not discriminate in student admissions on the basis of race, color, national origin, or sexual orientation. Violating the provisions makes a school ineligible for participating in the Aid to Nonpublic Schools Program. Similar language was included in the fiscal 2016 budget.

R00A03.05 Student Assistance Organization Business Entity Grants

Amend the following language to the special fund appropriation:

Special Fund Appropriation, provided that this appropriation shall be <u>contingent upon the</u> <u>enactment of legislation establishing a tax credit program for education.</u> for grants equal to no more than 50% of the certified amount a business entity contributes to a student assistance organization to provide financial assistance to students attending nonpublic schools that meet the eligibility requirements to participate in Program R00A03.04 Aid to Non Public Schools Program for Textbooks and Computer Hardware and Software administered by the Maryland State Department of Education. The Department of Commerce shall administer the grant program. The Department of Commerce shall:

(1) Establish a process and requirements for 501(c)(3) charitable organizations to be designated as student assistance organizations, including requiring organizations to spend a minimum amount, but not less than 95%, of grant eligible funds annually on

R00A03

financial assistance for qualified education expenses as provided in Section 530(b)(3)(a) of the Internal Revenue Code:

- (2)Establish a process and requirements for contributions by business entities to be certified by the Department prior to making a contribution as eligible to receive a grant under this program on a first come, first served basis, including an annual cap on the amount of contributions per business entity that are eligible for a grant of up to 50%;
- Designate qualified education expenses for which student assistance organizations may (3)provide financial assistance to students attending nonpublic schools, including requiring organizations to provide financial assistance to students attending at least 4 eligible nonpublic schools on a priority basis first to students who are eligible to receive free and reduced price meals and then to other students based on financial need; and
- Establish a process and reporting requirements for student assistance organizations to (4) ensure compliance with the program's requirements

Explanation: This amended language strikes the Governor's language detailing the requirements to provide funding from the Cigarette Restitution Fund for Student Assistance Organization Business Entity Grants and replaces it with language making the funding contingent upon the enactment of legislation authorizing the establishment of a tax credit program for education instead.

R00A04.01 **Children's Cabinet Interagency Fund**

Amend the following language:

, provided that \$1,823,709\$1,823,700 of this appropriation made for the purpose of early intervention and prevention activities may be used only to fund these activities through Youth Services Bureaus. Further provided that the allocation of funding among Youth Services Bureaus shall be distributed in the same proportions as provided in fiscal 2016. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: This language restricts funds to be used only for Youth Services Bureaus and requires the funding to be distributed among the bureaus in the same proportion as in fiscal 2016.

Amendment No.

Add the following language to the general fund appropriation:

Further provided that \$1,665,915 of this appropriation made for the purpose of early intervention and prevention activities may be used only to fund family navigator services. Institutional Aid, Pell Grants, and Loan Data by Expected Family Contribution Category: In order to more fully understand all types of aid available to students, the committees request that data be submitted for each community college, public four-year institution, and independent institution on institutional aid, Pell grants, and student loans. Data should include, by expected family contribution (EFC), the number of loans and average loan size of federal subsidized and unsubsidized loans, and loans from private sources as reported to the Maryland Higher Education Commission (MHEC). Additionally, data should be provided on Pell grants, including the number and average award size by EFC. Finally, data should include the number of institutional aid awards and average award size by EFC for institutional grants, institutional athletic scholarships, and other institutional scholarships. The data in the response should differentiate between need-based aid and merit scholarships. Data should also include the number of institutional aid awards and average award size by EFC for tuition waivers/remissions of fees to employees and dependents and students. Waiver information for students should be reported by each type of waiver in State law. This report should cover fiscal 2015 and 2016 data received by MHEC from State institutions and is to be submitted in an electronic format (Excel file).

Instructional Faculty Workload Report: The committees request that the University System of Maryland (USM), Morgan State University (MSU), and St. Mary's College of Maryland (SMCM) continue to provide annual instructional workload reports for tenured and tenure-track faculty. By focusing on these faculty, the committees gain a sense of the teaching activities for the regular core faculty. However, there are other types of instructional faculty at institutions such as full- and part-time nontenured/nontenure track faculty including adjunct faculty, instructors, and lecturers. Focusing on only tenured/tenure-track faculty provides an incomplete picture of how students are taught. Therefore, the report should also include the instructional workload when all types of faculty are considered. Additional information may be included at the institution's discretion. Furthermore, the USM report should include the percent of faculty meeting or exceeding teaching standards for tenured and tenure-track faculty for the University of Maryland, Baltimore.

Education Data Availability and Access: The Maryland Higher Education Commission (MHEC) and the Maryland Longitudinal Data System (MLDS) both report on critical educational outcomes for the State. However, it appears that there is a misalignment in data availability in that MLDS, which is limited to cross-segment analyses, may access data from the National Student Clearinghouse (NSC), while MHEC may not. This denies MHEC access to otherwise invaluable data for its annual reports which deal with higher education alone. The committees are interested in determining how MHEC and MLDS can better share access to the proprietary NSC data warehouse and what contractual issues may need to be resolved for that to work, with the goal of developing and annually reporting data metrics that provide a fuller picture of the diversity in student progress and success. MHEC and MLDS should work with the Maryland State Department of Education (MSDE), Maryland's designated education agency for NSC, and should also consider speaking with the University System of Maryland Office, which coordinates NSC data reporting and access across its member institutions.

Student Fees and Graduation: The budget committees are concerned by the multitude of student fees that are charged in addition to regular tuition and whether these fees have become barriers for enrollment, student success, or graduation. All public higher education institutions in Maryland should submit a report by December 15, 2016, outlining the costs of student fees. The report should include:

- total tuition revenue and total fee revenue for fiscal 2010 through 2016;
- a listing of all fees required for application, registration, enrollment, and graduation;
- how and when each student fee is assessed;
- what fees may be covered by financial aid;
- any recent or pending changes to an institution's fee structure; and
- any other pertinent information toward discussion of tuition and fees at an institution.

Institutions should also report by headcount on how many students were eligible to graduate in the spring 2016 semester and how many elected to do so.

R13M00.00 Morgan State University

Add the following language to the unrestricted fund appropriation:

, provided that \$1,443,344 of this appropriation made for the purpose of increasing expenditures on institutional need-based financial aid above the level provided in fiscal 2016 may be expended only for that purpose. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: This language restricts \$1.4 million of the general fund appropriation provided in the fiscal 2017 allowance to increase expenditures on institutional need-based aid to be expended only for that purpose in order to ensure that expenditures on need-based aid in fiscal 2017, at a minimum, exceed that spent in fiscal 2016 by \$1.4 million.

COPPIN STATE UNIVERSITY

R30B27.00 Coppin State University

Add the following language to the unrestricted fund appropriation:

, provided it is the intent of the General Assembly that Coppin State University (CSU) reduce funded nonfaculty and faculty positions to achieve salary savings by the amount of the projected deficit in fiscal 2017 and that these positions be related to low-demand courses and programs. Further provided that it is the intent of the General Assembly that CSU retain these savings to support operations of the university. A report shall be submitted to the budget committees by December 15, 2016, detailing the reduction of positions and associated savings.

Explanation: Even with full State funding expenditures are expected to exceed revenues due to the expectation that tuition and fee revenues will decrease due to a continual decline in enrollment. This deficit could grow to approximately \$1.2 million therefore this language requires CSU to achieve salary savings in the amount of the deficit by reducing funded faculty and nonfaculty positions. The savings shall be used to support operations of the university. In addition, a report is to be submitted on the position reductions by December 15, 2016.

COLLEGE SAVINGS PLANS OF MARYLAND

R60H00.41 Maryland Prepaid College Trust

Plan Expectations and Customer Service for Maryland 529 Plans: The budget committees are interested in how the College Savings Plans of Maryland (CSPM) can successfully manage its increasing responsibilities given that, contingent on legislation, it will be in charge of Maryland's Achieving A Better Life Experience (ABLE) program, otherwise known as a 529A savings plan, alongside its two existing college savings plans. The committees are concerned over whether adequate customer service is available for current plan holders and whether sufficient services will be provided for potential 529A plan holders. CSPM should submit a report by December 15, 2016, determining its strengths and weaknesses regarding responsiveness to customer service issues and general management of its two current plans. In the same report, CSPM should use this review of its customer service to inform CSPM's decision on whether to pursue an ABLE plan alone or as part of a consortium of states.

Feasibility of 529 Savings Account Plans: The budget committees are interested in the potential implementation of Savings Account Plans at the College Savings Plans of Maryland (CSPM), alongside CSPM's two current 529 college savings plans. The purpose of this third plan is to allow contributions to a savings account, rather than an investment account, that is federally insured and established to meet the qualified education expenses of a qualified designated beneficiary. Virginia currently offers this option to its plan holders. CSPM should submit a report by December 15, 2016, breaking down the cost of implementation and whether there exist any legal or actuarial barriers to offering a Savings Account Plan.

R62I00.05 The Senator John A. Cade Funding Formula for the Distribution of Funds to Community Colleges

Add the following language to the general fund appropriation:

, provided that \$13,695 in general funds designated to support the State's local community colleges may not be expended until the Maryland Higher Education Commission (MHEC) submits a report by December 1, 2016, to the budget committees stating whether the counties that support Chesapeake College and Garrett College fulfilled Maintenance of Effort (MOE) requirements for local funding. The report should also provide updates on the other local community colleges. The budget committees shall have 45 days to review and comment on the report. Funds restricted pending receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Further provided that if a community college's respective service area county or counties do not meet MOE requirements in fiscal 2016, MHEC shall reduce fiscal 2017 State funding to that college by the amount of any increase in State support received in fiscal 2016, including hold harmless funds.

Explanation: This language restricts the expenditure of funds that gave hold harmless funding to Chesapeake College and an increase in State support to Garrett College in fiscal 2016 until it can be determined in a report from MHEC that the colleges' respective service area counties fulfilled their MOE requirements for community college funding. If the requirement was not met at an institution, MHEC will decrease fiscal 2017 support to colleges by the respective amount that should not have been disbursed in fiscal 2016.

R62I00.07 Educational Grants

Add the following language:

Provided that it is the intent of the General Assembly that institutional grants to a public four-year institution should be transferred only by budget amendment to that institution.

Explanation: This action provides greater clarity to the General Assembly on when an institution receives an institutional grant from the Maryland Higher Education Commission and also prevents funds from being double counted in the working appropriation.

Add the following language to the general fund appropriation:

, provided that \$4,900,000 in general funds designated to enhance the State's four historically black colleges and universities may not be expended until the Maryland Higher Education Commission submits a report by July 1, 2016, to the budget committees outlining how the funds will be spent. The budget committees shall have 45 days to review and comment on the report. Funds restricted pending receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: This annual language restricts the expenditure of funds until the commission reports to the budget committees on the plans for spending funds designated to enhance the State's four historically black colleges and universities (HBCU).

Report on Continuing Education Outcomes: The committees are interested in the Maryland Higher Education Commission's (MHEC) work toward developing more outcomes measures for noncredit programs at Maryland's community colleges, especially those oriented toward workforce development. MHEC should submit a report on what new data it will collect, how often, and what assistance it may need from other public or private agencies to provide better information so that this new data may be included in the Maryland Longitudinal Data System.

Report on Best Practices and Annual Progress Toward the 55% Completion Goal: The committees understand that in order to meet the State's goal to have at least 55% of Maryland's residents age 25 to 64 holding at least one degree credential by 2025, accurate and timely information on degree progression and best practices is needed to ensure that the State is on track to meet the goal. The committees request that the Maryland Higher Education Commission (MHEC) annually collect and analyze student- and transcript-level data on progression, graduation, and other relevant metrics from each public institution of higher education, including community colleges and regional higher education centers. MHEC should submit a report by December 15 each year that analyzes the data and shows each institution's progress toward the State and institutional goals in 2025. The report should also include a summary of best practices and findings on the effectiveness of institutions' programs, as well as any concerns regarding lack of progress or best practices that are not being implemented by institutions.

In addition, the committees request that MHEC, in collaboration with the Governor's Prekindergarten-20 Council, convene a biennial Summit on Completion that provides a forum for representatives of all segments of education (including K-12), economic and workforce development, and other stakeholders to share best practices on college completion that are underway in Maryland and hear from experts on best practices in other states that may be replicated in Maryland. A summary of the summit should be included in the annual report on best practices and progress toward the 55% goal.

Report on Outcomes of Students Participating in Access and Success Programs by Cohort: The committees understand that as part of the State's agreement with the federal Office for Civil Rights, the State has provided annual funding to Maryland's public historically black colleges and universities (HBCU) to improve retention and graduation rates. From fiscal 2001 to 2006, the funds were budgeted through the Maryland Higher Education Commission (MHEC) and released after each HBCU submitted proposals to MHEC outlining how the funds would be spent in the coming year. Beginning in fiscal 2007, Access and Success funds were appropriated directly to HBCUs. The committees request that MHEC collect progression, retention, and graduation data from each public HBCU on all students participating in the Access and Success program in fiscal 2016. Data should be analyzed and presented by institution and program. Data

should include the throughput completion rate in credit-bearing coursework for required remedial classes and graduation rates. The report should include a summary of fiscal 2016 programs supported by Access and Success funds and a statement from each institution on how findings from the 2015 report have been used to inform and improve programs and student services supported by Access and Success funds. The report shall be submitted by October 15, 2016, and every year thereafter.

Implementation of Student Privacy Protections: The budget committees are interested in the implementation of Chapter 465 of 2015, which provides several social media privacy protections for students participating in curricular or extracurricular activities. The Maryland Higher Education Commission (MHEC) should submit a report by December 15, 2016, on whether each affected institution in each sector has fully implemented the privacy protections specified in the legislation. This report should cover public and private two- and four-year institutions in Maryland and should highlight whether any institutions are not fully in compliance with the law.

Updating Net Price Calculators: The budget committees are interested in ways to ensure that Maryland institutions are in compliance with federal law regarding net price calculators and also that institutions update their calculators in a timely fashion to provide the most useful information to prospective and continuing students. As federal templates to update the net price calculator are annually released in January, the Maryland Higher Education Commission (MHEC) should submit a report by February 1, 2017, that determines whether higher education institutions are reporting academic year 2016-2017 information. If institutions are not reporting updated cost information, as federal law intends, MHEC should notify the budget committees in the report.

Expanding Reverse Transfer: Reverse transfer, as authorized by the College and Career Readiness and College Completion Act of 2013, allows students who attended a community college and then transferred to a four-year institution before earning a two-year degree to transfer credits earned at a four-year institution back to the community college. Currently, reverse transfer is only available for a Maryland student who has attended a community college. The budget committees are interested in ways to expand reverse transfer opportunities for students who have not previously attended a two-year institution but who have earned 60 or more credits at a four-year institution. When a student who has only attended a four-year institution ceases enrollment prior to earning a degree, the student has incurred all of the costs of higher education enrollment, but receives no final award to improve employment opportunities. The Maryland Higher Education Commission, in consultation with the Segmental Advisory Council, should submit a report by December 15, 2016, on how a reverse transfer pathway specifically to benefit students who drop out of four-year undergraduate programs can be implemented within Middle States Commission on Higher Education requirements for accreditation. The report should also consider whether this is best responded to on an institutional level or a statewide level.

Budget Amendments

R75T00.01 Support for State Operated Institutions of Higher Education

Amend the following language:

Explanation: Technical amendment to reflect reduction in University System of Maryland Office.

Amendment No. 34

R75T00.01 Support for State Operated Institutions of Higher Education

Add the following language to the general fund appropriation:

, provided that \$1,443,344 of the Morgan State University appropriation made for the purpose of increasing expenditures on institutional need-based financial aid above the level provided in fiscal 2016 may be expended only for that purpose. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: This language restricts \$1.4 million of the Morgan State University general fund appropriation provided in the fiscal 2017 allowance to increase expenditures on institutional need-based aid to be expended only for that purpose and that expenditures on need-based aid in fiscal 2017 should, at a minimum, exceed that spent in fiscal 2016 by \$1.4 million.

Add the following language to the general fund appropriation:

Further provided that \$50,000 of this appropriation made for the purpose of operations at Baltimore City Community College (BCCC) may not be expended until the Board of Trustees of BCCC submits a comprehensive report by the University of Baltimore's Schaefer Center for Public Policy to the budget committees by August 1, 2016. The report shall include an analysis of, and recommendations for, the appropriate niche for BCCC to fill in the Baltimore metropolitan area higher education landscape that will best meet the needs of residents

and employers of Baltimore City and the State, including an alignment of BCCC's academic and noncredit offerings with workforce needs. The report shall also include an analysis of the institution's governance structure, relationship with Baltimore City, and role in the city's economic and workforce development plans, and any recommendations to alter or improve them. The report shall also include recommendations for improving the financial situation of the college, including revenue and real estate holdings; and any other topics deemed appropriate by the Schaefer Center.

Further provided that \$50,000 of this appropriation made for the purpose of BCCC operations may not be released until the Board of Trustees submits BCCC's response to the Schaefer Center's report to the budget committees by October 1, 2016. The response should indicate how BCCC will implement the consultant's recommendations and, if any are not to be implemented, why not.

The budget committees shall have 45 days to review and comment from the date of receipt of the reports. Funds restricted pending the receipt of the comprehensive report and the follow-up report may not be transferred by budget amendment or otherwise to any other purpose and shall revert if the reports are not submitted to the budget committees.

Explanation: This language restricts \$50,000 in general funds pending receipt of a comprehensive report on BCCC's operations done by the Schaefer Center and another \$50,000 in general funds pending a response from BCCC on that report. At-will Teachers: It has come to the attention of the budget committees that issues exist as to whether Maryland School for the Deaf (MSD) teachers are in the professional service in the State Personnel Management System (SPMS). The budget committees, therefore, direct MSD to work with the Department of Budget and Management (DBM) to conduct a study verifying if MSD teachers are included in SPMS in a correct fashion and on the status of teachers who are at-will. In addition, MSD and DBM shall submit a report to the budget committees updating them on the study's findings. This report shall be submitted no later than July 1, 2016.

T00A00.01 Office of the Secretary

Add the following language to the general fund appropriation:

, provided that \$100,000 of this appropriation made for the purpose of administration may not be expended until the department submits a report on statewide customer service improvements. The report shall include an update on any activities undertaken by the department, and by the other departments represented on the Governor's Commerce Subcabinet, to improve customer service. Further, the report shall also include recommendations on additional improvements to State government customer service; including any recommendations to expand the Commerce Subcabinet to other departments, agencies, and commissions with frequent and regular interaction with the public, including the Public Service Commission. The report shall be <u>submitted to the budget committees no later than December 31, 2016, and the budget committees</u> shall have 45 days to review and comment. Funds restricted pending the receipt of this report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: The 2014 Joint Chairmen's Report included narrative requesting a report on customer service training by the Department of Commerce (Commerce), along with the State Highway Administration; the Maryland Department of the Environment; and the Department of Labor, Licensing, and Regulation. The department submitted its report in January 2015. This language would restrict funds pending an updated report on actions taken by the departments since the initial report on training. The report should also make recommendations on how to expand the Governor's Commerce Subcabinet in order to include other State entities that have frequent interaction with the public.

Funds not used for this restricted purpose may not be expended or otherwise transferred and shall revert to the General Fund.

Explanation: Chapter 141 was legislation that resulted from the report of the Maryland Economic Development and Business Climate Commission (known as the Augustine Commission). It expressed the intent of the General Assembly that the BioMaryland Center, the office within the Department of Commerce that supports the growth of early stage biotechnology companies in Maryland, be transferred to the Maryland Technology Development Corporation on or before January 1, 2016. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled if the report is not submitted to the committees.

Explanation: Based on issues raised in a legislative performance audit and on concerns about geographical distribution of program assistance, the Small, Minority, and Women-Owned Business Account is underperforming. T50 Maryland Technology Development Corporation

Committee Narrative

MARYLAND TECHNOLOGY DEVELOPMENT CORPORATION

T50T01.04 Maryland Innovation Initiative

Distribution of the Maryland Innovation Initiative: The Maryland Innovation Initiative is designed to speed commercialization opportunities that develop out of the State's research universities. As of January 2016, the Maryland Technology Development Corporation (TEDCO) has made over 164 awards. According to data submitted to the Managing for Results process, awards have resulted in 28 start-up companies, with 10 additional start-ups expected in both fiscal 2016 and 2017. Total awards have been dispersed to the participating institutions as follows:

- The Johns Hopkins University (JHU) 75;
- Morgan State University 5;
- University of Maryland, College Park − 30;
- University of Maryland, Baltimore 36; and
- University of Maryland Baltimore County − 18.

The committees are concerned that there is a marked difference in the distribution of grants among the institutions. JHU commands almost 46.0% of the grants and over 47.0% of grant funding. The top three institutions garner 88.7% of program funding. The committees, therefore, request that TEDCO, with input from the participating universities, report on potential causes and changes to the program to address the skewed distribution. The report should suggest any legislative or administrative modifications to improve the performance of the program. The report should also review the performance of the universities' technology transfer offices and should recommend any financial, administrative, or cultural changes to ensure robust, fully functioning offices that foster and prioritize the commercialization of university research.

U00A01.14 Capital Appropriation – Energy – Water Infrastructure Program

Add the following language to the special fund appropriation:

, provided that \$100,000 of this appropriation made for the purpose of providing grants to water and wastewater treatment plant owners to develop energy efficient and resilient projects shall be restricted pending the submission of two reports. The first report shall be submitted by July 1, 2016, and specify the qualitative and quantitative criteria that will be used to evaluate and select projects to be funded by the Energy-Water Infrastructure Program under both the \$1,000,000 per project allocation for energy efficient equipment and the \$3,000,000 per project allocation for combined heat and power projects. The second report shall be submitted by January 1, 2017, and provide the following for each project selected for funding:

- (1) an energy use baseline;
- (2) <u>a 20% energy reduction target;</u>
- (3) the expected payback period for the energy efficient equipment or combined heat and power project as if the project were to be funded as an energy performance contract; and
- (4) the expected amount and timing of the modification of any user rates associated with the entity receiving funding as a result of the energy efficient equipment or combined heat and power project funded.

The budget committees shall have 45 days to review and comment. Funding shall be released in \$50,000 increments pending submission of each report. Funds restricted pending the receipt of the reports may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled if the reports are not submitted to the budget committees.

Explanation: The fiscal 2017 allowance includes a \$16,200,000 special fund appropriation for the new one-time Energy-Water Infrastructure Program pay-as-you-go capital program. This budget bill language restricts \$100,000 of the funding pending the submission of reports on the criteria for the allocation of the Energy-Water Infrastructure Program funding and the actual allocation of funding including energy efficiency benchmarks and expected outcomes, including any user rate modifications.

Better Coordination Between MDE and the Judiciary on Data For Rental Properties Required to Report under the Reduction of Lead Risk in Housing Act: The committees are concerned that there is a lack of data sharing between the Judiciary and the Maryland Department of the Environment (MDE) on the status of rental properties required to be registered under Maryland's Reduction of Lead Risk in Housing Act. The Act requires owners of affected rental properties to reduce the potential for child exposure to lead paint hazards by performing specific lead risk reduction treatments prior to each change in tenancy. The lack of coordination is exemplified by data in the report "Justice Diverted: How Renters Are Processed In The Baltimore City Rent Court," which reflects that 81% of a sample of landlords provided information in rent court about their registration and inspection status with MDE that was subsequently found to be incorrect, outdated, or otherwise unsupported by MDE's Online Lead Rental Registration system. Therefore, the committees request that MDE and the Judiciary collaborate on a report discussing how data on rental property compliance with the Reduction of Lead Risk in Housing Act will be shared and how testimony by rental property owners may be checked against MDE's data for rental property cases that come before the rent court.

Report on Safety of Artificial Turf Fields and Playground Surfacing Materials: committees are concerned about the possibility of head trauma and exposure to lead and other chemicals on artificial turf fields and playgrounds. For instance, in June 2008, the New Jersey Department of Health and Senior Services released data on initial tests it had conducted on a limited number of artificial turf playing fields. The results indicated that the fields contained potentially unhealthy levels of lead dust, primarily from artificial turf made of nylon or nylon/polyethylene blend fibers. Furthermore, on February 12, 2016, the U.S. Environmental Protection Agency, the Centers for Disease Control and Prevention, and the U.S. Consumer Product Safety Commission launched an investigation into the health risks from exposure to tire crumb. Therefore, the committees request that the Maryland Department of the Environment (MDE) use the services of test providers independent of artificial turf field and playground surfacing material manufacturers to study (1) the types of artificial turf and playground surfacing materials being used or proposed to be used in Maryland; (2) the ability of the various types to absorb impacts so as to minimize head injuries; (3) the bio-availability of lead and other chemical exposure from regular use of both new and older fields including used tire crumb and plastic grass rug; and (4) ways to reduce or eliminate head injuries and exposure to lead and

other chemicals from artificial turf fields and playground surfacing materials. The report shall be provided by MDE by September 1, 2016.

Report on Establishing a Beverage Container Deposit Program: The committees are concerned that Maryland's beverage container recycling rate could be higher. For instance, according to the Maryland Department of the Environment (MDE), Maryland recycled about 40.4% of beverage containers (including wine and beer bottles) in 2013 through a combination of curbside and drop-off recycling (down from 42.8% in 2012), while states with deposit programs generally have an average recovery rate between 70.0% and 85.0%. Therefore, the committees request that MDE and the Maryland Environmental Service (MES) jointly study establishing a beverage container deposit program or any other programs that would increase beverage container recycling and decrease beverage container waste. MDE shall submit the report to the committees by September 1, 2016.

Therefore, the committees request that the Maryland Department of the Environment (MDE), in consultation with the Department of Natural Resources, the Public Service Commission, the Maryland Energy Administration, and the Maryland Emergency Management Agency evaluate recommendations regarding operational safety mitigation strategies and emergency management planning at the State and local level. MDE shall submit a report on the evaluation.

V00D01.01 Office of the Secretary

Add the following language to the general fund appropriation:

, provided that \$1,500,000 of this appropriation made for the purpose of departmental operations may not be expended until the Department of Juvenile Services (DJS) submits the following information to the budget committees:

- (1) all written policies regarding the use of shackling youth in DJS custody, including the policies for the use of shackling within DJS facilities and at off-site locations (e.g., during transport, medical visits, court hearings, etc.);
- (2) the department's rationale for determining who, when, and for what purpose shackles are used on a youth in DJS custody;
- (3) the expressed policies or rules established by each court jurisdiction regarding the use of shackling;
- (4) the number of incidences in fiscal 2015 and 2016 where a youth in DJS custody was shackled, delineated by reason;
- (5) the age range of youth who were shackled by the department in fiscal 2015 and 2016;
- (6) all written policies regarding the use of strip searches for youth in DJS custody;
- (7) the department's rationale for determining who, when, and for what purpose a youth in DJS custody is strip searched;
- (8) the number of incidences in fiscal 2015 and 2016 where a youth in DJS custody was strip searched;
- (9) the age range of youth who were strip searched by the department in fiscal 2015 and 2016; and
- (10) the department's plans for addressing the General Assembly's expressed concerns with the existing shackling and strip search policies.

V00A

The report shall be submitted to the budget committees no later than July 15, 2016, and the budget committees shall have 45 days from the date of receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Further provided that it is the intent of the budget committees that DJS cease indiscriminate shackling and strip searches in its facilities and during transportation.

Explanation: The State's Juvenile Justice Monitoring Unit (JJMU) has, on multiple occasions, drawn attention to the current policies and practices within DJS regarding the indiscriminate shackling and strip searching of youth within the juvenile justice system. In its most recent quarterly report, JJMU quotes the Maryland Judiciary in noting that shackling "can be traumatizing and contrary to the developmentally appropriate approach to juvenile justice." The budget committees are extremely concerned with the department's current policies to shackle all children in hardware secure detention and committed placement facilities during transportation to and from court hearings, medical and educational appointments, and earned home passes, without any individualized determination of risk. Additionally, the committees are deeply troubled by the department subjecting children in DJS detention and committed placement centers to routine strip searches regardless of whether there is an individualized or reasonable suspicion that they are concealing something potentially harmful. This language restricts funds pending the receipt of information regarding the department's policies on the use of shackling and strip searching the youth in its custody. In addition, the language strongly urges DJS to cease indiscriminate shackling and strip searches in its facilities and during transportation.

Improving Education Services: The budget committees are very concerned about efforts to resolve education-related problems within the juvenile justice system. Specifically, the committees are concerned about the high number of administrative staff in comparison to educator positions, the lack of quality teachers in Department of Juvenile Services (DJS) schools, the unavailability of an adequate substitute teacher system, ongoing issues with the immediate transfer and communication of student records, and the lack of support for students transitioning in and out of the juvenile justice system. It is the intent of the budget committees that DJS work closely and continuously with the Maryland State Department of Education, in addition to any other relevant stakeholders, to urgently address these issues and pursue immediate solutions.

Improving Department of State Police Hiring: The Department of State Police (DSP) has maintained an average vacancy rate of nearly 8% over the past seven years. These vacancies, particularly among civilian positions, contribute to increased overtime expenses, neglected administrative functions, and fewer troopers available for law enforcement duties. DSP should work collaboratively with the Department of Budget and Management (DBM) to review both the internal and external hiring policies and procedures to identify potential areas that could be streamlined or modified in order to expedite filling existing vacancies and improve overall hiring within the department. The report is due to the budget committees no later than July 1, 2017.

Trooper Strength Assessment: For nearly a decade, the number of authorized positions assigned to the department has remained relatively flat. In comparison to the size of the sworn workforce in the early 1990s, the current personnel complement is over 100 positions less than it was 20 years ago. The budget committees direct the Department of State Police (DSP) to evaluate the adequacy of Maryland's current authorized trooper workforce. In completing its assessment, the department should provide information on the number of local jurisdictions that have added a local law enforcement unit in the past decade, and the impact of the role that technology has played on law enforcement responsibilities. In addition, DSP should compare the size, roles, and responsibilities of Maryland's State troopers to neighboring or similar states. The report should be submitted to the budget committees no later than September 1, 2017.

Improving Gender and Racial Diversity: The budget committees continue to be concerned with the limited gender and racial diversity among the Department of State Police (DSP) sworn officer staff. The committees request that the department submit a report detailing the continued efforts to increase diversity in hiring and promotion within sworn officer ranks. The report should provide the most recent demographic breakdown of DSP's sworn officers by rank, race, ethnicity, and gender, in addition to providing the same demographic breakdown for each new trooper training class in calendar 2015 and 2016. The report should also identify specific strategies and goals for increasing diversification among the sworn staff. A report shall be submitted by December 1, 2016, to the budget committees.

Maryland Coordination and Analysis Center Budget Appendix: It is the intent of the budget committees that the Department of State Police, in conjunction with the Maryland Coordination and Analysis Center (MCAC) and the Department of Budget and Management, continue to submit budget information that consolidates State budgetary resources to MCAC in the form of an appendix in the Maryland Budget Highlights book in fiscal 2018 and subsequent fiscal years. Budget information and the resulting appendix should include more comprehensive personnel expenditure information, including position counts, from each State agency assigned at MCAC.

Civilianization of Certain Department of State Police Functions: Certain administrative and support positions within the Department of State Police (DSP) are performed by sworn troopers and could be performed instead by lower paid civilian personnel, freeing up trooper positions for law enforcement activities. The Office of Legislative Audits (OLA) should study the personnel policies of DSP and make recommendations to the legislature on how to increase civilianization at DSP. These recommendations should include classifying each job type as best being performed by sworn personnel, civilian personnel, or either; the number of sworn trooper personnel functioning in positions that could be performed by civilian personnel; and an estimate of cost savings to be realized. The report should be submitted to the budget committees no later than November 1, 2016.

Provided that \$2,185,060 in general funds and \$342,197 \$342,917 in special funds are contingent on the enactment of SB 378 or HB 454.

Explanation: The Budget Reconciliation and Financing Act of 2015 prohibits the Administration from providing increments for State employees. The State Law Enforcement Officers Labor Alliance (SLEOLA) collectively bargained for increments and other enhanced benefits on April 1, 2016. The budget includes a deficiency appropriation to fund increments and other benefit enhancements. Budget Amendments

Amend the following section:

SECTION 2. AND BE IT FURTHER ENACTED, That in order to carry out the provisions of these appropriations the Secretary of <u>the Department of Budget</u> and Management <u>(DBM)</u> is authorized:

(a) To allot all or any portion of the funds herein appropriated to the various departments, boards, commissions, officers, schools and institutions by monthly, quarterly or seasonal periods and by objects of expense and may place any funds appropriated but not allotted in contingency reserve available for subsequent allotment. Upon the Secretary's own initiative or upon the request of the head of any State agency, the Secretary may authorize a change in the amount of funds so allotted.

The Secretary shall, before the beginning of the fiscal year, file with the Comptroller of the Treasury <u>a list limited to the appropriations restricted in this Act, to be placed in contingency reserve</u> a schedule of allotments, if any. The Comptroller shall not authorize any expenditure or obligation in excess of the allotment made and any expenditure so made shall be illegal.

- (b) To allot all or any portion of funds coming into the hands of any department, board, commission, officer, school and institution of the State, from sources not estimated or calculated upon in the budget.
- (be) The Secretary is authorized to To fix the number and classes of positions, including temporary and permanent positions, or person years of authorized employment for each agency, unit, or program thereof, not inconsistent with the Public General Laws in regard to classification of positions. The Secretary shall make such determination before the beginning of the fiscal year and shall base them on the positions or person years of employment authorized in the budget as amended by approved budgetary position actions. No payment for salaries or wages nor any request for or certification of personnel shall be made except in accordance with the Secretary's determinations. At any time during the fiscal year the Secretary may amend the number and classes of positions or person years of employment previously fixed by the Secretary; the Secretary may delegate all or part of this authority. The governing boards of public institutions of higher education shall have the authority to transfer positions between programs and campuses under each institutional board's jurisdiction without the approval of the Secretary, as provided in Section 15-105 of the Education Article.
 - (cd) To prescribe procedures and forms for carrying out the above provisions.

Explanation: This language limits the amount of appropriations that can be placed into contingency reserve to only those items restricted by the General Assembly.

Amendment No. 50

Amend the following section:

Section 17 Using Funds for Their Intended Purpose

SECTION 17. AND BE IT FURTHER ENACTED, That funds appropriated to the various State agency programs and subprograms in Comptroller Objects 0152 (Health Insurance), 0154 (Retirees Health Insurance Premiums), 0175 (Workers' Compensation), 0217 (Health Insurance), 0305 (DBM Paid Telecommunications), 0322 (Capital Lease Telecommunications), 0839 (HR Shared Services), 0874 (Office of Attorney General Administrative Fee), 0876 (DoIT IT Services Allocation), 0894 (State Personnel System Allocation), 0897 (Enterprise Budget System Allocation), and 1303 (rent paid to DGS) are to be utilized for their intended purposes only. The expenditure or transfer of these funds for other purposes requires the prior approval of the Secretary of Budget and Management. Notwithstanding any other provision of law, the Secretary of Budget and Management may transfer amounts appropriated in Comptroller Objects 0152, 0154, 0217, 0305, 0322, and 0876 between State departments and agencies by approved budget amendment in fiscal 2016 and fiscal 2017. All funds budgeted in or transferred to Comptroller Objects 0152 and 0154, and any funds restricted in this budget for use in the employee and retiree health insurance program that are unspent shall be credited to the fund as established in accordance with Section 2-516 of the State Personnel and Pensions Article of the Annotated Code of Maryland.

Further provided that each agency that receives funding in this budget in any of the restricted Comptroller Objects listed within this section shall establish within the State's accounting system a structure of accounts to separately identify for each restricted Comptroller Object, by fund source, the legislative appropriation, monthly transactions, and final expenditures. It is the intent of the General Assembly that an accounting detail be established so that the Office of Legislative Audits may review the disposition of funds appropriated for each restricted Comptroller Object as part of each closeout audit to ensure that funds are used only for the purposes for which they are restricted and that unspent funds are reverted or canceled.

Explanation: This amendment pertaining to restricted objects of expenditure is amended to disallow transfers to other purposes and makes it possible for the Office of Legislative Audits to track the disposition of funds in restricted statewide subobjects.

Add the following section:

Section 19 Employee and Retiree Health Account Reduction

SECTION 19. AND BE IT FURTHER ENACTED, That for fiscal 2017 funding for health insurance shall be reduced by \$17,531,823 \$18,819,914 in Executive Branch agencies to reflect health insurance savings due to a revised collections estimate. Funding for this purpose shall be reduced in Comptroller Object 0154 (Retirees Health Insurance) within Executive Branch agencies in fiscal 2017 by the following amounts in accordance with a schedule determined by the Governor:

Explanation: The Administration cannot reduce the Judiciary's budgets. This action applies the State employee and retiree health insurance reductions to those budgets. The legislature's budget is not reduced because it is underfunded. A separate amendment will correct the legislature's health insurance appropriation.

Amend the following section:

Section 20 Position Reduction

SECTION 20. AND BE IT FURTHER ENACTED, That the Governor shall abolish 657 <u>vacant</u> regular full-time equivalent positions, inclusive of any legislative position reductions, and reduce general funds of \$20,000,000 and special funds of \$5,000,000 in fiscal 2017. Positions and funding for this purpose shall be reduced within Executive Branch agencies in fiscal 2017 in accordance with a schedule determined by the Governor.

Explanation: The amendment requires that abolished positions be vacant. As introduced, the Governor may abolish filled positions.

Amend the following section:

Further provided that the Administration shall have the Board of Public Works approve the position abolitions before July 1, 2016. The Administration shall also provide a list of abolished positions to the budget committees and the Department of Legislative Services.

Explanation: This requires the Administration to abolish the positions before the start of fiscal 2017. It also requires the Administration to provide a list of abolished positions to the budget committees and Department of Legislative Services.

Add the following section:

Section 22 Executive Long-term Forecast

SECTION 22. AND BE IT FURTHER ENACTED, That the Governor's budget books shall include a forecast of the impact of the executive budget proposal on the long-term fiscal condition of the General Fund, the Transportation Trust Fund, and higher education Current Unrestricted Fund accounts. This forecast shall estimate aggregate revenues, expenditures, and fund balances in each account for the fiscal year last completed, the current year, the budget year, and four years thereafter. Expenditures shall be reported at such agency, program or unit levels, or categories as may be determined appropriate after consultation with the Department of Legislative Services. A statement of major assumptions underlying the forecast shall also be provided, including but not limited to general salary increases, inflation, and growth of caseloads in significant program areas.

Explanation: This annual language provides for the delivery of the executive's general fund, transportation, and higher education forecasts and defines the conditions under which they are to be provided.

Add the following section:

Section 23 Across-the-board Reductions and Higher Education

SECTION 23. AND BE IT FURTHER ENACTED, That all across-the-board reductions applied to the Executive Branch, unless otherwise stated, shall apply to current unrestricted and general funds in the University System of Maryland, St. Mary's College of Maryland, Morgan State University, and Baltimore City Community College.

Explanation: This section explicitly applies reductions intended for the full Executive Branch to the University System of Maryland, St. Mary's College of Maryland, Morgan State University, and Baltimore City Community College, unless their exclusion is specifically stated.

Add the following section:

Section 24 Chesapeake Employers' Insurance Company Fund Accounts

SECTION 24. AND BE IT FURTHER ENACTED, That the General Accounting Division of the Comptroller of Maryland shall establish a subsidiary ledger control account to debit all State agency funds budgeted under subobject 0175 (Workers' Compensation coverage) and to credit all payments disbursed to the Chesapeake Employers' Insurance Company (CEIC) via transmittal. The control account shall also record all funds withdrawn from CEIC and returned to the State and subsequently transferred to the General Fund. CEIC shall submit monthly reports to the Department of Legislative Services concerning the status of the account.

Explanation: This section provides continuation of a system to track workers' compensation payments to the CEIC Fund for payment of claims, current expenses, and funded liability for incurred losses by the State.

Add the following section:

Section 25 Reporting Federal Funds

SECTION 25. AND BE IT FURTHER ENACTED, That the Governor's budget books shall include a summary statement of federal revenues by major federal program sources supporting the federal appropriations made therein along with the major assumptions underpinning the federal fund estimates. The Department of Budget and Management (DBM) shall exercise due diligence in reporting this data and ensure that they are updated as appropriate to reflect ongoing congressional action on the federal budget. In addition, DBM shall provide to the Department of Legislative Services (DLS) data for the actual, current, and budget years listing the components of each federal fund appropriation by Catalog of Federal Domestic Assistance number or equivalent detail for programs not in the catalog. Data shall be provided in an electronic format subject to the concurrence of DLS.

Explanation: This annual language provides for consistent reporting of federal monies received by the State.

Add the following section:

Section 26 Federal Fund Spending

SECTION 26. AND BE IT FURTHER ENACTED, That in the expenditure of federal funds appropriated in this budget or subsequent to the enactment of this budget by the budget amendment process:

- (1) State agencies shall administer these federal funds in a manner that recognizes that federal funds are taxpayer dollars that require prudent fiscal management, careful application to the purposes for which they are directed, and strict attention to budgetary and accounting procedures established for the administration of all public funds.
- (2) For fiscal 2017, except with respect to capital appropriations, to the extent consistent with federal requirements:
 - when expenditures or encumbrances may be charged to either State or federal fund sources, federal funds shall be charged before State funds are charged except that this policy does not apply to the Department of Human Resources with respect to federal funds to be carried forward into future years for child welfare or welfare reform activities;
 - when additional federal funds are sought or otherwise become available in the course of the fiscal year, agencies shall consider, in consultation with the Department of Budget and Management (DBM), whether opportunities exist to use these federal revenues to support existing operations rather than to expand programs or establish new ones; and
 - (iii) DBM shall take appropriate actions to effectively establish the provisions of this section as policies of the State with respect to the administration of federal funds by executive agencies.

Explanation: This annual language defines the policies under which federal funds shall be used in the State budget.

Add the following section:

Section 27 Indirect Costs Report

SECTION 27. AND BE IT FURTHER ENACTED, That the Department of Budget and Management (DBM) shall provide an annual report on indirect costs to the General Assembly in January 2017 as an appendix in the Governor's fiscal 2018 budget books. The report must detail by agency for the actual fiscal 2016 budget the amount of statewide indirect cost recovery received, the amount of statewide indirect cost recovery transferred to the General Fund, and the

amount of indirect cost recovery retained for use by each agency. In addition, the report must list the most recently available federally approved statewide and internal agency cost-recovery rates. As part of the normal fiscal/compliance audit performed for each agency once every three years, the Office of Legislative Audits shall assess available information on the timeliness, completeness, and deposit history of indirect cost recoveries by State agencies. Further provided that for fiscal 2017, excluding the Maryland Department of Transportation, the amount of revenue received by each agency from any federal source for statewide cost recovery shall be transferred only to the General Fund and may not be retained in any clearing account or by any other means, nor may DBM or any other agency or entity approve exemptions to permit any agency to retain any portion of federal statewide cost recoveries.

Explanation: This is annual language that requires a report on indirect costs and disallows waivers of statewide cost recovery.

Amend the following language:

Section 28 Reporting on Budget Data and Organizational Charts

SECTION 28. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that all State departments, agencies, bureaus, commissions, boards, and other organizational units included in the State budget, including the Judiciary, shall prepare and submit items for the fiscal 2018 budget detailed by Comptroller subobject classification in accordance with instructions promulgated by the Comptroller of Maryland. The presentation of budget data in the Governor's budget books shall include object, fund, and personnel data in the manner provided for in fiscal 2017 except as indicated elsewhere in this Act; however, this may not preclude the placement of additional information into the budget books. For actual fiscal 2016 spending, the fiscal 2017 working appropriation, and the fiscal 2018 allowance, the budget detail shall be available from the Department of Budget and Management (DBM) automated data system at the subobject level by subobject codes and classifications for all agencies. To the extent possible, except for public higher education institutions, subobject expenditures shall be designated by fund for actual fiscal 2016 spending, the fiscal 2017 working appropriation, and the fiscal 2018 allowance. The agencies shall exercise due diligence in reporting this data and ensuring correspondence between reported position and expenditure data for the actual, current, and budget fiscal years. This data shall be made available on request and in a format subject to the concurrence of the Department of Legislative Services (DLS). Further, the expenditure of appropriations shall be reported and accounted for by the subobject classification in accordance with the instructions promulgated by the Comptroller of Maryland.

Further provided that due diligence shall be taken to accurately report full-time equivalent counts of contractual positions in the budget books. For the purpose of this count, contractual positions are defined as those individuals having an employee-employer relationship with the State. This count shall include those individuals in higher education institutions who meet this definition but are paid with additional assistance funds.

Further provided that DBM shall provide to DLS the allowance for each department, unit, agency, office, and institution, a one-page organizational chart in Microsoft Word or Adobe PDF format that depicts the allocation of personnel across operational and administrative activities of the entity.

Further provided that for each across the board reduction to appropriations or positions in the fiscal 2018 budget bill affecting fiscal 2017 or 2018, DBM shall allocate the reduction for each agency in a level of detail not less than the three-digit R*Stars financial agency code and by each fund type.

Further provided that, for fiscal 2017, any appropriations approved in this Act that are determined to be in excess of the needs of any agency or program above the aggregate estimate of \$30,000,000 in reversions may be withdrawn either through Board of Public Works, in accordance with Section 7-213 of the State Finance and Procurement Article, or through a deficiency appropriation in the fiscal 2018 budget bill.

Explanation: This annual language provides for consistent reporting of fiscal 2016, 2017, and 2018 budget data and provides for the submission of department, unit, agency, office, and institutions' organizational charts to DLS with the allowance. It also requires DBM to allocate across the board reductions to positions or funding, to ensure transparency in budget allocations approved by the General Assembly. It further requires that appropriations in fiscal 2017 that are deemed to be in excess of agency needs beyond the \$30 million assumed in the budget be withdrawn by Board of Public Works action or by deficiency appropriation.

Amendment No. 51

Amend the following language:

Section 29 Interagency Agreements

SECTION 29. AND BE IT FURTHER ENACTED, That on or before August 1, 2016, each State agency and each public institution of higher education shall report to the Department of Budget and Management (DBM) any agreements in place for any part of fiscal 2016 between State agencies and any public institution of higher education involving potential expenditures in excess of \$100,000 over the term of the agreement. Further provided that DBM shall provide direction and guidance to all State agencies and public institutions of higher education as to the procedures and specific elements of data to be reported with respect to these interagency agreements, to include at a minimum:

- (1) a common code for each interagency agreement that specifically identifies each agreement and the fiscal year in which the agreement began;
- (2) the starting date for each agreement;
- (3) the ending date for each agreement;
- a total potential expenditure, or not-to-exceed dollar amount, for the services to be rendered over the term of the agreement by any public institution of higher education to any State agency;
- (5) a description of the nature of the goods and services to be provided;
- (6) the total number of personnel, both full-time and part-time, associated with the agreement;
- (7) contact information for the agency and the public institution of higher education for the person(s) having direct oversight or knowledge of the agreement; *and*
- (8) the amount and rate of any indirect cost recovery or overhead charges assessed by the institution of higher education related to the agreement; and.
- (9) the justification submitted to DBM for indirect cost recovery rates greater than 20%.

Further provided that DBM shall submit a consolidated report to the budget committees and the Department of Legislative Services by December 1, 2016, that contains information on all agreements between State agencies and any public institution of higher education involving potential expenditures in excess of \$100,000 that were in effect at any time during fiscal 2016.

Further provided that the Secretary shall review each current higher education interagency agreement in excess of \$500,000 to determine why the services cannot be provided by the State

agencies and is, therefore, appropriate for using higher education; ensure that agencies maintain documentation of all agreements, amendments, task orders, and invoices; ensure that the overhead charges and direct service costs are not excessive; and ensure that all work performed by higher education is documented. Further provided that no new higher education interagency agreement may be entered into during fiscal 2017 without prior approval of the Secretary.

Further provided that no funds in this budget may be expended on any interagency agreement between an Executive Branch agency and any institution of higher education unless the service and/or personnel to be provided in the agreement is directly provided by that higher education institution.

Further provided that any indirect cost recovery or overhead charges of any type to be charged by higher education as part of any new or renewed interagency agreement in fiscal 2017 and thereafter may not exceed 20% of the direct cost of services.

Explanation: The language requires all State agencies and public institutions of higher education to report on all interagency agreements between State agencies and public institutions of higher education having a total potential expenditure over the term of the agreement in excess of \$100,000. This applies only to agreements for the purchase of goods and/or services and does not apply to grants or space agreements between State agencies and public institutions of higher education. The report also requires DBM to report on the justification for any interagency agreement with an indirect cost recovery rate greater than 20%. Further, it requires that DBM submit a consolidated report on all agreements by December 1, 2016, to the budget committees and the Department of Legislative Services. Review of each existing agreement above \$500,000 and approval of new agreements by the Secretary of DBM is also required. This language is modified to require direct service provision by any higher education institution, to ensure that agencies do not circumvent State procurement or personnel laws, and also limits the payment of overhead to 20% of the cost of direct services for new or renewed contracts in fiscal 2017 and thereafter.

Amendment No.

Add the following section:

Section 30 Budget Amendments

SECTION 30. AND BE IT FURTHER ENACTED, That any budget amendment to increase the total amount of special, federal, or higher education (current restricted and current unrestricted) fund appropriations, or to make reimbursable fund transfers from the Governor's Office of Crime Control and Prevention or the Maryland Emergency Management Agency, made in Section 1 of this Act shall be subject to the following restrictions:

- (1) This section may not apply to budget amendments for the sole purpose of:
 - (i) appropriating funds available as a result of the award of federal disaster assistance; and
 - (ii) transferring funds from the State Reserve Fund Economic Development Opportunities Fund for projects approved by the Legislative Policy Committee.
- Budget amendments increasing total appropriations in any fund account by \$100,000 or more may not be approved by the Governor until:
 - (i) that amendment has been submitted to the Department of Legislative Services (DLS); and
 - the budget committees or the Legislative Policy Committee have considered the amendment or 45 days have elapsed from the date of submission of the amendment. Each amendment submitted to DLS shall include a statement of the amount, sources of funds and purposes of the amendment, and a summary of the impact on regular position or contractual full-time equivalent payroll requirements.
- Unless permitted by the budget bill or the accompanying supporting documentation or by any other authorizing legislation, and notwithstanding the provisions of Section 3-216 of the Transportation Article, a budget amendment may not:
 - (i) restore funds for items or purposes specifically denied by the General Assembly;
 - (ii) fund a capital project not authorized by the General Assembly provided, however, that subject to provisions of the Transportation Article, projects of the Maryland Department of Transportation (MDOT) shall be restricted as provided in Section 1 of this Act;

- increase the scope of a capital project by an amount 7.5% or more over the approved estimate or 5.0% or more over the net square footage of the approved project until the amendment has been submitted to DLS, and the budget committees have considered and offered comment to the Governor or 45 days have elapsed from the date of submission of the amendment. This provision does not apply to MDOT; and
- (iv) provide for the additional appropriation of special, federal, or higher education funds of more than \$100,000 for the reclassification of a position or positions.
- A budget may not be amended to increase a federal fund appropriation by \$100,000 or more unless documentation evidencing the increase in funds is provided with the amendment and fund availability is certified by the Secretary of the Department of Budget and Management (DBM).
- (5) No expenditure or contractual obligation of funds authorized by a proposed budget amendment may be made prior to approval of that amendment by the Governor.
- Motwithstanding the provisions of this section, any federal, special, or higher education fund appropriation may be increased by budget amendment upon a declaration by the Board of Public Works that the amendment is essential to maintaining public safety, health, or welfare, including protecting the environment or the economic welfare of the State.
- (7) Budget amendments for new major information technology projects, as defined by Sections 3A-301 and 3A-302 of the State Finance and Procurement Article, must include an Information Technology Project Request, as defined in Section 3A-308 of the State Finance and Procurement Article.
- Further provided that the fiscal 2017 appropriation detail as shown in the Governor's budget books submitted to the General Assembly in January 2017 and the supporting electronic detail may not include appropriations for budget amendments that have not been signed by the Governor, exclusive of the MDOT pay-as-you-go capital program.
- Further provided that it is the policy of the State to recognize and appropriate additional special, higher education, and federal revenues in the budget bill as approved by the General Assembly. Further provided that for the fiscal 2018 allowance, DBM shall continue policies and procedures to minimize reliance on budget amendments for appropriations that could be included in a deficiency appropriation.

Explanation: This annual language defines the process under which budget amendments may be used.

Add the following section:

Section 31 Maintenance of Accounting Systems

SECTION 31. AND BE IT FURTHER ENACTED, That:

- The Secretary of the Department of Health and Mental Hygiene shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2016 in program M00Q01.03 Medical Care Provider Reimbursements have been disbursed for services provided in that fiscal year and shall prepare and submit the periodic reports required under this section for that program.
- (2) The State Superintendent of Schools shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2016 to program R00A02.07 Students With Disabilities for Non-Public Placements have been disbursed for services provided in that fiscal year and to prepare periodic reports as required under this section for that program.
- The Secretary of the Department of Human Resources shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2016 in program N00G00.01 Foster Care Maintenance Payments have been disbursed for services provided in that fiscal year, including detail on average monthly caseload, average monthly cost per case, and the total expended for each foster care program, and to prepare the periodic reports required under this section for that program.
- For the programs specified, reports must indicate total appropriations for fiscal 2016 and total disbursements for services provided during that fiscal year up through the last day of the second month preceding the date on which the report is to be submitted and a comparison to data applicable to those periods in the preceding fiscal year.
- Reports shall be submitted to the budget committees, the Department of Legislative Services, the Department of Budget and Management, and the Comptroller on November 1, 2016; March 1, 2017; and June 1, 2017.
- (6) It is the intent of the General Assembly that general funds appropriated for fiscal 2016 to the programs specified that have not been disbursed within a reasonable period, not to exceed 12 months from the end of the fiscal year, shall revert.

Explanation: This annual language requires the maintenance of accounting systems for certain programs, states the intent of the General Assembly that general funds not disbursed be reverted, and requires reporting of disbursements by DHMH, the Maryland State Department of Education (MSDE), and the Department of Human Resources (DHR).

Add the following section:

Section 32 Secretary's or Acting Secretary's Nomination and Salary

SECTION 32. AND BE IT FURTHER ENTACTED, That no funds in this budget may be expended to pay the salary of a Secretary or an Acting Secretary of any department whose nomination as Secretary has been rejected by the Senate or an Acting Secretary who was serving in that capacity prior to the 2016 session whose nomination for the Secretary position was not put forward and approved by the Senate during the 2016 session unless the Acting Secretary is appointed under Article II, Section 11 of the Maryland Constitution prior to July 1, 2016.

Explanation: This language ensures that the intentions of the General Assembly are reflected in the payment of executive salaries.

Add the following section:

Section 33 The "Rule of 100"

SECTION 33. AND BE IT FURTHER ENACTED, That the Board of Public Works (BPW), in exercising its authority to create additional positions pursuant to Section 7-236 of the State Finance and Procurement Article, may authorize during the fiscal year no more than 100 positions in excess of the total number of authorized State positions on July 1, 2016, as determined by the Secretary of the Department of Budget and Management (DBM). Provided, however, that if the imposition of this ceiling causes undue hardship in any department, agency, board, or commission, additional positions may be created for that affected unit to the extent that positions authorized by the General Assembly for the fiscal year are abolished in that unit or in other units of State government. It is further provided that the limit of 100 does not apply to any position that may be created in conformance with specific manpower statutes that may be enacted by the State or federal government nor to any positions created to implement block grant actions or to implement a program reflecting fundamental changes in federal/State relationships. Notwithstanding anything contained in this section, BPW may authorize additional positions to meet public emergencies

resulting from an act of God and violent acts of man that are necessary to protect the health and safety of the people of Maryland.

BPW may authorize the creation of additional positions within the Executive Branch provided that 1.25 full-time equivalent contractual positions are abolished for each regular position authorized and that there be no increase in agency funds in the current budget and the next two ubsequent budgets as the result of this action. It is the intent of the General Assembly that priority is given to converting individuals that have been in contractual positions for at least two years. Any position created by this method may not be counted within the limitation of 100 under this section.

The numerical limitation on the creation of positions by BPW established in this section may not apply to positions entirely supported by funds from federal or other non-State sources so long as both the appointing authority for the position and the Secretary of DBM certify for each position created under this exception that:

- (1) funds are available from non-State sources for each position established under this exception; and
- (2) any positions created will be abolished in the event that non-State funds are no longer available.

Further provided that this numerical limitation does not apply to 78.5 total positions in the Department of Health and Mental Hygiene's program M00L08.01 Springfield Hospital Center, program M00L11.01 John L. Gildner Regional Institute for Children and Adolescents, and program M00L05.01 Regional Institute for Children and Adolescents – Baltimore to restore the positions reduced due to privatization and bed reductions.

The Secretary of DBM shall certify and report to the General Assembly by June 30, 2017, the status of positions created with non-State funding sources during fiscal 2013 through 2017 under this provision as remaining, authorized, or abolished due to the discontinuation of funds.

Explanation: This annual language, the Rule of 100, limits the number of positions that may be added after the beginning of the fiscal year to 100 and provides for exceptions to the limit.

Section 34 Annual Report on Authorized Positions

SECTION 34. AND BE IT FURTHER ENACTED, That immediately following the close of fiscal 2016, the Secretary of the Department of Budget and Management (DBM) shall determine the total number of full-time equivalent (FTE) positions that are authorized as of the last day of fiscal 2016 and on the first day of fiscal 2017. Authorized positions shall include all positions authorized by the General Assembly in the personnel detail of the budgets for fiscal 2016 and 2017, including nonbudgetary programs, the Maryland Transportation Authority, the University System of Maryland self-supported activities, and the Maryland Correctional Enterprises.

DBM shall also prepare a report during fiscal 2017 for the budget committees upon creation of regular FTE positions through Board of Public Works action and upon transfer or abolition of positions. This report shall also be provided as an appendix in the fiscal 2018 Governor's budget books. It shall note, at the program level:

- (1) where regular FTE positions have been abolished;
- (2) where regular FTE positions have been created;
- (3) from where and to where regular FTE positions have been transferred; and
- (4) where any other adjustments have been made.

<u>Provision of contractual FTE position information in the same fashion as reported in the appendices of the fiscal 2018 Governor's budget books shall also be provided.</u>

Section 35 Annual Executive Pay Plan Report

SECTION 35. AND BE IT FURTHER ENACTED, That the Department of Budget and Management and the Maryland Department of Transportation are required to submit to the Department of Legislative Services (DLS) Office of Policy Analysis:

- a report in Excel format listing the grade, salary, title, and incumbent of each position in the Executive Pay Plan (EPP) as of July 15, 2016; October 15, 2016; January 15, 2017; and April 15, 2017; and
- (2) <u>detail on any lump-sum increases given to employees paid on the EPP subsequent to the previous quarterly report.</u>

Flat-rate employees on the EPP shall be included in these reports. Each position in the report shall be assigned a unique identifier that describes the program to which the position is assigned for budget purposes and corresponds to the manner of identification of positions within the budget data provided annually to the DLS Office of Policy Analysis.

Explanation: Legislation adopted during the 2000 session altered the structure of the EPP to give the Governor flexibility to compensate executives at appropriate levels within broad salary bands established for their positions, without reference to a rigid schedule of steps, and through other compensation methods such as a flat rate salary. These reports fulfill a requirement for documentation of any specific recruitment, retention, or other issues that warrant a pay increase.

Section 36 Positions Abolished in the Budget

SECTION 36. AND BE IT FURTHER ENACTED, That no position identification number assigned to a position abolished in this budget may be reassigned to a job or function different from that to which it was assigned when the budget was submitted to the General Assembly. Incumbents in positions abolished may continue State employment in another position.

Explanation: This language prevents employees from being moved into positions abolished in the budget. It also allows that incumbents in abolished positions may continue State employment in another position.

Section 37 Annual Report on Health Insurance Receipts and Spending

SECTION 37. AND BE IT FURTHER ENACTED, That the Secretary of the Department of Budget and Management shall include as an appendix in the fiscal 2018 Governor's budget books an accounting of the fiscal 2016 actual, fiscal 2017 working appropriation, and fiscal 2018 estimated revenues and expenditures associated with the employees' and retirees' health plan. The data in this report should be consistent with the budget data submitted to the Department of Legislative Services. This accounting shall include:

- (1) any health plan receipts received from State agencies, employees, and retirees, as well as prescription rebates or recoveries, or audit recoveries, and other miscellaneous recoveries;
- (2) any premium, capitated, or claims expenditures paid on behalf of State employees and retirees for any health, mental health, dental, or prescription plan, as well as any administrative costs not covered by these plans; and
- (3) any balance remaining and held in reserve for future provider payments.

Explanation: This language provides an accounting of the health plan revenues received and expenditures made on behalf of State employees and retirees. The language proposes that the language in the report be consistent with the budget data submitted with the budget bill.

Section 38 Historical and Projected Chesapeake Bay Restoration Spending

SECTION 38. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that the Maryland Department of Planning, the Department of Natural Resources, the Maryland Department of Agriculture, the Maryland Department of the Environment, and the Department of Budget and Management provide a report to the budget committees by December 1, 2016, on Chesapeake Bay restoration spending. The report shall be drafted subject to the concurrence of the Department of Legislative Services (DLS) in terms of both electronic format to be used and data to be included. The report should include:

- fiscal 2016 annual spending by fund, fund source, program, and State government agency; associated nutrient and sediment reduction; and the impact on living resources and ambient water quality criteria for dissolved oxygen, water clarity, and "chlorophyll a" for the Chesapeake Bay and its tidal tributaries to be submitted electronically in disaggregated form to DLS;
- (2) projected fiscal 2017 to 2025 annual spending by fund, fund source, program, and State government agency; associated nutrient and sediment reductions; and the impact on living resources and ambient water quality criteria for dissolved oxygen, water clarity, and "chlorophyll a" for the Chesapeake Bay and its tidal tributaries to be submitted electronically in disaggregated form to DLS;
- an overall framework discussing the needed regulations, revenues, laws, and administrative actions and their impacts on individuals, organizations, governments, and businesses by year from fiscal 2016 to 2025 in order to reach the calendar 2025 requirement of having all best management practices in place to meet water quality standards for restoring the Chesapeake Bay to be both written in narrative form and tabulated in spreadsheet form that is submitted electronically in disaggregated form to DLS; and
- (4) an analysis of the various options for financing Chesapeake Bay restoration including public-private partnerships, a regional financing authority, nutrient trading, technological developments, and any other policy innovations that would improve the effectiveness of Maryland and other states' efforts toward Chesapeake Bay restoration.

Explanation: This language expresses the intent that the Maryland Department of Planning (MDP), the Department of Natural Resources (DNR), the Maryland Department of Agriculture (MDA), the Maryland Department of the Environment (MDE), and the Department of Budget and Management (DBM) provide a report by December 1, 2016, on recent and projected Chesapeake Bay restoration spending and associated impacts and the overall framework to meet

the calendar 2025 requirement of having all best management practices in place to meet water quality standards for restoring the Chesapeake Bay. In addition, the language expresses the interest that the report include information on policy innovations that improve the effectiveness of Maryland and other states' efforts toward Chesapeake Bay restoration.

Section 39 Chesapeake Bay Restoration Spending

SECTION 39. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that the Department of Budget and Management, the Department of Natural Resources, and the Maryland Department of the Environment provide two reports on Chesapeake Bay restoration spending. The reports shall be drafted subject to the concurrence of the Department of Legislative Services (DLS) in terms of both electronic format to be used and data to be included. The scope of the reports is as follows:

- (1) Chesapeake Bay restoration operating and capital expenditures by agency, fund type, and particular fund source based on programs that have over 50% of their activities directly related to Chesapeake Bay restoration for the fiscal 2016 actual, fiscal 2017 working appropriation, and fiscal 2018 allowance to be included as an appendix in the Governor's fiscal 2018 budget books and submitted electronically in disaggregated form to DLS; and
- two-year milestones funding by agency, best management practice, fund type, and particular fund source along with associated nutrient and sediment reductions for fiscal 2015, 2016, 2017, and 2018 to be submitted electronically in disaggregated form to DLS.

Explanation: This language expresses the intent that the Department of Budget and Management (DBM), the Department of Natural Resources (DNR), and the Maryland Department of the Environment (MDE) provide at the time of the fiscal 2018 budget submission information on (1) Chesapeake Bay restoration spending for programs that have over 50% of their activities directly related to Chesapeake Bay restoration; and (2) two-year milestones funding.

Section 40 Regional Greenhouse Gas Initiative Revenues and Expenditures

SECTION 40. AND BE IT FURTHER ENACTED, That the Department of Budget and Management shall provide an annual report on the revenue from the Regional Greenhouse Gas Initiative (RGGI) carbon dioxide emission allowance auctions and set-aside allowances to the General Assembly in conjunction with the submission of the fiscal 2018 budget and annually thereafter as an appendix to the Governor's budget books. This report shall include information for the actual fiscal 2016 budget, fiscal 2017 working appropriation, and fiscal 2018 allowance. The report shall detail revenue assumptions used to calculate the available Strategic Energy Investment Fund (SEIF) from RGGI auctions for each fiscal year including:

- (1) the number of auctions;
- (2) the number of allowances sold;
- (3) the allowance price for both current and future (if offered) control period allowances sold in each auction;
- (4) prior year fund balance from RGGI auction revenue to support the appropriation; and
- (5) anticipated revenue from set-aside allowances.

The report shall also include detail on the amount of the SEIF from RGGI auction revenue available to each agency that receives funding through each required allocation, separately identifying any prior year fund balance for:

- (1) energy assistance;
- (2) energy efficiency and conservation programs, low- and moderate-income sector;

- (3) energy efficiency and conservation programs, all other sectors;
- renewable and clean energy programs and initiatives, education, climate change, and resiliency programs;
- (5) <u>administrative expenditures;</u>
- (6) dues owed to the RGGI, Inc.; and
- (7) transfers or diversions of revenue made to other funds.

Explanation: This annual language requires the Department of Budget and Management (DBM) to include as an appendix in the Governor's budget books for fiscal 2018 detail on the revenue assumptions for RGGI auctions budgeted in each fiscal year as well as how those revenues are distributed to various agencies. This information increases transparency, differentiates funding from the SEIF that is available from sources other than RGGI auctions, and allows for analysis of whether the allocation of RGGI auction revenue meets statutory requirements.

Section 41 Submission of the Uniform Crime Report

SECTION 41. AND BE IT FURTHER ENACTED, That \$1,000,000 of the general fund appropriation within the Department of State Police (DSP) may not be expended until DSP submits the Crime in Maryland, 2015 Uniform Crime Report (UCR) to the budget committees. The budget committees shall have 45 days to review and comment following receipt of the report. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Further provided that if DSP encounters difficulty obtaining necessary crime data on a timely basis from local jurisdictions who provide the data for inclusion in the UCR, DSP shall notify the Governor's Office of Crime Control and Prevention (GOCCP). GOCCP shall withhold a portion, totaling at least 15% but no more than 50%, of that jurisdiction's State Aid for Police Protection (SAPP) grant for fiscal 2017 upon receipt of notification from DSP. GOCCP shall withhold SAPP funds until such a time that the jurisdiction submits its crime data to DSP. DSP

and GOCCP shall submit a report to the budget committees indicating any jurisdiction from which crime data was not received on a timely basis and the amount of SAPP funding withheld from each jurisdiction.

Explanation: The annual language was originally added because DSP had not been submitting its annual crime report in a timely manner due to issues related to receiving crime data from the local jurisdictions. As such, this language withholds a portion of the general fund appropriation until the budget committees receive the 2015 UCR. The language also specifies that GOCCP, upon receipt of notification from DSP, must withhold a portion of a delinquent jurisdiction's SAPP grant until certain crime data is received by DSP. Finally, DSP and GOCCP must submit a report to the budget committees that includes information on any jurisdiction that did not report crime data on a timely basis and the amount of SAPP funding that was withheld from each jurisdiction.

Section 42 Report on Compliance with the Professional License Suspension Program

SECTION 42. AND BE IT FURTHER ENACTED, That \$100,000 of the special fund appropriation in the Motor Vehicle Administration (MVA) and \$100,000 of the special fund appropriation in the Public Service Commission (PSC) may not be expended unless MVA and PSC submit (1) a joint report by October 1, 2016, detailing how each agency plans to the status of implementation of procedures to comply with the professional license suspension program in the Department of Human Resources – Child Support Enforcement Administration (CSEA), and (2) a follow up report before December 1, 2016, with the status of implementation of procedures to comply with the professional license suspension program planned in the first report including the number of referrals made to the licensing agencies to date by CSEA in fiscal 2017 and the number of licenses suspended. The report should include planned actions to address any identified shortfalls in implementation. The budget committees shall have 45 days to review and comment.

<u>Funds</u> restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled if the reports are not submitted to the budget committees.

Explanation: CSEA refers child support obligors who are 120 days or more out of compliance with their most recent court order to licensing authorities for professional license suspension

under the professional license suspension program. In CSEA's most recent audit it was found that MVA and PSC were not suspending licenses associated with CSEA's referrals for suspension.

The language restricts \$100,000 from the special fund appropriation for both MVA and PSC until a reports are is submitted detailing how each plans to comply with the professional license suspension program by suspending licenses as appropriate and a follow up report is submitted on implementation. the status of implementation of procedures to comply with the professional license suspension program.

Add the following section:

Section 43 Improving Juvenile Education Services

SECTION 43. AND BE IT FURTHER ENACTED, That \$100,000 of the general fund appropriation within the Department of Juvenile Services (DJS) and \$100,000 of the general fund appropriation within the Juvenile Services Education (JSE) unit of the Maryland State Department of Education (MSDE) may not be expended until:

- (1) DJS and MSDE jointly submit a report to the budget committees on:
 - (a) The advancements made toward addressing the following concerns with DJS education services:
 - (i) lack of postsecondary, vocational, and work opportunities;
 - (ii) grouping classes by living unit as opposed to skill level;

House Appropriations Committee - Operating Budget, March 2016

- (iii) <u>high vacancy rates and turnover for facility staff and a lack of a substitute system;</u>
- (iv) space limitations due to the physical plant and age of the DJS facilities;
- (v) adherence to students' Individualized Education Programs;
- (vi) the potential for establishing a tuition assistance or student loan repayment program for students in higher education institutions who commit to teaching in a JSE facility and a Grow Your Own program; and
- (vii) recordkeeping and transition services between DJS facility schools and local school systems.
- (b) The mechanisms for ensuring proper communication between MSDE, DJS, and local school systems, particularly when a lack of services has been identified or a complaint has been lodged.
- (c) A detailed accounting of how the additional resources provided in the fiscal 2017 allowance have been utilized, the impact those resources have had on the delivery of education services, and the total amount of education funds allocated to each facility by funding source.
- Information on each contract between DJS and a private provider that delivers education services to committed youth, including the education services provided, the cost of those services, and the number of youth served.
- (e) The development of measures evaluating the performance of the JSE program, to include but not be limited to the following measures:
 - (i) average length of time to transition student records between a JSE school and a local school system;
 - (ii) teacher vacancy rates and length of tenure;
 - (iii) contacts with local school system liaisons to support student transition into the community;
 - (iv) students participating in postsecondary opportunities and vocational opportunities; and
 - (v) the number of classroom hours canceled due to the unavailability of a teacher or substitute.

Provided that the report shall be submitted to the budget committees no later than November 15, 2016, with follow-up reports submitted biannually; and

(2) Data for the identified performance measures shall be included in MSDE's annual Managing for Results performance measure submission beginning with the fiscal 2018 allowance submitted in January 2017.

The budget committees shall have 45 days to review and comment from the date of each submission. It is the intent of the budget committees that \$50,000 be released to each agency upon receipt and approval of the November 2016 report. The remaining \$50,000 shall be released to each agency upon satisfactory submission of the performance measure data with the fiscal 2018 allowance. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: Concerns have been raised questioning whether MSDE is providing the appropriate level of services to students in DJS facilities, particularly to students with special education needs. This language requires DJS and MSDE to work jointly to report on a regular basis to the budget committees regarding progress made toward addressing the deficiencies in the provision of education services to youth in DJS facilities. It also requires the development of performance measures to evaluate how well the program is functioning, as opposed to only evaluating student performance. The report is due by November 15, 2016, and every six months, thereafter. It is the intent of the General Assembly that Juvenile Justice Monitoring Unit may submit a response to the MSDE report by December 15, 2016.

Section 44 Heroin and Opioid Emergency Task Force Initiatives

SECTION 44. AND BE IT FURTHER ENACTED, That \$1,000,000 of the general fund appropriation in Program M00L01.02 Community Services made for the purpose of establishing a Center of Excellence for Prevention and Treatment, \$50,000 of the general fund appropriation in Program N00B00.04 General Administration – State made for the purpose of implementing

a heroin screening tool, and \$50,000 of the general fund appropriation in Program V00D02.01 Departmental Support made for the purpose of establishing a heroin screening tool may not be expended for those purposes and instead may only be transferred to Program M00L01.02 Community Services for the purpose of funding an expansion of the current substance use disorder treatment services provided in that program residential treatment services for defendants committed to the Department of Health and Mental Hygiene under Section 8-507 of the Health – General Article. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: This section fences off appropriations made to implement recommendations from the Governor's Heroin and Opioid Task Force for the purpose of establishing the Center of Excellence for Prevention and Treatment as well as implementing heroin screening tools within the Department of Human Resources (DHR) and the Department of Juvenile Services (DJS), and restricts those funds to be expended only on an expansion of the current substance use disorder treatment services provided by the State residential treatment services for defendants committed to the Department of Health and Mental Hygiene under Section 8-507 of the Health – General Article. Both DHR and DJS already have screening tools for heroin, and the Center of Excellence is not necessary.

Amendment No. 54

Add the following section:

Section 46 Maryland General Assembly Health Insurance

SECTION 46. AND BE IT FURTHER ENACTED, That the following amounts, totaling \$446,000, shall be added to the general fund appropriation for programs of the General Assembly to provide the requested amounts net of the statewide across-the-board reduction for employee and retiree health insurance:

B75A01.01 Senate	80,830
B75A01.02 House of Delegates	140,391
B75A01.03 General Legislative Expenses	1,168
B75A01.04 Office of the Executive Director	54,738
B75A01.05 Office of Legislative Audits	66,967
B75A01.06 Office of Legislative Information Systems	18,634
B75A01.07 Office of Policy Analysis	83,272
Total General Funds	446,000

Explanation: This action adds \$446,000 in general funds to the fiscal 2017 legislative budget to correct for an executive branch error in health insurance. In total the legislative budget is short \$669,000 in funding for employee health insurance, which is addressed by this action as well as foregoing the legislative share of an across-the-board \$223,000 reduction in Section 19 of the budget bill.

Add the following section:

Section 47 Weather-related Closures

SECTION 47. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that, in fiscal 2016 and 2017, the Developmental Disabilities Administration within the Department of Health and Mental Hygiene shall:

- (1) <u>determine all cost savings realized due to nonpayment to providers for weather-related closures;</u>
- (2) <u>implement a methodology to distribute funds from cost savings realized due to</u> nonpayment to providers for weather-related closures to:
 - (i) providers that experienced loss of revenue due to weather-related closures; and
 - (ii) residential service providers that experienced weather-related costs including staff overtime, resident relocation, or other costs necessary to ensure health and safety; and
- distribute, based on the proportion of financial loss reported by each provider and to the extent funds are available in the budget, all funds from cost savings realized due to nonpayment to providers for weather-related closures to providers submitting required information.

To be eligible to receive redistributed funds from cost savings realized due to nonpayment to providers for weather-related closures, a provider shall report to the department:

- (1) the date or dates of each weather-related absence for which a claim is being submitted;
- (2) <u>a detailed listing of financial losses and/or increased costs directly attributed to each</u> weather-related absence; and
- (3) an explanation of how the claimed amount of financial losses and increased costs were determined.

The department shall prepare guidelines and instructions for providers to submit weather-related claims. In addition, the department must, within 30 days after the end of the fiscal year, report to the committees the amount of funds from cost savings realized due to nonpayment to providers that is distributed to providers in fiscal 2016 and 2017.

Explanation: In fiscal 2012, the Developmental Disabilities Administration (DDA) changed its reimbursement policies with regard to absence days in residential, day, and supported employment services. Historically, DDA had paid standard daily rates to providers when individuals did not attend the fee payment system programs. Beginning July 1, 2011, DDA increased the rate for present days in these programs and reduced the number of bed hold days or absence days to residential programs to align with the Federal Center for Medicare and Medicaid Services reimbursable limit of 33 days. For day habilitation and supported employment programs, DDA eliminated payment for absence days on which matching federal funds cannot be claimed. This language expresses the intent that funds from cost savings realized due to nonpayment to providers in fiscal 2016 and 2017 for weather-related closures be distributed to providers, based on the proportion of financial loss reported by each provider and to the extent funds are available in the budget, to providers submitting required information.

Amend the following language:

, provided that \$3,000,000 of this appropriation made for the purpose of the Maryland Early Graduation Scholarship may not be expended for that purpose but instead may only be transferred as follows:

- (1) \$\frac{\$610,000}{2}\$ \$\frac{\$460,000}{2}\$ to the Maryland State Department of Education to be used for Program R00A03 Funding for Education Organizations to provide \$450,000 to the Maryland Academy of Sciences; \$150,000 to the Maryland Zoo in Baltimore; and \$10,000 to the College Bound Foundation;
- (2) contingent on enactment of SB 909 or HB 1488 and provided that no funding is included in a supplemental budget, \$100,000 \$150,000 to Program D15A0505 Governor's Office of Community Initiatives for a Request for Proposal for the Maryland Corps Program;
- (3) contingent on enactment of SB 910 or HB 1399 and provided that no funding is included in a supplemental budget, \$250,000 to the Maryland Education Development Collaborative; and
- (4) contingent on enactment of SB 676 or HB 1014 and provided that no funding is included in a supplemental budget, \$250,000 to Program R62I00.01 Maryland Higher Education Commission General Administration to engage an outside consultant to review the operations of need-based financial aid programs in the Office of Student Financial Assistance and to make recommendations as outlined in the enabling legislation; and
- (4) (5) \$2,040,000 \$1,890,000 transferred to the Education Excellence Awards Program to be used for need-based student financial aid. If funding is provided to either program any of the programs in paragraphs (2), or (3), or (4) in the a supplemental budget, the funds restricted in paragraphs (2), or (3), or (4) may also be transferred to the Education Excellence Awards Program.

Funds not expended for these restricted purposes may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

R62I00

Explanation: This language restricts \$3 million in funding for the Maryland Early Graduation Scholarship Program so that it may only be transferred by budget amendment to four five specified purposes, two three of which are contingent on legislation. If either piece of the contingent legislation is not enacted does not pass, that portion of the funding may be transferred to the fourth purpose outlined above, the Education Excellence Awards Program.

E00A Comptroller of Maryland

Supplemental Budget No. 3

REVENUE ADMINISTRATION DIVISION

Item # 7

E00A04.01 Revenue Administration

Add the following language to the general fund appropriation:

, provided that \$745,000 of this appropriation is contingent upon the enactment of SB 355 or HB 431. Further provided that \$642,600 of this appropriation made for the purpose of the Achieving a Better Life Experience (ABLE) program subtraction modification may not be used for that purpose but instead may be used only as a grant to the College Savings Plan of Maryland Board for the implementation of the ABLE program. Further provided that \$102,400 of this appropriation made for the purpose of subtraction modification may not be used for that purpose but may be used instead for one-time programming costs to implement the ABLE program. Funds not spent for these restricted purposes may not be transferred by budget amendment or otherwise for any other purpose and shall revert to the General Fund.

Explanation: This language would make the funding for the ABLE program contingent on legislation that establishes the program. Further, the language clarifies that the funds are not for the actual subtraction modification but are for the startup costs for the Office of the Comptroller and the College Savings Plan Board. Because the College Savings Plan Board is a nonbudgeted board, the funds will be provided to them in the form of a one-time grant from the Comptroller for the specified purpose.

Supplemental Budget No. 3

MAJOR INFORMATION TECHNOLOGY DEVELOPMENT PROJECT FUND

Item # 11

F50A01.01 Major Information Technology Development Project Fund

Amend the following language:

Further provided that \$13,784,449 of this appropriation made for the purpose of the Department of Human Resources (DHR) Shared Human Services Platform project may not be expended until the Department of Information Technology (DoIT) submits a report to the budget committees, in conjunction with DHR, on the status of the project. The report shall address (1) State and federal costs of the project, including an approved Advanced Planning Document; (2) the project timeline, including subsequent components such as the replacement of DHR's information technology systems; (3) procurement process; (4) agencies involved in the project, including the role of each agency and the funding provided by each agency; and (5) project governance. In addition, DoIT shall provide a standard Information Technology Project Request. The report shall be submitted to the budget committees, and the committees shall have 45 30 days to review and comment. Funds restricted pending receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: The supplemental budget provides \$13.8 million to begin the Shared Human Services Platform project. The costs of this project are expected to reach \$200 million and the project is ultimately expected to involve at least nine different agencies. The budget committees are concerned about the risks associated with a project of this size that involves this many agencies. To minimize risk, the committees encourage detailed planning about project governance, the roles of each agency, the procurement process, costs, and the project timeline. DoIT is required to report to the budget committees 45 30 days prior to the expenditures of funds.

Item # 19

M00L01.02 Community Services

Alternatives to Residential Treatment: The budget committees remain concerned about the availability of treatment options for commitments to the Department of Health and Mental Hygiene (DHMH) under Section 8-507 of the Health – General Article, especially in light of the need to place individuals into treatment in a more expedient manner. The committees request a report from DHMH and the Judiciary on the alternatives to residential treatment for commitments under Section 8-507, including the appropriateness of utilizing recovery support housing in conjunction with outpatient services to meet the needs of those individuals committed to DHMH under this procedure. The report shall be submitted by December 1, 2016.

Q00A Office of the Secretary Department of Public Safety and Correctional Services

Supplemental Budget No. 3

Item # 29

Q00A02.01 Administrative Services

Add the following language to the general fund appropriation:

, provided that \$4,000,000 of this appropriation made for the purpose of providing adequate funds for inmate services and programs related to a projected shortfall in the Inmate Welfare Fund may not be expended unless the Department of Public Safety and Correctional Services (DPSCS) receives approval from the Board of Public Works (BPW) before July 1, 2016, of a contract modification eliminating the commission from the current inmate payphone equipment and services contract. Upon approval of a contract modification, DPSCS shall provide written notice of the modification to the budget committees. Funds restricted pending approval of the contract modification may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the contract modification is not approved by BPW.

Explanation: In October 2015, the Federal Communications Commission (FCC) took action to reduce rate caps for inmate calling and limit add-on fees imposed by service providers. Several phone service providers have filed petitions with the District of Columbia Circuit to review the FCC rate caps and other inmate calling service changes, and in early March 2016, the circuit court granted a partial stay on the order, which otherwise would have gone into effect on March 17, 2016. The State's current inmate phone service contract provides for a commission paid to DPSCS, which would be significantly reduced by implementation of the FCC rate reduction order. Although the FCC order does not prohibit commissions, many states have already begun to move away from commissions. The \$4 million reduction to Inmate Welfare Fund revenue in Amendment 1 of Supplemental Budget No. 3 assumes that DPSCS will not receive a commission from the inmate phone service vendor, however a contract modification eliminating the commission has not yet been introduced to BPW. This action restricts the \$4 million in general funds to replace the anticipated reduction in Inmate Welfare Funds until BPW approves a contract modification eliminating the commission.

AID TO EDUCATION

Item #34

R00A02.01 State Share of Foundation Program

Add the following language to the general fund appropriation:

, provided that funding may only be allocated as follows:

(a) Baltimore City 12,674,305 (b) Calvert 1,090,580

Explanation: This language specifies that funding provided in Supplemental Budget No. 3 should be allocated to Baltimore City and Calvert County due to their having declining enrollment and a decrease of State education aid in fiscal 2016 or 2017. This is in addition to funding provided in the fiscal 2017 allowance for Carroll (\$4,000,000), Garrett (\$1,300,000), and Kent (\$300,000) counties for similar purposes.

Item # 36

R00A03.01 Maryland School for the Blind

Add the following language to the general fund appropriation:

, provided that this additional appropriation shall be contingent on the enactment of SB 422 or HB 709.

Explanation: This added language makes additional funding provided for the Maryland School for the Blind in Supplemental Budget No. 3 contingent upon the enactment of SB 422 or HB 709.

2014, 2015, and 2016. Funds restricted pending receipt of these reports may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the reports are not submitted to the Department of Legislative Services.

Further provided that \$1,500,000 of this appropriation made for the purpose of a disparity grant to Baltimore City may not be expended until Baltimore City submits a report demonstrating that the funding which Baltimore City received for the Maryland Center for Veterans Education and Training has been provided to the center. The report shall be submitted to the budget committees prior to disbursement of funds, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the committees.

Further provided that \$10.000.000 \$5.000.000 of this appropriation for Baltimore City may not be distributed as a grant to Baltimore City until the Maryland State Department of Education (MSDE) certifies that Baltimore City has appropriated for fiscal 2017 an additional \$10,000,000 \$5,000,000 for the Baltimore City Public Schools over the fiscal 2016 appropriation. If MSDE does not certify that Baltimore City has appropriated an additional \$10,000,000 \$5,000,000 for the school system, then the funds may not be expended for this purpose or transferred for any other purpose, and shall revert to the General Fund at the end of the fiscal vear.

Further provided that \$5,000,000 of this appropriation for Baltimore City may not

COMPTROLLER OF MARYLAND

2 Provided that \$200.000 \$150.000 of this general fund appropriation made for the 3 4 purpose of Travel and Motor Vehicles may not be used for that purpose but instead 5 may only be used to provide turnover relief 6 7 in order to improve customer service outcomes for the office. Funds not used for 8 9 this restricted purpose may not be transferred, by budget amendment or 10 otherwise, to any other purpose and shall 11 revert to the General Fund. The 12 Comptroller shall submit a report to the 13 budget committees by October 1, 2016, 14 detailing how funds will be spent and how 15 16 it will result in improved customer service. DEPARTMENT OF TRANSPORTATION

Provided that it is the intent of the General Assembly that projects and funding levels appropriated for capital projects, as well as total estimated project costs within the Consolidated Transportation Program, shall be expended in accordance with the plan approved during the legislative session. The department shall prepare a report to notify the budget committees of the proposed changes in the event that the department modifies the program to:

 $\frac{23}{24}$

- (1) add a new project to the construction program or development and evaluation program meeting the definition of a "major project" under Section 2–103.1 of the Transportation Article that was not previously contained within a plan reviewed in a prior year by the General Assembly and will result in the need to expend funds in the current budget year; or
- change the scope of a project in the construction program or development and evaluation program meeting the definition of a "major project" under Section 2–103.1 of the Transportation Article that will result in an increase of more than 10% or \$1,000,000, whichever is greater, in the total project costs as reviewed by the General Assembly during a prior session.

For each change, the report shall identify the project title, justification for adding the new project or modifying the scope of the existing project, current year funding levels, and the total project cost as approved by the General Assembly during the prior session compared with the

1	proposed current year funding and total
2	project cost estimate resulting from the
3	project addition or change in scope.
4	Further provided that notification of project
5	additions, as outlined in paragraph (1)
6	above; changes in the scope of a project, as
7	outlined in paragraph (2) above; or moving
8	projects from the development and
9	evaluation program to the construction
10	program, shall be made to the General
11	Assembly 45 days prior to the expenditure
12	of funds or the submission of any
13	contract for approval to the Board of Public
14	$\underline{\text{Works.}}$
15	The Maryland Department of Transportation
16	(MDOT) may not expend funds on any job
17	or position of employment approved in this
18	budget in excess of 9,258.5 positions and
19	40.7 contractual full-time equivalent (FTE)
20	positions paid through special payments
21	payroll (defined as the quotient of the sum
22	of the hours worked by all such employees
23	in the fiscal year divided by 2,080 hours) of
24	the total authorized amount established in
25	the budget for MDOT at any one time
26	during fiscal 2017. The level of contractual
27	FTE positions may be exceeded only if
28	MDOT notifies the budget committees of
29	the need and justification for additional
30	contractual personnel due to:
31	(1) <u>business</u> growth at the Helen
32	Delich Bentley Port of Baltimore
33	or Baltimore/ Washington
34	International Thurgood Marshall
35	Airport, which demands additional
36	personnel; or
37	(2) emergency needs that must be met,
38	such as transit security or highway
39	<u>maintenance.</u>
40	The Secretary shall use the authority under
41	Sections 2–101 and 2–102 of the
42	Transportation Article to implement this

1 2 3 4 5 6 7 8 9	provision. However, any authorized job or position to be filled above the regular position ceiling approved by the Board of Public Works shall count against the Rule of 100 imposed by the General Assembly. The establishment of new jobs or positions of employment not authorized in the fiscal 2017 budget shall be subject to Section 7–236 of the State Finance and Procurement Article and the Rule of 100.

6	aggregate outstanding and unpaid balance	
7	of these bonds and bonds of prior issues	
8	may not exceed \$2,773,900,000 as of June	
9	30, 2017. Further provided that the	
10	amount paid for debt service shall be	
11	reduced by any proceeds generated from	
12	net bond sale premiums, provided that	
13	those revenues are recognized by the	
14	<u>department</u> and reflected in the	
15	Transportation Trust Fund forecast.	
16	Further provided that the appropriation for	
17	debt service shall be reduced by any	
18	proceeds generated from net bond sale	
19	premiums. To achieve this reduction, the	
20	Maryland Department of Transportation	
21	(MDOT) may either use the proceeds from	
22	the net premium to reduce the size of the	
23	bond issuance and/or apply the proceeds

32	(2) anticipated and actual debt service	
33	payments for each outstanding	
34	nontraditional debt issuance from	
35	fiscal 2016 through 2026.	
36	Nontraditional debt is defined as any debt	
37	instrument that is not a Consolidated	
38	Transportation Bond or a Grant	
39	Anticipation Revenue Vehicle bond; such	
40	debt includes but is not limited to	

Certificates of Participation, debt backed by customer facility charges, passenger facility charges, or other revenues, and debt issued by the Maryland Economic Development Corporation or any other third party on behalf of MDOT.

1 2

The total aggregate outstanding and unpaid principal balance of nontraditional debt, defined as any debt instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond issued by MDOT, may not exceed \$609,630,000 as of June 30, 2017. Provided, however, that in addition to the limit established under this provision, MDOT may increase the aggregate outstanding unpaid and principal balance of nontraditional debt so long as:

- MDOT provides notice to the (1) Senate Budget and Taxation Committee and the House Appropriations Committee stating the specific reason for the additional issuance and providing specific information regarding the proposed issuance, including information specifying the total amount of nontraditional debt that would be outstanding on June 30, 2017, and the total amount by which the fiscal 2017 debt service payment for all nontraditional debt would increase following the additional issuance; and
- (2) the Senate Budget and Taxation
 Committee and the House
 Appropriations Committee have 45
 days to review and comment on the
 proposed additional issuance before
 the publication of a preliminary
 official statement. The Senate
 Budget and Taxation Committee
 and the House Appropriations
 Committee may hold a public

It is the intent of the General Assembly that the Department of Health and Mental Hygiene shall consider any data provided by the Managed Care Organizations and their outside actuary in the development of a calendar 2016 mid-year rate adjustment, and also to inform calendar 2017 rates in order to: bring financial stability to the HealthChoice program; and allow for enrollee access to services, improvement in the quality of care, and continued wide plan choice.

General Fund Appropriation, provided that no part of this General Fund appropriation may be paid to any physician or surgeon or any hospital, clinic, or other medical facility for or in connection with the performance of any abortion, except upon certification by a physician or surgeon, based upon his or her professional judgment that the procedure is necessary, provided one of the following conditions exists: where continuation of pregnancy is likely to result in the death of the woman; or where the woman is a victim of rape, sexual offense, or incest that has been reported to a law enforcement agency or a public health or social agency; or where it can be ascertained by the physician with a reasonable degree of medical certainty that the fetus is affected by genetic defect or serious deformity or abnormality; or where it can be ascertained by the physician with a reasonable degree of medical certainty that termination of pregnancy is medically necessary because there is substantial risk that continuation of the pregnancy could have a serious and adverse effect on the woman's present or future physical health; or before an abortion can be performed on the grounds of mental health there must be certification in writing by the physician or surgeon that

18 19 20 21 22 23 24 25 26	N00I00.04 Director's Office General Fund Appropriation, provided that since the Department of Human Resources (DHR) Family Investment Administration has had four or more repeat findings in the most recent fiscal compliance audit issued by the Office of Legislative Audits (OLA), \$100,000 of this agency's administrative appropriation may not be expended unless:	
27 28 29 30	(1) DHR has taken corrective action with respect to all repeat audit findings on or before November 1, 2016; and	
31 32 33 34 35 36 37	(2) a report is submitted to the budget committees by OLA listing each repeat audit finding along with a determination that each repeat finding was corrected. The budget committees shall have 45 days to review and comment to allow for	

1	funds to be released prior to the end		
2	<u>of fiscal 2017.</u>		
0			
3	Further provided that \$250,000 of this		
4	appropriation may not be expended until		
5	the Department of Human Resources (DHR)		
6	submits a report including the results of a		
7	weighted caseload analysis to the budget		
8	committees. The weighted caseload analysis		
9	shall consider (1) the number of public		
10	assistance cases; (2) the type of public		
11	assistance cases; and (3) the time and effort		
12	each type of public assistance case requires.		
13	The analysis shall be conducted for each		
14	jurisdiction. The report should also discuss		
15 16	whether the planned information		
16	technology modernization would allow		
17	DHR to conduct these types of analyses in		
18	the future. The report on the results of the		
19	analysis shall be submitted by May 15,		
20	2017, and the budget committees shall have		
$\frac{21}{22}$	45 days to review and comment. Funds		
	restricted pending the receipt of a report		
23	may not be transferred by budget		
24	amendment or otherwise to any other

1	STATE DEPARTMENT OF EDUC	CATION	
2	HEADQUARTERS		
3	Provided that it is the intent of the General		
4	Assembly that no individual loaned		
5	educator be engaged by the Maryland State		
6	Department of Education (MSDE) for more		
7	than six years. For loaned educators		
8	engaged in fiscal 2010, the time already		
9	served at MSDE may not be counted		
10	toward the six-year limit.		
11	Further provided that it is the intent of the		
12	General Assembly that all loaned		
13	educators submit annual financial		
14	disclosure statements, as is required for		
15	State employees in similar positions.		
16	Further provided that MSDE shall provide an		
17	annual census report on the number of		
18	loaned educator contracts and any		
19	conversion of these personnel to regular		
20	positions to the General Assembly by		
21	December 15, 2016, and every year		
22	thereafter. The annual report shall include		
23 24	job function, title, salary, fund source(s) for		
24	the contract, the first year of the contract,		
25	the number of years that the loaned		
26	educator has been employed by the State,

Further provided that a nonpublic school participating in the Aid to Non-Public Schools Program R00A03.04 shall certify compliance with Title 20, Subtitle 6 of the State Government Article. A nonpublic school participating in the program may not discriminate in student admissions on the basis of race, color, national origin, or sexual orientation. Nothing herein shall require any school or institution to adopt any rule, regulation, or policy that conflicts with its religious or moral teachings. However, all participating schools must agree that they will not discriminate in student admissions on the basis of race, color, national origin, or sexual orientation. The sole legal remedy for violation of these provisions is ineligibility for participating in the Aid to Non-Public Schools Program..

SECTION 2. AND BE IT FURTHER ENACTED, That in order to carry out the provisions of these appropriations the Secretary of <u>the Department of Budget</u> and Management (<u>DBM</u>) is authorized:

(a) To allot all or any portion of the funds herein appropriated to the various departments, boards, commissions, officers, schools and institutions by monthly, quarterly or seasonal periods and by objects of expense—and may place any funds appropriated but not—allotted—in—contingency—reserve—available—for—subsequent—allotment. Upon—the Secretary's own initiative or upon the request of the head of any State agency, the Secretary may authorize a change in the amount of funds so allotted.

The Secretary shall, before the beginning of the fiscal year, file with the Comptroller of the Treasury <u>a list limited to the appropriations restricted in this Act, to be placed in contingency reserve</u> a schedule of allotments, if any. The Comptroller shall not authorize any expenditure or obligation in excess of the allotment made and any expenditure so made shall be illegal.

- (b) To allot all or any portion of funds coming into the hands of any department, board, commission, officer, school and institution of the State, from sources not estimated or calculated upon in the budget.
- (e) (b) The Secretary is authorized to \$\overline{\text{To}}\$ fix the number and classes of positions, including temporary and permanent positions, or person years of authorized employment for each agency, unit, or program thereof, not inconsistent with the Public General Laws in regard to classification of positions. The Secretary shall make such determination before the beginning of the fiscal year and shall base them on the positions or person years of employment authorized in the budget as amended by approved budgetary position actions. No payment for salaries or wages nor any request for or certification of personnel shall be made except in accordance with the Secretary's determinations. At any time during the fiscal year the Secretary may amend the number and classes of positions or person years of employment previously fixed by the Secretary; the Secretary may delegate all or part of this authority. The governing boards of public institutions of higher education shall have the authority to transfer positions between programs and campuses under each institutional board's jurisdiction without the approval of the Secretary, as provided in Section 15–105 of the Education Article.
 - (d) (c) To prescribe procedures and forms for carrying out the above provisions.

SECTION 3. AND BE IT FURTHER ENACTED, That in accordance with Section 7–109 of the State Finance and Procurement Article of the Annotated Code of Maryland, it is the intention of the General Assembly to include herein a listing of nonclassified flat rate or per diem positions by unit of State government, job classification, the number in each job classification and the amount proposed for each classification. The Chief Judge of the Court of Appeals may make adjustments to positions contained in the Judicial portion of this section (including judges) that are impacted by changes in salary plans or by salary actions in the executive agencies.

SECTION 4. AND BE IT FURTHER ENACTED, That if any person holding an office of profit within the meaning of Article 35 of the Declaration of Rights, Constitution of Maryland, is appointed to or otherwise becomes the holder of a second office within the meaning of Article 35 of the Declaration of Rights, Constitution of Maryland, then no compensation or other emolument, except expenses incurred in connection with attendance at hearings, meetings, field trips, and working sessions, shall be paid from any funds appropriated by this bill to that person for any services in connection with the second office.

SECTION 5. AND BE IT FURTHER ENACTED, That amounts received pursuant to Sections 2–201 and 7–217 of the State Finance and Procurement Article may be expended by approved budget amendment.

SECTION 6. AND BE IT FURTHER ENACTED, That funds appropriated by this bill may be transferred among programs in accordance with the procedure provided in Sections 7–205 through 7–212, inclusive, of the State Finance and Procurement Article.

SECTION 7. AND BE IT FURTHER ENACTED, That, except as otherwise provided, amounts received from sources estimated or calculated upon in the budget in excess of the estimates for any special or federal fund appropriations listed in this bill may be made available by approved budget amendment.

SECTION 8. AND BE IT FURTHER ENACTED, That authorization is hereby granted to transfer by budget amendment General Fund amounts for the operations of State office buildings and facilities to the budgets of the various agencies and departments occupying the buildings.

SECTION 9. AND BE IT FURTHER ENACTED, That \$10,537,800 is appropriated in the various agency budgets for tort claims (including motor vehicles) under the provisions of the State Government Article, Title 12, Subtitle 1, the Maryland Tort Claims Act (MTCA). These funds are to be transferred to the State Insurance Trust Fund; these funds, together with funds appropriated in prior budgets for tort claims but unexpended, are the only funds available to make payments under the provisions of the MTCA.

- 1 (A) Tort claims for incidents or occurrences occurring after October 1, 1999, paid 2 from the State Insurance Trust Fund, are limited hereby and by State Treasurer's 3 regulations to payments of no more than \$200,000 to a single claimant for injuries 4 arising from a single incident or occurrence.
 - (B) Tort claims for incidents or occurrences occurring after July 1, 1996, and before October 1, 1999, paid from the State Insurance Trust Fund, are limited hereby and by State Treasurer's regulations to payments of no more than \$100,000 to a single claimant for injuries arising from a single incident or occurrence.
 - (C) Tort claims for incidents or occurrences resulting in death on or after July 1, 1994, and before July 1, 1996, paid from the State Insurance Trust Fund, are limited hereby and by State Treasurer's regulations to payments of no more than \$75,000 to a single claimant. All other tort claims occurring on or after July 1, 1994, and before July 1, 1996, paid from the State Insurance Trust Fund, are limited hereby and by State Treasurer's regulations to payments of no more than \$50,000 to a single claimant for injuries arising from a single incident or occurrence.
 - (D) Tort claims for incidents or occurrences occurring prior to July 1, 1994, paid from the State Insurance Trust Fund, are limited hereby and by State Treasurer's regulations to payments of no more than \$50,000 to a single claimant for injuries arising from a single incident or occurrence.

SECTION 10. AND BE IT FURTHER ENACTED, That authorization is hereby granted to transfer by budget amendment General Fund amounts, budgeted to the various State agency programs and subprograms which comprise the indirect cost pools under the Statewide Indirect Cost Plan, from the State agencies providing such services to the State agencies receiving the services. It is further authorized that receipts by the State agencies providing such services from charges for the indirect services may be used as special funds for operating expenses of the indirect cost pools.

SECTION 11. AND BE IT FURTHER ENACTED, That certain funds appropriated to the various State agency programs and subprograms in Comptroller Object 0882 (In–State Services – Computer Usage – ADC Only) shall be utilized to pay for services provided by the Comptroller of the Treasury, Data Processing Division, Computer Center Operations (E00A10.01) consistent with the reimbursement schedule provided for in the supporting budget documents. The expenditure or transfer of these funds for other purposes requires the prior approval of the Secretary of Budget and Management. Notwithstanding any other provision of law, the Secretary of Budget and Management may transfer amounts appropriated in Comptroller Object 0882 between State departments and agencies by approved budget amendment in fiscal 2017.

SECTION 12. AND BE IT FURTHER ENACTED, That, pursuant to Section 8–102 of the State Personnel and Pensions Article, the salary schedule for the executive pay plan during fiscal 2017 shall be as set forth below. Adjustments to the salary schedule may be made during the fiscal year in accordance with the provisions of Sections 8–108 and 8–109

of the State Personnel and Pensions Article. Notwithstanding the inclusion of salaries for positions which are determined by agencies with independent salary setting authority in the salary schedule set forth below, such salaries may be adjusted during the fiscal year in

accordance with such salary setting authority.

SECTION 13. AND BE IT FURTHER ENACTED, That pursuant to Section 2–103.4(h) of the Transportation Article of the Annotated Code of Maryland, the salary schedule for the Department of Transportation executive pay plan during fiscal 2017 shall be as set forth below. Adjustments to the salary schedule may be made during the fiscal year in accordance with the provisions of Section 2–103.4(h) of the Transportation Article. Notwithstanding the inclusion of salaries for positions that are determined by agencies with independent salary setting authority in the salary schedule set forth below, such salaries may be adjusted during the fiscal year in accordance with such salary setting authority.

SECTION 14. AND BE IT FURTHER ENACTED, That if a person is placed by the Departments of Health and Mental Hygiene, Human Resources, or Juvenile Services or the State Department of Education in a facility or program that becomes eligible for Medical Assistance Program (Medicaid) participation, and the Medical Assistance Program makes payment for such services, general funds equal to the general funds paid by the Medical Assistance Program to such a facility or program may be transferred from the previously mentioned departments to the Medical Assistance Program. Further, should the facility or program become eligible subsequent to payment to the facility or program by any of the previously mentioned departments, and the Medical Assistance Program makes subsequent additional payments to the facility or program for the same services, any

recoveries of overpayment, whether paid in this or prior fiscal years, shall become available to the Medical Assistance Program for provider reimbursement purposes.

SECTION 15. AND BE IT FURTHER ENACTED, That all funds appropriated to the various State departments and agencies in Comptroller Object 0831 (Office of Administrative Hearings) to conduct administrative hearings by the Office of Administrative Hearings are to be transferred to the Office of Administrative Hearings (D99A11.01) on July 1, 2016, and may not be expended for any other purpose.

SECTION 16. AND BE IT FURTHER ENACTED, That funds budgeted in the State Department of Education and the Departments of Health and Mental Hygiene, Human Resources, and Juvenile Services may be transferred by budget amendment to the Children's Cabinet Interagency Fund (R00A04.01). Funds transferred would represent costs associated with local partnership agreements approved by the Children's Cabinet Interagency Fund.

SECTION 17. AND BE IT FURTHER ENACTED, That funds appropriated to the various State agency programs and subprograms in Comptroller Objects 0152 (Health Insurance), 0154 (Retirees Health Insurance Premiums), 0175 (Workers' Compensation), 0217 (Health Insurance), 0305 (DBM Paid Telecommunications), 0322 (Capital Lease Telecommunications), 0839 (HR Shared Services), 0874 (Office of Attorney General Administrative Fee), 0876 (DoIT IT Services Allocation), 0894 (State Personnel System Allocation), 0897 (Enterprise Budget System Allocation), and 1303 (rent paid to DGS) are to be utilized for their intended purposes only. The expenditure or transfer of these funds for other purposes requires the prior approval of the Secretary of Budget and Management. Notwithstanding any other provision of law, the Secretary of Budget and Management may transfer amounts appropriated in Comptroller Objects 0152, 0154, 0217, 0305, 0322, and 0876 between State departments and agencies by approved budget amendment in fiscal 2016 and fiscal 2017. All funds budgeted in or transferred to Comptroller Objects 0152 and 0154, and any funds restricted in this budget for use in the employee and retiree health insurance program that are unspent shall be credited to the fund as established in accordance with Section 2-516 of the State Personnel and Pensions Article of the Annotated Code of Maryland.

Further provided that each agency that receives funding in this budget in any of the restricted Comptroller Objects listed within this section shall establish within the State's accounting system a structure of accounts to separately identify for each restricted Comptroller Object, by fund source, the legislative appropriation, monthly transactions, and final expenditures. It is the intent of the General Assembly that an accounting detail be established so that the Office of Legislative Audits may review the disposition of funds appropriated for each restricted Comptroller Object as part of each closeout audit to ensure that funds are used only for the purposes for which they are restricted and that unspent funds are reverted or canceled.

SECTION 18. AND BE IT FURTHER ENACTED, That all funds appropriated to the various State departments and agencies in Comptroller Object 0875 (Retirement Administrative Fee) to support the Maryland State Retirement agency operations are to be

5

transferred to the Maryland State Retirement agency (G20J01.01) on July 1, 2016, and may not be expended for any other purpose.

SECTION 19. AND BE IT FURTHER ENACTED, That for fiscal 2017 funding for health insurance shall be reduced by \$17,531,823 \$18,819,914 in Executive Branch agencies to reflect health insurance savings due to a revised collections estimate. Funding for this purpose shall be reduced in Comptroller Object 0154 (Retirees Health Insurance) within Executive Branch agencies in fiscal 2017 by the following amounts in accordance with a schedule determined by the Governor:

SECTION 20. AND BE IT FURTHER ENACTED, That the Governor shall abolish 657 <u>vacant</u> regular full-time equivalent positions, inclusive of any legislative position reductions, and reduce general funds of \$20,000,000 and special funds of \$5,000,000 in fiscal 2017. Positions and funding for this purpose shall be reduced within Executive Branch agencies in fiscal 2017 in accordance with a schedule determined by the Governor.

Further provided that the Administration shall have the Board of Public Works approve the position abolitions before July 1, 2016. The Administration shall also provide a list of abolished positions to the budget committees and the Department of Legislative Services.

SECTION 21. AND BE IT FURTHER ENACTED, That the Governor is hereby authorized to transfer by approved budget amendment from State agencies to the F50B04 Department of Information Technology (DoIT), positions and funding related to statewide enterprise services to be provided by DoIT in fiscal 2017.

SECTION 22. AND BE IT FURTHER ENACTED, That the Governor's budget books shall include a forecast of the impact of the Executive budget proposal on the long—term fiscal condition of the General Fund, the Transportation Trust Fund, and higher education Current Unrestricted Fund accounts. This forecast shall estimate aggregate revenues, expenditures, and fund balances in each account for the fiscal year last completed, the current year, the budget year, and four years thereafter. Expenditures shall be reported at such agency, program or unit levels, or categories as may be determined appropriate after consultation with the Department of Legislative Services. A statement of major assumptions underlying the forecast shall also be provided, including but not limited to general salary increases, inflation, and growth of caseloads in significant program areas.

SECTION 23. AND BE IT FURTHER ENACTED, That all across—the—board reductions applied to the Executive Branch, unless otherwise stated, shall apply to current unrestricted and general funds in the University System of Maryland, St. Mary's College

SECTION 24. AND BE IT FURTHER ENACTED, That the General Accounting Division of the Comptroller of Maryland shall establish a subsidiary ledger control account to debit all State agency funds budgeted under subobject 0175 (Workers' Compensation coverage) and to credit all payments disbursed to the Chesapeake Employers' Insurance Company (CEIC) via transmittal. The control account shall also record all funds withdrawn from CEIC and returned to the State and subsequently transferred to the General Fund. CEIC shall submit monthly reports to the Department of Legislative Services concerning the status of the account.

10 SECTION 25. AND BE IT FURTHER ENACTED, That the Governor's budget books shall include a summary statement of federal revenues by major federal program sources 11 12 supporting the federal appropriations made therein along with the major assumptions 13 underpinning the federal fund estimates. The Department of Budget and Management 14 (DBM) shall exercise due diligence in reporting this data and ensure that they are updated as appropriate to reflect ongoing congressional action on the federal budget. In addition, 15 16 DBM shall provide to the Department of Legislative Services (DLS) data for the actual, 17 current, and budget years listing the components of each federal fund appropriation by 18 Catalog of Federal Domestic Assistance number or equivalent detail for programs not in 19 the catalog. Data shall be provided in an electronic format subject to the concurrence of 20 DLS.

- 21 SECTION 26. AND BE IT FURTHER ENACTED, That in the expenditure of federal 22 funds appropriated in this budget or subsequent to the enactment of this budget by the 23 budget amendment process:
- 24 (1) State agencies shall administer these federal funds in a manner that 25 recognizes that federal funds are taxpayer dollars that require prudent fiscal management, 26 careful application to the purposes for which they are directed, and strict attention to 27 budgetary and accounting procedures established for the administration of all public funds.
 - (2) For fiscal 2017, except with respect to capital appropriations, to the extent consistent with federal requirements:
- 30 (i) when expenditures or encumbrances may be charged to either
 31 State or federal fund sources, federal funds shall be charged before State funds are charged
 32 except that this policy does not apply to the Department of Human Resources with respect
 33 to federal funds to be carried forward into future years for child welfare or welfare reform
 34 activities;
- 35 (ii) when additional federal funds are sought or otherwise become 36 available in the course of the fiscal year, agencies shall consider, in consultation with the 37 Department of Budget and Management (DBM), whether opportunities exist to use these 38 federal revenues to support existing operations rather than to expand programs or 39 establish new ones; and

(iii) DBM shall take appropriate actions to effectively establish the provisions of this section as policies of the State with respect to the administration of federal funds by executive agencies.

SECTION 27. AND BE IT FURTHER ENACTED, That the Department of Budget and Management (DBM) shall provide an annual report on indirect costs to the General Assembly in January 2017 as an appendix in the Governor's fiscal 2018 budget books. The report must detail by agency for the actual fiscal 2016 budget the amount of statewide indirect cost recovery received, the amount of statewide indirect cost recovery transferred to the General Fund, and the amount of indirect cost recovery retained for use by each agency. In addition, the report must list the most recently available federally approved statewide and internal agency cost-recovery rates. As part of the normal fiscal/compliance audit performed for each agency once every three years, the Office of Legislative Audits shall assess available information on the timeliness, completeness, and deposit history of indirect cost recoveries by State agencies. Further provided that for fiscal 2017, excluding the Maryland Department of Transportation, the amount of revenue received by each agency from any federal source for statewide cost recovery shall be transferred only to the General Fund and may not be retained in any clearing account or by any other means, nor may DBM or any other agency or entity approve exemptions to permit any agency to retain any portion of federal statewide cost recoveries.

SECTION 28. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that all State departments, agencies, bureaus, commissions, boards, and other organizational units included in the State budget, including the Judiciary, shall prepare and submit items for the fiscal 2018 budget detailed by Comptroller subobject classification in accordance with instructions promulgated by the Comptroller of Maryland. The presentation of budget data in the Governor's budget books shall include object, fund, and personnel data in the manner provided for in fiscal 2017 except as indicated elsewhere in this Act; however, this may not preclude the placement of additional information into the budget books. For actual fiscal 2016 spending, the fiscal 2017 working appropriation, and the fiscal 2018 allowance, the budget detail shall be available from the Department of Budget and Management (DBM) automated data system at the subobject level by subobject codes and classifications for all agencies. To the extent possible, except for public higher education institutions, subobject expenditures shall be designated by fund for actual fiscal 2016 spending, the fiscal 2017 working appropriation, and the fiscal 2018 allowance. The agencies shall exercise due diligence in reporting this data and ensuring correspondence between reported position and expenditure data for the actual, current, and budget fiscal years. This data shall be made available on request and in a format subject to the concurrence of the Department of Legislative Services (DLS). Further, the expenditure of appropriations shall be reported and accounted for by the subobject classification in accordance with the instructions promulgated by the Comptroller of Maryland.

Further provided that due diligence shall be taken to accurately report full—time equivalent counts of contractual positions in the budget books. For the purpose of this count, contractual positions are defined as those individuals having an employee—employer relationship with the State. This count shall include those individuals in higher education institutions who meet this definition but are paid with additional assistance funds.

Further provided that DBM shall provide to DLS the allowance for each department, unit, agency, office, and institution, a one-page organizational chart in Microsoft Word or Adobe PDF format that depicts the allocation of personnel across operational and administrative activities of the entity.

Further provided that for each across the board reduction to appropriations or positions in the fiscal 2018 budget bill affecting fiscal 2017 or 2018, DBM shall allocate the reduction for each agency in a level of detail not less than the three-digit R*Stars financial agency code and by each fund type.

Further provided that, for fiscal 2017, any appropriations approved in this Act that are determined to be in excess of the needs of any agency or program above the aggregate estimate of \$30,000,000 in reversions may be withdrawn either through Board of Public Works, in accordance with Section 7–213 of the State Finance and Procurement Article, or through a deficiency appropriation in the fiscal 2018 budget bill.

SECTION 29. AND BE IT FURTHER ENACTED, That on or before August 1, 2016, each State agency and each public institution of higher education shall report to the Department of Budget and Management (DBM) any agreements in place for any part of fiscal 2016 between State agencies and any public institution of higher education involving potential expenditures in excess of \$100,000 over the term of the agreement. Further provided that DBM shall provide direction and guidance to all State agencies and public institutions of higher education as to the procedures and specific elements of data to be reported with respect to these interagency agreements, to include at a minimum:

- 22 (1) a common code for each interagency agreement that specifically 23 identifies each agreement and the fiscal year in which the agreement began;
- 24 (2) the starting date for each agreement;
- 25 (3) the ending date for each agreement;
- 26 (4) a total potential expenditure, or not-to-exceed dollar amount, for the services to be rendered over the term of the agreement by any public institution of higher education to any State agency;
 - (5) a description of the nature of the goods and services to be provided;
- 30 (6) the total number of personnel, both full-time and part-time, associated 31 with the agreement;
- 32 (7) contact information for the agency and the public institution of higher 33 education for the person(s) having direct oversight or knowledge of the agreement; and
- 34 (8) the amount and rate of any indirect cost recovery or overhead charges assessed by the institution of higher education related to the agreement; and.

1 (9) the justification submitted to DBM for indirect cost recovery rates 2 greater than 20%.

Further provided that DBM shall submit a consolidated report to the budget committees and the Department of Legislative Services by December 1, 2016, that contains information on all agreements between State agencies and any public institution of higher education involving potential expenditures in excess of \$100,000 that were in effect at any time during fiscal 2016.

Further provided that the Secretary shall review each current higher education interagency agreement in excess of \$500,000 to determine why the services cannot be provided by the State agencies and is, therefore, appropriate for using higher education; ensure that agencies maintain documentation of all agreements, amendments, task orders, and invoices; ensure that the overhead charges and direct service costs are not excessive; and ensure that all work performed by higher education is documented. Further provided that no new higher education interagency agreement may be entered into during fiscal 2017 without prior approval of the Secretary.

Further provided that no funds in the budget may be expended on any interagency agreement between an Executive Branch agency and any institution of higher education unless the service and/or personnel to be provided in the agreement is directly provided by that higher education institution.

Further provided that any indirect cost recovery or overhead charges of any type to be charged by higher education as part of any new or renewed interagency agreement in fiscal 2017 and thereafter may not exceed 20% of the direct cost of services.

SECTION 30. AND BE IT FURTHER ENACTED, That any budget amendment to increase the total amount of special, federal, or higher education (current restricted and current unrestricted) fund appropriations, or to make reimbursable fund transfers from the Governor's Office of Crime Control and Prevention or the Maryland Emergency Management Agency, made in Section 1 of this Act shall be subject to the following restrictions:

- 29 (1) This section may not apply to budget amendments for the sole purpose 30 of:
- 31 (i) appropriating funds available as a result of the award of federal 32 disaster assistance; and
- 33 (ii) <u>transferring funds from the State Reserve Fund Economic</u> 34 <u>Development Opportunities Fund for projects approved by the Legislative Policy</u> 35 Committee.
- 36 (2) <u>Budget amendments increasing total appropriations in any fund</u> 37 <u>account by \$100,000 or more may not be approved by the Governor until:</u>

welfare of the State.

$\frac{1}{2}$	(i) that amendment has been submitted to the Department of Legislative Services (DLS); and
3 4 5 6 7	(ii) the budget committees or the Legislative Policy Committee have considered the amendment or 45 days have elapsed from the date of submission of the amendment. Each amendment submitted to DLS shall include a statement of the amount, sources of funds and purposes of the amendment, and a summary of the impact on regular position or contractual full—time equivalent payroll requirements.
8 9 10	(3) <u>Unless permitted by the budget bill or the accompanying supporting documentation or by any other authorizing legislation, and notwithstanding the provisions of Section 3–216 of the Transportation Article, a budget amendment may not:</u>
11 12	(i) restore funds for items or purposes specifically denied by the General Assembly;
13 14 15 16	(ii) fund a capital project not authorized by the General Assembly provided, however, that subject to provisions of the Transportation Article, projects of the Maryland Department of Transportation (MDOT) shall be restricted as provided in Section 1 of this Act;
17 18 19 20 21	(iii) increase the scope of a capital project by an amount 7.5% or more over the approved estimate or 5.0% or more over the net square footage of the approved project until the amendment has been submitted to DLS, and the budget committees have considered and offered comment to the Governor or 45 days have elapsed from the date of submission of the amendment. This provision does not apply to MDOT; and

29 30 31	(5) No expenditure or contractual obligation of funds authorized by a proposed budget amendment may be made prior to approval of that amendment by the Governor.
32 33 34 35	(6) Notwithstanding the provisions of this section, any federal, special, or higher education fund appropriation may be increased by budget amendment upon a declaration by the Board of Public Works that the amendment is essential to maintaining public safety, health, or welfare, including protecting the environment or the economic

- 1 (7) Budget amendments for new major information technology projects, as 2 defined by Sections 3A–301 and 3A–302 of the State Finance and Procurement Article, 3 must include an Information Technology Project Request, as defined in Section 3A–308 of 4 the State Finance and Procurement Article.
- 5 (8) Further provided that the fiscal 2017 appropriation detail as shown in the Governor's budget books submitted to the General Assembly in January 2017 and the supporting electronic detail may not include appropriations for budget amendments that have not been signed by the Governor, exclusive of the MDOT pay—as—you—go capital program.
- 10 (9) Further provided that it is the policy of the State to recognize and appropriate additional special, higher education, and federal revenues in the budget bill as approved by the General Assembly. Further provided that for the fiscal 2018 allowance, DBM shall continue policies and procedures to minimize reliance on budget amendments for appropriations that could be included in a deficiency appropriation.

(6) It is the intent of the General Assembly that general funds appropriated for fiscal 2016 to the programs specified that have not been disbursed within a reasonable period, not to exceed 12 months from the end of the fiscal year, shall revert.

SECTION 32. AND BE IT FURTHER ENACTED, That no funds in this budget may be expended to pay the salary of a Secretary or an Acting Secretary of any department whose nomination as Secretary has been rejected by the Senate or an Acting Secretary who was serving in that capacity prior to the 2016 session whose nomination for the Secretary position was not put forward and approved by the Senate during the 2016 session unless the Acting Secretary is appointed under Article II, Section 11 of the Maryland Constitution prior to July 1, 2016.

SECTION 33. AND BE IT FURTHER ENACTED, That the Board of Public Works (BPW), in exercising its authority to create additional positions pursuant to Section 7–236 of the State Finance and Procurement Article, may authorize during the fiscal year no more than 100 positions in excess of the total number of authorized State positions on July 1, 2016, as determined by the Secretary of the Department of Budget and Management (DBM). Provided, however, that if the imposition of this ceiling causes undue hardship in any department, agency, board, or commission, additional positions may be created for that affected unit to the extent that positions authorized by the General Assembly for the fiscal year are abolished in that unit or in other units of State government. It is further provided that the limit of 100 does not apply to any position that may be created in conformance with specific manpower statutes that may be enacted by the State or federal government nor to any positions created to implement block grant actions or to implement a program reflecting fundamental changes in federal/State relationships. Notwithstanding anything contained in this section. BPW may authorize additional positions to meet public emergencies resulting from an act of God and violent acts of man that are necessary to protect the health and safety of the people of Maryland.

BPW may authorize the creation of additional positions within the Executive Branch provided that 1.25 full—time equivalent contractual positions are abolished for each regular position authorized and that there be no increase in agency funds in the current budget and the next two subsequent budgets as the result of this action. It is the intent of the General Assembly that priority is given to converting individuals that have been in contractual positions for at least two years. Any position created by this method may not be counted within the limitation of 100 under this section.

The numerical limitation on the creation of positions by BPW established in this section may not apply to positions entirely supported by funds from federal or other non–State sources so long as both the appointing authority for the position and the Secretary of DBM certify for each position created under this exception that:

- 38 (1) <u>funds are available from non–State sources for each position</u> 39 established under this exception; and
- 40 (2) any positions created will be abolished in the event that non–State 41 funds are no longer available.

1	Further provided that this numerical limitation does not apply to 78.5 total positions

Flat—rate employees on the EPP shall be included in these reports. Each position in the report shall be assigned a unique identifier that describes the program to which the position is assigned for budget purposes and corresponds to the manner of identification of positions within the budget data provided annually to the DLS Office of Policy Analysis.

SECTION 36. AND BE IT FURTHER ENACTED, That no position identification number assigned to a position abolished in this budget may be reassigned to a job or function different from that to which it was assigned when the budget was submitted to the General Assembly. Incumbents in positions abolished may continue State employment in another position.

SECTION 37. AND BE IT FURTHER ENACTED, That the Secretary of the
Department of Budget and Management shall include as an appendix in the fiscal 2018
Governor's budget books an accounting of the fiscal 2016 actual, fiscal 2017 working
appropriation, and fiscal 2018 estimated revenues and expenditures associated with the
employees' and retirees' health plan. The data in this report should be consistent with the
budget data submitted to the Department of Legislative Services. This accounting shall
include:

- 18 (1) any health plan receipts received from State agencies, employees, and
 19 retirees, as well as prescription rebates or recoveries, or audit recoveries, and other
 20 miscellaneous recoveries;
- 21 (2) any premium, capitated, or claims expenditures paid on behalf of State 22 employees and retirees for any health, mental health, dental, or prescription plan, as well 23 as any administrative costs not covered by these plans; and
- 24 (3) any balance remaining and held in reserve for future provider 25 payments.

26 SECTION 38. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that the Maryland Department of Planning, the Department of Natural 27 Resources, the Maryland Department of Agriculture, the Maryland Department of the 28 29 Environment, and the Department of Budget and Management provide a report to the budget committees by December 1, 2016, on Chesapeake Bay restoration spending. The 30 report shall be drafted subject to the concurrence of the Department of Legislative Services 31 32 (DLS) in terms of both electronic format to be used and data to be included. The report 33 should include:

(1) fiscal 2016 annual spending by fund, fund source, program, and State government agency; associated nutrient and sediment reduction; and the impact on living resources and ambient water quality criteria for dissolved oxygen, water clarity, and "chlorophyll a" for the Chesapeake Bay and its tidal tributaries to be submitted electronically in disaggregated form to DLS;

- 1 (2)projected fiscal 2017 to 2025 annual spending by fund, fund source, 2 program, and State government agency; associated nutrient and sediment reductions; and the impact on living resources and ambient water quality criteria for dissolved oxygen, 3 4 water clarity, and "chlorophyll a" for the Chesapeake Bay and its tidal tributaries to be submitted electronically in disaggregated form to DLS; 5
- 6 an overall framework discussing the needed regulations, revenues, (3) 7 laws, and administrative actions and their impacts on individuals, organizations, governments, and businesses by year from fiscal 2016 to 2025 in order to reach the calendar 8 9 2025 requirement of having all best management practices in place to meet water quality standards for restoring the Chesapeake Bay to be both written in narrative form and 10 tabulated in spreadsheet form that is submitted electronically in disaggregated form to 11 12 DLS: and
- 13 an analysis of the various options for financing Chesapeake Bay **(4)** 14 restoration including public-private partnerships, a regional financing authority, nutrient 15 trading, technological developments, and any other policy innovations that would improve 16 the effectiveness of Maryland and other states' efforts toward Chesapeake Bay restoration.
- 17 SECTION 39. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that the Department of Budget and Management, the Department of Natural 18 Resources, and the Maryland Department of the Environment provide two reports on 19 20 Chesapeake Bay restoration spending. The reports shall be drafted subject to the 21 concurrence of the Department of Legislative Services (DLS) in terms of both electronic 22 format to be used and data to be included. The scope of the reports is as follows:
- (1) Chesapeake Bay restoration operating and capital expenditures by 24 agency, fund type, and particular fund source based on programs that have over 50% of their activities directly related to Chesapeake Bay restoration for the fiscal 2016 actual, fiscal 2017 working appropriation, and fiscal 2018 allowance to be included as an appendix in the Governor's fiscal 2018 budget books and submitted electronically in disaggregated form to DLS; and

27 SECTION 47. AND BE IT FURTHER ENACTED, That it is the intent of the General 28 Assembly that, in fiscal 2016 and 2017, the Developmental Disabilities Administration 29 within the Department of Health and Mental Hygiene shall:

- 30 (1) <u>determine all cost savings realized due to nonpayment to providers for</u> 31 <u>weather-related closures;</u>
- 32 (2) implement a methodology to distribute funds from cost savings realized 33 due to nonpayment to providers for weather—related closures to:
- 34 <u>(i) providers that experienced loss of revenue due to 35 weather-related closures; and</u>
- 36 (ii) residential service providers that experienced weather—related 37 costs including staff overtime, resident relocation, or other costs necessary to ensure health 38 and safety; and

2526

- 1 (3) <u>distribute, based on the proportion of financial loss reported by each</u>
 2 <u>provider and to the extent funds are available in the budget, all funds from cost savings</u>
 3 <u>realized due to nonpayment to providers for weather-related closures to providers</u>
 4 <u>submitting required information.</u>
- To be eligible to receive redistributed funds from cost savings realized due to nonpayment to providers for weather—related closures, a provider shall report to the department:
- 8 (1) the date or dates of each weather—related absence for which a claim is 9 being submitted;
- 10 (2) a detailed listing of financial losses and/or increased costs directly attributed to each weather—related absence; and
- 12 (3) an explanation of how the claimed amount of financial losses and 13 increased costs were determined.
- The department shall prepare guidelines and instructions for providers to submit
 weather-related claims. In addition, the department must, within 30 days after the end of
 the fiscal year, report to the committees the amount of funds from cost savings realized due
 to nonpayment to providers that is distributed to providers in fiscal 2016 and 2017.
- SECTION 22. 48. AND BE IT FURTHER ENACTED, That numerals of this bill showing subtotals and totals are informative only and are not actual appropriations. The actual appropriations are in the numerals for individual items of appropriation. It is the legislative intent that in subsequent printings of the bill the numerals in subtotals and totals shall be administratively corrected or adjusted for continuing purposes of information, in order to be in arithmetic accord with the numerals in the individual items.
 - SECTION 23. 49. AND BE IT FURTHER ENACTED, That pursuant to the provisions of Article III, Section 52(5a) of the Maryland Constitution, the following total of all proposed appropriations and the total of all estimated revenues available to pay the appropriations for the 2017 fiscal year are submitted.
