**Fiscal 2017 Budget
Budget Bill (SB 190) as
Amended by the House Appropriations Committee**

- 1. Achieves Structural Balance with Budget Growth under Spending Affordability Guidelines** – Improving revenues and modest expenditure growth result in structural balance in fiscal 2016 and 2017. Ongoing general fund revenues exceed ongoing expenditures by \$147.0 million in fiscal 2017. Growth in total State spending, excluding reserve fund appropriations, is 4.6%. This budget growth is lower than the 4.85% growth guideline recommended by the Spending Affordability Committee and less than the average forecasted growth in Maryland’s personal income across calendar 2016 and 2017.
- 2. Increases Cash Balances** – Budget actions result in a fiscal 2017 general balance of over \$400.0 million. The Rainy Day Fund balance exceeds \$1.0 billion. The combined balances are over 8.0% of general fund revenues. Current budget forecasts indicate that these cash balances are sufficient to balance the general fund budget through fiscal 2020 while maintaining a 5.0% Rainy Day balance.
- 3. Maintains the State’s Commitment to the Public Schools** – Under the committee’s budget proposal, State support for the public schools will be over \$6.3 billion. Distributions to local school systems will increase an estimated \$147.0 million, or 2.7%. This increase reflects full funding of the mandated education formulas including the Geographic Cost of Education Index. The budget also includes \$19.4 million for five school systems that have lost enrollment and aid in recent years. An additional \$19.0 million in budgetary savings is restricted for grants to help school systems fund the increase in their share of teachers’ retirement costs.
- 4. Funds All Statutory Requirements and Several Significant Initiatives** – The fiscal 2017 budget fully meets statutory requirements for funding. In addition, there is \$15.0 million to assist with the transition to a new Prince George’s County Regional Medical System, \$21.5 million for strategic demolition neighborhood revitalization projects across the State, a significant increase in critical maintenance

funding to preserve State facilities, and \$2.0 million in new funding for the Rural Maryland Prosperity Investment Fund to support rural entrepreneurship and community development.

5. **Provides Sufficient Funds to Keep Higher Education Tuition Increases Low** – State support for Maryland’s colleges and universities increases about 6.0% allowing undergraduate tuition rates to increase a modest 2.0%. Community colleges will receive an additional \$14.0 million in aid – an increase of 5.4% and aid for private colleges and universities increases \$8.0 million.
6. **Continues to Provide Vital Health Care Services** – Total funding for the Medicaid program approaches \$10.0 billion, including \$346.0 million for rate increases for health care providers. In addition, the House Appropriations Committee has restricted budgetary savings for moving physician rates closer to Medicare rates in an effort to strengthen the provider network. Expanded Medicaid coverage under the federal Affordable Care Act has resulted in about 1.2 million of our residents having access to health care through the program. Funding for the developmentally disabled grows by over \$63.0 million, including \$36.0 million for the required 3.5% community provider increase.
7. **Focuses Resources on Substance Abuse Treatment and Opioid Addiction** – Spending on substance abuse disorders increases by \$12.1 million, including \$4.3 million for new and expanded services and treatment for individuals with a substance abuse disorder, \$3.7 million for initiatives recommended by the Governor’s Heroin and Opioid Emergency Task Force, and \$4.1 million to increase the number of placements available for court commitments to treatment under Section 8-507 of the Health – General Article. A rate increase of 2.0% is funded for all behavioral health providers.
8. **Recognizes Efforts of State Workforce** – This year’s budget includes funds for State employee merit increases. Sworn police officers will also receive a general salary increase and additional step increases for those officers employed during recent years, in which State employees did not receive step increases.

⁽¹⁾ The House Appropriations Committee reduced the allowance by \$131.6 million but provided authorization for those funds to be used for a variety of purposes. However, spending the \$131.6 million is at the discretion of the Governor.

⁽²⁾ Includes the Sustainable Communities Tax Credit Reserve Fund.

Note: The fiscal 2016 adjusted working appropriation includes \$207.3 million in deficiencies, \$371.6 million in targeted reversions, and House Appropriations Committee reductions to the deficiencies. The fiscal 2017 allowance reflects \$12.2 million in reductions from Section 19 and \$20.0 million in reductions from Section 20 of the budget bill (SB 190).

Technical Amendment

No. **1**

**DB01
Historic St. Mary’s City Commission**

DB01A Historic St. Mary’s City Commission Dove Pier \$ 300,000

Add the following language:

DB01 HISTORIC ST. MARY’S CITY COMMISSION
(St. Mary’s County)

(A) Dove Pier. Provide funds for the acquisition, planning, design, construction, repair, renovation, reconstruction, and capital equipping of the Dove Pier..... 300,000

<u>Allowance</u>	<u>Change</u>	<u>Authorization</u>
0	300,000	300,000

Explanation: This action adds an authorization for the Dove Pier project of the Historic St. Mary’s City Commission.

DB01B Historic St. Mary’s City Commission Visitor Center..... \$ 155,000

Add the following language:

(B) Visitor Center. Provide funds for the acquisition, planning, design, construction, repair, renovation, reconstruction, and capital equipping of the Visitor Center 155,000

<u>Allowance</u>	<u>Change</u>	<u>Authorization</u>
0	155,000	155,000

DB01

Explanation: This action adds an authorization for the visitor center project for the Historic St. Mary's City Commission.

DE0201
General State Facilities
Board of Public Works

DE0201A Facilities Renewal Fund \$ 0

Allowance
15,000,000

Change
-15,000,000

Authorization
0

Explanation: This action deletes the funds for the Facilities Renewal Program because the funding is provided in the State Reserve Fund.

DE0202
Public School Construction
Board of Public Works

DE0202A Aging Schools Program..... \$ 0

<u>Allowance</u>	<u>Change</u>	<u>Authorization</u>
6,109,000	-6,109,000	0

Explanation: This action deletes the general obligation bond funding for the Aging Schools Program. This program is replaced with funding in the State Reserve Fund.

DE0202D Supplemental Capital Grant Program for Local School Systems.... \$ 40,000,000

<u>Allowance</u>	<u>Change</u>	<u>Authorization</u>
20,000,000	20,000,000	40,000,000

Explanation: This action authorizes \$20,000,000 in additional general obligation bond funding for the Supplemental Capital Grant Program.

FB04
Department of Information Technology

FB04A Public Safety Communications System..... \$ 5,810,000

<u>Allowance</u>	<u>Change</u>	<u>Authorization</u>
15,000,000	4,310,000	-19,310,000
	-9,190,000	5,810,000

Explanation: To accommodate lower general obligation bond authorization levels, the Department of Budget and Management (DBM) has revised the staged build-out schedule and reduced funding for this project from what was previously scheduled. Increasing the authorization and keeping the project on schedule is projected to reduce total project costs by \$4 million. DBM advises that the system will “correct existing emergency communications deficiencies” and “thereby minimizing the loss of life and property.” ~~This provides an additional \$4 million, which along with \$9 million appropriated in the operating budget provides sufficient funding to keep this project on schedule and reduce total project costs.~~ *This action reduces the authorization to the level proposed by the Administration.*

Amendment No.

LA15
Office of Resource Conservation
Department of Agriculture

LA15A Maryland Agricultural Cost-Share Program..... \$ 0

<u>Allowance</u>	<u>Change</u>	<u>Authorization</u>
6,000,000	-6,000,000	0

Explanation: This action deletes the \$6,000,000 general obligation bond authorization for the Maryland Agricultural Cost-Share Program. Instead, there is an equivalent amount of funding allocated for the program in the State Reserve Fund.

MA01
Office of the Secretary
Department of Health and Mental Hygiene

MA01C Rosewood Property Abatement \$ 700,000

Add the following language:

(C) Rosewood Property Environmental Abatement. Provide funds to design the environmental abatement of Rosewood property..... 700,000

<u>Allowance</u>	<u>Change</u>	<u>Authorization</u>
0	700,000	700,000

Explanation: This language adds an authorization to design the environmental abatement of Rosewood property.

Committee Narrative

Rosewood Memorandum of Understanding: and Stevenson University Contract: The committees are concerned about the status of the Rosewood property. There have been discussions between Stevenson University and the Department of Health and Mental Hygiene (DHMH) regarding the transfer of Parcel 1 of the property to Stevenson University. Stevenson University has been apprehensive to acquire the property due to concerns about abatement of the adjacent parcels. ~~The committees request the Department of Budget and Management (DBM), Stevenson University, and DHMH to develop a Memorandum of Understanding (MOU) related to the transfer of property to the university and the rights and responsibilities for the abatement. The committees request that the MOU be submitted to the budget committees within 30 days of execution. Should Stevenson University and the State enter into a contractual relationship related to the transfer of property to the university and the rights and responsibilities for the abatement, the committees request that the contract be submitted to the budget committees within 30 days of execution.~~

QT04A Demolition of Buildings at the Baltimore City Correctional
Complex..... \$ 0

<u>Allowance</u>	<u>Change</u>	<u>Authorization</u>
16,581,000	-16,581,000	0

Explanation: This action removes funding for demolition of buildings at the Baltimore City Correctional Complex. A portion of the funding for this project will instead be provided as pay-as-you-go funding in the State Reserve Fund in fiscal 2017, and the remainder is added to the fiscal 2018 pre-authorization.

QT04B New Baltimore Justice Center \$ 0

<u>Allowance</u>	<u>Change</u>	<u>Authorization</u>

RB21A Central Electric Substation and Electrical Infrastructure Upgrades ... \$ 5,000,000

<u>Allowance</u>	<u>Change</u>	<u>Authorization</u>
5,000,000	-1,500,000	-3,500,000
	0	5,000,000

Explanation: ~~This reduces State general obligation bond support by \$1.5 million. A second action requests a report for the University of Maryland, Baltimore to determine how it will cost share this project. This action restores the State general obligation bond support of \$5 million, which is the level provided in the bill as introduced.~~

Amendment No.

3

Committee Narrative

~~**Report on Cost Sharing the Electrical Substation Project:** The budget committees are concerned by the appearance of the University of Maryland, Baltimore's (UMB) new, large capital project in the 2016 Capital Improvement Plan, the electrical substation project, despite ongoing need for new or renovated academic buildings across higher education. UMB should submit a report by December 1, 2016, on how it will cost share this project between State and institutional funds.~~

RB31
University of Maryland Baltimore County
University System of Maryland

RB31A Interdisciplinary Life Sciences Building \$ 7,640,000

Add the following language:

Interdisciplinary Life Sciences Building. Provide funds to continue design of a new academic facility for interdisciplinary life sciences at the University of Maryland Baltimore County, provided that notwithstanding Section 6 of this Act, work may commence on this project prior to the appropriation of all funds necessary to complete this project.....

Allowance

University System of Maryland

Committee Narrative

Revising Research Space Guidelines: Public four-year institutions are required to annually submit their current space inventories through the Facilities Inventory Report to the Maryland Higher Education Commission (MHEC). This data is used as the basis to calculate the current and projected academic and research space needs of an institution. While the academic space standards were reevaluated and revised in fiscal 2009, the research space guidelines have not been reevaluated or revised since being developed in fiscal 1999 and, therefore, are not reflective of current research practices such as the increase in collaborative research between disciplines or do not account for the varying research space needs of programs, which can range from computer workstations to a large engineering laboratory. When comparing the results of Maryland’s model to that used by other systems or institutions, the Maryland model greatly over estimates the needed research space. Therefore, the budget committees request that the University System of Maryland (USM), MHEC, the Department of Budget and Management (DBM), and Morgan State University (MSU) develop and recommend research space guidelines that more accurately reflect the space needs for researchers. The report should be submitted to the budget committees by December 15, 2016.

Maryland Hospital Association

Committee Narrative

Maryland Hospital Association Grant Program Encumbrances and Expenditures: The past couple years have included de-authorizations of entire projects contained within the Maryland Hospital Association (MHA) Private Hospital Grant Program due to concerns surrounding the All-payer Model Contract and its effect on capital projects and priorities. Currently, the Department of Budget and Management does not include data on the amount of encumbrances and the amount expended to date for this grant and loan program in the capital worksheets, nor does MHA include this information in its annual submission requesting funds from the Governor. The budget committees request a report detailing the amounts encumbered, unencumbered, and expended to date of all MHA Private Hospital Grant Program projects. Further, the budget committees request that this data be included in the capital worksheets submitted in support of the Governor’s annual capital budget.

Committee Narrative

Local Jails and Detention Centers Population Statistics Report: As overseer of the Local Jails and Detention Center Capital Improvement Program, the committees direct the Department of Public Safety and Correctional Services (DPSCS), on an annual basis, to coordinate the submission of local jail and detention center population statistics on behalf of the counties and provide that information in a report to the budget committees. At a minimum the report shall include:

- the operational capacity for each facility, making note of specialized population beds that cannot be used by general population inmates;
- the total average daily population for the fiscal year for total population and separated by male and female offenders;
- the number of days the population exceeded operational capacity;
- the most consecutive days the population exceeded capacity;
- the range in the number of inmates exceeding operational capacity;
- the average amount the population exceeded capacity; and
- the peak inmate population.

Receipt of this information for every county on an annual basis would allow the General Assembly, the Department of Budget and Management, DPSCS, and the counties to better assess local jail and detention center capital needs. The report shall be submitted to the budget committees no later than September 1, 2016, and annually thereafter.

27	fund for this purpose (Montgomery County)	403,000
28	(B) Prince George's County Correctional Center. Provide a grant to	
29	the County Executive and County Council of Prince George's	
30	County to design, construct, and equip renovations and an	
31	expansion to the Correctional Center's Medical Unit, subject to	
32	the requirement that the grantee provide an equal and	
33	matching fund for this purpose (Prince George's County)	2,488,000

34 (4) An annual tax is imposed on all assessable property in the State in rate and
 35 amount sufficient to pay the principal of and interest on the bonds, as and when due and
 36 until paid in full. The principal shall be discharged within 15 years after the date of issue
 37 of the bonds.

38 (5) (a) Prior to the payment of any matching grant funds under the provisions
 39 of Section 1(3), Items ZA00 through ZB02 above, grantees shall provide and expend
 40 matching funds as specified. No part of a grantee's matching fund may be provided, either

1 directly or indirectly, from funds of the State, whether appropriated or unappropriated.
2 Except as otherwise provided, no part of the fund may consist of real property, in kind
3 contributions, or funds expended prior to the effective date of this Act. In case of any dispute
4 as to what money or assets may qualify as matching funds, the Board of Public Works shall
5 determine the matter, and the Board's decision is final. Grantees have until June 1, 2018,
6 to present evidence satisfactory to the Board of Public Works that the matching fund will
7 be provided. If satisfactory evidence is presented, the Board shall certify this fact to the
8 State Treasurer and the proceeds of the loan shall be expended for the purposes provided
9 in this Act. If this evidence is not presented by June 1, 2018, the proceeds of the loan shall
10 be applied to the purposes authorized in § 8–129 of the State Finance and Procurement
11 Article.

12 (b) It is further provided that when an equal and matching fund is specified
13 in Section 1(3), Items ZA00 through ZB02 above, grantees shall provide a matching fund
14 equal to the lesser of (i) the authorized amount of the State grant or (ii) the amount of the
15 matching fund certified by the Board of Public Works. If satisfactory evidence is presented,
16 the Board shall certify this fact and the amount of the matching fund to the State Treasurer
17 and the proceeds of the loan equal to the amount of the matching fund shall be expended
18 for the purposes provided in this Act. If this evidence is not presented by June 1, 2018, the
19 proceeds of the loan shall be applied to the purposes authorized in § 8–129 of the State
20 Finance and Procurement Article. The proceeds of any amount of the loan in excess of the
21 matching fund certified by the Board of Public Works shall also be applied to the purposes
22 authorized in § 8–129 of the State Finance and Procurement Article.

23 (6) (a) Prior to the issuance of the bonds, unless the Maryland Historical Trust
24 determines that the property to be assisted by a grant under Section 1(3) Items ZA00
25 through ZB02 of this Act is not significant, is significant only as a contributing property to
26 a historic district listed in the Maryland register of historic properties, is a type that is
27 already adequately represented among the Trust's existing easement properties, is already
28 subject to a perpetual historic preservation easement acceptable to the Trust, or conditions
29 peculiar to the property make an easement impractical, the grantee shall grant and convey
30 to the Maryland Historical Trust a perpetual preservation easement to the extent of its
31 interest:

32 (i) On the portion of the land necessary to preserve the historic
33 setting of the capital project assisted by the grant; and

34 (ii) On the exterior and interior, where appropriate, of the historic
35 structures affected by the construction or renovation project assisted by the grant.

36 (b) If the grantee or beneficiary of the grant holds a lease on the land and
37 structures, the Trust may accept an easement on the leasehold interest.

38 (c) The easement must be in form and substance acceptable to the Trust,
39 and the extent of the interest to be encumbered must be acceptable to the Trust, and any
40 liens or encumbrances against the land or the structures must be acceptable to the Trust.

1 (d) (i) A grantee may appeal a perpetual preservation easement
2 determination made by the Maryland Historical Trust or the Director under subparagraph
3 (a) of this paragraph to the Maryland Historical Trust Board of Trustees.

4 (ii) The decision by the Maryland Historical Trust Board of Trustees
5 is final and is not subject to further administrative appeal or judicial review.

6 (7) The proceeds of the loan must be expended or encumbered by the Board of
7 Public Works for the purposes provided in this Act no later than June 1, 2023. If any funds
8 authorized by this Act remain unexpended or unencumbered after June 1, 2023, the
9 amount of the unexpended or unencumbered authorization shall be canceled and be of no
10 further force and effect. If bonds have been issued for the loan, the amount of unexpended
11 or unencumbered bond proceeds shall be disposed of as provided in § 8-129 of the State
12 Finance and Procurement Article.

13 (8) Multiple grants provided to the same organization in this Section are in
14 addition to one another. Unless otherwise provided, any matching fund requirements apply
15 to each individual grant.

16 (9) (a) Subject to subparagraphs (b) and (c) of this paragraph, the Board of
17 Public Works may approve an appropriation in Section 1(3) Items ZA00 through ZB02
18 above notwithstanding technical differences in:

19 (i) The name of the grantee or the description of the project, provided
20 that the proposed use of funds is consistent with the public purpose of the original
21 appropriation; or

22 (ii) The location of the project, provided that the proposed location is
23 within the county specified in the original appropriation.

24 (b) The Department of Budget and Management shall notify the Office of
25 Policy Analysis within the Department of Legislative Services in writing of:

26 (i) The technical differences between an appropriation in Sections
27 1(3) Items ZA00 through ZB02 above and the proposed use of the funds; and

28 (ii) The justification that the proposed use of the funds is consistent
29 with the public purpose of the appropriation.

30 (c) (i) The Office of Policy Analysis shall have 45 days to review and
31 comment on the proposed use of the funds.

32 (ii) If the Office of Policy Analysis does not submit written objections
33 within 45 days, the Department of Budget and Management shall provide certification in
34 writing to the Board of Public Works that the proposed use of funds may be approved
35 notwithstanding technical differences in the appropriation in Section 1(3) Items ZA00
36 through ZB02 above.

25 SECTION 3. AND BE IT FURTHER ENACTED, That the General Assembly
 26 declares that it is the public policy of this State to manage State general obligation bond
 27 debt in a manner that will maintain Maryland’s AAA bond rating. The General Assembly
 28 further declares that legislative oversight, control, and review of all forms of State
 29 obligations are essential to maintenance of the State’s existing bond rating and protection
 30 of the fiscal integrity of the State.

31 SECTION 4. AND BE IT FURTHER ENACTED, That, before work may commence
 32 pursuant to any supplement to any appropriation contained in this Act, satisfactory
 33 evidence must be given to the Board of Public Works that the project can be completed with
 34 the aggregate of the funds in this Act and previously appropriated for the stated purpose.

35 SECTION 5. AND BE IT FURTHER ENACTED, That:

36 (1) with the approval of the Department of Budget and Management, any
 37 appropriation for design provided in this Act may be used to fund construction if the amount
 38 of the appropriation exceeds the amount required for design expenses, including allowances

1 for contingencies; and

2 (2) with the approval of the Department of Budget and Management, any
3 appropriation for construction provided in this Act may be used to purchase capital
4 equipment if the amount of the appropriation exceeds the amount required for construction
5 expenses, including allowances for contingencies.

6 SECTION 6. AND BE IT FURTHER ENACTED, That, except as otherwise provided
7 in this Act, before a State agency or institution named in this Act as responsible for an
8 individual item may begin work with funds appropriated by this Act, the agency or
9 institution shall provide satisfactory evidence to the Board of Public Works that the work
10 described in the individual item can be completed with the funds specified for that item.

11 SECTION 7. AND BE IT FURTHER ENACTED, That, with the approval of the
12 Department of Budget and Management, any appropriation under the provisions of this
13 Act that is in excess of the amount needed for a project may be credited to the Construction
14 Contingency Fund under § 3–609 of the State Finance and Procurement Article.

15 SECTION 8. AND BE IT FURTHER ENACTED, That, if federal funds are available
16 to help accomplish any project identified in this Act, the State agency or institution
17 responsible for the project shall make efforts through proper administrative procedures to
18 obtain these federal funds. Before spending any funds appropriated by this Act, the agency
19 or institution shall certify its efforts to the Board of Public Works and state the reason for
20 any failure to obtain federal funds. If federal funds are obtained, they shall be used to defray
21 the costs of the project described in this Act and not to expand its scope.

22 SECTION 9. AND BE IT FURTHER ENACTED, That:

23 (1) for any appropriation for the planning of a State–owned project provided in
24 this Act, if a program required by § 3–602(d) of the State Finance and Procurement Article
25 has not been submitted, the State agency or institution responsible for the project shall
26 submit a program to the Department of Budget and Management for approval before funds
27 may be expended from the appropriation; and

28 (2) for any appropriation for the construction of a State–owned project provided
29 in this Act, if preliminary plans and outline specifications required by § 3–602(f)(2)(i) of the
30 State Finance and Procurement Article have not been prepared, the State agency or
31 institution responsible for the project shall submit preliminary plans and outline
32 specifications to the Department of Budget and Management for approval before funds may
33 be expended from the appropriation.

34 SECTION 10. AND BE IT FURTHER ENACTED, That no portion of the proceeds of
35 a loan or any of the matching funds provided for a project funded under this Act may be
36 used for the furtherance of sectarian religious instruction, or in connection with the design,
37 acquisition, construction, or equipping of any building used or to be used as a place of
38 sectarian religious worship or instruction, or in connection with any program or department
39 of divinity for any religious denomination. Upon the request of the Board of Public Works,

1 a recipient of the proceeds of a loan under this Act shall submit evidence satisfactory to the
2 Board that none of the proceeds of the loan or any matching funds has been or is being used
3 for a purpose prohibited by this Act.

4 SECTION 11. AND BE IT FURTHER ENACTED, That the Comptroller may
5 advance funds to any loan funds account established pursuant to a general obligation bond
6 loan enabling Act for any expenditure authorized by that Act, provided that if general
7 obligation bonds have not been issued under the authority of that Act, the next ensuing
8 sale of general obligation bonds shall include the issuance of bonds under the authority of
9 that Act in an amount at least equivalent to the amount of the funds so advanced.

10 SECTION 12. AND BE IT FURTHER ENACTED, That:

11 (1) The Board of Public Works may borrow money and incur indebtedness on
12 behalf of the State of Maryland through a State loan to be known as the Maryland
13 Consolidated Capital Bond Loan Preauthorization Act of 2017 in total principal amount of
14 ~~\$282,208,000~~ ~~\$437,208,000~~ \$446,008,000. These loans shall be evidenced by the issuance,
15 sale, and delivery of State general obligation bonds authorized by a resolution of the Board
16 of Public Works and issued, sold, and delivered in accordance with §§ 8-117 through 8-124
17 and 8-131.2 of the State Finance and Procurement Article of the Annotated Code of
18 Maryland.

19 (2) The bonds to evidence these loans or installments of these loans may be sold
20 as a single issue or may be consolidated and sold as part of a single issue of bonds under §
21 8-122 of the State Finance and Procurement Article.

22 (3) The cash proceeds of the sale of the bonds shall be paid to the Treasurer and
23 first shall be applied to the payment of the expenses of issuing, selling, and delivering the
24 bonds, unless funds for this purpose are otherwise provided, and then shall be credited on
25 the books of the Comptroller and expended, on approval by the Board of Public Works, for

Report of the Conference Committee on Senate Bill 190

The Budget Bill

March 29, 2016

Mr. President,
Ladies and Gentlemen of the Senate:

Mr. Speaker,
Ladies and Gentlemen of the House of Delegates:

The Conference Committee has reconciled the differences between the House and Senate versions of SB 190 and Supplemental Budgets No. 1, 2, and 3 in which the Senate made total reductions of \$39.4 million and the House made total reductions of \$50.8 million. The Conference Committee made total reductions of \$68.1 million.

The Senate adopted 124 amendments to the budget bill. The House subsequently adopted 58 amendments to the budget bill, as amended by the Senate. The Senate concurred in none of the House amendments. All of these amendments have been reconsidered, and actions taken are indicated in the attached *Report of the Conference Committee*.

The budget expands funding for core State services and priorities including public education, higher education, Medicaid, human services, public safety, and State employee compensation. At the same time, the budget meets the guidelines established by the Spending Affordability Committee (SAC) in December 2015.

The projected general fund balance at the close of fiscal 2017, given the legislative actions on the budget, is \$403.3 million. This is significantly above the SAC recommendation which sought an ending fund balance of at least \$100.0 million. The Rainy Day Fund balance exceeds \$1 billion, again more than meeting the SAC recommendation.

The budget is structurally balanced, with ongoing general fund revenue exceeding ongoing expenditures by \$139 million in fiscal 2017. Growth in total State spending, excluding reserve fund appropriations, is 4.55%. This growth is lower than the 4.85% growth guideline recommended by SAC.

Report of the Conference Committee on Senate Bill 190

March 29, 2016

Mr. President,
Mr. Speaker,
Ladies and Gentlemen of the General Assembly of Maryland:

The Senate adopted 124 amendments to the original budget bill.

The House adopted 58 amendments to the budget bill, as amended by the Senate.

The Senate rejected all of the House amendments and called for a Conference Committee.

The House refused to recede and agreed to a Conference Committee.

The budget was then referred to the Conference Committee.

Action of the Conference Committee:

The Conference Committee recommends:

1. The adoption of the following House amendments:

1, 3, 10, 17, 20, 24, 26, 36-38, 42, 50, and 53.

2. The rejection of the following House amendments:

4-6, 8, 11-15, 27-28, 30, 33, 39, 44, 46, 48-49, 52, 54, and 57.

3. The action indicated on the following House amendments:

reduced price lunch program to attend eligible nonpublic schools. The Maryland State Department of Education (MSDE) shall administer the grant program in accordance with the following guidelines:

- (1) To be eligible to participate in the BOOST Program, a nonpublic school must:
 - (a) participate in Program R00A03.04 Aid to Non-Public Schools Program for textbooks and computer hardware and software administered by MSDE;
 - (b) provide more than only prekindergarten and kindergarten programs;
 - (c) administer assessments to all students in accordance with federal and State law; and
 - (d) comply with Title VI of the Civil Rights Act of 1964 as amended, Title 20, Subtitle 6 of the State Government Article, and not discriminate in student admissions on the basis of race, color, national origin, or sexual orientation. Nothing herein shall require any school or institution to adopt any rule, regulation, or policy that conflicts with its religious or moral teachings. However, all participating schools must agree that they will not discriminate in student admissions on the basis of race, color, national origin, or sexual orientation. If a nonpublic school does not comply with these requirements, it shall reimburse MSDE all scholarship funds received under the BOOST Program and may not charge the student tuition and fees instead. The only other legal remedy for violation of this provision is ineligibility for participating in the BOOST Program.
- (2) MSDE shall establish procedures for the application and award process for scholarships for students who are eligible for the free or reduced-price lunch program. The procedures shall include consideration for award adjustments if an eligible student becomes ineligible during the course of the school year.
- (3) MSDE shall compile and certify a list of applicants that ranks eligible students by family income expressed as a percent of the most recent federal poverty levels.
- (4) MSDE shall submit the ranked list of applicants to the BOOST Advisory Board.
- (5) There is a BOOST Advisory Board that shall be appointed as follows: 2 members appointed by the Governor, 2 members appointed by the President of the Senate, 2 members appointed by the Speaker of the House of Delegates, and 1 member jointly appointed by the President and the Speaker to serve as the chair. A member of the BOOST Advisory Board may not be an elected official and may not have any financial interest in an eligible nonpublic school.
- (6) The BOOST Advisory Board shall review and certify the ranked list of applicants and shall determine the scholarship award amounts.

Conference Committee Amendments

- (7) MSDE shall make scholarships awards to eligible students as determined by the BOOST Advisory Board.
- (8) The amount of a scholarship award may not exceed the lesser of:
 - (a) the statewide average per pupil expenditure by local education agencies, as calculated by MSDE; or
 - (b) the tuition of the nonpublic school.

Further provided that up to \$150,000 of the appropriation may be used by MSDE to cover the reasonable costs of administering the BOOST Program.

Further provided that MSDE shall submit a report to the budget committees by December 15, 2016, that includes the number of students that received scholarships, the amount of the scholarships, and the nonpublic schools that the students are attending. The report must also include the number of certified and noncertified teachers in core subject areas for each nonpublic school participating in the BOOST Program”; and on page 123 of the Committee Reprint, under the heading Funding for Educational Organizations, in program R00A03.04 Aid to Non-Public Schools, in line 14 following “where” strike beginning with “at” down through and including “students” in line 15 and substitute “from 20% to 40% of the students”; and in line 17 following “student” insert “, and at schools where more than 40% of the students are eligible for the free or reduced-price lunch program there shall be a distribution of \$155 per student”.

Budget Bill (SB 190) as
Amended by the Conference Committee**

- 1. Achieves Structural Balance with Budget Growth under Spending Affordability Guidelines** – Improving revenues and modest expenditure growth result in structural balance in fiscal 2016 and 2017. Ongoing general fund revenues exceed ongoing expenditures by \$139.0 million in fiscal 2017. Growth in total State spending, excluding reserve fund appropriations, is 4.6%. This budget growth is lower than the 4.85% growth guideline recommended by the Spending Affordability Committee and less than the average forecasted growth in Maryland’s personal income across calendar 2016 and 2017.
- 2. Increases Cash Balances** – Budget actions result in a fiscal 2017 general fund balance of over \$400.0 million. The Rainy Day Fund balance exceeds \$1.0 billion. The combined balances are over 8.0% of general fund revenues. Current budget forecasts indicate that these cash balances are sufficient to balance the general fund budget through fiscal 2020 while maintaining a 5.0% Rainy Day Fund balance.
- 3. Maintains the State’s Commitment to the Public Schools** – Under the committee’s budget proposal, State support for the public schools will be over \$6.3 billion. Distributions to local school systems will increase an estimated \$147.0 million, or 2.7%. This increase reflects full funding of the mandated education formulas including the Geographic Cost of Education Index. The budget also includes \$19.4 million for five school systems that have lost enrollment and aid in recent years. An additional \$19.0 million in budgetary savings is restricted for grants to help school systems fund the increase in their share of teachers’ retirement costs.
- 4. Funds All Statutory Requirements and Several Significant Initiatives** – The fiscal 2017 budget fully meets statutory requirements for funding. In addition, there is \$15.0 million to assist with the transition to a new Prince George’s County Regional Medical System, \$21.5 million for strategic demolition neighborhood revitalization projects across the State, a significant increase in critical maintenance

funding to preserve State facilities, and \$2.0 million in new funding for the Rural Maryland Prosperity Investment Fund to support rural entrepreneurship and community development.

5. **Provides Sufficient Funds to Keep Higher Education Tuition Increases Low** – State support for Maryland’s colleges and universities increases about 6.0% allowing undergraduate tuition rates to increase a modest 2.0%. Community colleges will receive an additional \$14.0 million in aid – an increase of 5.4% and aid for private colleges and universities increases \$8.0 million.
6. **Continues to Provide Vital Health Care Services** – Total funding for the Medicaid program approaches \$10.0 billion, including \$346.0 million for rate increases for health care providers. In addition, the Conference Committee has restricted budgetary savings for moving physician rates closer to Medicare rates in an effort to strengthen the provider network. Expanded Medicaid coverage under the federal Affordable Care Act has resulted in about 1.2 million of our residents having access to health care through the program. Funding for the developmentally disabled grows by over \$63.0 million, including \$36.0 million for the required 3.5% community provider increase.
7. **Focuses Resources on Substance Abuse Treatment and Opioid Addiction** – Spending on substance abuse disorders increases by \$12.1 million, including \$5.4 million for new and expanded services and treatment for individuals with a substance abuse disorder, \$3.7 million for initiatives recommended by the Governor’s Heroin and Opioid Emergency Task Force, and \$3.0 million to increase the number of placements available for court commitments to treatment under Section 8-507 of the Health – General Article. A rate increase of 2.0% is funded for all behavioral health providers.
8. **Recognizes Efforts of State Workforce** – This year’s budget includes funds for State employee merit increases. Sworn police officers will also receive a general salary increase and additional step increases for those officers employed during recent years, in which State employees did not receive step increases.

Report of the Conference Committee on SB 191

The Capital Budget Bill

March 31, 2016

Mr. President,
Mr. Speaker,
Ladies and Gentlemen of the General Assembly of Maryland:

The report of the Conference Committee on SB 191 – the Maryland Consolidated Capital Bond Loan of 2016 is submitted for your review.

The Senate adopted 113 amendments to the original bill. The House adopted 31 committee amendments to the bill as amended by the Senate. The Senate rejected all of the House amendments and called for a Conference Committee. The House refused to recede and agreed to a Conference Committee. The Conference Committee worked to reconcile the differences between the House and Senate versions of the bill.

Action of the Conference Committee:

The Conference Committee recommends the authorization of \$995 million in new State debt. Moreover, the Conference Committee recommends:

1. The adoption of the following House amendments:
2, 6, 10, 11, 13, 15-18, 20-22, 25-27, 29-31
2. The rejection of the following House amendments:
4, 7, 28

3. The action indicated on the following House amendments:

4. The Conference Committee also adopted Conference Committee amendments:

2, 11-14, 16-24

Attached is a listing of the approved projects.

Respectfully submitted,

Senator James E. DeGrange, Sr.

Delegate Adrienne A. Jones

Senator Edward J. Kasemeyer

Delegate Maggie McIntosh

Senator Douglas J. J. Peters

Delegate Aruna Miller

Exhibit T

Vetoed House Bills and Messages

April 5, 2016

The Honorable Michael E. Busch
Speaker of the House
H-101 State House
Annapolis, MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 172 – *Anne Arundel County Board of Education and School Board Nominating Commission*.

On its face, House Bill 172 is unconstitutional because it only terminates the terms of the Governor’s members of the Anne Arundel County School Board Nominating Commission. This action by the Legislature violates the separation of powers doctrine as outlined by the Court of Appeals in *Schisler v. State*, 394 Md. 519 (2006). While the General Assembly may change the appointment method of prospective members of a governmental body, it cannot abrogate the Governor’s authority under Article II, Section 15 of the Maryland Constitution by terminating his current appointees prior to the expiration of their terms.

In its current form, Section 3–110 of the Education Article of the Maryland Code provides that the Governor shall appoint five of the eleven members of the School Board Nominating Commission of Anne Arundel County, with each member serving a four–year term. Section 2 of House Bill 172, however, provides for premature termination, *i.e.*, removal, of the Governor’s incumbent members, an improper reconstitution of the Commission that the Court of Appeals has found to be an unconstitutional “usurpation of executive power in violation of Article II, [Sections] 1, 9 and 15 of the Maryland Constitution” and a “violation of Article 8 of the Declaration of Rights of Maryland.” *Schisler*, 394 Md. at 596. Ultimately, the Governor’s appointees must remain in office until the end of their terms, unless terminated earlier by the Governor pursuant to Article II, Section 15 of the Maryland Constitution.

In addition to the legal flaws with the bill, House Bill 172 also unnecessarily injects the politics of the General Assembly into a local school issue and significantly diminishes public accountability by adding commission members appointed by private advocacy organizations instead of elected officials. A recent *Baltimore Sun* editorial stated that House Bill 172 “goes too far to dilute public accountability” by skewing the membership of the Commission towards special interest groups instead of those who answer to the broader education community.

I am open to a dialog with the General Assembly on ways to improve the process for appointing school board members to ensure that they reflect the needs and values of Anne Arundel County, including legislation to provide for direct election of school board members by the voters or appointment by a local authority such as the County Executive.

House Bill 172 is not the appropriate vehicle to ensure public accountability of the nominating process for members of the Anne Arundel County Board of Education. For these reasons, I have vetoed House Bill 172.

Sincerely,

Governor Lawrence J. Hogan, Jr.

The Honorable Michael E. Busch
Speaker of the House
State House
Annapolis, Maryland 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 1013 – *Maryland Open Transportation Investment Decision Act of 2016*.

This regrettable legislation exemplifies the worst kind of policymaking and it is not in the best interest of Maryland taxpayers. House Bill 1013 represents the beginning of what could be a long term fundamental shift in how transportation decisions are made, with political forces and unaccountable special interests manipulating the legislative process to dictate what projects get built.

I have said repeatedly that every decision I make will be put to a simple test: Will this law or action make it easier for families and small businesses to stay in Maryland, and will it make more families and businesses want to come to Maryland? This bill miserably fails the simple test.

By establishing arbitrary new criteria to guide transportation decisions in Maryland, the bill may harm our State's competitiveness and could degrade the quality of life for Marylanders for decades to come. In a worrying preview of what could happen in future years, this bill was constructed in a secretive and haphazard manner with enormous input from political pressure groups but with no real thought and no meaningful input from the Department of Transportation.

The obvious intent of the legislation is to severely limit the decision making of local governments, to strip the Executive Branch of its authority over transportation decisions and to create new mechanisms to divert taxpayer dollars away from highway infrastructure. Vague and imprecise language as well as multiple technical problems associated with the implementation of this bill only further diminish the quality of what was already poorly conceived legislation. For these reasons, I cannot support the enactment of House Bill 1013.

My Administration has taken a balanced approach to transportation that includes an appropriate mix of major highway projects across Maryland, as well as important transit project like the Purple Line and Baltimore Link in densely populated regions. Conversely, by reshaping our State's transportation priorities and decision making processes, House Bill 1013 potentially puts at risk major road, bridge and transit investments in every Maryland county as well as in Baltimore City.

Under this bill, certain capital projects of the State Highway Administration or Maryland Transit Administration will be subjected to a new scoring and ranking system composed of nine specified goals of 100 points each (900 point scale). The Department must develop and adopt regulations on how to score each measure within each goal before January 1, 2017.

In the context of numerous bills considered this session to erode the long-established powers of Maryland's Executive Branch, House Bill 1013 infringes upon the Maryland Department of Transportation authority for identifying priorities in local jurisdictions throughout the State. The existing Consolidated Transportation Program is a

well-established process for identifying transportation needs based upon extensive input from local stakeholders. The Department of Transportation opposed this bill during the hearings in the Senate and House of Delegates because the bill complicates the existing system which has been praised by State and local officials with new language that would impose a contrived ranking process that was created by outside, unknown bill drafters without the inclusion of the expertise of the Department.

Put simply, this bill is just bad public policy. For example, safety is the most important consideration in all Maryland Department of Transportation's current review of transportation projects. Under House Bill 1013, however, safety scoring at 100 points caps the consideration of safety at 11% of the total. Thus the bill language equates a safety factor such as reduction in fatalities at the same level with the degree to which a project is projected to increase the use of walking, biking, and transit.

This bill also requires that all major capital projects be scored and ranked for inclusion in the draft and final Consolidated Transportation Program. This creates a practice by which local governments are incentivized to submit as many priorities as possible. For example, if Montgomery County had 50 transportation priorities, they would submit everything project (local prioritization would account for only 11% of the points) and most of these projects (transit and urban focused) would generally score higher than projects in other parts of the State because of the population multiplier required under the bill.

Lastly, the bill emasculates the Maryland Transportation Plan Advisory Committee, an inclusive and comprehensive committee that has been in place since 1971. This Committee is charged with setting the State's transportation goals and is left intact but the authority of this Committee is usurped by prescribing nine transportation goals for Maryland, each with an equal weight. It is unclear how the Committee and scoring system will function together or what role the Committee will play moving forward.

I was an outspoken critic of the transportation decisions made under the previous administration, including the wide scale cuts to local road funding and the syphoning of a billion dollars from the Transportation Trust Fund, which the legislature later put under lock and key to prevent future raids.

The previous Governor acknowledged that our highways were deteriorating and our bridges were crumbling but House Bill 1013 has the potential to once again put Maryland roads and highways on a path of neglect and underinvestment. I would be defaulting on my vow to Marylanders if I did not make every effort to resist the passage of this bill.

For these reasons, I have vetoed House Bill 1013.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

AN ACT concerning

Maryland Open Transportation Investment Decision Act of 2016

FOR the purpose of establishing State transportation goals; establishing measures by which the Department of Transportation is required to score the extent to which certain major capital projects satisfy the goals; requiring the Department to develop a project-based scoring system and promulgate certain regulations; requiring the Department to submit a certain list; requiring the Department to evaluate, score, and rank certain major capital projects for inclusion in the ~~draft and~~ final Consolidated Transportation Program, in a certain manner; requiring, with a certain exception, that certain capital projects with higher scores be ranked ahead of capital projects with lower scores; requiring the Department to incorporate the State transportation goals in the Consolidated Transportation Program and Maryland Transportation Plan; requiring that certain analyses and benchmarks are included in the Consolidated Transportation Program and Maryland Transportation Plan; providing for the construction and application of this Act; defining a certain term; altering certain definitions; making certain conforming changes; and generally relating to State transportation goals.

Preamble

WHEREAS, It is the intent of the General Assembly that a public process for transportation planning be developed that provides Maryland citizens with a clear and transparent explanation as to how their transportation taxes and revenues are allocated to fund major capital transportation projects; now, therefore,

SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND,
That the Laws of Maryland read as follows:

Article – Transportation

2–103.1.

(a) (1) In this section the following words have the meanings indicated.

(2) “Capital project” means:

(i) Any project for which funds are expended for construction, reconstruction, or rehabilitation of a transportation facility by the Department or of a transportation facilities project by the Maryland Transportation Authority; or

(ii) Capital equipment, as defined by the Secretary.

(3) “Construction phase” means the phase of a capital project in which the project is committed and advanced from the project development phase to completion.

(4) “Major capital project” means any new, expanded, or significantly improved facility or service that involves planning, environmental studies, design, right-of-way, construction, or purchase of essential equipment related to the facility or service.

(5) “MAJOR TRANSPORTATION PROJECT” HAS THE MEANING STATED IN § 2-103.7 OF THIS SUBTITLE.

~~(5)~~ **(6)** “Minor capital project” means any project for the preservation or rehabilitation of an existing facility or service, including the planning, design, right-of-way, construction, or purchase of equipment essential to the facility or service, and generally not requiring the preparation of an environmental impact assessment.

~~(6)~~ **(7)** “Project development phase” means the phase of a capital project in which planning, engineering, and environmental studies and analyses are conducted with full participation by the public, prior to commitment to construction.

~~(7)~~ **(8)** (i) “Proposing entity” means a government agency or political subdivision that requests that a transportation project be included in the Consolidated Transportation Program.

(ii) “Proposing entity” includes a county, a municipality, a metropolitan planning organization, or a modal administration or any other agency of the Department.

~~(8)~~ **(9)** “Purpose and need summary statement” means a brief statement that specifies the underlying purpose and need for a project.

~~(9)~~ **(10)** “Significant change” means any change that affects the size or character of a project to the extent that the change:

(i) Substantially modifies the capacity, level of service, or cost of the project;

(ii) Alters the function or purpose of the project; or

(iii) Impacts the ability of a modal administration to accomplish the program priorities established by the Secretary in the State Report on Transportation.

~~(10)~~ **(11)** “State transportation goals” means the goals described in [the Maryland Transportation Plan] **§ 2-103.7 OF THIS SUBTITLE**.

~~(11)~~ **(12)** “Transportation facilities project” has the meaning stated in § 4-101(i) of this article.

~~(12)~~ **(13)** “Transportation facility” has the meaning stated in § 3-101(l) of this article.

(b) The State Report on Transportation consists of the Consolidated Transportation Program and the Maryland Transportation Plan.

(c) (1) The Consolidated Transportation Program shall:

(i) Be revised annually ~~IN ACCORDANCE WITH § 2-103.7 OF THIS SUBTITLE~~; and

(ii) Include:

1. A list of:

A. The ~~current~~ State transportation goals;

B. Program priorities; ~~and~~

C. For projects in the construction phase, the criteria used to select major capital projects for inclusion in the capital program[, as determined by the Department]; AND

D. ~~IF APPLICABLE, THE~~ THE MANNER IN WHICH EACH MAJOR CAPITAL TRANSPORTATION PROJECT WAS EVALUATED AND RANKED UNDER § 2-103.7 OF THIS SUBTITLE;

2. A statement of the Department’s projected annual operating costs, set forth separately for the Office of the Secretary and for each modal administration;

3. Expanded descriptions of major capital projects;

4. A list of major capital projects for the current year, the budget request year, and the 4 successive planning years;

5. A list of anticipated minor capital projects, including a specific list of anticipated special projects for the current year and the budget request year and an estimate of the Program level for each of the 4 successive planning years;

6. A list of major bridge work projects;

7. A summary of the capital and operating programs, as defined by the Secretary, for the Maryland Transportation Authority;

8. For each listed major capital project, an indication whether the revenue source anticipated to support that project consists of federal, special, general, or other funds;

9. The Department's estimates of the levels and sources of revenues to be used to fund the projects in the Program;

10. A glossary of terms; and

11. A cross-reference table for the information contained in the various parts of the State Report on Transportation.

(2) In addition to the items listed in paragraph (1) of this subsection, the Consolidated Transportation Program shall include:

(i) A summary of current efforts and future plans, prepared after consultation with the Director of Bicycle and Pedestrian Access and the Bicycle and Pedestrian Advisory Committee established under § 2-606 of this title:

1. To develop and promote bicycle and pedestrian transportation; and

2. Working together with local jurisdictions, to accommodate in a safe and effective manner pedestrians and bicycles within a reasonable distance for walking and bicycling to rail stops, light rail stops, and subway stations;

(ii) A listing of all bicycle and pedestrian transportation projects expected to use State or federal highway funds; and

(iii) Reflected under the Office of the Secretary, any technology-related project to be funded from the account established under § 2-111 of this subtitle, along with a description and projected cost of each.

(3) Annually, the Consolidated Transportation Program shall include a report that:

(i) Identifies each major capital project for which the budget bill or a supplemental budget amendment first requests funds for the project development phase or for the construction phase;

(ii) With respect to each major capital project for which funds are requested in the budget request year, states:

1. The amount of the funds requested; and
2. The total estimated cost of the project;

(iii) Identifies significant changes in the cost, scope, design, or scheduling of major capital projects for each completed fiscal year;

(iv) When there is a significant change in cost, states the amount by which the expenditures that have been authorized exceed the original project estimate;

(v) When there is a significant change, states:

1. The amount by which costs exceed projected costs during each completed fiscal year; and
2. The total amount that has been expended for a major capital project;

(vi) Provides a purpose and need summary statement that includes:

1. A general description and summary that describes why the project is necessary and satisfies State **TRANSPORTATION** goals, including [current State transportation goals and] Climate Action Plan goals required by the Greenhouse Gas Emissions Reduction Act of 2009 under § 2–1205(b) of the Environment Article;

2. The location of the project, including a map of the project limits, project area, or transportation corridor; and

3. A summary of how the project meets the selection criteria ~~ESTABLISHED UNDER § 2–103.7 OF THIS SUBTITLE~~ for inclusion in the capital program; and

(vii) Includes any other information that the Secretary believes would be useful to the members of the General Assembly, the general public, or other recipients of the Consolidated Transportation Program.

(4) The total operating and capital expenditures for the Department or for the Office of the Secretary or any modal administration projected in the Consolidated

Transportation Program for the budget request year may not exceed the budget request for the Department, Office, or modal administration for that year.

(5) For a major capital project to be considered for inclusion in the construction program of the Consolidated Transportation Program, a request must be submitted to the Secretary by the proposing entity along with a purpose and need summary statement justifying the project that includes:

(i) The location of the project, including a map of the project limits, project area, or transportation corridor;

(ii) The need for the project; and

(iii) A discussion of how the project:

1. Addresses State transportation goals; and

2. Supports local government land use plans and goals.

(6) (i) The Department shall evaluate requests for major capital projects based on the State's **TRANSPORTATION** goals **AND, IF APPLICABLE, USING THE MEASURES ESTABLISHED UNDER § 2-103.7 OF THIS SUBTITLE** and, as appropriate, criteria as determined by the information submitted by the proposing entity and the availability of funding.

(ii) As part of the evaluation under this paragraph, the Department shall acknowledge the difference between urban and rural transportation needs.

(7) (i) The Department, in developing a construction or improvement project involving a bridge or other transportation facility that is adjacent to or crosses a waterway for inclusion in the Consolidated Transportation Program, shall consider any reasonable and appropriate measures to provide or improve in the vicinity of the bridge or other transportation facility water access for fishing, canoeing, kayaking, or any other nonmotorized water dependent recreational activity.

(ii) The Department, in consultation with the Department of Natural Resources and interested stakeholders, shall establish:

1. Standards and guidelines for identifying appropriate bridges and other transportation facilities to be considered for the provision or improvement of water access under this paragraph; and

2. Best practices and cost effective strategies for accommodating water access under this paragraph.

(d) The Maryland Transportation Plan shall:

(1) [Be] **EXCEPT AS OTHERWISE PROVIDED**, BE revised every 5 years through an inclusive public participation process;

(2) Include a 20–year forecast of State transportation needs, based on the financial resources anticipated to be available to the Department during that 20–year period;

(3) Be expressed in terms of **THE STATE TRANSPORTATION** goals and [objectives] **MEASURES**; and

(4) Include a summary of the types of projects and programs that are proposed to accomplish the **STATE TRANSPORTATION** goals and [objectives] **MEASURES**, using a multi–modal approach when feasible.

(e) On or before November 15 of each year, the Department shall visit each county to give local governments and local legislative delegations information about and an opportunity to comment on the proposed Consolidated Transportation Program and the proposed Maryland Transportation Plan.

(f) At the earliest practical date but no later than November 1 of each year, the Department shall provide the proposed Consolidated Transportation Program and the proposed Maryland Transportation Plan to the Department of Planning for review and comment on planning issues including consistency between transportation investments and the State Economic Growth, Resource Protection, and Planning Policy and State priority funding areas established under Title 5, Subtitle 7B of the State Finance and Procurement Article.

(g) Beginning with the year 2002 State Report on Transportation and continuing thereafter, before the General Assembly considers the proposed Maryland Transportation Plan and the proposed Consolidated Transportation Program, the Department shall submit an annual report on the attainment of **STATE** transportation goals and benchmarks for the approved and proposed Maryland Transportation Plan and the approved and proposed Consolidated Transportation Program to the Governor and, subject to § 2–1246 of the State Government Article, to the General Assembly.

(h) (1) The report required under subsection (g) of this section shall include:

(i) The establishment of certain measurable performance indicators or benchmarks, in priority funding areas at a minimum, designed to quantify the **STATE TRANSPORTATION** goals and [objectives] **MEASURES** specified in the Maryland Transportation Plan **AND § 2–103.7 OF THIS SUBTITLE**; and

(ii) The degree to which the projects and programs contained in the approved Maryland Transportation Plan and Consolidated Transportation Program attain those goals and benchmarks as measured by the performance indicators or benchmarks.

(2) The Department shall include in its report measurable long-term goals, and intermediate benchmarks of progress toward the attainment of the long-term goals, for the following measurable transportation indicators:

(i) An increase in the share of total person trips for each of transit, high occupancy auto, pedestrian, and bicycle modes of travel;

(ii) A decrease in indicators of traffic congestion as determined by the Department; and

(iii) Any other performance goals established by the Department for reducing automobile traffic and increasing the use of nonautomobile traffic.

(3) The performance indicators or benchmarks described in this subsection shall acknowledge the difference between urban and rural transportation needs.

(i) The Smart Growth Subcabinet, established under Title 9, Subtitle 14 of the State Government Article, shall conduct an annual review of the STATE transportation goals, benchmarks, and indicators.

(j) (1) An advisory committee shall be assembled to advise the Department on the [establishment of the] STATE transportation goals, benchmarks, and indicators under subsection (h) of this section.

(2) Membership of the advisory committee shall include but is not limited to the following members appointed by the Governor:

(i) A representative of the Maryland business community;

(ii) A representative of the disabled citizens community;

(iii) A representative of rural interests;

(iv) A representative of an auto users group;

(v) A representative of a transit users group;

(vi) A representative of the goods movement industry;

(vii) A nationally recognized expert on transportation demand management;

(viii) A nationally recognized expert on pedestrian and bicycle transportation;

(ix) A nationally recognized expert on transportation performance measurement;

- (x) A representative of an environmental advocacy organization;
- (xi) A representative from the Maryland Department of Planning;
- (xii) A representative of the Maryland Association of Counties; and
- (xiii) A representative of the Maryland Municipal League.

(3) The Governor shall appoint the chairman of the advisory committee.

(4) The advisory committee shall meet at least four times during the process of developing the Maryland Transportation Plan to provide advice to the Department on meeting the requirements of this subsection.

(5) The Department and the advisory committee shall consider the following:

(i) Transportation and population trends and their impact on the State's transportation system and priority funding areas;

(ii) Past and present State funding devoted to the various transportation modes and demand management;

(iii) The full range of unmet transportation needs in priority funding areas;

(iv) The full range of transportation measures and facilities available, and their role, effectiveness, and cost effectiveness in providing travel choices and reducing congestion;

(v) A review of transportation performance indicators and their use in other states;

(vi) A review of the coordination of State transportation investments with local growth plans for priority funding areas;

(vii) The types of investments needed and their levels of funding for supporting the **STATE TRANSPORTATION** goals and [objectives of the Maryland Transportation Plan] **MEASURES ESTABLISHED UNDER § 2-103.7 OF THIS SUBTITLE**;

(viii) The impact of transportation investment on:

1. The environment;

2. Environmental justice as defined in § 1-701 of the

Environment Article;

3. Communities; and

4. Economic development; and

(ix) The Climate Action Plan goals required by the Greenhouse Gas Emissions Reduction Act of 2009 under § 2–1205(b) of the Environment Article.

(k) The Department may:

(1) Conduct its analysis of planned transportation investments in priority funding areas on a statewide basis or in groupings of priority funding areas centered on regions, metropolitan areas, cities, or other groupings suitable for transportation modeling; and

(2) Choose to exclude from its analysis priority funding areas which have an insignificant role in transportation trends because of small size, population, or physical isolation.

(l) In the report required under subsection (g) of this section, the Department shall:

(1) Use narrative, graphs, charts, tables, and maps as appropriate to make the results easily understood by the public;

(2) Include projected long-term trends for each of the indicators and the effect of planned transportation investments on the trends;

(3) To the extent practicable, account for the effect of planned transportation investments on inducing automobile travel;

(4) To the extent practicable, account for automobile trips not taken due to demand management measures, including teleworking, teleshopping, and land use patterns supporting alternatives to driving; and

(5) Indicate the cost effectiveness of investments for achieving relevant performance goals and benchmarks, including a specific analysis of planned transportation investments detailing:

(i) Any projected decreases or increases in indicators of traffic congestion and accessibility as defined by the Department; and

(ii) The cost per passenger mile and other indicators of cost effectiveness as defined by the Department, including the estimated annual cost of maintenance and operations.

(m) (1) (i) Subject to § 2–1246 of the State Government Article:

1. On or before September 1 of each year, the Department shall submit copies of the proposed Consolidated Transportation Program, ~~INCLUDING THE MANNER IN WHICH EACH MAJOR PROJECT WAS EVALUATED AND RANKED UNDER § 2-103.7 OF THIS SUBTITLE~~, and the supporting financial forecast to the General Assembly; and

2. On submission of the budget bill to the presiding officers of the General Assembly, the Department shall submit copies of the approved Consolidated Transportation Program, **INCLUDING THE MANNER IN WHICH EACH MAJOR *TRANSPORTATION* PROJECT WAS EVALUATED AND RANKED UNDER § 2-103.7 OF THIS SUBTITLE**, and the supporting financial forecast to the General Assembly.

(ii) Notwithstanding § 2-1246(b)(2) of the State Government Article, the Department shall provide to each member of the General Assembly a copy of the proposed Consolidated Transportation Program and the approved Consolidated Transportation Program.

(2) (i) The financial forecast supporting the Consolidated Transportation Program to be submitted to the General Assembly under paragraph (1) of this subsection shall include the following components:

1. A schedule of operating expenses for each specific modal administration;

2. A schedule of revenues, including tax and fee revenues, deductions from revenues for other agencies, Department program and fees, Motor Vehicle Administration cost recovery, deductions for highway user revenues, operating revenues by modal administration, and miscellaneous revenues; and

3. A summary schedule for the Transportation Trust Fund that includes the opening and closing Fund balance, revenues, transfers, bond sales, bond premiums, any other revenues, expenditures for debt service, operating expenses, amounts available for capital expenses, bond interest rates, bond coverage ratios, total bonds outstanding, federal capital aid, and the total amount for the Transportation Capital Program.

(ii) The financial forecast shall include, for each of the components specified in subparagraph (i) of this paragraph:

1. Actual information for the last full fiscal year; and

2. Forecasts of the information for each of the six subsequent fiscal years, including the current fiscal year, the fiscal year for the proposed budget, and the next four subsequent fiscal years.

(iii) The Department shall incorporate in the financial forecast the most recent estimates by the Board of Revenue Estimates of the revenues from:

1. The corporate income tax and the sales and use tax for each of the six subsequent years, including the current fiscal year and the fiscal year for the proposed budget; and

2. Motor fuel taxes and motor vehicle titling taxes for the current fiscal year and the fiscal year for the proposed budget.

2-103.7.

(A) (1) IN THIS SECTION, ~~“MAJOR CAPITAL PROJECT” HAS THE MEANING STATED IN § 2-103.1 OF THIS SUBTITLE~~ THE FOLLOWING WORDS HAVE THE MEANING INDICATED.

(2) “MAJOR CAPITAL PROJECT” HAS THE MEANING STATED IN § 2-103.1 OF THIS SUBTITLE.

(3) (I) “MAJOR TRANSPORTATION PROJECT” MEANS A MAJOR CAPITAL PROJECT IN THE STATE HIGHWAY ADMINISTRATION OR THE MARYLAND TRANSIT ADMINISTRATION WHOSE TOTAL COST FOR ALL PHASES EXCEEDS \$5,000,000 AND THAT:

- 1. INCREASES HIGHWAY OR TRANSIT CAPACITY;**
- 2. IMPROVES TRANSIT STATIONS OR STATION AREAS;**

OR

3. IMPROVES HIGHWAY CAPACITY THROUGH THE USE OF INTELLIGENT TRANSPORTATION SYSTEMS OR CONGESTION MANAGEMENT SYSTEMS.

(II) “MAJOR TRANSPORTATION PROJECT” DOES NOT INCLUDE:

1. PROJECTS IN THE MARYLAND AVIATION ADMINISTRATION, THE MARYLAND PORT ADMINISTRATION, OR THE MARYLAND TRANSPORTATION AUTHORITY;

2. MAINTENANCE AND STORAGE FACILITIES PROJECTS;

3. WATER QUALITY IMPROVEMENT PROJECTS; ~~OR~~

4. PROJECTS RELATED TO MARYLAND’S PRIORITIES FOR TOTAL MAXIMUM DAILY LOAD DEVELOPMENT;

5. SAFETY-RELATED PROJECTS THAT DO NOT INCREASE HIGHWAY OR TRANSIT CAPACITY; OR

6. ROADS WITHIN THE APPALACHIAN DEVELOPMENT HIGHWAY SYSTEM.

~~(B) THE DEPARTMENT SHALL EVALUATE AND RANK MAJOR CAPITAL PROJECTS FOR INCLUSION IN THE DRAFT AND FINAL CONSOLIDATED TRANSPORTATION PROGRAM BASED ON THE GOALS AND MEASURES ESTABLISHED UNDER SUBSECTION (C) OF THIS SECTION.~~

(B) THE DEPARTMENT SHALL:

(1) IN ACCORDANCE WITH FEDERAL TRANSPORTATION REQUIREMENTS, DEVELOP A PROJECT-BASED SCORING SYSTEM USING THE GOALS AND MEASURES ESTABLISHED UNDER SUBSECTION (C) OF THIS SECTION;

(2) DEVELOP THE WEIGHTING METRICS FOR EACH GOAL AND MEASURE ESTABLISHED UNDER SUBSECTION (C) OF THIS SECTION;

(3) ON OR BEFORE JANUARY 1, 2017, ADOPT REGULATIONS TO CARRY OUT THE PROVISIONS OF THIS SECTION; AND

(4) IN ACCORDANCE WITH THE PROJECT-BASED SCORING SYSTEM DEVELOPED UNDER THIS SUBSECTION, RANK MAJOR TRANSPORTATION PROJECTS FOR INCLUSION IN THE DRAFT AND FINAL CONSOLIDATED TRANSPORTATION PROGRAM.

(C) (1) THE STATE TRANSPORTATION GOALS ARE:

(I) SAFETY AND SECURITY;

(II) SYSTEM PRESERVATION;

(III) QUALITY OF SERVICE;

(IV) ENVIRONMENTAL STEWARDSHIP;

(V) COMMUNITY VITALITY;

(VI) ECONOMIC PROSPERITY;

(VII) EQUITABLE ACCESS TO TRANSPORTATION; AND

(VIII) COST EFFECTIVENESS AND RETURN ON INVESTMENT; AND

(IX) LOCAL PRIORITIES AND PLANNING.

(2) IN EVALUATING WHETHER AND TO WHAT EXTENT A MAJOR ~~CAPITAL~~ TRANSPORTATION PROJECT SATISFIES THE GOALS ESTABLISHED UNDER PARAGRAPH (1) OF THIS SUBSECTION, THE DEPARTMENT, USING A 20-YEAR FORECAST IN THE PROJECT AREA, SHALL ASSIGN A SCORE FROM 1 TO 100 FOR EACH GOAL ~~IN THE FOLLOWING MANNER~~ USING THE FOLLOWING MEASURES:

(I) FOR SAFETY AND SECURITY:

1. THE EXPECTED REDUCTION IN TOTAL FATALITIES AND SEVERE INJURIES IN ALL MODES AFFECTED BY THE PROJECT ~~SHALL ACCOUNT FOR 50% OF THE SCORE;~~ AND

2. THE EXTENT TO WHICH THE PROJECT IMPLEMENTS THE MARYLAND STATE HIGHWAY ADMINISTRATION'S COMPLETE STREETS POLICIES ~~SHALL ACCOUNT FOR 25% OF THE SCORE; AND~~

~~3. THE EXTENT TO WHICH THE PROJECT IS EXPECTED TO REDUCE VEHICLE MILES TRAVELED SHALL ACCOUNT FOR 25% OF THE SCORE.~~

(II) FOR SYSTEM PRESERVATION:

1. THE DEGREE TO WHICH THE PROJECT INCREASES THE LIFESPAN OF THE AFFECTED FACILITY ~~SHALL ACCOUNT FOR 40% OF THE SCORE;~~

2. THE DEGREE TO WHICH THE PROJECT INCREASES THE FUNCTIONALITY OF THE FACILITY ~~SHALL ACCOUNT FOR 30% OF THE SCORE;~~ AND

3. THE DEGREE TO WHICH THE PROJECT RENDERS THE FACILITY MORE RESILIENT ~~SHALL ACCOUNT FOR 30% OF THE SCORE.~~

(III) FOR QUALITY OF SERVICE:

1. THE EXPECTED CHANGE IN CUMULATIVE JOB ACCESSIBILITY WITHIN AN APPROXIMATELY ~~45-MINUTE~~ 60-MINUTE COMMUTE FOR HIGHWAY PROJECTS OR ~~AN APPROXIMATELY 60-MINUTE COMMUTE~~ FOR TRANSIT PROJECTS ~~SHALL ACCOUNT FOR 50% OF THE SCORE;~~

~~2. THE EXPECTED CHANGE IN CUMULATIVE JOB ACCESSIBILITY FOR DISADVANTAGED POPULATIONS WITHIN A 45 MINUTE COMMUTE FOR HIGHWAY PROJECTS OR AN APPROXIMATELY 60 MINUTE COMMUTE FOR TRANSIT PROJECTS SHALL ACCOUNT FOR 20% OF THE SCORE; AND~~

2. THE DEGREE TO WHICH THE PROJECT HAS A POSITIVE IMPACT ON TRAVEL TIME RELIABILITY; AND

3. THE DEGREE TO WHICH THE PROJECT SUPPORTS CONNECTIONS BETWEEN DIFFERENT MODES OF TRANSPORTATION AND PROMOTES MULTIPLE TRANSPORTATION CHOICES ~~SHALL ACCOUNT FOR 30% OF THE SCORE.~~

(IV) FOR ENVIRONMENTAL STEWARDSHIP:

1. THE POTENTIAL OF THE PROJECT TO LIMIT OR REDUCE HARMFUL EMISSIONS ~~SHALL ACCOUNT FOR 30% OF THE SCORE;~~

2. THE DEGREE TO WHICH THE PROJECT AVOIDS IMPACTS ON STATE RESOURCES IN THE PROJECT AREA AND ADJACENT AREAS ~~SHALL ACCOUNT FOR 30% OF THE SCORE; AND~~

3. THE DEGREE TO WHICH THE PROJECT ADVANCES THE STATE ENVIRONMENTAL GOALS ~~OF THE STATE SHALL ACCOUNT FOR 40% OF THE SCORE.~~

(V) FOR COMMUNITY VITALITY:

1. THE DEGREE TO WHICH THE PROJECT IS PROJECTED TO INCREASE THE USE OF WALKING, BIKING, AND TRANSIT ~~SHALL ACCOUNT FOR 25% OF THE SCORE;~~

2. THE DEGREE TO WHICH THE PROJECT ENHANCES EXISTING COMMUNITY ASSETS ~~SHALL ACCOUNT FOR 25% OF THE SCORE; AND~~

3. THE DEGREE TO WHICH THE PROJECT FURTHERS THE AFFECTED COMMUNITY'S AND STATE'S PLANS FOR REVITALIZATION ~~SHALL ACCOUNT FOR 25% OF THE SCORE; AND~~

~~4. THE DEGREE TO WHICH THE PROJECT SUPPORTS COMPACT DEVELOPMENT PATTERNS IN EXISTING COMMUNITIES AND DOES NOT INDUCE PREMATURE AND LOW DENSITY DEVELOPMENT ON THE OUTSKIRTS OF EXISTING COMMUNITIES SHALL ACCOUNT FOR 25% OF THE SCORE.~~

(VI) FOR ECONOMIC PROSPERITY:

1. THE PROJECTED INCREASE IN THE CUMULATIVE JOB ACCESSIBILITY WITHIN AN APPROXIMATELY ~~45-MINUTE~~ 60-MINUTE COMMUTE FOR PROJECTS ~~SHALL ACCOUNT FOR 40% OF THE SCORE;~~

2. THE EXTENT TO WHICH THE PROJECT IS PROJECTED TO ENHANCE ACCESS TO CRITICAL INTERMODAL LOCATIONS FOR THE MOVEMENT OF GOODS AND SERVICES ~~SHALL ACCOUNT FOR 30% OF THE SCORE;~~ AND

3. THE PROJECTED INCREASE IN FURTHERING NONSPECULATIVE LOCAL AND STATE ECONOMIC DEVELOPMENT STRATEGIES IN EXISTING COMMUNITIES ~~SHALL ACCOUNT FOR 30% OF THE SCORE.~~

(VII) FOR EQUITABLE ACCESS TO TRANSPORTATION:

1. THE EXPECTED INCREASE IN JOB ACCESSIBILITY FOR DISADVANTAGED POPULATIONS WITHIN AN APPROXIMATELY ~~45-MINUTE~~ 60-MINUTE COMMUTE FOR PROJECTS ~~SHALL ACCOUNT FOR 40% OF THE SCORE;~~ AND

2. THE PROJECTED ECONOMIC DEVELOPMENT IMPACT ON LOW-INCOME COMMUNITIES ~~SHALL ACCOUNT FOR 30% OF THE SCORE;~~ AND

~~3. THE POTENTIAL FOR THE PROJECT TO REVITALIZE AND ENHANCE LOW-INCOME COMMUNITIES SHALL ACCOUNT FOR 30% OF THE SCORE.~~

(VIII) FOR COST EFFECTIVENESS AND RETURN ON INVESTMENT:

~~1. THE EXTENT TO WHICH THE PROJECT IS PROJECTED TO ENHANCE ACCESS TO CRITICAL INTERMODAL LOCATIONS FOR THE MOVEMENT OF GOODS AND SERVICES SHALL ACCOUNT FOR 50% OF THE SCORE; AND~~

~~2. THE DEGREE TO WHICH THE ENHANCEMENTS TO THE PROJECT AREA ARE WEIGHTED AGAINST THE PER CAPITA COST OF THE PROJECT SHALL ACCOUNT FOR 50% OF THE SCORE.~~

1. THE ESTIMATED TRAVEL TIME SAVINGS DIVIDED BY THE PROJECT COST;

2. THE DEGREE TO WHICH THE PROJECT LEVERAGES ADDITIONAL FEDERAL, STATE, LOCAL, AND PRIVATE SECTOR TRANSPORTATION INVESTMENT; AND

3. THE DEGREE TO WHICH THE PROJECT WILL INCREASE TRANSPORTATION ALTERNATIVES AND REDUNDANCY.

(IX) FOR LOCAL PRIORITIES AND PLANNING, THE DEGREE TO WHICH THE PROJECT SUPPORTS LOCAL GOVERNMENT LAND USE PLANS AND GOALS.

(3) ~~THE FOR REGIONAL EQUITY, THE~~ THE DEPARTMENT SHALL MULTIPLY THE TOTAL COMBINED SCORE OF EACH MAJOR ~~CAPITAL~~ TRANSPORTATION PROJECT BY A WEIGHTING FACTOR EQUAL TO ONE PLUS THE RESULTS OF DIVIDING THE POPULATION IN THE ~~PROJECT AREA COUNTY OR COUNTIES WHERE THE PROJECT WILL BE LOCATED~~ AREA SERVED BY THE PROJECT, AS DETERMINED IN REGULATIONS ADOPTED BY THE DEPARTMENT, BY THE POPULATION OF MARYLAND.

(D) (1) THE SCORE OF A MAJOR ~~CAPITAL~~ TRANSPORTATION PROJECT SHALL BE BASED SOLELY ON THE GOALS AND MEASURES ESTABLISHED UNDER SUBSECTION (C) OF THIS SECTION.

(2) EXCEPT AS PROVIDED UNDER PARAGRAPH (3) OF THIS SUBSECTION, THE DEPARTMENT SHALL PRIORITIZE MAJOR ~~CAPITAL~~ TRANSPORTATION PROJECTS WITH HIGHER SCORES FOR INCLUSION IN THE CONSOLIDATED TRANSPORTATION PROGRAM OVER MAJOR ~~CAPITAL~~ TRANSPORTATION PROJECTS WITH LOWER SCORES.

(3) THE DEPARTMENT MAY INCLUDE IN THE CONSOLIDATED TRANSPORTATION PROGRAM A MAJOR ~~CAPITAL~~ TRANSPORTATION PROJECT WITH A LOWER SCORE OVER A MAJOR ~~CAPITAL~~ TRANSPORTATION PROJECT WITH A HIGHER SCORE IF IT PROVIDES IN WRITING A RATIONAL BASIS FOR THE DECISION.

(E) NOTHING IN THIS SECTION MAY BE CONSTRUED TO IMPEDE OR ALTER:

(1) THE PRIORITY LETTER PROCESS THAT OUTLINES LOCAL TRANSPORTATION PRIORITIES FOR THE DEPARTMENT'S CONSIDERATION FOR INCLUSION IN THE CONSOLIDATED TRANSPORTATION PROGRAM UNDER § 2-103.1 OF THIS SUBTITLE; OR

(2) THE DEPARTMENT'S VISIT TO EACH COUNTY UNDER § 2-103.1(E) OF THIS SUBTITLE.

~~(E) THIS SECTION DOES NOT APPLY TO MINOR CAPITAL PROJECTS, AS DEFINED IN § 2-103.1 OF THIS SUBTITLE.~~

SECTION 2. AND BE IT FURTHER ENACTED, That the Department of Transportation update the 2014 Maryland Transportation Plan to reflect the goals and measures established under this Act.

SECTION 3. AND BE IT FURTHER ENACTED, That this Act shall be construed to apply only prospectively and may not be applied or interpreted to have any effect on or application to any major ~~capital~~ transportation project moved to the construction phase before the effective date of this Act.

SECTION 4. AND BE IT FURTHER ENACTED, That nothing in this Act may be construed to prohibit or prevent the funding of the capital transportation priorities in each jurisdiction.

SECTION ~~4~~ 5. AND BE IT FURTHER ENACTED, That this Act shall take effect ~~October~~ July 1, 2016.

THE MARYLAND GENERAL ASSEMBLY
ANNAPOLIS, MARYLAND 21401-1991
March 30, 2016

The Honorable Thomas V. Mike Miller, Jr.
President of the Senate
State House
Annapolis, Maryland 21401-1991

The Honorable Michael E. Busch
Speaker of the House
State House
Annapolis, Maryland 21401-1991

Dear President Miller and Speaker Busch:

We are pleased to submit the reports of the Senate Budget and Taxation Committee and House Appropriations Committee dealing with the final actions taken on Senate Bill 190 and Senate Bill 191. Senate Bill 190 is the State operating budget, making appropriations for support of the State government, for aid to local government, and for other purposes during the fiscal year ending June 30, 2017, and for deficiency appropriations for the fiscal year ending June 30, 2016. Senate Bill 191 is the State capital budget, authorizing general obligation debt for State facilities and for grants to local governments and nonprofit organizations for construction of and improvements to facilities and infrastructure.

These reports incorporate detailed statements of all reductions made to the appropriations and also contain expressions of legislative intent and policy guidelines which are an integral part of the action taken on the budgets. Explanations of reductions and other action are provided where the rationale may not be obvious.

Sincerely,

Edward J. Kasemeyer, Chairman
Senate Budget and Taxation Committee

Maggie McIntosh, Chairman
House Appropriations Committee

Agency Instructions

Responding to Restricted Appropriations or Report Requests

The *Joint Chairmen's Report* (JCR) lists each action adopted by the General Assembly in the budget bill, including reductions and budget bill language, with explanations. Budget language may, among other things, restrict funding pending the submission of a report or other action. The JCR also includes committee narrative adopted by the budget committees, which is generally used to request reports or additional information.

Restricted Appropriations: Where all or a portion of an appropriation is restricted, approval to release restricted funds should be requested from the budget committees, with a copy sent to the agency's budget analyst at the Department of Legislative Services (DLS). Each request should include a cover letter addressed to the budget committee chairs and should identify the agency, the amount restricted, the fund source, and should specifically note that the release of restricted funds is being requested. Failure to copy the DLS analyst may result in delays in processing release of fund requests. See "Submission Procedures" below for specific direction for all items.

Please note that some restricted items have a specific due date. If a due date cannot be met, an agency should submit a letter to the budget committees and DLS to request an extension (see "Requesting an Extension" below).

Reports: Budget language or committee narrative may request an agency to complete an extensive study, status report, or other actions. All reports requested via committee narrative have a specific due date. Copies of all items should also be sent to the individual budget committee members and DLS using the procedures outlined under "Submission Procedures." An extension should be requested for any item where submission may exceed the designated due date.

Submission Procedures: All agency reports and studies submitted in response to committee narrative or budget bill language are required to be submitted both in electronic form and hard copy:

- **Electronic copies should be sent via email only to Cathy.Kramer@mlis.state.md.us.** The naming convention for each item should include the session year of the JCR, the page in the JCR in which the item appears, an agency abbreviation, and the title of the report (e.g., 2016_p95_DNR_Dredging Report). DLS will distribute electronic copies to the Office of Policy Analysis staff and members of the budget committees. Electronic documents may **EITHER** use Adobe Acrobat **OR** Microsoft Word software, with tables and charts in either Word or through use of embedded (not linked) Excel files. (Word 2013 and Excel 2013 are preferred, but DLS can convert older versions.) **NOTE: if files to be emailed are larger than 10 MB, they cannot be sent via email. Contact David Juppe at David.Juppe@mlis.state.md.us for instructions for posting large files on the DLS FTP site; and**

- **Per Section 2-1246 of the State Government Article, five hard copies should be mailed to the legislative library. Please mail to:**

Budget Amendments

A15000.01 Disparity Grants

Add the following language to the general fund appropriation:

. provided that \$1,000,000 of this appropriation made for the purpose of a disparity grant to Baltimore City may not be expended until Baltimore City submits to the Department of Legislative Services the Uniform Financial Report and audit report for fiscal 2014, 2015, and 2016. Funds restricted pending receipt of these reports may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the reports are not submitted to the Department of Legislative Services.

Explanation: The language withholds \$1,000,000 of the disparity grant to Baltimore City until Baltimore City submits the Uniform Financial Report and audit report for fiscal 2014, 2015, and 2016 to the Department of Legislative Services. The fiscal 2014 and 2015 reports are already delinquent while the fiscal 2016 report will be due during fiscal 2017.

Information Request	Author	Due Date
Uniform Financial Report for fiscal 2014, 2015, and 2016	Baltimore City	Prior to the disbursement of funds

Add the following language to the general fund appropriation:

Further provided that \$1,500,000 of this appropriation made for the purpose of a disparity grant to Baltimore City may not be expended until Baltimore City submits a report demonstrating that the funding which Baltimore City received for the Maryland Center for Veterans Education and Training has been provided to the center. The report shall be submitted to the budget committees prior to the disbursement of funds, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the committees.

Explanation: The language requests a report from Baltimore City demonstrating that it has provided the funding which it received for the Maryland Center for Veterans Education and Training (MCVET) to MCVET.

Information Request	Author	Due Date
Funding provided to MCVET	Baltimore City	Prior to the disbursement of funds

Add the following language to the general fund appropriation:

Further provided that \$5,000,000 of this appropriation for Baltimore City may not be distributed as a grant to Baltimore City until the Maryland State Department of Education (MSDE) certifies that Baltimore City has appropriated for fiscal 2017 an additional \$5,000,000 for the Baltimore City Public Schools over the fiscal 2016 appropriation. If MSDE does not certify that Baltimore City has appropriated an additional \$5,000,000 for the school system, then the funds may not be expended for this purpose or transferred for any other purpose, and shall revert to the General Fund at the end of the fiscal year.

Further provided that \$5,000,000 of this appropriation for Baltimore City may not be distributed as a grant to Baltimore City until Baltimore City and the Baltimore City Public Schools submit a joint report on the potential for cost efficiencies in shared costs and other financial arrangements, including other postemployment benefits, between the city and school system. The report shall be submitted to the budget committees by January 15, 2017, and the budget committees shall have 45 days to review and comment on the report.

Provided that the report is submitted by the due date, Baltimore City must appropriate, in addition to the \$5,000,000 required above, an additional \$5,000,000 for the Baltimore City Public Schools over the fiscal 2016 appropriation. If MSDE does not certify that Baltimore City has appropriated an additional \$5,000,000 for the school system, then \$5,000,000 of this appropriation may not be distributed as a grant to Baltimore City or transferred for any other purpose, and shall revert to the General Fund at the end of the fiscal year. If the report is not submitted by the due date, then \$5,000,000 of this appropriation may not be distributed as a grant to Baltimore City, and authority is hereby granted to transfer \$5,000,000 to R00A02.01 to be provided as a grant to Baltimore City Public Schools. If the funds are not transferred for this purpose, then they may not be expended or transferred for any other purpose and shall revert to the General Fund at the end of the fiscal year.

Explanation: This language restricts \$5 million in disparity grant funding for Baltimore City contingent on Baltimore City appropriating for fiscal 2017 an additional \$5 million for Baltimore City Public Schools over the fiscal 2016 local appropriation. An additional \$5 million in disparity grant funding is restricted pending submission of a joint report on shared costs by January 15, 2017. If the report is not submitted by the due date, authority is provided to transfer \$5 million of Baltimore City's disparity grant funding to R00A02.01 to be distributed as a grant to Baltimore City Public Schools. If the report is submitted by the due date, then Baltimore City must appropriate an additional \$5 million for Baltimore City Public Schools in order to receive \$5 million in disparity grant funding.

Budget Amendments

Add the following language:

Provided that 34 positions and \$3,786,876 in general funds are contingent upon the enactment of HB 74 or SB 117.

Explanation: This action makes the funding for these positions contingent upon the enactment of HB 74 or SB 117, which would create the judgeships that the funding and positions are intended to support. Included in the amount is 34 new positions, as well as 4 contractual bailiff full-time equivalents and supply costs.

Add the following language:

Further provided that the general fund appropriation shall be increased by \$322,691 and 3.0 new regular positions shall be created for a new circuit court judge in Baltimore City, a courtroom clerk, and law clerk, contingent upon enactment of HB 74 or SB 117. The Chief Judge shall allocate this increase and new positions across the Judicial Branch.

Explanation: This action increases the Judiciary's appropriation and provides additional regular positions to support a circuit court judgeship in Baltimore City that is created in HB 74 and SB 117, but was not included in the Judiciary's budget allowance. The action is contingent upon enactment of HB 74 or SB 117.

Add the following language:

Further provided that \$650,000 in general funds is eliminated and that turnover for employees is increased to 4.23%.

Further provided that it is the intent of the General Assembly that the Judiciary provide to the Maryland State Archives the remaining \$2,500,000 in funds from the Land Records Improvement Fund under the fiscal 2016 Memorandum of Understanding between the two departments. It is also the intent of the General Assembly that the Judiciary provide \$5,000,000 from the Land Records Improvement Fund to the Maryland State Archives in fiscal 2017.

Explanation: This language increases the employee turnover rate to 4.23% and thereby reduces the general fund appropriation by \$650,000 to reflect that increased turnover expectancy. This language also expresses the intent of the General Assembly that the Judiciary fulfill its financial agreement under a fiscal 2016 Memorandum of Understanding with the Maryland State Archives. This agreement calls for the Judiciary to provide \$5,000,000 from the Land Records Improvement Fund. To date the Judiciary has provided \$2,500,000 of these funds. The language also expresses the intent of the General Assembly that the Judiciary provide the Maryland State Archives \$5,000,000 from the Land Records Improvement Fund in fiscal 2017.

JUDICIARY

C00A00.04 District Court

Add the following language to the general fund appropriation:

, provided that \$10,000,000 of the general fund appropriation may be expended only for the purpose of providing attorneys for required representation at initial appearances before District Court commissioners consistent with the holding of the Court of Appeals in DeWolfe v. Richmond. Any funds not expended for this purpose shall revert to the General Fund. Further provided that the Chief Judge is authorized to process a budget amendment to transfer up to \$10,000,000 in general funds to the appropriate unit of State government upon the enactment of legislation designating that unit of government to assume responsibility for providing attorneys for required representation at initial appearances before District Court commissioners.

Explanation: This language restricts the use of \$10 million of the Judiciary's general fund appropriation for the implementation of Richmond and authorizes the Chief Judge to transfer these funds, by budget amendment, to another agency if legislation provides an alternative to the Appointed Attorney Program.

Add the following language to the general fund appropriation:

Further provided that \$340,000 of this appropriation made for operating expenditures is eliminated. The Chief Judge shall allocate the reduction across the District Court program.

Explanation: This action reduces the District Court's fiscal 2017 general fund appropriation for operating expenditures.

Committee Narrative

Appointed Attorney Program Costs and Expenditures: The committees remain concerned about the operations of the Appointed Attorney Program and the State's efforts to comply with the *Richmond* decision. The committees request a report detailing the fiscal 2016 costs of the Appointed Attorney Program, including reimbursement for tolls and mileage, as well as program utilization statistics.

Add the following language to the general fund appropriation:

, provided that \$500,000 of this appropriation made for operating expenditures is eliminated. The Chief Judge shall allocate this reduction across the Clerks of the Circuit Court program.

Explanation: This action reduces the Judiciary's fiscal 2017 budget for operating expenditures for the Clerks of the Circuit Court program.

, provided that \$46,200,000 of this appropriation may not be expended for the projects listed above in order that funding for such projects may be provided using tax-exempt debt authorized under SB 191, the Maryland Consolidated Capital Bond Loan of 2016. Further provided that \$46,200,000 of this appropriation may be used only to fund capital appropriations in the amounts and only for the purposes herein listed in order to avoid the additional expense that would result from financing them using taxable general obligation bonds. Funds not expended for the purposes herein listed shall revert to the General Fund:

- (1) Neighborhood Business Development Program. Provide funds for grants and loans to fund community-based economic development activities in revitalization areas designated by local governments, including food desert projects in designated food deserts. The funds shall be administered in accordance with Sections 6-301 through 6-311 of the Housing and Community Development Article 3,400,000
- (2) Baltimore Regional Neighborhoods Initiative. Provide funds for grants and loans to nonprofit community development corporations or coalitions to fund comprehensive revitalization strategies for sustainable community areas in Baltimore City, Baltimore County, and Anne Arundel County..... 1,500,000
- (3) Homeownership Programs. Provide funds for below-market interest rate mortgages with minimum down payments to low- and moderate-income homebuyers. These funds shall be administered in accordance with Sections 4-501, 4-502, 4-801 through 4-810, and

- 4-814 through 4-816 of the Housing and Community Development Article.
..... 8,500,000
- (4) Housing and Building Energy Programs. Provide funds in the form of loans or grants to promote energy-efficient improvements either through renovation of existing facilities, the construction of new properties, or the installment of equipment and materials for single-family and rental-housing properties to be administered in accordance with Section 4-218 of the Housing and Community Development Article 1,000,000
- (5) Partnership Rental Housing Program. Provide funds to be credited to the Partnership Rental Housing Fund to be administered in accordance with Sections 4-501, 4-503, and 4-1201 through 4-1209 of the Housing and Community Development Article
..... 6,000,000
- (6) Rental Housing Program. Provide funds for rental housing developments that serve low- and moderate-income households. The funds shall be administered in accordance with Sections 4-401 through 4-411, 4-501, and 4-504 of the Housing and Community Development Article 10,000,000
- (7) Special Loan Programs. Provide funds to low- and moderate-income families, sponsors of rental properties occupied primarily by limited-income families, and nonprofit sponsors of housing facilities, including group homes and shelters to bring housing up to code and remediate lead paint hazards. These funds shall be administered in accordance with Sections 4-501, 4-505, 4-601 through 4-612, 4-701 through 4-712, 4-901 through 4-923, 4-926 through 4-931, and 4-933 of the Housing and Community Development Article 2,100,000
- (8) Community Legacy Program. Provide funds to assist neighborhoods with revitalization efforts. The funds shall be administered in accordance with Sections 6-201 through 6-211 of the Housing and Community Development Article and Code of Maryland Regulations 05.17.01. Provided that any financial assistance awarded under this program is not subject to Section 8-301 of the State Finance and Procurement Article
..... 3,905,000
- (9) Maryland Drinking Water Revolving Loan Fund. Provide funds to finance drinking water projects. The funds shall be administered in accordance with Section 9-1605.1 of the Environment Article 3,003,000
10. Maryland Water Quality Revolving Loan Fund. Provide funds to finance water quality improvement projects. The funds shall be administered in accordance with Section 9-1605 of the Environment Article 6,792,000

Explanation: This language restricts funding for selected State capital projects that would require the issuance of taxable debt in the Maryland Consolidated Capital Bond Loan of 2016.

Committee Narrative

High-speed Internet Connectivity in Baltimore City: In the information economy, high-speed Internet connectivity is a key resource that stimulates commerce, recreation, community life, and education. The committees are concerned that the level of high-speed Internet access is insufficient in Baltimore City. The committee encourages the Administration to work with legislators, city government, community leaders, and the private enterprise to enhance high-speed Internet access in Baltimore City.

MARYLAND ENERGY ADMINISTRATION

D13A13.01 General Administration

Add the following language to the special fund appropriation:

, provided that \$100,000 of this appropriation made for the purpose of General Administration may not be expended until the Maryland Energy Administration submits program-specific performance measures in the fiscal 2018 Managing for Results (MFR) submission. The budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of the program-specific performance measures may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled if the measures are not included in the MFR submission.

Explanation: Committee narrative in the 2015 Joint Chairmen’s Report requested that the Maryland Energy Administration (MEA) begin including program-specific performance measures in its fiscal 2017 MFR submission. MEA did not include these measures in the fiscal 2017 MFR submission. This language restricts funds in the agency until these measures are submitted in the fiscal 2018 submission.

Add the following language to the special fund appropriation:

Further provided that \$3,300,000 of this appropriation made for the purpose of General Administration may not be expended for that purpose but instead may be used only for a grant to the Maryland Clean Energy Center for operating support and assistance. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled.

Explanation: This language provides an operational grant to the Maryland Clean Energy Center from the General Administration funding in the Maryland Energy Administration (MEA). MEA is authorized to replace the transferred funds with available Strategic Energy Investment Fund administrative account fund balance.

Reduce appropriation for the purposes indicated:

	<u>Funds</u>	<u>Positions</u>
1. Increase turnover expectancy to 15.0% to better reflect recent experience. The fiscal 2017 allowance of the Maryland Energy Administration (MEA) includes a turnover expectancy of 5.0%. As of January 1, 2016, the MEA vacancy rate was 46.9%, or 15.0 positions. After accounting for 2.0 positions abolished in the fiscal 2017 allowance, the MEA vacancy rate would be 43.3%. A turnover expectancy of 15.0% would require 4.5 positions to be vacant.	315,146	SF
2. Delete funds from the Environmental Trust Fund (ETF). Under Section 3-302 of the Natural Resources Article, the Maryland Energy Administration (MEA) receives funds from the ETF up to \$250,000 per year. The fiscal 2017 allowance includes these funds both in the budget of MEA and the Department of Natural Resources. These funds should not be budgeted as special funds in both agencies. In addition, legislation proposed by Governor Lawrence J. Hogan, Jr. (SB 389 and HB 459) removes the statutory authorization for MEA to receive these funds.	250,000	SF

D13A13.02 The Jane E. Lawton Conservation Loan Program – Capital Appropriation

Credit Enhancements in the Jane E. Lawton Conservation Loan Program: Chapters 348 and 349 of 2014, among other changes, expand the eligible uses of funds in the Jane E. Lawton Conservation Loan Program (JELLP) to include credit enhancements. Although the Maryland Energy Administration (MEA) issued final regulations to implement the program in calendar 2014, no credit enhancements have been offered. MEA is expected to develop an implementation plan for this aspect of the program in fiscal 2016. The committees request that MEA provide an update on the implementation plan, timeline, and credit enhancement offerings in the JELLP.

Managing for Results Performance Measure Objectives: The Governor’s Office of Crime Control and Prevention (GOCCP) reports measurable data for its administrative functions in its Managing for Results (MFR) performance measures; however, the objectives lack clearly stated targets for evaluating whether the objective has been sufficiently met. The budget committees, therefore, request that GOCCP modify its future MFR submission, beginning in fiscal 2018, to include specific goals, such as an appropriate grant-to-monitor ratio or the ideal percent of grants closed in above average status. In developing the goals, GOCCP should research whether there are national benchmarks or norms for other state grant administering agencies to emulate.

Funding for Crime Victim Services: The Governor’s Office of Crime Control and Prevention (GOCCP) is receiving a substantial increase in Victim of Crime Act (VOCA) grant funding in fiscal 2017. GOCCP has hired an independent consultant to conduct a needs assessment of crime victim services to help determine how grant awards should be allocated. Ensuring the appropriate level of services is provided to victims of crime is of great importance to the budget committees. As such, GOCCP should submit a copy of the needs assessment findings to the budget committees no later than September 1, 2016. In addition, the agency should submit a follow-up report no later than December 15, 2016, providing information on how VOCA funded grant awards address the needs identified in the independent consultant’s report.

Budget Amendments

D15A05.24 Contract Appeals Resolution

Add the following language:

Provided that funds appropriated for Program D15A05.24 Contract Appeals Resolution may be expended only for that purpose. No funds appropriated to this unit may be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund or be canceled.

Explanation: This language restricts funds provided to the Contract Appeals Resolution program within the Executive Department – Boards, Commissions, and Offices to only that unit. According to the State Finance and Procurement Article Section 15-206, the Appeals Board is an independent unit of the Executive Branch of the State government and, except by statute, may not be made part of another unit of the State government. In the fiscal 2017 allowance, the appropriation for this unit was moved under D15A05. This language restricts funding in order to ensure the independence of this unit.

D18A18.01 Governor's Office for Children

Out-of-home Placements: To facilitate evaluation of Maryland's family preservation programs in stemming the flow of children from their homes, the Governor's Office for Children (GOC), on behalf of the Children's Cabinet, is requested to prepare and submit to the budget committees a report on out-of-home placements containing data on the total number of out-of-home placements and entries by jurisdiction over the previous three years and similar data on out-of-state placements. The report should also provide information on the costs associated with out-of-home placements, the reasons for new placements, and an evaluation of data derived from the application of the Maryland Family Risk Assessment. Data should also be collected concerning indicated findings of child abuse and neglect occurring while families are receiving family preservation services or within one year of case closure. Each agency or administration that funds or places children and youth in out-of-home placements is requested to work closely with GOC and comply with any data requests necessary for production of the report.

STATE BOARD OF ELECTIONS

D38I01.01 General Administration

Add the following language to the general fund appropriation:

provided that \$50,000 of this appropriation made for the purpose of administration may not be expended until a post-election tabulation audit following the 2016 general election utilizing the voter-verifiable paper records provided by the State's new optical scan voting system or electronic images of the voter-verifiable paper records is completed and the State Board of Elections (SBE) submits a report that includes:

- (1) a detailed description of the post-election tabulation audit performed after the 2016 general election;
- (2) the manner in which the public was permitted to comment on the audit procedures before the audit, observe the audit, and comment on the conduct and results of the audit after the audit is complete;
- (3) the cause of any discrepancies revealed by the audit and how any discrepancies revealed by the audit were resolved;
- (4) the final results of the audit for each contest that is audited;
- (5) the calculated risk that the reported outcome of each audited contest is incorrect;
- (6) the cost of the audit;
- (7) if an audit is conducted using electronic images of voter-verifiable paper records, how the electronic images were used to validate the election results and why hand and eye inspection of actual voter-verified paper ballots is not necessary to reliably determine the intent of the voters; and
- (8) how SBE plans to conduct post-election tabulation audits in future elections.

The report shall be submitted by December 31, 2016 to the House Appropriations Committee, House Ways and Means Committee, Senate Budget and Taxation Committee, and Senate Education, Health, and Environmental Affairs Committee. The committees shall have 45 days to review and comment. Funds restricted pending the submission of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted.

Explanation: In accordance with Chapters 547 and 548 of 2007, the State is implementing for the 2016 elections a new optical scan voting system that provides a “voter-verifiable paper record” of each ballot cast. A primary purpose of Chapters 547 and 548 of 2007 was to make it possible to use voter-verifiable paper records to conduct a post-election audit of the accuracy of the vote totals reported by the machines that electronically tabulate the votes. This type of audit can detect and correct any inaccuracies in the machine count due to programming errors, malfunctions, or deliberate tampering that may occur. The Presidential Commission on Election Administration, a bipartisan panel of election experts created by President Obama, endorsed post-election tabulation audits in 2014. This language ensures that a post-election tabulation audit is conducted and that a report is submitted detailing the audit.

DEPARTMENT OF PLANNING

D40W01.07 Management Planning and Educational Outreach

Preservation, Survey, and Museum Operating Funding Needs: The committees are concerned that the Maryland Department of Planning's (MDP) Maryland Historical Trust (MHT) no longer provides funding for the work done by the Historic Preservation Grant Program through non-capital grants, and the Museum Assistance Program through grants. Therefore, the committees request that MDP work with the Department of Budget and Management (DBM) and preservation advocates to identify the need and demand for preservation, survey, and museum (operating and capital) grant funding and future plans to address these statewide needs in a report to be submitted by September 1, 2016. For the report, MDP and DBM should also comment on potential innovative funding options available, the experience of nearby states, and the staff capacity necessary to administer these programs.

Report on Obtaining GED certification for the Freestate Challenge Academy: The Military Department has indicated its intent in having the Freestate Challenge Academy become a GED option program and an alternative education program that includes credit recovery, in order to provide enhanced educational opportunities for youth participating in the program. The budget committees fully support this effort and request that the department submit a report on the progress made to achieve this designation and the plans for how the program will be impacted once the distinction is obtained, including the communication with the Department of Juvenile Services and the Department of Human Resources to coordinate outreach to at-risk youth eligible for the program. - number of cadets who take the general education diploma (GED) test;
- number of cadets who pass the GED test;
- number of cadets who reenroll in high school;

Budget Amendments

D55P00.05 Veterans Home Program

Add the following language to the special fund appropriation:

provided that \$654,731 of this appropriation is contingent upon the enactment of HB 186.

Explanation: HB 186 creates the Charlotte Hall Veterans Home Fund. Appropriations from the fund are contingent upon the enactment of legislation establishing the fund.

Committee Narrative

Managing For Results Submission: In the annual Managing for Results (MFR) submissions, the Department of Veterans Affairs (MDVA) reports measures that compare the Charlotte Hall Veterans Home (CHVH) to the State average for nursing homes. There is some concern that the measures reported are not sufficient for a comparison of CHVH's performance. MDVA should consider additional measures in future MFR submissions. In considering new measures, MDVA should use available research for nursing home quality indicators as well as what measures are reported at nursing homes throughout the State.

The Comptroller shall submit a report to the budget committees by October 1, 2016, detailing how funds will be spent and how it will result in improved customer service.

REVENUE ADMINISTRATION DIVISION

E00A04.01 Revenue Administration

Add the following language to the general fund appropriation:

. provided that \$745,000 of this appropriation is contingent upon the enactment of SB 355 or HB 431. Further provided that \$642,600 of this appropriation made for the purpose of the Achieving a Better Life Experience (ABLE) program subtraction modification may not be used for that purpose but instead may be used only as a grant to the College Savings Plan of Maryland Board for the implementation of the ABLE program. Further provided that \$102,400 of this appropriation made for the purpose of subtraction modification may not be used for that purpose but may be used instead for one-time programming costs to implement the ABLE program. Funds not spent for these restricted purposes may not be transferred by budget amendment or otherwise for any other purpose and shall revert to the General Fund.

Explanation: This language would make the funding for the ABLE program contingent on legislation that establishes the program. Further, the language clarifies that the funds are not for the actual subtraction modification but are for the startup costs for the Office of the Comptroller and the College Savings Plan Board. Because the College Savings Plan Board is a nonbudgeted board, the funds will be provided to them in the form of a one-time grant from the Comptroller for the specified purpose.

Committee Narrative

Earned Income Notice: The committees want to ensure that all Maryland citizens eligible for the Earned Income Tax Credit are aware of their eligibility. The committees request that the Comptroller report on the feasibility of developing a system that would notify Maryland citizens that they may be eligible for the Earned Income Tax Credit based on common tax indicators. The committees would also like an estimate of the costs associated with developing the system.

Section 20 of the budget bill eliminates 657 positions. This is a little over 1% of the Executive Branch workforce. The reduction adjusts the appropriation to reflect the reduction in positions. This reduction is adjusted so that the appropriations include sufficient funding for increments and the \$73,000 for the polygraph positions Annual Salary Review (ASR) salary adjustments in the Department of Public Safety and Correctional Services and the Maryland State Police. Fiscal 2016 Deficiency

F10A02.08 Statewide Expenses

Add the following language:

Provided that \$2,185,060 in general funds and \$342,917 in special funds are contingent on the enactment of SB 378 or HB 454.

Explanation: The Budget Reconciliation and Financing Act of 2015 prohibits the Administration from providing increments for State employees. The State Law Enforcement Officers Labor Alliance (SLEOLA) collectively bargained for increments and other enhanced benefits on April 1, 2016. The budget includes a deficiency appropriation to fund increments and other benefit enhancements. The language makes this appropriation contingent on legislation that removes the prohibition on SLEOLA increments.

Committee Narrative

Full and Complete Personnel Plan: The committees are concerned that this is the third consecutive year in which unspecified reductions in positions are made in the budget bill as introduced. This impedes transparency for citizens, legislators, and agency heads trying to determine the adequacy of each agency's personnel complement. In fiscal 2015, there was the Voluntary Separation Program, and fiscal 2016 included a 2% across-the-board reduction that abolished 278 positions. It is the intent of the committees that in the fiscal 2018 budget bill, the Administration should include a full and complete accounting of positions and that the Administration refrain from abolishing unspecified positions through across-the-board sections in the budget bill.

Revised Wellness Program: It is the intent of the budget committees that the Department of Budget and Management (DBM) submit a report to the committees by January 1, 2017, on the revised wellness program. The report should include the following information:

- revised program plan information, including requirements and surcharges;
- estimated costs and savings of the program for calendar 2016 and 2017;
- total cost of waived copays for individuals who completed requirements during calendar 2015 and the first nine months of calendar 2016;
- number of individuals who completed requirements by September 30, 2016;

- number of individuals identified for the disease management program by September 30, 2016; and

Hiring Freeze Policy Report: The committees are concerned that the State has been operating under varying degrees of a hiring freeze since 2004. Freezing substantial numbers of positions limits agencies, adds more time to recruit and fill vacant positions, and thus makes it more difficult to meet their responsibilities. During the Great Recession, the State had a structural deficit that exceeded \$2 billion. These were difficult years, and cost containment was a priority. Fiscal 2016 and 2017 have a structural surplus. It is no longer necessary to aggressively contain agencies operations to limit spending. The Department of Budget and Management (DBM) should submit a report to the committees on statewide hiring freeze policies. The report should discuss hiring freeze procedures, positions subject to the freeze, the rationale for maintaining the freeze during favorable economic times, and how long it takes to process vacant positions subject to the freeze. DBM should also develop managing for results indicators that measure how long it takes to process positions subject to the hiring freeze. The report should be submitted by September 2, 2016.

Employee and Retiree Health Insurance Account Closeout Report: As part of the baseline budget estimate of State expenditures for the Spending Affordability Committee, the Department of Legislative Services prepares an estimate of spending in the Employee and Retiree Health Insurance Account. So that the best and most recent data is available, DBM should prepare a fiscal 2016 close report. This report should include the (1) closing fiscal 2016 fund balance; (2) actual provider payments due in the fiscal year; (3) State employee and retiree contributions; (4) an accounting of rebates, recoveries, and other costs; and (5) any closeout transactions processed after the fiscal year ended. The report should be submitted to the committees by October 1, 2016.

Human Resources Shared Services Report: DBM is proposing a human resources (HR) shared services initiative. By fiscal 2017, DBM will be providing all HR services for approximately 1,000 employees in 17 agencies. The department should provide a status report on the progress made. The report should discuss which agencies are supported by DBM, the cost to DBM for supporting these agencies, costs saved or avoided, and how the quality of the support provided by DBM will be measured. This report should be submitted to the committees by January 1 2017.

Innovative Idea Awards Program: Section 10-203 of the State Personnel and Pensions Article creates an Innovative Idea Awards Program. The program provides cash rewards to employees whose ideas, if implemented, increase revenues, save money, or improve services delivered to the public. The program has not made any awards since 1998. The committees support the goals of the program and ask for a report on the future of the program under the current administration. The report should include how many awards have been made to date, how much has been awarded to date, savings generated from ideas, and the current composition of the panel. The report should be submitted to the committees by November 1, 2016.

Leap Year Pay: The budget committees are concerned that during a Leap Year, the pay of State Employees is reduced by one day. This is due to the fact that State employees are provided an annual salary in the budget. The committees direct the Department of Budget and Management to prepare a report on the alternatives to this pay cut for consideration that would prevent this pay cut in future leap years.

Position Reductions and Agency Effectiveness: The budget committees are concerned about the effect that position abolitions will have on agency operations and effectiveness. The budget requires that the Administration's abolish 657 positions in the Executive Branch. This is an extraordinarily large reduction that exceeds the number of positions in all but 11 agencies. Consequently, this could result in substantial personnel reductions in certain agencies, which could severely impact agencies' abilities to operate effectively. The position reductions could also force agencies to rely increasingly on overtime costs that were not contemplated when the budget was prepared, thus creating deficiencies. Another concern is that the hiring freeze limits agencies from filling key positions and that key vacant positions will be lost, further eroding agency effectiveness. Agencies such as the Office of the Public Defender, Public Service Commission, and Maryland State Department of Education have expressed concerns about the loss of positions. The Department of Budget and Management (DBM) should report to the committees on which positions were abolished. This report should identify any positions that agencies tried to fill but could not due to the hiring freeze. The report should also identify the extent to which position abolitions lead to additional overtime costs in State agencies. The report should be submitted by July 1, 2016.

Maryland State Archives Funding: The Maryland State Archives (MSA) has in recent years received approximately \$5.0 million in special funds from the Land Records Improvement Fund housed in the Judiciary. Funding is intended to offset costs to MSA for preservation of, and public access to, land records. In recent years, there has been a dispute between MSA and the Judiciary about the appropriate level of funding that the Judiciary should provide. It is the intent of the budget committees that the Department of Budget and Management provide general funds for the operation of MSA to replace funds currently received from the Land Records Improvement Fund. Additional general fund support to replace funding from the Land Records Improvement Fund should occur incrementally as follows: \$3.0 million in fiscal 2018, \$4.0 million in fiscal 2019, and \$4.5 million in fiscal 2020 and thereafter.

Supplemental Budget No. 3

F50A01.01 Major Information Technology Development Project Fund

Add the following language to the general fund appropriation:

Further provided that \$13,784,449 of this appropriation made for the purpose of the Department of Human Resources (DHR) Shared Human Services Platform project may not be expended until the Department of Information Technology (DoIT) submits a report to the budget committees, in conjunction with DHR, on the status of the project. The report shall address (1) State and federal costs of the project, including an approved Advanced Planning Document; (2) the project timeline, including subsequent components such as the replacement of DHR's information technology systems; (3) procurement process; (4) agencies involved in the project, including the role of each agency and the funding provided by each agency; and (5) project governance. In addition, DoIT shall provide a standard Information Technology Project Request. The report shall be submitted to the budget committees, and the committees shall have 15 days to review and comment. Funds restricted pending receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: The supplemental budget provides \$13.8 million to begin the Shared Human Services Platform project. The costs of this project are expected to reach \$200 million and the project is ultimately expected to involve at least nine different agencies. The budget committees are concerned about the risks associated with a project of this size that involves this many agencies. To minimize risk, the committees encourage detailed planning about project governance, the roles of each agency, the procurement process, costs, and the project timeline. DoIT is required to report to the budget committees 15 days prior to the expenditures of funds.

OFFICE OF INFORMATION TECHNOLOGY

F50B04.01 State Chief of Information Technology

Add the following language to the general fund appropriation:

. provided that \$500,000 of this appropriation made for the purpose of funding the State Chief of Information Technology may not be expended until the Department of Information Technology (DoIT) submits a report to the budget committees on its efforts to consolidate information technology services. The report should discuss which agencies are supported by DoIT, the cost to DoIT for supporting these agencies, costs saved or avoided, and how the quality of the support provided by DoIT will be measured. The report shall be submitted by January 1, 2017, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: The Administration is increasing the number of State agencies whose information technology (IT) services are supported by DoIT. The number of employees supported by DoIT is expected to increase from approximately 1,300 in fiscal 2015 to 10,900 in fiscal 2017. Eventually, 45,600 positions will be supported by DoIT. The department should provide a status report on the progress made. The report should discuss which agencies are supported by DoIT, the cost to DoIT for supporting these agencies, costs saved or avoided, and how the quality of the support provided by DoIT will be measured. OFFICE OF FACILITIES PLANNING, DESIGN AND CONSTRUCTION

H00G01.01 Facilities Planning, Design and Construction

Add the following language to the general fund appropriation:

Further provided that \$500,000 of this appropriation made for the purpose of the statewide Critical Maintenance Program may not be expended for that purpose but instead may be used only to establish a facilities conditions assessment program within the Office of Facilities Planning, Design and Construction. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund. Further provided it is the intent of the General Assembly that the Governor shall create an additional 7 new positions in the Office of Facilities Planning, Design and Construction through the Board of Public Works with these restricted funds.

Explanation: Inadequate self-assessments of facilities lead to poor maintenance of the State’s assets. Eventually, the poor maintenance and deferment lead to an increase in emergency project requests, thereby increasing the State’s facility maintenance cost.

Budget Amendments

Add the following language:

Provided that it is the intent of the General Assembly that projects and funding levels appropriated for capital projects, as well as total estimated project costs within the Consolidated Transportation Program, shall be expended in accordance with the plan approved during the legislative session. The department shall prepare a report to notify the budget committees of the proposed changes in the event that the department modifies the program to:

- (1) add a new project to the construction program or development and evaluation program meeting the definition of a “major project” under Section 2-103.1 of the Transportation Article that was not previously contained within a plan reviewed in a prior year by the General Assembly and will result in the need to expend funds in the current budget year; or
- (2) change the scope of a project in the construction program or development and evaluation program meeting the definition of a “major project” under Section 2-103.1 of the Transportation Article that will result in an increase of more than 10% or \$1,000,000, whichever is greater, in the total project costs as reviewed by the General Assembly during a prior session.

For each change, the report shall identify the project title, justification for adding the new project or modifying the scope of the existing project, current year funding levels, and the total project cost as approved by the General Assembly during the prior session compared with the proposed current year funding and total project cost estimate resulting from the project addition or change in scope.

Further provided that notification of project additions, as outlined in paragraph (1) above; changes in the scope of a project, as outlined in paragraph (2) above; or moving projects from the development and evaluation program to the construction program, shall be made to the General Assembly 45 days prior to the expenditure of funds or the submission of any contract for approval to the Board of Public Works.

Explanation: This annual budget bill language requires the department to notify the budget committees of proposed changes to the transportation capital program that will add a new project that was not in the fiscal 2016 through 2021 Consolidated Transportation Program (CTP) or will increase a total project’s cost by more than 10%, or \$1 million, due to a change in scope. Reports are to be submitted with the draft and final versions of the CTP, with each using the 2016 session CTP as the basis for comparison. In addition, notification is required as needed throughout the budget year, if certain changes to projects are made.

Add the following language:

The Maryland Department of Transportation (MDOT) may not expend funds on any job or position of employment approved in this budget in excess of 9,258.5 positions and 40.7 contractual full-time equivalent (FTE) positions paid through special payments payroll (defined as the quotient of the sum of the hours worked by all such employees in the fiscal year divided by 2,080 hours) of the total authorized amount established in the budget for MDOT at any one time during fiscal 2017. The level of contractual FTE positions may be exceeded only if MDOT notifies the budget committees of the need and justification for additional contractual personnel due to:

- (1) business growth at the Helen Delich Bentley Port of Baltimore or Baltimore/Washington International Thurgood Marshall Airport, which demands additional personnel; or
- (2) emergency needs that must be met, such as transit security or highway maintenance.

The Secretary shall use the authority under Sections 2-101 and 2-102 of the Transportation Article to implement this provision. However, any authorized job or position to be filled above the regular position ceiling approved by the Board of Public Works shall count against the Rule of 100 imposed by the General Assembly. The establishment of new jobs or positions of employment not authorized in the fiscal 2017 budget shall be subject to Section 7-236 of the State Finance and Procurement Article and the Rule of 100.

Explanation: This annual budget bill language establishes a position ceiling for MDOT each year to limit growth in regular positions and contractual FTEs.

Committee Narrative

Transportation Trust Fund Forecast Assumptions: The committees are concerned that the 2.99% average annual increase in departmental operating expenses that the Maryland Department of Transportation (MDOT) used in its fiscal 2016 through 2021 Transportation Trust Fund (TTF) forecast understates the amount of operating expenses likely to be incurred over the forecast period and, as a consequent, leads to an overestimate of the level of funding that will be available during the forecast period to support the capital program. The committees note that in past 24 years that the 5-year average annual increase in departmental operating expenses has only dipped three times below 3.0% and those instances covered the years of the Great Recession. It is therefore the intent of the committees that the out-year estimates of departmental operating expenses that MDOT incorporates in TTF forecasts be inflated, at a minimum, by a rate equal to the 5-year average annual increase in operating expenses experienced during the period ending with the most recently completed fiscal year.

J00A01.02 Operating Grants-In-Aid

Add the following language to the special fund appropriation:

, provided that no more than \$3,989,395 of this appropriation may be expended for operating grants-in-aid, except for:

- (1) any additional special funds necessary to match unanticipated federal fund attainments;
or
- (2) any proposed increase either to provide funds for a new grantee or to expand funds for an existing grantee.

Further provided that no expenditures in excess of \$3,989,395 may occur unless the department provides notification to the budget committees to justify the need for additional expenditures due to either item (1) or (2) above, and the committees provide review and comment or 45 days elapse from the date such notification is provided to the committees.

Explanation: This annual language caps the level of special funds provided for operating grants-in-aid. The cap may be increased to match unanticipated federal dollars or to provide new or expanded grant funding upon notification to the budget committees.

Baltimore City	<u>5,544,159</u>
	<u>2,000,000</u>
County Governments	<u>27,720,795</u>
	<u>4,000,000</u>

	<u>19,000,000</u>

Further provided that ~~\$27,720,795~~ \$4,000,000 of this appropriation to county governments and ~~\$20,328,583~~ \$19,000,000 to municipal governments shall be allocated to eligible counties and municipalities as provided in Sections 8-404 and 8-405 of the Transportation Article and may only be expended in accordance with Section 8-408 of the Transportation Article.

Explanation: The action reduces the capital transportation grants to the levels provided in the fiscal 2016 budget.

Add the following language to the special fund appropriation:

Further provided that no funds may be expended by the Secretary’s Office for any system preservation or minor project with a total project cost in excess of \$500,000 that is not currently included in the fiscal 2016-2021 Consolidated Transportation Program except as outlined below:

- (1) the Secretary shall notify the budget committees of any proposed system preservation or minor project with a total project cost in excess of \$500,000, including the need and justification for the project, and its total cost; and
- (2) the budget committees shall have 45 days to review and comment on the proposed system preservation or minor project.

Coordinated Alternative to Paratransit Service Pilot Project Evaluation: The Maryland Department of Transportation (MDOT), in coordination with the Washington Metropolitan Area Transit Authority (WMATA) and various human service providers, has implemented a pilot project to test alternative service delivery models for customers of the WMATA MetroAccess paratransit services. The hope is that alternative transportation services can be provided at a lower cost for certain MetroAccess subset populations. The budget committees request that MDOT report the results of its evaluation of the pilot program including the service improvements realized and potential cost savings achieved. The report should also include a discussion of the broader paratransit policy challenges and what role, if any, a future alternative service could play in addressing the growth projections for MetroAccess services.

Budget Amendments

Add the following language:

Consolidated Transportation Bonds may be issued in any amount provided that the aggregate outstanding and unpaid balance of these bonds and bonds of prior issues may not exceed \$2,773,900,000 as of June 30, 2017. Further provided that the amount paid for debt service shall be reduced by any proceeds generated from net bond sale premiums, provided that those revenues are recognized by the department and reflected in the Transportation Trust Fund forecast. Further provided that the appropriation for debt service shall be reduced by any proceeds generated from net bond sale premiums. To achieve this reduction, the Maryland Department of Transportation (MDOT) may either use the proceeds from the net premium to reduce the size of the bond issuance and/or apply the proceeds from the net premium to eligible debt service.

Explanation: Section 3-202 of the Transportation Article requires the General Assembly to establish the maximum debt outstanding each year in the budget bill. The level will be based on outstanding debt as of June 30, 2016, plus projected debt issued during fiscal 2017 in support of the transportation capital program.

Add the following language:

MDOT shall submit with its annual September and January financial forecasts information on:

- (1) anticipated and actual nontraditional debt outstanding as of June 30 of each year; and
- (2) anticipated and actual debt service payments for each outstanding nontraditional debt issuance from fiscal 2016 through 2026.

Nontraditional debt is defined as any debt instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond; such debt includes, but is not limited to, Certificates of Participation, debt backed by customer facility charges, passenger facility charges, or other revenues, and debt issued by the Maryland Economic Development Corporation or any other third party on behalf of MDOT.

Explanation: The General Assembly is interested in monitoring the use of nontraditional debt by MDOT. The information requested provides the budget committees with additional information on the usage and annual costs of nontraditional debt.

Add the following language:

The total aggregate outstanding and unpaid principal balance of nontraditional debt, defined as any debt instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond issued by MDOT, may not exceed \$609,630,000 as of June 30, 2017. Provided, however, that in addition to the limit established under this provision, MDOT may increase the aggregate outstanding unpaid and principal balance of nontraditional debt so long as:

- (1) MDOT provides notice to the Senate Budget and Taxation Committee and the House Appropriations Committee stating the specific reason for the additional issuance and providing specific information regarding the proposed issuance, including information specifying the total amount of nontraditional debt that would be outstanding on June 30, 2017, and the total amount by which the fiscal 2017 debt service payment for all nontraditional debt would increase following the additional issuance; and
- (2) the Senate Budget and Taxation Committee and the House Appropriations Committee have 45 days to review and comment on the proposed additional issuance before the publication of a preliminary official statement. The Senate Budget and Taxation Committee and the House Appropriations Committee may hold a public hearing to discuss the proposed increase and shall signal their intent to hold a hearing within 45 days of receiving notice from MDOT.

Explanation: This language limits the amount of nontraditional debt outstanding at the end of fiscal 2017 to the total amount that is projected to be outstanding from all previous nontraditional debt issuances as of June 30, 2016. The language allows MDOT to increase the amount of nontraditional debt outstanding in fiscal 2017 by providing notification to the budget committees regarding the reason that the additional issuances are required. Any plan to issue debt for the State Center Project would require notification under this language.

Committee Narrative

DEBT SERVICE REQUIREMENTS

J00A04.01 Debt Service Requirements

Consolidated Transportation Bond Debt Affordability Criteria: The committees are concerned about the increasing share of Transportation Trust Fund (TTF) revenues being consumed by debt service payments on Consolidated Transportation Bond (CTB) debt. By fiscal 2021, the end of the current TTF forecast period, debt service is projected to require almost 11.0% of net TTF revenues. Furthermore, in fiscal 2021, the TTF forecast anticipates that debt service will equal an amount equivalent to over 90.0% of projected bond issuances. Given that CTB debt is part of total State tax-supported debt and total State tax-supported debt is approaching the State’s affordability limits, it is desirable that CTB-specific affordability criteria be developed. The committees therefore request that the Maryland Department of Transportation (MDOT) work with the Capital Debt Affordability Committee (CDAC) to develop affordability criteria that may be used to ensure CTB debt remains affordable vis-à-vis TTF resources. MDOT should submit a report to the committees detailing the recommended affordability criteria developed through this effort by December 1, 2016.

Budget Amendments

Add the following language:

It is the intent of the General Assembly that the funding for transportation-related Watershed Implementation Plan projects mandated by Section 8-613.3 of the Transportation Article be provided through appropriation from the Transportation Trust Fund.

Explanation: The intent behind the funding mandate established through passage of the Transportation Infrastructure Investment Act of 2013 (Chapter 429) was to reduce the burden on the Transportation Trust Fund (TTF) of complying with the Environmental Protection Agency's Chesapeake Bay Total Maximum Daily Load (TMDL) requirements by the year 2025. This was done by providing a portion of the funding for State Highway Administration TMDL projects from either the General Fund or from general obligation bond proceeds at a time when the TTF was expected to fund a large expansion in the transportation capital program including two major light rail transit projects. Since the mandate was established, one of the light rail transit projects has been canceled and the Administration has indicated its desire that TMDL funding be the responsibility of the TTF. This language indicates that the General Assembly concurs with that statutory interpretation.

STATE HIGHWAY ADMINISTRATION

J00B01.01 State System Construction and Equipment

Add the following language:

It is the intent of the General Assembly that the Project Information Form for the interchange at the Greenbelt Metro Station be revised for the fiscal 2018-2022 Consolidated Transportation Program to include six-year funding for the interchange and infrastructure improvements at the Greenbelt Metro Station site at a level of at least \$170,000,000.

Explanation: The Greenbelt Metro Station site is one of three sites short-listed by the federal General Services Administration as a possible location for a new headquarters for the Federal Bureau of Investigation. This language states the intent that adequate funding be devoted to site improvements, including the interchange, to improve the chances of the Greenbelt location being selected.

Add the following language to the special fund appropriation:

, provided that \$2,000,000 of this appropriation made for the purpose of constructing Safety, Congestion Relief and Community Enhancements projects may not be expended for that purpose but instead may be used only to provide grants to counties to construct sound barriers. The funds shall be allocated to each county based on the number of county road miles in each county as a percent of total county road miles in all counties. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled.

Explanation: Many communities are significantly impacted by traffic noise yet do not meet the eligibility criteria under the State Highway Administration sound barrier program. These funds will help counties provide relief to these communities.

Add the following language to the special fund appropriation:

Further provided that \$22,000,000 of this appropriation made for the purpose of constructing Safety, Congestion Relief and Community Enhancements projects may not be expended for that purpose but may be used only to construct infrastructure improvements to the Greenbelt Metro Station site designed to make the site more attractive as a location for the headquarters for the Federal Bureau of Investigation. These funds may be expended only for this restricted purpose if the Greenbelt Metro Station site is selected as the Federal Bureau of Investigation headquarters location. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled.

Explanation: The Greenbelt Metro Station site is one of three locations under consideration for construction of a new headquarters for the Federal Bureau of Investigation (FBI). Selection as the site of the new FBI headquarters will result in significant increases in employment and economic activity. This funding will help increase the likelihood that the Greenbelt Metro site is selected.

Committee Narrative

Roadwork and Utility Work Coordination: The committees are concerned with prevalence of utility work that involves the destruction and repair of newly or recently paved roadways and sidewalks and are interested in ways to minimize the impacts of utility work on road and sidewalk quality. The State Highway Administration (SHA) is requested to provide a report to the budget committees by November 1, 2016, which includes the following:

- a description of how SHA coordinates its road construction/road repair activities with utility companies to reduce the incidence of newly paved roads and sidewalks being torn up by utility work;

- steps that could be taken to further reduce the incidence of newly paved roads and sidewalks being torn up by utility work; and
- impediments (if any) to improvements in this area that would require legislative action to address.

New Hampshire Avenue Corridor Economic Development Potential: The committees are interested in the potential for economic development in the New Hampshire Avenue (MD 650) Corridor in Prince George’s and Montgomery counties between Piney Branch Road (MD 320) and the Washington, DC border. The Maryland Department of Commerce (Commerce), the State Highway Administration (SHA), and the Maryland Department of Planning (MDP) are therefore requested to submit a report to the budget committees by November 1, 2016, which includes:

- an estimate of the potential tax revenue to the State of Maryland and the potential increase in the number of jobs that would result from property redevelopment in the New Hampshire Avenue Corridor under current county zoning and sector plans, and the City of Takoma Park’s New Hampshire Avenue Corridor Concept Plan if MD 650 right-of-way improvements are made as envisioned in the plans;
- a review of the cost of road, stormwater, and utility infrastructure needs within the MD 650 right-of-way to facilitate the redevelopment envisioned by the plans, including construction of the multi-way boulevard; and
- the status of planning for bus rapid transit in the corridor and its coordination with plans for the Purple Line light rail development.

Watkins Mill Interchange: The start of construction on the Watkins Mill Interchange project was moved from fiscal 2016 as scheduled in the 2015-2016 Consolidated Transportation Program (CTP) to fiscal 2017 in the 2016-2021 CTP, and the committees are concerned that this project may be further delayed through being linked to the I-270 Innovative Congestion

Management Project. The State Highway Administration (SHA) is therefore requested to provide:

- a report to the budget committees by July 1, 2016, providing details on the current schedules for the Watkins Mill Interchange and the I-270 Innovative Congestion Management Project and the benefits to be derived from linking these two projects; and
- a report on the I-270 Innovative Congestion Management Project procurement to be submitted 30 days after the project award is made, which includes:
 - an updated schedule for construction start and project completion; and
 - a summary of the work to be completed under the contract; and
- a report on the Watkins Mills Interchange procurement to be submitted 30 days after the project award is made, which includes:

State Highway Engineering District Staffing: The committees are concerned about the adequacy of staffing in the State Highway Administration’s (SHA) seven engineering districts. SHA is requested to provide a report to the budget committees by November 1, 2016, which details:

- the rationale behind the current structure of the engineering districts including:
 - a summary of the functions administered at the district level versus at the agency level and an explanation of why each function is so situated;
 - the metrics used to determine the district organization; and
 - the metrics used to determine the staffing of each district;

- the number of staff assigned, by class title, to each engineering district; and
- a plan to address the high level of employee turnover in the district offices including an evaluation of whether salaries paid by SHA are competitive with salaries paid for similar positions by local governments and the federal government.

Electrochemical-based Technology in Structural Monitoring Systems: The committees are interested in improving the safety, reliability, efficiency, and performance of the State’s transportation infrastructure and request that the State Highway Administration (SHA) provide a report by October 1, 2016, which identifies and evaluates the efficacy of structural monitoring systems that include the ability to monitor fatigue cracks using electrochemical-based technology. The report should identify the costs of implementing a monitoring system of this type.

J00B01.05 County and Municipality Funds

Add the following language to the special fund appropriation:

, provided that \$5,845 of this appropriation made for the purpose of providing transportation aid to the Town of Deer Park in Garrett County may not be expended until the town has submitted audit reports and Uniform Financial Reports as required under Sections 16-304 and 16-306 of the Local Government Article for fiscal 2013, 2014, and 2015. Funds restricted pending the receipt of these documents may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled.

Further provided that \$1,633 of this appropriation made for the purpose of providing transportation aid to Caroline County on behalf of Marydel may not be expended until the town has submitted audit reports and Uniform Financial Reports as required under Sections 16-304 and 16-306 of the Local Government Article for fiscal 2012, 2013, 2014, and 2015. Funds restricted pending the receipt of these documents may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled.

Explanation: This language restricts transportation aid to municipalities that have not submitted audit and financial reports required in statute until the required documents have been submitted for all delinquent years.

Committee Narrative

Pedestrian Collision Incident Reporting: Capital budgets for local jurisdictions include projects designed to enhance pedestrian safety. Local governments are increasingly turning to mapping software to prioritize which roads and communities to focus pedestrian safety efforts. Incident reports are gathered by local jurisdictions and analyzed for use by the State Highway Administration (SHA). Local jurisdictions would benefit by having the agency provide the information back to the local jurisdictions for use in their annual capital budget preparations. It is the intent of the committees that SHA make pedestrian collision data and high incident area analysis available on the State’s Open Data Portal and/or sent electronically to the local county budget offices by August 1, 2016, and annually thereafter.

MARYLAND PORT ADMINISTRATION

J00D00.01 Port Operations

Economic Impact of the Port: The committees would like to express their support for the Helen Delich Bentley Port of Baltimore (Port) and highlight the importance of the economic impact on the State of Maryland. As noted by the Moody's Analytics report to the Maryland Economic Development and Business Climate Commission, the Port has large potential as one of the only ports on the East Coast that is deep enough to accommodate the large post-Panamax ships that will begin shipping cargo once improvements in Panama are complete. However, the report also noted a lack of infrastructure connecting to the Port that would allow it to take full advantage of its deep water access. The committees request that the Maryland Port Administration (MPA) submit a report detailing the economic benefits that would be gained from adding double-stack rail capacity to the Port, and listing the necessary infrastructure improvements and their costs and funding sources for double-stack access. The report should include a list of all feasible options for adding double-stack rail access as well as the relevant stakeholders related to each option. The report should also provide a timeline for when decisions will be made regarding how to add double-stack access.

Information Request	Author	Due Date

Union Labor at Sparrows Point: The budget committees are concerned about the use of union labor at existing or new maritime terminals at Sparrows Point, which is being redeveloped by Tradepoint Atlantic. There is potential for State tax credits or other State support intended to support the redevelopment of the property. The committees intend that union labor, such as members of the International Longshoreman's Association, be considered for work at existing or new port terminals at Sparrows Point, in accordance with the master contract between the International Longshoreman's Association and the United States Maritime Alliance.

Committee Narrative

Flexible Approach Needed in Efforts to Improve Transit Service in the Baltimore Metropolitan Region: The committees support efforts to improve transit services in Baltimore City and the Baltimore metropolitan region and share the announced goals of the BaltimoreLink transit initiative of improving the safety and reliability of transit services, delivering a unified transit system, and improving access to transit. The committees are concerned, however, that many of the hoped for improvements in on-time service and service reliability depend on the conversion of general traffic lanes in Baltimore City to bus-only lanes. Studies of the impacts on nonbus traffic of converting lanes and/or entire streets to bus-only transitways were not conducted prior to the development of the BaltimoreLink initiative. Should these impacts prove too burdensome to implement fully, the committees expect the Maryland Transit Administration to work cooperatively with local jurisdictions in the Baltimore metropolitan region on alternative means of accomplishing these goals.

Committee Narrative

MARYLAND PARK SERVICE

K00A04.01 Statewide Operations

Maryland State Park Investment Plan: The committees acknowledge the significant contribution that State lands make to the health and well-being of our citizens and wildlife. Further, the committees recognize the increasing contribution that these resources make to the economy of the State – serving as strong amenities attracting both businesses and residents, providing jobs and encouraging outdoor recreation expenditures. Finally, the committees are concerned that park visitation has increased from 11.2 million in 2014 to over 12.0 million in 2015, which appears to have strained the park system given that during summer 2015, 15 State parks filled to capacity 122 times, and campground and cabin inventory was sold out. Therefore, the committees request that the Department of Natural Resources (DNR), in consultation with relevant stakeholders, develop and submit a Strategic Park Investment Plan that updates and expands upon its Five-Year Strategic Plan completed in January 2013. The Plan should consider park fees and other revenues, park amenities, concession and income-generating activities, and expansion opportunities. The Plan should also identify funding sources and a reasonable timeline to achieve full implementation of the Plan to position Maryland’s parks to achieve a National Gold Medal Award from the National Recreation and Park Association. Finally, the Plan should comment on how DNR is planning for future park accessibility needs by targeting properties for purchase and development that are adjacent to existing parks, and on how DNR is planning on keeping up with population growth in terms of providing a consistently high quality experience for park visitors. The report should be submitted by December 1, 2016.

BOATING SERVICES

K00A11.02 Waterway Improvement Capital Projects

Add the following language to the special fund appropriation:

. provided that \$250,000 of this appropriation made for the purpose of Waterway Improvement Program capital projects may not be expended for waterway improvement projects submitted by the Administration but may be used only for the purpose of dredging projects specified by the Department of Natural Resources at Deep Creek Lake.

Explanation: Fiscal 2016 budget bill language restricted \$250,000 for dredging Deep Creek Lake and allowed the Department of Natural Resources (DNR) to use the restricted funding for other projects if funding for Deep Creek Lake dredging projects has not been encumbered by April 1, 2016, but in that case required the Deep Creek Lake dredging projects to be included on the priority list for fiscal 2017 funding. DNR indicated that it will spend \$88,610 of the \$250,000 in restricted fiscal 2016 funding for a one-year sediment study titled “Deep Creek Lake Monitoring of Sediment Impacts on Boating Channels.” This action restricts Waterway Improvement Program fiscal 2017 funding again for Deep Creek Lake dredging projects. If the Deep Creek Lake dredging projects are funded in fiscal 2017, then the department is authorized to increase its special fund appropriation by budget amendment supported by available fund balance in order to restore funding to the projects that are currently programmed to receive fiscal 2017 funding but would not otherwise as a result of this action.

RESOURCE ASSESSMENT SERVICE

K00A12.05 Power Plant Assessment Program

Add the following language to the special fund appropriation:

. provided that \$250,000 of this appropriation made for the purposes of providing funding to the Maryland Energy Administration (MEA) for administrative and fiscal support for studies relating to the conservation or production of electric energy shall be reduced contingent upon the enactment of SB 389 or HB 459 repealing the requirement to provide support to MEA.

Explanation: SB 389 and HB 459 (Fee, Surcharge, and Tax Reduction Act of 2016) have been introduced in the 2016 legislative session to, among other actions, repeal the requirement that MEA receive annual funding from the Environmental Trust Fund (ETF) – up to \$250,000 – for studies relating to the conservation or production of electric energy. This action reduces the funding the Power Plant Research Program provides MEA from the ETF contingent on the enactment of SB 389 or HB 459 repealing the requirement to provide the specified support to MEA.

CHESAPEAKE AND COASTAL SERVICE

K00A14.02 Chesapeake and Coastal Service

Local Stormwater Remediation Funding: The committees are concerned that the July 2015 report “Maryland’s Chesapeake Bay Restoration Financing Strategy Final Report” written by the University of Maryland, College Park, Environmental Finance Center (EFC) reflects a stormwater remediation financing gap of \$4.2 billion for Chesapeake Bay restoration. The committees acknowledge that Prince George’s County has entered into the Clean Water Partnership – a public-private partnership or P3 – with the private firm Corvias Solutions in order to remediate 2,000 or more acres of urban street over a three-year period for \$100 million. Therefore, the committees request that the Department of Natural Resources (DNR), in coordination with the Maryland Department of the Environment (MDE), Department of Budget and Management (DBM), and EFC, provide a report on how the other nine phase I municipal separate storm sewer system jurisdictions are meeting their stormwater requirements; and the costs and benefits of the other nine jurisdictions partnering either individually or collectively with a P3 for stormwater remediation financing.

L00A12.18 Rural Maryland Council

Rural Maryland Prosperity Investment Fund Allocation: The fiscal 2017 allowance includes a \$2,000,000 general fund appropriation to the Rural Maryland Prosperity Investment Fund. Chapter 469 of 2014 (Rural Maryland Prosperity Investment Fund – Revisions and Extension of Termination Date) specifies how the funding is to be allocated, but this is a substantial amount of new funding for the fund and it would be helpful to understand how the \$375,000 received by each of the Rural Maryland Council, and Maryland Agricultural Education and Rural Development Assistance Fund will be used. Therefore, the committees request that the Maryland Department of Agriculture (MDA) provide a report on July 1, 2016, on the criteria and rationale for the allocation of the Rural Maryland Prosperity Investment Fund funding and a report on January 1, 2017, specifying the actual allocation of funding.

OFFICE OF RESOURCE CONSERVATION

L00A15.01 Office of the Assistant Secretary

Report on Soil Conservation District Personnel and Funding: The committees are concerned about the long-term funding stability for the field staff of the 24 soil conservation district offices around the State. These staff undertake important functions in assisting farmers in the preparation and implementation of various plans including water quality and soil conservation plans; the review and approval of sediment and erosion plans for development and redevelopment projects; and other functions established by law.

Agriculture Article Section 8-405 requires the Governor to include certain sums in annual proposed budgets over four fiscal years to provide adequate funding. These funding levels ranged from a fiscal 2008 amount of \$8,800,000 up to a fiscal 2011 amount of \$10,000,000 and each fiscal year thereafter. While finding that the sums appropriated in the fiscal 2017 budget are adequate to provide the necessary staff, the budget committees desire to have the agencies and offices listed below undertake an assessment and report of both the recent history of staffing levels and budgeted amounts and a longer term plan to ensure adequate staffing for the districts. Further, the budget committees recognize the significant and increasing contribution the Chesapeake and Atlantic Coastal Bays 2010 Trust Fund makes to support district staff. In the proposed fiscal 2017 budget, the amount of this support has increased to \$3,290,000 for approximately 50 staff. The budget committees caution that any additional support from the Chesapeake and Atlantic Coastal Bays 2010 Trust Fund may erode the purpose of the fund, which is to focus on funding the most cost-effective nonpoint source best management practices in areas targeted geographically or by practice.

Therefore, the budget committees request the Maryland Department of Agriculture (MDA), as the primary and lead agency responsible for funding assistance to the districts, in active consultation with the Department of Budget and Management (DBM) and the Department of Natural Resources (DNR), to undertake the following assessment and report to the committees and the Governor by September 1, 2016:

- the identification of the approved annual funding levels for soil conservation district staffing, the number and types of staff funded and the funding sources used in each fiscal year from fiscal 2008 through 2016, including an explanation of the reasons for annual changes in the amounts and sources of funding for each fiscal year and to what extent these annual appropriations vary from those amounts established under Agriculture Article Section 8-405 and the reasons for any variations;
- a projected budget plan for fiscal 2018 through 2022, which describes (1) the demand for any additional staff by area and type based on projected workload; and (2) the amounts and sources of funding to support any additional staff along with projected salary and benefit increases; and
- any other pertinent information the agencies believe would be important to include in the report.

MEMSOF Financial Audit: The committees are concerned about the accounting errors identified during the formulation of the fiscal 2017 Maryland Emergency Medical Systems Operations Fund (MEMSOF) forecast. With multiple independent users of the fund, proper accounting is of the utmost importance. The committees direct the Office of Legislative Audits (OLA) to conduct a financial audit of the MEMSOF in order to ensure that the fund is being properly maintained. Mobile Sexual Assault Forensic Exam Teams: The budget committees remain concerned about access to mobile sexual assault forensic exam (SAFE) teams throughout the State. The committees request a report containing information on the Department of Health and Mental Hygiene’s (DHMH) efforts to establish mobile SAFE teams or the establishment of protocols to ensure that all hospitals with emergency departments have a plan so that sexual assault victims have access to SAFEs at hospital facilities. Efforts to establish such teams can include creating or continuing a mobile SAFE program staffed by at least one dedicated employee, or entering into an agreement with an existing SAFE program to permit mobile SAFE team members to conduct SAFEs at their facilities. The report should also detail any barriers to establishment and implementation of such plans and agreements.

Budget Amendments

M00L01.01 Program Direction

Add the following language to the general fund appropriation:

provided that \$100,000 of this appropriation made for the purpose of administration may not be expended until the Department of Health and Mental Hygiene submits a report to the budget committees outlining the recommendations made by the department's security review of the State-operated psychiatric hospitals, how the department will implement those recommendations, and what barriers to implementation exist, including those of a legislative, regulatory, or resource-based nature. The report shall be submitted by July 1, 2016, and the committees shall have 45 days to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted.

Explanation: The budget committees are concerned that psychiatric hospitals operated by the Department of Health and Mental Hygiene (DHMH) with forensic individuals face new issues regarding the care and treatment of patients, and in particular, with individuals who are determined to be a “danger to themselves or others” carrying the status of Incompetent to Stand Trial or Not Criminally Responsible. During the budget hearings, DHMH referenced that it is currently undertaking a security review, and that this review should be completed shortly. The committees request that DHMH provide the budget committees with a report on the security measures that the security review recommends, how they will begin implementing these security recommendations, and what barriers to implementation exist, including those of a legislative, regulatory, or resource-based nature.

MEDICAL CARE PROGRAMS ADMINISTRATION

M00Q01.03 Medical Care Provider Reimbursements

Add the following language:

All appropriations provided for Program M00Q01.03 Medical Care Provider Reimbursements are to be used for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose.

Explanation: The language restricts Medicaid provider reimbursements to that purpose.

Add the following language:

The General Assembly is concerned about the substantial operating losses sustained by the Managed Care Organizations during calendar 2015 due to changes in the State enrollment and reenrollment process and other factors. It is the intent of the General Assembly that the Department of Health and Mental Hygiene shall consider any data provided by the Managed Care Organizations and their outside actuary, calendar 2015 financial statements filed with the Maryland Insurance Administration, and any appropriate data from other sources:

- (1) to recognize the factors which resulted in the calendar 2015 losses; and
- (2) to the extent that these same factors continue to undermine the soundness of the current calendar 2016 rates:
 - (a) make an appropriate calendar 2016 mid-year rate adjustment (including potential adjustments retroactive to January 1, 2016); and
 - (b) inform calendar 2017 rates in order to bring financial stability to the HealthChoice program; place the Managed Care Organizations on a sound financial footing; and allow for enrollee access to services, improvement in the quality of care, and continued wide plan choice.

Explanation: The language expresses legislative intent of the need to adjust calendar 2016 rates and set calendar 2017 rates in order to bring financial stability to, and promote enrollee access, quality of care and plan choice within, the HealthChoice program.

Add the following language to the general fund appropriation:

Further provided that \$100,000 of this appropriation made for provider reimbursements may not be made for that purpose and instead may be expended only on an independent review of the organization of eligibility determination entry points for health and social services in other states to serve as a potential model for Maryland in order to (1) maximize access to those services; (2) reduce duplication, inefficiency, and costs; and (3) maximize federal fund participation. The review, together with a joint response to that review from the Department of Health and Mental Hygiene, the Department of Human Resources, the Maryland Health Benefit Exchange, and any other interested State agencies, shall be submitted to the budget committees by December 15, 2016, and the committees shall have 45 days to review and comment. To assist in the review, on request of the independent reviewer, State agencies that currently serve as an entry point for health and social services shall submit how many individuals they currently enroll or reenroll, the mechanism by which those individuals enroll or reenroll, outreach and enrollment strategies, the number of personnel directly involved in enrollment or reenrollment activities, funding to support those personnel or any other contract related to enrollment or reenrollment activities, and any other relevant requested information. The independent review shall be solicited by the Department of Budget and Management. Funds restricted for the purpose of conducting the review may not be expended or transferred to any other purpose and shall revert to the General Fund if the review is not undertaken.

Explanation: The language withholds funds pending the receipt of an independent review to be solicited by the Department of Budget and Management on how to best organize entry points for health and social services as well as a collective agency response to that report.

Independent review on the organization of entry points for health and social services and a response to that review	Department of Health and Mental Hygiene Department of Human Resources Maryland Health Benefit Exchange Any other interested State agency	December 15, 2016

Add the following language to the general fund appropriation:

Further provided that \$100,000 of this appropriation made for provider reimbursements may not be expended until the Department of Health and Mental Hygiene (DHMH) submits a report to the budget committees detailing (1) ways to further incentivize managed care organizations (MCO) to increase the level of lead screening for children enrolled in Medicaid; (2) ways to encourage MCOs to take advantage of existing services available under Medicaid that are not being used; (3) how it can work with other State agencies to maximize access to existing funding for lead remediation activities in the homes of children identified by MCOs as having elevated blood lead levels; (4) other funding sources for remediation activities; (5) whether it might be able to pursue a waiver for lead remediation activities like that recently requested by the state of Michigan; and (6) data on the number of children identified with elevated blood lead levels and those that receive a second confirmatory screening. To assist in the development of the report, DHMH may require MCOs to detail current activities undertaken to identify and screen children with elevated blood lead levels as well as future activities that they intend to implement. The report shall be submitted by November 15, 2016, and the committees shall have 45 days to review and comment. Funds restricted pending the receipt of the report may not be expended or transferred to any other purpose and shall revert to the General Fund if the report is not received.

Explanation: The language withholds funds pending the receipt of a report from DHMH on various elements related to lead screening of children in Medicaid.

Committee Narrative

Impact of Federal Managed Care Organization (MCO) Regulatory Changes on HealthChoice: The federal government recently proposed a major overhaul of its regulatory framework governing Medicaid MCOs. Those regulations have yet to be finalized. The committees are interested in the impact on the Maryland HealthChoice program and request the Department of Health and Mental Hygiene (DHMH) to submit a report on the impact of the federal regulations on the program by December 1, 2016. If the regulations have not been finalized, DHMH should indicate that by the same date.

Collaborative Care Initiative: Managed Care Organizations (MCO) operating in the HealthChoice program are required to deliver primary behavioral health services to treat mild to moderate symptoms of depression and other common behavioral disorders, while specialty behavioral health services for more severe illnesses are treated through the public behavioral health system. The committees are interested in the development of a collaborative care model for the delivery of primary behavioral health services through the HealthChoice program. Mild to moderate behavioral disorders can still be disabling and are often linked to higher overall somatic health care costs as well as lost productivity. Collaborative care means an evidence-based approach for integrating physical and behavioral health services in primary care settings that includes: (1) care coordination and management; (2) regular, proactive outcome monitoring and treatment using validated clinical rating scale, and (3) regular, systematic psychiatric caseload reviews and consultation for patients who do not show clinical improvement. Implementation of a collaborative care model in various settings has demonstrated both improved outcomes and lower overall health care costs. The committees request that the Department of Health and Mental Hygiene (DHMH) report by December 15, 2016, on: (1) the extent of primary behavioral health services currently delivered by MCOs; (2) the evidence-based practices including the collaborative care model as defined above, or other clinical models that are used by MCOs to treat individuals with mild to moderate forms of depression and other common behavioral disorders and associated outcome data from these practices or models; (3) a financial estimate to implement a collaborative care model throughout HealthChoice including any projected cost savings; and, (4) the possibility of developing pilot collaborative care programs within HealthChoice.

Substance Use Disorder Services Carve-out: On January 1, 2015, the Department of Health and Mental Hygiene (DHMH) carved Medicaid-eligible substance use disorder (SUD) services out of the HealthChoice program. Those services are now provided on a fee-for-service basis and administered through an administrative services organization together with specialty mental health services. The committees are interested in an assessment after the first full year detailing (1) the impact of the carve-out on access, quality, and efficiency of care in the HealthChoice Program and in the public behavioral health system; (2) if the carve-out has resulted in specific issues in any particular jurisdiction or in any level of care; (3) the specific impact on enrollees who require treatment for chronic conditions and substance use disorders and/or mental health illness; and (4) an evaluation of the duties of the State’s administrative services organization and the costs associated with the carve-out. DHMH shall submit the assessment by December 15, 2016.

M00Q01.10 Medicaid Behavioral Health Provider Reimbursements

Add the following language:

All appropriations for Program M00Q01.10 Medicaid Behavioral Health Provider Reimbursements are to be used for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose except that funding may be transferred to Programs M00L01.02 Community Services and M00L01.03 Community Services for Medicaid State Fund Recipients, to cover shortfalls in fee-for-service community behavioral health funding for Medicaid-ineligible services or services to the uninsured.

Explanation: The language restricts the use of Medicaid behavioral health provider reimbursements to that purpose with limited exceptions.

Add the following language to the general fund appropriation:

, provided that \$2,130,000 of this appropriation made for provider reimbursements may not be spent for that purpose and instead may only be transferred as follows:

- (1) \$1,200,000 to Program M00L08.01 Springfield Hospital Center to restore the positions and operational expenses reduced due to the privatization of the dietary function;
- (2) \$530,000 to Program M00L11.01 John L. Gildner Regional Institute for Children and Adolescents to restore the positions and operational expenses reduced due to the privatization of the dietary function; and
- (3) \$400,000 to Program M00L05.01 Regional Institute for Children and Adolescents – Baltimore to restore the positions and operational expenses reduced due to a reduction in the number of beds at the facility.

Funds restricted for these purposes may not be transferred by budget amendment or otherwise to any other purpose and if not expended for these purposes shall revert to the General Fund.

Explanation: This language restricts funding in order to restore the positions and operational funding reduced at the Springfield Hospital Center and the John L. Gildner Regional Institute for Children and Adolescents (RICA) due to the privatization of the dietary functions at those facilities and to restore positions and operational expenses at RICA – Baltimore due to a bed reduction.

Committee Narrative

HEALTH REGULATORY COMMISSIONS

M00R01.02 Health Services Cost Review Commission

Status of Hospital Partnerships with Community Behavioral Health Providers: The budget committees remain concerned about the impact that individuals with behavioral health issues are having upon the hospitals within the State as hospitals and the Health Services Cost Review Commission (HSCRC) continue to implement the All-payer Model Contract. In previous years, the General Assembly allowed for funding through hospital rates to assist hospitals in covering costs associated with the implementation of Maryland’s All-payer Model Contract, and funding statewide for regional proposals that support this implementation. In addition, HSCRC recently solicited proposals from hospitals for transformation implementation projects that support partnerships to implement community-based care coordination activities that reduce potentially avoidable utilization. HSCRC is currently reviewing these proposals.

In many areas of the State, behavioral health is a major factor on potentially avoidable utilization. The budget committees request a report on the status of hospital partnerships and contracts with non-hospital owned community behavioral health organizations funded through HSCRC implementation grants, and the total amount of implementation grant funding used by hospitals to contract with non-hospital owned community behavioral health organizations. The report shall be submitted by December 1, 2016.

OFFICE OF THE SECRETARY

N00A01.01 Office of the Secretary

Add the following language to the general fund appropriation:

, provided that since the Department of Human Resources (DHR) Local Department Operations Unit has had four or more repeat audit findings in the most recent fiscal compliance audit issued by the Office of Legislative Audits (OLA), \$100,000 of this agency's administrative appropriation may not be expended unless:

- (1) DHR has reported the corrective action taken with respect to all repeat findings on or before January 1, 2017; and
- (2) a report is submitted to the budget committees by OLA listing each repeat finding along with an assessment of the corrective action taken by DHR for each repeat finding. The budget committees shall have 45 days to review and comment to allow funds to be released prior to the end of fiscal 2017.

Explanation: The Joint Audit Committee has requested that budget bill language be added for each unit of State government that has four or more repeat audit findings in its most recent fiscal compliance audit. Each such agency is to have a portion of its administrative budget withheld pending the adoption of corrective action by the agency and a determination by OLA that each finding was corrected. Due to the nature of the Local Department Operation Unit audit and the volume of findings to be corrected by the Local Departments of Social Services, an alteration to the standard language is prudent. This language requires DHR to report on corrective actions and have OLA assess the corrective actions taken by DHR rather than having the findings resolved.

N00A01.04 Maryland Legal Services Program

Add the following language to the general fund appropriation:

provided that \$12,170,861 of this appropriation made for the purpose of the Maryland Legal Services Program may be expended only for that purpose. Funds not used for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: The language restricts the general fund appropriation of the Maryland Legal Services Program (MLSP) to that purpose, and if it is not needed for that purpose requires that the funds revert to the General Fund. During the fiscal 2013 closeout process, the Department of Human Resources recorded an unprovided-for payable in the MLSP. This was the second consecutive year an unprovided-for payable was recorded and the fourth since fiscal 2007. Given the important function of the MLSP, it remains necessary to ensure the program is adequately funded. Similar language has been adopted in the last three fiscal years.

LOCAL DEPARTMENT OPERATIONS

N00G00.01 Foster Care Maintenance Payments

Add the following language to the general fund appropriation:

Further provided that these funds are to be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose. Funds not expended shall revert to the General Fund.

Explanation: This language restricts general funds appropriated for foster care payments to that use only. This language is similar to language added in recent years except that transfers to N00G00.03 (Child Welfare Services) are not allowed. This restriction prevents a transfer of general funds to other programs that might create or increase a deficit in spending in the Foster Care Maintenance Payments Program (N00G00.01).

Committee Narrative

Caseload Estimates for Out-of-home Placements: During the 2016 session, the Department of Human Resources (DHR) and Department of Budget and Management (DBM) presented two sets of estimates at two separate times for caseload assumptions and payments estimates for foster care, subsidized adoptions, and subsidized guardianship in fiscal 2017. Neither appear to be based on current trends, but rather based on the funding in the allowance. Given that out-of-home placements costs are entitlements, the forecast of caseloads and payment estimates should drive the budget. The committees request that DHR presents by placement type and flexible funding services (e.g. daycare, education, child care offset, promoting safe and stable families, ancillary and emergency services, local education agency funding, and Title IV-E Waiver intervention services), the caseload estimates, payment estimates, and expenditures for fiscal 2016 actuals, and estimates for fiscal 2017 and 2018 that were used in fiscal 2018 budget development. For flexible funding services, only the total estimated expenditures by type is required. The information should also include the amount of any provider rate change and the share of the charges claimed to regular Title IV-E assumed in the fiscal 2018 allowance.

N00G00.03 Child Welfare Services

Add the following language to the general fund appropriation:

, provided that these funds are to be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose except that funds may be transferred to program N00G00.01 Foster Care Maintenance Payments. Funds not expended or transferred shall revert to the General Fund.

Explanation: This language restricts general funds appropriated for local child welfare services to that use only or for transfer to N00G00.01 Foster Care Maintenance Payments.

Committee Narrative

Child Welfare Caseload Data: The committees believe that maintaining an adequate child welfare workforce is essential to improving outcomes for children entering the State's care. Therefore, in order to maintain oversight of this important issue, the committees request that the Department of Human Resources (DHR), on November 15, 2016, report to the committees on the actual and annual average number of cases and filled positions assigned, by jurisdiction, for the following caseload types using 12 months of data through August 2016:

- Intake Screening;
- Child Protective Investigation;
- Consolidated Home Services;
- Interagency Family Preservation Services;
- Services to Families with Children – Intake;
- Foster Care;
- Kinship Care;
- Family Foster Homes – Recruitment/New Applications;
- Family Foster Home – Ongoing and Licensing;

- Adoption;
- Interstate Compact for the Placement of Children; and
- Caseworker Supervisors.

N00G00.08 Assistance Payments

Able-bodied Adults without Dependents Time Limit: The Supplemental Nutrition Assistance Program, known in Maryland as the Food Supplement Program (FSP), has a requirement that limits receipt of benefits for able-bodied adults without dependents (ABAWD) to 3 months in a 36 month time period, unless the individual complies with certain work requirements. Statewide waivers were available in many states during and after the recent recession. Maryland's statewide waiver ended December 31, 2015. The committees are concerned about the impact of this transition on this vulnerable population. The committees request that the Department of Human Resources (DHR) report on the number of individuals removed from FSP benefits by month and jurisdiction from January 2016 through November 2016, and the number by month and jurisdiction who were able to return to the program after complying with work requirements. The department should include a discussion of the impact of the end of the waiver on ABAWD individuals and the agency.

Temporary Cash Assistance Eligibility and Benefit Amounts: The Welfare Innovation Act of 1996 included language requiring the Governor to provide sufficient funds to ensure that the value of Temporary Cash Assistance (TCA) benefits when combined with the Food Supplement Program (FSP) benefit is a minimum of 61% of the Maryland minimum living level. The committees are concerned about whether 61% of the Maryland minimum living level provides an adequate benefit for these programs. The committees request that the Department of Human Resources (DHR) conduct an analysis to determine the feasibility of incrementally increasing the percent of the Maryland minimum living level that must be met over the next 10 years by 1% per year. The analysis should include the expected cost, the impact on the caseload (including whether this change impacts the number of eligible households), and the impact of the projected increase on other benefits that TCA recipients receive and for which they are eligible. DHR should also include information on the feasibility of altering eligibility criteria to increase the number of eligible cases including providing options for altering eligibility criteria.

FAMILY INVESTMENT ADMINISTRATION

N00I00.04 Director's Office

Add the following language to the general fund appropriation:

. provided that since the Department of Human Resources (DHR) Family Investment Administration has had four or more repeat findings in the most recent fiscal compliance audit issued by the Office of Legislative Audits (OLA), \$100,000 of this agency's administrative appropriation may not be expended unless:

- (1) DHR has taken corrective action with respect to all repeat audit findings on or before November 1, 2016; and
- (2) a report is submitted to the budget committees by OLA listing each repeat audit finding along with a determination that each repeat finding was corrected. The budget committees shall have 45 days to review and comment to allow for funds to be released prior to the end of fiscal 2017.

Explanation: The Joint Audit Committee has requested that budget bill language be added for each unit of State government that has four or more repeat audit findings in its most recent fiscal compliance audit. Each such agency is to have a portion of its administrative budget withheld pending the adoption of corrective action by the agency and a determination by OLA that each finding was corrected. Add the following language to the general fund appropriation:

Further provided that \$100,000 of this appropriation may not be expended until the Department of Human Resources (DHR) submits a report including the results of a weighted caseload analysis to the budget committees. The weighted caseload analysis shall consider (1) the number of public assistance cases; (2) the type of public assistance cases; and (3) the time and effort each type of public assistance case requires. The analysis shall be conducted for each jurisdiction. The report should also discuss whether the planned information technology modernization would allow DHR to conduct these types of analyses in the future. The report on the results of the analysis shall be submitted by May 15, 2017, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted. It is the intent of the General Assembly that the Executive Director of the Family Investment Administration (FIA) and Secretary of DHR use the results of the analysis to allocate personnel to efficiently and effectively carry out the public assistance programs of FIA.

Explanation: This language restricts funds until DHR submits the results of a weighted caseload analysis to the budget committees. The weighted caseload analysis is to consider each type of public assistance case and factor in the amount of time and effort each type of public assistance case requires. The language also expresses the intent that the results of the analysis be used to allocate personnel within FIA.

Committee Narrative

Child Support Pass-through and Disregard for Temporary Cash Assistance Recipients: The federal Deficit Reduction Act of 2005 provided states with the option to pass-through a portion of child support payments received on behalf of Temporary Cash Assistance (TCA) recipients to families and disregard the portion passed through when calculating TCA benefits. If the State chooses this option, the federal government waives its share of the child support collection. Maryland has not chosen to implement this option. The committees request that Department of Human Resources (DHR) conduct an analysis to determine whether it would be beneficial to TCA customers and the State to choose this option to pass-through a portion of payments and disregard the amount passed through. The analysis should consider for fiscal 2013 through 2016:

- the number and percent of TCA recipients with a support order;
- the number and percent of TCA-related child support cases for which a payment was received;
- the average amount of child support payments collected by the State on behalf of families receiving TCA;
- the average frequency of child support payment receipt by the State on behalf of families receiving TCA;
- the number of TCA-related cases that were closed due to the receipt of a child support payment that exceeded the TCA grant in one month but were subsequently reopened because the amount of child support payments was less than the grant in the subsequent month;
- experiences of other states in implementing a child support pass-through and disregard policy specifically related to changes in payment frequency and dollar amount, impact on arrearages, and impact on parental involvement by the noncustodial parent; and
- potential for implementing the change in policy as part of an information technology (IT) modernization project or under the existing IT system.

Cold Weather Deaths: The committees are concerned about whether there is adequate reporting of cold weather-related deaths for individuals experiencing homelessness. The committees are interested in opportunities for improved reporting. It is the intent of the budget committees that the Office of the Chief Medical Examiner, the Department of Health and Mental Hygiene, and the Department of Human Resources collaborate to create a reporting system for cold weather deaths of people experiencing homelessness.

Cold Weather Planning: The committees are concerned about the adequacy of local cold weather shelter planning processes. The committees request that the Interagency Council on Homelessness (ICH) submit a report:

- detailing local cold weather shelter planning processes;
- identifying gaps in services and funding in local cold weather shelter plans;
- establishing standards for local cold weather shelter planning; and
- recommending any legislative changes needed.

Housing Counselor Programs and Security Deposit Assistance: The committees are interested in understanding more about the housing counselor programs offered by the Department of Human Resources (DHR) and the Department of Housing and Community Development (DHCD). The committees are also interested in other programs that could be developed to assist individuals in obtaining housing. It is the intent of the budget committees that during the 2016 interim, the Joint Committee on Ending Homelessness, with the cooperation of DHR and DHCD, study housing counselor programs, including available funding as well as the feasibility of developing of a revolving loan fund to assist individuals in paying security deposits.

Committee Narrative

N00I00.06 Office of Home Energy Programs

Energy Assistance Application Processing Times: The committees are interested in continuing to monitor the progress of the local administering agencies (LAA) of the Office of Home Energy Programs in improving energy assistance application processing timeliness. Although progress is evident to date in fiscal 2016, some LAAs have experienced worsening performance. The committees request that the Department of Human Resources (DHR) provide by LAA (1) the number of applications received; (2) the average number of days to process applications; (3) the number and percent of applications processed within 30 days, 55 days, and longer than 60 days; and (4) the date of the data.

Outreach Plans: The percent of eligible households receiving energy assistance has declined recently and was 30.8% in fiscal 2015. The percent of eligible households with a child under the age of 1 receiving benefits was 33.0%. The percent of eligible households with an individual over the age of 60 or an individual with disabilities receiving benefits was less than 30.0% in fiscal 2015. The committees are concerned that eligible households are not receiving energy assistance and may be vulnerable to problems associated with lack of heat or electricity. The Office of Home Energy Programs (OHEP) has taken steps during fiscal 2016 to improve outreach by local administering agencies (LAA). The committees request that OHEP report on the outreach efforts undertaken by the State and LAAs in fiscal 2016 and plans to further improve outreach in fiscal 2017 to increase the percent of eligible households receiving benefits.

Planned Program Changes: In response to committee narrative in the 2015 Joint Chairmen’s Report, the Department of Human Resources (DHR) indicated that the Office of Home Energy Programs plans to develop a Policy Reform Plan by early fiscal 2017, following work to develop these plans during fiscal 2016. The plans are expected to focus on incentivizing energy conservation, education, and case management to reduce customer dependency on energy assistance and providing incremental arrearage forgiveness contingent on customer co-payments to increase customer accountability for on-time bill payment. The committees request that DHR submit a plan on the planned program changes, including information on anticipated legislative changes that result from the Policy Reform Plan or generally from the ongoing work in the agency’s program review.

Adult Education: The committees request the Department of Labor, Licensing and Regulation (DLLR) submit a report on the Adult Education program including an overview of the GED test preparation program, the recent changes to the test, why the number of test takers has fallen, recruitment strategies, why the funding has decreased, and what coordinated efforts within the agency are used to connect GED students to other programs like EARN grant recipients and Apprenticeship providers. The committees also request DLLR to report on the feasibility and cost of producing a centralized, searchable database to be accessed on the Internet by the public that lists adult education and workforce training opportunities including GED preparation, employability skills, trade-specific skills, remedial education, and other categories of available opportunities. For each program included in the database, to the extent possible, the database should include appropriate metrics that measure the success rates of the program including job placement rates, length of employment, and program completion rates.

Explanation: This action is intended to limit the number of correctional officer positions that can be reclassified, primarily for dietary service in Baltimore City facilities.

Supplemental Budget No. 3

Q00A02.01 Administrative Services

Add the following language to the general fund appropriation:

. provided that \$4,000,000 of this appropriation made for the purpose of providing adequate funds for inmate services and programs related to a projected shortfall in the Inmate Welfare Fund may not be expended unless the Department of Public Safety and Correctional Services (DPSCS) receives approval from the Board of Public Works (BPW) before July 1, 2016, of a contract modification eliminating the commission from the current inmate payphone equipment and services contract. Upon approval of a contract modification, DPSCS shall provide written notice of the modification to the budget committees. Funds restricted pending approval of the contract modification may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the contract modification is not approved by BPW.

Explanation: In October 2015, the Federal Communications Commission (FCC) took action to reduce rate caps for inmate calling and limit add-on fees imposed by service providers. Several phone service providers have filed petitions with the District of Columbia Circuit to review the FCC rate caps and other inmate calling service changes, and in early March 2016, the circuit court granted a partial stay on the order, which otherwise would have gone into effect on March 17, 2016. The State's current inmate phone service contract provides for a commission paid to DPSCS, which would be significantly reduced by implementation of the FCC rate reduction order. Although the FCC order does not prohibit commissions, many states have already begun to move away from commissions. The \$4 million reduction to Inmate Welfare Fund revenue in Amendment 1 of Supplemental Budget No. 3 assumes that DPSCS will not receive a commission from the inmate phone service vendor, however a contract modification eliminating the commission has not yet been introduced to BPW. This action restricts the \$4 million in general funds to replace the anticipated reduction in Inmate Welfare Funds until BPW approves a contract modification eliminating the commission.

Q00B01.01 General Administration

Add the following language to the general fund appropriation:

, provided that \$125,000 of this appropriation made for the purpose of General Administration may not be expended until the Department of Public Safety and Correctional Services submits monthly inmate banking account reconciliation reports, including indication of corrective actions to be taken for any identified differences, to the budget committees. Monthly reports shall be submitted by the first of each month, beginning on July 1, 2016, and ending May 1, 2017. Funds may not be released until all 11 reports have been received. The budget committees shall have 45 days from receipt of the final report to review and comment. Funds restricted pending the receipt of the reports may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the reports are not submitted to the budget committees.

Explanation: The Department of Public Safety and Correctional Services (DPSCS) has had a history of audit findings relating to unreconciled inmate banking accounts, most recently documented in the May through October 2015 Office of Legislative Audits reports for regional DPSCS operations. This language restricts administrative funds pending receipt of monthly reconciliation reports in order to verify that DPSCS reconciles accounts on a regular basis.

General Supervision Caseload Size: Identifying the appropriate caseload for parole and probation agents has been an area of ongoing concern. Review of Division of Parole and Probation (DPP) caseload data indicates that Maryland's average general caseload size of 116 is well above the national average of 82. It is the intent of the budget committees that DPP reduces the average general caseload size to the national average of 82.

Drug Testing Contract: The budget committees are concerned that the current urinalysis vendor does not provide technicians to testify regarding urinalysis testing results, as required under the current contract. The current urinalysis contract ends at the close of September 2016. It is therefore the intent of the budget committees that the Department of Public Safety and Correctional Services (DPSCS) consider implementing an enforcement mechanism, such as a penalty, in an effort to ensure technicians can be available to testify at revocation hearings. A provision expressing this preference should be added to the forthcoming drug testing procurement request. The budget committees also request that DPSCS submit the final drug testing procurement request.

Funding for Urinalysis Testing Kits: The budget committees are concerned that there is not enough funding to purchase a sufficient amount of urinalysis testing kits for all Division of Parole and Probation jurisdictions. It is therefore the intent of the budget committees that a sufficient level of funding be provided in future fiscal years for urinalysis testing kits.

Supervision Fee and Restitution Collection: The budget committees are concerned that fee and restitution collection is more appropriately handled by the Central Collection Unit (CCU) within the Department of Budget and Management, rather than by offender supervision agents. It is therefore the intent of the budget committees that the Department of Public Safety and Correctional Services submit legislation during the 2017 session transferring the authority for collections from the Division of Parole and Probation to CCU.

Kiosk Program and Supervision Reporting Options: The Division of Parole and Probation's (DPP) kiosk system is intended to reduce the number of personal interactions between supervision agents and low-risk offenders and to provide off-site reporting capability for offenders during nonbusiness hours. However, a December 2015 DPP supervision agent focus group study indicates that the program may not be meeting these goals. The budget committees, therefore, request that DPP submit an analysis of the value and utility of the kiosk system and alternative supervision reporting options. The report should include annual costs associated with operating the kiosk program and offender kiosk reporting statistics. The report should also consider the feasibility and utility of implementing other electronic reporting systems, such as web-based or mobile systems.

Remote Access to Electronic Records and Databases: A December 2015 Division of Parole and Probation (DPP) focus group study indicates that supervision agents and Warrant Apprehension Unit (WAU) officers do not have remote access to the Offender Case Management System (OCMS) and other electronic databases while in the field. When an agent or WAU officer wants to access electronic information in the field, they must go to a field office or call back to the office in order to do so. In its efforts to address this issue, DPP has piloted a mobile tablet program to provide remote access to databases for one DPP field office. The budget committees therefore request that DPP submit a report summarizing the outcome of the pilot program and analyzing the feasibility of providing remote access to the OCMS and other electronic databases for supervision agents and WAU officers through expansion of the tablet program or the provision of laptops. The submitted report should include any estimated costs associated with providing laptops or other mobile electronic devices to agents and WAU officers, as well as adjustments that may need to be made to the OCMS to allow for remote access.

Relocating the Guilford Avenue Field Office: The Division of Parole and Probation (DPP) operates seven field offices in Baltimore City. The field office located at 2100 Guilford Avenue suffers from a variety of physical deficiencies. Although general obligation bond funding was provided in fiscal 2003 through 2006 to expand and renovate the office, the project was halted after only part of the office space was renovated. Additionally, there are concerns about the office's proximity to an elementary school, as well as the accessibility of the location for reporting offenders. The Department of Public Safety and Correctional Services (DPSCS) previously released a Request for Proposals (RFP) to relocate the Guilford Avenue DPP field office to a new leased space but did not receive any bids. DPSCS has indicated that it intends to continue efforts to relocate the office and will release a new RFP. The budget committees, therefore, request that DPSCS submit a report on the status of relocating the Guilford Avenue field office.

DIVISION OF PRETRIAL DETENTION

Q00T04.09 General Administration

Add the following language to the general fund appropriation:

. provided that \$200,000 of this appropriation made for the purpose of General Administration may not be expended until the Department of Public Safety and Correctional Services submits a staffing analysis report for the Baltimore City detention facilities, including explanation of any changes in staffing levels from prior staffing analyses. The report shall be submitted by October 1, 2016. The budget committees shall have 45 days from receipt of the final report to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: Providing proper staffing can have an impact on the amount of overtime used by the custodial agencies as well as the safety and security of staff and inmates. Conducting regular staffing analyses should assist the department and the General Assembly in monitoring the staffing and overtime situation in the State's correctional and detention facilities. The Department of Public Safety and Correctional Services (DPSCS) submitted its most recent post-by-post staffing analysis to the budget committees in December 2015 but indicated in that report that, with technical assistance from the National Institute of Corrections and consultation of relevant labor unions, it is in the process of reevaluating the staffing plan at Baltimore City detention facilities following the closure of the Baltimore City Men's Detention Center in August 2015. This action restricts funds until DPSCS submits the final Baltimore City detention staffing analysis report to the budget committees, explaining the need for any changes in staffing levels from prior staffing analyses.

Plan for Complying with Final Jerome Duvall, et al. v. Lawrence Hogan, Jr., et al. Settlement Agreement: The Department of Public Safety and Correctional Services (DPSCS) announced in November 2015 that a settlement agreement had been reached in Jerome Duvall, et al. v. Lawrence Hogan, Jr., et al., but the agreement has not yet been signed by the judge. The budget committees, therefore, request that DPSCS submit bimonthly updates on the status of the case for the duration of the litigation, beginning July 15, 2016. Upon finalization of a settlement agreement, DPSCS should submit to the budget committees a report outlining a plan for complying with the final settlement agreement in Jerome Duvall, et al. v. Lawrence Hogan, Jr., et al., including any associated costs.

Budget Amendments

Add the following language:

Provided that it is the intent of the General Assembly that no individual loaned educator be engaged by the Maryland State Department of Education (MSDE) for more than six years. For loaned educators engaged in fiscal 2010, the time already served at MSDE may not be counted toward the six-year limit.

Further provided that it is the intent of the General Assembly that all loaned educators submit annual financial disclosure statements, as is required for State employees in similar positions.

Further provided that MSDE shall provide an annual census report on the number of loaned educator contracts and any conversion of these personnel to regular positions to the General Assembly by December 15, 2016, and every year thereafter. The annual report shall include job function, title, salary, fund source(s) for the contract, the first year of the contract, the number of years that the loaned educator has been employed by the State, and whether the educator files a financial disclosure statement. MSDE shall also provide a report to the budget committees prior to entering into any new loaned educator contract to provide temporary assistance to the State. The budget committees shall have 45 days to review and comment from the date of receipt of any report on new contracts.

Explanation: This annual language on loaned educators expresses legislative intent that loaned educators should not be engaged for more than six years, educators should submit annual financial disclosure statements as appropriate, and reports on the loaned educator program should be submitted. The loaned educator program at MSDE allows local employees to work for MSDE on special projects.

R00A01.15 Juvenile Services Education Program

Add the following language to the general fund appropriation:

, provided that it is the intent of the General Assembly that a portion of this appropriation shall be used to provide incentives to recruit and retain highly effective teachers and principals in the Juvenile Services Education Program. Further provided that the Maryland State Department of Education shall report to the budget committees on a plan outlining how much of the appropriation will be used for incentives and how these incentives will be implemented. The report shall be submitted by July 1, 2016.

Explanation: This language requires that a portion of the money provided to the Juvenile Services Education (JSE) Program be used to provide incentives to recruit and retain highly effective teachers, as doing so has presented significant challenges for JSE. It also requires the submission of a report on how much of the appropriation is used for these incentives, and how they will be implemented. This report is due to the budget committees no later than July 1, 2016.

AID TO EDUCATION

R00A02.01 State Share of Foundation Program

College and Career Counseling: The role of school counselors in public schools has been a topic of much discussion, including the number of school counselors needed for schools and the amount of time necessary for counselors to provide direct services to students that provides students with adequate support. The committees have specific concerns about students in the State's public middle schools and high schools having access to school counselors for purposes of college and career counseling. One potential way to provide more targeted assistance to students would be to implement specific certification for college and career counseling specialists. Requirements for such certification could be informed by the Southern Regional Education Board's Go Alliance Academy. The committees request the Maryland State Department of Education (MSDE), in consultation with the local school systems, examine whether and how a new certification in the State for college and career counseling specialists could be implemented. MSDE shall report on the findings of the study and include recommendations, including the estimated cost to implement the recommendations. This report shall be submitted no later than November 1, 2016.

Conduct of Police in Baltimore City Public Schools: Due to concerns raised about policing in Baltimore City Public Schools (BCPS), it is the intent of the budget committees that BCPS will report on the following actions. First, the Baltimore City Board of School Commissioners (board) shall certify in writing to the budget committees that an integrated data system is in place and that arrests, referrals, and other relevant data, including transportation, arrest, or referral of students with psychological needs, are being recorded into that system. Second, the board shall certify in writing to the budget committees that it has created a formal committee of the board to address school discipline issues. The board’s certification should specify the membership of the committee, its goals, tasks, and best practices that have been identified and put into place regarding school disciplinary issues and training of school police. The submitted certifications in writing shall include the reports that the committee has been tasked to create, and shall be submitted no later than November 1, 2016.

Supplemental Budget No. 3

R00A02.01 State Share of Foundation Program

Add the following language to the general fund appropriation:

, provided that funding may only be allocated as follows:

- (a) Baltimore City 12,674,305
- (b) Calvert 1,090,580

Explanation: This language specifies that funding provided in Supplemental Budget No. 3 should be allocated to Baltimore City and Calvert County due to their having declining enrollment and a decrease of State education aid in fiscal 2016 or 2017. This is in addition to funding provided in the fiscal 2017 allowance for Carroll (\$4,000,000), Garrett (\$1,300,000), and Kent (\$300,000) counties for similar purposes.

Budget Amendments

R00A02.07 Students With Disabilities

Add the following language to the general fund appropriation:

, provided that \$100,000 of this appropriation made for the purpose of funding the Infants and Toddlers Program may not be expended until the Maryland State Department of Education provides the budget committees with a report on data from local education agencies that specifies all local, State, and federal funds, including transportation funds, spent for prekindergarten children with disabilities ages three through five in fiscal 2015 and 2016. This report shall also provide analysis on how funds are targeted to support:

- (1) the provision of special education services in public and private early childhood programs and settings where children with disabilities learn alongside nondisabled peers; and
- (2) meaningful access to early childhood curricula in public and private general education early childhood programs for children with disabilities.

This report shall also include a description of the relationship of both (1) and (2) as outlined above to improved results for prekindergarten children with disabilities.

This report shall be submitted to the budget committees on or before November 1, 2016. The budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: The committees understand that the State provides funding for special education prekindergarten children in the Aid to Education budget. Part of the funding is through the Infants and Toddlers Program (R00A02.07), which is reported as its own line in the budget. Another part of the funding is through the Bridge to Excellence formula for compensatory education (R00A02.02). The Bridge to Excellence in Public Schools Act of 2002 requires school systems to make prekindergarten available to all economically disadvantaged four-year-old children. A portion of the compensatory education formula provides State funds for this requirement. Some four-year olds funded by the formula may be designated as special education children. However, the amount that supports special education (or other) prekindergarten children cannot be determined with data that is currently available.

R00A02.13 Innovative Programs

Add the following language to the general fund appropriation:

. provided that \$104,000 of this appropriation made for the purpose of providing Pathways in Technology High (P-TECH) schools grants shall be distributed proportionately based on enrollment in P-TECH schools in the 2016-2017 school year.

Explanation: This action adds language requiring grants provided to P-TECH schools, for the 2016-2017 school year to be distributed proportionally according to the P-TECH schools' enrollment.

Fiscal 2016 Deficiency

R00A02.13 Innovative Programs

Amend the following language to the general fund appropriation:

To become available immediately upon passage of this budget to supplement the fiscal 2016 appropriation to provide funds for planning grants in equal amounts to establish ~~four~~ six P-TECH schools in Maryland, including two P-TECH schools for Baltimore City Public Schools, one being located at Paul Laurence Dunbar High School and one located at Carver Vocational-Technical High School, two P-TECH schools in Prince George's County, one on the Eastern Shore, and one in Western Maryland.

Explanation: This language provides \$100,000 planning grants for six P-TECH schools, including two in Baltimore City at Paul Laurence Dunbar High School and Carver Vocational-Technical High School, two in Prince George's County, one in Western Maryland, and one on the Eastern Shore.

Committee Narrative

R00A02.55 Teacher Development

High-quality Teaching: The budget committees direct the Maryland State Department of Education to submit a report on its recommendations for improving teacher preparation and retention, including any statutory changes that would allow for increased flexibility in allocating the Quality Teacher Incentive grants and models for teacher support beyond the use of grants. These recommendations shall be informed by the use of new assessment data to review the status and progress of comprehensive needs schools, as well as the inclusion of stakeholders in the recommendation process. The report shall be submitted to the budget committees no later than December 1, 2016.

FUNDING FOR EDUCATIONAL ORGANIZATIONS

R00A03.01 Maryland School for the Blind

Add the following language to the general fund appropriation:

provided that this additional appropriation shall be contingent on the enactment of SB 422 or HB 709.

Explanation: This added language makes additional funding provided for the Maryland School for the Blind in Supplemental Budget No. 3 contingent upon the enactment of SB 422 or HB 709.

Budget Amendments

R00A03.04 Aid to Non-Public Schools

Amend the following language to the special fund appropriation:

Special Fund Appropriation, provided that this appropriation shall be for the purchase of textbooks or computer hardware and software and other electronically delivered learning materials as permitted under Title IID, Section 2416(b)(4), (6), and (7) of the No Child Left Behind Act for loan to students in eligible nonpublic schools with a maximum distribution of \$65 per eligible nonpublic school student for participating schools, except that at schools where at least 20% of the students from 20% to 40% of the students are eligible for the free or reduced price lunch program there shall be a distribution of \$95 per student, and at schools where more than 40% of the students are eligible for the free or reduced-price lunch program there shall be a distribution of \$155 per student.

Explanation: This action amends language modifying the distribution of funding for the Aid to Non-Public Schools Program so that schools where more than 40% of the students are eligible for the free or reduced-price lunch program receive \$155 per student.

Add the following language to the special fund appropriation:

Further provided that a nonpublic school participating in the Aid to Non-Public Schools Program R00A03.04 shall certify compliance with Title 20, Subtitle 6 of the State Government Article. A nonpublic school participating in the program may not discriminate in student admissions on the basis of race, color, national origin, or sexual orientation. Nothing herein shall require any school or institution to adopt any rule, regulation, or policy that conflicts with its religious or moral teachings. However, all participating schools must agree that they will not discriminate in student admissions on the basis of race, color, national origin, or sexual orientation. The sole legal remedy for violation of these provisions is ineligibility for participating in the Aid to Non-Public Schools Program.

Explanation: This action requires a nonpublic school participating in the Aid to Nonpublic Schools Program to certify compliance with Title 20, Subtitle 6 of the State Government Article. It also specifies that a participating school may not discriminate in student admissions on the basis of race, color, national origin, or sexual orientation. Violating the provisions makes a school ineligible for participating in the Aid to Nonpublic Schools Program. Similar language was included in the fiscal 2016 budget.

R00A03.05 Student Assistance Organization Business Entity Grants

Add the following language to the special fund appropriation:

provided that this appropriation may not be expended as provided in the budget as introduced. This appropriation shall be canceled at the end of the fiscal year unless expended for the program and in the manner specified below:

Broadening Options and Opportunities for Students Today

Provided that this appropriation shall be for a Broadening Options and Opportunities for Students Today (BOOST) Program that provides scholarships for students who are eligible for the free or reduced-price lunch program to attend eligible nonpublic schools. The Maryland State Department of Education (MSDE) shall administer the grant program in accordance with the following guidelines:

- (1) To be eligible to participate in the BOOST Program, a nonpublic school must:
 - (a) participate in Program R00A03.04 Aid to Non-Public Schools Program for textbooks and computer hardware and software administered by MSDE;
 - (b) provide more than only prekindergarten and kindergarten programs;
 - (c) administer assessments to all students in accordance with federal and State law; and

- (d) comply with Title VI of the Civil Rights Act of 1964 as amended, Title 20, Subtitle 6 of the State Government Article, and not discriminate in student admissions on the basis of race, color, national origin, or sexual orientation. Nothing herein shall require any school or institution to adopt any rule, regulation, or policy that conflicts with its religious or moral teachings. However, all participating schools must agree that they will not discriminate in student admissions on the basis of race, color, national origin, or sexual orientation. If a nonpublic school does not comply with these requirements, it shall reimburse MSDE all scholarship funds received under the BOOST Program and may not charge the student tuition and fees instead. The only other legal remedy for violation of this provision is ineligibility for participating in the BOOST Program.
- (2) MSDE shall establish procedures for the application and award process for scholarships for students who are eligible for the free or reduced-price lunch program. The procedures shall include consideration for award adjustments if an eligible student becomes ineligible during the course of the school year.
- (3) MSDE shall compile and certify a list of applicants that ranks eligible students by family income expressed as a percent of the most recent federal poverty levels.
- (4) MSDE shall submit the ranked list of applicants to the BOOST Advisory Board.
- (5) There is a BOOST Advisory Board that shall be appointed as follows: 2 members appointed by the Governor, 2 members appointed by the President of the Senate, 2 members appointed by the Speaker of the House of Delegates, and 1 member jointly appointed by the President and the Speaker to serve as the chair. A member of the BOOST Advisory Board may not be an elected official and may not have any financial interest in an eligible nonpublic school.
- (6) The BOOST Advisory Board shall review and certify the ranked list of applicants and shall determine the scholarship award amounts.
- (7) MSDE shall make scholarship awards to eligible students as determined by the BOOST Advisory Board.
- (8) The amount of a scholarship award may not exceed the lesser of:
- (a) the statewide average per pupil expenditure by local education agencies, as calculated by MSDE; or
- (b) the tuition of the nonpublic school.

Further provided that up to \$150,000 of the appropriation may be used by MSDE to cover the reasonable costs of administering the BOOST Program.

Further provided that MSDE shall submit a report to the budget committees by December 15, 2016, that includes the number of students that received scholarships, the amount of the scholarships, and the nonpublic schools that the students are attending. The report must also include the number of certified and noncertified teachers in core subject areas for each nonpublic school participating in the BOOST Program

Explanation: This action modifies language to specify the parameters of a BOOST Program that provides scholarships for eligible students in nonpublic schools.

Amend the following language to the special fund appropriation:

~~Special Fund Appropriation, provided that this appropriation shall be for grants equal to no more than 50% of the certified amount a business entity contributes to a student assistance organization to provide financial assistance to students attending nonpublic schools that meet the eligibility requirements to participate in Program R00A03.04 Aid to Non Public Schools Program for Textbooks and Computer Hardware and Software administered by the Maryland State Department of Education. The Department of Commerce shall administer the grant program. The Department of Commerce shall:~~

- ~~(1) — Establish a process and requirements for 501(c)(3) charitable organizations to be designated as student assistance organizations, including requiring organizations to spend a minimum amount, but not less than 95%, of grant eligible funds annually on financial assistance for qualified education expenses as provided in Section 530(b)(3)(a) of the Internal Revenue Code;~~
- ~~(2) — Establish a process and requirements for contributions by business entities to be certified by the Department prior to making a contribution as eligible to receive a grant under this program on a first come, first served basis, including an annual cap on the amount of contributions per business entity that are eligible for a grant of up to 50%;~~
- ~~(3) — Designate qualified education expenses for which student assistance organizations may provide financial assistance to students attending nonpublic schools, including requiring organizations to provide financial assistance to students attending at least 4 eligible nonpublic schools on a priority basis first to students who are eligible to receive free and reduced price meals and then to other students based on financial need; and~~

~~(4) — Establish a process and reporting requirements for student assistance organizations to ensure compliance with the program's requirements~~

Explanation: This amended language strikes the Governor's language detailing the requirements to provide funding from the Cigarette Restitution Fund for Student Assistance Organization Business Entity Grants.

Committee Narrative

BOOST Program: The budget committees request that the report due by December 15, 2016, from the Maryland State Department of Education (MSDE) on the Broadening Options and Opportunities for Students Today (BOOST) Program include the following additional information:

- in the aggregate, for each scholarship awarded, the nonpublic school and grade level attended by the student, the school attended in the prior year by the student, and if the student attended the same nonpublic school in the prior year, whether and what type of scholarship aid the student received in the prior year;
- the average income of students receiving scholarships;
- the racial breakdown of students receiving scholarships; and

Budget Amendments

R00A04.01 Children's Cabinet Interagency Fund

Add the following language to the general fund appropriation:

. provided that \$1,823,709 of this appropriation made for the purpose of early intervention and prevention activities may be used only to fund these activities through Youth Services Bureaus. Further provided that the allocation of funding among Youth Services Bureaus shall be distributed in the same proportions as provided in fiscal 2016. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: This language restricts funds to be used only for Youth Services Bureaus and requires the funding to be distributed among the bureaus in the same proportion as in fiscal 2016.

Add the following language to the general fund appropriation:

Further provided that \$1,665,915 of this appropriation made for the purpose of early intervention and prevention activities may be used only to fund navigation or case management services. Appropriations shall be distributed in the following amounts:

<u>(a)</u>	<u>Allegany</u>	<u>68,994</u>

<u>(u)</u>	<u>Competitive</u>	<u>168,689</u>

Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: This language restricts funds to be used only for navigation services or case management services. The restricted funds should be allocated as directed in the language.

Committee Narrative

Care Management Entity: There is concern about the transfer of the Care Management Entity (CME) administered by the Children’s Cabinet Interagency Fund to the Department of Health and Mental Hygiene (DHMH). The Governor’s Office for Children (GOC) should work with DHMH to submit a report detailing the services offered under the CME and the structure of the CME program before and after the transfer. The report should include detail of the services offered and the number of children, both Medicaid eligible and non-Medicaid eligible, that were served in fiscal 2015 and 2016 as well as an estimate for fiscal 2017. The report should be submitted on or before December 15, 2016.

Local Management Board Funding: The Governor’s Office for Children (GOC) is proposing to change the way in which the Children’s Cabinet Interagency Fund allocates funding to Local Management Boards (LMBs). Beginning in fiscal 2017, a portion of funding to LMBs will be allocated competitively. Beginning in fiscal 2019, all funding to LMBs will be allocated competitively. Competitive allocations will be based on each LMBs ability to reduce:

- (1) the impact of parental incarceration on children, families, and communities;
- (2) disconnected youth;
- (3) childhood hunger; and
- (4) youth homelessness.

There is some concern that competitive funding will neglect LMBs where the issues in their jurisdictions are unrelated to the four specific initiatives. Successful programs that have received funding in previous years may lose funding because they do not directly address one of the four initiatives. The way in which LMBs are being evaluated is also being changed, which may potentially affect allocations.

The budget committees request a report on funding to LMBs. The report should include:

- (1) funding allocations to LMBs in fiscal 2016 and 2017;
- (2) funding to LMBs from all other sources by program;
- (3) all programs funded through LMBs in fiscal 2016 and 2017, including whether the funding is sourced from base LMB funding or part of the competitive allocations;
- (4) identification of which of the four strategic initiatives each funded program addresses;
- (5) identification of programs that were rejected for funding, including an explanation for rejection; and
- (6) a description of performance measures used in the Results Scorecard, including how performance data will be used to determine what programs will receive funding in future years.

Further, it is the intent of the budget committees that GOC includes the LMBs and organizations funded through LMBS in the development of performance measures in the Results Scorecard.

Budget Amendments

R13M00.00 Morgan State University

Add the following language to the unrestricted fund appropriation:

. provided that \$1,443,344 of this appropriation made for the purpose of increasing expenditures on institutional need-based financial aid above the level provided in fiscal 2016 may be expended only for that purpose. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: This language restricts \$1.4 million of the general fund appropriation provided in the fiscal 2017 allowance to increase expenditures on institutional need-based aid to be expended only for that purpose in order to ensure that expenditures on need-based aid in fiscal 2017, at a minimum, exceed that spent in fiscal 2016 by \$1.4 million.

Committee Narrative

Strategy to Enhance Funding Guideline Attainment: The budget committees request that the Morgan State University (MSU) Board of Regents, working in collaboration with the Senate Budget and Taxation Committee and the House Appropriations Committee, develop a multi-year strategy to enhance the university's funding guideline attainment. A progress report should be submitted by September 15, 2016, to the committees, and a final report on a multi-year strategy to improve funding guideline attainment to the Governor and the committees by December 1, 2016.

Budget Amendments

COPPIN STATE UNIVERSITY

R30B27.00 Coppin State University

Add the following language to the unrestricted fund appropriation:

, provided it is the intent of the General Assembly that Coppin State University (CSU) reduce funded nonfaculty and faculty positions to achieve salary savings by the amount of the projected deficit in fiscal 2017 and that these positions be related to low-demand courses and programs. Further provided that it is the intent of the General Assembly that CSU retain these savings to support operations of the university. A report shall be submitted to the budget committees by December 15, 2016, detailing the reduction of positions and associated savings.

Explanation: Even with full State funding expenditures are expected to exceed revenues due to the expectation that tuition and fee revenues will decrease due to a continual decline in enrollment. This deficit could grow to approximately \$1.2 million therefore this language requires CSU to achieve salary savings in the amount of the deficit by reducing funded faculty and nonfaculty positions. The savings shall be used to support operations of the university. In addition, a report is to be submitted on the position reductions by December 15, 2016.

Fiscal 2016 Deficiency

R30B36.00 University System of Maryland Office

Add the following language to the unrestricted fund appropriation:

provided that, \$3,200,000 of this appropriation may be expended only on completion initiatives at University System of Maryland institutions. A report shall be submitted to the budget committees by June 30, 2016, on the allocation and use of the funds.

Explanation: This language restricts \$3.2 million of the general fund deficiency to be use only to fund completion initiatives at University System of Maryland institutions and required University System of Maryland Office (USMO) to submit a report on the allocation and use of funds by June 30, 2016.

Committee Narrative

Report on Expenditures Made on Behalf of University System of Maryland Personnel: The budget committees are concerned about the University System of Maryland (USM) institutions and their foundations cross subsidizing activities of the University System of Maryland Office (USMO) and their constituent institutions. Therefore, the committees request a report on any expenditures made by constituent institutions or their respective foundations on behalf of USMO or any USM personnel for fiscal 2015 and 2016, and any planned expenditures in fiscal 2017. The report should be submitted to the budget committees by July 15, 2016.

Committee Narrative

Plan Expectations and Customer Service for Maryland 529 Plans: The budget committees are interested in how the College Savings Plans of Maryland (CSPM) can successfully manage its increasing responsibilities given that, contingent on legislation, it will be in charge of Maryland's Achieving A Better Life Experience (ABLE) program, otherwise known as a 529A savings plan, alongside its two existing college savings plans. The committees are concerned over whether adequate customer service is available for current plan holders and whether sufficient services will be provided for potential 529A plan holders. CSPM should submit a report by December 15, 2016, determining its strengths and weaknesses regarding responsiveness to customer service issues and general management of its two current plans. In the same report, CSPM should use this review of its customer service to inform CSPM's decision on whether to pursue an ABLE plan alone or as part of a consortium of states.

Feasibility of 529 Savings Account Plans: The budget committees are interested in the potential implementation of Savings Account Plans at the College Savings Plans of Maryland (CSPM), alongside CSPM's two current 529 college savings plans. The purpose of this third plan is to allow contributions to a savings account, rather than an investment account, that is federally insured and established to meet the qualified education expenses of a qualified designated beneficiary. Virginia currently offers this option to its plan holders. CSPM should submit a report by December 15, 2016, breaking down the cost of implementation and whether there exist any legal or actuarial barriers to offering a Savings Account Plan.

Budget Amendments

R62I00.07 Educational Grants

Add the following language:

Provided that it is the intent of the General Assembly that institutional grants to a public four-year institution should be transferred only by budget amendment to that institution.

Explanation: This action provides greater clarity to the General Assembly on when an institution receives an institutional grant from the Maryland Higher Education Commission and also prevents funds from being double counted in the working appropriation.

Add the following language to the general fund appropriation:

, provided that \$4,900,000 in general funds designated to enhance the State's four historically black colleges and universities may not be expended until the Maryland Higher Education Commission submits a report by July 1, 2016, to the budget committees outlining how the funds will be spent. The budget committees shall have 45 days to review and comment on the report. Funds restricted pending receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: This annual language restricts the expenditure of funds until the commission reports to the budget committees on the plans for spending funds designated to enhance the State's four historically black colleges and universities (HBCU).

Supplemental Budget No. 2

R62I00.40 Maryland Early Graduation Scholarship Program

Add the following language to the general fund appropriation:

, provided that \$3,000,000 of this appropriation made for the purpose of the Maryland Early Graduation Scholarship may not be expended for that purpose but instead may only be transferred as follows:

- (1) \$460,000 to the Maryland State Department of Education to be used for Program R00A03 Funding for Education Organizations to provide \$450,000 to the Maryland Academy of Sciences and \$10,000 to the College Bound Foundation;
- (2) contingent on enactment of SB 909 or HB 1488 and provided that no funding is included in a supplemental budget, \$150,000 to Program D15A05.05 Governor's Office of Community Initiatives for a Request for Proposal for the Maryland Corps Program;
- (3) contingent on enactment of SB 910 or HB 1399 and provided that no funding is included in a supplemental budget, \$250,000 to the Maryland Education Development Collaborative;
- (4) contingent on enactment of SB 676 or HB 1014 and provided that no funding is included in a supplemental budget, \$250,000 to Program R62I00.01 Maryland Higher Education Commission General Administration to engage an outside consultant to review the operations of need-based financial aid programs in the Office of Student Financial Assistance and to make recommendations as outlined in the enabling legislation;
- (5) \$300,000 to Program R00A02.13 Innovative Programs within the Maryland State Department of Education to be used to support early college high schools that allow students to earn an associate's degree or credential alongside a high school diploma in four years; and
- (6) \$1,590,000 transferred to Program R62I00.10 Educational Excellence Awards Program to be used for need-based student financial aid. If funding is provided to any of the programs in paragraphs (2), (3), (4), or (5) in a supplemental budget, the funds restricted in paragraphs (2), (3), (4), or (5) may also be transferred to the Educational Excellence Awards Program.

Funds not expended for these restricted purposes may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: This language restricts \$3 million in funding for the Maryland Early Graduation Scholarship Program so that it may only be transferred by budget amendment to six specified purposes, three of which are contingent on legislation. If the contingent legislation is not enacted, that portion of the funding may be transferred to the Education Excellence Awards Program.

Committee Narrative

Report on Continuing Education Outcomes: The committees are interested in the Maryland Higher Education Commission's (MHEC) work toward developing more outcomes measures for noncredit programs at Maryland's community colleges, especially those oriented toward workforce development. MHEC should submit a report on what new data it will collect, how often, and what assistance it may need from other public or private agencies to provide better information so that this new data may be included in the Maryland Longitudinal Data System.

Report on Best Practices and Annual Progress Toward the 55% Completion Goal: The committees understand that in order to meet the State's goal to have at least 55% of Maryland's residents age 25 to 64 holding at least one degree credential by 2025, accurate and timely information on degree progression and best practices is needed to ensure that the State is on track to meet the goal. The committees request that the Maryland Higher Education Commission (MHEC) annually collect and analyze student- and transcript-level data on progression, graduation, and other relevant metrics from each public institution of higher education, including community colleges and regional higher education centers. MHEC should submit a report by December 15 each year that analyzes the data and shows each institution's progress toward the State and institutional goals in 2025. The report should also include a summary of best practices and findings on the effectiveness of institutions' programs, as well as any concerns regarding lack of progress or best practices that are not being implemented by institutions.

In addition, the committees request that MHEC, in collaboration with the Governor's Prekindergarten-20 Council, convene a biennial Summit on Completion that provides a forum for representatives of all segments of education (including K-12), economic and workforce development, and other stakeholders to share best practices on college completion that are underway in Maryland and hear from experts on best practices in other states that may be replicated in Maryland. A summary of the summit should be included in the annual report on best practices and progress toward the 55% goal.

Report on Outcomes of Students Participating in Access and Success Programs by Cohort: The committees understand that as part of the State’s agreement with the federal Office for Civil Rights, the State has provided annual funding to Maryland’s public historically black colleges and universities (HBCU) to improve retention and graduation rates. From fiscal 2001 to 2006, the funds were budgeted through the Maryland Higher Education Commission (MHEC) and released after each HBCU submitted proposals to MHEC outlining how the funds would be spent in the coming year. Beginning in fiscal 2007, Access and Success funds were appropriated directly to HBCUs. The committees request that MHEC collect progression, retention, and graduation data from each public HBCU on all students participating in the Access and Success program in fiscal 2016. Data should be analyzed and presented by institution and program. Data should include the throughput completion rate in credit-bearing coursework for required remedial classes and graduation rates. The report should include a summary of fiscal 2016 programs supported by Access and Success funds and a statement from each institution on how findings from the 2015 report have been used to inform and improve programs and student services supported by Access and Success funds. The report shall be submitted by October 15, 2016, and every year thereafter.

Implementation of Student Privacy Protections: The budget committees are interested in the implementation of Chapter 465 of 2015, which provides several social media privacy protections for students participating in curricular or extracurricular activities. The Maryland Higher Education Commission (MHEC) should submit a report by December 15, 2016, on whether each affected institution in each sector has fully implemented the privacy protections specified in the legislation. This report should cover public and private two- and four-year institutions in Maryland and should highlight whether any institutions are not fully in compliance with the law.

Updating Net Price Calculators: The budget committees are interested in ways to ensure that Maryland institutions are in compliance with federal law regarding net price calculators and also that institutions update their calculators in a timely fashion to provide the most useful information to prospective and continuing students. As federal templates to update the net price calculator are annually released in January, the Maryland Higher Education Commission (MHEC) should submit a report by February 1, 2017, that determines whether higher education institutions are reporting academic year 2016-2017 information. If institutions are not reporting updated cost information, as federal law intends, MHEC should notify the budget committees in the report.

Expanding Reverse Transfer: Reverse transfer, as authorized by the College and Career Readiness and College Completion Act of 2013, allows students who attended a community college and then transferred to a four-year institution before earning a two-year degree to transfer credits earned at a four-year institution back to the community college. Currently, reverse transfer is only available for a Maryland student who has attended a community college. The budget committees are interested in ways to expand reverse transfer opportunities for students who have not previously attended a two-year institution but who have earned 60 or more credits at a four-year institution. When a student who has only attended a four-year institution ceases enrollment prior to earning a degree, the student has incurred all of the costs of higher education enrollment, but receives no final award to improve employment opportunities. The Maryland Higher Education Commission, in consultation with the Segmental Advisory Council, should submit a report by December 15, 2016, on how a reverse transfer pathway specifically to benefit students who drop out of four-year undergraduate programs can be implemented within Middle States Commission on Higher Education requirements for accreditation. The report should also consider whether this is best responded to on an institutional level or a statewide level.

Budget Amendments

R75T00.01 Support for State Operated Institutions of Higher Education

Amend the following language:

R30B36 University System of Maryland Office.....	29,630,399
	29,530,399
Subtotal University System of Maryland.....	1,239,525,044
	1,239,425,044

Explanation: Technical amendment to reflect reduction in University System of Maryland Office.

Add the following language to the general fund appropriation:

, provided that \$1,443,344 of the Morgan State University appropriation made for the purpose of increasing expenditures on institutional need-based financial aid above the level provided in fiscal 2016 may be expended only for that purpose. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: This language restricts \$1.4 million of the Morgan State University general fund appropriation provided in the fiscal 2017 allowance to increase expenditures on institutional need-based aid to be expended only for that purpose and that expenditures on need-based aid in fiscal 2017 should, at a minimum, exceed that spent in fiscal 2016 by \$1.4 million.

Add the following language to the general fund appropriation:

Further provided that \$50,000 of this appropriation made for the purpose of operations at Baltimore City Community College (BCCC) may not be expended until the Board of Trustees of BCCC submits a comprehensive report by the University of Baltimore’s Schaefer Center for Public Policy to the budget committees by August 1, 2016. The report shall include an analysis of, and recommendations for, the appropriate niche for BCCC to fill in the Baltimore metropolitan area higher education landscape that will best meet the needs of residents and employers of Baltimore City and the State, including an alignment of BCCC’s academic and noncredit offerings with workforce needs. The report shall also include an analysis of the institution’s governance structure, relationship with Baltimore City, and role in the city’s economic and workforce development plans, and any recommendations to alter or improve them. The report shall also include recommendations for improving the financial situation of

the college, including revenue and real estate holdings; and any other topics deemed appropriate by the Schaefer Center.

Further provided that \$50,000 of this appropriation made for the purpose of BCCC operations may not be released until the Board of Trustees submits BCCC's response to the Schaefer Center's report to the budget committees by October 1, 2016. The response should indicate how BCCC will implement the consultant's recommendations and, if any are not to be implemented, why not.

The budget committees shall have 45 days to review and comment from the date of receipt of the reports. Funds restricted pending the receipt of the comprehensive report and the follow-up report may not be transferred by budget amendment or otherwise to any other purpose and shall revert if the reports are not submitted to the budget committees.

Explanation: This language restricts \$50,000 in general funds pending receipt of a comprehensive report on BCCC's operations done by the Schaefer Center and another \$50,000 in general funds pending a response from BCCC on that report. The due dates in this budget bill language reflect extensions to reports that were originally due in fiscal 2016.

Institutional Aid, Pell Grants, and Loan Data by Expected Family Contribution Category: In order to more fully understand all types of aid available to students, the committees request that data be submitted for each community college, public four-year institution, and independent institution on institutional aid, Pell grants, and student loans. Data should include, by expected family contribution (EFC), the number of loans and average loan size of federal subsidized and unsubsidized loans, and loans from private sources as reported to the Maryland Higher Education Commission (MHEC). Additionally, data should be provided on Pell grants, including the number and average award size by EFC. Finally, data should include the number of institutional aid awards and average award size by EFC for institutional grants, institutional athletic scholarships, and other institutional scholarships. The data in the response should differentiate between need-based aid and merit scholarships. Data should also include the number of institutional aid awards and average award size by EFC for tuition waivers/remissions of fees to employees and dependents and students. Waiver information for students should be reported by each type of waiver in State law. These reports should cover fiscal 2015 and 2016 data received by MHEC from State institutions and are to be submitted in an electronic format (Excel file).

Instructional Faculty Workload Report: The committees request that the University System of Maryland (USM), Morgan State University (MSU), and St. Mary’s College of Maryland (SMCM) continue to provide annual instructional workload reports for tenured and tenure-track faculty. By focusing on these faculty, the committees gain a sense of the teaching activities for the regular core faculty. However, there are other types of instructional faculty at institutions such as full- and part-time nontenured/nontenure track faculty including adjunct faculty, instructors, and lecturers. Focusing on only tenured/tenure-track faculty provides an incomplete picture of how students are taught. Therefore, the report should also include the instructional workload when all types of faculty are considered. Additional information may be included at the institution’s discretion. Furthermore, the USM report should include the percent of faculty meeting or exceeding teaching standards for tenured and tenure-track faculty for the University of Maryland, Baltimore.

Education Data Availability and Access: The Maryland Higher Education Commission (MHEC) and the Maryland Longitudinal Data System (MLDS) both report on critical educational outcomes for the State. However, it appears that there is a misalignment in data availability in that MLDS, which is limited to cross-segment analyses, may access data from the National Student Clearinghouse (NSC), while MHEC may not. This denies MHEC access to otherwise invaluable data for its annual reports which deal with higher education alone. The committees are interested in determining how MHEC and MLDS can better share access to the proprietary NSC data warehouse and what contractual issues may need to be resolved for that to work, with the goal of developing and annually reporting data metrics that provide a fuller picture of the diversity in student progress and success. MHEC and MLDS should work with the Maryland State Department of Education (MSDE), Maryland’s designated education agency for NSC, and should also consider speaking with the University System of Maryland Office, which coordinates NSC data reporting and access across its member institutions.

Student Fees and Graduation: The budget committees are concerned by the multitude of student fees that are charged in addition to regular tuition and whether these fees have become barriers for enrollment, student success, or graduation. All public higher education institutions in Maryland should submit a report by December 15, 2016, outlining the costs of student fees. The report should include:

- total tuition revenue and total fee revenue for fiscal 2010 through 2016;
- a listing of all fees required for application, registration, enrollment, and graduation;
- how and when each student fee is assessed;
- what fees may be covered by financial aid;
- any recent or pending changes to an institution's fee structure; and
- any other pertinent information toward discussion of tuition and fees at an institution.

Institutions should also report by headcount on how many students were eligible to graduate in the spring 2016 semester and how many elected to do so.

At-will Teachers: It has come to the attention of the budget committees that issues exist as to whether Maryland School for the Deaf (MSD) teachers are in the professional service in the State Personnel Management System (SPMS). The budget committees, therefore, direct MSD to work with the Department of Budget and Management (DBM) to conduct a study verifying if MSD teachers are included in SPMS in a correct fashion and on the status of teachers who are at-will. In addition, MSD and DBM shall submit a report to the budget committees updating them on the study's findings. This report shall be submitted no later than July 1, 2016.

Provide Unique Subprogram Codes for All Department Programs: The budget committees are concerned about the Department of Housing and Community Development's budgeting process and a potential lack of transparency due to many programs not having their own eight-digit program and subprogram code. It is the intent of the committees that beginning with the fiscal 2018 budget, the department should provide all programs with a unique, eight-digit program and subprogram code in its budget preparation.

The report shall be submitted to the budget committees no later than December 31, 2016, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of this report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: The 2014 Joint Chairmen's Report included narrative requesting a report on customer service training by the Department of Commerce, along with the State Highway Administration; the Maryland Department of the Environment; and the Department of Labor, Licensing, and Regulation. The department submitted its report in January 2015. This language would restrict funds pending an updated report on actions taken by the departments since the initial report on training. The report should also make recommendations on how to expand the Governor's Commerce Subcabinet in order to include other State entities that have frequent interaction with the public.

DIVISION OF BUSINESS AND INDUSTRY SECTOR DEVELOPMENT

T00F00.02 Office of BioHealth

Add the following language to the general fund appropriation:

, provided that \$400,000 of this appropriation made for the purpose of biotechnology business support may not be expended for that purpose and instead may only be transferred by budget amendment to the Maryland Technology Development Corporation (Program T50T01) to fulfill the intent of the General Assembly as established in Chapter 141 of 2015. Funds not used for this restricted purpose may not be expended or otherwise transferred and shall revert to the General Fund.

Explanation: Chapter 141 was legislation that resulted from the report of the Maryland Economic Development and Business Climate Commission (known as the Augustine Commission). It expressed the intent of the General Assembly that the BioMaryland Center, the office within the Department of Commerce that supports the growth of early stage biotechnology companies in Maryland, be transferred to the Maryland Technology Development Corporation on or before January 1, 2016. To date, only the grant funding was transferred to the corporation. This language would transfer sufficient funds to allow the corporation to provide support services to grantees and would allow funding for the licenses of biotechnology market research databases.

T00F00.15 Small, Minority, and Women-Owned Business Investment Account

Add the following language to the special fund appropriation:

, provided that \$100,000 of this appropriation made for the purpose of fund manager expense reimbursement may not be expended until the Department of Commerce submits a report to the budget committees on ways to improve the administration of the Small, Minority, and Women-Owned Business Account. The report should consider legislative and administrative changes related to the procurement, oversight, and reimbursement of fund managers; geographic distribution of program assistance; and program performance evaluation. The report shall be submitted by December 1, 2016, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled if the report is not submitted to the committees.

Explanation: Based on issues raised in a legislative performance audit and on concerns about geographical distribution of program assistance, the Small, Minority, and Women-Owned Business Account is underperforming. This language requires the Department of Commerce (Commerce) to find solutions to the issues raised on the effectiveness of the program.

T00F00.23 Maryland Economic Development Assistance Authority and Fund

Add the following language to the general fund appropriation:

, provided that \$150,000 of this appropriation made for the purpose of providing business financial assistance may not be expended for that purpose and instead may be used only to provide a grant to the National Center for the Veteran Institute for Procurement to provide training and procurement opportunities to Maryland-based veteran-owned businesses or entrepreneurs. Funds not used for this restricted purpose may not be expended or otherwise transferred and shall revert to the General Fund.

Explanation: This language would restrict funds under the Maryland Economic Development Assistance Authority and Fund to be used only to provide a grant to the National Center for the Veteran Institute for Procurement to provide training and procurement opportunities to Maryland-based veteran-owned businesses.

Committee Narrative

T50T01.04 Maryland Innovation Initiative

Distribution of the Maryland Innovation Initiative: The Maryland Innovation Initiative is designed to speed commercialization opportunities that develop out of the State's research universities. As of January 2016, the Maryland Technology Development Corporation (TEDCO) has made over 164 awards. According to data submitted to the Managing for Results process, awards have resulted in 28 start-up companies, with 10 additional start-ups expected in both fiscal 2016 and 2017. Total awards have been disbursed to the participating institutions as follows:

- The Johns Hopkins University (JHU) – 75;
- Morgan State University – 5;
- University of Maryland, College Park – 30;
- University of Maryland, Baltimore – 36; and
- University of Maryland Baltimore County – 18.

The committees are concerned that there is a marked difference in the distribution of grants among the institutions. JHU commands almost 46.0% of the grants and over 47.0% of grant funding. The top three institutions garner 88.7% of program funding. The committees, therefore, request that TEDCO, with input from the participating universities, report on potential causes and changes to the program to address the skewed distribution. The report should suggest any legislative or administrative modifications to improve the performance of the program. The report should also review the performance of the universities' technology transfer offices and should recommend any financial, administrative, or cultural changes to ensure robust, fully functioning offices that foster and prioritize the commercialization of university research.

U00A01.14 Capital Appropriation – Energy – Water Infrastructure Program

Add the following language to the special fund appropriation:

, provided that \$100,000 of this appropriation made for the purpose of providing grants to water and wastewater treatment plant owners to develop energy efficient and resilient projects shall be restricted pending the submission of two reports. The first report shall be submitted by July 1, 2016, and specify the qualitative and quantitative criteria that will be used to evaluate and select projects to be funded by the Energy-Water Infrastructure Program under both the \$1,000,000 per project allocation for energy efficient equipment and the \$3,000,000 per project allocation for combined heat and power projects. The second report shall be submitted by January 1, 2017, and provide the following for each project selected for funding:

- (1) an energy use baseline;
- (2) a 20% energy reduction target;
- (3) the expected payback period for the energy efficient equipment or combined heat and power project as if the project were to be funded as an energy performance contract;
and
- (4) the expected amount and timing of the modification of any user rates associated with the entity receiving funding as a result of the energy efficient equipment or combined heat and power project funded.

The budget committees shall have 45 days to review and comment. Funding shall be released in \$50,000 increments pending submission of each report. Funds restricted pending the receipt of the reports may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled if the reports are not submitted to the budget committees.

Explanation: The fiscal 2017 allowance includes a \$16,200,000 special fund appropriation for the new one-time Energy-Water Infrastructure Program pay-as-you-go capital program. This budget bill language restricts \$100,000 of the funding pending the submission of reports on the criteria for the allocation of the Energy-Water Infrastructure Program funding and the actual allocation of funding including energy efficiency benchmarks and expected outcomes, including any user rate modifications.

WATER MANAGEMENT ADMINISTRATION

U00A04.01 Water Management Administration

Compliance and Enforcement Inspections and Positions: The committees are concerned that the 2017 Phase III Watershed Implementation Plan development period is nearing, and the Administration has not demonstrated sufficient inspector positions and funding to meet the needs of Chesapeake Bay restoration. Therefore, the committees request that the Maryland Department of the Environment (MDE) and the Maryland Department of Agriculture (MDA) submit a report on the necessary inspectors per inspection activity associated with Chesapeake Bay restoration, the actual inspectors per inspection activity, and both the funding and programmatic changes necessary to reach the necessary inspectors per inspection activity. The report should include a list of all inspection activities conducted by MDE's Water Management Administration, Land Management Administration, Air and Radiation Management Administration, and MDA's Office of Resource Conservation; and the number of regular positions and contractual full-time equivalents associated with the inspections including the number of vacancies for fiscal 2011 through 2018 estimated. In addition, MDE and MDA should comment on potential innovative funding options available for meeting inspection goals and the experience of nearby states. The report should be submitted by September 1, 2016.

Report on Wetland Restoration Funding for Fiscal 2018: The committees are concerned that there is insufficient funding being provided for wetland restoration work related to greenhouse gas reductions and the benefits associated with climate change adaptation. Therefore, the committees request that the Maryland Department of the Environment (MDE) consider the use of up to \$2.0 million from the funds received under Public Service Commission Order 86372 to be used through the Chesapeake and Atlantic Coastal Bays 2010 Trust Fund under Natural Resources Article Section 8-2A-02 for wetland restoration projects in fiscal 2018. The wetland restoration projects should (1) prioritize greenhouse gas reductions through net carbon sequestration; and (2) seek to provide climate change adaptation benefits, including flood storage, storm surge buffers; and erosion control. In addition, the committees request that a report be provided by MDE by December 1, 2016, on how the Administration could use the Public Service Commission Order 86372 funding for the specified wetland restoration projects.

LAND MANAGEMENT ADMINISTRATION

U00A06.01 Land Management Administration

Better Coordination Between MDE and the Judiciary on Data For Rental Properties Required to Report under the Reduction of Lead Risk in Housing Act: The committees are concerned that there is a lack of data sharing between the Judiciary and the Maryland Department of the Environment (MDE) on the status of rental properties required to be registered under Maryland's Reduction of Lead Risk in Housing Act. The Act requires owners of affected rental properties to reduce the potential for child exposure to lead paint hazards by performing specific lead risk reduction treatments prior to each change in tenancy. The lack of coordination is exemplified by data in the report "Justice Diverted: How Renters Are Processed In The Baltimore City Rent Court," which reflects that 81% of a sample of landlords provided information in rent court about their registration and inspection status with MDE that was subsequently found to be incorrect, outdated, or otherwise unsupported by MDE's Online Lead Rental Registration system. Therefore, the committees request that MDE and the Judiciary collaborate on a report discussing how data on rental property compliance with the Reduction of Lead Risk in Housing Act will be shared and how testimony by rental property owners may be checked against MDE's data for rental property cases that come before the rent court.

OFFICE OF THE SECRETARY

V00D01.01 Office of the Secretary

Add the following language to the general fund appropriation:

provided that \$1,000,000 of this appropriation made for the purpose of departmental operations may not be expended until the Department of Juvenile Services (DJS) submits the following information to the budget committees:

- (1) all written policies regarding the use of shackling youth in DJS custody, including the policies for the use of shackling within DJS facilities and at off-site locations (e.g., during transport, medical visits, court hearings, etc.);
- (2) the department's rationale for determining who, when, and for what purpose shackles are used on a youth in DJS custody;
- (3) the expressed policies or rules established by each court jurisdiction regarding the use of shackling;
- (4) the number of incidences in fiscal 2015 and 2016 where a youth in DJS custody was shackled, delineated by reason;
- (5) the age range of youth who were shackled by the department in fiscal 2015 and 2016;
- (6) all written policies regarding the use of strip searches for youth in DJS custody;
- (7) the department's rationale for determining who, when, and for what purpose a youth in DJS custody is strip searched;
- (8) the number of incidences in fiscal 2015 and 2016 where a youth in DJS custody was strip searched;
- (9) the age range of youth who were strip searched by the department in fiscal 2015 and 2016; and
- (10) the department's plans for addressing the General Assembly's expressed concerns with the existing shackling and strip search policies.

The report shall be submitted to the budget committees no later than July 15, 2016, and the budget committees shall have 45 days from the date of receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Further provided that it is the intent of the budget committees that DJS cease indiscriminate shackling and strip searches in its facilities and during transportation.

Explanation: The State’s Juvenile Justice Monitoring Unit (JJMU) has, on multiple occasions, drawn attention to the current policies and practices within DJS regarding the indiscriminate shackling and strip searching of youth within the juvenile justice system. In its most recent quarterly report, JJMU quotes the Maryland Judiciary in noting that shackling “can be traumatizing and contrary to the developmentally appropriate approach to juvenile justice.” The budget committees are extremely concerned with the department’s current policies to shackle all children in hardware secure detention and committed placement facilities during transportation to and from court hearings, medical and educational appointments, and earned home passes, without any individualized determination of risk. Additionally, the committees are deeply troubled by the department subjecting children in DJS detention and committed placement centers to routine strip searches regardless of whether there is an individualized or reasonable suspicion that they are concealing something potentially harmful. This language restricts funds pending the receipt of information regarding the department’s policies on the use of shackling and strip searching the youth in its custody. In addition, the language strongly urges DJS to cease indiscriminate shackling and strip searches in its facilities and during transportation.

Committee Narrative

Improving Education Services: The budget committees are very concerned about efforts to resolve education-related problems within the juvenile justice system. Specifically, the committees are concerned about the high number of administrative staff in comparison to educator positions, the lack of quality teachers in Department of Juvenile Services (DJS) schools, the unavailability of an adequate substitute teacher system, ongoing issues with the immediate transfer and communication of student records, and the lack of support for students transitioning in and out of the juvenile justice system. It is the intent of the budget committees that DJS work closely and continuously with the Maryland State Department of Education, in addition to any other relevant stakeholders, to urgently address these issues and pursue immediate solutions.

MARYLAND STATE POLICE

W00A01.01 Office of the Superintendent

Improving Department of State Police Hiring: The Department of State Police (DSP) has maintained an average vacancy rate of nearly 8% over the past seven years. These vacancies, particularly among civilian positions, contribute to increased overtime expenses, neglected administrative functions, and fewer troopers available for law enforcement duties. DSP should work collaboratively with the Department of Budget and Management (DBM) to review both the internal and external hiring policies and procedures to identify potential areas that could be streamlined or modified in order to expedite filling existing vacancies and improve overall hiring within the department. The report is due to the budget committees no later than July 1, 2017.

Trooper Strength Assessment: For nearly a decade, the number of authorized positions assigned to the department has remained relatively flat. In comparison to the size of the sworn workforce in the early 1990s, the current personnel complement is over 100 positions less than it was 20 years ago. The budget committees direct the Department of State Police (DSP) to evaluate the adequacy of Maryland's current authorized trooper workforce. In completing its assessment, the department should provide information on the number of local jurisdictions that have added a local law enforcement unit in the past decade, and the impact of the role that technology has played on law enforcement responsibilities. In addition, DSP should compare the size, roles, and responsibilities of Maryland's State troopers to neighboring or similar states. The report should be submitted to the budget committees no later than September 1, 2017.

Improving Gender and Racial Diversity: The budget committees continue to be concerned with the limited gender and racial diversity among the Department of State Police (DSP) sworn officer staff. The committees request that the department submit a report detailing the continued efforts to increase diversity in hiring and promotion within sworn officer ranks. The report should provide the most recent demographic breakdown of DSP's sworn officers by rank, race, ethnicity, and gender, in addition to providing the same demographic breakdown for each new

trooper training class in calendar 2015 and 2016. The report should also identify specific strategies and goals for increasing diversification among the sworn staff. A report shall be submitted by December 1, 2016, to the budget committees.

Maryland Coordination and Analysis Center Budget Appendix: It is the intent of the budget committees that the Department of State Police, in conjunction with the Maryland Coordination and Analysis Center (MCAC) and the Department of Budget and Management, continue to submit budget information that consolidates State budgetary resources to MCAC in the form of an appendix in the Maryland Budget Highlights book in fiscal 2018 and subsequent fiscal years. Budget information and the resulting appendix should include more comprehensive personnel expenditure information, including position counts, from each State agency assigned at MCAC.

Civilianization of Certain Department of State Police Functions: Certain administrative and support positions within the Department of State Police (DSP) are performed by sworn troopers and could be performed instead by lower paid civilian personnel, freeing up trooper positions for law enforcement activities. The Office of Legislative Audits (OLA) should study the personnel policies of DSP and make recommendations to the legislature on how to increase civilianization at DSP. These recommendations should include classifying each job type as best being performed by sworn personnel, civilian personnel, or either; the number of sworn trooper personnel functioning in positions that could be performed by civilian personnel; and an estimate of cost savings to be realized. The report should be submitted to the budget committees no later than November 1, 2016.

- (17) \$250,000 for the Maryland Center for Construction Education and Innovation; and
- (18) \$1,000,000 as a grant to the Baltimore City Health Department to fund the operation of Baltimore City Safe Streets Program.

Explanation: The amendment allows the Governor to transfer \$80 million by budget amendment to support capital projects, grants to 22 jurisdictions to provide one-time assistance with local pension funding requirements, increasing physician rates, a grant to restore grant funding to Baltimore City to fiscal 2014 levels for assisting Medicaid enrollees in accessing care, a crime prevention program, arts institutions, education institutions, and for lead remediation activities for certain eligible Medicaid enrollees. All funds must be transferred. If the funds are not transferred, they revert to the General Fund.

Committee Narrative

Review of General Fund Revenue Volatility: The Department of Legislative Services (DLS), Comptroller’s Office, and Department of Budget and Management (DBM) should examine approaches for calculating unanticipated revenues and dedicating these revenues to either the Rainy Day Fund or an unfunded liability. The review should include nonwithholding income tax revenues and capital gains tax revenues. The agencies should submit a report to the budget committees by November 1, 2016. The report should recommend an approach and offer legislation that can be considered during the 2017 legislative session.

Budget Amendments

Amend the following section:

SECTION 2. AND BE IT FURTHER ENACTED, That in order to carry out the provisions of these appropriations the Secretary of the Department of Budget and Management (DBM) is authorized:

(a) To allot all or any portion of the funds herein appropriated to the various departments, boards, commissions, officers, schools and institutions by monthly, quarterly or seasonal periods and by objects of expense ~~and may place any funds appropriated but not allotted in contingency reserve available for subsequent allotment. Upon the Secretary's own initiative or upon the request of the head of any State agency, the Secretary may authorize a change in the amount of funds so allotted.~~

The Secretary shall, before the beginning of the fiscal year, file with the Comptroller of the Treasury a list limited to the appropriations restricted in this Act, to be placed in contingency reserve ~~a schedule of allotments, if any.~~ The Comptroller shall not authorize any expenditure or obligation in excess of the allotment made and any expenditure so made shall be illegal.

~~(b) To allot all or any portion of funds coming into the hands of any department, board, commission, officer, school and institution of the State, from sources not estimated or calculated upon in the budget.~~

~~(e)~~ (b) The Secretary is authorized to ~~To~~ fix the number and classes of positions, including temporary and permanent positions, or person years of authorized employment for each agency, unit, or program thereof, not inconsistent with the Public General Laws in regard to classification of positions. The Secretary shall make such determination before the beginning of the fiscal year and shall base them on the positions or person years of employment authorized in the budget as amended by approved budgetary position actions. No payment for salaries or wages nor any request for or certification of personnel shall be made except in accordance with the Secretary's determinations. At any time during the fiscal year the Secretary may amend the number and classes of positions or person years of employment previously fixed by the Secretary; the Secretary may delegate all or part of this authority. The governing boards of public institutions of higher education shall have the authority to transfer positions between programs and campuses under each institutional board's jurisdiction without the approval of the Secretary, as provided in Section 15-105 of the Education Article.

~~(d)~~ (c) To prescribe procedures and forms for carrying out the above provisions.

Explanation: This language limits the amount of appropriations that can be placed into contingency reserve to only those items restricted by the General Assembly.

Amend the following section:

Section 17 Using Funds for Their Intended Purpose

SECTION 17. AND BE IT FURTHER ENACTED, That funds appropriated to the various State agency programs and subprograms in Comptroller Objects 0152 (Health Insurance), 0154 (Retirees Health Insurance Premiums), 0175 (Workers' Compensation), 0217 (Health Insurance), 0305 (DBM Paid Telecommunications), 0322 (Capital Lease Telecommunications), 0839 (HR Shared Services), 0874 (Office of Attorney General Administrative Fee), 0876 (DoIT IT Services Allocation), 0894 (State Personnel System Allocation), 0897 (Enterprise Budget System Allocation), and 1303 (rent paid to DGS) are to be utilized for their intended purposes only. ~~The expenditure or transfer of these funds for other purposes requires the prior approval of the Secretary of Budget and Management.~~ Notwithstanding any other provision of law, the Secretary of Budget and Management may transfer amounts appropriated in Comptroller Objects 0152, 0154, 0217, 0305, 0322, and 0876 between State departments and agencies by approved budget amendment in fiscal 2016 and fiscal 2017. All funds budgeted in or transferred to Comptroller Objects 0152 and 0154, and any funds restricted in this budget for use in the employee and retiree health insurance program that are unspent shall be credited to the fund as established in accordance with Section 2-516 of the State Personnel and Pensions Article of the Annotated Code of Maryland.

Further provided that each agency that receives funding in this budget in any of the restricted Comptroller Objects listed within this section shall establish within the State's accounting system a structure of accounts to separately identify for each restricted Comptroller Object, by fund source, the legislative appropriation, monthly transactions, and final expenditures. It is the intent of the General Assembly that an accounting detail be established so that the Office of Legislative Audits may review the disposition of funds appropriated for each restricted Comptroller Object as part of each closeout audit to ensure that funds are used only for the purposes for which they are restricted and that unspent funds are reverted or canceled.

Explanation: This amendment pertaining to restricted objects of expenditure is amended to disallow transfers to other purposes and makes it possible for the Office of Legislative Audits to track the disposition of funds in restricted statewide subobjects.

Add the following section:

Section 19 Employee and Retiree Health Account Reduction

SECTION 19. AND BE IT FURTHER ENACTED, That for fiscal 2017 funding for health insurance shall be reduced by ~~\$17,531,823~~ \$18,819,914 in Executive Branch agencies to reflect health insurance savings due to a revised collections estimate. Funding for this purpose shall be reduced in Comptroller Object 0154 (Retirees Health Insurance) within Executive Branch agencies in fiscal 2017 by the following amounts in accordance with a schedule determined by the Governor:

Explanation: The Administration cannot reduce the Judiciary's budgets. This action applies the State employee and retiree health insurance reductions to those budgets. The legislature's budget is not reduced because it is underfunded. A separate amendment will correct the legislature's health insurance appropriation.

Amend the following section:

Section 20 Position Reduction

SECTION 20. AND BE IT FURTHER ENACTED, That the Governor shall abolish 657 vacant regular full-time equivalent positions, inclusive of any legislative position reductions, and reduce general funds of \$20,000,000 and special funds of \$5,000,000 in fiscal 2017. Positions and funding for this purpose shall be reduced within Executive Branch agencies in fiscal 2017 in accordance with a schedule determined by the Governor.

Explanation: The amendment requires that abolished positions be vacant. As introduced, the Governor may abolish filled positions.

Amend the following section:

Further provided that the Administration shall have the Board of Public Works approve the position abolitions before July 1, 2016. The Administration shall also provide a list of abolished positions to the budget committees and the Department of Legislative Services.

Explanation: This requires the Administration to abolish the positions before the start of fiscal 2017. It also requires the Administration to provide a list of abolished positions to the budget committees and the Department of Legislative Services.

Add the following section:

Section 22 Executive Long-term Forecast

SECTION 22. AND BE IT FURTHER ENACTED, That the Governor’s budget books shall include a forecast of the impact of the executive budget proposal on the long-term fiscal condition of the General Fund, the Transportation Trust Fund, and higher education Current Unrestricted Fund accounts. This forecast shall estimate aggregate revenues, expenditures, and fund balances in each account for the fiscal year last completed, the current year, the budget year, and four years thereafter. Expenditures shall be reported at such agency, program or unit levels, or categories as may be determined appropriate after consultation with the Department of Legislative Services. A statement of major assumptions underlying the forecast shall also be provided, including but not limited to general salary increases, inflation, and growth of caseloads in significant program areas.

Explanation: This annual language provides for the delivery of the executive’s general fund, transportation, and higher education forecasts and defines the conditions under which they are to be provided.

Add the following section:

Section 23 Across-the-board Reductions and Higher Education

SECTION 23. AND BE IT FURTHER ENACTED, That all across-the-board reductions applied to the Executive Branch, unless otherwise stated, shall apply to current unrestricted and general funds in the University System of Maryland, St. Mary's College of Maryland, Morgan State University, and Baltimore City Community College.

Explanation: This section explicitly applies reductions intended for the full Executive Branch to the University System of Maryland, St. Mary's College of Maryland, Morgan State University, and Baltimore City Community College, unless their exclusion is specifically stated.

Add the following section:

Section 24 Chesapeake Employers' Insurance Company Fund Accounts

SECTION 24. AND BE IT FURTHER ENACTED, That the General Accounting Division of the Comptroller of Maryland shall establish a subsidiary ledger control account to debit all State agency funds budgeted under subobject 0175 (Workers' Compensation coverage) and to credit all payments disbursed to the Chesapeake Employers' Insurance Company (CEIC) via transmittal. The control account shall also record all funds withdrawn from CEIC and returned to the State and subsequently transferred to the General Fund. CEIC shall submit monthly reports to the Department of Legislative Services concerning the status of the account.

Explanation: This section provides continuation of a system to track workers' compensation payments to the CEIC Fund for payment of claims, current expenses, and funded liability for incurred losses by the State.

Add the following section:

Section 25 Reporting Federal Funds

SECTION 25. AND BE IT FURTHER ENACTED, That the Governor’s budget books shall include a summary statement of federal revenues by major federal program sources supporting the federal appropriations made therein along with the major assumptions underpinning the federal fund estimates. The Department of Budget and Management (DBM) shall exercise due diligence in reporting this data and ensure that they are updated as appropriate to reflect ongoing congressional action on the federal budget. In addition, DBM shall provide to the Department of Legislative Services (DLS) data for the actual, current, and budget years listing the components of each federal fund appropriation by Catalog of Federal Domestic Assistance number or equivalent detail for programs not in the catalog. Data shall be provided in an electronic format subject to the concurrence of DLS.

Explanation: This annual language provides for consistent reporting of federal monies received by the State.

Add the following section:

Section 26 Federal Fund Spending

SECTION 26. AND BE IT FURTHER ENACTED, That in the expenditure of federal funds appropriated in this budget or subsequent to the enactment of this budget by the budget amendment process:

- (1) State agencies shall administer these federal funds in a manner that recognizes that federal funds are taxpayer dollars that require prudent fiscal management, careful application to the purposes for which they are directed, and strict attention to budgetary and accounting procedures established for the administration of all public funds.
- (2) For fiscal 2017, except with respect to capital appropriations, to the extent consistent with federal requirements:
 - (i) when expenditures or encumbrances may be charged to either State or federal fund sources, federal funds shall be charged before State funds are charged except that this policy does not apply to the Department of Human Resources with respect to federal funds to be carried forward into future years for child welfare or welfare reform activities;
 - (ii) when additional federal funds are sought or otherwise become available in the course of the fiscal year, agencies shall consider, in consultation with the Department of Budget and Management (DBM), whether opportunities exist to use these federal revenues to support existing operations rather than to expand programs or establish new ones; and
 - (iii) DBM shall take appropriate actions to effectively establish the provisions of this section as policies of the State with respect to the administration of federal funds by executive agencies.

Explanation: This annual language defines the policies under which federal funds shall be used in the State budget.

Add the following section:

Section 27 Indirect Costs Report

SECTION 27. AND BE IT FURTHER ENACTED, That the Department of Budget and Management (DBM) shall provide an annual report on indirect costs to the General Assembly in January 2017 as an appendix in the Governor’s fiscal 2018 budget books. The report must detail by agency for the actual fiscal 2016 budget the amount of statewide indirect cost recovery received, the amount of statewide indirect cost recovery transferred to the General Fund, and the amount of indirect cost recovery retained for use by each agency. In addition, the report must list the most recently available federally approved statewide and internal agency cost-recovery rates. As part of the normal fiscal/compliance audit performed for each agency once every three years, the Office of Legislative Audits shall assess available information on the timeliness, completeness, and deposit history of indirect cost recoveries by State agencies. Further provided that for fiscal 2017, excluding the Maryland Department of Transportation, the amount of revenue received by each agency from any federal source for statewide cost recovery shall be transferred only to the General Fund and may not be retained in any clearing account or by any other means, nor may DBM or any other agency or entity approve exemptions to permit any agency to retain any portion of federal statewide cost recoveries.

Explanation: This is annual language that requires a report on indirect costs and disallows waivers of statewide cost recovery.

Add the following section:

Section 28 Reporting on Budget Data and Organizational Charts

SECTION 28. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that all State departments, agencies, bureaus, commissions, boards, and other organizational units included in the State budget, including the Judiciary, shall prepare and submit items for the fiscal 2018 budget detailed by Comptroller subobject classification in accordance with instructions promulgated by the Comptroller of Maryland. The presentation of budget data in the Governor's budget books shall include object, fund, and personnel data in the manner provided for in fiscal 2017 except as indicated elsewhere in this Act; however, this may not preclude the placement of additional information into the budget books. For actual fiscal 2016 spending, the fiscal 2017 working appropriation, and the fiscal 2018 allowance, the budget detail shall be available from the Department of Budget and Management (DBM) automated data system at the subobject level by subobject codes and classifications for all agencies. To the extent possible, except for public higher education institutions, subobject expenditures shall be designated by fund for actual fiscal 2016 spending, the fiscal 2017 working appropriation, and the fiscal 2018 allowance. The agencies shall exercise due diligence in reporting this data and ensuring correspondence between reported position and expenditure data for the actual, current, and budget fiscal years. This data shall be made available on request and in a format subject to the concurrence of the Department of Legislative Services (DLS). Further, the expenditure of appropriations shall be reported and accounted for by the subobject classification in accordance with the instructions promulgated by the Comptroller of Maryland.

Further provided that due diligence shall be taken to accurately report full-time equivalent counts of contractual positions in the budget books. For the purpose of this count, contractual positions are defined as those individuals having an employee-employer relationship with the State. This count shall include those individuals in higher education institutions who meet this definition but are paid with additional assistance funds.

Further provided that DBM shall provide to DLS the allowance for each department, unit, agency, office, and institution, a one-page organizational chart in Microsoft Word or Adobe PDF format that depicts the allocation of personnel across operational and administrative activities of the entity.

Further provided that for each across-the-board reduction to appropriations or positions in the fiscal 2018 budget bill affecting fiscal 2017 or 2018, DBM shall allocate the reduction for each agency in a level of detail not less than the three-digit R*Stars financial agency code and by each fund type.

Further provided that, for the purposes of developing Appendix A in the Maryland Budget Highlights for fiscal 2018, the Governor may not reflect more than \$30,000,000 in general fund reversions for fiscal 2017. For appropriations approved in this Act that are determined to be in

excess of the needs of any agency or program above the aggregate estimate of \$30,000,000 in reversions, the fiscal 2018 budget bill should include negative deficiencies.

Explanation: This annual language provides for consistent reporting of fiscal 2016, 2017, and 2018 budget data and provides for the submission of department, unit, agency, office, and institutions' organizational charts to DLS with the allowance. It also requires DBM to allocate across-the-board reductions to positions or funding, to ensure transparency in budget allocations approved by the General Assembly. It further requires that appropriations in fiscal 2017 that are deemed to be in excess of agency needs beyond the \$30 million assumed in the budget be withdrawn by deficiency appropriation.

Add the following section:

Section 29 Interagency Agreements

SECTION 29. AND BE IT FURTHER ENACTED, That on or before August 1, 2016, each State agency and each public institution of higher education shall report to the Department of Budget and Management (DBM) any agreements in place for any part of fiscal 2016 between State agencies and any public institution of higher education involving potential expenditures in excess of \$100,000 over the term of the agreement. Further provided that DBM shall provide direction and guidance to all State agencies and public institutions of higher education as to the procedures and specific elements of data to be reported with respect to these interagency agreements, to include at a minimum:

- (1) a common code for each interagency agreement that specifically identifies each agreement and the fiscal year in which the agreement began;
- (2) the starting date for each agreement;
- (3) the ending date for each agreement;
- (4) a total potential expenditure, or not-to-exceed dollar amount, for the services to be rendered over the term of the agreement by any public institution of higher education to any State agency;
- (5) a description of the nature of the goods and services to be provided;
- (6) the total number of personnel, both full-time and part-time, associated with the agreement;
- (7) contact information for the agency and the public institution of higher education for the person(s) having direct oversight or knowledge of the agreement;
- (8) the amount and rate of any indirect cost recovery or overhead charges assessed by the institution of higher education related to the agreement; and
- (9) the justification submitted to DBM for indirect cost recovery rates greater than 20%.

Further provided that DBM shall submit a consolidated report to the budget committees and the Department of Legislative Services by December 1, 2016, that contains information on all agreements between State agencies and any public institution of higher education involving potential expenditures in excess of \$100,000 that were in effect at any time during fiscal 2016.

Further provided that the Secretary shall review each current higher education interagency agreement in excess of \$500,000 to determine why the services cannot be provided by the State agencies and is, therefore, appropriate for using higher education; ensure that agencies maintain documentation of all agreements, amendments, task orders, and invoices; ensure that the overhead charges and direct service costs are not excessive; and ensure that all work performed by higher education is documented. Further provided that no new higher education interagency agreement may be entered into during fiscal 2017 without prior approval of the Secretary.

Explanation: The language requires all State agencies and public institutions of higher education to report on all interagency agreements between State agencies and public institutions of higher education having a total potential expenditure over the term of the agreement in excess of \$100,000. This applies only to agreements for the purchase of goods and/or services and does not apply to grants or space agreements between State agencies and public institutions of higher education. The report also requires DBM to report on the justification for any interagency agreement with an indirect cost recovery rate greater than 20%. Further, it requires that DBM submit a consolidated report on all agreements by December 1, 2016, to the budget committees and the Department of Legislative Services. Review of each existing agreement above \$500,000 and approval of new agreements by the Secretary of DBM is also required.

Add the following section:

Section 30 Budget Amendments

SECTION 30. AND BE IT FURTHER ENACTED, That any budget amendment to increase the total amount of special, federal, or higher education (current restricted and current unrestricted) fund appropriations, or to make reimbursable fund transfers from the Governor's Office of Crime Control and Prevention or the Maryland Emergency Management Agency, made in Section 1 of this Act shall be subject to the following restrictions:

- (1) This section may not apply to budget amendments for the sole purpose of:
 - (i) appropriating funds available as a result of the award of federal disaster assistance; and
 - (ii) transferring funds from the State Reserve Fund – Economic Development Opportunities Fund for projects approved by the Legislative Policy Committee.

- (2) Budget amendments increasing total appropriations in any fund account by \$100,000 or more may not be approved by the Governor until:
 - (i) that amendment has been submitted to the Department of Legislative Services (DLS); and
 - (ii) the budget committees or the Legislative Policy Committee have considered the amendment or 45 days have elapsed from the date of submission of the amendment. Each amendment submitted to DLS shall include a statement of the amount, sources of funds and purposes of the amendment, and a summary of the impact on regular position or contractual full-time equivalent payroll requirements.

- (3) Unless permitted by the budget bill or the accompanying supporting documentation or by any other authorizing legislation, and notwithstanding the provisions of Section 3-216 of the Transportation Article, a budget amendment may not:
 - (i) restore funds for items or purposes specifically denied by the General Assembly;
 - (ii) fund a capital project not authorized by the General Assembly provided, however, that subject to provisions of the Transportation Article, projects of the Maryland Department of Transportation (MDOT) shall be restricted as provided in Section 1 of this Act;

- (iii) increase the scope of a capital project by an amount 7.5% or more over the approved estimate or 5.0% or more over the net square footage of the approved project until the amendment has been submitted to DLS, and the budget committees have considered and offered comment to the Governor or 45 days have elapsed from the date of submission of the amendment. This provision does not apply to MDOT; and
- (iv) provide for the additional appropriation of special, federal, or higher education funds of more than \$100,000 for the reclassification of a position or positions.
- (4) A budget may not be amended to increase a federal fund appropriation by \$100,000 or more unless documentation evidencing the increase in funds is provided with the amendment and fund availability is certified by the Secretary of the Department of Budget and Management (DBM).
- (5) No expenditure or contractual obligation of funds authorized by a proposed budget amendment may be made prior to approval of that amendment by the Governor.
- (6) Notwithstanding the provisions of this section, any federal, special, or higher education fund appropriation may be increased by budget amendment upon a declaration by the Board of Public Works that the amendment is essential to maintaining public safety, health, or welfare, including protecting the environment or the economic welfare of the State.
- (7) Budget amendments for new major information technology projects, as defined by Sections 3A-301 and 3A-302 of the State Finance and Procurement Article, must include an Information Technology Project Request, as defined in Section 3A-308 of the State Finance and Procurement Article.
- (8) Further provided that the fiscal 2017 appropriation detail as shown in the Governor's budget books submitted to the General Assembly in January 2017 and the supporting electronic detail may not include appropriations for budget amendments that have not been signed by the Governor, exclusive of the MDOT pay-as-you-go capital program.
- (9) Further provided that it is the policy of the State to recognize and appropriate additional special, higher education, and federal revenues in the budget bill as approved by the General Assembly. Further provided that for the fiscal 2018 allowance, DBM shall continue policies and procedures to minimize reliance on budget amendments for appropriations that could be included in a deficiency appropriation.

Explanation: This annual language defines the process under which budget amendments may be used.

Add the following section:

Section 31 Maintenance of Accounting Systems

SECTION 31. AND BE IT FURTHER ENACTED, That:

- (1) The Secretary of the Department of Health and Mental Hygiene shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2016 in program M00Q01.03 Medical Care Provider Reimbursements have been disbursed for services provided in that fiscal year and shall prepare and submit the periodic reports required under this section for that program.
- (2) The State Superintendent of Schools shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2016 to program R00A02.07 Students With Disabilities for Non-Public Placements have been disbursed for services provided in that fiscal year and to prepare periodic reports as required under this section for that program.
- (3) The Secretary of the Department of Human Resources shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2016 in program N00G00.01 Foster Care Maintenance Payments have been disbursed for services provided in that fiscal year, including detail on average monthly caseload, average monthly cost per case, and the total expended for each foster care program, and to prepare the periodic reports required under this section for that program.
- (4) For the programs specified, reports must indicate total appropriations for fiscal 2016 and total disbursements for services provided during that fiscal year up through the last day of the second month preceding the date on which the report is to be submitted and a comparison to data applicable to those periods in the preceding fiscal year.
- (5) Reports shall be submitted to the budget committees, the Department of Legislative Services, the Department of Budget and Management, and the Comptroller on November 1, 2016; March 1, 2017; and June 1, 2017.
- (6) It is the intent of the General Assembly that general funds appropriated for fiscal 2016 to the programs specified that have not been disbursed within a reasonable period, not to exceed 12 months from the end of the fiscal year, shall revert.

Explanation: This annual language requires the maintenance of accounting systems for certain programs, states the intent of the General Assembly that general funds not disbursed be reverted, and requires reporting of disbursements by the Department of Health and Mental Hygiene (DHMH), the Maryland State Department of Education (MSDE), and the Department of Human Resources (DHR).

Add the following section:

Section 32 Secretary's or Acting Secretary's Nomination and Salary

SECTION 32. AND BE IT FURTHER ENACTED, That no funds in this budget may be expended to pay the salary of a Secretary or an Acting Secretary of any department whose nomination as Secretary has been rejected by the Senate or an Acting Secretary who was serving in that capacity prior to the 2016 session whose nomination for the Secretary position was not put forward and approved by the Senate during the 2016 session unless the Acting Secretary is appointed under Article II, Section 11 of the Maryland Constitution prior to July 1, 2016.

Explanation: This language ensures that the intentions of the General Assembly are reflected in the payment of executive salaries.

Add the following section:

Section 33 The “Rule of 100”

SECTION 33. AND BE IT FURTHER ENACTED, That the Board of Public Works (BPW), in exercising its authority to create additional positions pursuant to Section 7-236 of the State Finance and Procurement Article, may authorize during the fiscal year no more than 100 positions in excess of the total number of authorized State positions on July 1, 2016, as determined by the Secretary of the Department of Budget and Management (DBM). Provided, however, that if the imposition of this ceiling causes undue hardship in any department, agency, board, or commission, additional positions may be created for that affected unit to the extent that positions authorized by the General Assembly for the fiscal year are abolished in that unit or in other units of State government. It is further provided that the limit of 100 does not apply to any position that may be created in conformance with specific manpower statutes that may be enacted by the State or federal government nor to any positions created to implement block grant actions or to implement a program reflecting fundamental changes in federal/State relationships. Notwithstanding anything contained in this section, BPW may authorize additional positions to meet public emergencies resulting from an act of God and violent acts of man that are necessary to protect the health and safety of the people of Maryland.

BPW may authorize the creation of additional positions within the Executive Branch provided that 1.25 full-time equivalent contractual positions are abolished for each regular position authorized and that there be no increase in agency funds in the current budget and the next two subsequent budgets as the result of this action. It is the intent of the General Assembly that priority is given to converting individuals that have been in contractual positions for at least two years. Any position created by this method may not be counted within the limitation of 100 under this section.

The numerical limitation on the creation of positions by BPW established in this section may not apply to positions entirely supported by funds from federal or other non-State sources so long as both the appointing authority for the position and the Secretary of DBM certify for each position created under this exception that:

- (1) funds are available from non-State sources for each position established under this exception; and
- (2) any positions created will be abolished in the event that non-State funds are no longer available.

Further provided that this numerical limitation does not apply to 78.5 total positions in the Department of Health and Mental Hygiene’s program M00L08.01 Springfield Hospital Center, program M00L11.01 John L. Gildner Regional Institute for Children and Adolescents, and program M00L05.01 Regional Institute for Children and Adolescents – Baltimore to restore the positions reduced due to privatization and bed reductions.

The Secretary of DBM shall certify and report to the General Assembly by June 30, 2017, the status of positions created with non-State funding sources during fiscal 2013 through 2017 under this provision as remaining, authorized, or abolished due to the discontinuation of funds.

Explanation: This annual language, the Rule of 100, limits the number of positions that may be added after the beginning of the fiscal year to 100 and provides for exceptions to the limit.

Section 34 Annual Report on Authorized Positions

SECTION 34. AND BE IT FURTHER ENACTED, That immediately following the close of fiscal 2016, the Secretary of the Department of Budget and Management (DBM) shall determine the total number of full-time equivalent (FTE) positions that are authorized as of the last day of fiscal 2016 and on the first day of fiscal 2017. Authorized positions shall include all positions authorized by the General Assembly in the personnel detail of the budgets for fiscal 2016 and 2017, including nonbudgetary programs, the Maryland Transportation Authority, the University System of Maryland self-supported activities, and the Maryland Correctional Enterprises.

DBM shall also prepare a report during fiscal 2017 for the budget committees upon creation of regular FTE positions through Board of Public Works action and upon transfer or abolition of positions. This report shall also be provided as an appendix in the fiscal 2018 Governor’s budget books. It shall note, at the program level:

- (1) where regular FTE positions have been abolished;
- (2) where regular FTE positions have been created;
- (3) from where and to where regular FTE positions have been transferred; and
- (4) where any other adjustments have been made.

Provision of contractual FTE position information in the same fashion as reported in the appendices of the fiscal 2018 Governor’s budget books shall also be provided.

Explanation: This is annual language providing reporting requirements for regular and contractual State positions.

Section 35 Annual Executive Pay Plan Report

SECTION 35. AND BE IT FURTHER ENACTED, That the Department of Budget and Management and the Maryland Department of Transportation are required to submit to the Department of Legislative Services (DLS) Office of Policy Analysis:

- (1) a report in Excel format listing the grade, salary, title, and incumbent of each position in the Executive Pay Plan (EPP) as of July 15, 2016; October 15, 2016; January 15, 2017; and April 15, 2017; and
- (2) detail on any lump-sum increases given to employees paid on the EPP subsequent to the previous quarterly report.

Flat-rate employees on the EPP shall be included in these reports. Each position in the report shall be assigned a unique identifier that describes the program to which the position is assigned for budget purposes and corresponds to the manner of identification of positions within the budget data provided annually to the DLS Office of Policy Analysis.

Explanation: Legislation adopted during the 2000 session altered the structure of the EPP to give the Governor flexibility to compensate executives at appropriate levels within broad salary bands established for their positions, without reference to a rigid schedule of steps, and through other compensation methods such as a flat rate salary. These reports fulfill a requirement for documentation of any specific recruitment, retention, or other issues that warrant a pay increase.

Section 36 Positions Abolished in the Budget

SECTION 36. AND BE IT FURTHER ENACTED, That no position identification number assigned to a position abolished in this budget may be reassigned to a job or function different from that to which it was assigned when the budget was submitted to the General Assembly. Incumbents in positions abolished may continue State employment in another position.

Explanation: This language prevents employees from being moved into positions abolished in the budget. It also allows that incumbents in abolished positions may continue State employment in another position.

Add the following section:

Section 37 Annual Report on Health Insurance Receipts and Spending

SECTION 37. AND BE IT FURTHER ENACTED, That the Secretary of the Department of Budget and Management shall include as an appendix in the fiscal 2018 Governor’s budget books an accounting of the fiscal 2016 actual, fiscal 2017 working appropriation, and fiscal 2018 estimated revenues and expenditures associated with the employees’ and retirees’ health plan. The data in this report should be consistent with the budget data submitted to the Department of Legislative Services. This accounting shall include:

- (1) any health plan receipts received from State agencies, employees, and retirees, as well as prescription rebates or recoveries, or audit recoveries, and other miscellaneous recoveries;
- (2) any premium, capitated, or claims expenditures paid on behalf of State employees and retirees for any health, mental health, dental, or prescription plan, as well as any administrative costs not covered by these plans; and
- (3) any balance remaining and held in reserve for future provider payments.

Explanation: This language provides an accounting of the health plan revenues received and expenditures made on behalf of State employees and retirees. The language proposes that the language in the report be consistent with the budget data submitted with the budget bill.

Section 38 Historical and Projected Chesapeake Bay Restoration Spending

SECTION 38. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that the Maryland Department of Planning, the Department of Natural Resources, the Maryland Department of Agriculture, the Maryland Department of the Environment, and the Department of Budget and Management provide a report to the budget committees by December 1, 2016, on Chesapeake Bay restoration spending. The report shall be drafted subject to the concurrence of the Department of Legislative Services (DLS) in terms of both electronic format to be used and data to be included. The report should include:

- (1) fiscal 2016 annual spending by fund, fund source, program, and State government agency; associated nutrient and sediment reduction; and the impact on living resources and ambient water quality criteria for dissolved oxygen, water clarity, and “chlorophyll a” for the Chesapeake Bay and its tidal tributaries to be submitted electronically in disaggregated form to DLS;
- (2) projected fiscal 2017 to 2025 annual spending by fund, fund source, program, and State government agency; associated nutrient and sediment reductions; and the impact on living resources and ambient water quality criteria for dissolved oxygen, water clarity, and “chlorophyll a” for the Chesapeake Bay and its tidal tributaries to be submitted electronically in disaggregated form to DLS;
- (3) an overall framework discussing the needed regulations, revenues, laws, and administrative actions and their impacts on individuals, organizations, governments, and businesses by year from fiscal 2016 to 2025 in order to reach the calendar 2025 requirement of having all best management practices in place to meet water quality standards for restoring the Chesapeake Bay to be both written in narrative form and tabulated in spreadsheet form that is submitted electronically in disaggregated form to DLS; and
- (4) an analysis of the various options for financing Chesapeake Bay restoration including public-private partnerships, a regional financing authority, nutrient trading, technological developments, and any other policy innovations that would improve the effectiveness of Maryland and other states’ efforts toward Chesapeake Bay restoration.

Explanation: This language expresses the intent that the Maryland Department of Planning (MDP), the Department of Natural Resources (DNR), the Maryland Department of Agriculture (MDA), the Maryland Department of the Environment (MDE), and the Department of Budget and Management (DBM) provide a report by December 1, 2016, on recent and projected Chesapeake Bay restoration spending and associated impacts and the overall framework to meet the calendar 2025 requirement of having all best management practices in place to meet water quality standards for restoring the Chesapeake Bay. In addition, the language expresses the

interest that the report include information on policy innovations that improve the effectiveness of Maryland and other states' efforts toward Chesapeake Bay restoration.

Section 39 Chesapeake Bay Restoration Spending

SECTION 39. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that the Department of Budget and Management, the Department of Natural Resources, and the Maryland Department of the Environment provide two reports on Chesapeake Bay restoration spending. The reports shall be drafted subject to the concurrence of the Department of Legislative Services (DLS) in terms of both electronic format to be used and data to be included. The scope of the reports is as follows:

- (1) Chesapeake Bay restoration operating and capital expenditures by agency, fund type, and particular fund source based on programs that have over 50% of their activities directly related to Chesapeake Bay restoration for the fiscal 2016 actual, fiscal 2017 working appropriation, and fiscal 2018 allowance to be included as an appendix in the Governor's fiscal 2018 budget books and submitted electronically in disaggregated form to DLS; and
- (2) two-year milestones funding by agency, best management practice, fund type, and particular fund source along with associated nutrient and sediment reductions for fiscal 2015, 2016, 2017, and 2018 to be submitted electronically in disaggregated form to DLS.

Explanation: This language expresses the intent that the Department of Budget and Management (DBM), the Department of Natural Resources (DNR), and the Maryland Department of the Environment (MDE) provide at the time of the fiscal 2018 budget submission information on (1) Chesapeake Bay restoration spending for programs that have over 50% of their activities directly related to Chesapeake Bay restoration; and (2) two-year milestones funding.

Section 40 Regional Greenhouse Gas Initiative Revenues and Expenditures

SECTION 40. AND BE IT FURTHER ENACTED, That the Department of Budget and Management shall provide an annual report on the revenue from the Regional Greenhouse Gas Initiative (RGGI) carbon dioxide emission allowance auctions and set-aside allowances to the General Assembly in conjunction with the submission of the fiscal 2018 budget and annually thereafter as an appendix to the Governor's budget books. This report shall include information for the actual fiscal 2016 budget, fiscal 2017 working appropriation, and fiscal 2018 allowance. The report shall detail revenue assumptions used to calculate the available Strategic Energy Investment Fund (SEIF) from RGGI auctions for each fiscal year including:

- (1) the number of auctions;
- (2) the number of allowances sold;
- (3) the allowance price for both current and future (if offered) control period allowances sold in each auction;
- (4) prior year fund balance from RGGI auction revenue to support the appropriation; and
- (5) anticipated revenue from set-aside allowances.

The report shall also include detail on the amount of the SEIF from RGGI auction revenue available to each agency that receives funding through each required allocation, separately identifying any prior year fund balance for:

- (1) energy assistance;
- (2) energy efficiency and conservation programs, low- and moderate-income sector;
- (3) energy efficiency and conservation programs, all other sectors;
- (4) renewable and clean energy programs and initiatives, education, climate change, and resiliency programs;
- (5) administrative expenditures;
- (6) dues owed to the RGGI, Inc.; and
- (7) transfers or diversions of revenue made to other funds.

Explanation: This annual language requires the Department of Budget and Management (DBM) to include as an appendix in the Governor’s budget books for fiscal 2018 detail on the revenue assumptions for RGGI auctions budgeted in each fiscal year as well as how those revenues are distributed to various agencies. This information increases transparency, differentiates funding from the SEIF that is available from sources other than RGGI auctions, and allows for analysis of whether the allocation of RGGI auction revenue meets statutory requirements.

Add the following section:

Section 41 Submission of the Uniform Crime Report

SECTION 41. AND BE IT FURTHER ENACTED, That \$1,000,000 of the general fund appropriation within the Department of State Police (DSP) may not be expended until DSP submits the Crime in Maryland, 2015 Uniform Crime Report (UCR) to the budget committees. The budget committees shall have 45 days to review and comment following receipt of the report. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Further provided that if DSP encounters difficulty obtaining necessary crime data on a timely basis from local jurisdictions who provide the data for inclusion in the UCR, DSP shall notify the Governor’s Office of Crime Control and Prevention (GOCCP). GOCCP shall withhold a portion, totaling at least 15% but no more than 50%, of that jurisdiction’s State Aid for Police Protection (SAPP) grant for fiscal 2017 upon receipt of notification from DSP. GOCCP shall withhold SAPP funds until such a time that the jurisdiction submits its crime data to DSP. DSP and GOCCP shall submit a report to the budget committees indicating any jurisdiction from which crime data was not received on a timely basis and the amount of SAPP funding withheld from each jurisdiction.

Explanation: The annual language was originally added because DSP had not been submitting its annual crime report in a timely manner due to issues related to receiving crime data from the local jurisdictions. As such, this language withholds a portion of the general fund appropriation until the budget committees receive the 2015 UCR. The language also specifies that GOCCP, upon receipt of notification from DSP, must withhold a portion of a delinquent jurisdiction’s SAPP grant until certain crime data is received by DSP. Finally, DSP and GOCCP must submit a report to the budget committees that includes information on any jurisdiction that did not report crime data on a timely basis and the amount of SAPP funding that was withheld from each jurisdiction.

Section 42 Report on Compliance with the Professional License Suspension Program

SECTION 42. AND BE IT FURTHER ENACTED, That \$100,000 of the special fund appropriation in the Motor Vehicle Administration (MVA) and \$100,000 of the special fund appropriation in the Public Service Commission (PSC) may not be expended unless MVA and PSC submit a joint report by October 1, 2016, detailing the status of implementation of procedures to comply with the professional license suspension program in the Department of Human Resources – Child Support Enforcement Administration (CSEA), including the number of referrals made to the licensing agencies to date by CSEA in fiscal 2017 and the number of licenses suspended. The report should include planned actions to address any identified shortfalls in implementation. The budget committees shall have 45 days to review and comment.

Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled if the reports are not submitted to the budget committees.

Explanation: CSEA refers child support obligors who are 120 days or more out of compliance with their most recent court order to licensing authorities for professional license suspension under the professional license suspension program. In CSEA’s most recent audit it was found that MVA and PSC were not suspending licenses associated with CSEA’s referrals for suspension.

The language restricts \$100,000 from the special fund appropriation for both MVA and PSC until a report is submitted detailing the status of implementation of procedures to comply with the professional license suspension program.

Section 43 Improving Juvenile Education Services

SECTION 43. AND BE IT FURTHER ENACTED, That \$100,000 of the general fund appropriation within the Department of Juvenile Services (DJS) and \$100,000 of the general fund appropriation within the Juvenile Services Education (JSE) unit of the Maryland State Department of Education (MSDE) may not be expended until:

- (1) DJS and MSDE jointly submit a report to the budget committees on:
 - (a) The advancements made toward addressing the following concerns with DJS education services:
 - (i) lack of postsecondary, vocational, and work opportunities;
 - (ii) grouping classes by living unit as opposed to skill level;
 - (iii) high vacancy rates and turnover for facility staff and a lack of a substitute system;
 - (iv) space limitations due to the physical plant and age of the DJS facilities;
 - (v) adherence to students' Individualized Education Programs;
 - (vi) the potential for establishing a tuition assistance or student loan repayment program for students in higher education institutions who commit to teaching in a JSE facility and a Grow Your Own program; and
 - (vii) recordkeeping and transition services between DJS facility schools and local school systems.
 - (b) The mechanisms for ensuring proper communication between MSDE, DJS, and local school systems, particularly when a lack of services has been identified or a complaint has been lodged.
 - (c) A detailed accounting of how the additional resources provided in the fiscal 2017 allowance have been utilized, the impact those resources have had on the delivery of education services, and the total amount of education funds allocated to each facility by funding source.

- (d) Information on each contract between DJS and a private provider that delivers education services to committed youth, including the education services provided, the cost of those services, and the number of youth served.
- (e) The development of measures evaluating the performance of the JSE program, to include but not be limited to the following measures:
 - (i) average length of time to transition student records between a JSE school and a local school system;
 - (ii) teacher vacancy rates and length of tenure;
 - (iii) contacts with local school system liaisons to support student transition into the community;
 - (iv) students participating in postsecondary opportunities and vocational opportunities; and
 - (v) the number of classroom hours canceled due to the unavailability of a teacher or substitute.

Provided that the report shall be submitted to the budget committees no later than November 15, 2016, with follow-up reports submitted biannually; and

- (2) Data for the identified performance measures shall be included in MSDE's annual Managing for Results performance measure submission beginning with the fiscal 2018 allowance submitted in January 2017.

The budget committees shall have 45 days to review and comment from the date of each submission. It is the intent of the budget committees that \$50,000 be released to each agency upon receipt and approval of the November 2016 report. The remaining \$50,000 shall be released to each agency upon satisfactory submission of the performance measure data with the fiscal 2018 allowance. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: Concerns have been raised questioning whether MSDE is providing the appropriate level of services to students in DJS facilities, particularly to students with special education needs. This language requires DJS and MSDE to work jointly to report on a regular basis to the budget committees regarding progress made toward addressing the deficiencies in the provision of education services to youth in DJS facilities. It also requires the development of performance measures to evaluate how well the program is functioning, as opposed to only evaluating student performance. The report is due by November 15, 2016, and every six months,

thereafter. It is the intent of the General Assembly that Juvenile Justice Monitoring Unit may submit a response to the MSDE report by December 15, 2016.

Section 44 Heroin and Opioid Emergency Task Force Initiatives

SECTION 44. AND BE IT FURTHER ENACTED, That \$1,000,000 of the general fund appropriation in Program M00L01.02 Community Services made for the purpose of establishing a Center of Excellence for Prevention and Treatment, \$50,000 of the general fund appropriation in Program N00B00.04 General Administration – State made for the purpose of implementing a heroin screening tool, and \$50,000 of the general fund appropriation in Program V00D02.01 Departmental Support made for the purpose of establishing a heroin screening tool may not be expended for those purposes and instead may only be transferred to Program M00L01.02 Community Services for the purpose of funding an expansion of the current substance use disorder treatment services provided in that program. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: This section fences off appropriations made to implement recommendations from the Governor’s Heroin and Opioid Task Force for the purpose of establishing the Center of Excellence for Prevention and Treatment as well as implementing heroin screening tools within the Department of Human Resources (DHR) and the Department of Juvenile Services (DJS), and restricts those funds to be expended only on an expansion of the current substance use disorder treatment services provided by the State. Both DHR and DJS already have screening tools for heroin, and the Center of Excellence is not necessary.

Add the following section:

Section 46 Maryland General Assembly Health Insurance

SECTION 46. AND BE IT FURTHER ENACTED, That the following amounts, totaling \$446,000, shall be added to the general fund appropriation for programs of the General Assembly to provide the requested amounts net of the statewide across-the-board reduction for employee and retiree health insurance:

<u>B75A01.01 Senate</u>	<u>80,830</u>
<u>B75A01.02 House of Delegates</u>	<u>140,391</u>
<u>B75A01.03 General Legislative Expenses</u>	<u>1,168</u>
<u>B75A01.04 Office of the Executive Director</u>	<u>54,738</u>
<u>B75A01.05 Office of Legislative Audits</u>	<u>66,967</u>
<u>B75A01.06 Office of Legislative Information Systems</u>	<u>18,634</u>
<u>B75A01.07 Office of Policy Analysis</u>	<u>83,272</u>
<u>Total General Funds</u>	<u>446,000</u>

Explanation: This action adds \$446,000 in general funds to the fiscal 2017 legislative budget to correct for an Executive Branch error in health insurance. In total the legislative budget is short \$669,000 in funding for employee health insurance, which is addressed by this action as well as foregoing the legislative share of an across-the-board \$223,000 reduction in Section 19 of the budget bill.

Add the following section:

Section 47 Weather-related Closures

SECTION 47. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that, in fiscal 2016 and 2017, the Developmental Disabilities Administration within the Department of Health and Mental Hygiene shall:

- (1) determine all cost savings realized due to nonpayment to providers for weather-related closures;
- (2) implement a methodology to distribute funds from cost savings realized due to nonpayment to providers for weather-related closures to:
 - (i) providers that experienced loss of revenue due to weather-related closures; and
 - (ii) residential service providers that experienced weather-related costs including staff overtime, resident relocation, or other costs necessary to ensure health and safety; and
- (3) distribute, based on the proportion of financial loss reported by each provider and to the extent funds are available in the budget, all funds from cost savings realized due to nonpayment to providers for weather-related closures to providers submitting required information.

To be eligible to receive redistributed funds from cost savings realized due to nonpayment to providers for weather-related closures, a provider shall report to the department:

- (1) the date or dates of each weather-related absence for which a claim is being submitted;
- (2) a detailed listing of financial losses and/or increased costs directly attributed to each weather-related absence; and
- (3) an explanation of how the claimed amount of financial losses and increased costs were determined.

The department shall prepare guidelines and instructions for providers to submit weather-related claims. In addition, the department must, within 30 days after the end of the fiscal year, report to the committees the amount of funds from cost savings realized due to nonpayment to providers that is distributed to providers in fiscal 2016 and 2017.

Explanation: In fiscal 2012, the Developmental Disabilities Administration (DDA) changed its reimbursement policies with regard to absence days in residential, day, and supported employment services. Historically, DDA had paid standard daily rates to providers when individuals did not attend the fee payment system programs. Beginning July 1, 2011, DDA increased the rate for present days in these programs and reduced the number of bed hold days or absence days to residential programs to align with the Federal Center for Medicare and Medicaid Services reimbursable limit of 33 days. For day habilitation and supported employment programs, DDA eliminated payment for absence days on which matching federal funds cannot be claimed. This language expresses the intent that funds from cost savings realized due to nonpayment to providers in fiscal 2016 and 2017 for weather-related closures be distributed to providers, based on the proportion of financial loss reported by each provider and to the extent funds are available in the budget, to providers submitting required information.

¹The general funds reflected are restricted appropriations in the State Reserve fund (Program Y01A). Language allows the Governor to transfer these funds by budget amendment for the capital projects/programs specified.

²The general funds are included in the fiscal 2017 budget in Supplemental Budget No.2 in BPW (Program D06E02.01 Public Works Capital Appropriation). As introduced, the funds were proposed to be used to support various higher education capital projects but were instead repurposed to support capital programs in DHCD and MDE that require the use of taxable general obligation bonds that cost more to service than the more traditional tax-exempt financing. The restrictive language allows the Governor to transfer the funds by budget amendment for the uses specified.

Allowance
15,000,000

Change
-9,190,000

Authorization
5,810,000

Explanation: The operating budget provides \$9.19 million in pay-as-you-go capital funds in the State Reserve Fund. To fund this project at the level proposed by the Administration, the general obligation bond authorization is reduced by an equivalent amount. This provides sufficient funding to keep the project on track for the final authorization in fiscal 2020.

LA15A Maryland Agricultural Cost-Share Program..... \$ 0

Allowance
6,000,000

Change
-6,000,000

Authorization
0

Explanation: This action deletes the \$6,000,000 general obligation bond authorization for the Maryland Agricultural Cost-Share Program. Instead, there is an equivalent amount of funding allocated for the program in the State Reserve Fund.

Explanation: This language adds an authorization to design the environmental abatement of Rosewood property.

Committee Narrative

Rosewood and Stevenson University Contract: The committees are concerned about the status of the Rosewood property. There have been discussions between Stevenson University and the Department of Health and Mental Hygiene (DHMH) regarding the transfer of Parcel 1 of the property to Stevenson University. Stevenson University has been apprehensive to acquire the property due to concerns about abatement of the adjacent parcels. Should Stevenson University and the State enter into a contractual relationship related to the transfer of property to the university and the rights and responsibilities for the abatement, the committees request that the contract be submitted to the budget committees within 30 days of execution.

Change
5,000,000

Authorization
7,640,000

Explanation: This language in addition to pre-authorizations provided for fiscal 2018 and 2019 will allow the project to be bid for construction in fiscal 2017. This action replaces funding struck from Supplemental Budget No. 3.

Committee Narrative

Revising Research Space Guidelines: Public four-year institutions are required to annually submit their current space inventories through the Facilities Inventory Report to the Maryland Higher Education Commission (MHEC). This data is used as the basis to calculate the current and projected academic and research space needs of an institution. While the academic space standards were reevaluated and revised in fiscal 2009, the research space guidelines have not been reevaluated or revised since being developed in fiscal 1999 and, therefore, are not reflective of current research practices such as the increase in collaborative research between disciplines or do not account for the varying research space needs of programs, which can range from computer workstations to a large engineering laboratory. When comparing the results of Maryland’s model to that used by other systems or institutions, the Maryland model greatly over estimates the needed research space. Therefore, the budget committees request that the University System of Maryland (USM), MHEC, the Department of Budget and Management (DBM), and Morgan State University (MSU) develop and recommend research space guidelines that more accurately reflect the space needs for researchers. The report should be submitted to the budget committees by December 15, 2016.

Committee Narrative

Maryland Hospital Association Grant Program Encumbrances and Expenditures: The past couple years have included de-authorizations of entire projects contained within the Maryland Hospital Association (MHA) Private Hospital Grant Program due to concerns surrounding the All-payer Model Contract and its effect on capital projects and priorities. Currently, the Department of Budget and Management does not include data on the amount of encumbrances and the amount expended to date for this grant and loan program in the capital worksheets, nor does MHA include this information in its annual submission requesting funds from the Governor. The budget committees request a report detailing the amounts encumbered, unencumbered, and expended to date of all MHA Private Hospital Grant Program projects. Further, the budget committees request that this data be included in the capital worksheets submitted in support of the Governor’s annual capital budget.

Committee Narrative

Local Jails and Detention Centers Population Statistics Report: As overseer of the Local Jails and Detention Center Capital Improvement Program, the committees direct the Department of Public Safety and Correctional Services (DPSCS), on an annual basis, to coordinate the submission of local jail and detention center population statistics on behalf of the counties and provide that information in a report to the budget committees. At a minimum the report shall include:

- the operational capacity for each facility, making note of specialized population beds that cannot be used by general population inmates;
- the total average daily population for the fiscal year for total population and separated by male and female offenders;
- the number of days the population exceeded operational capacity;
- the most consecutive days the population exceeded capacity;
- the range in the number of inmates exceeding operational capacity;
- the average amount the population exceeded capacity; and
- the peak inmate population.

Receipt of this information for every county on an annual basis would allow the General Assembly, the Department of Budget and Management, DPSCS, and the counties to better assess local jail and detention center capital needs. The report shall be submitted to the budget committees no later than September 1, 2016, and annually thereafter.
