Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 138 – *Environment – U.S. Climate Alliance – Membership*.

This bill requires the Governor to include Maryland as a member of the U.S. Climate Alliance by July 1, 2018, and stipulates that withdrawal from the alliance is conditional on statutory approval from the General Assembly. The bill also requires the Governor to report annually, beginning December 1, 2018, on the State's participation in the alliance, including any collaborations or partnerships among alliance members or external stakeholders; and, any policies or programs that the alliance has endorsed, undertaken, or considered.

House Bill 3, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign Senate Bill 138.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

The Honorable Thomas V. Mike Miller
President of the Senate
State House
Annapolis, Maryland 21401

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 178 – *State Retirement and Pension System – Board of Trustees – Oath*.

This legislation was originally filed as technical fix that would codify the existing practice of how new members to Board of Trustees of the State Retirement and Pension System take their oath of office. Unfortunately, an amendment was added in the waning hours of the legislative session which made a drastic change to the current process by which the Chair of this Board is selected.

This amendment mandated that the State Treasurer serve as the Chair of the State Retirement and Pension System Board of Trustees. Currently, the Chair of this board is selected by Board, and, traditionally, the State Treasurer or the Comptroller who has seniority has been selected to be the Chair. There has never been a contentious selection

of the Chair and by allowing the more senior of the two elected officials to serve, there has always been someone chairing the Board who has a number of years serving on the Board and dealing with the issues which this Board faces.

This amendment was never discussed at either the House or Senate hearings, nor was it discussed with the State Retirement and Pension System Board members, the Executive Director, or Staff. The General Assembly never informed the Executive Director or Staff of the Board of this amendment, either during the deliberations on the final day of the Legislative Session or after the amendment was adopted and sent to the House and Senate floor.

It is also important to note that the State Retirement and Pension System Board of Trustees, at their May 15, 2018 meeting, voted to ask me to veto this legislation specifically because of this last minute amendment. In their letter, dated May 21, 2018, the Trustees states that the “Board believes that either the Board or staff for the agency should have been consulted prior to amending a bill that had been introduced at the Board’s request and that as introduced, did not deal with Board composition or structure.”

Currently, the State Treasurer serves as the Chair of the Board, with the Comptroller serving as the Vice Chair. It is clear to me that this amendment was adopted to prevent the current Comptroller from serving as the Chair, if the current State Treasurer were to ever decide to leave office. I see this amendment as nothing more than an effort by the General Assembly to exact a political payback on the Comptroller for being outspoken on a number of issues, many of which are at odds with the General Assembly and its leadership, having nothing to do with the leadership or management of the Maryland State Retirement and Pension System.

I find it objectionable to make such changes on a whim for political motives, especially when this Board is entrusted with oversight of billions of dollars in retirement benefits for over 400,000 active and retired state employees. Every member of this board, and especially the Chair and Vice Chair, have an incredible responsibility to the employees of this state, and it is unconscionable that the General Assembly would cynically use this bill as a vehicle to engage in political payback.

For these reasons, I have vetoed Senate Bill 178 – *State Retirement and Pension System – Board of Trustees – Oath*.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 360 – *Carroll County – Public Facilities Bonds*.

This bill authorizes the Carroll County Commissioners to issue up to \$32.7 million in general obligation bonds for the acquisition, construction, improvement, or renovation of public buildings, facilities, and public works projects. The date of maturity of the bonds cannot exceed 30 years.

AN ACT concerning

Carroll County – Public Facilities Bonds

FOR the purpose of authorizing and empowering the County Commissioners of Carroll County, from time to time, to borrow not more than \$32,700,000 in order to finance the construction, improvement, or development of certain public facilities in Carroll County, including water and sewer projects, to finance loans for fire or emergency-related equipment, buildings, and other facilities of volunteer fire departments in the County, and to effect such borrowing by the issuance and sale at public or private sale of its general obligation bonds in like par amount; empowering the County to fix and determine, by resolution, the form, tenor, interest rate or rates or method of determining the same, terms, conditions, maturities, and all other details incident to the issuance and sale of the bonds; empowering the County to issue refunding bonds for the purchase or redemption of bonds in advance of maturity; providing that such borrowing may be undertaken by the County in the form of installment purchase obligations executed and delivered by the County for the purpose of acquiring agricultural land and woodland preservation easements; empowering and directing the County to levy, impose, and collect, annually, ad valorem taxes in rate and amount sufficient to provide funds for the payment of the maturing principal of and interest on the bonds; exempting the bonds and refunding bonds and the interest thereon and any income derived therefrom from all State, County, municipal, and other taxation in the State of Maryland; providing that nothing in this Act shall prevent the County from authorizing the issuance and sale of bonds the interest on which is not excludable from gross income for federal income tax purposes; and generally relating to the issuance and sale of such bonds.

SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND, That, as used herein, the term “County” means the body politic and corporate of the State of Maryland known as the County Commissioners of Carroll County, and the term “construction, improvement, or development of public facilities” means the acquisition, alteration, construction, reconstruction, enlargement, equipping, expansion, extension, improvement, rehabilitation, renovation, upgrading, and repair of public buildings and facilities and public works projects, including, but not limited to, public works projects such as roads, bridges and storm drains, public school buildings and facilities, landfills, Carroll Community College buildings and facilities, public operational buildings and facilities such as buildings and facilities for County administrative use, public safety, health and social services, libraries, refuse disposal buildings and facilities, water and sewer infrastructure facilities, easements or similar or related rights in land that restrict the use of agricultural land or woodland to maintain the character of the land as agricultural land or woodland, and parks and recreation buildings and facilities, together with the costs of acquiring land or interests in land as well as any related architectural, financial, legal, planning, or engineering services.

SECTION 2. AND BE IT FURTHER ENACTED, That the County is hereby authorized to finance any part or all of the costs of the construction, improvements or development of public facilities described in Section 1 of this Act, to make loans to each and

every volunteer fire department in the County upon such terms and conditions as may be determined by the County for the purpose of financing certain fire or emergency–related equipment, buildings, or other facilities of volunteer fire departments, and to borrow money and incur indebtedness for those purposes, at one time or from time to time, in an amount not exceeding, in the aggregate, \$32,700,000 and to evidence such borrowing by the issuance and sale upon its full faith and credit of general obligation bonds in like par amount, which may be issued at one time or from time to time, in one or more groups or series, as the County may determine.

SECTION 3. AND BE IT FURTHER ENACTED, That the bonds shall be issued in accordance with a resolution of the County, which shall describe generally the construction, improvement, or development of public facilities, including water and sewer projects, the fire or emergency–related equipment, buildings, or other facilities of volunteer fire departments in the County for which the proceeds of the bond sale are intended and the amount needed for those purposes. The County shall have and is hereby granted full and complete authority and discretion in the resolution to fix and determine with respect to the bonds of any issue: the designation, date of issue, denomination or denominations, form or forms, and tenor of the bonds which, without limitation, may be issued in registered form within the meaning of § 19–204 of the Local Government Article, as amended; the rate or rates of interest payable thereon, or the method of determining the same, which may include a variable rate; the date or dates and amount or amounts of maturity, which need not be in equal par amounts or in consecutive annual installments, provided only that no bond of any issue shall mature later than 30 years from the date of its issue; the manner of selling the bonds, which may be at either public or private sale, for such price or prices as may be determined to be for the best interests of Carroll County; the manner of executing and sealing the bonds, which may be by facsimile; the terms and conditions of any loans made to volunteer fire departments; the terms and conditions, if any, under which bonds may be tendered for payment or purchase prior to their stated maturity; the terms or conditions, if any, under which bonds may or shall be redeemed prior to their stated maturity; the place or places of payment of the principal of and the interest on the bonds, which may be at any bank or trust company within or without the State of Maryland; covenants relating to compliance with applicable requirements of federal income tax law, including (without limitation) covenants regarding the payment of rebate or penalties in lieu of rebate; covenants relating to compliance with applicable requirements of federal or State securities laws; and generally all matters incident to the terms, conditions, issuance, sale, and delivery thereof.

The bonds may be made redeemable before maturity, at the option of the County, at such price or prices and under such terms and conditions as may be fixed by the County prior to the issuance of the bonds, either in the resolution or in subsequent resolutions. The bonds may be issued in registered form, and provision may be made for the registration of the principal only. In case any officer whose signature appears on any bond ceases to be such officer before the delivery thereof, such signature shall nevertheless be valid and sufficient for all purposes as if the officer had remained in office until such delivery. The bonds and the issuance and sale thereof shall be exempt from the provisions of §§ 19–205 and 19–206 of the Local Government Article, as amended.

The borrowing authorized by this Act may also be undertaken by the County in the form of installment purchase obligations executed and delivered by the County for the purpose of acquiring easements or similar or related rights in land that restrict the use of agricultural land or woodland to maintain the character of the land as agricultural or woodland. The form of installment purchase obligations, the manner of accomplishing the acquisition of easements, which may be the direct exchange of installment purchase obligations for easement, and all matters incident to the execution and delivery of the installment purchase obligations and acquisition of the easements by the County shall be determined in the resolution. Except where the provisions of this Act would be inapplicable to installment purchase obligations, the term "bonds" used in this Act shall include installment purchase obligations and matters pertaining to the bonds under this Act, such as the security for the payment of the bonds, the exemption of the bonds from State, County, municipal, or other taxation, and authorization to issue refunding bonds and the limitation on the aggregate principal amount of bonds authorized for issuance, shall be applicable to installment purchase obligations.

The County may enter into agreements with agents, banks, fiduciaries, insurers, or others for the purpose of enhancing the marketability of any security for the bonds and for the purpose of securing any tender option that may be granted to holders of the bonds, all as may be determined and presented in the aforesaid resolution, which may (but need not) state as security for the performance by the County of any monetary obligations under such agreements the same security given by the County to bondholders for the performance by the County of its monetary obligations under the bonds.

If the County determines in the resolution to offer any of the bonds by solicitation of competitive bids at public sale, the resolution shall fix the terms and conditions of the public sale and shall adopt a form of notice of sale, which shall outline the terms and conditions, and a form of advertisement, which shall be published in one or more daily or weekly newspapers having a general circulation in the County and which may also be published in one or more journals having a circulation primarily among banks and investment bankers. At least one publication of the advertisement shall be made not less than 10 days before the sale of the bonds.

Upon delivery of any bonds to the purchaser or purchasers, payment therefor shall be made to the Comptroller of Carroll County or such other official of Carroll County as may be designated to receive such payment in a resolution passed by the County before such delivery.

SECTION 4. AND BE IT FURTHER ENACTED, That the net proceeds of the sale of bonds shall be used and applied exclusively and solely for the acquisition, construction, improvement, or development of public facilities, including water and sewer projects, to make loans to volunteer fire departments for the financing of fire or emergency-related equipment, buildings, or other facilities of volunteer fire departments in the County for which the bonds are sold. If the amounts borrowed shall prove inadequate to finance the projects described in the resolution, the County may issue additional bonds with the limitations hereof for the purpose of evidencing the borrowing of additional funds for such financing, provided the resolution authorizing the sale of additional bonds shall so recite,

but if the net proceeds of the sale of any issue of bonds exceed the amount needed to finance the projects described in the resolution, the excess funds so borrowed and not expended shall be applied to the payment of the next principal maturity of the bonds or to the redemption of any part of the bonds which have been made redeemable or to the purchase and cancellation of bonds, unless the County shall adopt a resolution allocating the excess funds to the acquisition, construction, improvement, or development of other public facilities, including water and sewer projects, or to the making of loans for fire or emergency-related equipment, buildings, or other facilities of volunteer fire departments in the County, as defined and within the limits set forth in this Act.

SECTION 5. AND BE IT FURTHER ENACTED, That the bonds hereby authorized shall constitute, and they shall so recite, an irrevocable pledge of the full faith and credit and unlimited taxing power of the County to the payment of the maturing principal of and interest on the bonds as and when they become payable. In each and every fiscal year that any of the bonds are outstanding, the County shall levy or cause to be levied ad valorem taxes upon all the assessable property within the corporate limits of the County in rate and amount sufficient to provide for or assure the payment, when due, of the principal of and interest on all the bonds maturing in each such fiscal year and, in the event the proceeds from the taxes so levied in any such fiscal year shall prove inadequate for such payment, additional taxes shall be levied in the succeeding fiscal year to make up any such deficiency. The County may apply to the payment of the principal of and interest on any bonds issued hereunder any funds received by it as loan repayments from volunteer fire departments and any funds received by it from the State of Maryland, the United States of America, any agency or instrumentality thereof, or from any other source, if such funds are granted for the purpose of assisting the County in financing the acquisition, construction, improvement, or development of the public facilities defined in this Act, including the water and sewer projects or the making of loans for the aforementioned fire or emergency-related equipment, buildings, or other facilities for volunteer fire departments in the County and, to the extent of any such funds received or receivable in any fiscal year, the taxes that are required to be levied may be reduced accordingly.

SECTION 6. AND BE IT FURTHER ENACTED, That the County is further authorized and empowered, at any time and from time to time, to issue its bonds in the manner herein above described for the purpose of refunding, by payment at maturity or upon purchase or redemption, any bonds issued hereunder. The validity of any such refunding bonds shall in no way be dependent upon or related to the validity or invalidity of the obligations so refunded. The powers herein granted with respect to the issuance of bonds shall be applicable to the issuance of refunding bonds. Such refunding bonds may be issued by the County for the purpose of providing it with funds to pay any of its outstanding bonds issued hereunder at maturity, for the purpose of providing it with funds to purchase in the open market any of its outstanding bonds issued hereunder, prior to the maturity thereof, or for the purpose of providing it with funds for the redemption prior to maturity of any outstanding bonds issued hereunder which are, by their terms, redeemable, for the purpose of providing it with funds to pay interest on any outstanding bonds issued hereunder prior to their payment at maturity of purchase or redemption in advance of maturity, or for the purpose of providing it with funds to pay any redemption or purchase premium in connection with the refunding of any of its outstanding bonds issued

hereunder. The proceeds of the sale of any such refunding bonds shall be segregated and set apart by the County as a separate trust fund to be used solely for the purpose of paying the purchase or redemption prices of the bonds to be refunded.

SECTION 7. AND BE IT FURTHER ENACTED, That the County may, prior to the preparation of definitive bonds, issue interim certificates or temporary bonds, exchangeable for definitive bonds when such bonds have been executed and are available for such delivery, provided, however, that any such interim certificates or temporary bonds shall be issued in all respects subject to the restrictions and requirements set forth in this Act. The County may, by appropriate resolution, provide for the replacement of any bonds issued hereunder which shall have become mutilated or lost or destroyed upon such conditions and after receiving such indemnity as the County may require.

SECTION 8. AND BE IT FURTHER ENACTED, That any and all obligations issued pursuant to the authority of this Act, their transfer, the interest payable thereon, and any income derived therefrom in the hands of the holders thereof from time to time (including any profit made in the sale thereof) shall be and are hereby declared to be at all times exempt from State, County, municipal, or other taxation of every kind and nature whatsoever within the State of Maryland. Nothing in this Act shall prevent the County from authorizing the issuance and sale of bonds the interest on which is not excludable from gross income for federal income tax purposes.

SECTION 9. AND BE IT FURTHER ENACTED, That the authority to borrow money and issue bonds conferred on the County by this Act shall be deemed to provide an additional and alternative authority for borrowing money and shall be regarded as supplemental and additional to powers conferred upon the County by other laws and shall not be regarded as in derogation of any power now existing; and all Acts of the General Assembly of Maryland heretofore passed authorizing the County to borrow money are hereby continued to the extent that the powers contained in such Acts have not been exercised, and nothing contained in this Act may be construed to impair, in any way, the validity of any bonds that may have been issued by the County under the authority of any said Acts, and the validity of the bonds is hereby ratified, confirmed, and approved. This Act, being necessary for the welfare of the inhabitants of Carroll County, shall be liberally construed to effect the purposes hereof. All Acts and parts of Acts inconsistent with the provisions of this Act are hereby repealed to the extent of such inconsistency.

SECTION 10. AND BE IT FURTHER ENACTED, That this Act shall take effect June 1, 2018.

The Honorable Thomas V. Mike Miller
President of the Senate

State House
Annapolis, Maryland 21401

The Honorable Michael E. Busch
Speaker of the House
State House
Annapolis, Maryland 21401

Dear President Miller and Speaker Busch:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 572 and House Bill 1243 – *Prevailing Wage Rates – Public Work Contracts – Suits by Employees*.

Since taking office, our administration has been committed to ensuring Maryland is open for business and growing the state's economy. We have made significant progress and continue to undo years of overregulation, tax increases, and an anti-business attitude that have had a devastating impact on Maryland's economy and limited our ability to compete regionally and nationally. Maryland's workers and small businesses deserve a consistent and predictable business climate.

Unfortunately, this legislation is an inconsistent reversal of an action passed by the Maryland General Assembly action from just a few years ago. In 2010, the legislature passed House Bill 1100 and Senate Bill 451 *Prevailing Wage Rates – Public Works Contracts – Suits by Employees* – that explicitly reversed a workers' ability to sue for recovery of unpaid wages under the State's prevailing wage law without first filing a complaint with the Commissioner of Labor and Industry. Only after an employer failed to comply could a worker file a civil suit. This will ultimately limit a workers' ability to fully recover wages and hamper our administration's efforts to recover one hundred percent of what workers are owed. Given my Administration's strong record of wage recovery, I can only assume that the General Assembly was not fully informed when it passed this law.

Senate Bill 572 and House Bill 1243 allow a worker paid less than the prevailing wage on a public works project to circumvent the Commissioner of Labor and Industry and sue to recover the difference in wages. The bill also includes a provision holding the general or prime contractor and subcontractor jointly and severally liable for any violation on the part of the subcontractor. This legislation is attempting to solve a problem that does not exist. Nothing in this bill will result in workers receiving their full wages more quickly, but will most likely result in excessive civil proceedings for contractors relating to allegations of improper payment made by a subcontractor's employee without any requirement to file a claim with the Commissioner.

The Department of Labor, Licensing, and Regulation successfully enforces the Prevailing Wage law with a record of swift action and full recovery of wages for workers. Under current law, an employee is allowed to bring a private court action to recover lost wages, but requires the Commissioner to investigate and attempt to resolve the claim first. The current Prevailing Wage system has successfully resolved every case since 2012 without the need

to go to court. The system is zero cost to workers and they are awarded the full amount of what they are owed – no fees are withheld by the Prevailing Wage unit for handling the claims. Complaints are resolved quickly and there are no backlogs or waiting lists to process claims.

This legislation will negatively impact the Department's ability to investigate wage payments and harm the interests of workers on Prevailing Wage jobs. Ultimately, having employers subject to both Department of Labor, Licensing, and Regulation investigations and civil proceedings over the same issue is unnecessary and burdensome.

For these reasons, I have vetoed Senate Bill 572 and House Bill 1243.

Sincerely,

Lawrence J. Hogan, Jr
Governor

Senate Bill 572

AN ACT concerning

Prevailing Wage Rates – Public Work Contracts – Suits by Employees

FOR the purpose of authorizing certain employees to sue to recover the difference between certain prevailing wage rates and certain amounts under certain circumstances; providing that a certain determination by the Commissioner of Labor and Industry does not preclude certain employees from filing a certain action; ~~requiring a court to order the payment of certain damages under certain circumstances~~; providing for the liability of certain contractors and subcontractors under certain circumstances; and generally relating to private rights of action under the State prevailing wage law.

BY repealing and reenacting, with amendments,
Article – State Finance and Procurement
Section 17–224
Annotated Code of Maryland
(2015 Replacement Volume and 2017 Supplement)

SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND,
That the Laws of Maryland read as follows:

Article – State Finance and Procurement

17–224.

(a) (1) If an employee under a public work contract is paid less than the prevailing wage rate for that employee's classification for the work performed, the employee may file a complaint with the Commissioner.

(2) Except as otherwise provided in this section, a complaint filed under this section shall be subject to the provisions of § 17–221 of this subtitle.

(3) If the Commissioner's investigation determines that the employer violated provisions of this subtitle, the Commissioner shall try to resolve the issue informally.

(4) (i) If the Commissioner is unable to resolve the matter informally, the Commissioner shall issue an order for a hearing in accordance with § 17–221 of this subtitle.

(ii) If, at the conclusion of a hearing ordered under subparagraph (i) of this paragraph, the Commissioner determines that the employee is entitled to restitution under this subtitle, the Commissioner shall issue an order in accordance with § 17–221 of this subtitle.

(iii) If an employer of an employee found to be entitled to restitution under subparagraph (ii) of this paragraph is no longer working under a contract with a public body, the Commissioner may order that restitution be paid directly by the employer to the employee within a reasonable period of time, as determined by the Commissioner.

(5) If an employer fails to comply with an order to pay restitution to an employee under paragraph (4)(iii) of this subsection, the Commissioner or the employee may bring a civil action to enforce the order in the circuit court in the county where the employee or employer is located.

(B) (1) IF AN EMPLOYEE UNDER A PUBLIC WORK CONTRACT IS PAID LESS THAN THE PREVAILING WAGE RATE FOR THAT EMPLOYEE'S CLASSIFICATION FOR THE WORK PERFORMED, THE EMPLOYEE IS ENTITLED TO SUE TO RECOVER THE DIFFERENCE BETWEEN THE PREVAILING WAGE RATE AND THE AMOUNT RECEIVED BY THE EMPLOYEE.

(2) A DETERMINATION BY THE COMMISSIONER THAT A CONTRACTOR IS REQUIRED TO MAKE RESTITUTION UNDER SUBSECTION (A)(4) OF THIS SECTION DOES NOT PRECLUDE AN EMPLOYEE FROM FILING AN ACTION UNDER THIS SUBSECTION.

[(b)] (C) (1) An action under this section is considered to be a suit for wages.

(2) A judgment in an action under this section shall have the same force and effect as any other judgment for wages.

(3) An action brought under this section for a violation of this subtitle shall be filed within 3 years from the date the affected employee knew or should have known of the violation.

[(c)] (D) (1) The failure of an employee to protest orally or in writing the payment of a wage that is less than the prevailing wage rate is not a bar to recovery in an action under this section.

(2) A contract or other written document in which an employee states that the employee shall be paid less than the amount required by this subtitle does not bar the recovery of any remedy required under this subtitle.

[(d)] (E) (1) Except as provided in paragraph (3) of this subsection, if the court in an action filed under this section finds that an employer paid an employee less than the requisite prevailing wage, the court shall award the affected employee the difference between the wage actually paid and the prevailing wage at the time that the services were rendered.

(2) (i) Subject to subparagraph (ii) of this paragraph, unpaid fringe benefit contributions owed for an employee in accordance with this section shall be paid to the appropriate benefit fund, plan, or program.

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 575 – *Workers’ Compensation – Self-Insured Employers – Suspected Fraud Reporting*.

This bill expands the authority of the Maryland Insurance Administration’s (MIA) Insurance Fraud Division to encompass investigating and taking action on fraud committed by or against a governmental self-insurance (workers’ compensation) group and employers who self-insure. The bill also expands the definition of “insurance fraud” and requires governmental self-insurance (workers’ compensation) groups and employers who self-insure or participate in a self-insurance group for workers’ compensation to report suspected insurance fraud cases, in writing, to the Insurance Fraud Division. Information submitted to the fraud division in this manner is not subject to public inspection, except under specified circumstances.

House Bill 1499, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign Senate Bill 575.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

compensation to report suspected insurance fraud in writing to the Fraud Division of the Maryland Insurance Administration; providing that certain information, documentation, or other evidence provided by certain self-insured groups or employers to certain persons is not subject to public inspection under certain circumstances; and generally relating to suspected insurance fraud reporting.

The Honorable Thomas V. Mike Miller, Jr.
President of the Senate
State House
Annapolis, MD 21401

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 639 – Education – Public School Personnel – Disciplinary Hearing Procedures.

This piece of legislation is the latest in an unfortunate series of efforts by the General Assembly to pass flawed bills that negatively impact our public schools. For reasons only known to them, far too many members of the legislature seem obsessed with watering down educational standards and stymying efforts to provide accountability. This needs to stop.

Previous examples include a botched effort to restructure the hiring process of members of the Maryland State Board of Education and the “Protect our [Failing] Schools Act” that has resulted in Maryland now having the second lowest school accountability rankings in the nation. Most recently, the General Assembly rammed through legislation to strip fiscal oversight over school construction from statewide elected officials.

Senate Bill 639, the latest installment, is a radical attempt to strip away the duly authorized powers of local school boards to terminate certified personnel. Such a transfer would negatively impact the ability of local boards to respond to employee misconduct consistent with the best interests of students, the school system, and community.

There is currently a well-defined and very robust due process for terminating teachers in the Maryland annotated code and developed under case law. This current system strikes the right balance between ensuring a hearing and providing local school boards with the ability to discipline teachers who school superintendents have suspended. Local boards represent the interests of the entire community – students, teachers, parents, businesses, government leaders – and must be able to decide when an individual's actions should disqualify that person from teaching students in that community.

Conversely, outside arbitrators, by definition, have no connection to the school system and should not be entitled to determine who should remain employed by the school system. Local boards of education can debate and deliberate on termination and suspension cases. However, Senate Bill 639 would empower a single individual to make these important decisions for our students.

Incredibly, this bill would allow an arbitrator, who would not even have to reside in the State of Maryland, to make these decisions. That type of system might work for other areas of personnel law, but our first and primary consideration in our public schools simply must be the welfare and needs of our students.

The vast majority of our teachers do an incredible job, often making tough personal sacrifices, educating our students. However, those who consistently fail our children and consistently fail to achieve our state's high standards should not be protected through an extra layer of obscure bureaucracy.

This bill strips away the duty and responsibility from the elected or appointed board members that are most responsible for the children and gives it to a disinterested arbitrator who has no vested interest or "deference to educational judgement" that local school officials have.

For these reasons, I have vetoed SB 639.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

The Honorable Thomas V. Mike Miller, Jr.
President of the Senate
State House
Annapolis, MD 21401

The Honorable Michael E. Busch
Speaker of the House
State House
Annapolis, MD 21401

Dear Mr. President and Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed the following bills: Senate Bill 739 – *State Board of Education – Membership – Teachers and Parent*, House Bill 808 – *Collective Bargaining – Education – Supervisory Personnel*, and House Bill 643/Senate Bill 678 *State Department of Education – Employment Categories and Practices*.

Combined, these three bills are a crude attempt to accomplish two things; dilute the authority of the Board of Education by packing it with appointees that represent the interest of lobbyists rather than those of teachers, parents, administrators or students. Secondly, these bills also seek to prevent the Maryland State Department of Education – a body that is already insulated from political influence – from removing high-level employees who are ineffectual, incompetent, or who simply aren't getting the job done. It is shocking to me, as well as the citizens of Maryland, the lengths the General Assembly will go to to weaken accountability that will hurt the performance of our school children.

Furthermore, these pieces of flawed legislation join the unfortunate litany of attempts by the General Assembly over the past four sessions to pass legislation to enhance the power of partisan special interests, while eliminating transparency and usurping accountability. Perhaps most egregiously, last session the General Assembly passed the "Protect our [Failing] Schools Act," which has resulted in Maryland being the second least accountable system in the nation.

This session, when students, parents, teachers, and communities were once again demanding greater accountability and oversight of local education systems, the General Assembly passed retributive, tone-deaf legislation to take away fiscal oversight from the state's fiscal leaders. Instead, the General Assembly placed billions of taxpayer dollars into the hands of the Interagency Commission on School Construction, making us less and less accountable when a number of ethical lapses, criminal charges, grading irregularities, and procurement crises have occurred in multiple Maryland school systems.

Unfortunately, the General Assembly chose not to pass legislation to provide for an independent Investigator General, which would have also increased accountability in our schools by establishing an anonymous electronic tip program, protected whistleblowers, and allowed Maryland citizens to report any potential cases of wrongdoing, abuse, or unethical conduct.

Senate Bill 739 seems to mirror the botched attempt by the General Assembly in 2016 to pass legislation which would have changed the process Maryland uses to select the superintendent of the state school system, a move that would have diluted the independence of the State Board of Education.

With this bill again the General Assembly has tried to take away authority from the State Board of Education. The current twelve-member body, is comprised of individuals who bring to their role a diverse range of personal, professional, and civic experiences in education. Members of the State Board are selected for their great diversity in the skills, experiences and areas of expertise, such as accountability, special education, school leadership, mental health, and gifted and talented education.

One of the most troubling aspects of Senate Bill 739 is the selection process by which members would be chosen. For teacher members, the Governor selects one member from a list of three elementary teachers and the other from a list of three secondary teachers produced by the Maryland State Education Association and Baltimore Teachers Union. The parent member would be selected from a list of three parents chosen by the Maryland Parent Teacher Association.

Several State Board members are themselves parents of students currently, or previously enrolled in Maryland Public schools. The membership also includes current and former educators and administrators in positions on local boards and in parent teacher associations. These and other experiences provide Maryland's State Board with a solid understanding of education policy and practice, including the practical implications of policy decisions as they affect children, parents, and teachers.

Senate Bill 739 would negatively impact the Board's composition by requiring an additional three seats be selected from just two of the many important stakeholder groups that exist statewide. Excluded groups would include, but not be limited to, school principals, guidance counselors, curriculum specialists, superintendents, librarians, and support personnel. The participation of individuals selected to represent a specific special interest union group, could have unintended negative consequences and could result in encouraging narrowly focused agendas that are in the interest of a few and not for the common good. A policy making board of the magnitude and importance of the Maryland State Board of Education should represent all stakeholder groups, but most of all who are singularly focused on the needs of Maryland school children and not just be a collection of special interest group representatives.

In an additional attempt to dilute the authority of the Maryland State Board of Education, the General Assembly passed Senate Bill 678 and House Bill 643. This legislation seeks to weaken the Department's capacity to achieve its – and the board's, the General Assembly's and the Governor's – educational goals at a time when strengthening the performance of Maryland's schools and students is more important than ever.

Senate Bill 678 and House Bill 643 would eliminate appointment positions within the Department and convert the status of approximately 900 at-will (special appointment) employees. A long standing practice in the State is not simply convert at-will employees to merit protected without a competitive recruitment. This legislation would have significant operational and fiscal impacts on the Department in terms of loss of flexibility to hire highly qualified staff, increased administrative burdens, and the fiscal consequences of great expenses for staff and operations. Most troubling, this bill will hinder the Department's

ability to compete in an already competitive job market and make it more difficult to acquire talented employees.

In a continued theme to strip accountability from our local school systems, the General Assembly passed House Bill 808. This legislation alters the definition of “supervisory employee” by removing “as determined by the public school employer in negotiation with the employee organization.” Removing this language would remove the local authority to determine who is classified as supervisory, thus sending any disputes over classifications to the Public School Labor Relations Board.

There are several ramifications associated with the new structure set up in House Bill 808. Local school system organizational charts would be left to the discretion of the Public School Labor Relations Board. Preventing local school systems from making changes to staff and roles will impact students, as employees would be unable to be reclassified without a tedious legal challenge which could take a year or more.

Removing all authority to classify positions from the local board will prohibit the public school employer from ensuring an efficient operation best suited for the needs of their local school system. In order to operate efficiently, the local school system needs to be able to reclassify positions to the changing needs of the school system.

At a time when unethical behavior and mismanagement continue to hold our school systems back from serving school children, this sequence of bills that I am vetoing today, coupled with the other legislation I have spoken out against, seek to move Maryland in exactly the wrong direction. Instead, we need to be working together to restore accountability for our students, teachers, and families.

For these reasons, I have vetoed Senate Bill 739, Senate Bill 678/House Bill 643, and House Bill 808.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 740 – *State Department of Education – Breakfast and Lunch Programs – Funding (Maryland Cares for Kids Act)*.

This bill makes the State responsible for the student share of the costs of (1) reduced-price breakfasts provided under the federal School Breakfast Program by fiscal 2022 and (2) reduced-price lunches provided under the National School Lunch Program (NSLP) by fiscal 2023; the bill phases in this responsibility beginning with fiscal 2020. The bill applies to public school students and students in nonpublic schools that participate in the program. A local board of education or participating nonpublic school is prohibited from charging a student who is eligible for a reduced-price breakfast beginning in fiscal 2022 or a reduced-price lunch beginning in fiscal 2023, for any portion of the cost of a meal.

House Bill 315, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign Senate Bill 740.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 741 – *Public Safety – Handgun Permit Review Board – Appeals*.

This bill alters the process by which a person who is denied a permit to wear, carry, or transport a handgun, or a renewal of such a permit, or whose permit is revoked or issued with restrictions by the Secretary of State Police, may appeal the decision to the Office of Administrative Hearings (OAH). By December 1, each year, the Handgun Permit Review Board within the Department of Public Safety and Correctional Services (DPSCS) must report to the Governor and the General Assembly on specified items relating to such appeals. The bill also makes the board subject to the Open Meetings Act.

House Bill 819, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign Senate Bill 741.

Sincerely,

Lawrence J. Hogan, Jr.

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 792 – *Commercial Insurance – Insurance Producers – Commissions*.

This bill expressly authorizes a property and casualty insurer to pay commissions to a licensed insurance producer on a variable basis on policies issued to a qualified exempt commercial policyholder if doing so results in a lower total cost of the policy to the qualified exempt commercial policyholder; and, the insurance producer has agreed to the specific level of commission to be paid under the policy. The bill applies to all policies of commercial insurance offered, sold, or issued in the State on or after October 1, 2018.

House Bill 1078, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign Senate Bill 792.

President of the Senate
State House

The Honorable Michael E. Busch
Speaker of the House
State House
Annapolis, MD 21401

Dear Mr. President and Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 838/House Bill 891 – *Criminal Procedure – Coram Nobis – Time for Filing*.

The opportunity for someone to make amends and rebuild after committing a crime is an important part of any just and restorative criminal justice system. Over the past several years, working together with the General Assembly, we have been able to shield certain low-level criminal offenses, create a process for certificates of rehabilitation to improve employment prospects of ex-offenders, and dramatically expand expungement opportunities for misdemeanor offenses. Additionally, just last month, I signed unprecedented legislation to expand the ability to expunge a criminal record to certain nonviolent felonies.

Senate Bill 838/House Bill 891, however, provides an avenue for repeat violent offenders to eschew consequences of their previous and potentially violent crimes. I would more favorably consider legislation that seeks to expand *coram nobis* in a way that improves post-conviction relief for individuals with low-level or nonviolent offenses but prevents repeat, violent offenders from taking advantage of the loophole this legislation could create. Had the General Assembly adopted language along the lines of the amendment proposed in the Senate and limited the additional time to file a writ to a misdemeanor or less serious convictions, the legislation would have struck a better balance (Senator Cassilly, 623022/1).

A writ of error *coram nobis* is a legal proceeding in which an individual who has completed their incarceration, probation and/or parole can file for relief if there was a fundamental error with the conviction and they now face significant collateral consequences as a result of the conviction. *Coram nobis* serves the laudable purpose of ensuring that a defendant can challenge a conviction for alleged defects of which the defendant was unaware.

Current law correctly holds that once a defendant becomes aware of the defect, the time for the defendant to challenge a conviction begins to run. If the defendant waits too long to bring the writ, a court can bar the action. This strikes the proper balance of ensuring convictions are properly obtained while providing an element of certainty to victims that there will be finality and closure.

Senate Bill 838/House Bill 891 disrupts this balance. The legislation allows a defendant who knows of an error to do nothing until faced with a collateral consequence, unnecessarily delaying a challenge in a manner that can only benefit the defendant. By allowing an offender to file a writ of error *coram nobis* for up to three years after he knew or should have known he faced a collateral consequence as opposed to when he knew of the facts underlying the alleged error, Senate Bill 838/House Bill 891 allows an offender to file a writ of error *coram nobis* decades after the original conviction. As a result of this lengthy delay, witnesses or evidence may have been lost or no longer available, which will mean in some cases that a retrial is difficult, if not impossible, and a guilty defendant's conviction will be overturned.

One consequence is that repeat, violent offenders may be able to avoid enhanced penalties for a subsequent crime by using the writ of error *coram nobis* to overturn an earlier violent conviction. In a request to veto the legislation, the Baltimore County State's Attorney on behalf of the Maryland State's Attorney's Association, cites an instance of a violent defendant attempting to use *coram nobis* to undo a conviction that forms the basis of his life without parole sentence. Equally troubling, victims may no longer be accessible, making it impossible for them to be notified of the proceedings. As the Maryland Crime Victims' Resource Center states in their veto request, "The current justice system already significantly traumatizes victims. To avoid adding insult to injury to victims by further and unnecessarily re-harming victims, your veto eliminates additional trauma that would result if the bill became law."

Senate Bill 838/House Bill 891 would skew the process to favor offenders who may be seeking *coram nobis* relief because they face additional consequences due to their status as a repeat, and sometimes violent, offender. For that reason, I have vetoed Senate Bill 838 and House Bill 891.

Sincerely,

Lawrence J. Hogan, Jr.

AN ACT concerning

Washington County – Public Facilities Bonds

FOR the purpose of authorizing and empowering the County Commissioners of Washington County, from time to time, to borrow not more than \$70,000,000 in order to finance the costs of the construction, improvement, or development of certain public facilities in Washington County, as herein defined, and to effect such borrowing by the issuance and sale at public or private sale of its general obligation bonds in like par amount; empowering the County to fix and determine, by resolution, the form, tenor, interest rate or rates or method of determining the same, terms, conditions, maturities, and all other details incident to the issuance and sale of the bonds; empowering the County to issue refunding bonds for the purchase or redemption of bonds in advance of maturity; empowering and directing the County to levy, impose, and collect, annually, ad valorem taxes in rate and amount sufficient to provide funds for the payment of the maturing principal of and interest on the bonds; exempting the bonds and refunding bonds, and the interest thereon and any income derived therefrom, from all State, county, municipal, and other taxation in the State of Maryland; providing that nothing in this Act shall prevent the County from authorizing the issuance and sale of bonds the interest on which is not excludable from gross income for federal income tax purposes; providing that such borrowing may be undertaken by the County in the form of installment purchase obligations executed and delivered by the County for the purpose of acquiring agricultural land, woodland preservation easements, and transferable development rights; and relating generally to the issuance and sale of such bonds.

SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND, That, as used herein, the term “County” means the body politic and corporate of the State of Maryland known as the County Commissioners of Washington County, and the term “construction, improvement, or development of public facilities” means the acquisition, alteration, construction, reconstruction, enlargement, equipping, expansion, extension, improvement, rehabilitation, renovation, upgrading, and repair of public buildings and facilities and public works projects, including, but not limited to, the following, together with related architectural, financial, legal, planning, or engineering services:

- (a) Public school buildings, a school for the arts, administrative facilities, sites, and grounds;
- (b) Community college buildings, sites, and grounds;
- (c) Buildings and facilities for public safety, health and social services, libraries, County administration purposes, County airport purposes, refuse collection, recycling or disposal by whatever means, and park and recreation purposes;
- (d) Acquisition of land or interests in land and any improvement thereon; and
- (e) Easements or similar or related rights in land, including transferable development rights, that restrict the use of agricultural land or woodland to maintain the character of the land as agricultural land or woodland.

SECTION 2. AND BE IT FURTHER ENACTED, That the County is hereby authorized to finance any part or all of the costs of the facilities described in Section 1 of this Act, and to borrow money and incur indebtedness for that purpose, at one time or from time to time, in an amount not exceeding, in the aggregate, \$70,000,000 and to evidence such borrowing by the issuance and sale upon its full faith and credit of general obligation bonds in like par amount, which may be issued at one time or from time to time, in one or more groups or series, as the County may determine.

SECTION 3. AND BE IT FURTHER ENACTED, That the bonds shall be issued in accordance with a resolution of the County, which shall describe generally the construction, improvement, or development of public facilities for which the proceeds of the bond sale are intended and the amount needed for those purposes. The County shall have and is hereby granted full and complete authority and discretion in the resolution to fix and determine with respect to the bonds of any issue: the designation, date of issue, denomination or denominations, form or forms, and tenor of the bonds which, without limitation, may be issued in registered form within the meaning of § 19–204 of the Local Government Article, as amended; the rate or rates of interest payable thereon, or the method of determining the same, which may include a variable rate; the date or dates and amount or amounts of maturity, which need not be in equal par amounts or in consecutive annual installments, provided only that no bond of any issue shall mature later than 30 years from the date of its issue; the manner of selling the bonds, which may be at either public or private sale, for such price or prices as may be determined to be for the best interests of the County; the

manner of executing and sealing the bonds, which may be by facsimile; the terms and conditions, if any, under which bonds may be tendered for payment or purchase prior to their stated maturity; the terms or conditions, if any, under which bonds may or shall be redeemed prior to their stated maturity; the place or places of payment of the principal of and the interest on the bonds, which may be at any bank or trust company within or without the State of Maryland; covenants relating to compliance with applicable requirements of federal income tax law, including (without limitation) covenants regarding the payment of rebate or penalties in lieu of rebate; covenants relating to compliance with applicable requirements of federal or state securities laws; and generally all matters incident to the terms, conditions, issuance, sale, and delivery thereof.

The bonds may be made redeemable before maturity, at the option of the County, at such price or prices and under such terms and conditions as may be fixed by the County prior to the issuance of the bonds, either in the resolution or in subsequent resolutions. In case any officer whose signature appears on any bond ceases to be such officer before the delivery thereof, such signature shall nevertheless be valid and sufficient for all purposes as if he had remained in office until such delivery. The bonds and the issuance and sale thereof shall be exempt from the provisions of §§ 19–205 and 19–206 of the Local Government Article, as amended.

The County may enter into agreements with agents, banks, fiduciaries, insurers, or others for the purpose of enhancing the marketability of any security for the bonds and for the purpose of securing any tender option that may be granted to holders of the bonds, all as may be determined and presented in the aforesaid resolution, which may (but need not) state as security for the performance by the County of any monetary obligations under such agreements the same security given by the County to bondholders for the performance by the County of its monetary obligations under the bonds. If the County determines in the resolution to offer any of the bonds by solicitation of competitive bids at public sale, the resolution shall fix the terms and conditions of the public sale and shall adopt a form of notice of sale, which shall outline the terms and conditions, including the manner of receipt of bids, and a form of advertisement. At least one publication of the advertisement shall be made not less than 10 days before the sale of the bonds.

Upon delivery of any bonds to the purchaser or purchasers, payment therefor shall be made to the Treasurer of Washington County or such other official of the County as may be designated to receive such payment in a resolution passed by the County Commissioners of Washington County before such delivery. For purposes of issuance and sale, bonds authorized hereunder may be consolidated into a single issue with any other bonds authorized to be issued by the County.

SECTION 4. AND BE IT FURTHER ENACTED, That the net proceeds of the sale of bonds shall be used and applied exclusively and solely for the acquisition, construction, improvement, or development of public facilities for which the bonds are sold. If the amounts borrowed shall prove inadequate to finance the projects described in the resolution, the County may issue additional bonds within the limitations hereof for the purpose of evidencing the borrowing of additional funds for such financing, provided the resolution authorizing the sale of additional bonds shall so recite, but if the net proceeds of

the sale of any issue of bonds exceeds the amount needed to finance the projects described in the resolution, the excess funds so borrowed and not expended shall be applied to the payment of the next principal maturity of the bonds or to the redemption of any part of the bonds which have been made redeemable or to the purchase and cancellation of bonds, unless the County shall adopt a resolution allocating the excess funds to the acquisition, construction, improvement, or development of other public facilities, as defined and within the limits set forth in this Act.

SECTION 5. AND BE IT FURTHER ENACTED, That the bonds hereby authorized shall constitute, and they shall so recite, an irrevocable pledge of the full faith and credit and unlimited taxing power of the County to the payment of the maturing principal of and interest on the bonds as and when they become payable. In each and every fiscal year that any of the bonds are outstanding, the County shall levy or cause to be levied ad valorem taxes upon all the assessable property within the corporate limits of Washington County in rate and amount sufficient to provide for or assure the payment, when due, of the principal of and interest on all the bonds maturing in each such fiscal year and, in the event the proceeds from the taxes so levied in any such fiscal year shall prove inadequate for such payment, additional taxes shall be levied in the succeeding fiscal year to make up any such deficiency. The County may apply to the payment of the principal of and interest on any bonds issued hereunder any funds received by it from the State of Maryland, the United States of America, any agency or instrumentality thereof, or from any other source, if such funds are granted for the purpose of assisting the County in financing the acquisition, construction, improvement, or development of the public facilities defined in this Act and, to the extent of any such funds received or receivable in any fiscal year, the taxes that are required to be levied may be reduced accordingly.

SECTION 6. AND BE IT FURTHER ENACTED, That the County is further authorized and empowered, at any time and from time to time, to issue its bonds in the manner hereinabove described for the purpose of refunding, by payment at maturity or upon purchase or redemption, any bonds issued hereunder. The validity of any such refunding bonds shall in no way be dependent upon or related to the validity or invalidity of the obligations so refunded. The powers herein granted with respect to the issuance of bonds shall be applicable to the issuance of refunding bonds. Such refunding bonds may be issued by the County for the purpose of providing it with funds to pay any of its outstanding bonds issued hereunder at maturity, for the purpose of providing it with funds to purchase in the open market any of its outstanding bonds issued hereunder, prior to the maturity thereof, or for the purpose of providing it with funds for the redemption prior to maturity of any outstanding bonds issued hereunder which are, by their terms, redeemable, for the purpose of providing it with funds to pay interest on any outstanding bonds issued hereunder prior to their payment at maturity of purchase or redemption in advance of maturity, or for the purpose of providing it with funds to pay any redemption or purchase premium in connection with the refunding of any of its outstanding bonds issued hereunder. The proceeds of the sale of any such refunding bonds shall be segregated and set apart by the County as a separate trust fund to be used solely for the purpose of paying the purchase or redemption prices of the bonds to be refunded.

SECTION 7. AND BE IT FURTHER ENACTED, That the County may, prior to the

preparation of definitive bonds, issue interim certificates or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for such delivery, provided, however, that any such interim certificates or temporary bonds shall be issued in all respects subject to the restrictions and requirements set forth in this Act. The County may, by appropriate resolution, provide for the replacement of any bonds issued hereunder which shall have become mutilated or lost or destroyed upon such conditions and after receiving such indemnity as the County may require.

SECTION 8. AND BE IT FURTHER ENACTED, That any and all obligations issued pursuant to the authority of this Act, their transfer, the interest payable thereon, and any income derived therefrom in the hands of the holders thereof from time to time (including any profit made in the sale thereof) shall be and are hereby declared to be at all times exempt from State, county, municipal, or other taxation of every kind and nature whatsoever within the State of Maryland.

Nothing in this Act shall prevent the County from authorizing the issuance and sale of bonds the interest on which is not excludable from gross income for federal income tax purposes.

SECTION 9. AND BE IT FURTHER ENACTED, That the authority to borrow money and issue bonds conferred on the County by this Act shall be deemed to provide an additional and alternative authority for borrowing money and shall be regarded as supplemental and additional to powers conferred upon the County by other laws and shall not be regarded as in derogation of any power now existing; and all Acts of the General Assembly of Maryland heretofore passed authorizing the County to borrow money are hereby continued to the extent that the powers contained in such Acts have not been exercised, and nothing contained in this Act may be construed to impair, in any way, the validity of any bonds that may have been issued by the County under the authority of any said Acts, and the validity of the bonds is hereby ratified, confirmed, and approved. This Act, being necessary for the welfare of the inhabitants of Washington County, shall be liberally construed to effect the purposes hereof. All Acts and parts of Acts inconsistent with the provisions of this Act are hereby repealed to the extent of such inconsistency.

SECTION 10. AND BE IT FURTHER ENACTED, That the borrowing authorized by this Act may also be undertaken by the County in the form of installment purchase obligations executed and delivered by the County for the purpose of acquiring easements or similar or related rights in land, including transferable development rights, that restrict the use of agricultural land or woodland to maintain the character of the land as agricultural land or woodland. The form of installment purchase obligations, the manner of accomplishing the acquisition of easements, which may be by the direct exchange of installment purchase obligations for easements or transferable development rights, and all matters incident to the execution and delivery of the installment purchase obligations and acquisition of the easements or transferable development rights by the County shall be determined in the resolution. Except where the provisions of this Act would be inapplicable to installment purchase obligations, the term "bonds" used in this Act shall include installment purchase obligations and matters pertaining to the bonds under this Act, such

as the security for the payment of the bonds, the exemption of the bonds from State, county, municipal, or other taxation, and authorization to issue refunding bonds and the limitation on the aggregate principal amount of bonds authorized for issuance, shall be applicable to installment purchase obligations.

SECTION 11. AND BE IT FURTHER ENACTED, That this Act shall take effect June 1, 2018.

The Honorable Michael E. Busch
Speaker of the House
State House
Annapolis, Maryland 21401

Dear Speaker Busch:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 180 – *Railroad Company – Movement of Freight – Required Crew*.

This legislation attempts to codify a private industry issue that should either continue to be negotiated between the employer and the employer’s representatives or decided at the federal level since it involves interstate commerce and clearly falls within the federal government’s regulatory purview. For three years, I have made it my Administration’s top priority to ensure that Maryland is Open for Business. I cannot allow a bill to become law that attempts to circumvent the collective bargaining process in private industry and which will ultimately kill job opportunities for the thousands of Maryland’s citizens who depend on an economically viable Port of Baltimore, make our great state less competitive with our neighbors, burden our taxpayers, and bring confusion to the Mid-Atlantic region’s complex rail network.

House Bill 180 puts the Port of Baltimore, one of our State’s major economic engines, at a competitive disadvantage with neighboring ports. Only two states in the nation – both West of the Mississippi River – have a two-person crew requirement. Freight rail is America’s backbone of interstate commerce. Mandating that carriers in the State of Maryland use a larger crew size than would be required of the same railroads operating out of Norfolk, Philadelphia, or New York will directly result in an increase in shipping costs and deter carriers from operating in the state resulting in the loss of jobs directly related to the Port. Those same jobs produce an average annual wage that is 16.4 percent higher than the state average.

During my administration, the Port of Baltimore and Seagirt Marine Terminal have grown significantly, breaking records in each of the last three years, adding jobs and economic activity in the process. Last year, the Port of Baltimore set a 38-year record for public and

private cargo handled. Large volume surges can strain trucking resources. For this growth to continue, we need viable intermodal options to ensure cargo velocity remains at optimal levels. This includes rail connectivity to locations that are currently serviced only by truck. Tradepoint Atlantic is one such location that offers tremendous potential to increase cargo volume through the Port of Baltimore, however shipping cost is a serious challenge to fully realizing this potential. Carriers will always move cargo by the most efficient and economical means. As the Port is developing a rail shuttle solution, absorbing an additional layer of cost constitutes a serious burden in an industry that already operates on razor thin margins. In that respect, the bill sends a disturbing message to the Port's private sector industry partners and would have a chilling effect on discussions with CSX as the Port continues to work towards modernizing the Howard Street Tunnel to allow for double-stack containers, essential to the future success of the Port of Baltimore.

The advocates for this bill claim this is a safety bill. This is not a safety bill. In the two previous years that the General Assembly has considered crew size, no empirical data has been submitted that shows a link between railroad safety and the crew size. In fact, as crew sizes have decreased over the years, the implementation of advancements in technology have contributed to a reduction in accident rates, and the implementation of Positive Train Control will only contribute to this reduction further. Passing bills of this nature creates a false narrative that a larger crew size is the most critical factor to rail safety, which could deter future advancements in technology with the potential to have a far more significant impact on rail safety.

This legislation will also have a significant impact on the pending renewal of the State's access agreement with CSX for MARC Train Camden and Brunswick Line service. The net result of this will be as much as a \$2.7 million impact on the State, which will undoubtedly impact MARC Train service and the 12,000 daily riders on both lines. Amtrak would face significantly increased costs as well, a train system that struggles financially as it is. It is not unreasonable to imagine a scenario where Amtrak eliminates its Washington-Cumberland-Pittsburgh-Chicago service, the Capitol Limited.

Maryland cannot afford to be at a competitive disadvantage to our neighboring states. The increased costs associated with this legislation, negative impact on the approximately 33,930 jobs generated by port activity, and potential to jeopardize the livelihood of Maryland workers who depend on a thriving Port of Baltimore is too harmful to allow this bill be become law.

For these reasons, I have vetoed House Bill 180.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

The Honorable Michael E. Busch
Speaker of the House
State House
Annapolis, Maryland 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 335 – *State Personnel – Grievance Procedures – Exclusive Representatives*.

I was very pleased that our Administration successfully collectively bargained a three-year Memoranda of Understanding with AFSCME, AFT, and MPEC. In that MOU, there were specific provisions regarding the dispute resolution process, which rely on neutral fact finders and an appeal to the State Labor Relations Board.

House Bill 335 would ignore those collectively bargained provisions and instead would allow for an employee to file their grievance with the Office of Administrative Hearings and appeal to the circuit court as well. This would shift the cost of the grievance proceeding from the negotiated process, which shares the cost between the State and the unions, to one which would be borne entirely by the State.

This is an ill-advised attempt by the General Assembly to insert themselves into the collective bargaining process and to circumvent a good faith effort by our Administration to negotiate an agreed upon grievance process with the state employee unions.

Our Administration has worked for a number of years to collectively bargain a MOU with state employees unions, and to allow this legislation to undercut the hard work of our negotiating team, by overruling an explicitly negotiated process just months after the MOU was signed, degrades the spirit of the collective bargaining process.

The State's negotiating position is completely undermined when state employee unions can rely on the General Assembly to overrule the provisions of a negotiated MOU, and if legislation such as this were allowed to stand and continue, there would be no reason for either the State or unions to return to the bargaining table. Actions such as these create a breach of trust between the two parties, confuse and stymie the collective bargaining process, and undermines the balance of the collective bargaining process.

For these reasons, I have vetoed House Bill 335.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 394 – *Driver’s Licenses – Learner’s Permits – Minimum Duration*.

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 460 – *Montgomery County – Fire and Explosive Investigator – Definition*.

This bill alters the definition of “Montgomery County fire and explosive investigator” to specify that a Montgomery County fire and explosive investigator is an individual who is assigned full time to the Fire and Explosive Investigations Unit of the Montgomery County Fire and Rescue Service, rather than the Montgomery County Fire Marshal’s Office.

Senate Bill 1037, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 460.

Sincerely,

Lawrence J. Hogan, Jr.

The Honorable Michael E. Busch
Speaker of the House

Annapolis, MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 490 – *Public Health – Community Health Workers – Advisory Committee and Certification*.

This bill establishes the State Community Health Worker Advisory Committee within the Maryland Department of Health (MDH) and requires MDH to adopt specified regulations related to the training and certification of community health workers in the State. The bill also establishes the State Community Health Workers Fund.

Uncodified language specifies that it is the intent of the General Assembly that general funds be used to support MDH and the advisory committee in fiscal 2019. When special funds become available, the general fund must be reimbursed for start-up costs.

Senate Bill 163, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 490.

May 25, 2018

The Honorable Michael E. Busch
Speaker of the House
State House
Annapolis, Maryland 21401

Dear Speaker Busch:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 548 – *Privately Owned Transportation Projects – Construction and Authorization to Use State-Owned Rights-of-Way and Property – Requirements*.

The provisions of House Bill 548 as passed by the General Assembly were drafted in the waning hours of sine die. There was no meaningful opportunity for public input or scrutiny of the language in this bill. As a threshold matter, should this legislation become law, it is likely to conflict with or be preempted by federal law and regulation.

Enactment of this legislation will cripple the State's ability to deliver projects that connect Marylanders to regional jobs and opportunities, including any future efforts to increase passenger rail capacity along the Northeast Corridor. For example, the provisions of House Bill 548 could very well have impeded improvements to the Baltimore & Potomac Tunnel had the legislation been enacted prior to the development of that project, which would have had a significant negative impact on commuter rail service and transit service overall.

Alarming, this hastily drafted, last-minute legislation may impact several other vital projects, including the Howard Street Tunnel, our transformative public-private partnership Traffic Relief Plan, and the proposed Loop project as presented by Mr. Elon Musk's Boring Company. This ill-conceived legislation would place statutory hurdles in the way of these projects, but not others, in a thinly veiled attempt to pick winners and losers among private sector industries.

The practical impact of this legislation would be to stifle progress on innovative transportation solutions that have not yet moved beyond the very earliest of concept and planning phases. Maryland is gaining a strong reputation as being open for business when it comes to global transportation solutions. By enacting this cynical and destructive effort to constrain these projects, the State would weaken its position as a transformative leader in this field while thwarting potential transit and freight options for Maryland's citizens.

I have made it a top priority for my Administration to deliver a high-quality statewide transportation network that serves all Marylanders. To that end, I have pledged to repair or replace all structurally deficient bridges, I have approved the largest P3 Transit project in the nation, I continue to look for innovative transit and highway solutions for the traveling public and have moved forward on long-delayed transportation projects in all parts of the State. The Maryland Department of Transportation under my Administration has more projects under construction than at any other time in Maryland's history.

We cannot afford, as a State alone and as an integral regional player, to suppress innovative solutions to our most challenging transportation problems. The Mid-Atlantic and Northeast Corridors are desperate to resolve the transportation issues of the future. By suppressing new solutions before they have the chance to prove their value, Maryland would be signaling to the regional, national and global community that we are unable and unwilling to be a partner in solving our greatest challenges.

For these reasons, I have vetoed House Bill 548.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

The Honorable Thomas V. Mike Miller, Jr.
President of the Senate
State House
Annapolis, MD 21401

The Honorable Michael E. Busch
Speaker of the House
State House
Annapolis, MD 21401

Dear Mr. President and Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed the following bills: Senate Bill 739 – *State Board of Education – Membership – Teachers and Parent*, House Bill 808 – *Collective Bargaining – Education – Supervisory Personnel*, and House Bill 643/Senate Bill 678 *State Department of Education – Employment Categories and Practices*.

Combined, these three bills are a crude attempt to accomplish two things; dilute the authority of the Board of Education by packing it with appointees that represent the interest of lobbyists rather than those of teachers, parents, administrators or students. Secondly, these bills also seek to prevent the Maryland State Department of Education – a body that is already insulated from political influence – from removing high-level employees who are ineffectual, incompetent, or who simply aren't getting the job done. It is shocking to me, as well as the citizens of Maryland, the lengths the General Assembly will go to to weaken accountability that will hurt the performance of our school children.

Furthermore, these pieces of flawed legislation join the unfortunate litany of attempts by the General Assembly over the past four sessions to pass legislation to enhance the power of partisan special interests, while eliminating transparency and usurping accountability. Perhaps most egregiously, last session the General Assembly passed the "Protect our [Failing] Schools Act," which has resulted in Maryland being the second least accountable system in the nation.

This session, when students, parents, teachers, and communities were once again demanding greater accountability and oversight of local education systems, the General Assembly passed retributive, tone-deaf legislation to take away fiscal oversight from the state's fiscal leaders. Instead, the General Assembly placed billions of taxpayer dollars into the hands of the Interagency Commission on School Construction, making us less and less accountable when a number of ethical lapses, criminal charges, grading irregularities, and procurement crises have occurred in multiple Maryland school systems.

Unfortunately, the General Assembly chose not to pass legislation to provide for an independent Investigator General, which would have also increased accountability in our schools by establishing an anonymous electronic tip program, protected whistleblowers, and allowed Maryland citizens to report any potential cases of wrongdoing, abuse, or unethical conduct.

Senate Bill 739 seems to mirror the botched attempt by the General Assembly in 2016 to pass legislation which would have changed the process Maryland uses to select the

superintendent of the state school system, a move that would have diluted the independence of the State Board of Education.

With this bill again the General Assembly has tried to take away authority from the State Board of Education. The current twelve-member body, is comprised of individuals who bring to their role a diverse range of personal, professional, and civic experiences in education. Members of the State Board are selected for their great diversity in the skills, experiences and areas of expertise, such as accountability, special education, school leadership, mental health, and gifted and talented education.

One of the most troubling aspects of Senate Bill 739 is the selection process by which members would be chosen. For teacher members, the Governor selects one member from a list of three elementary teachers and the other from a list of three secondary teachers produced by the Maryland State Education Association and Baltimore Teachers Union. The parent member would be selected from a list of three parents chosen by the Maryland Parent Teacher Association.

Several State Board members are themselves parents of students currently, or previously enrolled in Maryland Public schools. The membership also includes current and former educators and administrators in positions on local boards and in parent teacher associations. These and other experiences provide Maryland's State Board with a solid understanding of education policy and practice, including the practical implications of policy decisions as they affect children, parents, and teachers.

Senate Bill 739 would negatively impact the Board's composition by requiring an additional three seats be selected from just two of the many important stakeholder groups that exist statewide. Excluded groups would include, but not be limited to, school principals, guidance counselors, curriculum specialists, superintendents, librarians, and support personnel. The participation of individuals selected to represent a specific special interest union group, could have unintended negative consequences and could result in encouraging narrowly focused agendas that are in the interest of a few and not for the common good. A policy making board of the magnitude and importance of the Maryland State Board of Education should represent all stakeholder groups, but most of all who are singularly focused on the needs of Maryland school children and not just be a collection of special interest group representatives.

In an additional attempt to dilute the authority of the Maryland State Board of Education, the General Assembly passed Senate Bill 678 and House Bill 643. This legislation seeks to weaken the Department's capacity to achieve its – and the board's, the General Assembly's and the Governor's – educational goals at a time when strengthening the performance of Maryland's schools and students is more important than ever.

Senate Bill 678 and House Bill 643 would eliminate appointment positions within the Department and convert the status of approximately 900 at-will (special appointment) employees. A long standing practice in the State is not simply convert at-will employees to merit protected without a competitive recruitment. This legislation would have significant operational and fiscal impacts on the Department in terms of loss of flexibility to hire highly

qualified staff, increased administrative burdens, and the fiscal consequences of great expenses for staff and operations. Most troubling, this bill will hinder the Department's ability to compete in an already competitive job market and make it more difficult to acquire talented employees.

In a continued theme to strip accountability from our local school systems, the General Assembly passed House Bill 808. This legislation alters the definition of "supervisory employee" by removing "as determined by the public school employer in negotiation with the employee organization." Removing this language would remove the local authority to determine who is classified as supervisory, thus sending any disputes over classifications to the Public School Labor Relations Board.

There are several ramifications associated with the new structure set up in House Bill 808. Local school system organizational charts would be left to the discretion of the Public School Labor Relations Board. Preventing local school systems from making changes to staff and roles will impact students, as employees would be unable to be reclassified without a tedious legal challenge which could take a year or more.

Removing all authority to classify positions from the local board will prohibit the public school employer from ensuring an efficient operation best suited for the needs of their local school system. In order to operate efficiently, the local school system needs to be able to reclassify positions to the changing needs of the school system.

At a time when unethical behavior and mismanagement continue to hold our school systems back from serving school children, this sequence of bills that I am vetoing today, coupled with the other legislation I have spoken out against, seek to move Maryland in exactly the wrong direction. Instead, we need to be working together to restore accountability for our students, teachers, and families.

For these reasons, I have vetoed Senate Bill 739, Senate Bill 678/House Bill 643, and House Bill 808.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

The Honorable Thomas V. Mike Miller
President of the Senate
State House
Annapolis, MD 21401

The Honorable Michael E. Busch
Speaker of the House
State House
Annapolis, MD 21401

Dear Mr. President and Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 838/House Bill 891 – *Criminal Procedure – Coram Nobis – Time for Filing*.

The opportunity for someone to make amends and rebuild after committing a crime is an important part of any just and restorative criminal justice system. Over the past several years, working together with the General Assembly, we have been able to shield certain low-level criminal offenses, create a process for certificates of rehabilitation to improve employment prospects of ex-offenders, and dramatically expand expungement opportunities for misdemeanor offenses. Additionally, just last month, I signed unprecedented legislation to expand the ability to expunge a criminal record to certain nonviolent felonies.

Senate Bill 838/House Bill 891, however, provides an avenue for repeat violent offenders to eschew consequences of their previous and potentially violent crimes. I would more favorably consider legislation that seeks to expand *coram nobis* in a way that improves post-conviction relief for individuals with low-level or nonviolent offenses but prevents repeat, violent offenders from taking advantage of the loophole this legislation could create. Had the General Assembly adopted language along the lines of the amendment proposed in the Senate and limited the additional time to file a writ to a misdemeanor or less serious convictions, the legislation would have struck a better balance (Senator Cassilly, 623022/1).

A writ of error *coram nobis* is a legal proceeding in which an individual who has completed their incarceration, probation and/or parole can file for relief if there was a fundamental error with the conviction and they now face significant collateral consequences as a result of the conviction. *Coram nobis* serves the laudable purpose of ensuring that a defendant can challenge a conviction for alleged defects of which the defendant was unaware.

Current law correctly holds that once a defendant becomes aware of the defect, the time for the defendant to challenge a conviction begins to run. If the defendant waits too long to bring the writ, a court can bar the action. This strikes the proper balance of ensuring convictions are properly obtained while providing an element of certainty to victims that there will be finality and closure.

Senate Bill 838/House Bill 891 disrupts this balance. The legislation allows a defendant who knows of an error to do nothing until faced with a collateral consequence, unnecessarily delaying a challenge in a manner that can only benefit the defendant. By allowing an offender to file a writ of error *coram nobis* for up to three years after he knew or should have known he faced a collateral consequence as opposed to when he knew of the facts underlying the alleged error, Senate Bill 838/House Bill 891 allows an offender to file a writ

of error *coram nobis* decades after the original conviction. As a result of this lengthy delay, witnesses or evidence may have been lost or no longer available, which will mean in some cases that a retrial is difficult, if not impossible, and a guilty defendant's conviction will be overturned.

One consequence is that repeat, violent offenders may be able to avoid enhanced penalties for a subsequent crime by using the writ of error *coram nobis* to overturn an earlier violent conviction. In a request to veto the legislation, the Baltimore County State's Attorney on behalf of the Maryland State's Attorney's Association, cites an instance of a violent defendant attempting to use *coram nobis* to undo a conviction that forms the basis of his life without parole sentence. Equally troubling, victims may no longer be accessible, making it impossible for them to be notified of the proceedings. As the Maryland Crime Victims' Resource Center states in their veto request, "The current justice system already significantly traumatizes victims. To avoid adding insult to injury to victims by further and unnecessarily re-harming victims, your veto eliminates additional trauma that would result if the bill became law."

Senate Bill 838/House Bill 891 would skew the process to favor offenders who may be seeking *coram nobis* relief because they face additional consequences due to their status as a repeat, and sometimes violent, offender. For that reason, I have vetoed Senate Bill 838 and House Bill 891.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

The Honorable Thomas V. Mike Miller
President of the Senate
State House
Annapolis, Maryland 21401

The Honorable Michael E. Busch
Speaker of the House
State House
Annapolis, Maryland 21401

Dear President Miller and Speaker Busch:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 572 and House Bill 1243 – *Prevailing Wage Rates – Public Work Contracts – Suits by Employees*.

Since taking office, our administration has been committed to ensuring Maryland is open for business and growing the state's economy. We have made significant progress and continue to undo years of overregulation, tax increases, and an anti-business attitude that have had a devastating impact on Maryland's economy and limited our ability to compete regionally and nationally. Maryland's workers and small businesses deserve a consistent and predictable business climate.

Unfortunately, this legislation is an inconsistent reversal of an action passed by the Maryland General Assembly action from just a few years ago. In 2010, the legislature passed House Bill 1100 and Senate Bill 451 *Prevailing Wage Rates – Public Works Contracts – Suits by Employees* – that explicitly reversed a workers' ability to sue for recovery of unpaid wages under the State's prevailing wage law without first filing a complaint with the Commissioner of Labor and Industry. Only after an employer failed to comply could a worker file a civil suit. This will ultimately limit a workers' ability to fully recover wages and hamper our administration's efforts to recover one hundred percent of what workers are owed. Given my Administration's strong record of wage recovery, I can only assume that the General Assembly was not fully informed when it passed this law.

Senate Bill 572 and House Bill 1243 allow a worker paid less than the prevailing wage on a public works project to circumvent the Commissioner of Labor and Industry and sue to recover the difference in wages. The bill also includes a provision holding the general or prime contractor and subcontractor jointly and severally liable for any violation on the part of the subcontractor. This legislation is attempting to solve a problem that does not exist. Nothing in this bill will result in workers receiving their full wages more quickly, but will most likely result in excessive civil proceedings for contractors relating to allegations of improper payment made by a subcontractor's employee without any requirement to file a claim with the Commissioner.

The Department of Labor, Licensing, and Regulation successfully enforces the Prevailing Wage law with a record of swift action and full recovery of wages for workers. Under current law, an employee is allowed to bring a private court action to recover lost wages, but requires the Commissioner to investigate and attempt to resolve the claim first. The current Prevailing Wage system has successfully resolved every case since 2012 without the need to go to court. The system is zero cost to workers and they are awarded the full amount of what they are owed – no fees are withheld by the Prevailing Wage unit for handling the

claims. Complaints are resolved quickly and there are no backlogs or waiting lists to process claims.

This legislation will negatively impact the Department's ability to investigate wage payments and harm the interests of workers on Prevailing Wage jobs. Ultimately, having employers subject to both Department of Labor, Licensing, and Regulation investigations and civil proceedings over the same issue is unnecessary and burdensome.

For these reasons, I have vetoed Senate Bill 572 and House Bill 1243.

Sincerely,

Lawrence J. Hogan, Jr
Governor

AN ACT concerning

Prevailing Wage Rates – Public Work Contracts – Suits by Employees

FOR the purpose of authorizing certain employees to sue to recover the difference between certain prevailing wage rates and certain amounts under certain circumstances; providing that a certain determination by the Commissioner of Labor and Industry does not preclude certain employees from filing a certain action; ~~requiring a court to order the payment of certain damages under certain circumstances~~; providing for the liability of certain contractors and subcontractors under certain circumstances; and generally relating to private rights of action under the State prevailing wage law.

Annotated Code of Maryland
(2015 Replacement Volume and 2017 Supplement)

SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND,
That the Laws of Maryland read as follows:

Article – State Finance and Procurement

17–224.

(a) (1) If an employee under a public work contract is paid less than the prevailing wage rate for that employee's classification for the work performed, the employee may file a complaint with the Commissioner.

(2) Except as otherwise provided in this section, a complaint filed under this section shall be subject to the provisions of § 17–221 of this subtitle.

(3) If the Commissioner’s investigation determines that the employer violated provisions of this subtitle, the Commissioner shall try to resolve the issue informally.

(4) (i) If the Commissioner is unable to resolve the matter informally, the Commissioner shall issue an order for a hearing in accordance with § 17–221 of this subtitle.

(ii) If, at the conclusion of a hearing ordered under subparagraph (i) of this paragraph, the Commissioner determines that the employee is entitled to restitution under this subtitle, the Commissioner shall issue an order in accordance with § 17–221 of this subtitle.

(iii) If an employer of an employee found to be entitled to restitution under subparagraph (ii) of this paragraph is no longer working under a contract with a public body, the Commissioner may order that restitution be paid directly by the employer to the employee within a reasonable period of time, as determined by the Commissioner.

(5) If an employer fails to comply with an order to pay restitution to an employee under paragraph (4)(iii) of this subsection, the Commissioner or the employee may bring a civil action to enforce the order in the circuit court in the county where the employee or employer is located.

(B) (1) IF AN EMPLOYEE UNDER A PUBLIC WORK CONTRACT IS PAID LESS THAN THE PREVAILING WAGE RATE FOR THAT EMPLOYEE’S CLASSIFICATION FOR THE WORK PERFORMED, THE EMPLOYEE IS ENTITLED TO SUE TO RECOVER THE DIFFERENCE BETWEEN THE PREVAILING WAGE RATE AND THE AMOUNT RECEIVED BY THE EMPLOYEE.

(2) A DETERMINATION BY THE COMMISSIONER THAT A CONTRACTOR IS REQUIRED TO MAKE RESTITUTION UNDER SUBSECTION (A)(4) OF THIS SECTION DOES NOT PRECLUDE AN EMPLOYEE FROM FILING AN ACTION UNDER THIS SUBSECTION.

[(b)] (C) (1) An action under this section is considered to be a suit for wages.

(2) A judgment in an action under this section shall have the same force and effect as any other judgment for wages.

(3) An action brought under this section for a violation of this subtitle shall be filed within 3 years from the date the affected employee knew or should have known of the violation.

[(c)] (D) (1) The failure of an employee to protest orally or in writing the payment of a wage that is less than the prevailing wage rate is not a bar to recovery in an action under this section.

(2) A contract or other written document in which an employee states that the employee shall be paid less than the amount required by this subtitle does not bar the recovery of any remedy required under this subtitle.

[(d)] (E) (1) Except as provided in paragraph (3) of this subsection, if the court in an action filed under this section finds that an employer paid an employee less than the requisite prevailing wage, the court shall award the affected employee the difference between the wage actually paid and the prevailing wage at the time that the services were rendered.

(2) (i) Subject to subparagraph (ii) of this paragraph, unpaid fringe benefit contributions owed for an employee in accordance with this section shall be paid to the appropriate benefit fund, plan, or program.

(ii) In the absence of an appropriate benefit fund, plan, or program, the amount owed for fringe benefits for an employee shall be paid directly to the employee.

(3) The court ~~may~~ **SHALL** order the payment of ~~double damages or~~ treble damages under this section if the court finds that the employer withheld wages or fringe benefits willfully and knowingly or with deliberate ignorance or reckless disregard of the employer's obligations under this subtitle.

(4) In an action under this section, the court shall award a prevailing plaintiff reasonable counsel fees and costs.

(5) If the court finds that an employee submitted a false or fraudulent claim in an action under this section, the court may order the employee to pay the employer reasonable counsel fees and costs.

(6) THE CONTRACTOR AND SUBCONTRACTOR SHALL BE JOINTLY AND SEVERALLY LIABLE FOR ANY VIOLATION OF THE SUBCONTRACTOR'S OBLIGATIONS UNDER THIS SECTION.

[(e)] (F) (1) Subject to paragraph (2) of this subsection, an action filed in accordance with this section may be brought by one or more employees on behalf of that employee or group of employees and on behalf of other employees similarly situated.

(2) An employee may not be a party plaintiff to an action brought under this section unless that employee files written consent with the court in which the action is brought to become a party to the action.

[(f)] (G) (1) A person found to have made a false or fraudulent representation or omission known to be false or made with deliberate ignorance or reckless disregard for its truth or falsity regarding a material fact in connection with any prevailing wage payroll record required by § 17–220 of this subtitle is liable for a civil penalty of \$1,000 for each falsified record.

(2) The penalty shall be recoverable in a civil action filed in accordance with this section and paid to the State General Fund.

[(g)] (H) An employer may not discharge, threaten, or otherwise retaliate or discriminate against an employee regarding compensation or other terms and conditions of employment because that employee or an organization or other person acting on behalf of that employee:

(1) reports or makes a complaint under this subtitle or otherwise asserts the worker's rights under this section; or

(2) participates in any investigation, hearing, or inquiry held by the Commissioner under § 17–221 of this subtitle.

[(h)] (I) (1) A contractor or subcontractor may not retaliate or discriminate against an employee in violation of this section.

(2) If a contractor or subcontractor retaliates or discriminates against an employee in violation of this section, the affected employee may file an action in any court of competent jurisdiction within 3 years from the employee's knowledge of the action.

(i) reinstate the employee or provide the employee restitution, as appropriate;

(ii) pay the employee an amount equal to three times the amount of back wages and fringe benefits calculated from the date of the violation; and

(iii) pay reasonable counsel fees and other costs.

April 4, 2018

The Honorable Michael E. Busch
Speaker of the House
State House
Annapolis, MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 1783 – *21st Century School Facilities Act*.

At a time when students, parents, teachers, and communities are demanding greater accountability and oversight of local education systems, this bill represents one of the most irresponsible, partisan, and tone-deaf legislative decisions ever made by members of the Maryland General Assembly. It is incredibly disappointing that Maryland's citizens are being deliberately ignored at a time when their concerns could not be more clear. This piece of legislation irresponsibly takes away fiscal oversight from statewide elected officials at the same time that a number of ethical lapses, criminal charges, grading irregularities, and procurement crises have occurred in multiple Maryland school systems.

Instead of listening to Marylanders, all forms of legislative chicanery and maneuvering have been utilized to pass House Bill 1783, stripping approval and real oversight of school construction funding away from the statewide elected and bipartisan Board of Public Works. For reasons only truly known by a handful of Annapolis insiders, this bill has placed billions of taxpayer dollars into the hands of the newly titled Interagency Commission on School Construction, composed of unelected and largely unaccountable political appointees and lobbyists – obviously ripe for potential conflicts of interest. As 50 years of history clearly prove, there is absolutely no substitute for the Board of Public Works when it comes to oversight of public funds and ensuring Maryland students are learning in school facilities that are safe and healthy.

Making matters even worse, public statements by legislative leadership, including the Senate President, have clearly indicated that this legislation is political payback against the Comptroller. It goes without saying, that ending 50 years of successful and proper executive and legislative oversight of school construction funds over petty political and personal differences is not responsible governance. This is just plain wrong, and no attempt to hide this truth will make it right.

The fact that the work product of the 21st Century School Facilities Commission – which has spent the last two years diligently studying how we can modernize Maryland's public school construction program – has been expropriated makes this situation even more troubling. I was looking forward to signing House Bill 1783 as originally drafted, which was intended to streamline school construction and raise annual funding to \$400 million to be earmarked for school building and renovation. It also does a tremendous disservice to the citizen volunteers who worked for nearly two years on the 21st Commission to up-end their efforts to modernize school construction for purposes of political retribution.

As you are well aware, in an underhanded backroom deal, with no notice, no public hearings, or public input, and less than two weeks left in the legislative session, the House Appropriations Committee snuck in an amendment on House Bill 1783, stripping authority from the Board of Public Works over school construction. The Senate Budget and Taxation Committee then hastily passed the bill after being pulled off the floor of the Senate.

In the dwindling days of the legislative session, House and Senate leadership rushed through a major overhaul of state government that has operated well for decades, significantly curtailing oversight, accountability, and transparency. In a sad and dispiriting twist of irony, transparency was a key topic to the Commission's deliberations, which Commission members added as a fifth theme during their 2017 deliberations. In the 21st Century School Facilities final report published in January of this year, it states "the entire process of designing, funding, building, and maintaining public school facilities **must be fully transparent.**"

Conversely, the process by which the final product of House Bill 1783 arrived on my desk has been fundamentally opaque. In contrast, the Board of Public Works operates in a completely transparent manner. Public meetings are held and advertised in advance, which are lived streamed and open to the public. The Board posts agendas and minutes promptly that are accessible for Maryland taxpayers to see how their dollars are being spent.

Since the Board of Public Works was granted the authority to oversee State funding for local school construction projects in 1943, the Board has overseen and managed the process to distribute billions of taxpayer dollars and assured the public that those funds were being spent wisely. The Board is composed of the state's three fiscal officers. The Board embodies accountability and transparency, ultimately providing a final check over the billions of dollars spent on school construction funds.

House Bill 1783 eradicates this oversight process that has served students, teachers, and parents for decades. The Board has rightly exerted public pressure on local school systems to address serious, and in some instances inhumane, conditions in their schools. My fellow Board members and I have listened earnestly to the pleas and concerns from Marylanders whose phone calls, emails, and letters went unanswered by their school officials and local elected officials.

When more than 50,000 students in the Baltimore region were enduring conditions that were completely unacceptable due to the lack of air conditioning in the summer and heat in the winter, the members of the Board were there to help them. When students, teachers, and families came to the Board in response to the mold crisis in Howard County, we were there to help them. These are just a few of the countless instances in which the Board directly addressed the clear deficiencies in our local school systems and have safeguarded taxpayer investments in school construction and maintenance.

The idea that an unelected group of political appointees will respond to the needs of the public in an appropriate and similar manner flies in the face of common sense and is insulting to our citizens. There are no term limits for these political appointees and no reference in the legislation to the selection and removal process of Commission members. Inexplicably, the House even voted down an amendment to prevent individuals deriving their income from lobbying from serving on the Commission, only giving rise to further concerns of future conflicts of interest.

At a time when criminality, unethical behavior and mismanagement continue to fester in our public school systems, House Bill 1783 will only serve to further reduce transparency

and oversight. Our students, teachers, and families who depend on the Board of Public Works to hold local officials accountable for their actions are the ones being hurt by this legislation, and that will never be acceptable to me.

I will never sit by and allow our children to be used as political pawns in what is a perplexing and ultimately deeply depressing situation that you have chosen to create.

For these reasons, I have vetoed House Bill 1783.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

Cc: The Honorable Thomas V. Mike Miller, Jr.

3. THE AMOUNT OF THE AGREED-ON WAIVER MAY NOT:

A. EXCEED THE ENTIRE AMOUNT OF THE LEASE PAYMENT; OR

B. REDUCE A COUNTY'S EDUCATION APPROPRIATION BELOW THE AMOUNT REQUIRED IN PARAGRAPH (1)(I) OF THIS SUBSECTION.

(III) IF THE COUNTY AND COUNTY BOARD HAVE NOT AGREED ON AN AMOUNT, THE STATE BOARD MAY GRANT A WAIVER ON A DETERMINATION THAT THE LEASE PAYMENTS ARE COMPARABLE TO THE AMOUNT OF DEBT SERVICE THAT

WOULD OTHERWISE BE REQUIRED IF THE ALTERNATIVE FINANCING HAD NOT BEEN USED.

(IV) IF THE STATE BOARD GRANTS A WAIVER UNDER THIS PARAGRAPH, THE STATE BOARD SHALL DETERMINE THE NUMBER OF FISCAL YEARS FOR WHICH THE WAIVER IS APPLICABLE AND THE MINIMUM APPROPRIATION OF LOCAL FUNDS REQUIRED UNDER THIS SUBSECTION FOR THE FISCAL YEAR AFTER THE EXPIRATION OF THE WAIVER.
