PRESCRIBED IN THE MARYLAND RULES, EXCEPT THAT NEITHER THE STATE NOR ANY AGENT APPOINTED BY THE STATE TO SELL THE PROPERTY NEED FILE A BOND.

(3) (I) THE OWNER OR ANY OTHER INTERESTED PARTY MAY OBTAIN RELEASE OF A LIEN AT ANY TIME BY PAYING TO THE STATE THE FULL AMOUNT OF THE JUDGMENT RENDERED BY THE CIRCUIT COURT, TOGETHER WITH INTEREST FROM THE DATE OF JUDGMENT.

The Honorable Thomas V. Mike Miller, Jr.
President of the Senate
H-107 State House
Annapolis, MD 21401

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 192 – *Estates and Trusts – Elective Share of Surviving Spouse*.

This bill alters the elective share for a surviving spouse by 1) establishing definitions and procedures for calculating the estate subject to election; 2) expanding and clarifying procedures by which the surviving spouse may elect to take an elective share; (3) establishing additional procedures for the payment of an elective share; and (4) establishing standards for court modification of an elective share. This bill also updates certain personal financial power of attorney and limited power of attorney forms contained in statute; makes technical, clarifying, and conforming changes; and applies prospectively.

House Bill 99, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign Senate Bill 192.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

Senate Bill 192

SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND,
That the Laws of Maryland read as follows:

Article – Estates and Trusts

2–102.

(a) **(1)** The court may [conduct judicial probate, direct the conduct of a personal representative, and pass orders which may be required in the course of the administration of an estate of a decedent. It may summon witnesses]:

- (I) CONDUCT JUDICIAL PROBATE;
- (II) DIRECT THE CONDUCT OF A PERSONAL REPRESENTATIVE;
- (III) SUMMON WITNESSES; AND
- (IV) ISSUE ORDERS THAT MAY BE:

1. REQUIRED IN THE COURSE OF THE ADMINISTRATION OF AN ESTATE OF A DECEDENT; OR

2. NECESSARY TO DETERMINE THE VALUE OR SOURCES OF PAYMENT OF AN ELECTIVE SHARE UNDER § 3-413 OF THIS ARTICLE.

(2) The court may not, under pretext of incidental power or constructive authority, exercise any jurisdiction not expressly conferred.

Subtitle 2. Family Allowance [and Statutory Share of Surviving Spouse]; **DOWER AND CURTESY.**

3-201.

(a) The surviving spouse is entitled to receive an allowance of \$10,000 for personal use.

[3-203.

(a) In this section, "net estate" means the property of the decedent passing by testate succession, without a deduction for State or federal estate or inheritance taxes, and reduced by:

- (1) Funeral and administration expenses;
- (2) Family allowances; and
- (3) Enforceable claims and debts against the estate.

(b) Instead of property left to the surviving spouse by will, the surviving spouse may elect to take a one-third share of the net estate if there is also a surviving issue, or a one-half share of the net estate if there is no surviving issue.

(c) The surviving spouse who makes this election may not take more than a one-half share of the net estate.

(d) For the purposes of this section, the net estate and the property allocable to a share of a surviving spouse shall be valued as of the date or dates of distribution.

(e) (1) For the purposes of this section, a surviving spouse who has elected to take against a will shall be entitled to the surviving spouse's portion of the income earned on the net estate during the period of administration based on a one-third or one-half share, whichever is applicable.

(2) If one or more distributions have been made to a surviving spouse or another person that require an adjustment in the relative interests of the beneficiaries, the applicable share shall be adjusted.]

[3–204.

The right of election of the surviving spouse is personal to him. It is not transferable and cannot be exercised subsequent to his death. If the surviving spouse is under 18 years of age or under disability, the election may be exercised by order of the court having jurisdiction of the person or property of the spouse or person under disability.]

[3–205.

The right of election of a surviving spouse may be waived before or after marriage by a written contract, agreement, or waiver signed by the party waiving the right of election. Unless it provides to the contrary, a waiver of "all rights" in the property or estate of a present or prospective spouse, or a complete property settlement entered into after or in anticipation of separation or divorce, is a waiver of any right to his family allowance as well as to his elective share by each spouse in the property of the spouse, his right to letters under § 5–104 of this article, and is an irrevocable renunciation of any benefit which would pass to him from the other by intestate succession, by statutory share, or by virtue of the provisions of a will executed before the waiver or property settlement.]

[3–206.

(a) (1) The election by a surviving spouse to take an elective share shall be made within the later of:

(i) Nine months after the date of the decedent's death; or

(ii) Six months after the first appointment of a personal representative under a will.

(2) (i) Within the period for making an election, the surviving spouse may file with the court a petition for an extension of time, with a copy given to the personal representative.

(ii) For good cause shown, the court may extend the time for election

for a period not to exceed three months at a time.

(b) The surviving spouse may withdraw the election at any time before the expiration of the time for making the election to take an elective share.]

[3-207.

(a) An election to take an elective share of an estate of a decedent shall be in writing and signed by the surviving spouse or other person entitled to make the election pursuant to § 3-204 of this subtitle, and shall be filed in the court in which the personal representative of the decedent was appointed.

(b) The election may be in this form.

I, A. B., surviving spouse of C. D., late of the County (City) of....., renounce all provisions in the will of C. D. and elect to take my elective share of the decedent's estate.

.....
(Signature)]

[3-208.

(a) (1) Upon the election of the surviving spouse to take the elective share of the property of the decedent, all property or other benefits which would have passed to the surviving spouse under the will shall be treated as if the surviving spouse had died before the execution of the will.

(2) The surviving spouse and a person claiming through the surviving spouse may not receive property under the will.

(b) (1) If there is an election to take an elective share, contribution to the payment of it shall be prorated among all legatees.

(2) Instead of contributing an interest in specific property to the elective share, a legatee or legatees, but not the personal representative, may pay the surviving spouse in cash, or other property acceptable to the spouse, an amount equal to the fair market value of the surviving spouse's interest in specific property on the date or dates of distribution.

(3) Unless specifically provided in the will, a legatee is not entitled to sequestration or compensation from another legatee, or from another part of the estate of the decedent, except that an interest renounced by the surviving spouse and not included in the share of the net estate received by the surviving spouse under this section may be subject to sequestration for the benefit of individuals who are the natural objects of the bounty of the decedent, in order to avoid a substantial distortion of the intended dispositions of the testator.]

Annapolis, MD 21401

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 195 – *Public Health – Prescription Drug Monitoring Program – Revisions*.

This bill requires the Prescription Drug Monitoring Program to review prescription monitoring data for indications of possible misuse or abuse of a monitored prescription drug, or a possible violation of law or breach of professional standards by a prescriber or dispenser; and provides that if either is indicated, the Prescription Drug Monitoring Program must notify and provide education to the prescriber or dispenser.

This bill authorizes the Prescription Drug Monitoring Program to provide prescription monitoring data to the Office of Controlled Substances Administration for further investigation under certain circumstances 1) if there is a possible violation of law or breach of professional standards; and 2) provided that the Prescription Drug Monitoring Program takes specified actions.

Additionally, this bill requires the Prescription Drug Monitoring Program to consider certain factors regarding a possible violation of law or breach of professional standards; and

to include certain information regarding instances of possible violations of law or breaches of professional standards in its annual report.

House Bill 25, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign Senate Bill 195.

Sincerely,

Lawrence J. Hogan, Jr.

The Honorable Thomas V. Mike Miller, Jr.
President of the Senate
H-107 State House
Annapolis, Maryland 21401

The Honorable Adrienne A. Jones
Speaker of the House
H-101 State House
Annapolis, Maryland 21401

Dear Mr. President and Madam Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 252 and House Bill 66 – *Railroad Company – Movement of Freight – Required Crew*.

This legislation attempts to codify a private industry issue that should be negotiated between the employer and the employer's representatives and decided at the federal level since it involves interstate commerce and clearly falls within the federal government's regulatory purview.

For four years, I have made it my Administration's top priority to make sure Maryland is Open for Business. These bills attempt to circumvent the collective bargaining process in private industry and will ultimately kill job opportunities for the thousands of Maryland's citizens who depend on an economically viable Port of Baltimore, make our great state less competitive with our neighbors, burden our taxpayers, and bring confusion to the

Mid-Atlantic region's complex rail network. I simply cannot allow these bills to become law.

Senate Bill 252 and House Bill 66 put the Port of Baltimore, one of our State's major economic engines, at a competitive disadvantage with neighboring ports. Only three states in the nation – California, Colorado, and Wisconsin – have a two-person crew requirement. No state in the Mid-Atlantic region, or on the East Coast for that matter, has this requirement, which means that no port that competes directly with the Port of Baltimore currently has this requirement. Freight rail is America's backbone of interstate commerce. Mandating that carriers in the State of Maryland use a larger crew size than would be required of the same railroads operating out of Norfolk, Philadelphia, or New York will directly result in an increase in shipping costs and deter carriers from operating in the state resulting in the loss of jobs directly related to the Port. Those same jobs produce an average annual wage that is 9.5% higher than the state average.

During my administration, the Port of Baltimore and Seagirt Marine Terminal have grown significantly, breaking records in each of the last four years, adding jobs and economic activity in the process. Last year, the Port of Baltimore set a 44-year record for public and private cargo handled. Large volume surges can strain trucking resources. For this growth to continue, we need viable intermodal options to ensure cargo velocity remains at optimal levels. This includes rail connectivity to locations that are currently serviced only by truck. Tradepoint Atlantic is one such location that offers tremendous potential to increase cargo volume through the Port of Baltimore, however shipping cost is a serious challenge to fully realizing this potential. Carriers will always move cargo by the most efficient and economical means. As the Port is developing a rail shuttle solution, absorbing an additional layer of cost constitutes a serious burden in an industry that already operates on razor thin margins. In that respect, these bills send a disturbing message to the Port's private sector industry partners and would have a chilling effect on discussions with CSX as the Port continues to work towards modernizing the Howard Street Tunnel to allow for double-stack containers, essential to the future success of the Port of Baltimore.

In the three previous years that the General Assembly has considered crew size, no empirical data has been submitted that proves there is a link between railroad safety and the crew size. In fact, crew sizes have decreased over the years, and together with the implementation of advancements in technology we have seen a reduction in accident rates. The implementation of Positive Train Control will only contribute to this trend. Passing bills of this nature creates a false narrative that a larger crew size is the most critical factor to rail safety, which could deter future advancements in technology with the potential to have a far more significant impact on rail safety.

This legislation will also have a significant impact on the pending renewal of the State's access agreement with CSX for MARC Train Camden and Brunswick Line service, even more so this year than the year before. The net result of this will be as much as a \$5.2 million impact that CSX would pass on to the State through the MARC contract, which will undoubtedly impact train service and the 12,000 daily riders on both lines.

Lastly, these bills are clearly preempted by federal law. The Regional Rail Reorganization Act of 1973, in a section of Code titled “Preemption” and codified at 45 U.S.C. 797(j) states that “[n]o State may adopt or continue in force any law, rule, regulation, order, or standard requiring the Corporation to employ any specified number of persons to perform any particular task, function, or operation....” In fact, the United States Code *specifically identifies Maryland* as a State within the region in which “no State in the Region may adopt or continue in force any such law, rule, regulation, order, or standard with respect to any railroad in the Region.” These bills would be in direct conflict with federal law.

Maryland cannot afford to be at a competitive disadvantage to our neighboring states. The increased costs associated with this legislation, negative impact on the approximately 37,300 jobs generated by port activity, and potential to jeopardize the livelihood of Maryland workers who depend on a thriving Port of Baltimore is too harmful to allow these bills to become law.

For these reasons, I have vetoed Senate Bill 252 and House Bill 66.

Sincerely,

Lawrence J. Hogan Jr.
Governor

Senate Bill 252

AN ACT concerning

Railroad Company – Movement of Freight – Required Crew

May 24, 2019

The Honorable Thomas V. Mike Miller, Jr.
President of the Maryland Senate
H-107 State House
Annapolis, MD 21401

The Honorable Adrienne A. Jones
Speaker of the Maryland House of Delegates
H-101 State House
Annapolis, MD 21401

Dear President Miller and Speaker Jones:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed *Senate Bill 537* and *House Bill 262 – Higher Education – Tuition Rates – Exemptions*.

Last year, our administration worked closely with legislative leaders to create the Community College Promise Scholarships Program, which helps students attend one of Maryland's public community colleges by providing tuition assistance for any qualifying student eligible for in-state tuition. To build on the success of that program, I proposed legislation to establish the Promise Plus Program, expanding available scholarships and giving all eligible Maryland students – United States citizens, permanent resident immigrants, and undocumented “Dreamers” alike – the opportunity to receive free tuition for the remaining two years at a public four-year institution.

Inexplicably, the General Assembly refused to support this common sense expansion to help all Maryland students. Instead, you adopted legislation that only narrowly expanded existing law to the total exclusion of all Maryland students holding U.S. citizenship or permanent resident (“Green Card”) immigration status. This is unfair and unacceptable.

Higher education is a top priority of our administration. We have invested a record \$7 billion in Maryland's colleges, universities, and community colleges. Our state is home to

one of the most highly educated populations in America—we are third in the nation in the percentage of the population with a bachelor’s degree or higher and second in the nation in the percentage of the population with a graduate or professional degree. In addition, our administration has shown a strong commitment to making higher education accessible to more Marylanders by making college more affordable and providing much-needed relief to those who are struggling under the crushing weight of student debt.

Our three-year investment and initiative to limit tuition growth at Maryland’s universities, colleges, and community colleges by buying down tuition rates has saved Maryland students \$40 million. Still, the harsh reality remains that earning a degree often goes hand-in-hand with crippling college debt. Student loan debt is now second only to mortgage debt as the largest debt balance in America. Nearly 60% of Maryland college students graduate with an average of more than \$27,000 in student debt.

To address this growing crisis, this year, I introduced our administration’s Student Debt Relief Act. This proposal would have made 100% of student loan interest deductible and doubled the tax deduction under Maryland 529 Plans from \$2,500 to \$5,000. Sadly, the General Assembly failed to pass – or even vote on – this important measure. Instead, you chose to pass *Senate Bill 537* and *House Bill 262*, which fail to provide financial relief for all Maryland students.

Moving forward, our goals must be more broadly focused to ensure all Marylanders have access to a world-class education, instead of giving favorable treatment to just one small group. I remain committed to working with you to offer real, bipartisan solutions for higher education.

Sincerely,

Lawrence J. Hogan Jr.
Governor

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 694 – *Commercial Law – Credit Card Processors – Merchant Processing Agreements*.

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 701 – *Transportation Network Companies – Insurance*.

This bill authorizes the Motor Vehicle Administration to accept another form of security, in place of an insurance policy, for vehicles operating for a transportation network company if 1) the other form of security adequately provides the benefits required under current law;

The Honorable Thomas V. Mike Miller, Jr.
President of the Senate
H-107 State House
Annapolis, MD 21401

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 704 – *Alcoholic Beverages – Beer Franchise Agreements – Notice of Nonrenewal or Termination*.

This bill reduces, from 180 to 45, the number of days that a brewery must wait after notifying a distributor of its intent to terminate, or refuse to renew, a beer franchise agreement before terminating the agreement, if the brewery produces 20,000 or fewer barrels of beer per year.

This bill also 1) authorizes such a brewery to terminate, or refuse to continue or renew, a franchise agreement without good cause and is no longer required to give its franchisee an opportunity to correct a deficiency if that is the reason the agreement is being terminated; and 2) requires a specified termination agreement and arbitration.

House Bill 1080, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign Senate Bill 704.

Sincerely,

Lawrence J. Hogan, Jr.

This bill requires a marketplace facilitator and a marketplace seller to collect and remit the State sales and use tax under certain circumstances, and establishes tax collection and licensing requirements for marketplace facilitators and marketplace sellers.

This bill also alters the distribution of sales and use tax revenues by requiring that for each fiscal year 1) the first \$100 million in sales taxes collected from marketplace facilitators and certain out-of-state vendors be distributed to the general fund; and 2) revenues in excess of \$100 million from these sales taxes be distributed to the Blueprint for Maryland's Future Fund. Additionally, this bill requires specified out-of-state sellers to pay the tobacco tax on pipe tobacco and premium cigars on which the tobacco tax has not been paid.

House Bill 1301, which was passed by the General Assembly and will become law without my signature, accomplishes the same purpose. Therefore, it is not necessary for me to sign Senate Bill 728.

May 24, 2019

The Honorable Thomas V. Mike Miller, Jr.
President of the Senate
H-107 State House
Annapolis, MD 21401

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 751 – *Governor’s Appointments Office, Appointing Authorities, and the Secretary of Budget and Management – Duties and Reports.*

This bill would require that the Governor’s Appointments Office engage in an invasive reporting process while vetting candidates for positions in State government, including candidates for Cabinet positions and people seeking appointment to be my closest advisors. This interferes with that office’s most basic duties and flies in the face of the Maryland Declaration of Rights, Article 8, which provides that “the Legislative, Executive and Judicial powers of Government ought to be forever separate and distinct from each other” and Article II, § 1 of the Maryland Constitution, which provides that “the executive power

of the State shall be vested in a Governor.” These provisions, in addition to others, confer on the Governor “a significant role in setting policies to govern the management and supervision of State employees.” *McCulloch v. Glendening*, 347 Md. 272, 273 (1997).

This flawed and unnecessary legislation is yet another, in a long line of legislative overreach and blatant usurpations of executive privilege. By my count, this is the 103rd time that the Maryland General Assembly has taken power from the executive branch to score a cynical political purpose, not that of the public’s. The constitution is very clear on separation of powers, for very good reasons, you have once again demonstrated a lack of understanding of this important principle in passing this legislation.

This unconstitutional law will impede the Executive Branch’s ability to do business and have a chilling effect on our efforts to recruit qualified candidates. Personnel matters are confidential by law for a reason. Applicants for jobs trust their potential employer to be discreet and professional in every way. Having every movement logged and reported will have a detrimental effect on applicants for positions that affect every Marylander.

During consideration of this legislation, my staff shared with the General Assembly details of how the Appointments Office operates generally. I believe that such information is helpful for the General Assembly to know. The information sought by Senate Bill 751, on the other hand, is unnecessary and an unconstitutional intrusion by the Legislature into the operations of the Executive Branch.

My job as Governor is to appoint the most capable and qualified people to positions who will execute the vision that I have articulated to the people of the State. This legislation undermines that effort.

For these reasons, I have vetoed Senate Bill 751.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

The Honorable Thomas V. Mike Miller, Jr.
President of the Senate

The Honorable Adrienne A. Jones
Speaker of the House
H-101 State House
Annapolis, MD 21401

Dear Mr. President and Madam Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 830 and House Bill 720 – *Natural Resources – Fishery Management Plans – Oysters*.

Under my leadership as governor and as chairman of the regional Chesapeake Executive Council, we have made tremendous strides in restoring the Bay by making record investments and fighting to protect critical federal funding. The result has been the healthiest ecosystem the state has seen in over three decades. In fact, the most recent Bay Barometer from the Chesapeake Bay Program reported that the Bay is now experiencing the highest water quality score since monitoring began more than 30 years ago. We must continue to take swift action on the health of the Chesapeake Bay.

The foundation of our success over the past five years has been a reliance on scientifically-supported, evidence-based policies that take into account the views of all stakeholders. Every partner in the process wants a cleaner, healthier Bay, and I have always believed that we can achieve that goal through respect, cooperation, and honest and transparent dialogue. The Department of Natural Resources has worked very carefully, in a balanced way, to create an inclusive process that has maximized stakeholder input and developed a consensus approach to the stewardship of oysters in the Chesapeake Bay and its tributaries.

Senate Bill 830 and House Bill 720 are intended to resemble the OysterFutures consensus process led by the University of Maryland Center for Environmental Science in which the department participated between 2016 and 2018 alongside industry and environmental advocacy representatives. The intent was to craft oyster restoration policy on a bilateral basis with meaningful stakeholder input. I believe strongly that the OysterFutures model is an effective governance tool that could be utilized to create balanced policy for one of our state's most precious resources. However, for all of the positive outcomes delivered thus far by the OysterFutures model, this legislation fails significantly in both its spirit and its substance.

At their core, HB 720 and SB 830 fly in the face of the goodwill, cooperation, and trust that characterized the original OysterFutures effort. Following on the heels of the three-year statutory delay that prevented the revision of oyster management practices until the

completion of an oyster stock assessment earlier this year, the same group of legislative and environmental advocates is again making an end run. Under this bill, the department's implementation of thoughtful and science-based management practices is forbidden for at least another two years or until the cumbersome, reconstituted Oyster Advisory Commission – nearly double in size from the original OysterFutures workgroup – is able to develop a statewide consensus package.

Not only are the goal posts on oyster restoration continually being moved, but the legislation also delays the implementation of several key recommendations of the original OysterFutures effort pertaining to the Choptank and Little Choptank rivers. To obstruct the unanimous consensus recommendations from the original workgroup chills trust critical to the process, leading to the question of whether the bill and its proponents are ultimately setting this latest stakeholder group up for failure.

While highly ambiguous in its language, the intent of HB 720 and SB 840 – through committee and floor debate – appears to allow the reconstituted Oyster Advisory Commission to create a new Oyster Fishery Management Plan that the department is required to implement verbatim, which poses serious constitutional questions. The legislation is also far from clear on what extent the department is able to execute the full range of strategies in its 2019 Oyster Management Plan before the bill's new OysterFutures process is constituted, potentially hamstringing the department from efforts to rebuild stock and ensure a sustainable harvest. With the department's ambitious goal of achieving a sustainable fishery in eight to 10 years, they must be allowed to take action now. Furthermore, it evades transparency in the oyster policy process and instead would statutorily exempt the group from public scrutiny and accountability.

The lack of regard for others, for the process, and for oysters that pervades this legislation is apparent in the actions of the Chesapeake Bay Foundation. My administration strongly opposes secret backroom dealmaking that will endanger the State's long-term oyster restoration efforts, especially at a time when we are just making measurable progress.

For these reasons, I have vetoed Senate Bill 830 and House Bill 720.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

The Honorable Adrienne A. Jones
Speaker of the House
H-101 State House
Annapolis, MD 21401

Dear Mr. President and Madam Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 839 and House Bill 994 – *Labor and Employment – Criminal Record Screening Practices (Ban the Box)*.

Hiring the right team is one of the most critical activities a business does. Employers have the right, and often the need, to know the criminal history of applicants they may hire. Senate Bill 839/House Bill 994 prohibits businesses from requiring an applicant to disclose this important information until the first in-person interview. This would result in costly and time-consuming human resources work that ultimately goes nowhere.

Delaying an employer's ability to require an applicant to disclose their criminal history until late in the process would cause hiring delays and waste time and resources. By the point an employer discovers a potential employee has a criminal background, alternative candidates may no longer be available for hire, forcing employers to restart the entire process. This will have a particularly negative impact on employers in industries with high employee turnover or where positions must be filled quickly.

Senate Bill 839/House Bill 994 would impose additional costs on employers without commensurate returns in terms of opportunities for ex-offenders. By prohibiting an employer from requiring an applicant to disclose their criminal history until the first in-person interview, Senate Bill 839/House Bill 994 would force businesses to pay for background checks or refer to often incomplete, inaccurate, or outdated online criminal history websites. This would add tremendous costs to businesses but yield no positive impact on job opportunities for those with a criminal history.

Further, Senate Bill 839/House Bill 994 contains dangerous preemption language that explicitly allows for more restrictive laws in each county and municipality across Maryland. This would result in a patchwork of dozens of different laws across the state, creating an even larger burden as businesses operating across jurisdictional lines attempt to navigate the intricacies of each set of rules.

Opportunities for individuals involved in the criminal justice system to make amends and rebuild after committing a crime are an important part of any just and effective criminal justice system. Over the past several years, working together with the General Assembly, we have been able to shield minor offenses from public view, create a process for certificates of rehabilitation to improve employment prospects, and dramatically expand expungement opportunities. Additionally, a growing number of businesses, including Target, Walmart, and Starbucks, support these goals and have decided not to inquire about criminal history on their job applications. However, when and how an employer asks about criminal history is a decision that should be left to employers, not dictated by the legislature and micro-managed in the annotated code.

Finally, and perhaps most importantly, Senate Bill 839/House Bill 994 endangers safety. The legislation includes an exclusion for employers who work with children or vulnerable adults. This exemption acknowledges the risk posed by not asking about an applicant's criminal history. However, the legislation does not make any further differentiations between serious, potentially violent, felony offenses and less serious misdemeanors. It also does not include exemptions for occupations related to applicant's criminal conviction.

For these reasons, I have vetoed Senate Bill 839 and House Bill 994.

Sincerely,

Lawrence J. Hogan Jr.
Governor

President of the Senate

The Honorable Adrienne A. Jones
Speaker of the House
H-101 State House
Annapolis, MD 21401

Dear Mr. President and Madam Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 1000 and House Bill 1343 – *Public Safety – Handgun Permit Review Board – Repeal*.

Protecting Marylanders is my highest responsibility as governor. People have a right to be safe at home, work, school, and as they go about their lives. Ensuring firearms do not fall into the hands of criminals or mentally ill persons is a crucial part of this duty. Unfortunately, Senate Bill 1000/House Bill 1343 fails to do anything to improve public safety. Instead of protecting Marylanders, it threatens the ability of law-abiding citizens to appeal decisions regarding handgun permits.

This measure does nothing to prevent guns from getting into the hands of dangerous people. The majority of cases overturned or modified by the Handgun Permit Review Board were merely appeals of restrictions on permits. These were cases in which the Maryland State Police had already determined the applicants – all law-abiding citizens – did not have any concerning criminal nor mental health factors in their background. The Board itself, it is worth noting, was created by the General Assembly in 1972, and it has worked well ever since that date. This legislation appears to be just a solution in search of a problem. The General Assembly's efforts would be better focused on initiatives to target violent, repeat offenders who use guns to commit crimes. The senseless violence in Baltimore City is heartbreaking. We need solutions, such as the Repeat Firearms Act of 2019, that would ensure those who repeatedly victimize our communities are held accountable. When given an opportunity this year to adopt tougher sentences for repeat violent gun offenders, the legislature refused to act. However, abolishing the Handgun Permit Review Board is not a solution to violent crime problems. It is just another in a long series of politically-motivated and ill-conceived power grabs.

Not only would this legislation fail to improve public safety, it would impose costly barriers for law-abiding individuals who wish to exercise their due process appeal rights. Rather than allowing applicants to appeal to the long-standing citizen-led Handgun Permit Review Board that was created by the General Assembly in 1972, the legislation would have required applicants to appeal to the Office of Administrative Hearings. This move would reasonably require applicants to retain an attorney to effectively pursue this review, significantly exacerbating the cost and ability of citizens to pursue their legal rights.

Current law already provides an appropriate check on the Handgun Permit Review Board. Should either party want to appeal a decision of the Board, the law allows for the decision to be appealed to the Office of Administrative Hearings, and ultimately to Circuit Court.

Senate Bill 1000/House Bill 1343 does nothing to prevent firearms from getting into the hands of violent criminals or seriously mentally ill persons, nor would it protect Marylanders from gun violence or lower the unacceptable level of violent crime. As we have done in the past, efforts should be focused on real, substantive solutions to prevent gun violence.

For these reasons, I have vetoed Senate Bill 1000 and House Bill 1343.

Sincerely,

Lawrence J. Hogan Jr.
Governor

President of the Senate

The Honorable Adrienne A. Jones
Speaker of the House
H-101 State House
Annapolis, Maryland 21401

Dear Mr. President and Madam Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 252 and House Bill 66 – *Railroad Company – Movement of Freight – Required Crew*.

This legislation attempts to codify a private industry issue that should be negotiated between the employer and the employer's representatives and decided at the federal level since it involves interstate commerce and clearly falls within the federal government's regulatory purview.

For four years, I have made it my Administration's top priority to make sure Maryland is Open for Business. These bills attempt to circumvent the collective bargaining process in private industry and will ultimately kill job opportunities for the thousands of Maryland's citizens who depend on an economically viable Port of Baltimore, make our great state less competitive with our neighbors, burden our taxpayers, and bring confusion to the Mid-Atlantic region's complex rail network. I simply cannot allow these bills to become law.

Senate Bill 252 and House Bill 66 put the Port of Baltimore, one of our State's major economic engines, at a competitive disadvantage with neighboring ports. Only three states in the nation – California, Colorado, and Wisconsin – have a two-person crew requirement. No state in the Mid-Atlantic region, or on the East Coast for that matter, has this requirement, which means that no port that competes directly with the Port of Baltimore currently has this requirement. Freight rail is America's backbone of interstate commerce. Mandating that carriers in the State of Maryland use a larger crew size than would be required of the same railroads operating out of Norfolk, Philadelphia, or New York will directly result in an increase in shipping costs and deter carriers from operating in the state resulting in the loss of jobs directly related to the Port. Those same jobs produce an average annual wage that is 9.5% higher than the state average.

During my administration, the Port of Baltimore and Seagirt Marine Terminal have grown significantly, breaking records in each of the last four years, adding jobs and economic activity in the process. Last year, the Port of Baltimore set a 44-year record for public and private cargo handled. Large volume surges can strain trucking resources. For this growth to continue, we need viable intermodal options to ensure cargo velocity remains at optimal levels. This includes rail connectivity to locations that are currently serviced only by truck. Tradepoint Atlantic is one such location that offers tremendous potential to increase cargo volume through the Port of Baltimore, however shipping cost is a serious challenge to fully realizing this potential. Carriers will always move cargo by the most efficient and economical means. As the Port is developing a rail shuttle solution, absorbing an additional layer of cost constitutes a serious burden in an industry that already operates on razor thin margins. In that respect, these bills send a disturbing message to the Port's private sector industry partners and would have a chilling effect on discussions with CSX as the Port continues to work towards modernizing the Howard Street Tunnel to allow for double-stack containers, essential to the future success of the Port of Baltimore.

In the three previous years that the General Assembly has considered crew size, no empirical data has been submitted that proves there is a link between railroad safety and the crew size. In fact, crew sizes have decreased over the years, and together with the

implementation of advancements in technology we have seen a reduction in accident rates. The implementation of Positive Train Control will only contribute to this trend. Passing bills of this nature creates a false narrative that a larger crew size is the most critical factor to rail safety, which could deter future advancements in technology with the potential to have a far more significant impact on rail safety.

This legislation will also have a significant impact on the pending renewal of the State's access agreement with CSX for MARC Train Camden and Brunswick Line service, even more so this year than the year before. The net result of this will be as much as a \$5.2 million impact that CSX would pass on to the State through the MARC contract, which will undoubtedly impact train service and the 12,000 daily riders on both lines.

Lastly, these bills are clearly preempted by federal law. The Regional Rail Reorganization Act of 1973, in a section of Code titled "Preemption" and codified at 45 U.S.C. 797(j) states that "[n]o State may adopt or continue in force any law, rule, regulation, order, or standard requiring the Corporation to employ any specified number of persons to perform any particular task, function, or operation..." In fact, the United States Code *specifically identifies Maryland* as a State within the region in which "no State in the Region may adopt or continue in force any such law, rule, regulation, order, or standard with respect to any railroad in the Region." These bills would be in direct conflict with federal law.

Maryland cannot afford to be at a competitive disadvantage to our neighboring states. The increased costs associated with this legislation, negative impact on the approximately 37,300 jobs generated by port activity, and potential to jeopardize the livelihood of Maryland workers who depend on a thriving Port of Baltimore is too harmful to allow these bills to become law.

For these reasons, I have vetoed Senate Bill 252 and House Bill 66.

Sincerely,

Lawrence J. Hogan Jr.
Governor

Dear Madam Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 132 – *Education – Robotics Grant Program – Alterations*.

This bill makes nonprofit organizations eligible to receive funding through the Robotics Grant Program if the organization 1) provides youth with an out-of-school-time experience that focuses on personal and workforce development; (2) serves public school students as a majority of its participating youth; and 3) is associated with a public school.

This bill also requires that 1) grants awarded through the Robotics Grant Program must ensure geographic diversity among all program grantees, to the greatest extent practicable; and 2) the Governor increase funding to a certain amount within the annual State budget, beginning in Fiscal Year 2021.

The Honorable Thomas V. Mike Miller, Jr.
President of the Maryland Senate
H-107 State House
Annapolis, MD 21401

The Honorable Adrienne A. Jones
Speaker of the Maryland House of Delegates
H-101 State House
Annapolis, MD 21401

Dear President Miller and Speaker Jones:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed *Senate Bill 537* and *House Bill 262 – Higher Education – Tuition Rates – Exemptions*.

Last year, our administration worked closely with legislative leaders to create the Community College Promise Scholarships Program, which helps students attend one of Maryland's public community colleges by providing tuition assistance for any qualifying student eligible for in-state tuition. To build on the success of that program, I proposed legislation to establish the Promise Plus Program, expanding available scholarships and giving all eligible Maryland students United States citizens, permanent resident immigrants, and undocumented "Dreamers" alike – the opportunity to receive free tuition for the remaining two years at a public four-year institution.

Inexplicably, the General Assembly refused to support this common sense expansion to help all Maryland students. Instead, you adopted legislation that only narrowly expanded existing law to the total exclusion of all Maryland students holding U.S. citizenship or permanent resident ("Green Card") immigration status. This is unfair and unacceptable.

Higher education is a top priority of our administration. We have invested a record \$7 billion in Maryland's colleges, universities, and community colleges. Our state is home to one of the most highly educated populations in America—we are third in the nation in the percentage of the population with a bachelor's degree or higher and second in the nation in the percentage of the population with a graduate or professional degree. In addition, our administration has shown a strong commitment to making higher education accessible to more Marylanders by making college more affordable and providing much-needed relief to those who are struggling under the crushing weight of student debt.

Our three-year investment and initiative to limit tuition growth at Maryland's universities, colleges, and community colleges by buying down tuition rates has saved Maryland students \$40 million. Still, the harsh reality remains that earning a degree often goes hand-in-hand with crippling college debt. Student loan debt is now second only to mortgage debt as the largest debt balance in America. Nearly 60% of Maryland college students graduate with an average of more than \$27,000 in student debt.

To address this growing crisis, this year, I introduced our administration's Student Debt Relief Act. This proposal would have made 100% of student loan interest deductible and doubled the tax deduction under Maryland 529 Plans from \$2,500 to \$5,000. Sadly, the General Assembly failed to pass – or even vote on – this important measure. Instead, you chose to pass *Senate Bill 537* and *House Bill 262*, which fail to provide financial relief for all Maryland students.

Moving forward, our goals must be more broadly focused to ensure all Marylanders have access to a world-class education, instead of giving favorable treatment to just one small group. I remain committed to working with you to offer real, bipartisan solutions for higher education.

Sincerely,

Lawrence J. Hogan Jr.
Governor

Dear Madam Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 416 – *Atlantic States Marine Fisheries Compact – Amendment I – Adoption*.

This bill repeals contingency language in Chapter 123 of 1978, which enacts Amendment I to the Atlantic States Marine Fisheries Compact; and allows Amendment I, which permits two or more states that participate in the compact, to designate the Atlantic States Marine Fisheries Commission as a joint regulatory agency to regulate specific fisheries in which the states have a common interest, to take effect with respect to the states that have adopted the amendment. This bill also restricts withdrawal from the amendment.

Senate Bill 393, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 416.

Sincerely,

Lawrence J. Hogan, Jr.

The Honorable Adrienne A. Jones
Speaker of the House
H-101 State House
Annapolis, MD 21401

Dear Madam Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 574 – *Carroll County – Public Facilities Bonds*.

This bill authorizes the Carroll County Commissioners to issue general obligation bonds, up to a certain amount, for the acquisition, construction, improvement, or renovation of public buildings, facilities, and public works projects; and clarifies that the date of maturity of the bonds shall not exceed 30 years.

Senate Bill 376, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 574.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

House Bill 574

AN ACT concerning

Carroll County – Public Facilities Bonds

FOR the purpose of authorizing and empowering the County Commissioners of Carroll County, from time to time, to borrow not more than \$28,500,000 in order to finance the construction, improvement, or development of certain public facilities in Carroll County, including water and sewer projects, to finance loans for fire or emergency-related equipment, buildings, and other facilities of volunteer fire departments in the County, and to effect such borrowing by the issuance and sale at public or private sale of its general obligation bonds in like par amount; empowering the County to fix and determine, by resolution, the form, tenor, interest rate or rates or method of determining the same, terms, conditions, maturities, and all other details incident to the issuance and sale of the bonds; empowering the County to issue refunding bonds for the purchase or redemption of bonds in advance of maturity; providing that such borrowing may be undertaken by the County in the form of installment purchase obligations executed and delivered by the County for the purpose of acquiring agricultural land and woodland preservation easements; empowering and directing the County to levy, impose, and collect, annually, ad valorem taxes in rate and amount sufficient to provide funds for the payment of the maturing principal of and interest on the bonds; exempting the bonds and refunding bonds and the interest thereon and any income derived therefrom from all State, County, municipal, and other taxation in the State of Maryland; providing that nothing in this Act shall prevent the County from authorizing the issuance and sale of bonds the interest on which is not excludable from gross income for federal income tax purposes; and generally relating to the issuance and sale of such bonds.

SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND, That, as used herein, the term “County” means the body politic and corporate of the State of Maryland known as the County Commissioners of Carroll County, and the term “construction, improvement, or development of public facilities” means the acquisition, alteration, construction, reconstruction, enlargement, equipping, expansion, extension, improvement, rehabilitation, renovation, upgrading, and repair of public buildings and facilities and public works projects, including, but not limited to, public works projects such as roads, bridges and storm drains, public school buildings and facilities, landfills, Carroll Community College buildings and facilities, public operational buildings and facilities such as buildings and facilities for County administrative use, public safety, health and social services, libraries, refuse disposal buildings and facilities, water and sewer infrastructure facilities, easements or similar or related rights in land that restrict the use of agricultural land or woodland to maintain the character of the land as agricultural land or woodland, and parks and recreation buildings and facilities, together with the costs of acquiring land or interests in land as well as any related architectural, financial, legal, planning, or engineering services.

SECTION 2. AND BE IT FURTHER ENACTED, That the County is hereby authorized to finance any part or all of the costs of the construction, improvements or development of public facilities described in Section 1 of this Act, to make loans to each and every volunteer fire department in the County upon such terms and conditions as may be determined by the County for the purpose of financing certain fire or emergency-related equipment, buildings, or other facilities of volunteer fire departments, and to borrow money and incur indebtedness for those purposes, at one time or from time to time, in an amount not exceeding, in the aggregate, \$28,500,000 and to evidence such borrowing by the issuance and sale upon its full faith and credit of general obligation bonds in like par amount, which may be issued at one time or from time to time, in one or more groups or series, as the County may determine.

SECTION 3. AND BE IT FURTHER ENACTED, That the bonds shall be issued in accordance with a resolution of the County, which shall describe generally the construction, improvement, or development of public facilities, including water and sewer projects, the fire or emergency-related equipment, buildings, or other facilities of volunteer fire departments in the County for which the proceeds of the bond sale are intended and the amount needed for those purposes. The County shall have and is hereby granted full and complete authority and discretion in the resolution to fix and determine with respect to the bonds of any issue: the designation, date of issue, denomination or denominations, form or forms, and tenor of the bonds which, without limitation, may be issued in registered form within the meaning of § 19-204 of the Local Government Article, as amended; the rate or rates of interest payable thereon, or the method of determining the same, which may include a variable rate; the date or dates and amount or amounts of maturity, which need not be in equal par amounts or in consecutive annual installments, provided only that no bond of any issue shall mature later than 30 years from the date of its issue; the manner of selling the bonds, which may be at either public or private sale, for such price or prices as may be determined to be for the best interests of Carroll County; the manner of executing and sealing the bonds, which may be by facsimile; the terms and conditions of any loans made to volunteer fire departments; the terms and conditions, if any, under which bonds may be tendered for payment or purchase prior to their stated maturity; the terms or conditions, if any, under which bonds may or shall be redeemed prior to their stated maturity; the place or places of payment of the principal of and the interest on the bonds, which may be at any bank or trust company within or without the State of Maryland; covenants relating to compliance with applicable requirements of federal income tax law, including (without limitation) covenants regarding the payment of rebate or penalties in lieu of rebate; covenants relating to compliance with applicable requirements of federal or State securities laws; and generally all matters incident to the terms, conditions, issuance, sale, and delivery thereof.

The bonds may be made redeemable before maturity, at the option of the County, at such price or prices and under such terms and conditions as may be fixed by the County prior to the issuance of the bonds, either in the resolution or in subsequent resolutions. The bonds may be issued in registered form, and provision may be made for the registration of the principal only. In case any officer whose signature appears on any bond ceases to be such officer before the delivery thereof, such signature shall nevertheless be valid and sufficient for all purposes as if the officer had remained in office until such delivery. The

bonds and the issuance and sale thereof shall be exempt from the provisions of §§ 19–205 and 19–206 of the Local Government Article, as amended.

The borrowing authorized by this Act may also be undertaken by the County in the form of installment purchase obligations executed and delivered by the County for the purpose of acquiring easements or similar or related rights in land that restrict the use of agricultural land or woodland to maintain the character of the land as agricultural or woodland. The form of installment purchase obligations, the manner of accomplishing the acquisition of easements, which may be the direct exchange of installment purchase obligations for easement, and all matters incident to the execution and delivery of the installment purchase obligations and acquisition of the easements by the County shall be determined in the resolution. Except where the provisions of this Act would be inapplicable to installment purchase obligations, the term “bonds” used in this Act shall include installment purchase obligations and matters pertaining to the bonds under this Act, such as the security for the payment of the bonds, the exemption of the bonds from State, County, municipal, or other taxation, and authorization to issue refunding bonds and the limitation on the aggregate principal amount of bonds authorized for issuance, shall be applicable to installment purchase obligations.

The County may enter into agreements with agents, banks, fiduciaries, insurers, or others for the purpose of enhancing the marketability of any security for the bonds and for the purpose of securing any tender option that may be granted to holders of the bonds, all as may be determined and presented in the aforesaid resolution, which may (but need not) state as security for the performance by the County of any monetary obligations under such agreements the same security given by the County to bondholders for the performance by the County of its monetary obligations under the bonds.

If the County determines in the resolution to offer any of the bonds by solicitation of competitive bids at public sale, the resolution shall fix the terms and conditions of the public sale and shall adopt a form of notice of sale, which shall outline the terms and conditions, and a form of advertisement, which shall be published in one or more daily or weekly newspapers having a general circulation in the County and which may also be published in one or more journals having a circulation primarily among banks and investment bankers. At least one publication of the advertisement shall be made not less than 10 days before the sale of the bonds.

Upon delivery of any bonds to the purchaser or purchasers, payment therefor shall be made to the Comptroller of Carroll County or such other official of Carroll County as may be designated to receive such payment in a resolution passed by the County before such delivery.

SECTION 4. AND BE IT FURTHER ENACTED, That the net proceeds of the sale of bonds shall be used and applied exclusively and solely for the acquisition, construction, improvement, or development of public facilities, including water and sewer projects, to make loans to volunteer fire departments for the financing of fire or emergency–related equipment, buildings, or other facilities of volunteer fire departments in the County for which the bonds are sold. If the amounts borrowed shall prove inadequate to finance the

projects described in the resolution, the County may issue additional bonds with the limitations hereof for the purpose of evidencing the borrowing of additional funds for such financing, provided the resolution authorizing the sale of additional bonds shall so recite, but if the net proceeds of the sale of any issue of bonds exceed the amount needed to finance the projects described in the resolution, the excess funds so borrowed and not expended shall be applied to the payment of the next principal maturity of the bonds or to the redemption of any part of the bonds which have been made redeemable or to the purchase and cancellation of bonds, unless the County shall adopt a resolution allocating the excess funds to the acquisition, construction, improvement, or development of other public facilities, including water and sewer projects, or to the making of loans for fire or emergency-related equipment, buildings, or other facilities of volunteer fire departments in the County, as defined and within the limits set forth in this Act.

SECTION 5. AND BE IT FURTHER ENACTED, That the bonds hereby authorized shall constitute, and they shall so recite, an irrevocable pledge of the full faith and credit and unlimited taxing power of the County to the payment of the maturing principal of and interest on the bonds as and when they become payable. In each and every fiscal year that any of the bonds are outstanding, the County shall levy or cause to be levied ad valorem taxes upon all the assessable property within the corporate limits of the County in rate and amount sufficient to provide for or assure the payment, when due, of the principal of and interest on all the bonds maturing in each such fiscal year and, in the event the proceeds from the taxes so levied in any such fiscal year shall prove inadequate for such payment, additional taxes shall be levied in the succeeding fiscal year to make up any such deficiency. The County may apply to the payment of the principal of and interest on any bonds issued hereunder any funds received by it as loan repayments from volunteer fire departments and any funds received by it from the State of Maryland, the United States of America, any agency or instrumentality thereof, or from any other source, if such funds are granted for the purpose of assisting the County in financing the acquisition, construction, improvement, or development of the public facilities defined in this Act, including the water and sewer projects or the making of loans for the aforementioned fire or emergency-related equipment, buildings, or other facilities for volunteer fire departments in the County and, to the extent of any such funds received or receivable in any fiscal year, the taxes that are required to be levied may be reduced accordingly.

SECTION 6. AND BE IT FURTHER ENACTED, That the County is further authorized and empowered, at any time and from time to time, to issue its bonds in the manner herein above described for the purpose of refunding, by payment at maturity or upon purchase or redemption, any bonds issued hereunder. The validity of any such refunding bonds shall in no way be dependent upon or related to the validity or invalidity of the obligations so refunded. The powers herein granted with respect to the issuance of bonds shall be applicable to the issuance of refunding bonds. Such refunding bonds may be issued by the County for the purpose of providing it with funds to pay any of its outstanding bonds issued hereunder at maturity, for the purpose of providing it with funds to purchase in the open market any of its outstanding bonds issued hereunder, prior to the maturity thereof, or for the purpose of providing it with funds for the redemption prior to maturity of any outstanding bonds issued hereunder which are, by their terms, redeemable, for the purpose of providing it with funds to pay interest on any outstanding bonds issued

hereunder prior to their payment at maturity of purchase or redemption in advance of maturity, or for the purpose of providing it with funds to pay any redemption or purchase premium in connection with the refunding of any of its outstanding bonds issued hereunder. The proceeds of the sale of any such refunding bonds shall be segregated and set apart by the County as a separate trust fund to be used solely for the purpose of paying the purchase or redemption prices of the bonds to be refunded.

SECTION 7. AND BE IT FURTHER ENACTED, That the County may, prior to the preparation of definitive bonds, issue interim certificates or temporary bonds, exchangeable for definitive bonds when such bonds have been executed and are available for such delivery, provided, however, that any such interim certificates or temporary bonds shall be issued in all respects subject to the restrictions and requirements set forth in this Act. The County may, by appropriate resolution, provide for the replacement of any bonds issued hereunder which shall have become mutilated or lost or destroyed upon such conditions and after receiving such indemnity as the County may require.

SECTION 8. AND BE IT FURTHER ENACTED, That any and all obligations issued pursuant to the authority of this Act, their transfer, the interest payable thereon, and any income derived therefrom in the hands of the holders thereof from time to time (including any profit made in the sale thereof) shall be and are hereby declared to be at all times exempt from State, County, municipal, or other taxation of every kind and nature whatsoever within the State of Maryland. Nothing in this Act shall prevent the County from authorizing the issuance and sale of bonds the interest on which is not excludable from gross income for federal income tax purposes.

SECTION 9. AND BE IT FURTHER ENACTED, That the authority to borrow money and issue bonds conferred on the County by this Act shall be deemed to provide an additional and alternative authority for borrowing money and shall be regarded as supplemental and additional to powers conferred upon the County by other laws and shall not be regarded as in derogation of any power now existing; and all Acts of the General Assembly of Maryland heretofore passed authorizing the County to borrow money are hereby continued to the extent that the powers contained in such Acts have not been exercised, and nothing contained in this Act may be construed to impair, in any way, the validity of any bonds that may have been issued by the County under the authority of any said Acts, and the validity of the bonds is hereby ratified, confirmed, and approved. This Act, being necessary for the welfare of the inhabitants of Carroll County, shall be liberally construed to effect the purposes hereof. All Acts and parts of Acts inconsistent with the provisions of this Act are hereby repealed to the extent of such inconsistency.

SECTION 10. AND BE IT FURTHER ENACTED, That this Act shall take effect June 1, 2019.

Senate Bill 227, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 608.

The Honorable Thomas V. Mike Miller, Jr.

President of the Senate
H-107 State House
Annapolis, MD 21401

The Honorable Adrienne A. Jones
Speaker of the House
H-101 State House
Annapolis, MD 21401

Dear Mr. President and Madam Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 830 and House Bill 720 – *Natural Resources – Fishery Management Plans – Oysters*.

Under my leadership as governor and as chairman of the regional Chesapeake Executive Council, we have made tremendous strides in restoring the Bay by making record investments and fighting to protect critical federal funding. The result has been the healthiest ecosystem the state has seen in over three decades. In fact, the most recent Bay Barometer from the Chesapeake Bay Program reported that the Bay is now experiencing the highest water quality score since monitoring began more than 30 years ago. We must continue to take swift action on the health of the Chesapeake Bay.

The foundation of our success over the past five years has been a reliance on scientifically-supported, evidence-based policies that take into account the views of all stakeholders. Every partner in the process wants a cleaner, healthier Bay, and I have always believed that we can achieve that goal through respect, cooperation, and honest and transparent dialogue. The Department of Natural Resources has worked very carefully, in a balanced way, to create an inclusive process that has maximized stakeholder input and developed a consensus approach to the stewardship of oysters in the Chesapeake Bay and its tributaries.

Senate Bill 830 and House Bill 720 are intended to resemble the OysterFutures consensus process led by the University of Maryland Center for Environmental Science in which the department participated between 2016 and 2018 alongside industry and environmental advocacy representatives. The intent was to craft oyster restoration policy on a bilateral basis with meaningful stakeholder input. I believe strongly that the OysterFutures model is an effective governance tool that could be utilized to create balanced policy for one of our state's most precious resources. However, for all of the positive outcomes delivered thus far by the OysterFutures model, this legislation fails significantly in both its spirit and its substance.

At their core, HB 720 and SB 830 fly in the face of the goodwill, cooperation, and trust that characterized the original OysterFutures effort. Following on the heels of the three-year statutory delay that prevented the revision of oyster management practices until the completion of an oyster stock assessment earlier this year, the same group of legislative and environmental advocates is again making an end run. Under this bill, the department's implementation of thoughtful and science-based management practices is forbidden for at

least another two years or until the cumbersome, reconstituted Oyster Advisory Commission – nearly double in size from the original OysterFutures workgroup – is able to develop a statewide consensus package.

Not only are the goal posts on oyster restoration continually being moved, but the legislation also delays the implementation of several key recommendations of the original OysterFutures effort pertaining to the Choptank and Little Choptank rivers. To obstruct the unanimous consensus recommendations from the original workgroup chills trust critical to the process, leading to the question of whether the bill and its proponents are ultimately setting this latest stakeholder group up for failure.

While highly ambiguous in its language, the intent of HB 720 and SB 840 – through committee and floor debate – appears to allow the reconstituted Oyster Advisory Commission to create a new Oyster Fishery Management Plan that the department is required to implement verbatim, which poses serious constitutional questions. The legislation is also far from clear on what extent the department is able to execute the full range of strategies in its 2019 Oyster Management Plan before the bill's new OysterFutures process is constituted, potentially hamstringing the department from efforts to rebuild stock and ensure a sustainable harvest. With the department's ambitious goal of achieving a sustainable fishery in eight to 10 years, they must be allowed to take action now. Furthermore, it evades transparency in the oyster policy process and instead would statutorily exempt the group from public scrutiny and accountability.

The lack of regard for others, for the process, and for oysters that pervades this legislation is apparent in the actions of the Chesapeake Bay Foundation. My administration strongly opposes secret backroom dealmaking that will endanger the State's long-term oyster restoration efforts, especially at a time when we are just making measurable progress.

For these reasons, I have vetoed Senate Bill 830 and House Bill 720.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

Dear Madam Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 809 – *Sales and Use Tax – Taxable Services – Telephone Answering Service*.

This bill defines a telephone answering service for purposes of the State sales and use tax as a service provided to a customer that consists exclusively of the taking of messages, either by an automated system or by a live operator, and transmitting the messages to the customer. This bill clarifies that a telephone answering service does not include the physical act of answering a telephone on behalf of a customer, if the act is incidental to and less than 5% of the service provider's total gross receipts in a calendar year.

Senate Bill 945, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 809.

Dear Madam Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 863 – *State Retirement and Pension System – Workers’ Compensation Offset*.

This bill requires the Board of Trustees of the State Retirement and Pension System 1) to adjust its offset of an accidental or special disability retirement benefit if the retiree was originally awarded an ordinary disability retirement benefit that was later converted to an accidental or special disability benefit; and 2) the adjusted offset must reflect any offset awarded to the retiree’s employer by the Workers’ Compensation Commission, and it is retroactive.

Senate Bill 486, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 863.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND,
That the Laws of Maryland read as follows:

Article – Labor and Employment

9–610.

(a) (1) Except for benefits subject to an offset under § 29–118 of the State Personnel and Pensions Article, if a statute, charter, ordinance, resolution, regulation, or policy, regardless of whether part of a pension system, provides a benefit to a covered employee of a governmental unit or a quasi–public corporation that is subject to this title under § 9–201(2) of this title or, in case of death, to the dependents of the covered employee, payment of the benefit by the employer satisfies, to the extent of the payment, the liability of the employer and the Subsequent Injury Fund for payment of similar benefits under this title.

(2) If a benefit paid under paragraph (1) of this subsection is less than the benefits provided under this title, the employer, the Subsequent Injury Fund, or both shall provide an additional benefit that equals the difference between the benefit paid under paragraph (1) of this subsection and the benefits provided under this title.

(3) The computation of an additional benefit payable under paragraph (2) of this section shall be done at the time of the initial award and may not include any cost of living adjustment after the initial award.

Article – State Personnel and Pensions

29–118.

(a) (1) Except as otherwise provided in this subsection, this section applies to a retiree and any designated beneficiary.

(2) (i) This section does not apply to:

(b) (1) **SUBJECT TO PARAGRAPH (2) OF THIS SUBSECTION**, the Board of

Trustees shall reduce an accidental or special disability retirement benefit by any related workers' compensation benefits paid or payable after the effective date of retirement if the workers' compensation benefits:

(ii) are for an accidental personal injury arising out of and in the course of the retiree's employment by a participating employer.

(2) (I) THIS PARAGRAPH APPLIES TO A RETIREE WHO WAS ORIGINALLY AWARDED AN ORDINARY DISABILITY RETIREMENT BENEFIT, BUT WHOSE BENEFIT WAS LATER CONVERTED TO AN ACCIDENTAL OR SPECIAL DISABILITY RETIREMENT BENEFIT BY THE BOARD OF TRUSTEES.

(II) IF THE RETIREE WAS AWARDED RELATED WORKERS' COMPENSATION BENEFITS PAID OR PAYABLE AFTER THE EFFECTIVE DATE OF RETIREMENT, THE BOARD OF TRUSTEES SHALL ADJUST ITS REDUCTION OF THE RETIREE'S ACCIDENTAL OR SPECIAL DISABILITY RETIREMENT BENEFIT UNDER PARAGRAPH (1) OF THIS SUBSECTION TO REFLECT ANY OFFSET AWARDED TO THE RETIREE'S EMPLOYER BY THE WORKERS' COMPENSATION COMMISSION FOR THE ORIGINAL ORDINARY DISABILITY RETIREMENT BENEFIT.

[(2)] (3) A retirement allowance may not be reduced:

(i) to be less than the sum of the retiree's annuity and the amount authorized to be deducted for health insurance premiums; or

(ii) for workers' compensation benefits that are reimbursements for legal fees, medical expenses, or other payments made to third parties and not to the retiree.

(c) The retirement allowance to be reduced under this section is the retirement allowance at retirement without any cost-of-living adjustment [and is retroactive].

The Honorable Adrienne A. Jones

Speaker of the House
H-101 State House
Annapolis, MD 21401

Dear Madam Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 891 – *State Personnel – Grievance Procedures*. Last year, I vetoed this exact same legislation, and I am perplexed by the General Assembly, once again choosing to pass such a flawed piece of legislation, with no changes or amendments.

Once again, House Bill 891 would ignore those collectively bargained provisions that are in the existing MOUs and instead would allow for an employee to file their grievance with the Office of Administrative Hearings and appeal to the circuit court. This would shift the cost of the grievance proceeding from the negotiated process, which shares the cost between the State and unions, to one which would be borne entirely by the State.

This is yet another ill-advised attempt by the General Assembly to insert themselves into the collective bargaining process and to interfere with the good faith efforts by our Administration to negotiate an agreed upon grievance process with the state employee unions.

Our Administration worked for a number of years to collectively bargain a MOU with state employee unions, and to allow this legislation to undercut the hard work of our negotiating team, by overruling and explicitly negotiated process, degrades the spirit of the collective bargaining process.

The State's negotiating position is completely undermined when state employee unions can rely on the General Assembly to overrule the provisions of a negotiated MOU, and if legislation such as this were allowed to stand and continue, there would be no reason for either the State or unions to return to the bargaining table. Actions such as these create a breach of trust between the two parties, confuse and stymie the collective bargaining process, and undermine the balance of the collective bargaining process.

For these reasons, I have once again vetoed House Bill 891.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

Dear Madam Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 931– *Health Care Facilities – Certificate of Need – Modifications*.

This bill modifies certificate of need requirements regarding changes in health care services offered and capital expenditures related to a healthcare facility other than a hospital.

This bill also requires a specified certificate of need filed after October 1, 2019, to be deemed approved if (1) the certificate of need is uncontested; and (2) final action by the Maryland Health Care Commission does not occur within 120 days after the application for a certificate of need was docketed. Additionally, this bill alters the definition of “ambulatory surgical facility” and repeals an associated certificate of need exemption.

Senate Bill 940, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 931.

Sincerely,

Dear Madam Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 934 – *Consumer Protection – Resale of Tickets – Disclosures and Refunds*.

This bill defines a “speculative ticket” as a ticket that is not in the actual or constructive possession of the reseller at the time of sale; and prohibits a ticket reseller from selling, or offering to sell, a speculative ticket unless the reseller discloses certain information to a prospective purchaser at the outset of the sales transaction.

This bill also requires a ticket reseller to refund any consideration or deposit paid for tickets if the reseller fails to obtain the tickets (1) within 24 hours after the approximate date of specified delivery, but before the commencement of the event; or (2) in conformity with the disclosures required by the bill. Additionally, the bill requires that a reseller must make any refund required by the bill within 10 days after the final day of the event for which the tickets were sold; and provides that a violation of this bill is an unfair, abusive, or deceptive trade practice under the Maryland Consumer Protection Act, subject to its civil and criminal penalty provisions.

Senate Bill 891, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 934.

Sincerely,

Lawrence J. Hogan, Jr.
Governor

The Honorable Thomas V. Mike Miller
President of the Senate
H–107 State House
Annapolis, MD 21401

The Honorable Adrienne A. Jones
Speaker of the House
H–101 State House
Annapolis, MD 21401

Dear Mr. President and Madam Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 839 and House Bill 994 – *Labor and Employment – Criminal Record Screening Practices (Ban the Box)*.

Hiring the right team is one of the most critical activities a business does. Employers have the right, and often the need, to know the criminal history of applicants they may hire.

Senate Bill 839/House Bill 994 prohibits businesses from requiring an applicant to disclose this important information until the first in-person interview. This would result in costly and time-consuming human resources work that ultimately goes nowhere.

Delaying an employer's ability to require an applicant to disclose their criminal history until late in the process would cause hiring delays and waste time and resources. By the point an employer discovers a potential employee has a criminal background, alternative candidates may no longer be available for hire, forcing employers to restart the entire process. This will have a particularly negative impact on employers in industries with high employee turnover or where positions must be filled quickly.

Senate Bill 839/House Bill 994 would impose additional costs on employers without commensurate returns in terms of opportunities for ex-offenders. By prohibiting an employer from requiring an applicant to disclose their criminal history until the first in-person interview, Senate Bill 839/House Bill 994 would force businesses to pay for background checks or refer to often incomplete, inaccurate, or outdated online criminal history websites. This would add tremendous costs to businesses but yield no positive impact on job opportunities for those with a criminal history.

Further, Senate Bill 839/House Bill 994 contains dangerous preemption language that explicitly allows for more restrictive laws in each county and municipality across Maryland. This would result in a patchwork of dozens of different laws across the state, creating an even larger burden as businesses operating across jurisdictional lines attempt to navigate the intricacies of each set of rules.

Opportunities for individuals involved in the criminal justice system to make amends and rebuild after committing a crime are an important part of any just and effective criminal justice system. Over the past several years, working together with the General Assembly, we have been able to shield minor offenses from public view, create a process for certificates of rehabilitation to improve employment prospects, and dramatically expand expungement opportunities. Additionally, a growing number of businesses, including Target, Walmart, and Starbucks, support these goals and have decided not to inquire about criminal history on their job applications. However, when and how an employer asks about criminal history is a decision that should be left to employers, not dictated by the legislature and micro-managed in the annotated code.

Finally, and perhaps most importantly, Senate Bill 839/House Bill 994 endangers safety. The legislation includes an exclusion for employers who work with children or vulnerable adults. This exemption acknowledges the risk posed by not asking about an applicant's criminal history. However, the legislation does not make any further differentiations between serious, potentially violent, felony offenses and less serious misdemeanors. It also does not include exemptions for occupations related to applicant's criminal conviction.

For these reasons, I have vetoed Senate Bill 839 and House Bill 994.

Sincerely,

Lawrence J. Hogan Jr.
Governor

The Honorable Adrienne A. Jones
Speaker of the House
H-101 State House
Annapolis, Maryland 21401

Dear Madam Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed House Bill 1281 *Transportation – Bikeways Network Program and Central Maryland Regional Transit Plan*.

In the final days of the legislative session, language was unfortunately added to House Bill 1281 that fundamentally and inexplicably changes the scope of the Central Maryland Regional Transit Plan, creates unnecessary and costly bureaucratic hurdles, risks federal funding, and impedes our progress to improve transit services in the Central Maryland region.

Less than a year after the original 2018 legislation took effect, House Bill 1281 significantly changes the course of the Central Maryland Regional Transit Plan by requiring entirely new analyses and details that interfere with the industry standard planning process. These new requirements risk jeopardizing future federal funding for projects that are identified in the final plan. The changes required by House Bill 1281 would also increase the cost of developing the plan by \$1 million for no discernible reason.

The Maryland Transit Administration (MTA) has expended significant resources establishing and preparing the existing Commission, which is comprised of a dozen local government, business, planning, citizen, and regional partnership representatives. These volunteers have already begun their work, meeting several times in 2019. By the effective date of HB 1281, they would be well into their work developing the Plan required by the legislation passed just last year.

My objections to this legislation do not extend to the items related to the Bikeways program. MDOT's Consolidated Transportation Program (CTP) contains \$167 million over the next six years for bicycle and pedestrian infrastructure projects. The Bikeways program is one of several programs, each provides assistance to local governments at various stages of project development.

I have made it a top priority for my Administration to deliver a high-quality statewide multimodal transportation network that serves all Marylanders. To that end, I have pledged to repair or replace all structurally deficient bridges, I have approved the largest P3 transit project in the nation, I continue to look for innovative transit and highway solutions for the traveling public, and have moved forward on long-delayed transportation projects in all parts of the State. MDOT under my Administration has more projects under construction than at any other time in Maryland's history.

We cannot afford to subject stewardship of transportation funds and complex, forward-thinking regional planning to the inconsistent and volatile whims of a process that risks federal funding, fails to solicit input from transportation professionals, and disregards the existing work of dedicated volunteer commissions.

For these reasons, I have vetoed House Bill 1281.

Sincerely,

Lawrence J. Hogan Jr.
Governor

The Honorable Thomas V. Mike Miller
President of the Senate

The Honorable Adrienne A. Jones
Speaker of the House
H-101 State House

Annapolis, MD 21401

Dear Mr. President and Madam Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, I have vetoed Senate Bill 1000 and House Bill 1343 – *Public Safety – Handgun Permit Review Board – Repeal*.

Protecting Marylanders is my highest responsibility as governor. People have a right to be safe at home, work, school, and as they go about their lives. Ensuring firearms do not fall into the hands of criminals or mentally ill persons is a crucial part of this duty. Unfortunately, Senate Bill 1000/House Bill 1343 fails to do anything to improve public safety. Instead of protecting Marylanders, it threatens the ability of law-abiding citizens to appeal decisions regarding handgun permits.

This measure does nothing to prevent guns from getting into the hands of dangerous people. The majority of cases overturned or modified by the Handgun Permit Review Board were merely appeals of restrictions on permits. These were cases in which the Maryland State Police had already determined the applicants – all law-abiding citizens – did not have any concerning criminal nor mental health factors in their background. The Board itself, it is worth noting, was created by the General Assembly in 1972, and it has worked well ever since that date. This legislation appears to be just a solution in search of a problem. The General Assembly's efforts would be better focused on initiatives to target violent, repeat offenders who use guns to commit crimes. The senseless violence in Baltimore City is heartbreaking. We need solutions, such as the Repeat Firearms Act of 2019, that would ensure those who repeatedly victimize our communities are held accountable. When given an opportunity this year to adopt tougher sentences for repeat violent gun offenders, the legislature refused to act. However, abolishing the Handgun Permit Review Board is not a solution to violent crime problems. It is just another in a long series of politically-motivated and ill-conceived power grabs.

Not only would this legislation fail to improve public safety, it would impose costly barriers for law-abiding individuals who wish to exercise their due process appeal rights. Rather than allowing applicants to appeal to the long-standing citizen-led Handgun Permit Review Board that was created by the General Assembly in 1972, the legislation would have required applicants to appeal to the Office of Administrative Hearings. This move would reasonably require applicants to retain an attorney to effectively pursue this review, significantly exacerbating the cost and ability of citizens to pursue their legal rights.

Current law already provides an appropriate check on the Handgun Permit Review Board. Should either party want to appeal a decision of the Board, the law allows for the decision to be appealed to the Office of Administrative Hearings, and ultimately to Circuit Court.

Senate Bill 1000/House Bill 1343 does nothing to prevent firearms from getting into the hands of violent criminals or seriously mentally ill persons, nor would it protect Marylanders from gun violence or lower the unacceptable level of violent crime. As we have done in the past, efforts should be focused on real, substantive solutions to prevent gun violence.

For these reasons, I have vetoed Senate Bill 1000 and House Bill 1343.

Sincerely,

Lawrence J. Hogan Jr.
Governor
