- 1 (b) Achieving the principles of The Blueprint for Maryland's Future will require 2 a sustained and coordinated statewide effort and a strong accountability system that will 3 hold all entities accountable for implementing the policies effectively so that the public and 4 especially parents will have confidence that the investment in the policies outlined in § 5 1–303 of this subtitle will achieve the desired outcomes.

- 21 (ii) Teacher preparation programs in the State's postsecondary 22 institutions that are rigorous and prepare teacher candidates to have the knowledge, skills, 23 and competencies needed to improve student performance and to teach all students 24 successfully regardless of the student's economic background, race, ethnicity, and learning 25 ability or disability; and
- 26 (iii) State exit standards from teacher preparation programs and 27 State standards for teacher licensure that require prospective teachers to demonstrate that 28 they have the knowledge, skills, and competencies to successfully teach students from all 29 backgrounds;
- 30 (3) An instructional system that is benchmarked to world-class standards 31 and fully aligned from prekindergarten through 12th grade to a college and career 32 readiness standard, including:
- 33 (i) A college and career readiness standard set to world-class 34 standards that certifies that by the end of 10th grade, and not later than the end of 12th 35 grade, a student has the requisite literacy in English and mathematics to be successful in
