

170 have signed. Let's get to 200!

Scott Wachter started this petition to [House Bill 1006 Real Estate - Exemption for Auctioneers - Repeal](#)

Petition to rescind House Bill 1006/ Real Estate Brokers - Exemption for Auctioneers. This Bill, if it goes into effect, will eliminate the right of any person to sell his/her Real Estate in the way he/ she chooses by forming a monopoly on all Real Estate sold in Maryland.

Residents of Maryland should have the option of choice in the way they sell their real estate/property. If Auctioneers are excluded from auctioning off Real Estate, we the people of Maryland will gravely be limited to the monopoly of Real Estate Brokers when selling our homes and businesses. Not only will you be affected as a seller by this Bill 1006, it will affect you also as a buyer. You will no longer have the choice to buy Real Estate/Property at auction. You will only be able to purchase through Real Estate Brokers.

Many Auctioneers will have their livelihoods taken away if Bill 1006 goes through. For centuries our country and state have been auctioning Real Estate. This Bill 1006 goes against the freedom of choice that our country and our state was built on. Buying and selling Real Estate at auction is the Right of Choice! If Bill 1006 goes in effect, this choice is taken away from you. So if you are opposed to this happening in Maryland and want Bill 1006 rescinded, please sign this petition. Thank you.
