Good afternoon,

I support HB520 and a flat annual rate for the Key Bridge!

My family and I live in the Sparrows Point area in southeast Baltimore County. We are landlocked by tolls and they are unavoidable. I work in Washington DC and my wife's family lives in Montgomery County. I travel the bridge daily and have the benefit of a commuter plan which amounts to no less than \$567.70 a year that I have to pay. My wife however, crosses the bridge 2-3x's a week but not enough to get a commuter plan. Needless to say my family, like many hard working families, in my area are heavily impacted by the three toll facilities in the Baltimore region. We need help.

I am pleading with this committee to consider providing toll relief at the Key Bridge to give an affordable alternative for hard working families who travel these routes daily.

Thank you,

Jason Carey
