

If I am placed on
spindown I will loose the help
given by my home; care provider
who comes 4 hrs daily Mon-Fri.
Helps me with the following, house
work, laundry, prep. for meals, cook-
ing meals, marketing, showering.

I'm in jeopardy loosing all this
help due to spenddown. Knowing of this
possibility I'm in a very nervous and
fearful state of mind. This leaves
me feeling hopeless, alone, anxious.

Without the home care provider helping in
my home, I'm unable to care for myself.

Thank you
