

HB4 - OPPOSED - Daniel Brulinski [danbrulinski2@aol.com](mailto:danbrulinski2@aol.com)

Please convey my total objection to the subject legislation. This legislation will not reduce (to any extent) gun violence in Maryland. It will only result in law abiding citizens not complying with this legislation and making them criminals. This is more of the same legislation that does nothing to reduce crime and places more burdens on law abiding citizens. It is feel good legislation for the liberal legislators and their supporters.

Thank you,

Daniel Brulinski
