Do any of these bills take the words a GOOD AND SUBSTANTIAL REASON out of the ccw for Maryland? probably not so instead of going after the real problem CRIMINALS you are making it harder and more expensive for law-abiding citizen to own a fire arm for protection against the people that don't follow the law anyway so these bills HB636(sb646) hb910(sb958)hb1257(sb816)hb958(sb910)HB591 HB1104 hb1261 sb646(hb636)sb816(hb1257)hb1078 hb1501 are not a good idea in my opinion . These bills do not allow myself and any law-abiding citizen to have in my home and be able to carry for self-protection and to be able to protect my family
