

HB1204
The Inclusive Schools Act
02/26/2020
Ways & Means Committee
Support

To the Honorable Anne R. Kaiser and esteemed members of the committee:

Dear M. Procopio;

Please accept this letter as an expression of my support for HB1204 / SB0993, the Inclusive Schools Act. As a transgender woman and a college administrator, I understand how important it is that our educational institutions be places where we all feel safe and free of discrimination. We as a society will never be free of the fear, hurt and discrimination that is borne out of ignorance if the very place charged with educating our children is not empowered to address that ignorance head on. I encourage our elected officials to help eliminate discrimination against all of our children and enact the Inclusive Schools Act.

Thank You,

Tina GraceJones
