Subject: HB1633/SB1055 - Baltimore County Board of Education - Election of Officers

Request for Favorable Vote with amendments for
HB1633/SB1055 - Baltimore County Board of Education - Election of Officers

Greetings,

My name is Dayana Bergman, also known as Mom to the most important people in my life. Today I'm asking for everybody to provide a fair opportunity for every single voice to be heard by the vote the respective individual takes in selecting leadership of the board of education. In addition I'm also requesting the adoption of few friendly amendments.

Requesting the following Favorable Amendments

- To strike out the requirement of 7 votes mandate and to **ADD for the majority votes to be heard upon voting! Especially, the majority votes require to conduct ALL related Board of Education Business!**
- To **ADD and/or reinstate voting rights for the Student Board of Education Member in Baltimore County!** Anne Arundel County Public School Board of Education is the only current Board of Education who truly respects and honors the VOICES of ALL Students in the whole United State of America. That is an amazing opportunity for Student Board Member Rida Alvi to be the only one! **We just passed implementation of our Blueprint to have a World Class Education yet we have 23 School Jurisdictions in Maryland that do not allow for Student Board Members to have full voting rights on all Matters!**

It is a fact that the current Baltimore County De Facto Leadership was part of the Board of Education Members that striped, restricted and limited the voting rights of our Student Board Members! Let me be very clear Baltimore County has the first Student Board Member to become County Executive Johnny O (he has an amazing Mom as well). Our Student Board Members are very intelligent, well rounded, dedicated and understand the importance of their responsibilities to provide a VOICE, a VOTE and an Inspiration to represent the Student Body of our schools! Future incredible leaders like the ones right in front of me today!

Make this legislation fair for ALL Board Members, including the most important voices, our Student Board Member Omer Reshid should have full voting rights on ALL MATTERS! At the very least reinstate his voting rights that he should of had to begin with! The lawmakers have the responsibility to make sure the Board of Education Members are conducting themselves in a fair responsible manner! Please don't tolerate any further dysfunction with our board of education, our school system is currently struggling as we speak!

Best Regards,

Dayana Bergman aka Mom
